Evant Dropped Western District 18 6-Man Game 14-13, Pottsville

Armistice Day evening, Evant
played Pottsville, for the champ-
ionship of the Western half of
District 18, 6-man to Pottsville
14-13, in a hard fought game.

Governor Beauford Jester spent
five hours Tuesday in a surprise
visit to Gatesville State School
for Boys, and made a close in-
spection of the institution.

At the end of the inspection,
according to E. L. Wall, Staff
correspondent of The Houston
Chronicle, Governor Jester said
that Superintendent R. E. Blair
and his assistants are doing a good
job with the facilities at their dis-
posal, but found them inadequate,
and Supt. Blair told him the great-
est need is a unit in which hard-
ened offenders may be segregated
from others who have not develop-

ed pronounced criminal tendencies
Other needs Mr. Blair said were
a gym, new industrial equipment,
a chapel, appropriation for ready-
made clothes instead of inmate-
made clothes and higher salaries
for the 108 employees.

While here, Governor Jester
stopped at the court house, and
went to Doughty's Studio where
he ordered more pictures like the
ones he had made there on another
visit. He said: "They're the
best ones I ever had made, some
folks say."

CLIMAX TO '48 HORNET SEASON TONITE: G'VILLE MCG'OR

NEWS-MIRROR TO BE PRESENTED FOR FIRST TIME BY PEP SQUADS

Nothing counts in MHS-GHS
football relations, but their meet-
ing annually, a series of games
that has thrilled the hearts of the
student bodies and the growing
thousands of exes since way back
yonder in 1909.

It is a game without dope. No
pollster could be as bad off (or
were they) as any sport writer who
attempted to "call the shots" in
this game.

Both teams, physically, and most
certainly, mentally, are in A-1
shape—they're trained the full
season, every season, for this fra-
cas, so, there's no point in mulling
over the probabilities or possibili-
ties, and it's suffice to say, tonight
at 7:30, there will be a football
game between McGregor High
School Bulldogs and Gatesville
High School Hornets.

Everybody knows WHAT that
MEANS!

We're going down the scores for
the years (those we have, and some
haven't that are not certain) but,

Mrs. E. F. Campbell Speaker For Morris Federation

Principles of Flower Arranging was the program subject for the Morris Federation when the members were entertained in the home of Mrs. J. H. Hamilton last Saturday afternoon. Co-hostesses were Mesdames C. E. Alvis and W. C. Guggolz.

Mrs. E. F. Campbell, guest artist from Morgan, says that the arranging of flowers is the art of painting a picture with available materials and gave illustrations in which she used combinations of native grasses or leaves with flowers from her own garden.

Much interest was aroused when the use of mechanics was explained, types of containers were displayed, and names of flower preservatives suggested.

Explaining the psychology of color and its use in everyday life as well as in floral arrangements, she showed a color wheel and pointed out proper color combinations.

Mrs. Campbell is an ardent gardener and has won many honors with her horticultural specimens and artistic entries in flower shows. She has also achieved outstanding popularity as a lecturer and as a nationally accredited judge in flower shows.

During the social hour which followed the program, Mrs. Byron Leaird, Jr., presided at the coffee service.
