

T-5 William C. McCorkle To Be Brought Back For Burial Here Soon

T/5 William C. McCorkle, son of Earl W. McCorkle of Rt. 3, Box 166-C, Gatesville, is one of 2012 Americans who lost their lives during World War II who has been returned to the United States from the Pacific area aboard the U. S. Army Transport, Sergeant Jack J. Pendleton.

These men were originally interred in temporary military cemeteries on Okinawa, Iwo Jima, Tinian, Guam and Siapan. Of this number, 195 are being returned to next of kin in Texas.

The News has no other information about T/5 McCorkle, and no picture. Funeral arrangements have not been announced.

Kenneth Voss Gets 'T' At A&M At Banquet Friday Night, Last

Now you wouldn't know him by "Kenneth" not that that isn't a nice name. It's just "Jim" to us. Anyway, Kenneth Voss got his football letter this year at A&M College.

Jim's letter came the 'hard way' Leaving GHS without too much of a publicity break, he went to A&M and made the fish squad. Then, a year of 'also rans' with the varsity, on which he managed to remain on the traveling squad, but didn't get to play much. Then this year, after 147 had tried out for the first string, he was fainted with 26 others on the 'traveling' squad and ended up with a letter. He had taken out some time from A&M in the service and, all in all, had to root out his place on the A&M squad.

The News thinks Jims letter was well deserved, and that he is one of a number carrying the colors of GHS to the various colleges, and making Gatesville a place to look for football material.

Ray Painter of Baylor, has been doing likewise, and one of his "flings" paved the way for a TD in the Dixie Bowl, as we might have told you.

News Photographs Compete In San Antonio AP Meet With Other AP Pictures

Not spending the prize money yet, but the Coryell County News, at least, in the pictures field, will be represented the 19th, 20th, and 21st, at the Associated Press Managing Editors' Meeting in San Antonio during that time.

Harold Doughty, formerly of Gatesville, and now, Aransas Pass, was the photographer, and the pictures entered were the night sport shot of Burr Roberts missing that pass, believe in the Killen game, and for the "feature" section of the show, we entered Doughty's beautiful shot of the Coryell County Courthouse.

Competition is due to be extremely keen, since all Associated Press newspapers in the state enter this contest with their best shots every year, and they have lots of them.

Particularly unusual about the Burr Roberts picture is that it was a night "sports shot" and most of the daily pictures are daytime.

McKamie Tells Joint Meeting School Trustees Why District Annexation Is Essential!

At a meeting of the Gatesville Independent School District Board of Trustees, and School Trustees of approximately 14 rural schools at Gatesville Junior High School Wednesday evening, Supt. L. G. McKamie "laid the cards on the table" as to annexation, facilities for the rural and local schools, and the necessity for speedy action.

Approximately 14 schools out of this list contract and rural schools were represented, and these districts are Spring Hill, Leon, Bigham, Schley, Davidson, Newland, Woodward, Belcher, Hay Valley, Coryell Valley, Turnover, and North Camp Hood, contract schools.

The "transfer schools" were Stringtown, Slater, Arnett, Mountain, Harmon, White Hall, New Olive, Mound, Purmela, Coryell City, Levita, Ireland, Plainview, Osage and Lincolnville.

Mr. McKamie gave the possible figures on the cost of a new school, which has been made imperative by the abandonment of Gatesville Elementary School, and suggested a \$300,000 plant of 24 rooms would take care of not only Gatesville, but all the outlying schools.

Gatesville School transport in, from districts with tax rates ranging from 50c, 75c, to \$1.00, 624 students who receive their education at these tax rates on a \$2,000,000 valuation, whereas the Gatesville students, with the tax set now at 95c on a valuation of \$4,299,000, number only 595.

He showed, that "unless a consolidation program is carried out the burden will be too heavy on the taxpayers of Gatesville to build the type building necessary

to meet the needs of all districts".

The problem is acute, he showed plainly, and an immediate solution is necessary. Construction of a new building should be started within 30 to 60 days so it will be ready by the 1950-51 school term.

The Gatesville School Board, is at a loss to know just how much building to construct until it knows the wishes of the rural districts.

Procedure for immediate action was explained: The Rural School Trustees sign a petition to the Gatesville School Board requesting consolidation, this, then is accepted by the local school board, passed on to the county board of trustees for approval, and then, to speed matters, these are taken to the 51st Legislature (now in session) for a validating act, then, to the Attorney General's office, for Bond approval, and we're on our way.

Mr. McKamie emphasized that there was "nothing personal" in this to him, and that he wouldn't receive anything out of it.

It's the education we provide for the kids, town and country that counts, and not the cost, that should be considered. In fact, it's not a cost, it's an investment.

It's a matter that MUST be acted on quickly, since only Monday of this week, the third engineer has declared the building unsafe for further use, and, it was consequently, abandoned, and permanently.

Some experts say that four-fifths of all our knowledge comes to us through our eyes.

Truman Accepted Leadership of Nation Pledging "Peace, Plenty and Freedom"

WASHINGTON, D. C., Jan. 20. (AP)—President Harry S. Truman accepted leadership of the nation and a 4-year term today, pledging this nation would strive for world "peace, plenty, and freedom".

The President branded Communism as the chief threat, and breeder of war.

Chief Justice Vinson administered the oath on the steps of the capitol before thousands of Americans.

Radio and television carried the inauguration to millions.

Truman promised to provide "military advise, and equipment for free nations which cooperate with the United States in the maintenance of peace", and a "bold new program" to aid the world's needy areas; unfaltering support to the United Nations; and continued programs for world economic recovery".

Legislature Adjourns: "Fair Trade" Bobs Up

AUSTIN, Jan. 20. (AP)—The Legislature adjourned today until Monday after a brief session of both houses.

The first semblance of a fair trades bill was introduced by Waco's Senator Kyle Vick, to prevent the sale of cigarets below cost in normal business transactions.

WHERE THEY GO TO SCHOOL NOW

Here's where the kids that were out of the "abandoned" building will go to school, starting Monday: 1st and 2nd Grades—Baptist Church.

4th Grade—One section in the Home Economics Building, and one in the Boy Scouts House.

5th and 6th Grades—Vocational Ag. and P. E. Building. Voc. Ag Classes move to Shop Building.

Buildings are being repaired and partitioned off for class rooms. They are being made comfortable, and the not in anyway ideal for a good school program, the new arrangement will work pretty well until we can complete a new building.

This summer, more temporary buildings will be constructed.

WHY NOT ORDER FROM GATESVILLE MERCHANTS DURING BAD WEATHER

—When the cold winds blow, and it's inconvenient to come to Gatesville, or, just plain too cold. Then, just drop a penny postal card to nearly any Gatesville Merchant for your wants. We haven't asked them, but we are sure they'll service your needs—we know we will! —Anything we sell, we'll mail you on ORDER. If you don't know the cost, just mail your check, we'll send you the merchandise, POST-PAID, at the same price as if you bought it here IN PERSON —That goes for Office Supplies, Subscriptions to our paper, (The News), any daily, job work, or whatever you want. —We wouldn't get out in this kind of weather, either, if we didn't have to!

GHS Hornets & Hornettes Both in Action Here Tonight: District Game

GHS Hornets (boys) meet McGregor High School Bulldogs Friday evening in the gym at 7:30 for their third conference game in District 19-A, and with a club, figured to give them a little static.

Going into the game with a clean slate and all wins, the Hornets might have trouble with the Bulldogs, but on comparative score it should be a breeze. But, in basketball, as well as football, "breezes" are sometimes young tornados. In other words, facts and figures mean nothing.

Hornettes Take Turnersville
That might be so, but anyway, there'll be another game at 8:30 featuring GHS Hornettes, and you might say, Turnersville's Buffalettes, or whatever the female edition of the buffalo is.

barely defeated them after they came from behind a two point lead in the last quarter and nosed them out by one point. The score by periods was 6-6; 14-16; 17-18; and when the final whistle blew the count was 21-20. Lengefeld was high point girl with 9 counters to her credit. While A. Ross had lopped in 14 tallies for the opposition team.

Starters: for Oglesby: A. Ross, Green, Brewer, forwards; Schub, King, Walker, guards.

For Gatesville: Lengefeld; M. Necessary; D. McCarver, forwards. Nottingham, Martin and B. Necessary, guards.

Who's Who Selected By Seniors For Year

(By Hammil)

The Seniors elected their annual Who's Who at GHS last week. They were chosen for their classwork, citizenship, integrity and ability to cooperate with others.

Robert Painter and Rae Juan Lee were chosen best all-round boy and girl. Robert Painter has walked away with many honors this year. He was selected senior favorite, most valuable football player of '48, and has entered into most of the activities of the School.

Rae Juan Lee has walked away with most of the titles this year also. She was student council member, Junior favorite last year, senior favorite this year, president of the pep squad and was in every club.

Those making the Who's Who are as follows: Dorothy Ayers, Janie Hodel, Eva Lou King, Neta Jean Rogers, Betty Russell, Jo Ann Sellers, Barbara Smith, Charles Ziegler, and of course Rae Juan Lee and Robert Painter.

The nine runners-up are: Carolyn Blankenship, Jimmy Byrom, Billy Bradley, B. M. Colvin, Jean Franks, Allie Ruth Jones, Dorothy McCarver, Madge Music, Charles Walker.

Mrs. I. D. Tharp of Turnersville spent Saturday night with her son and family, Mr. and Mrs. Bob Tharp.

Here's how YOU can win the Gold Bars of an Army Officer

TWO NEW WAYS TO JOIN THE RANKS OF AMERICA'S YOUNG LEADERS

DIRECT COMMISSION
A commission as second lieutenant in the Officers' Reserve Corps with a 2-year initial tour of active duty is ready for you if you meet these requirements: one year of honorable service in any of the Armed Forces between 7 December 1941 and 30 June 1947; have completed two years at an accredited college or university; U. S. citizenship; AGCT score of 110 or better; not more than 32 years old; physically fit. Once commissioned, you'll be assigned to a 3-month officers' training school, and, on successful completion, you'll be free to compete for a Regular Army Commission if you meet the competitive tour age requirements. Go to your nearest U. S. Army and U. S. Air Force Recruiting Station for complete details at once.

OCS FOR HIGH SCHOOL GRADUATES
If you've graduated from high school or can pass an equivalent examination, are between 19 and 23 years old, are a U. S. citizen, and have necessary physical qualifications, apply now for enlistment for Army OCS. After your application is approved, you'll be enlisted as a Sergeant and given basic training if you have not had it already, then sent direct to Officer Candidate School, subject to quotas, of course. Upon graduation, you'll be commissioned a Second Lieutenant in the Reserve, and placed on two years of active duty. Top OCS graduates are commissioned in the Regular Army—all others may compete for a Regular Army Commission. Get all the facts about applying for OCS entrance at your nearest U. S. Army and U. S. Air Force Recruiting Station without delay!

**Dear Friends:
Why Congress Meets Early!**

Some commentators have suggested that Congress meets two weeks before the President is inaugurated simply in order that there would be time for the election of a President by the House should no candidates have a majority of the electoral votes. It is true that this eventuality does make it necessary for Congress to meet prior to the Presidential Inauguration. The electoral votes are actually counted by a committee in the presence of both House and Senate assembled in a joint session. This year President Truman was in the Capitol to attend a birthday luncheon for Speaker Rayburn while the votes were being counted, and he came into the House and listened to the count. The President was more fortunate than the Speaker as Mr. Rayburn had to sit through the entire count lasted a couple of hours and missed his own birthday celebration.

There is a further reason for the early meeting of Congress. It always takes several weeks to get all the committees organized, the offices assigned, moves made, etc. The committee assignments will actually not be made till next week, but my own committee is already at work on the question of cotton and peanuts. We all recognize that, barring a complete crop failure this year (1949) it will

be necessary to impose cotton acreage control next year (1950).

Cotton Production Control

While there will be no control this year, there is a real danger that there will be such heavy plantings that we may produce 18 or even 20 million bales. Were this to happen, the price would break not only this year but would undoubtedly remain low for years to come. The Commodity Credit Corporation would take such loss that we would be in danger of losing the entire agricultural price support program. One of the factors that will contribute to overplanting this year is the thought on the part of many farmers that by planting lots of cotton now they may be able to assure themselves of a large allotment in the future. To prevent this, the Committee is considering a bill to eliminate 1949 plantings from consideration as a basis for establishing any future allotments, but to be fair, it seems that such a bill should make some provision for the man who has not planted cotton for the past two years (or who puts in new land). I hope a fair formula can be found and that there will be no delay in getting action.

Inauguration Plans Huge!

Washington is making great plans for the inauguration. I can not but feel that it is being overdone. It is true that most of the expense is being paid by private funds (most of it coming from those who buy tickets to the multitude of functions), but it is fast reaching a point where the ordinary citizen cannot afford the expense.

For the Members of Congress, the inauguration involves an effort to secure non-existent hotel accommodations and an attempt to get ten people admitted to every function where one is invited. The Texas Delegation is the only organization I know of that proposes to invite the visitors from Texas to anything without charging them for it. We are asking all visitors from Texas, regardless of why or how they came to Washington, to be our guests next Wednesday morning, and we hope that every Texan in Washington will come.

Surplus of Fats and Oils!

One of the most flagrant abuses of administrative discretion I have seen recently is occurring in regard to the export of fats and oils. When the war closed, there was a shortage in the United States and throughout the world. The United States properly took steps to prevent the unauthorized exportation of these needed fats. So long as there was a shortage I did not question the need of export controls. Now there is no shortage in the United States. On the contrary, we have a huge surplus. The price of cottonseed oil has dropped about 40% in the last 5 months. The price of other oils, like peanut and soybean oils, and of fats like lard, have suffered similar breaks. Oils are backing up till many American cottonseed and soybean crushers cannot buy more seed from the farmers because they have all their storage full and no place to sell even at today's low prices. Abroad there is still a shortage. Last week an American firm sold 200,000 pounds of Brazilian peanut oil in Europe for 20c a pound, and American oil mills report they have orders for a substantial amount of oil at 20c to 22c, but the Department of Commerce will not let them ship it. The result is a further decline in the value of some of the most important products of American farms. This is sure to be followed by a general down-turn in busi-

Hornets Defeated Midway 39-27 In Wednesday Play

The Golden boys defeated the Midway five in a non-conference game Wednesday afternoon. The game was chiefly played to get the local quint some practice for the coming game with McGregor on Friday night.

The main squad played only a part of the first and last quarters, leaving the "B" team with the best of the game. The B's did a fairly good job while they played.

The game started out pretty evenly matched, but it wasn't long before the locals had it sewed up. They were ahead the whole game with it ending 39-27.

Denard led the scoring for the visitors with nine tallies to his credit, while Bradley sacked 10 counters for the local five.

Anderson and Davidson shared defensive honors.

Starting for both teams were: Midway—Denard, Demerson, King Wollard and Ewing. Gatesville—Anderson, Bradley, Davidson, Roberts and Knapp.

Two Jonesboro Boys To Be Commemorated At JTAC Stadium

Ralph B. Hartgraves and Norman E. McDonald of Jonesboro, former students of John Tarleton College who lost their lives in World War II, are among the 184 ex-student war dead who will be commemorated by the erection of a Memorial Stadium. Ralph attended Tarleton in 1937-39 and Norman attended in 1938-41.

Sponsored by the Tarleton Ex-Students Association, a three-year fund raising plan, now in its second year, has raised approximately \$55,000 toward its \$100,000 goal. The college recently acquired a 33 acre tract west of the present campus for the location of the stadium. A football field has been leveled and sodded in the new area and games will be played there next fall. Plans for the stadium include a seating capacity of 8,000 with dressing rooms, showers, and other facilities located beneath the stands. The stadium is designed to accommodate agricultural fairs, livestock shows and for general community use as well as to provide a place for the athletic contests.
