Evant Stores, Post Office Burglarzed Of \$5,000

POST OFFICE AND FIVE BUSINESS HOUSES ARE BURGLARIZED IN EVANT

Approximately \$5,000 was the total take Saturday night or Sunday morning when burglars broke into the post office and five business houses in Evant. The loot was in cash and goods.

Knobs were knocked on three safes, and they were smashed, and a fourth was unlocked, and just!

Joining Sheriff Joe White in the investigation s, were Noel D. Patterson, Post Office Inspector, Trenton Horton, Texas Ranger from Killeen, Joe Tilsdale, Austin Photographer, and Harry Leach, finger print expert from the Texas State Department of Public Safety

Discovery was made about 6 a. m. Sunday. The burglars entered the post office through an unba:red window at the side, and batttred the safe door off and took an estimated \$140 in cash, leaving coins, stamps and mail untouched. Several money orders were miss-

REDDY KILOWATT CHECK YOUR REFRIGERATOR

> The coming of hot weather, means your electric refrigerator will soon be working longer and harder to protect your perishables and supply you with ice cubes. Follow these suggestions to keep your refrigerator operating at maximum efficiency during the hot months ahead:

- 1. Check door gasket to see that it makes a tight seal.
- 2. Defrost whenever frost reaches thickness of onequarter of an inch.
- 3. Place refrigerator so air can circulate freely around 4. Keep condenser and motor unit clear of lint and
- other obstructions. 5. If a non-sealed unit, oil according to manufacturer's
- directions. 6. If unit is noisy or runs excessively, have it checked by a competent serviceman.

And here's another tip! If your present refrigerator is too small or needs replacing for other reasons, see the new, roomier, more efficient 1949 models on display at your dealer's or our office. Ask about the new, easier terms now in effect.

Du Pont House Paint

all paints collect dust and dirt dur-ing the first few months.

Houses painted with Du Pont No. 40 Outside White are dazzling white at the start, but more important, they stay white. Du Pont "40," owing to its unique combination of pigments and oils, actually cleans itself . . . sheds dirt and dust with every heavy rain. Normally, this "Self-cleaning" starts in a few months on most surfaces. However, excessive soot or heavy shade, or stains from metal surfaces such as copper screening, may interfere with or delay the process.

"Self-cleaning" Du Pont House Paint is also available in light tints. It assures you long-lasting protection against rust, rot and decay. Economy is yours, too. Smooth, easy application, excellent spread, high hiding . . . all add up in your favor when you specify Du Pont:

If the surface is bare wood or badly weathered paint, make certain a prime coat of new Du Pont House Paint Primer is applied. It assures maximum adhesion and performance of the finish coat.

Barnes' Local Yard **Has Eight Managers Trained Here**

One other item, probably overlooked in the services and opportunities to be performed by a firm such as W. F. & J. F. Barnes! Lumber Company, is the training of personnel.

Mr. Bates, Local Manager of the yard says we have an average of three employees even during the slack times, and in big times, we have an overall of 8 to 10 men working in the yard. The same is true of their yard at Copperas Cove.

During his service here with Barnes' Mr. Bates has supervised the training of eight W. F. & J. F. Barnes Lumber Company yards. These folks, all well known in Coryell County and Gatesville, received their training right here in Gatesville and have been promoted to positions of responsibility in other towns in the W. F. & J. F. Barnes Lumber Company system.
