

Santone Employee Indicted In Tax Compilation Frauds

A San Antonio Notary Public and an employee of the City of San Antonio Sanitation Department, Andrew J. Burluson, was indicted October 6, 1959 by a Federal Grand Jury at San Antonio, Texas on 10 counts of willfully aiding, assisting and counseling in the preparation of false and fraudulent income tax returns of others.

R. L. Phinney, Internal Revenue District Director at Austin, pointed out that in the event of conviction on all counts, the maximum penalty would be 30 years imprisonment and \$50,000 in fines.

Burluson, who is 47 years of age, has resided in San Antonio all of his life.

NUMBER 88

Speaker Named For JC Fall Board Meet

Texas Jayces will hear Tom Marshall, past National Vice President of Jackson, Mississippi, Saturday evening, Nov. 14 when he speaks at the Fall Board meeting to be held in Waco. Raleigh Hotel will be the headquarters for the convention with all events taking place in Karem Temple, with exception to the Saturday evening functions.

An evening banquet will highlight the meeting which will begin at 9 a. m. Saturday. Following opening remarks and usual business items, the directors will go into planning group sessions to discuss programs and projects for the coming six months.

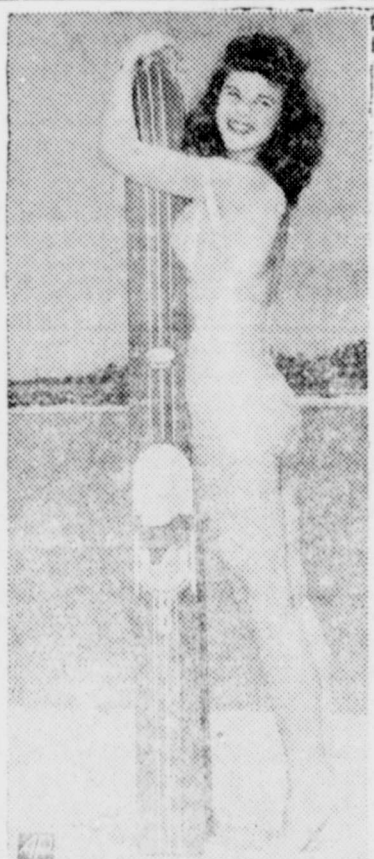

The Jayettes are planning a shopping tour for the ladies in cooperation with DWU.

TOM MARSHALL, who will address the Texas Jaycees when they convene here Nov. 14. He is 31 and has been an active JC for approximately nine years. He has served on the local level in every capacity. On the State level he has served as chairman of 7 committees, Treasurer, Vice P., International Relations Director, Natl. Director, and State President. Tom received the Jackson Distinguished Service Award for 1957, and received a Clayton

GOOSE SEASON OPENS SUNRISE ON OCTOBER 26

69
The Texas waterfowl season opened at sunrise Monday, October 26, on geese only, according to the director of law enforcement of the Game and Fish Commission.

The daily bag limit is five; provided such limit shall not contain more than two Canada geese or its species; or one Canada goose and one white-fronted goose. Possession limit is one day's kill.

The duck season will officially open November 13, when shooting will begin at 12 o'clock noon. After the first day, shooting will be permitted from sunrise to sunset.

were accidentally lost in Texas home accidents and more than 72,000 persons injured.

"The best way out of a problem is through it."

Read the Label, Mable.

Are you kept on the run by a ringing?

If you had the speed of a jet and the stamina of a mountain lion, then running up and down stairs to answer a ringing telephone would never bother you.

Since most people don't have these qualities, they have found the easiest way to stop running is to install convenient, low cost extensions in their most lived-in rooms.

Weekly Stock Market Round-Up

Prepared by The Investment Research Department of Hemphill, Noyes & Co., 15 Broad Street, New York 5, N. Y. Members of the New York Stock Exchange

October 28, 1959

AIR CONDITIONING STOCKS

As we enter the colder months it might seem an unusual time to discuss air conditioning stocks. There are several reasons, however, why this group looks attractive at the present time, especially for long term investors.

In the first place, some of the air conditioning stocks are fairly depressed. Frequently air conditioning stocks rise in the summer or early fall. Purchase of stocks in this group at this particular time would give the investor the opportunity of having a long term holding at the beginning of the 1960 seasonal rise. Earnings of some companies may be above expectations because of the very hot summer and unusually warm fall to date. During 1959 there has been a great deal of construction of office buildings, especially in New York City and nearly all of these have central air conditioning systems. Finally, a great transition has taken place in recent years whereby air conditioning is rapidly becoming a necessity rather than a luxury.

The structure of the air conditioning industry is one that should be studied rather carefully. In 1956 equities of air conditioning companies appreciated in market value as manufacturers' sales of room air conditioners rose sharply from 1,275,000 units to 1,823,000. As a result many more companies entered this phase of the business and an oversupply of units occurred with cut-throat competition setting in which hurt the earnings of all companies. Investors and maybe even some companies had lost sight of the fact that the real growth in air conditioning lay in other areas. Today, air conditioning is getting increasingly wider use in offices as it raises employee efficiency and does away with the "early days off" that many companies gave their personnel on unusually hot days. Many of the new office buildings being constructed have central air conditioning systems to service the whole building. Plants, especially newly-constructed ones, are resorting to air conditioning to some degree and certain chemical and other processes require strict temperature and humidity control making an air conditioned environment a must. In these areas lie perhaps the greatest growth

for the industry today. Other fields include air conditioning systems in new residential homes, theatres, stores, restaurants and other public places, ships, pleasure boats and automobiles. The industry has estimated a \$5-billion business by 1960, half of which it expects will go to the residential field. It is debatable, however, that the commercial field might not take up a greater portion of the industry's sales.

Many air conditioning companies have been absorbed by merger or have fallen by the wayside. Some companies with greater interests in other fields have found it profitable to have a stake in some form of air conditioning. These include: American Radiator; Borg-Warner; Chrysler; General Electric; General Motors; Philco; Westinghouse Electric; and Worthington Corp. Specialists in the air conditioning field today include: Carrier Corp. and Trane Co. as major factors; Fedders Corp. in the room air conditioning field; and Copeland Refrigeration and Tecumseh Products in the components parts field.

The air conditioning field has excellent long term possibilities. Although three of the stocks Copeland Refrigerator, Tecumseh Products and Trane are selling near their all-time highs, nevertheless we feel today along with the other two companies recommended they have good opportunities for substantial capital appreciation over the longer term. Furthermore it is indicated that perhaps the industry completed its consolidation of the past three years and is ready to go forward once again. When one thinks of chemicals, drugs and electronics as growth stocks we should not overlook the air conditioning field as being one also with great growth potential. Therefore it is our recommendation that well diversified investment portfolios should include at least one or two air conditioning stocks in their lists.

Gamma Alphas To Honor Members At Gatesville Meet

The Gamma Alpha Chapter of the Delta Kappa Gamma will meet Monday evening, Nov. 2, at 7:30 o'clock in the Elementary School Library at Gatesville. Mrs. Lila Holmes will speak on "American Heritage," "Ours To Hold." After the meeting there will be a social hour honoring the following members: Mrs. Clem Blankenship, Copperas Cove, Mrs. Montie Hayes of Gatesville, Mrs. M. B. Kindrick, Gatesville, Mrs. Catherine Koerth, Evant, Mrs. Floune Kyser, Turners-

ville, Mrs. Donnaleta Waddill, Oglesby, Mrs. Gertie Watson, Jonesboro, Miss Leta Bennett, Gatesville, Associate, Mrs. Irene Hallmark, Gatesville, Transfer, Mrs. Will Brumalaw, Transfer.

The Moslems became great map makers because of their religion. They had to know exactly in what direction they were from Mecca so that they could face that holy city while praying, according to The World Book Encyclopedia.

The Navy first used the Panama Canal on Oct. 12, 1914, when the USS Jupiter crossed the "Big Ditch" from the Pacific to the Atlantic.

TRAVEL SUIT—Novelty pique is used in this suit from the international wardrobe of the 1958 Maid of Cotton, Miss Jean Carter. A black cotton organza blouse is worn with the amber-colored jacket and skirt by Dighy Morton of London, England.

Humble sponsored the first live telecast of a football game in Texas. The year was 1948 and the game was between TCU and Texas.

ABUNDANT LIFE

by ORAL ROBERTS

CHILD HEALED OF RESPIRATORY TROUBLES

"When our daughter was three months old," writes a woman from South Dakota, "she caught a bad cold which soon developed into bronchial pneumonia. This was the beginning of a long siege of respiratory troubles.

"We did all we could to help her and gave her the best of medical care. But in spite of all that physicians could do, her condition became worse.

"One day, when I was feeling pretty low, a friend of mine wrote: 'I am praying daily for Mary. Have you thought of trying prayer?'

"I felt so ashamed to think that I had not turned to God for help! My friend's letter taught me about the real power of prayer, for as a result of her letter, I began to pour out my heart to God. God undertook for Mary, for soon afterward she began to improve!

"Mary is now completely well. I cannot express my gratitude for my friend's interest in us.

"I am so thankful to God for His healing power and for the faith that my friend possessed for my daughter. My own faith has been strengthened as a re-

sult, and I am so thankful that I have learned about the power of prayer. I have found salvation and now I am busy telling others."

I get many letters from parents who tell me their children have received healing through prayer. Many of the letters tell of unwavering faith and prayers of neighbors and good pastors who, through their communion with God in a child's behalf, have brought about the child's healing and have brought the parents to God!

We often hear from the pulpit such statements as: "A little child shall lead them . . ." and "God often works through children to bring adults to Christ."

God loves children. His Son, Jesus, said, "Suffer (let) the little children to come unto me."

God moves in mysterious ways. Parents are easily moved through their children. Perhaps God was testing this woman because of her forgetfulness of His goodness.

At any rate, the end justified the means, for her daughter was healed through prayer. The mother was brought to Christ, has learned the power of prayer and now is telling others.

Fuel Storage Increases Fire Dangers in Home

Flammable fuels storage in the home has increased through the years, according to Dewitt Poston, base fire chief.

Mr. Poston pointed out that according to a letter from Air Force the increase of this fuel storage in the home is a result of the popularity of power lawn mowers, outboard motors, portable and fixed barbecue devices, flame producing torches and do-it-yourself kits.

Improvised methods of filling these devices and non-standard containers are being accepted by the home owner without thought as to inherent dangers of these practices, Poston said. He added, "This has resulted in recurrent fire loss reports from fires occurring in garages, basements, and storage areas."

The base fire chief suggested the following safety precautions:

- storage of fuel be limited to amounts for immediate use.
- storage in approved (UL) type safety cans.
- storage in locations remote from sources of ignition.
- fueling in outside areas only.

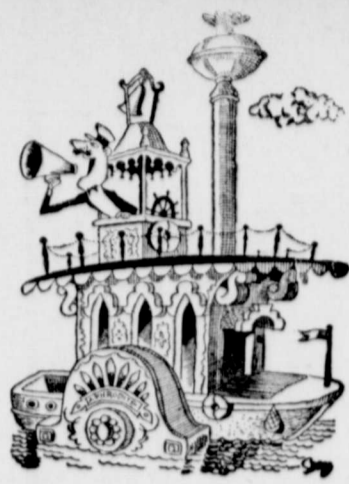

- use of funnels or filler extensions to preclude spillage.
- safe practice and elimination of smoking or use of ignition devices during fueling or repair.

It is estimated that Kern Tipp, Humble's chief football announcer, speaks some 264,000 words about football on the air each season.

FLUTE FLOATS in air as Wizard of the Shrine Band member, pantomime during rehearsal for Harvest Festival show. Hali, a teacher in the Waco Public School System has witnessed the magic touch of the Wizard during rehearsals

Only 2000 reservations can be accepted for the Festival because a limited number can be seated in the coliseum this year. (Windy Drum Photo.)

DIVIDED WE STAND!

—69—
 The first in the new "American Heritage" television series, leaving something to be desired artistically, nevertheless opens areas of fruitful pause for reflection. Entitled "Divided We Stand," it presented the historic clash between Hamilton and Jefferson on George Washington's Cabinet.

Hamilton wanted strong, centralized, one-party government in which the people should be ruled by "their betters." Jefferson wanted a decentralized, two-party system of popular self-government.

In his time, by virtue of becoming President, Jefferson won. But in our own time, does it not appear that Hamilton is winning?

For, what do we have but increasing centralization of government in which there is not even the claim of rule by our "betters," but by bureaucracy. And the division by which rival parties afford vital choices has paled into one-party "me-tooism," with Hamil-

tonian autocracy being represented as "liberalism."

Hence the unhappy plight of thoughtful conservatives and libertarians, who are the truer Jeffersonian liberals. When, we wonder, will the ballot present again a Jeffersonian choice against the high-riding Hamiltons? When will people see that our freedom is at stake in it?

Copperas Cove Stops Salado 42-0

—69—

Copperas Cove Bulldogs overwhelmed Salado 42-0 last Friday night in a District 25-B contest at Salado.

The Coveites scored in every quarter as former quarterback Wayne Hummer shifted his activities to left halfback.

Hummer led the attack with a first quarter score on a 15-yard pitch-out play. Horst Paul dove over the center of the line for the two extra points.

Cove fullback James Fritz scored the Cove's second touchdown in the second quarter on a 20-yard romp through the middle of the line. Halftime score was 14 to 0 as the extra point try failed.

In the third period quarterback Gayle Sneed went around the Bulldog right end for 20 yards and Hummer dove over for the 2 points.

On the Cove kickoff to Salado, Bulldog halfback Mike Harmon scooted down field to cover the ball in the Salado end zone for another Cove touchdown and Hummer blasted through the line for two more extra points.

In the fourth stanza Cove halfback Gary Chisholm threw a 40 yard pass to Fritz for another six points.

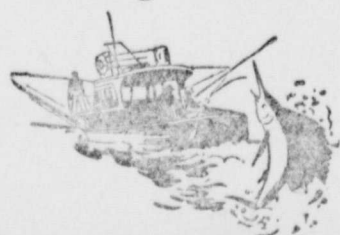

Harmon completed the Cove scoring effort when he bulled his way six yards through tackle for a touchdown.

One of the big surprises in the Salado contest was the shifting of Sneed from second string to first string quarterback. Coach Fred Weir said Sneed played so well in his first appearance against Holland that he decided to shift Hummer to halfback where he had a better opportunity to run. Weir pointed out that Sneed was a better passer than Hummer who is in turn a better runner.

The Bulldogs completed eight of 13 passes in the Salado game for 132 yards gained.

The Bulldogs take on Bartlett Friday night in another district clash. Bartlett has won one, lost five and tied one.

OFFSIDE PENALTY GIVES LAMPASAS "Bs" WIN OVER GATESVILLE "Bs" LAST WEEK

—69—

By the margin of an offside penalty, the Lampasas Badgers Bees claimed a win over Gatesville B team, 8-6.

Following the Badger drive of 66 yards in the final stanza to tie, 6-6, a pass for conversion failed, but Gatesville was offside and was penalized half the distance (1½ yards) to the goal line. Then, Auby Brown, ran left end for 2 points.

Each team carried the ball 48 times, Lampasas picking up 205 yards and Gatesville 204. The locals completed 1 of 8 passes for 10 yards and the Badgers none of 5. Both clubs lost one fumble, and the Badgers intercepted one Honnet pass. Lampasas lost 49 yards and Gatesville 21½ in penalties.

Gatesville's TD came following a 56-yard drive.

With only 17 men, the Hornet squad appeared to tire in the 4th quarter, and their last thrust was in the third when they recovered a bobbled kickoff return at the Lampasas 40 and moved to the 21 where the ball went over.

—69—

CATHOLIC JUNIORS WIN OVER 'LITTLE G's' 8-0

Hard-luck struck the "little g's" again Monday night, and they dropped a close one to Catholic High Juniors in a close one, 8-0.

Our night 'on' and we missed the game, and the 'little g's' need a win or two for a successful season. Believe, the schedule says one more, with Hamilton Juniors Nov. 10.

—69—

EVANT ELKS SMASH "GAP" 30-8 FRIDAY NIGHT

Evant Elks launched their Dist. 23-B schedule winning over Cranfills Gap Lions 30-8 at Cranfills Gap Friday night.

David Lovelace scored 3 times for the visitors on short smashes over the middle and Irvin Koeth added the 4th on a 3 yard plunge.

Cranfills Gap scored in the 2nd on Allen Trigg's one-yard run.

—69—

A similar sort of law, the gas gathering tax passed in 1951, was knocked down by the courts.

Governor Daniel worked persistently for the new gas tax, an issue that helped keep lawmakers at loggerheads for months. He promised to help fight the suits. "Long line gas companies fought hard against accepting any of the tax load," said the governor. Now, he added, some want to escape "scot free."

BRADLEY WINS IN CENTEX GOLF LAST MONDAY

W. C. Bradley was on the winning team of the Cen-Tex Pro-am at Leon Valley course last Monday.

Other winning team members were George Koppe, Waco; C. Moore, Ft. Hood, Vernon Cargill; 2nd team was Richard Morris and Skeet Norwood, Waco, W. C. Shafer and G. F. Talley, Temple. Morris was medalist with 727.
