## Little 'g' gatesville, Texas

They settled the steel strike, and everybody seems happy, especially, the Washington politicians. They don't have to do anything that would lose them a vote—neither the Republicans or the Democrats, and elec-time is up. The Unions can go back to their workers and say: "Since 1933 we haven't missed getting you MORE, MORE, MORE, and there's still MORE to get, next time we want it. They'll give in, just like they've always done.

No wthe workers only got \$3.31 per hour before the strike and now, it's \$3.71, and for a day, that's \$29.68, and for a 5-day week, on straight time, that \$148.40 if we figured correctly.

What cut the Union Bosses get, of course, we don't know, but, dont they always get more. And, as for "Sam" let's look at our Social Security and Withholding charts., figuring 4 exemptions, for "before and after!"

Before they got \$26.48 per day at \$3.31 per hour or \$132.40 for a 5-day week. After, they get \$3.71 per day, \$29.68 per day, or \$148.40 per week, straight time.

Soc. Security on \$132.40, 4 exemptions is \$3.31, withholding is \$14.60 — Sam get that. And now, at \$148.40 Sam gets \$3.71 and \$17.30. These figures are figured on the 1959 So. Sec. and Withholding tables and the So. Sec. si now 3 percent for the employer and 3 percent for the employee in 1960, so, Sam'll get even more. That gives the worker 'before' \$114.49 take-home pay, if the Union didn't get a cent—which it certainly does, and probably, the other \$14.40, and after \$127.41 with the deductions, not to mention the 'Union's cut' and you know they get theirs, so, after all, the worker'll probably take-home about the 100 a week, same as before.

And, as for higher steel prices, they say, not yet, but, you wouldn't bet a dime on it.

Main thing, the politicians got loose from a hot brick, at least until election is over, and that's all they wanted anyway.

John Q. Public will, end with the end he usually gets, and it wouldn't surprise us, if a "Buy Foreign" movement wouldn't start, same as we used to have a "Buy American" movement. Folks are getting tired of this governmental four-flusing, which is some thng they can't do anything about. Raise heck, yes. But it doesn't faze them, they just go ahead and 'take care of it themselves, to their advantage, and, to heck with the John Q. Publics.

John Q. CAN and probably will take care of that.

It all remains to be seen.

## No. 24 Is Expected: One Candidate Is Already Here: Deadline on Certificates 14

In the News-Merchant's 1960 Stork Derby Contest one candidate has been announced:

Baby boy born Jan. 1, 1960 at 2:22 p. m. to X Graham Vandiver of Oglesby.

But, we can't pass out any prizes, or welcomes—not yet.

Rules say, announcement is to be made Jan. 14, and that's because some boy or girl born out in the country somewhere, and their 'report' had not been sent in until later, would make it necessary for more payoffs.

In any case, as the rules read, a birth certificate must be brought to the NEWS by 2 p. m., Jan 14,

## BILL ALLEN ANNOUNCES FOR DISTRICT JUDGE:

H. W. (Bill) Allen, of Hamilton, former District Attorney of this District for over eleven years before his voluntary retirement in 1949, announced this week that he is a candidate for District Judge to succeed Judge R. B. Cross, who is retiring. Bill Allen is well known to the Citizenship because of his years of public service and his trial of many cases for the State in the past. He is 51 years of age, married and the

father of three children, a member of the Baptist Church, and makes his home in Hamilton, where he was born. He has been practicing law for 28 years, including the eleven years and four months he served as District Attorney for Coryell County, and the 52nd Jurical District. He attended the University of Texas, on a scholarship he received from High School, for five years and received his LLB Degree. Bill stated in connection with his candidacy:

"It is by their deeds and not by their words that you know men. The people of Coryell, Comanche, Hamilton and Bosque Counties and I are known to each other and I am willing to abide by what they know of me. I know they are the best people for whom to work in all of Texas. I have spent all of my professional (Continued On Page Four)

## GRAND JURY BRINGS IN 21 FELONIES: LAUD JUDGE AND NOTE RETIRING

The Grand Jury 'came in' after 2 days deliberations, and returned 21 felonies, as follows:

Cecil Norris, theft; Edward Marshall, theft; Forrest Frisenger, burglary; Dewey Rash, theft; Ronald Lee Bangman, burglary; Andre T. CLARISSA, MINN., INDEPENDENT: "The German Social Democrats, the foster parent of all Socialist parties, repudiated the Communist Manifesto as out of step with modern times and accepted private enterprise and a free competitive market as the more desirable system in the modern world. The decision, taken by a vote of 324 to 16 at an extraordinary party congress, may

well be a historic turning point and effect socialist if not communist thinking everywhere."

## AGRICULTURE

Released by  
State Department of  
Agriculture

### CORN BORER QUARANTINE

For the first time on record in Texas, the dreaded European corn borer showed up in a Bowie County field and prompted immediate action by the Texas Department of Agriculture to prevent its further spread in the State.

An emergency quarantine against the movement of unscreened or unfumigated corn and related

grains from Bowie County or into Texas from all states having infested areas was ordered into immediate effect. The discovery of the pest in a single Bowie County field was confirmed by the U. S. Department of Agriculture, marking the first time on record that the European corn borer, prevalent in many of the leading corn producing states, had penetrated into Texas.

The quarantine order required

inch mesh screen before being moved out of Bowie County or brought into Texas from any other state having infested areas. The screening is required to remove debris such as parts of stalks, stems and cobs which carry the insect pest. The quarantine does not apply to movement of corn or related grains from any part of Texas except Bowie County, the related grains including such products as broomcorn, milo, sorghums, Sudan grass and the like.

The quarantine order was regarded as essential not only to protect the Texas grain industry but to safeguard the regular channels of trade in the industry into and out of Texas. Some 35,000 railroad freight cars and motor trucks move out of Texas each year carrying grain to western states.

The seriousness of the corn PENETRATION INTO EVEN SINGLE Texas county was pointed up by reports from infested states in the corn belt and elsewhere in the nation. In 1957, the European pest destroyed almost 181 million bushels of corn valued at \$158,841,000, according to USDA estimates. Corn in Iowa, Nebraska, Missouri, South Dakota and Illinois suffered most from borer damage.

In addition to the quarantine, the Texas Department of Agriculture has initiated other effective steps to bring the corn borer infiltration under immediate firm control in Bowie County.

with us to, these 24 years, and were on the Welcome Wagon to Gary Glenn Graff, way back in 1937.

Mr. or Miss Coryell County for 1960 will be our TWENTY-FOURth Welcome! We're "paper-fathers" to a lot of kids, right this minute, and, for all we know, may be "paper-grandfathers" to some of them. Some are married, you know.

So, come January 1, we'll be eagerly awaiting Mr. or Miss TWENTY-FOUR!

Looking over the history of this, the 2nd oldest stork derby in the entire USA, we find last year's well-wishers were Gatesville Drug Company, The National Bank of Gatesville, Round-Up Cafe, Morton Scott and Son, Hollingsworth Food Market, Powell Supply Company, Mrs. J. B. Graves, Florist, Coryell County News, Jones boys, inc., Ltd., and Sally Maude, Foster Drug, White Auto Store, Bennett's Department Store, Meeks Cafe-Cafeteria-Drive-In, City Drug Store, Rhodes Department Store, all having purchased space and provided a present of some kind for the parents and baby.

Through other merchants, they've given most of the winners a \$25 Savings Bond, and these include Modern Cleanes, Numan's Department Store, G. D. Nolte Garage, Community Public Service Co., Perry Bros., Davidson Insurance Agency, H. B. Davis Variety Store, Jones' 5c to \$1.00 Store, Gatesville Seatcover and Upholstery Co., G. P. Schaub Milling & Grain Company, Ward Jewelry, Jackson Insurance Agency, and Store, Coryell County.

The public, lawyers and people having business with the Courts are entitled to have their business promptly and efficiently handled in a fair and impartial manner and that is the way I would preside over your Court. I will have no other business except being your full time Judge and as I live in the middle of the District, only a short drive from each Courthouse, I pledge each County full time, prompt

and, could be others.

During the years, we've had gifts from Don McNeil of "The Breakfast Club of raio fame, out of Chicago The oni Company which has their 12th Annual Toni Twin Baby Derby each year, and a set of twin girls will be awarded \$500 in gifts, including 768 containers of Grber's baby goods; Child Craft Cribs with double-drop sids; Kantwet mattresses and Tour-a-beds; Trandle Bundl infant's wear and an assortment of Playskool educational toys; a Beadstrom Twin Sleeper Stroller; a selection of Love dresses and a Trimble Kiddie-Bath. These prizes ONLY if the babies are twin girls—that's a must.

Here to welcome No. 24 will be Gary Glenn Graff '37, Harvey Richardson '38, Vernon H. Wells '39, Sara Lynn Scott '40, John Kermat Drerick '41, Ray Van Brown '42, Glenda Fay Blanchad '43, Joyce Marie Featherston '44, Cynthia Ann York '45, Nancy Catherine Ferguson '46, Jenny Lou Harrington '47, Cathryn Ray Hollingsworth '48, Ronald Carl Chambers '49, Gary Don Kinard, '50, Glenn Daily '51, Sherri Lynn Culp '52, Robert Michael Williams '53, Elizabeth Jan Maxwell '54, Pamela Wraye Thorp '55, Mary Jo Crow '56, Kathye Lu Allison '57, oeJoe Pat Pancake '58, and MIKE HUCKABEE '59.

**INFLATION NOT NECESSARY TO GROWTH**

You've heard and read the pronouncements of the starry-eyed among our American economists to the effect that creeping inflation is essential to rapid growth and industrial expansion. Well, these fellows had better take a course in American history. Here's some of the things they'll learn:

One of the most rapid growth periods in our history occurred during the thirty years following the Civil War (beg pardon, the War between the States.) From 1869 to 1896 production practically tripled while prices were declining 29 percent.

From 1910 to 1915 manufacturing production increased 30 percent while prices were showing a moderate decline.

During the 1920's we experienced one of the greatest periods of economic growth in our history up to that point. National output increased 50 percent in 8 years while prices remained practically stable.

Secretary of the Treasury Robert B. Anderson points out that most of the price inflation in U.S. history has been during war time or periods immediately after wars.

In view of the foregoing we wonder just how certain of our economists figure that creeping inflation is necessary to growth.

VICTORVILLE, CALIF., NEWS HERALD: "To spenders, all government projects are important. But are they always as important as the private spending the prevent? Excess taxes represent un-built factories, new businesses not started, new clothes for the kiddies not bought, operations postponed and many other things that might have been done."

and around Gatesville for the past 40 years. He was a member of the Baptist Church.

Services were held Jan. 7 at 4 p. m. at Scott's Funeral Home with Rev. Ollie Williams conducting the services and interment was in the City Cemetery.

Surviving are his wife, Mrs. Y. W. Lee, Gatesville; 4 sons, V. R. of Gatesville, Carl, Summerfield; Otis, Hereford; and Emil, Washington, D. C.; 2 daughters, Mhs. Eria Kennedy, Waco, and Mrs. Lena Griffie, Roosevelt, Oklahoma; 16 grandchildren and 15 great-grandchildren.

**Ohio - Liberty . . .**

**By Bessie Brown**

The Liberty people mourn the passing of Mrs. T. L. Calhoun, who died at the Newsom Rest Home in Hamilton last Monday. She was laid to rest in the Murphree Cemetery at Evant Tues.

Mrs. Calhoun lived in the Liberty Community for 29 years. Here she and Mr. Calhoun reared their fine family of ten children. They were always leaders in church, school, and all other worthwhile community activities. "Aunt Lizzie," as she was affectionately called, was dearly loved by the people of this area, who extend sincere sympathy to the bereaved.

All of her children were here for the funeral. They were: Mr. and Mrs. Max Eichner, from New York City; Mr. and Mrs. Beryl Sanders, El Paso; Mrs. Ben McBeth and son, T. L. McBeth, of Lovington, New Mexico; Mrs. Dovie Moore and son, George B. Moore, Alexander; Mr. and Mrs. Andrew A. Calhoun and son, Charles, Las Cruces, N. M.; Mr. and Mrs. W. W. Trammell, from Gatesville; Esteen Calhoun, McCloskey Hospital, Temple; Mr. and Mrs. Earl Calhoun, Hamilton; Mr. and Mrs. Schley Calhoun, Gatesville; Mr. and Mrs. R. L. Calhoun, Liberty; Grandchildren: Mr. and Mrs. Richard Morgan, Belton; Mr. and Mrs. Carl Calhoun an son, Jody Carl, Gatesville.

With sorrow we learn of the death of Harry Bunnell of Hamilton Monday, after a lingering illness. His son Clarence Bunnell, has lived at Liberty for almost a quarter of a century. To his family and the other relatives, the Liberty people extend sympathy.

The recent holidays brought many family reunions to the Liberty community. Mr. and Mrs. R. L. Parrish, who have had a turkey dinner every year, for half a century, had with them, all of their nine children, except J. D. Parrish, who lives in California.

The H. J. Parrishes had these families with them: the J. B. Parrishes from Purnela; the B. K. Parrishes from Evant; A. B. Parrishes, Hamilton; Wallace Parrishes, Liberty; Jim Hodges, Hamilton. Missing from this circle were the Garland Leonards and David Hedgpeths, Hamilton. The Hedgpeths were visiting a daughter's family, the Norvell Slovers, at Rankin. Mr. Hedgpeth reports that there he really found the "Happy Hunting Ground," wild hogs were roving everywhere, great coveys of quail, numbering 40 or 60, flew up at every turn. He brought back a nice fat deer.

The Milton Browns had all one of their 12 children, missing was Mrs. Jackie Parrish, Purnela. With them were the families of: Morris, Kenneth, Bobby, Bolly and Harold Brown, and Hollis Thorne, Waco; the Johnnie Evans of Salado; Ray of the home; Gerald Cummings, Izoro; James Brown, Lampasas; J. L. Green, Evant. Other visitors were Mr. and Mrs. Eese Jackson, Jonesboro, and Mr. and Mrs. S. R. Fuller, Colorado City.

Ayers, near Gatesville. Missing from this group were Tom Buster of Llano, and Johnnie Buter, of Gatesville. Present were the families of Gene Ayers, Clyde Buster, Ray Dyer, J. C. Buster, Bill Winters, Father and Mother Ayers.

Mr. and Mrs. W. C. Homan, from Gatesville, spent Tuesday with Bessie Brown, Grace and E. O. Elam at the Elam Ranch.

Mrs. J. C. Buster suffered a painful injury Friday when the middle finger of her right hand was caught in a slicer that she was operating at the El Rancho Cafe in Evant. The end of her finger was almost severed.

Mr. and Mrs. James Streator of Ft. Worth visited the Kautzsches, Browns and Elams last week-end.

Mrs. J. O. Winslar and Mrs. T. J. Smith of Purnela visited Grace Elam and Bessie Brown Friday.

We have just learend of the death of Mrs. Gordon Freeman. To Mr. and Mrs. Audly Harris, the Walter Freemans and other relatives we extend sympathy.

**THE CASE OF THE DEAD LOSER**

By Donald J. Sobol

The night of July 10 was unusually hot, and tempers flared quickly. In a downtown Portland bar, Rex Babcock and Harry McClean nearly came to blows. But both men drove off in Babcock's car, their differences apparently settled.

Two hours later a motorist driving along the mile straightaway between Portland and Dans Falls found the body of McClean stripped to the waist in the middle of the blacktop road.

An autopsy showed McClean had suffered a concussion as well as facial injuries. Death however was due to his being run over by an automobile. The marks of a

tife, clearly impressed on his mid section had a tread similar to those of Babcock's sedan.

"We tested the sedan's tires but found nothing," sheriff Monohan told Dr. Haledjian. "Babcock admits that the argument flared up anew after he and McClean left the bar. They pulled off the road stripped to the waist and fought it out.

"Babcock says he left McClean beside the road. He believes McClean recovered to partial consciousness, dragged himself to the middle of the road and was killed by a hit-and-run driver."

"Did you find McClean's shirt at the scene of the fight?" asked Haledjian.

"We did," replied the sheriff. "Now all we have to do is find the driver. The tire tread is common and could fit a hundred thousand cars."

"I should begin my search by questioning Babcock again" advised Haledjian, "McClean was run over intentionally."

### OF DOLLS HAS BEEN HOBBY OF TYLER WOMAN

Texas Supplemental Sevice

A long time dream—achieved through many months of labor—has become a reality for a Tyler woman. The dream come true is completion of an elaborate doll collection with a value of several thousand dollars. Mrs. E. W. Godfrey, Jr. a Tyler housewife, is creator and owner of the collection consisting of 12 dolls each representing a month of the year.

The dolls, which have life-like jointed bodies, are 16 inches tall and include blonds, brunettes red heads and ravenhaired ladies. Each wears a formal gown with harmonizing accessories, including glittering earrings, necklaces and hair ornaments ranging from min-

ute tiaras to the tiniest of flowers to encircle a chignon.

Basically the gowns are of silk organza and peau de soie. From there, the designer relied on beads, sequins, lace, ribbon, braid ruffling, etc. to make each doll the most glamorous lady of the month.

Thirty-one thousand, six hundred beads, 10,700 sequins, 350 yards of lace, 101 yards of ribbon and 134 yards of braid and ruffling were used in creating the gowns. Each dress has unusual back interest and skirt sweep at the hemline extends to as much as five and one half yards.

Each doll is appropriately captioned and is named for a young friend of the designer.

The attire of Pati, the January doll, required the most labor. 5 and a half yards of Drench lace, 20,000 imported beads and 3,000 sequins were used in the construction of her gown.

There are 337 buttonhole, laced with 18 yards of ribbon on the dress of the April doll, Kathy. For the December doll, Ann, 210 yards of lace were used.

Mrs. Godfrey, a native of Memphis, Texas, has resided in Tyler three years. Her husband works for a construction company and she has three children: Betsy stationed at Lackland Air Force Base Pati, a beautician in Memphis and Bubba, a senior in John Tyler High School.

As a little girl, Mrs. Godfrey was a tomboy and didn't care for dolls. When she married, she gave away her dolls some of which had never been removed from their boxes.

Her interest in dressing dolls began when she learned to sew 21 years ago. Since that time she has won many ribbons on doll clothes at the Texas State Fair. A collection of 93 doll wardrobes which she designed for a friend in Charleston, S. C. has been awarded blue ribbons for the largest doll clothes collection.

The designer goes about her work the "hard" way. She cannot draw so, instead of first creating a sketch, she works solely with material. This trial-and-error method requires more detailed planning and much re-doing. In the end, however, she achieves her goal.

# STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

If you are adding up the Christmas bills and wondering what all that money was spent for, then consider the task of the Board of Control.

This relatively small state department is personal shopper for 50 state agencies. During the past fiscal year it selected the goods and paid the bills for purchases totaling \$80,000,000.

These millions went for more items than the average citizen can imagine. Everyone realizes that it requires tons of paper, thousands of filing cabinets, typewriters, desks and chairs to run the state's business . . . but — Ever wonder how much yellow paint it takes to put a stripe down the highway from Amarillo to Brownsville?

Board of control staff knows just how much to get for a given stretch of road and sees to it that the paint has little glass beads ground up into it to reflect your auto headlights at night. Just the other day they bought \$100,000 worth of the little glass beads, alone.

Board of Control buys all the state's automobiles — as well as trucks, tractors, motor scooters, motor graders, snow plows and the school buses (for schools receiving state aid). Last week they purchased \$326,000 worth of new Plymouths.

It buys the industrial machinery with which the state prison system makes the state license plates. It buys the paper for your drivers license and pays for the printing.

It also buys buttons and zippers and shoes and socks and surgical tools and skin driving suits.

"We buy practically everything," says Executive Director William J. Burke.

It's a list that sounds unbelievable until the use for each item is run down. Clothing and repair needs for the apparel of the thousands of persons in state hospitals and schools must be bought by the board of control. State hospitals use surgical equipment. Game and Fish Commission uses boats and skin diving equipment in its inspection work.

If the State School for Girls at Gainesville starts a pottery class, Board of Control buys the clay. If the prison system builds a new prison building, Board of Control scouts around for the best buy in steel-barred doors.

BOC itself is a big user of paper. In the past fiscal year it processed 450,000 invoices. Nine employees handled these at the rate of 1,921 a day. It takes 15,000 envelopes

to handle an average weekly mailing of bid invitations to suppliers.

It's all done according to a very businesslike system. Purchases are consolidated, standardized, scheduled, bid on and checked for specifications, value and performance.

Yet all this procedure doesn't kill the element of human enjoyment. Director Burke recounts with relish the million printed envelopes just bought for a large state department at \$2.80 a thousand. That's less than the usual cost of unprinted envelopes.

Comparable pleasure can be found in housewives who have just found diapers at a dollar a dozen or tomato juice at five cents a can.

Board of Control is about to have its 40th anniversary. It began operation in 1920 after a statute passed in 1919 combined in one agency a number of state functions.

It is topped by a part-time policy making board whose three members serve overlapping six-year terms. They are appointed by the governor.

Present board members are E. E. McAdams of Austin, chairman; F. H. Flewelling of Austin and C. F. McAuliff of Dallas.

Burke, as executive director, is the top administrative officer. Under him are five divisions set up on what he terms "a check-and-balance system."

A specification division works out requirements for items to be bought. Purchasing division buys them. Administrative services division handles the clerical work. Inspection division has a team of "watchdogs" who go over the state to check new purchases to be sure they're what they should be.

A fifth division, building engineering and management, sees to a staggering list of housekeeping chores for the Capitol and state buildings. When the buildings now under way or being planned around the Capitol are finished, the BOC anticipates operating a heating system that will put out 60,000 pounds of steam heat an hour and an air conditioning system of 2,750 tons.

It also sees to the upkeep of the Governor's mansion, the San Jacinto and Fannin State Parks and the State Cemetery. It handles the rentals for state offices outside of Austin which do not have state quarters. Last year this required 356,000 square feet of ice space.

As to the state buildings going up in Austin, Burke feels sure they will save the state money over the old rental system. "Besides having to pay rent," he points

out, "two years at a time, and you never know when you may have to move, which is expensive."

In the course of their myriad chores, Board of Control staffers become expert on many subjects. They learn the price of dairy cattle (for rison farms) or diamond drills, short wave radios and food mixers.

"We try to be careful with the state's money than we would even with our own," says Burke. "I honestly wish I could take every Texas taxpayer on a guided tour of the whole operation."

### CORSICA, S. D., GLOBE:

"...Europeans discovered years ago, it is possible to go broke with one's pockets full of money. In this connection a dramatic incident is reported in a recent issue of the Saturday Evening Post: an American, making what he assumed was a final trip before the war on a German boat to England, threw all his German Marks into the harbor. A Gestapo agent, looking on, appeared s

no value on the ship — he knew it.

"Of course, that kind of inflation can't happen here"

CONTINUED GRASSROOTS DOVER, DEL., NEWS: "There seems no solution in sight for the longest steel strike in the nation's history."

"If individuals get into a dispute—and cannot settle it themselves—they go to court. In most cases, the verdict is accepted—if not it goes to a higher court. This same system should be applied to out labor problems. It seems, to me, to be a reasonable solution."

Naturally...  
upon learning of the bereavement of anyone close to you, your first instinct is to express your sympathy as eloquently as possible.
