"FUSTEST WITH

THE MOSTEST"

## little 'g' gatesville, Texas

Matters not, but you MIGHT be interested. Texas tourist in '59 were 9.6 million and they spent \$431 million. In '58 it was 10 million, and '57 10.3 million and \$531 million. Tourist business dropped and they spent 100 million less in '59.

There were 3.5 million vehicles with 2.7 persons per, and they each spent \$8.19 a day for 5.5 days, traveled 1,067 miles. 34 pct. on their first visit; 70 pct. on vacation, 11 on business, and 19 pct. visiting. They stay 8 pct. in hotels, 62 in motels, 6 camped, 6 trailered, and 18 with F & R. That's a \$100 million drop in tourists since '57. Can we afford to lose 'em?

Herbert C. Petrey Jr., Chairman of the Texas Highway Commission, and member of the Texas Development Board said: "Texas has been given the go-ahead to advertise both tourist and industrial attractions, and as soon as funds are provided we are ready to carry on a campaign for these out-of-state dollars. We are like a man with a few million acres of a fine product, but have not yet been able to get it marketed."

"These Funny People. Professor—"What is a millenium?" "GHS Teenager—"It's the same thing as a centennial, except it has more legs."

"It was Henry David Thoreau, the naturalist, who urged: 'Am above morality. Be not simply good; be good for something.'"

"Every reform was once a private opinion.—Ralph Waldo Emerson.

Can you think Hollywoodians ain't got ego? Just read this. Can you imagine a fore egomaniac?

"Debbie Reynolds chums think she'll announce her romantic plans sometime this Spring, probably after the world has stopped sighing over Princess Margaret's wedding. . ." Does it really matter?

Business ain't so good—we only saw one Falstaff truck go thru here this week.

**LET'S FAC IT: MUMPS**  
Gay Bo, the bulldog, isn't so gay about it, but the dog doctor said mumps and Gay Bo does what he can to make it easier, with the help of three year old Clay Rue of

Fort Worth. Will Clay catch the mumps from Gay Bo? Probably not, said the vet, "But let me know if he does," he told Clay's mother with a glint of professional interest. (AP Wirephoto).

### MISS LUCILE COX DIES AFTER SHORT ILLNESS; SERVICES UNANNOUNCED

Miss Lucile Cox, long-time employee of various Coryell Co. abstract companies died in Coryell Memorial Hospital Wednesday night or early Thursday morning, after a brief illness.

Services will be held at Scott's Funeral Home at 10:30 a. m. today, Rev. J. T. Ayers conducting the services and interment will be in the City Cemetery.

Bob Seward, who lived here some 40 years ago, and has since been in Ingamar, Montana, is visiting Mrs. W. D. Seward of Waco, formerly of Mountain Community and Mrs. E. C. Wilkins of Gatesville.

Visiting with X Willis M. Jones the past week end were Mrs. J. S. Floyd of Alice and Dr. Dean B. Jones of San Antonio.

### \$10 TO \$20 PER MONTH RAISES GIVEN BY COUNTY EMPLOYEES BY 'COURT'

Commissioners' Court, this week, passed out the mule to some 39 employees of the county, in wads of \$10 to \$20 per each. No elected officials received this.

Eleven courthouse employees and 29 workers in various Commissioner's beats received the raises, and the salaries after the raises range from \$85 to \$245 per month.

Other action by the court was the purchase of a '60 Falcon pickup for Precinct four, and a total rattlesnake kill was reported to be 1,250.

That's a lot of 'rattle.'

### FORMER RESIDENT HERE WITH CARSON & BARNES CIRCUS

Jack Turner, formerly of Gatesville, accompanied by his wife, were visitors in THE NEWS office Thursday. Mr. Turner is with Carson & Barnes Wild West Show which showed here yesterday.

He is related to Mrs. Gus Davidson Sr. of Mound. Mr. Turner said he had not been in Gatesville for about 35 years.

### LEON JUNCTION ANNUAL SCHOOL PROGRAM 8TH

Leon Junction's annual School Program will be held April 8, at 7 o'clock.

Featured will be "Beware of Termites"; "The Ginger Bread Family", "Smile Awhile", and "Better Be Careful".

### THEY VOTE, ALSO ON SCHOOL ELECTIONS IN COUNTY'S SCHOOLS

At Evant, 2 of these school trustees will be elected: Fred Phillips, W. C. Perry and Louis Koether.

At Llat, with no opposition, it's these: Waylon Lam, J. H. Evans, C. E. Barr.

For the County School Board members: H. R. Haase, trustee-at-large; A. A. Watson, Jonesboro, Pre. 4; Fred Homan, Oglesby, Pre. 3.

### YOU VOTE SATURDAY IN GISD ELECTION AT OLD GYM BUILDING

Their three buildin's in the GISB setup, but you only vote at one of them, come School Board Election Saturday. Since usually vote from 7 to 7 (wasn't statel by our informer) suppose that's the same time.

No citation has been carried, or election order, so we figured we might as well 'give it to you'.

Three incumbents (none announced in the local press) are up for re-election, and no one else seems interested. Here's the line-up:

- O. N. Hix
  - T. R. Williams.
  - Jim Erwin
- You could add three other lines, for write-ins, if you wished, but, suppose no one wishes.

### Sheep Field Day, 7th At Melbern Ranch Near King

A Sheep Field Day, April 7 will be at 1:30 p. m., at the Bob Melbern ranch near King, and will include a sheep selection demonstration, with a session in sheep judging, Jim Gray, Extension Service Sheep & Goat Specialist in charge.

This program has been praised by the wool industry as one that has increased the value of sheep and wool in Texas more than anything.

Mr. Melbern has been in the program 5 years, and reports he has made more progress in the last 4 than he had in the previous 17.

**A CHALLENGE TO THE  
PEOPLE OF GATESVILLE**

First I would like to welcome a new asset to our city—our new street sweeper. For the benefit of you that had never seen one, or hadn't seen one for so long that you had almost forgotten what one looked like, there was a picture of it in last week's paper. When you see the sweeper in your neighborhood, go out and tell the operator that you appreciate the service, and to please come back before the next elec-

tion!

This is the last in my series of articles. In previous articles I have told you the principles in which I believe, and why I believe them; and I have discussed some of our city's problems. Due to limited time and my business obligations I have been unable to see and talk with all of you. Realizing this in the beginning I have tried to reach you through these weekly articles. I have presented and discussed the issues as I see them. Due to no fault of mine, it has been a one-sided presentation. One of my fundamental beliefs is that no one should vote without first informing himself on the candidates and the issues.

In any political venture one must expect a certain amount of slander and "distortion" of facts. In this respect I have not been disappointed. I can only say: To you who oppose me because of personal slander that you have heard, and perhaps believed, I urge you to seek the truth, and reconsider before you vote. Sure I have made mistakes in the past and I will make mistakes in the future. A man's success or failure depends largely upon how he uses his mistakes. He can either learn from them, and in doing so, use them as stepping-stones to success; or he can let them, drag him down to failure. Sooner or later a man's life will be judged a success or failure. He will not be judged a success entirely upon the basis of how much money he has made, nor upon the amount of material possessions he has accumulated. Neither will he be judged a success or how few mistakes he has made

nor on how little harm he has done. The final decision will be based upon how much good he has done for his fellow man.

If you are in doubt as to just how I stand on any issue, please do not listen to those who are striving to discredit my aims. Instead, call me on the phone or come by to see me, and I will tell you personally just how I stand.

I entered this race as an independent candidate and I will finish the race as an independent candidate. To all those who have promised their support I have made the same promises and pledges that I have made to all the people publicly in this paper.

During the past several weeks I have visited in many of your homes and places of business. It has been an experience I shall never forget. I have appreciated the time and interest all of you have shown. Your words of advice and encouragement have reaffirmed my faith in people—the people of Gatesville in particular. One of the most encouraging factors in my many visits and talks has been the desire, the willingness, and the eagerness of many of you to help in shaping the future of your community.

Many of you have asked, "Just how do you expect to do all of these things if you are elected?" Again I would like to say that if any of these things are done, they will be done by you, the people of Gatesville. I can only guide and help you. But I do have a plan.

If I am elected Mayor, my first action will be to start a reevaluation program of our city. This program will be closely coordinated with all the civic organizations and agencies of our community. Its purpose will be to study the needs and problems of our city. I plan to create a "Citizens Commission" composed of all those who are interested in the future of our town. In order to insure its success it will be representative of all the people. It will be made up of housewives, business men, teachers, wage-earners, professional men, and youth representatives. To further insure its success no city employee, who might be obliged to defend or promote his own work, will be permitted to serve on this Commission. And to prevent domination by any interest, no financial support will be solicited from the city or any local business.

The sole purpose of this commission will be to study and evaluate the physical and human needs of our city. This commission will be divided into ten study groups or committees to study these problems: (1) public health, sanitation, and water supply

problems (2) Transportation and street problems (3) Teen-Age guidance and recreation (4) Law enforcement and protection (5) Parking and traffic problems (6) Zoning and Planning problems (7) City Finance and Tax Problems (8) Parks and Playgrounds (9) Adult recreation and Public Relations, and Administration.

These study groups will be supplied with research material to guide them. They will be encouraged to visit other towns to see how they are handling these problems. Opinion surveys will be taken. Open meetings will be held. Outside authorities will be consulted. On-the-spot inspections of our town will be made. And everyone will be given the opportunity to present his views. After each study group has thoroughly studied its particular problem, it will make a written report of its findings. All of these reports will be published in a preliminary report.

From this preliminary report a master plan will be drawn up by a permanent planning commission. Definite goals will be outlined in this master plan. This master plan will then be used by your city council to guide it in its work of providing the needs and services that the people want and deserve. Some of the reports will be labeled URGENT and your city council will take action on these problems first. Others will take more study and re-

search before they can be acted upon. It will take time, probably years, to realize all the goals set forth in the master plan. But we at least will know what we as a community are striving for.

To me, and to you the people of Gatesville, this is indeed a challenge. I have taken the first step. I challenge you to take the second step. This plan is worth nothing if you are not willing to go to the polls next Tuesday and voice your confidence in it. I am confident you will take this all-important second step. Then together we can take the civic vow that was the glory of ancient Athens, "to transmit this city, not only not less, but far greater and more beautiful than it was transmitted to us."

Next Tuesday when you cast your vote for me, you will, in effect, be saying, "I believe that our city's problems and its progress is the responsibility of its citizens, and I am willing to do my share."

Do you accept the challenge? If you do, go to the polls next Tuesday and vote for me, and urge your friends and neighbors to do likewise. —Dan McNeil (Paid political adv.)

It might be green. Queen!

I will say unto the Lord, He is my refuge and my fortress: my God, in Him will I trust. —(Psalm 91:2)

All the frailties and misfortunes that mortal flesh is heir to may assail us, but still we will be unhurt and strong when our faith and our trust remain firm in the Lord. In the confident knowledge of His mercy and His love, we can gain peace of mind and soul.

Dear Friends:  
 The Union of South Africa, like the United States was settled almost entirely by people who (or whose ancestors) have moved to the area within the last 400 years. This is true of most of the black as well as of the white people. Indeed, a large part of the black population has moved down from Central Africa in order to enjoy the much higher wages which are paid in the Union. These people are still moving South.

The descendants of the Dutch and the British settlers have developed the country to make higher wages possible. They have passed many racial laws which may seem to be unduly harsh. I would certainly not support these laws for the United States but we are hardly in a position to pass on what is needed in South Africa.

Early this week there were large riots in South Africa. The police shot some of the rioters. They contend that this action was necessary in self-defense. The only fact which is entirely clear is that the situation is extremely difficult and dangerous. The people of South Africa have been our friends. Surely they had a right to expect that we would do nothing which might make conditions worse or which might encourage civil war. Instead our State Department issued a critical blast which could only be expected to invite further bloodshed.

I don't know whether this was done because our State Department has become a professional "busybody" or because it thought in this manner to influence legislative action on the pending Civil Rights Bill. In either event the action was entirely unwarranted. No executive department should try to thus influence legislation and certainly no foreign government should criticize the domestic actions of any neighbor. Surely we should bitterly resent any action if directed at us by any foreign nation.

Of course, I voted against the so called Civil Rights bill. It is not as has been reported, simply a bill to protect the right of colored people to vote. They have that right in Texas. As I see it this bill breaks down the court procedures on which the protection of all civil rights must rest. Possibly even more harmful, at least at the moment, is the bitterness which has been built up. The fight over this bill is going to seriously influence action on any bills in the future. I do not believe that any representative should allow such things to determine his actions. I have heard many Members of Congress on unrelated matters speak entirely on how they would vote or other advocate of one or other side who have stood on civil

**SPRING MEANS SPECIAL USES FOR AUTOMATIC CLOTHES DRYERS**

Nancy Weathers  
 County H. D. Agent

Spring weather is here and soon we'll be thinking of storing winter clothes, spring house cleaning chores, Easter outfits and April showers. An automatic clothes dryer will be helpful in all these situations, says Wanda Barkley, extension home management specialist of A & M.

Used wisely, a clothes dryer will save hours of labor during your spring house cleaning. Use it to freshen these furnishings: Slip covers. Place slip covers immediately after washing, and regulate time and temperature settings according to the particular fabric. While still damp-dry,

remove from dryer and press any pleats or ruffles. Then replace on furniture where slip cover will finish drying to snug smoothness.

**Draperies**— Before laundering, remove all trimmings, detachable hooks and weights. Drying time and temperature will vary, depending on weight of fabric, size and remaining moisture. All drapes should be allowed plenty of room for tumbling. Remove when damp dry, run drapes lengthwise through ironer, and a hand.

**Airing and dusting curtains and drapes**— When curtains or drapes are not soiled, but require airing and dusting, use your automatic dryer to "revive" them. Allow several pairs at a time to tumble freely. Remove from dryer and rehand; curtains will be fresh and sunshine fragrant again. Use same tumbling procedure to loosen wrinkles and remove musty odors from drapes and slip covers just taken from storage.

**Rugs**— For braided or rag rugs, place two small rugs or one medium size rug in the dryer. Remove when hint of moisture remains. Lay on flat surface to finish air drying. For chenille bath mats and shag rugs vacuum before laundering to remove excess lint. Be careful not to overcrowd the dryer. Remove rugs when completely dry and replace in usual position on floor.

**Electronic Semiconductor Stocks**

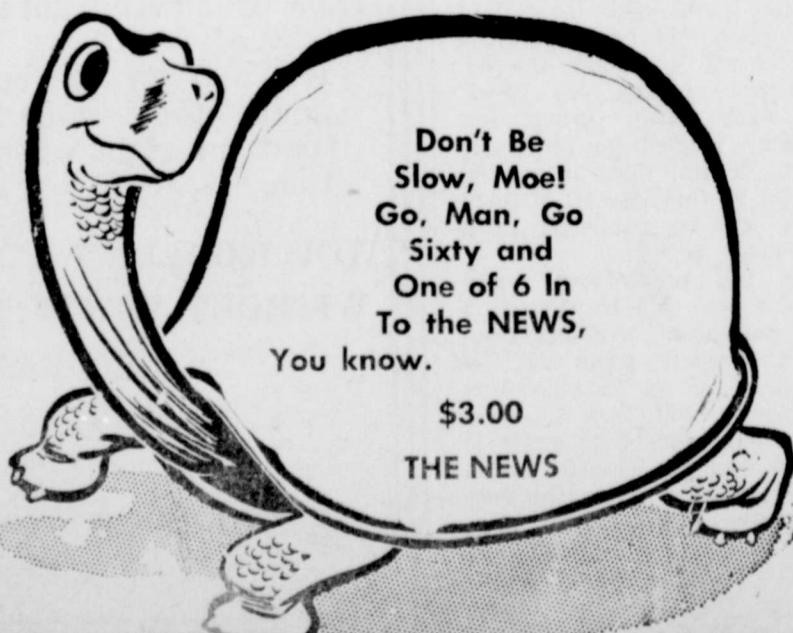

Semiconductors are truly a new industry. In 1955 sales were approximately \$35-million. Sales of \$350-million this year appear a reasonable goal while sales in excess of \$1 billion may be expected with five years. There is practically no electronic device produced today that does not use semiconductors. Companies engaged in semiconductors produce transistors as well as diodes and rectifiers. In the near future, these companies will be producing tunnel diodes. In the more distant future, electronic refrigeration and thermoelectric generators are a reasonable expectation.

The transistor is the darling of semiconductors. Its fantastic development and broad applications have given rise to publicity that the transistor is the backbone of today's semiconductor industry. Now some new developments, especially advances in microelectronics, do offer long term threats. On the other hand, there are many reliable estimates that transistors will still account for 40% of total semiconductor sales as late as 1956. Transistors run at cool temperatures and operate without malfunction for years.

Some well known companies in the semiconductor field are: General Electric, Westinghouse, Raytheon, Radio Corporation of America, Hughes Aircraft, Motorola, Philco and many others. All of these companies, however, also produce a broad line of other products ranging from military anti-missile missiles to television sets and dishwashers. The companies which appear to offer more semiconductors per dollar invested are: Texas Instruments, Transitron, Fairchild Camera, International

Rectifier and General Transistor. Texas Instruments and Transitron appear to be the two best quality companies in the group dependent on semiconductors for all or a large part of their business. Texas Instrument's average annual compound in earnings per share for the past five years has been in the neighborhood of 39%. Transitron also has had a remarkable growth record and pre-tax profit margins have been astounding and could be in excess of 35% this year.

In our opinion, Fairchild Camera cannot be considered as the same quality as Texas Instruments and Transitron, but Fairchild could prove to be a very rewarding holding. The company acquired Fairchild Semiconductor Corp. on October 16, 1959. This acquisition puts about half on Fairchild's earnings in the semiconductor field for it is our understanding that for its size, the company has one of the finest research teams in the industry. The company's plans call for 170% increase in plant space by the end of this year. This would make the Fairchild Semiconductor Corp. one of the three largest in the field. In our opinion, however, there are substantial opportunities for long term capital gains in the semiconductor field. We believe that the investor who sticks to reasonable quality and the larger, well established companies need not fear the eventual outcome on a long term basis. FNS

## Ohio - Liberty . . .

By Mrs. Bess Brown

We mourn the passing of Mrs. Ellen Thompson, who has been an inspiration factor of this area for 64 years. Aunt Ellen was always gentle and considerate. She sought, and found only the good in every individual, consequently she was loved by all who knew her. Liberty has lost one of its dearest treasures. We extend sympathy to the bereaved.

The recent showers pleased the farmers and ranchers, but they are anxious for sunshine and spring warmth.

Mr. and Mrs. Powell Seward of Gatesville, visited Mr. and Mrs. J. B. Sanders Sunday.

Mr. and Mrs. Ernest Smith had the following guests last week: a daughter and children, Mrs. W. A. Lindeman, Martha, Mary and William of Fort Worth; a son and family, Mr. and Mrs. Dwane Smith, and Gregory of Garland.

Among the many out of the community relatives who attended Mrs. Thomson's funeral, these

stayed over to visit their Liberty relatives—the Blairs, Perrymans and Laxsons: Mrs. Ola Reeves and Mrs. Annie Mayor of Minnesota; Mr. and Mrs. Lonnie Davis, Mr. Joe Blair, Mirtle and Belle Cook, all of Round Rock; Mrs. M. E. Moore and Mrs. Marie Stubblefield, Houston; Mrs. Mable Springle of Pearsall; Mr. and Mrs. C. E. Turner, and Mr. and Mrs. Seth Turned of Dublin; Mr. and Mrs. Jesse Thompson, Gatesville; Mr. and Mrs. Mark Morgan Dolly and Jacquelyn of Kerrville.

Mrs. Edith McCarver and Mrs. Fleta Sanders of Purnela, visited Gertrude Brown Thursday.

Mrs. J. O. Winslar, Mrs. T. J. Smith of Purnela and Sheryl Johnson of Waco, visited Grace Elam and Bessie Brown Friday.

Visitors with the Milton Browns last week end were Mr. and Mrs. B. L. Brown and family, Mr. and Mrs. Kenneth Brown and children of Waco, Mr. and Mrs. Jesse L. Green of Evant.

Mrs. Ralph Perryman and son, Darrell visited her sister, Mrs. Roby Alford at Belton and Mrs. Alford, who is a patient in Kings

Daughters Hospital at Temple.

Mrs. Edna Perkins of Fort Worth and the Fred Gorman family of Hamilton, visited the Alvin Kautzschs Sunday.

George Gibbs of Wichita Falls has spent the past two weeks with his grandparents, Mr. and Mrs. George Parrish. They took him home, and spent last week end with their daughter and family, the Tommy Gibbs.

Mr. and Mrs. George Parrish had a very happy surprise this week with the arrival of their son-in-law, Paul Stewart and children, Johnnie Frask and Connie of Denver, Colorado; Mrs. Stewart was unable to make the trip because of her job.

Week end visitors of Mr. and Mrs. Clifford Onstott and sons of Arlington; Mr. and Mrs. R. V. Hughes of Freeport; Mr. and Mrs. Bill Underhill and children; Mr. and Mrs. Odus Onstott of Ft. Worth; Mrs. Bertha Stovall of Talpa; Mrs. John Baker, Ballinger.

Mr. and Mrs. Clyde Huff of Dallas spent last week end visiting the Clovis Belvins and other relatives here.

Mrs. G J Baize had these visitors this week: Haynes Baize and Mr. and Mrs. Clyde Huff of Dallas, Nolan Baize, Mr. and Mrs. Maye Necessary, Mr. and Mrs. Archie Necessary, Mrs. Ora Bartlett, Mrs. Don Barcalow and Mr. and Mrs. John Shoof of Gatesville; Mr. and Mrs. Jim Kincheloe and Mrs. Rob Calhoun, Evant; Mr. and Mrs. James Billingsley and H. J. Mrs. Gayle Calhoun and Mrs. Calvin Perryman.

Friday, Mrs. H. J. Billingsley returned from a two weeks tour of West and Southwest Texas. She visited a brother and family, the Edgar Jones at Post; the family of another brother, the late E. G. Jones, at Brownfield; a brother and wife, Mr. and Mrs. Jake Jones, Pecos; and a sister and husband, Mr. and Mrs. G. W. Ray at Fort Stockton.

Mr. and Mrs. Clovis Belvin, Mr. and Mrs. Clyde Huff, Mr. and Mrs. Don Burealow spent Thursday in Temple visiting Mrs. Maude Belvin and Mrs. Raby Alford.

Mr. and Mrs. Jackie Brewer and daughter, and Jerry Bob Brewer of McGregor, spent last week end with the L. A. Brewer family.

### LIBERTY LADIES CLUB

Mrs. J. B. Sanders was hostess to the Liberty Ladies' Club, March 22. It was a good meeting with 21 members, 4 visitors and 4 children present.

The next meeting will be with Mrs. George Parrish, April 12. She announced a bridal shower for Samantha Jones, daughter of Mr. and Mrs. A. D. Jones who recently married in North Texas State Texacher's College at Denton, where she is attending classes. (Name of groom not available.) Mrs. Parrish invites Miss Jones' friends and relatives to attend.

No business meeting was called, but the president, Mrs. Clovis Belvin, and the secretary, Mrs. H. L. Billingsley, acting as a committee of two, decided that the meeting dates for the coming year would be drawn at the home of Mrs. Herbert McCarver, May 11.

Two quilts were quilted. One was an old fashioned wedding ring and the other was the Club's favorite pattern, "San Juan's Cobble-stone-walks," this design was brought to us by an old friend, Mrs. Dovie Bone, who lives at San Juan.

Mrs. Sanders served sandwiches, chips, pickles, lemonade, cake, mints, tea and coffee to the visitors, Mrs. Mary Crawford, Mrs. M. E. Moore, Mrs. Mable Springle of Pearsall, Houston, and Mrs. Mable

TERRE HAUTE, IND., TRIBUNE: "This week you paid \$10 to the federal government. Do you know how it has been spent? Have you heard of any waste?" This notice, with the amount varying with the individual, is printed on the pay checks of a Kalamazoo, Mich., plant . . . The practice arose when an employe gave notice that she was leaving her \$69-a-week job for one elsewhere that would pay her \$75. ## Lone Star AGRICULTURE

Released by  
State Department of

### FARM INCOME DOWN 16 PER CENT

This will certainly not come as news to many Texas farm families who have been well aware of the situation for months, but the U.S. Department of Agriculture has now officially confirmed that total farm income dropped 16 per cent in 1959 below 1958.

The decline in the average farmer's spendable income was a little less, the USDA reported, falling 14.5 per cent in 1959 below what the farmer had to spend in 1958. The average spendable income per farmer in 1959 was \$2,364, being figured on the basis of what the farmer has left after paying all production expenses.

The 16 per cent decline in total farm income showed a total of \$11 billion in 1959, compared with \$13.1 billion in 1958. The USDA attributed the drop to lower cash receipts and higher production costs, which are an old familiar problem to most Texas farmers.

Cash receipts went down in 32 states, including Texas, and crops showing the sharpest declines

Most of the increase in production expenses was due to depreciation charges, cost of repairs and operations, livestock purchases, fertilizer, hired labor and taxes.

The per capita income of the entire farm population last year was \$960, a decrease from the \$1,043 of the previous year. This was considerably less than half of the per capita income of the non-farm population, which amounted to \$2,202 in 1959.

But not all of the per capita farm income, the USDA pointed out, came from actual farming operations. Of the \$960 realized, \$643 came from farming and \$317 from sources outside of the farm. In 1958, the \$1,043 per capita realized showed \$748 coming from the farm and \$295 from outside sources.

The first months of 1960 have shown a slight regaining of some of the ground lost in total farm income, but the best opinion on the outlook as the year goes on is extremely cautious. Over-all, the census seems to be that there is not much basis for any

## WASHINGTON AND "SMALL BUSINESS" By C. WILSON HARDER

Sometimes people are heard to ask "why all this concern about small and independent business in America. Don't the huge corporations furnish opportunities for the ambitious."

This line of thought, undoubtedly engendered by considerable propaganda, is perhaps the greatest tragedy of our times, and is a false premise, to boot.

C. W. Harder

In a national survey made at the end of 1959 by a widely known research organization for one of the nation's biggest magazines, it was established that by far more men, and especially younger men, would rather be their own boss in a small company than to receive the same income from a big corporation.

The finding reveals that 65% of all men would rather be in small business than in a big corporation.

And the interesting part is of men in the 20-30 age group 67% prefer small business, while 66% of those from 31 to 50 prefer small business.

The survey also seems to explode myth big corporations capture loyalties of the cream of the American manhood.

In fact, the reverse seems to be true. Among 27% who preferred the big corporation for a career, and those who preferred small business when it

said better pay, thus indicating that monetary reward is not a prime factor in either case.

But it is significant biggest reason given for preferring a big corporation, getting 14% of vote, was "less responsibility." This, is a real shocker.

And it becomes all the more shocking when compared with the prime reason for the preference for small business.

Of the 63% who prefer a small business, 41% said the reason is "greater independence, more freedom."

Thus, they give what would have been perhaps the reason that would have been given by a small group on Bunker Hill not quite 200 years ago if somebody had asked them why they were there.

And the tragedy is that this type of manhood, largely through restrictions placed by bureaucrats in government, often find they have to work for a big corporation, as the laws and regulations made operation of small business too difficult.

And the greatest irony of all, perhaps, is that the typical bureaucratic official doesn't understand this desire for economic freedom, because they sought government service for the same reason given by those who prefer working for a big corporation "Less responsibility."

Thus, the question perhaps becomes one of survival. If American destiny depends on winning economic war with Russia, can this war be won by
