"FUSTEST WITH

THE MOSTEST"

Little 'g' gatesville, Texas

Election day again today. We had one Saturday, and 76 voted but there was no appreciable opposition which means everything's dory, and we like it like we got it, on the up and up, and all's honky-the down remains the same and the status quo is still the status quo. And, as was said to us by one board member: "Aw, we just let 'Luke' do it!" We were out-of-town on school business and missed voting, anyhow, there was nothing to vote for.

Now, we got another today. NOTHING has been said in press or radio by the incumbent, Mayor Charles C. Powell. His opponent, Dan McNeill has 'let it be known' in all media.

Since we flat-footed 'come out in a mayor's race' after the mayor had been in 16 years, and, the voters changed mayors. The change, then, benefitted a lot of people, and, then, they fell back in the groove, and let things build up, and 'forgot' us, who were credited with 'engineering' or 'instigating' the change. Friends (political) forget you; enemies (political) never do!

We do hope you THINK about this mayoralty race—from all angles. For instance: Mayor Powell is out for 'third term' isn't it? He has not stated proposals or platform; he is related by marriage to a current county attorney candidate, which if both were elected, would, would make the city-county governments, practically a family affair, and remember the statement: "Blood is thicker than water"! All of which, don't necessarily mean anything. As mayors go, suppose he's been a good mayor.

For instance No. 2: If Mr. McNeill has anything to hide, it isn't much. He's practically said it in both newspapers, and the local radio station. If he goes in, there'll be 4 incumbent aldermen, and it is indeed hard to put over 'programs' regardless of merit when you have to sell 4 voting aldermen on the program. He might do it, if elected, but in previous city history, this has not been the case, especially, if members of the council are in the least obstinate. At least, Mr. McNeill's program is ambitious modern, and something to 'try' to attain, gradually.

In any case, new proposals would have to be okehed by 2 councilmen and the mayor could break the tie, if he couldn't get a majority of the council vote.

SAFE JOB, MILLER MOTORS: ANOTHER TOM ROSS' STORE AT TURNERSVILLE

A 'city slicker' sometime Thursday night 'peeled' the safe at Miller Motor Company, and left with \$126.05 in cash, \$851.31 in checks and a number of title and insurance papers on cars owned by the company.

Entrance was gained, according to Sheriff Winfred Cummings, by a window in the rear near the wash room. The safe was rolled thru the office back into the garage behind the petition, and using chisels and hammers, the safe was opened and the contents taken.

Thought to be an SSB job, Tom Ross' Store of Turnersville was entered thru a window and some \$20 to \$25 in change was taken.

No clues have been found on either job.

If car titles and insurance papers are found, Sheriff Cummings asks that they be returned to him or the motor company.

"DOWN REMAINS SAME" THE STATUS IS QUO HERE: CHANGES ELSEWHERE

There was rare objection (scratches) to the re-election of the current incumbents on the CISB board members. It remains O. N. Hix, T. R. Williams, Jim Erwin. It's nice to be that perfect!

The vote was: Hix 75, Williams 76, Erwin 76. 76 voted, and no write-ins were reported.

In Copperas Cove 226 votes were cast, with incumbent Herbert Schneider returning to the School Board, and incumbent Floyd Taylor being defeated. Schneider got 101 votes, Taylor 62. Other candidates were L. L. Thomas, 109, John A. Hull 100 and Edward Urbantke Jr. 72. Hull Thomas and Schneider will fill the 3 places.

In Evant school board election At Pearl: Koether 2, Perry 5, Phillips 11.

At Evant: Koether 11, Perry 18, Phillips 9. Trustee at Large Hasse at Pearl 3, at Evant 17.

NEW VEHICLES REGISTERED

John T. McHargue '60 Chevy, R. E. Powell and Co., '60 Chevy, Carl D. Mayfield '60 Chevy.

It might be green, Queen!

This, it seems, would certainly safeguard any overly ambitious programs. There, you have to vote it like you like it!

You saw t demonstrated Thursday: Mom and Pop go where the kids go. Or, was it the kids go where Mom and Pop go. Anyway, it was the circus, and it holds for any other event or situation. It's healthy, and, American—circuses. Also showed there's still some money in the country, or was.

Library Week, 6-9. NEWS Offers Nucleus of Library 6 Books And 100 News

To start, or add to your library during Library Week, 6 to 9, THE NEWS is 'with 'em' and now offers choice of 6 books. Bible in red, white or black binding, or dictionary, cook, garden, fixit or garden book, plus 100 papers for the nominal figure of \$3.

If you'd started taking any other county paper with their Xmas edition, you'd a been half thru, now. Subscribers to THE NEWS still have 72 more papers coming to them. The 'ordinary' weekly only gives you 52 papers, and as of now, you'd be half thru. Not so with THE NEWS and twice as often — Tuesday and Friday.

But they got a big shindig, the 47th annual conference of The Texas Library Association in San Antonio, and various communities are too celebrating this theme "Timelessness—The Fourth Dimension in Books".

Two thousand librarians, trustees and friends of librarians will make this trek to San Antonio to hear and array of distinguished speakers including locally heard Chester Lauck.

WE VOTE TODAY! DON'T FORGET: HERE ARE THE CANDIDATES

City Election is on, and here are the candidates.

For Mayor:

CHARLES C. POWELL
DAN MCNEIL

For Alderman, W. 1:

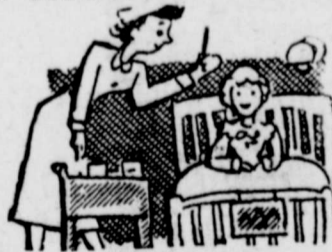

CHARLIE TREWITT

For Alderman, W. 2:

DAVE MCCALLISTER

Whether this is 'in order' as to the ballots, don't know, but, these four guys are to voted on.

IN THE HOSPITAL . . .

Mrs. Johnnie DeLord, Anderson Griffin, Rufus Brown, Mrs. Joe Ann McHargue, Ed Necessary, Mrs. J. R. Waller, David Mayo, Mrs. Sophia Jacobs, Mrs. John Pipes, Sanford White, Mrs. Thelma Higgins, Mrs. F. M. Weeks, Mrs. T. A. Chambers, Mrs. Beulah Poston, Dena Franks, Mrs. Jesse Maxwell, Mrs. Allie Basham.

MARRIAGE LICENSES

Robert Van Allen Grenman and Barbara Ann Cole.

CEREMONIES HELD SUN. FOR 10th AND SAUNDERS CHURCH OF CHRIST START

Ground-breaking ceremonies were held at the new location of the 10th and Saunders Church of Christ, with Minister M. K. Pullias as master of ceremonies. H. D. Rose, Earl Summerford, Mr. Adams and Minister Pullias, did the work — two shovels full of dirt each.

Representing the city was Dave McCallister, Alderman; C. of C., Pat Hollingsworth, president; Dick Dahlzell, young peoples director of the church read the Scripture, Psalm 127, 1st verse, H. D. Rose, Elder, gave the opening prayer; Earl Summerford spoke for the Elders.

Mrs. W. F. (Granny) Manning, oldest member, and first donor for the new church was present, and M. E. Powell, Elder, now retired, was also present. Minister T. J. Ruble of Central Church of Christ pronounced the benediction.

The church will be constructed thru an arrangement with Church Builders, Inc., which will supply foremen and use local labor when possible. Home Lumber Company is to furnish materials.

CORVELL COUNTY GOT BIG SHARE OF FM ROAD FUND DURING LAST 13 YEARS

In all Texas since WW II the Tex Hwy. Dept. has spent \$518,857,120 in building farm to market roads. Money came from a \$15 million a year appropriation out of the general fund and allocation of a yortion of the gasoline sales tax.

Hunt County tops them all with \$9,980,178, whereas Corvell got a total of \$2,795,768; \$256,506 in '59 and the \$2,539,262 in '46-'58.

Other Cetral Tex. county totals were Burnet, \$2,385,117; Falls \$2,726,779; Lampasas, \$1,474,339 Milam, \$2,687,576; Williamson, \$3,552,152.

Winners In Science Fair Don't Include Any From Corvell County Schools

Baylor University's Science Fair winners the past week included students from Eagle Lake, Temple, Weest, Corsicana, Blum, Waco, Killeen, Mexia, Belton, Midway, Valley Mills, all high schools.

In Junior High, Rancier, Killeen; Travis, Temple; Collin, Corsicana; University, Waco; Drane, Corsicana; Valley Mills; North, Waco; Lamar, Temple; Mexia.

AGRICULTURE

Released by
State Department of
Agriculture

**REALISTIC POLICY
ON CHEMICALS**

Not long ago Rep. Henry A. Dixon (R-Utah), who was an agricultural expert before he became a congressman, delivered a speech to the House in Washington in which he strongly implied that the present policy of the U.S. Food and Drug Administration toward use of chemicals in agriculture is downright ridiculous.

Rep. Dixon traced this policy to the administration's interpretation of the Delaney amendment prohibits in food any carcinogen residue—a chemical which ingested under any conditions can produce cancer in animals or humans.

"The original Delaney amendment," said Rep. Dixon, "was opposed by the Food and Drug Administration and had been rejected in committee as being too

sweeping. However, there was little opportunity for debate and on the floor House members were made to feel they would be voting for cancer if they opposed the Delaney amendment. So it passed in a breeze, as it also did in the Senate.

"The Food and Drug Administration takes the position that the Delaney amendment prohibits even the most minute trace of any carcinogen in human food, even though it requires heavy and sustained dosages to produce cancer in an animal. This has aroused the Farm Bureau, Farmers Union, and virtually all other farm organizations to an unprecedented fury.

"Farmer groups want to use these needed chemicals and protect public health through designation of safe, low, tolerances of chemicals established by the National Academy of Science, or a commission of scientists. They

fear that the present interpretation of the Delaney amendment could virtually wreck U. S. agriculture as well as worsen rather than improve public health."

Rep. Dixon quoted the Food and Drug Commissioner, George P. Larrick, as having pointed out that "cancers can be produced in test animals by repeated injections of sugar solutions in the muscle tissue or peanut oil or cotton seed oil or lard or tannic acid."

A realistic policy on the use of chemicals in agriculture is essential the congressman insisted, because "so much publicity has been given to the cancer scare that even routine Food and Drug actions are now causing financial losses to farmers, merchants and companies."

Before becoming a congressman, Rep. Dixon was president of the Utah State Agricultural College.

Anudre Martin, rookie defenseman for Cleveland hockey team is one of 29 children of a Quebec family.

Sandy Koufax of the Dodgers set 3 pitching records last season—most strikeouts in 9 innings most in 2 straight games and most in 3 straight games.

OBITUARY

J. W. SUMMERS

J. W. Summers, 85, died in Memorial hospital Mar. 29. at 6:30 p. m.

He was born Jan 18, 1875 in Wilson Co., Tennessee and his father was E R H. Summers He was married to the former Mis Sarah Ollie Britain who preceded him in death in 1953. Same fine results every time!

Electricity is your better way to cook because it's ACCURATE

You can say goodbye to guesswork cooking when you cook electrically. Measured heat electric surface units provide exactly the same heat from the same switch setting every time.

The electric oven is precision controlled to assure the exact temperature and cooking time your recipe calls for. There's no need for pot-watching and oven-peeking. You can

expect the same fine results every time. See your electric range dealer soon for a modern electric range.

H. A. (Buddy) BIFFLE District Manager

WILL INVITE YOU TO COME IN!

PATRONIZE THE MERCHANT WHO ADVERTISES HE WANTS YOUR BUSINESS

Twice-a-week many businesses of this community use the pages of this newspaper to extend to you an invitation to come in and look over their wares. These merchants SEEK your business. In return all they ask is that you come in and see what they have to offer you.

It is a pretty safe bet that a merchant who goes to the trouble to INVITE you in will treat you right when you accept his invitation.

YOU WOULDN'T ATTEND A WEDDING WITHOUT AN INVITATION . . .

THE SAME THING APPLIES WHEN YOU GO SHOPPING

THE STORES THAT WANT YOUR BUSINESS

ORPHANS SWAPPED

These two Greek orphans were swapped at Houston, Tex., by Mrs. Leroy Guenther of San Antonio, left, and Mrs. John B. Pa-

tella, right, of Houston. A mixup had caused the youngsters to go to the wrong parents when they

arrived at Houston's International Airport from Athens. The New mothers and youngsters all seem to be happy the mixup is over.

MORAVIA, N. Y., REPUBLICAN REGISTER: "The national debt is presently \$290 billion. The interest on this vast sum alone is \$9.5 billion a year.
 "The present proposed budget calls for spending of 79 billions.
 "If the budget which Eisenhower presented to Congress this week can be maintained, and IF

the surplus is used to pay off part of the national debt, and IF we can continue to show a proportionate surplus each budget year, with no more deficit years, the national debt will be reduced to zero in about half a century."

EVANT SCHOOL HAS AN EXCELLENT ACCREDITATION REPORT

Following is a letter from the Accreditation Board to the president of the board of trustees of the Evant School district, Mr. S. L. Smith. Following that is the report.

Dear Mr. Smith:

Attached is a copy of the report of a recent accreditation visit to your school. These visits are made as a part of the legal responsibility of the State Board of Education and in an effort to assist in school improvement. All schools in the state are scheduled for periodical visits. A copy of the report has been sent already to the head of your school.

The folder attached describes the accreditation program. I hope it will answer any questions you may have. However, if you have any questions concerning the report or the accreditation program, do not hesitate to let me know.

Very truly yours,
W. R. CATE
Assistant Director
Division of School Accreditation

REPORT OF ACCREDITATION VISIT

Evant Independent School District covers a 232 square mile area in Coryell, Lampasas and Hamilton Counties. Eight school buses are operated by the district. Properties taxed for school purposes consist mainly of ranching land and a crude oil pipeline that crosses the district. Assessed valuations are approximately \$1,960,000. The school tax rate is \$1.25 of which \$1.00 is for maintenance and operation and 25c for the retirement of bonds. Tax collections for the current school year amounted to 91 percent.

School board policies were being revised. Duties and responsibilities of the board and professional staff members were outlined and described. Minutes of board meetings were typewritten and kept in a bound journal; they showed the nature of the voting, and, except for the last four meetings, were signed by both the president and secretary.

Members of the school staff participated in a self-evaluation study during the 1954-55 school year. Current in-service education consisted of study, by the professional staff members, of the Texas Curriculum Studies Commission's Language Arts report. School is dismissed thirty minutes early twice a month for staff meetings. A previous in-service training project involved use of consultants from The University of Texas Extension Division's Science Teaching Improvement Program.

Only one campus unit is required for school operations. It contained a main classroom building for grades three through twelve, a gymnasium, vocational agriculture classroom and farm

ing for grades one and two. All buildings reflected adequate custodial care and upkeep. In addition, a hard-surfaced play area adjacent to the playground, provided space to supplement the gymnasium for physical education activities and instruction.

Professional staff members consisted of thirteen classroom teachers, one vocational home-making teacher, one vocational agriculture teacher, one special education teacher, and the superintendent. In addition, one teacher was employed on cooperative basis with two adjoining common school districts; this teacher taught one section of biology and one physical education class during the last two periods of each school day.

Student enrollment was 210 in grades one through eight, which included eight children enrolled in the special education class, and 83 in grades nine through twelve.

The current high school curriculum contained three units of vocational agriculture, three units of homemaking, four units of English, two units of science (biology and physics), five units of mathematics (algebra I and II, general mathematics, plane and solid geometry, and trigonometry), four units of commercial work (typing I and II, shorthand, and bookkeeping), two units of social studies (American and World History), and physical education. Twenty credits are required for graduation.

Elementary classes through the sixth grade were taught in self-contained classrooms. Instruction in grades seven and eight was semi-departmentalized. In general, the calibre of instruction throughout the Evant school appeared to be above average.

Although the program of the Evant Independent School appeared creditable, the following areas or conditions were in need of improvement:

1. Visual teaching and learning aids such as anatomical models and microscopes were not adequate for fully effective instruction in biology. (The Evant School is participating in both the science and testing programs of the National Defense Education Act.)

2. The crowded arrangement of the books and shelves in the central high school library did not permit easy access to the book collections. It appeared that the library program should be re-evaluated in terms of arrangement, accessibility, quantity and selection of books, and the extent to which it is used by the students. The collection of encyclopedias and other reference books in the high school library was adequate. Individual room collections of books were adequate in the elementary grade classrooms.

3. The boys' restroom in the main building was housed in a small room without exterior walls and without equipment for forced ventilation. The number of fixtures was quite limited.

4. Artificial lighting in the library-study hall was inadequate. Only three operative fluorescent light fixtures were available and several of the fluorescent tubes had burned out.

5. The farm shop was in need of additional tools. Due to the lack of a ceiling in the shop and inadequate heating, instruction in the farm shop work could be given only on warm days.

Recommendation. It is recommended that the Evant Independent School district be continued as fully accredited.

Delinquent Fathers

"And, ye fathers, provoke not your children to wrath: but bring them up in the nurture and admonition of the Lord."
 Ephesians 6:4

These words written by St. Paul to the Ephesians you might say are directed at delinquent fathers. They express St. Paul's idea of justice in the home and are important to the modern family.

Authorities generally agree that much juvenile delinquency today starts in the home. Many times it is caused by lack of respect of children for their parent, but just as often it is caused by lack of respect of parents for their children.

St. Paul warns parents not to overcorrect their children. Brutal discipline can lead to a rebellious and lawless child. A modern father as of old, must be fair, considerate and sensible. He must, of course, be the final authority, but he must exercise that authority with love.

TRACK SCHEDULE '60

4-9 Dist. 17-AA, Brady.

TEXAS SIZE WORMS

These "worms" might not go so well on a fishing line. They're a pair of nearly six-foot long live rattlesnakes brought in at Matador, Tex. Left is "Rattlesnake Bill" Slover, who has been crowned "World Champion Snake Hunter" four times at the Okeene, Okla.,

roundup. Right is Edmond Jackson. Both men are from Matador. The two snakes were dubbed "among the largest ever caught in the Matador area." They weigh between 8 and 10 pounds each as opposed to the average weight of from 1 to 3 pounds for a rattler. (AP Wirephoto).

ed right away. We don't know the TIL rules on this, but, seems late.

Grassers Win 6 of Seven Contests: Two More To Go

GHS's grass judges have done it again! They won 1st in the contest at Abilene Christian College, Abilene, Mar. 26, with Nathan Forrest high individual, Virgil Helm, 2nd, Ted Dickie 5th and Eugene Bond 6th. Forrest got a gold medal and the other 3 silver medals.

The team won in Clifton, HOT Fair, State Fair, Fort Worth Fat Stock Show, San Antonio Livestock Show, and ACC. "Two more contests will follow," Area VIII at McGregor and Waco Dairy Day.

I. M. PANCAKE MINE WAS "WRITTEN UP" BY FRANK TOLBERT IN DMN

by Frank X. Tolbert

Frank Tolbert, columnist and

ACTIVITIES GRADUATION

It's fast approaching. That 'mere child' you've watched grow and learn and, who we've had a part

in keeping healthy, soon, will leave your household for new worlds to conquer.

Now, as a final gesture, why not equip this 'grand person' with an Elgin watch to 'keep them prompt'? They start at FOSTER'S for as little as \$19.95. Selections are now complete—choose one NOW and have it ready for graduation!

writer of "Tolbert's Texas" had an article last week on the I. M. Pancake mine, which we quote as follows:

Isaac Parsons Pancake, Jr. is a short, wiry, whiskery, fellow with tracteries of chewing tobacco juice in the cheery wrinkles around his mouth. He was standing Monday before the headquarters of his small goat ranch near the city of Pancake, Coryell County, when I drove up.

There in the yard near Mr. Pancake was a scarecrow made with an old hat and some long handled underwear.

"Got this scarecrow to protect my poultry," explained Pancake, whose nickname is "Judge." "hawk and owls fly over here when they see them longhandles flopping under that hat."

Then Judge added: "You ain't been here in 4 years, let me show you my gol mine."

Four years ago this department called at the Pancake Ranch and reported in a mildly scoffing tone that Judge Pancake believed that he had the lost Jim Bowie Mine on his place. There was what looked like a mine shaft in the mesa

just west of the Pancake headquarters.

And Judge, who is a great one for fining pieces of limestone with ancient dates inscribed on them, said he had evidence that this mine shaft had sunk about the time Jil Bowie was alleged to have been at his mining operations.

Four years ago I sort of editorially laughed at Mr Pancake. Yet since then a very professional-looking mining operation had been installed in that mesa near the ranch house.

"These mining company fellows seen your column and taken me serious even if you didn't," said the judge. "They're shut down right now while we negotiate another contract. But this is still a going mine. She may not be the real Bowie mine but she's a going mine."

Mr. Pancake thinks he has at least one more mine on his land in shaggy Bertranl and Coryell Canyons. He showed me a piece of potato shaped limestone on which was etched a crude arrow and the date of 1717. "I followed a path of arrow points to this stone and I believe it points to a mine," said the Judge.

aches who play Belton Hi in all will be pleased. John Smith is gone. Got head and director of athletics at Fairbanks, a 3-A school Houston. He'll make 'em.

GHS golf team is shot. Downanny Shepherd, Joe and Johnones, and only chance in the rict, April 9, is for one of a to come thru as medalist runner up, which is quite a . Painful part is, there's noy coming up. Brady has a ol bus load everytime they r a tournament, and will have, n now on.

Haven't heard of the GHS k team winning a point thissea. They've missed most of the ys and track meets. Seems ny.

baseball is supposed to get start-

THE SCORE ON STYLE since 1940 is a definite score for smarter and more comfortable clothing. reports the American Institute of Men and Boys' wear For 1960 the Continental Style on the right features a streamlined shoulder, slanted pockets side-vents semi-peak lapels and a slightly rounded cut-away front. Trousers too, are slimmer in cut. The total impression is one of less bulk, more flattering line, greater comfort.
