The official count was completed Wednesday and turned into the County Clerk, Bubba Henson. Voting for the measure were 427 for and 652 voted against the issue.

## WORKMEN BEGIN DRILLING NEW WATER WELL

The City of Gatesville has begun the actual drilling of the new well east of Gatesville. Workmen of the Lane Texas Company arrived Monday morning to begin setting up the equipment.

Only two days were needed to erect the drill rig before the drilling operation began. Wednesday the rig was in place and drilling was under way on two shifts.

The original hole is to be 4" in diameter with scientific information to be logged at intervals during the drilling operation. Cost of the original "test hole" is approximately \$7,000.

The purpose of the "test hole" is to estimate the capacity of the well and then ream the "test hole" to the required diameter.

The City of Gatesville well study the Lane Texas Companies proposal (guarantee) and decide if the well is adequate.

Hope is that the well will produce in the 700 gallon per minute range.

City manager, Eiland Lovejoy estimated that the new well if it meets expectations would serve Gatesville when population reaches 8,000 and 10,000. Present consumption in Gatesville during the summer runs as high as 1,000,000 gallons per day with present storage facilities set at 1,850,000 gallons.

The Lane Texas Company will use geological samples from the "test hole" to make their estimate as to the wells capacity. Studying the formation and "water producing formations" a guaranteed well will

be offered to the City of Gatesville.

The well will balance the Gatesville water system. The new well will empty into the 1,000,000 concrete reservoir east of town. Mr. Lovejoy pointed out that the reservoir is located at the same height as the elevated tower on 23rd street. This reservoir is the equivalent of four towers the size of the 23rd street tower.

Drilling will take an estimated 6 weeks under normal conditions. Expected completion date should be in March well before water consumption demands reach a maximum.

## Turner Returned To County Jail

Charles James Turner, 20, was returned to Coryell County jail Tuesday night by Sheriff Windy Cummings.

Turner had been in the local jail during October, after being captured by Lubbock authorities for a Gatesville forgery charge.

Last October 29th, Turner was able to make good his escape during a Saturday cleaning session at the jail.

The man hunt that followed used all available help, highway patrol, city, county and GSSB personnel searching the area south of Gatesville, with no success.

This week Bryan law enforcement officers discovered that a Charles Turner was wanted by Gatesville authorities. Turner had been in the Bryan jail for a time, during his flight from Coryell County jail and was out on bond. Bryan authorities picked Turner up Tuesday and notified Sheriff Cummings of his whereabouts.

## GHS STUDENT BODY SELECTS BEST ALL AROUND

Friday, January 29, a hush settled over the halls of G.H.S. as the results of the "Best-All-Round" voting was announced. The winners of this coveted title were Cherry Tatum and Bobby Cole.

Cherry has been an active participant in several G.H.S. clubs during her four years of high school. She has been a member of the Spanish club, FTA, and FHA. Aside from this Cherry has still found time to work on the Junior and Senior annual staff, Cherry and her partner Kathie Schraeder are the editors of the athletics section of this year's yearbook. Because of her enjoyment for all sports, Cherry enjoys this

Cherry Tatum

job very much. Cherry also likes to compete in sports. She has done this as a member of the tennis team and the 1967 track team. Also, Cherry has spent a great deal of her time keeping spirit lively at sports events as a cheerleader for the last six years.

Cherry's popularity among fellow students is well proved by the fact that she was a Homecoming queen nominee, a junior duchess for May queen, a sophomore class favorite, and a runner-up for freshman favorite. Her good looks also aided her in snagging these honors. Cherry is a petite 5 feet tall, with green eyes, and blondish-brown hair.

Even with her time taken up with some many activities, Cherry is an A and B student, and plans to attend Baylor Un-

### LUNCHROOM MENU

 Wednesday -- Pinto beans with meat, Cole slaw, Pickle stix, Purple plum pie, Cornbread-butter, milk.  
 Thursday - Veal cutlets, gravy, Lettuce and tomato salad, Potato chips, Orange juice, Chocolate brownies, bread and milk.  
 Friday - Corny dogs, mustard, Potato salad, Baked beans, Butter cake, organe sauce, Bread and milk.

iversity next September.

With all her activities, Cherry still manages to find time for hobbies. She loves to swim, dance, and play tennis, football, and basketball.

Cherry is the daughter of Mr. and Mrs. Wade Tatum of Gatesville.

Cole was born October 25, 1948, in Taylor, but is a native Gatesvillite. Among the gent's varied habits, rock collecting is favored, and he finds this interesting. Hiking is another of his choice activities, and it comes in handy as he plays the 'rock hound.

Bobby enjoys all sports and is quite competitive minded when it comes to this activity. Participating in the assorted sports has been one of the joys of his high school years, and he likes teamwork. During the past year, Bobby has been the recipient of many honors, and among these was a largely sought-after title in football. He received the prized name of "All State" for his outstanding ability in the "pig skin" game.

Bobby Cole has won several honors in football this year; he is a very valued player on the basketball team; and probably will maintain a high position in any other sport enjoyed at G.H.S., but he feels that teamwork is a necessary factor in any field of competition. Without cooperation on the part of every player, there is no team.

Music is always enjoyed by Bobby and his pals, and rock and roll is the kind Cole really appreciates. Food is another favorite subject with Bobby, and his choice is steak, but other fine foods are certainly enjoyed.

A Hornets' Nest reporter asked Bobby what he was proudest of in the fruits of his labor at G.H.S. He said that he felt anything he had gained

Bobby Cole

had been due to the teachings and advice given by the G.H.S. coaching staff and the support extended to him by his teammates, and that anything he had attempted had been tremendously advanced by the teamwork of fel-

low sportsmen. However, he said that he was more proud of his title of football team captain than anything else in his high school days.

Bobby's future plans include college. He's not really sure where he wants to attend school, but he does want to major in math. No definite plans have been made, but a football scholarship is in the offering.

The son of Mr. and Mrs. R.E. Cole was obviously a good choice by G.H.S. students as "Mr. Best-All-Round."

Dear Uncle Charlie,

My boyfriend calls me up every Saturday afternoon at about 4 o'clock and asks me for a date. I like him a lot and am always eager to go, but it makes me mad when he calls me up and only gives me 2 hours to get ready. I sit at home all day Saturday wondering if I will have a date or not. How can I get him to call me earlier and still keep him?

Waiting by the Phone

Dear Waiting,

I could tell you to be happy that you have a date at all, but I won't. Next time he calls at 4 o'clock, just tell him "I'm sorry, Honey, but you should have called earlier. Another boy asked me for a date just a few minutes ago and I said yes because I didn't want to stay home tonight. I wasn't sure if you would call or not." If you do not want to tell him that you have another date, you might substitute a trip to visit relatives or some other excuse. This should solve the case of the late-caller.

U.C.

Dear Uncle Charlie,

There is this junior boy who keeps bothering me by asking me for a date. I don't like him, but I don't know how to tell him that I don't want to go. I have made several excuses and have been able to avoid the date for three weeks. I am

running out of excuses, and he keeps asking me out. Help!  
 Yosemite Sam

Dear Sam,

If you keep making excuses, he is bound to find out sooner or later. This will hurt him badly and prove very embarrassing for you. The best advice that I can give you is to come right out and tell him that you do not want to go. This could very well be one of the hardest things that you have ever done, but it will be the best in the long run. Of course, you could always go out with him. It might not be as bad as you think.

# EVANT NEWS

## Cornelia Kreid

Has anyone seen a rattlesnake this spring? On Monday morning, after the big rains, one was sunning his rusty hide in the gap west of Evant. He appeared to be about two and one half feet long. One may guess the rain probably made his bed wet. He is still living--wherever he went from there, to make a long story short.

All during the flooding of the streams, we tried hard not to "what if" about household illness or accidents, that might require a trip to the doctor... On the same Monday we spotted the snake, Joe barely got to the barn to cut wire on hay bales, until zip went a wire into his hand, making a trip for a lockjaw preventative shot, necessary. That was not very unpleasant, as when there is something one can do to better a situation, it is easy, but the next two escapes were most fortunate indeed. The wild driver who was so anxious to pass, in spite of signals, in plenty of time, that he ran past us on the left side as we entered the side road off highway 281, will always make us wonder why!...

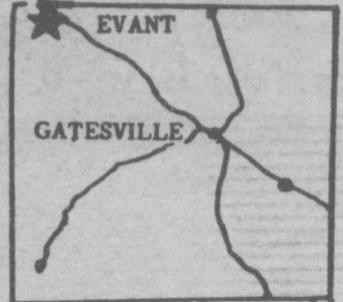

But that was not the only narrow escape; Bryan had to climb a tree, and fall out about sundown. We resolved to go to bed and hope we would not fall off it!

Samll wonder bird watching is our favorite winter sport, it is safe, tranquilizing and inspirational.

Who can remember ever seeing this much precipitation in January? Just before the last war, we had rain until we wanted it to stop even into March, but I do not know about the amount in January, without digging out my six diaries for data.

It looks like we are going to have to have the house moved in order to have a place dry enough to plow, yet, seeps are running still and branches forming below storage tanks, in the pastures.

Word was received by Preston Gholson, Monday, January 22, of the death of his niece, Mrs. Clarence Vann, Lampasas. She is survived by her husband and parents, Mr. and Mrs. Robert Gholson and one brother, Kenneth, all of Lampasas, and two daughters, ages 17 and 12. Mrs. Vann had been ill only three days with flu,

when death came, at her home very unexpectedly.

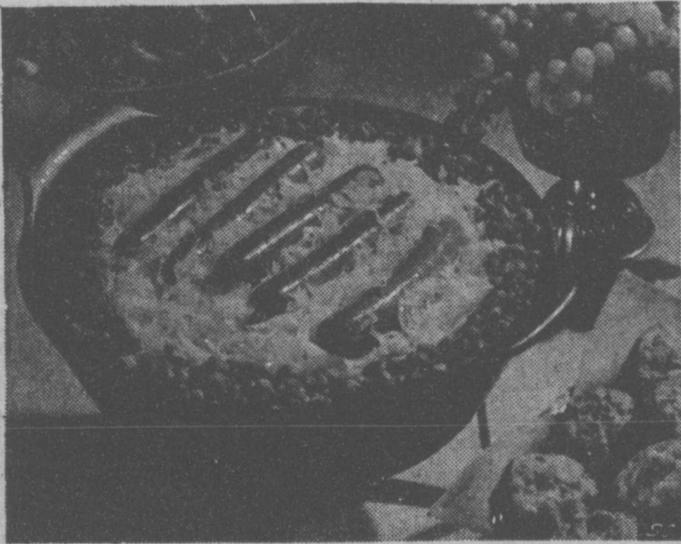

In addition to the death in the family, Mr. Robert Gholson, himself, suffered a heart attack shortly after learning of his daughter's death and was taken to Rollins--Brook Hospital in Lampasas.

Mr. Edwin Marwitz, a surgical patient in Harris Hospital, is reported by her family to be doing fine. Please address her cards to 1203 Benbrook Terrace, Fort Worth, Texas, in care of Mrs. Lynn Covington, as she will soon be in her daughter's home there.

Mrs. George Matthews underwent surgery at Scott and White Hospital, Temple, Wednesday. Her friends and family rejoice that she is doing fine and extent of her surgery not of the serious type. She sort of slipped off, this time. . .

## Old World Flavor—New World Favorite

Just as Americans are a great 'melting pot' of nationalities, our foods are a potpourri from many different countries.

This Wiener Bean Bake with sauerkraut, for example, combines favorite foods from two continents.

Although 'Boston' baked beans will never be identified with any other locality, they were actually known to the early Romans and were commonly served in a mixture with other vegetables.

Nobody knows for certain when or where the first wiener was made, but tradition has it that as early as 5 B.C. it was a popular Grecian appetizer.

And sauerkraut is not all German as many think. Known as 'sour cabbage' to the Chinese, it achieved a historic role during the building of the Great Wall—it was served to starving workers to stave off malnutrition.

So this wiener and bean casserole has an interesting history—yet it is a modern combination, easy to fix. WIENER BEAN BAKE, A LA KRAUT is bound to be your family's New World favorite.

### WIENER BEAN BAKE, A LA KRAUT

- 1 pkg. (1 lb.) Oscar Mayer Wieners
- 2 cans (1 lb. ea.) pork & beans with tomato sauce
- 1/4 cup chili sauce
- 1 can (1 lb.) sauerkraut, drained
- 1/2 teaspoon dill weed

Preheat oven to 350°. Cut half of wieners into bite-size pieces. Combine with beans and chili sauce in 1-1/2 quart casserole. Cover with sauerkraut and sprinkle with dill weed. Bake 30 minutes. Top with remaining whole wieners and bake 15 minutes longer. Makes 5 servings.

and we do not blame her. One who has undergone as much treatment as she has has a right to be sick of being sick. She deserves all the congratulations for remaining brave, cheerful and charming.

It is good to report that Mr. Henry Soules, a part-time bed patient, in his home, had an exceptionally good week. He is able to see his friends, most of the time, who can drop in.

Dude Farr, local carpenter, was taken to Hamilton County General Hospital this week, with an apparent heart attack.

Mr. and Mrs. Nelson Shave, Hamlin, were recent guests of his mother, Mrs. Lula Shave.

Mrs. J.Y. Hamilton spent a few days in Hamilton's hospital, and returned home Saturday.

Mrs. W.M. McAnelly spent Thursday visiting her sister, Mrs. J.O. Swindle, at Indian Gap.

A visit to Goldthwaite proves we are growing up on the Kreid place. Bryan was "big enough" to stay alone in the dentist office, for his first filling, while Joe and I shopped in town. Also, in-keeping with my promise of some five years ago, I dropped by the office of Dr. Glen Raley, a Goldthwaite physician for some fourteen years. It was not a professional call, and of course I had to tell

the truth, at about ages ten. The unique thing about a visit like that is one always comes home, looks in the mirror and smirks and smirks! The doctor married a former Miles teacher, who now teaches in Star Public School. His mother is presently a patient in a convalescent home in Goldthwaite, due to broken ribs in a recent fall. Naturally, she did not ever hear of me, but she knew my parents--and she is very charming. The Raley family owned and operated a drugstore in Miles, along in the days when J.C. Elam's father owned and operated a feedstore there.

Donald Kennedy, local rancher and businessman, went to Miles school to Dr. Raley's wife, so it makes us all know what made my gray--even if I did have my hat on, and the doctor could not detect it. And as Mrs. Raley and I walked in to see the senior Mrs. Raley, a Mrs. Petsick entered to visit her. She is an aunt of the charming Kay Petsick who has won so many 4-H honors of teaching ((and of course they had to ask if I was one) and it ended up that Mrs. Raley and Mrs. J.E. Green, Evant, teach together. Who on earth ever started the story I knew enough to teach, anyway? I have been asked that one all my life...

Mrs. Prentiss Galaway has her son, Clynton, wife and

granddaughter, of Benton Arkansas visiting with her presently. Mrs. Clynton Smith and her family are also visiting the Lilburn Greens, as Mrs. Green is her mother. Clynton is employed with Alcoa Aluminum and is taking advantage of their customary vacation of several weeks, which is offered their employees every five years.

Mrs. Clarice Stinson Doggett died in Hamilton County General Hospital and was buried in Pilgrims Rest Cemetery, south of Evant, Sunday afternoon. She is a daughter of the late Mr. and Mrs. John M. Stinson, former residents of old Mt. View Community.

Evant citizens turned out in large numbers to congratulate the owners of the new Rotunda Rest Home at Gatesville. Modern is every way, the thirteenth patient had entered it, at last account. Capacity residents strength is some sixty two. Mrs. Delvin Marwitz, mother of manager, Gary Marwitz is working part time, but confesses they have not put her on the payroll. Interested in the home, together with the Marwitz family are owners of Heritage Home at Goldthwaite, Mr. and Mrs. A.K. Arnold, who are former residents of Evant. Visiting in the home of her grandparents, to celebrate her sixth birthday, along with her parents, was Valerie Flach, daughter of Mr. and Mrs. Ben Flach Jr. of Dallas. Mr. and Mrs. Ben Flach, local business people, said it took no time at all to prepare a cake and "trimmings" for the celebration, after a phone call stating they would be down for dinner, which was made about 10:00 in the morning. This fast age never disturbed Valerie a bit, for she enjoyed the ride into the country with her family.

Mr. and Mrs. Trafton Arnold attended church at Hamilton Sunday. Their Saturday guest included Mrs. David Lingefeld, granddaughter, who was enroute to Huntsville, Alabama, where her husband is stationed in the army. They both graduated from Taylor University. She has just received her degree, but he got his last June.

Mr. and Mrs. "Curley" daughter Elizabeth and a friend, Miss Harper, visited the Trafton Arnolds Sunday as they were enroute to Gatesville to attend the opening of the Rotunda Nursing Home.

Mr. Paul Horton, one of the finest of Evant's senior citi-

zens, underwent surgery at Hamilton County General Hospital Monday morning. His wife stated, Sunday that she shall not be able to stay with him, as she did last year, due to not being over the flu as yet.

## HORNETS DROP CRUCIAL DISTRICT CLASH TO TIGERS

Tuesday night in Belton the Hornets played three quarters of the finest basketball of the year. After three quarters the Hornets had a 4 point lead.

It just was not to be a Hornet victory. Foul after foul put three Hornets on the bench in the fourth quarter. First, Jerry Morgan went out for some reason then Bobby Cole was out and next Raymond Cole did something I guess.

The Gatesville five started strong moving out to a 6 point lead in the first quarter pressing the Tigers all over the court.

In the second quarter the Tigers began to close the gap and by half time trailed by only two points.

In the third quarter both teams slowed the pace some what to protect key personnel in foul trouble. The Hornets made a bid to ice the game late in the third quarter when Reggie Scheonewolf hit four point lead at the climax of the third quarter.

The disastrous fourth quarter began with the Tigers meeting the Hornet offense outside in an effort to stop the outside shooting of Scheonewolf. Out went three Hornets. No scoring and the Tigers poured in 19 points. Victory leaves the Tigers tied for first in the North Zone championship. Gatesville can take third with a victory over Taylor.

The locals will have a 500

average if they can take the Ducks next Tuesday night in the Gatesville gym. It will be the last game of the season and the team will be out to win this one.

It would be nice if the town would come out and see the last game of the year. All you football fans come out and see these Athletes in action.

The Tuesday night event will honor the senior class.

The Gatesville Hornet scoring went as follows:

- Bobby Cole 14
- Reggie Schoenewolf 12
- Kenny Gaston 7
- Raymond Cole 7
- Buddy Wiggins 6
- Jerry Morgan 2

## Hornet B's Trail Belton B's 54 - 47

The "B" team found the Tigers hard to handle on the home court at Belton. Belton was just not to be denied. Belton out-scored the Hornets 54 to 27.

The Hornets were off to a slow start in the first quarter as Belton took a 12 point lead.

In the second quarter the Hornets narrowed the gap to 3 points.

In the second half the Hornets scored consistently but the Tigers still pulled away for a 7 point victory.

Hornet scoring went as follows:

- Doug Freeman 12
- Billy Stovall 12
- Bruce Neeley 7
- Fred Rhea 6
- Mike Moore 4
- Danny Belf 4
- Gary Carothers 2

The Hornet Track team has been working out for weeks but the team will pick up equipment February 6 and begin working toward their first meet on February 24th.

In Lampasas and Belton the team rosters for the two com-

peting teams are entered on a large scoreboard for the fans use. It makes the game more interesting.

The Gatesville State School for Boys employees donated \$153.50 to the March of Dimes Tuesday.

## GHS Golf Team Readies For Spring

The Hornet Golf team took advantage of a break in the rainy weather Monday afternoon to begin working on their game. The team is scheduled to play in several tournaments this Spring, with hopes of advancing in the District, Regional and State meets later in the year.

Experience gained at weekend tournaments will save strokes at the Texas interscholastic tournaments.

There are week end tournaments in Fort Worth, Brady,

Lampasas, Bastrop, Brownwood and Gatesville. These tournaments are stepping stones to college careers and successful business opportunities, not to mention the hours of enjoyment.

This year, Mr. Bob Arnold, Jr. will coach the boys.

Pictured above, are, left to right: Doyce Wright, Clay McClellan, Bob Thomas, Gary Campbell, Butch Price, Mike Schloeman and Jim Thomas.

## Mrs. Roy Evetts Announces Candidacy

I wish to announce to the people of Coryell County that I am a candidate for the unexpired term of my late husband Roy Evetts of Precinct #2 to which I feel, we together honestly and truly earned in the past election.

During the 25 years of his service to the County and people I have learned quite a bit about the County affairs and what the duties of a commissioner

are. I have lived here all my life on a farm as a housewife, and have worked in public office and on since 1943.

I feel sure I cannot see you all individually, as he did, but I am now asking you for your help and support in the coming election.

Thanks to All Mrs. Roy Evetts
