Jaycees Hold Annual Banquet Friday Night

The Gatesville Junior Chamber of Commerce held its annual Installation and Awards Banquet Friday night at the Chateau Ville Restaurant.

Emcee for the banquet was Jaycee Joe Bob Williams, 1967 President, Damon Wicker, turned over the leadership of the organization to the new president, Mike Blanchard.

During the past year, under the leadership of Damon Wicker, the club has conducted another highly successful and entertaining rodeo, helped in the little league program, carried on a pee wee football program, and helped in the development of a better community with Coryell County Courthouse lighting project.

This year's President, Mike Blanchard, inherits the programs started in 1967 and will seek completion of the many worthwhile projects.

Past President, Damon Wicker, made several awards at the banquet to Jaycees for excellent work.

The award for Jaycee of the Year was presented to Tom Kennedy for his work in many Jaycee activities, including his contributions in the area of Community Development. Further appreciation of Jaycee Kennedy's work was shown by awarding him with the Presidents Award.

Jaycee Jerry Sullivan received the Distinguished Service Award for his work with the organization.

Jaycee Bill Henson received the award for the committee of the year, in connection with his work with the annual Jaycee rodeo. The rodeo program was handled smoothly and completely in 1967 and Bill can take pride in his committee's performance.

This year, the Jaycees recognized the Layman of the Year, Selection of the individual to receive the award was made by the local pastors, Chaplain Jim Sanders of the Gatesville State School for Boys made the presentation to Sotero Gomez, who was selected as the first winner of the award.

The club membership held a short business meeting to vote to award all past presidents a life time membership in the Jaycees.

Emcee Joe Bob Williams introduced Gatesville's Mayor, Dr. Wendel Lowrey, who made the introduction of the guest speaker, Mr. Waggoner Carr.

Carr spoke to the group concerning the image of the United States created by publicity of such incidents as riots and demonstrations.

Following the banquet, the Jaycees and guest were entertained at a dance at the Gatesville Country Club.

Pictured above, at the Annual Jaycee Installation and Awards Banquet, are Bob Saiter, state representative; Dr. Wendell Lowrey, Mayor; Waggoner Carr, candidate for Governor and Mike Blanchard, President of the Gatesville Jaycees.

Sigma Rho Spring Fashion Show Held

Miss Martha Parrish, daughter of Mr. and Mrs. Wallace Parrish of Purnela, and Miss Debbie Lam, daughter of Mr. and Mrs. George Lam, Jr. of Mound, model the new look in swimwear for 1968. The girls are part of the fashionable models who gave the show audience a taste of new spring fashions.

C of C Directors Will Meet Thursday

The Board of Directors of the Gatesville Chamber of Commerce will hold their regular monthly meeting Thursday, March 21 instead of the last Thursday of the month, March 28.

The board will elect the coming year's Executive board at the Thursday meeting.

The change is meant to give more time between the regular meeting and the April 1 annual banquet. The Chamber has tickets on sale at several locations, including White Auto, Chateau Ville restaurant, The National Bank, The Guaranty Bank and the Chamber of Commerce office.

Only a limited number of tickets are available and citizens are urged to pick up tickets early.

Chester Sadler Service Held Monday

Chester Calhoun Sadler, Sr. 80, passed away March 16 in the Veterans Hospital in Dallas.

Services were held March 18, at 2:00 p.m. in the First Presbyterian Church in Gatesville with Rev. Tom Stewart officiating.

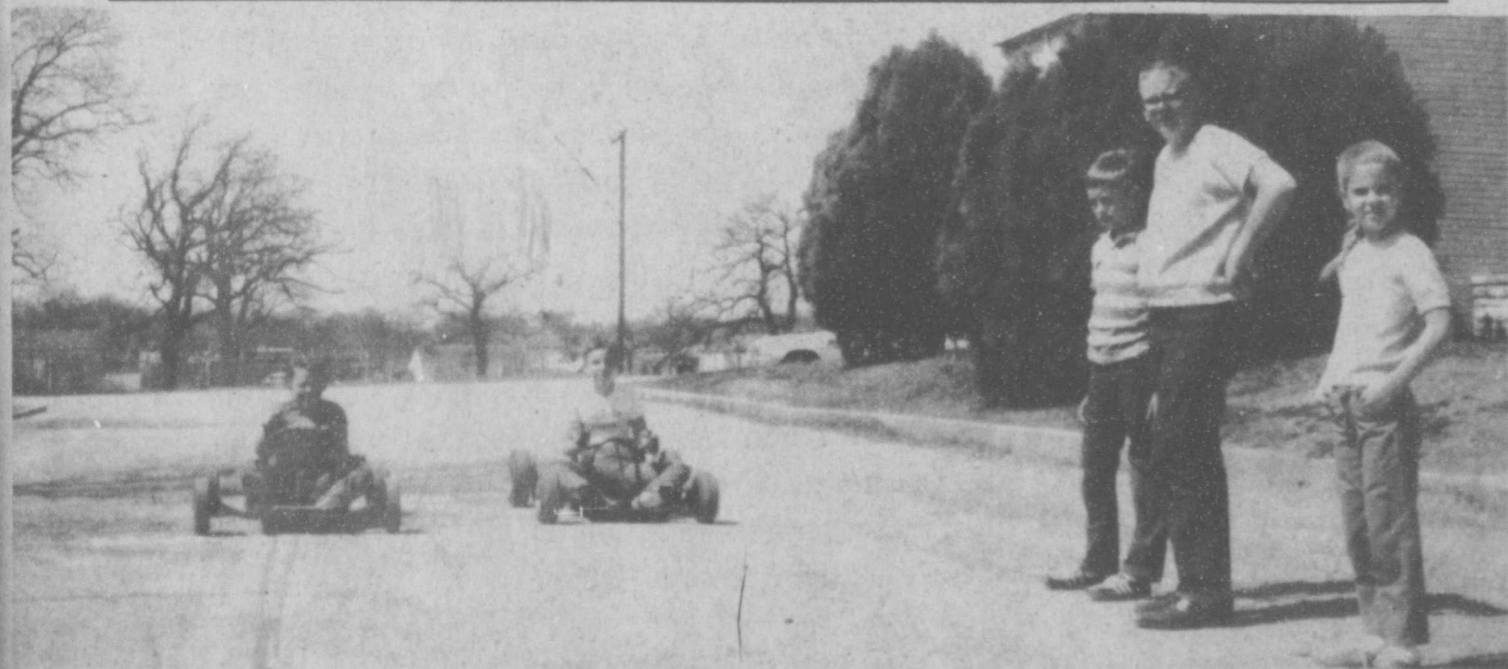

Mr. Sadler, a native of Coryell County was born December 6, 1887 in Coryell City. He lived there until moving to Gatesville fifty-two years ago.

He was married to the former Sallie Ann Justice on June 8, 1923, who survives him.

He was a veteran of World War I.

Further evidence of spring is the go-cart activities in the Elementary School parking lot. Steve Ashby, son of Mr. and Mrs. Robert Earl Ashby and Cody Fulcher, son of Mr. and Mrs. Jack Fulcher, drive toward the finish line in one of the many duals in the warm sun last Saturday.

Waiting for a turn behind the wheel are Larry Brazzil, son of Mr. and Mrs. Creston Brazzil, Kenneth Ingram, son of Mr. and Mrs. Clyde Ingraham, and Carolyn Fulcher. The go-carts are reasonably safe and it is highly unlikely that a car would ever turn over.

Easter Seal Society Officers Variety Of Services

The Easter Seal Society for Crippled Children and Adults of Texas offers a variety of services for the physically disabled citizens of Coryell County, according to Mr. Ray H. Byrom, the Easter Seal Representative for the county.

"The Texas Easter Seal Society can provide services to people and families who cannot afford to pay all or part of the cost involved. We can assist in paying for physical, occupational and speech and hearing therapy when it is prescribed by a medical doctor," he said.

"Should a family or individual have to travel to another town for therapy we can help defray traveling expenses when the family is unable to meet them."

"We can also provide assistance to individuals and families in purchasing orthopedic equipment such as wheelchairs, walkers, crutches, braces when prescribed by a medical doctor."

"We can provide help to families in reaching the right person or agencies to receive help that the Easter Seal Society does not provide. This is very important when special treating, evaluation or hospitalization might be necessary. Also people are often eligible for services from public or private agencies, but do not know the person, requirements, or place to get the help, perhaps the Easter Seal Society can help," he added.

Mr. Byrom urged anyone who might be able to benefit from the help provided by the Easter Seal Society to contact him at Guaranty Bank & Trust Co., Gatesville, Texas, 76528.

Easter Seal Services are available to any adult or child with a physical handicap. The 1968 Easter Seal Appeal will provide funds for a wide variety of educational projects and treatment services for Texans. The campaign will run through Easter Sunday, April 14.

Texas Nurses Association To Hold Thursday Meeting

A most interesting as well as informative program has been announced for the regular monthly meeting of District 10, Texas Nurses Association, to be held Thursday, March 21 at 7:30 p.m. in the Civic Room of the First National Bank Building. Mrs. Jack Cantrell has said that the program will be in keeping with the philosophy that nurses are citizens as well as nurses. She gave as the subject to be discussed by three Wacoans who are completely familiar with the health needs and resources in this area as: "Nursing Needs of the Community; Where we've been; where we are; where we are going and what we, as nurses can do about it". The panel will consist of Dean Mayberry, Executive Director of the Action Planning Council; Jim Miller, Director of Urban Development; and Ed Pugh, Chief Social Work Service at the Waco Veterans' Administration Hospital and recent recipient of the Urban Service Award from the Office of Economic Opportunity.

members to make this a red letter year for Texas nurses. Texas will have the HemisFair, a first for Texas, but the Texas Nurses Association will also be host to the American Nurses Association Convention in Dallas in May. This too, is probably the first time that an A.N.A. Convention has been held in Texas.

Highlights and Sidelights

Vern Sanford

All those candidates for governor got a hefty bit of pressure off them when both the state Democratic and Republican executive committees decided to put the question of liquor - by - the - drink on the May 4 ballot.

With increasing concern over liquor - law enforcement and the Texas Liquor Control Board, coupled with Gov. John Connally's push for liquor - by - the drink, gubernatorial candidates have been pressured hard for their stand on the issue.

Now, with the question being put to the voters in a referendum, all the candidates have to say is that they will abide by the wishes of the voters.

Also on the ballot as referendums will be the question of pari - mutuel horse - race betting and the creation of a Texas Dairy Commission with the power to regulate and fix the price of milk and other dairy products.

Although none of the voters' answers to the three questions will be binding, the issues do assure a high turnout of the more than 4,000,000 registered voters. It will take an act of the Legislature to put any of them in effect. Ballots will merely say: "This proposition is only an expression of public opinion and has no force or effect as law".

Legislature directed the first primary vote on local option pari - mutuel gambling. Petitions signed by 119,000 voters called for voter opinion on creating a Texas Dairy Commission with power to regulate milk prices.

Both party leaders decided the liquor - by - the drink issue is hot enough to warrant a check on that, too. This referendum will be the first opportunity Texas voters have had to express their opinions statewide since the repeal of prohibition in the 1930's.

Campaigns already are shaping up on the high-voltage drinking and gambling issues. Opponents of a dairy commission also are organized for battle. Anti - crime Council of Texas has formed to combat organized crime and defeat the racing proposition. Committee for Tourism and Regulated Sale of Mixed Drinks stands ready to get back into action. Dry spokesmen report that they have organized to fight liquor - by - the - drink. Texas Racing Association is ready with a campaign for a wagering proposal.

Meanwhile, House committee studying liquor laws has asked for an attorney general's opinion on constitutionality of a mixed drink local option bill, or effect as law".

PARKS IMPROVED

While finishing touches were applied to the \$1,000,000 renovation of the Davis Mountains State Scenic Park near Fort Davis, new federal grants were approved for four other state parks.

Federal funds of \$104,150 matched by a state appropriation of like amount will finance a 498 acre park 14 miles southwest of Cleburne.

Federal funds, of \$28,500, also matched by legislative appropriation, is earmarked for Mission San Francisco del Los Tejas Historic Park northwest of Crockett, a 118 - acre historic park in the Piney Woods.

Lake Brownwood State Recreation Park near Brownwood will get \$117,150 federal money matched by the state for its 538-acre park.

Another federal grant of \$99,900, matched by state funds will create the 588 - acre Bensten - Rio Grande Valley State Scenic Park near Mission.

Dedication tentatively is set for March 28 of the Davis Mountains Park. Also slated for dedication by Governor Connally that same day at the Park is scenic Texas Mountain Trail, one of ten unveiled by Connally last January to lure tourists off the beaten path into Texas areas of outstanding beauty and historic interest.

SCREW-WORM CASES CUT

Texas' screwworm eradication program cut reported cases of infestation from 49,484 in 1962 to 1,219 in 1967. So reports Auditor C.H. Cavness in his audit of the Animal Health Commission.

Commission's share of the program has been turned over to the federal government except for security supervision

of the Rio Grande Valley screw-worm fly production plant and the required inspection force.

COURTS SPEAK

State won its \$1,000 civil penalty suit against a Bellville Contractor under a water permit law. The road builder was first permanently enjoined from using public waters without permit from the Texas Water Rights Commission.

State Supreme Court denied rehearing of a decision that Hillsboro cannot enforce a peddlers and vendors ordinance against an insurance company.

Court of Criminal Appeals upheld a six-year probated sentence for a Houston lawyer who encouraged his client to lie on the witness stand.

Same court ordered a new trial for the man who received the deal penalty for shooting death of a potato chip salesman in Chambers County.

APPOINTMENTS

John Stokes of Lufkin is the new executive director and special counsel for the Republican Party of Texas. He succeeds Al Allison of Dallas who resigned to accept a private business offer.

Gubernatorial candidate John Hill named Rep. Bob Armstrong of Austin as executive director of his statewide campaign.

Governor Connally appointed A.E. Fawcett Jr. of Houston and R.F. (Bob) Byers of Dallas to the Texas Water Well Drillers Board.

House speaker Ben Barnes has appointed Rep. Delwin Jones of Lubbock as chairman of the House Interim Committee to study egg importation and grading.

William J. Harding will direct activities of the new As-

sociation of Texas Fire and Casualty Insurance Companies. John Peace of San Antonio, a member of the Board of Regents of the University of Texas System, has been appointed by Chairman Frank C. Erwin, Jr. as a member of the Board for Lease of University Lands.

MORATORIUM ASKED

The Texas Animal Health Commission has joined the Texas Farm Bureau and the Texas and Southwestern Cattle Raisers Association in asking the U.S. Department of Agriculture to delay a proposed new regulation prohibiting interstate shipment of cattle from countries not certified for brucellosis control.

Under the proposed regulation, cattle in uncertified countries could be sold for consumption only in Texas, unless the cattleman has his herd qualified himself, which involves personal expense.

Ninety-five Texas counties are not certified, and one AHC official estimates that three years will be required for compliance. As the regulation now reads, it will go into effect sometime between May 1 and January 1, 1969.

The USDA regulation is being sought by those states which are completely certified and do not want infected cattle being shipped in from states not so certified.

FROM THE DESK of Sen. John Tower

The Senate passed this week, a Civil Rights bill, considerably more broad in scope than I or anybody else had expected was possible this year. The final bill included protection measures, open housing measures and anti-riot measures.

Although the House of Representatives is likely to make substantial changes in the bill before it is finally sent to the President, I want to take this opportunity to review for you some of the major points in the bill as it was passed by the Senate.

In the field of rights protection, the bill makes it a Federal crime to injure or intimidate Negroes and civil rights workers while they are engaged in schooling, employment, traveling or jury service. The bill extends similar protection to all persons - regardless of race - when federal programs, federal juries or voting are concerned.

While I felt many of these protection provisions were of

some benefit, I also felt that such federal protections should be extended to all citizens, should be extended to all citizens.

It was made clear by an amendment to the bill that there is to be no prohibition on law enforcement officers carrying out their official duties and no penalties applied to police, national guardsmen or soldiers engaged in the suppression of a riot or civil disorder.

In its open housing section - which was added to the bill by amendment, - the bill contains several complex provisions designed to forbid discrimination in the sale, rental or advertising of housing. The effective dates of this open housing coverage vary.

Effective upon presidential signing of the bill, discrimination would be forbidden on all housing which has some federal financing involved, except for single-family homes that are occupied by the own-

ers. Effective at the end of this year coverage would extend to all multihousing units and to all real estate development projects.

Effective at the first of 1970 coverage would extend to all privately - financed, single-family homes that are occupied by owners and sold through real estate agents.

Thus, if the Senate's open housing provisions ever become fully operative, private discrimination would be allowed only when a single - family dwelling is sold by the owner directly to a purchaser without the use of a real estate agent and without discriminatory advertising of any kind.

I had some serious objections to this sort of federal legislation, as I told you in last week's report, feeling that these matters are best determined by state and local community action.

The open housing provisions were the reason for my vote against the over-all bill.

I do approve very strongly of the anti-riot provisions added to the bill. For nearly two years, I had been urging that it be made a federal crime to cross state lines to incite a riot. That provision finally passed the Senate as an amendment to the Civil Rights Bill.

In addition, it was made a federal crime to manufacture or transport weapons, explosives or incendiary devices for use

STINGETTES HOLD SPRING TRYOUTS

The Stingettes drill team of Gatesville held their spring tryouts Saturday at the High School gym.

Miss Gussie Nell Davis, director for the famed Kilgore Rangerettes, judged the girls. The girls were judged on appearance, precision, projection, rhythm, high kicks and their ability to remember routines. Nineteen were chosen for the line and six were chosen as substitutes.

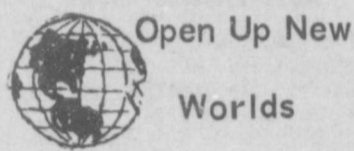

The High-kick line will consist of the following girls: Gloria Blanchard, Joy Brook-

shire, Debbie Day, Donna Fry, Judy Gulley, Vicki Hollingsworth, Jean Jackson, Shirley Jones, Cindy Kopec, Kathie Lee, Paula Martin, Linda McLeod, Dolores Ortega, Susan Perryman, Celia Powell, Debbie Pruitt, Patti Schipper, Linda Smith, and Eloise Washburn. Substitutes named were Donna Cope, Susan Fry, Barbara Gilmore, Pecolia Massey, Terry Tippitt and Vickie Dossey.

The girls work all year long, but the football performances are the main attractions. This spring, the Stingettes

Dance classes will have a recital May 17-18.

The girls will have further workouts in the summer in preparation for the coming football season.

Miss Connor - Mr. Bauman Wed In Home Ceremony

In a double-ring ceremony performed in the home of the bride's parents, March 15, Miss Glenda Connor became the bride of Mr. Jonathan Bauman, Minister Marvin Rowland of Evant officiated at the candlelight service.

Miss Connor is the daughter of Mr. and Mrs. Glen R. Conner of Bee House. Parents of the groom are Mr. and Mrs. John E. Bauman of DeLeon. Given in marriage by her father, the bride wore a formal empire sheath gown of peau de soie and chantilly lace. The lace bodice was embroidered in seed pearls at the neck and featured long tapered sleeves which were further accented with pearls at points over the wrists. The long train of peau de soie was also accented with chantilly lace insertion. Her veil of tulle was caught to a Dior satin bow and touched with pearls. She carried a bridal bouquet of split carnations and streamers centered around an orchid. She observed the tradition of wearing something old, new, borrowed, blue and a penny in her shoe.

Miss Sandra Conner attended her sister as maid of honor. She wore a formal blue empire sheath gown of peau de soie and chantilly lace with matching headpiece. She carried a long stemmed white rose. Serving the groom as best man, was his brother, Graham Bauman of Temple.

Another sister of the bride, Miss Frances Conner, served as candle lighter. Miss Bernadine Conner, cousin of the bride and organist, presented the wedding music. Miss Judy Withers sang "The Lord's Prayer".

The wedding was witnessed by close friends and relatives. Following the ceremony, the bride's parents were hosts for the reception. The refreshment table was laid with white net over satin. It held an arrangement of white wedding bells and streamers and a three tiered wedding cake with a miniature bride and groom as the points of interest.

Following the traditional cutting of the cake by the bride and

Methodist Youths Hold Hawaiian Luau

The Fellowship Hall of the First Methodist Church of Gatesville was the setting for the Methodist Youth Fellowship Annual Spring Banquet, held Friday, March 15. The banquet had a Hawaiian theme with decorations and a menu to match. The program began with the invocation given by Bill Hinesley and David Allen, President of the Senior MYF group, welcomed the speaker and guests. Following the tasty luau delicacies, Roy Finney of Belton High School, provided special music for the occasion. After brief introductory remarks by David Allen, the speaker for the affair, Richard Dunigan reflected to the group about his life. Dunigan is a sophomore ministerial student at Southern Methodist University in Dallas. He serves as Youth Director at Carter Methodist Church in Fort Worth. Following the guest speaker, Reese Knight, President of the Junior MYF group, delivered the benediction.

Approximately eighty-four youths from the Junior and Senior MYF and their guests, along with a number of adults, attended the Friday night banquet. Adults present were Rev. and Mrs. Bob Richmond, pastor; Mr. and Mrs. Rabon Balch, chairman of the official board; Mr. and Mrs. Kenneth Riddle, Sunday School superintendent; Mr. and Mrs. Dave McCallister, Assistant Sunday School superintendent; Mr. and Mrs. Jack Gunlock, Junior High Sunday School teacher; Mr. and Mrs. Horace Knight, sponsors of Junior MYF's and Mrs. Frank McCoy, sponsor of Senior MYF. Four couples, dressed in Hawaiian attire, served at the luau. The "natives" were Mr. and Mrs. Don Callahan, Mr. and Mrs. Francis Ward, Mr. and Mrs. Tom Miller and Mr. and Mrs. Billy Paul Barton. The fellowship hall was decorated in Hawaiian style by Mrs. Bob Thrasher, Mrs. Ol-

Astroworld To Feature Alpine Sleigh Ride

Astroworld's fascinating 65-foot mountain which will feature the Alpine Sleigh ride, is well under way in the southwest corner of the 57-acre multimillion dollar family amusement and entertainment center. Most of the steel framework is up and hundreds of joints are being welded. When completed, passengers will be whisked past a waterfall, through cool areas of the mountain into sub-freezing areas where actual snowflakes will blow -- while the Abominable Snowman looks on. The mountain alone -- to be known as Hofheinzberg -- will have refrigeration of more than 65,000 cubic feet per minute while the entire Astroworld project will have about 400,000 cubic feet of cool air per minute in circulation. This latter figure is about equal to the air-cooling volume at the nearby Prudential building. D.M. (Red) Dozier, general contractor for Astroworld, reports that the project is 75 per cent complete in its progress for a Saturday, June 1 opening. More graphically, perhaps, Dozier points out that his men already have used about 5 million board feet of lumber -- enough to more than stretch from Houston to New Orleans and back. And, they've used better than 10 tons of nails. And they're not done yet. Air conditioning -- some 2,400 tons of it in Astroworld, has also required four miles of plastic pipe to carry 3,000 gallons of 40 degree water in the biggest underground chilled water system for such a park anywhere in the world. Assembly starts next week on Astrowheel, the giant double ferris wheel type ride in the Modern section of Astroworld, the exciting Black Dragon ride in the Oriental section soon will be operable, too.

Hornets Finish Second In Rockdale Friday

The Gatesville Hornets track squad continues to improve as a team and as individuals, Friday, the team was in Rockdale for a relay meet.

Brenham took first place in the meet with 110 points and Gatesville finished second with 60-1/2 points. The points were so widely distributed, the Hornets were able to capture second place.

In the field events, the Hornets picked up points in the discus, pole vault, high jump and broad jump.

Mark Reeves picked up a 5th place in discus with a toss of 143 feet, 6 inches. Pole vaulters, Jerry Morgan and Steve Palmer finished first and second respectively. Both jumped 19 foot 9 inches; however, Jerry Morgan won first with fewer misses.

High jumper, Gary Kafer picked up points for his 5th

place finish, jumping 5 foot 6 inches. Coach Bishop reported the jumpers were not jumping high at the Rockdale pit.

In the broad jump, Bobby Cole captured third place with a 20 foot 10 inch jump.

The Hornet 440 relay squad of Bobby Cole, Raymond Cole, Gary Carothers and Larry McCutchen finished in second place with a new school record of 43.2 seconds. The squad broke the record they set at Taylor only last week.

In the 880 yard dash, the Hornets did not pick up points, but Jim Ferguson and Larry Smith, set new personal records of 2:07.7 and 2:09.5 seconds respectively.

In the mile run, Chris Montgomery picked up fourth place with an improved time of 4:42.2. Coach Bishop pointed out that the young sophomore

is performing well and should continue to improve.

In the mile relay event, the Hornet relay squad again broke a recently established school record with 3:28.6 time for the mile. Raymond Cole ran the first leg in a speedy 51.9 seconds, Gary Carothers, 53.8, Larry McCutchen 53.2 and Bobby Cole carried the baton on the last leg with a 49.6 second time. The mile relay event was fast and the Hornets picked up 5th place.

In the 220, Raymond Cole picked up 6th place. Raymond ran a 22.7 second preliminary time.

In the 100 yard dash, Bobby Cole took third with a 9.8 second time. Bobby set a new school record in the 100 yard dash with the 9.8 time.

REMEMBER SALT TABLETS

Jr. High Finishes 4th. At Taylor Relays

The Gatesville Junior High track team finished in fourth place at the Taylor relays with 38 points.

In the 100 yard dash, Ronald Brown finished fourth with a 10.9 and Billy Merritt took sixth at that distance.

Billy Merritt took sixth in

the 220 yard dash.

William Ayres took 5th place in the 440 yard dash with a fast 59.6 seconds. Coach Marshall reported that the 440 was fast for junior high track team.

The relay squad of Ronald Brown, Billy Merritt, Billy Hord and Ricky Thompson took

Cotton Bowl's Loss Cowboys Will Move To Irving

With two years to raise the other \$5 million, the Dallas Cowboys are definitely going to move to Irving where they will play their games in a magnificent new stadium.

The professional football club thus will be shunting the ancient Cotton Bowl, starting in 1970, leaving that storied place empty more times than its owners want, but not enough to cause it to be torn down.

As the Cowboys announced that their bond sale had exceeded \$10 million and preliminary work was started on the 58,000-seat stadium, criticism from various quarters in Dallas either died down or was being withdrawn because it was felt it wouldn't do any good.

Clint Murchison, owner of the Cowboys who had instigated the move through the city of Irving, already announced that no matter how much money was raised in the bond sale, he would guarantee any difference. In other words if only \$7 million was raised, he would have underwritten the extra \$3 million. It's a \$15 million stadium.

Actually the Cotton Bowl once sold bonds to raise money to enlarge the stadium. These bonds entitled the buyer to the privilege of purchasing good tickets and were paid back by interest, the same type of operation under which the stadium at Irving is to be built. Also, when another enlargement was needed, options were sold to enable the buyer to purchase tickets. But this money was not paid back.

And recently a bond issue was voted to refurbish the Cotton Bowl and the people of Dallas will pay the bill through taxation. That's an advantage that Murchison doesn't have at Irving.

In other words, the citizens of Dallas are paying for the upkeep and having to buy tickets to the games, too.

The Cotton Bowl is a colorful and historical place. It was built at a cost of about \$400,000 back almost 40 years ago. It was a wooden structure seating 45,000. In 1948 bonds were sold to enlarge it and to convert the stands to concrete. It reached 67,000 capacity then.

In 1949, Doak Walker, Southern Methodist's idol of 1945-49, has created such an interest in football that the stadium was enlarged again -- this time to its present 75,504 capacity. Walker became known as the man who built the Cotton Bowl. Not with money, however. That was done through bonds and options.

The total cost of the Cotton Bowl ever will fail to be of value even though the Cowboys go to Irving. It has the Texas - Oklahoma game and the Cotton Bowl game each year, meaning 150,000 paid admissions. Also Southern Methodist plays its home games there and if the Mustangs ever reach the status of the Walker era once more, they will also put great crowds into the stadium.

BACK 2
Start backward phase by lifting elbow and shoulder slightly. Pivot on your hand comes smoothly to eye level.

STOP 3
Rod should stop at vertical, where the lure weight will develop a casting bend. Without hesitation begin the downstroke using slight wrist bend for power.

CAST 4
Halfway between vertical and your original starting position, release thumb button and your lure is in flight. To feather cast you can exert delicate control over lure by light pressure on thumb button to slow it down.

STOP 5
Stop rod at eye level or original position.

OTHER CASTING TECHNIQUES
The side cast is dangerous when fishing with other anglers and more difficult, but very useful when casting out from under trees. The underhand cast is for the experienced angler and of limited value.
