

Walls Manufacturing Co. To Build Plant In Gatesville

Walls Announce New Plant To Be Built In Gatesville

Byron Leaird, President of the Gatesville Industrial Corporation and Sam Walls, President of Walls Manufacturing Company, incorporated, announced Saturday that an agreement has been reached for Walls to build a sewing factory in the Industrial Park, here.

The site is on six acres adjoining Highway 84, west. Walls Mfg. Co. Inc., a Cleburne based firm, will begin construction of an attractive, air-conditioned 16,000 square-foot sewing plant as soon as possible. Walls said his firm hopes to be in operation here about the first of the year. The new factory will initially employ about 50 women sewing operators and expects to have about 125 operators within eighteen months.

The company has its general offices, warehouse, cutting and shipping facilities in Cleburne, as well as a sewing factory in Cleburne and Clifton. Walls pointed out that one of the reasons leading to his firm wanting a factory in Gatesville, was the outstanding performance of several women from the Gatesville area that presently drive to the Clifton plant.

The factory in Gatesville will make a basic work coverall in a variety of fabrics and colors. Other products of the company include children's novelty Western Wear, play shorts for boys and girls, insulated coveralls and jumpsuits for men and women. Walls' products are sold nationally through chain stores and independent retailers.

The new factory will be managed by Bobby Vidler of Cleburne. Vidler has been with the Walls organization for 16 years, serving as mechanic, chief mechanic, engineer and assistant plant manager in Cle-

burne. The Vidlers will move to Gatesville and all other personnel in the new plant are expected to come from the Gatesville area. Additional announcements will be made by the firm concerning applications and training in the next few weeks.

The announcement made public Saturday finalizes discus-

sions began several weeks ago, and Walls expressed his appreciation to the Industrial Corporation for its help and said that his firm was looking forward, with pride, to being a citizen of Gatesville.

Special Session July 23rd

City Council To Discuss Budget - City Sales Tax

The Gatesville City Council met Tuesday night in its regular monthly meeting at the City Hall.

The Council agreed to in-

Industrial Corp. Provide Plant Site

The Gatesville Industrial Corporation has made available the land needed to attract industry to Gatesville.

The Corporation was organized in 1960 and purchased 33 acres on the east side of Gatesville and 171 acres on the west side, in 1961.

The members of the Corporation determined that they would make the land available to any buyer they thought would benefit Gatesville. Primary purpose of the land holdings is to make it available for industrial use.

The twelve men responsible for the plant site are: Byron Leaird, Jr., Robert Scott, H.K. Jackson, Sr., Floyd Zeigler, L.C. McKamie, E. Price Bauman, R.S. Ray, George Painter, K.R. Jones, Andrew Kendrick, E.E. Lowrey and W.E. Poston.

stall more yield-right-of-way and stop signs as requested by Police Chief Gene Goins. Goins pointed out several intersections that have been needing signs. Goins expressed

the need for signs to eliminate traffic situations where doubt exists as to who has the right-of-way or how traffic should flow through an intersection.

Chief Goins will survey the towns needs and make recommendations to City Manager Eiland Lovejoy within the next week or so.

The Council began discussion of the water and sewage requirements of the Walls Manufacturing Company. No definite plan was laid out Tuesday night, Mayor Bob Miller reported to the Council that pressure and volume of water requirements will present problems.

It has been a long range suggestion for the Gatesville water system to build a ground level reservoir at the western edge of town.

Any plans to meet present requirements will probably take into consideration a location of a ground level reservoir. Mayor Miller assigned the problem to Water and Sewer

Committee Chairman Creston Brazier for further discussion. The council will have other water and sewer service requirements due to the Housing Project. The Housing Project is estimated to begin construction in two weeks.

The Mayor has called a special session of the Council for Tuesday July 23rd at 7:30 to discuss the 1968-1969 budget. Mayor Miller reported that at the July 23rd meeting city sales tax will receive some attention.

The Council has discussed the city sales tax on several occasions and will probably call for an election to decide the issue.

Mayor Miller estimated that the tax would bring in between \$20,000 and \$25,000, however, Miller pointed out that many cities have underestimated the return and possibly even more revenue will be realized. Miller said "We have to decide if we want to do anything." If we decide for progress we will need the city sales tax to finance projects.

Chamber Of Commerce Will Furnish Land For New Plant

W.D. Cooper, chairman of the Industrial Committee of the Chamber of Commerce, called a meeting, Tuesday afternoon at 2:00 o'clock of the Gatesville businessmen to discuss the purchase of land for Walls Manufacturing Company.

The Chamber of Commerce has taken the initiative to furnish the raw land to Walls Manufacturing.

Mr. Cooper pointed out to the businessmen that Walls' only requirements were that the land be given to the company undeveloped and water and sewer lines to be installed to the company property line.

Cooper made public the fact that Walls' representatives have signed a contract to develop the 6-acre tract just west of the Gatesville City Limits, formerly held by the Gatesville Industrial Corporation.

The Industrial Corporation purchased the site as part of approximately 171 acres in 1961 for the purpose of making the land available to reputable industrial firms seeking new plant sites and other land development for the good of Gatesville.

The Chamber of Commerce purchased the land for \$500 an acre. Cooper pointed out that the industrial group estimates the value of the land at \$1500 an acre for residential and non-industry purposes, proof positive of the group's interest in industrial expansion and development in the community.

Presently, Walls Manufacturing Company has a plant located in Cleburne and Clifton. The Clifton plant employs a number of people from the Gatesville - Turnersville area and even as far as Copperas Cove.

Cooper pointed out that the Walls' planned to start operations with a nucleus of 50 employees, most of which presently commute to Clifton. Estimates are that 150 could be employed by the end of the first year.

The actual location of the plant will be facing east at the corner of U.S. 84 and Avenue E. The 6-acre rectangle is two blocks long, reaching north

to the intersection of Avenue E and Bauldridge Drive. The building will be stressed concrete, air conditioned and contain 16,000 square feet.

The Chamber of Commerce Industrial Committee used the informative meeting to ask the business men for contributions toward the purchase of the land. Mr. Cooper pointed out "contributions to the Chamber of Commerce for business development will be a tax deductible business expense."

The \$3000 is a small price

to pay. Mr. Cooper went on to point out that "by law the company pays \$1.60 minimum wage however, the employees are paid on a piece-meal rate and most employees average over \$2.00 per hour".

Economically, Cooper pointed out, that with 50 employees making \$2.00 per hour, the annual payroll would be \$208,000. With the anticipated 150 employees, the annual payroll would be \$624,000 and a possibility of a million dollar an-

nual payroll with future expansion.

Cooper pointed out to the businessmen that "industry breeds industry" and possibly Walls Manufacturing will help to bring in other firms.

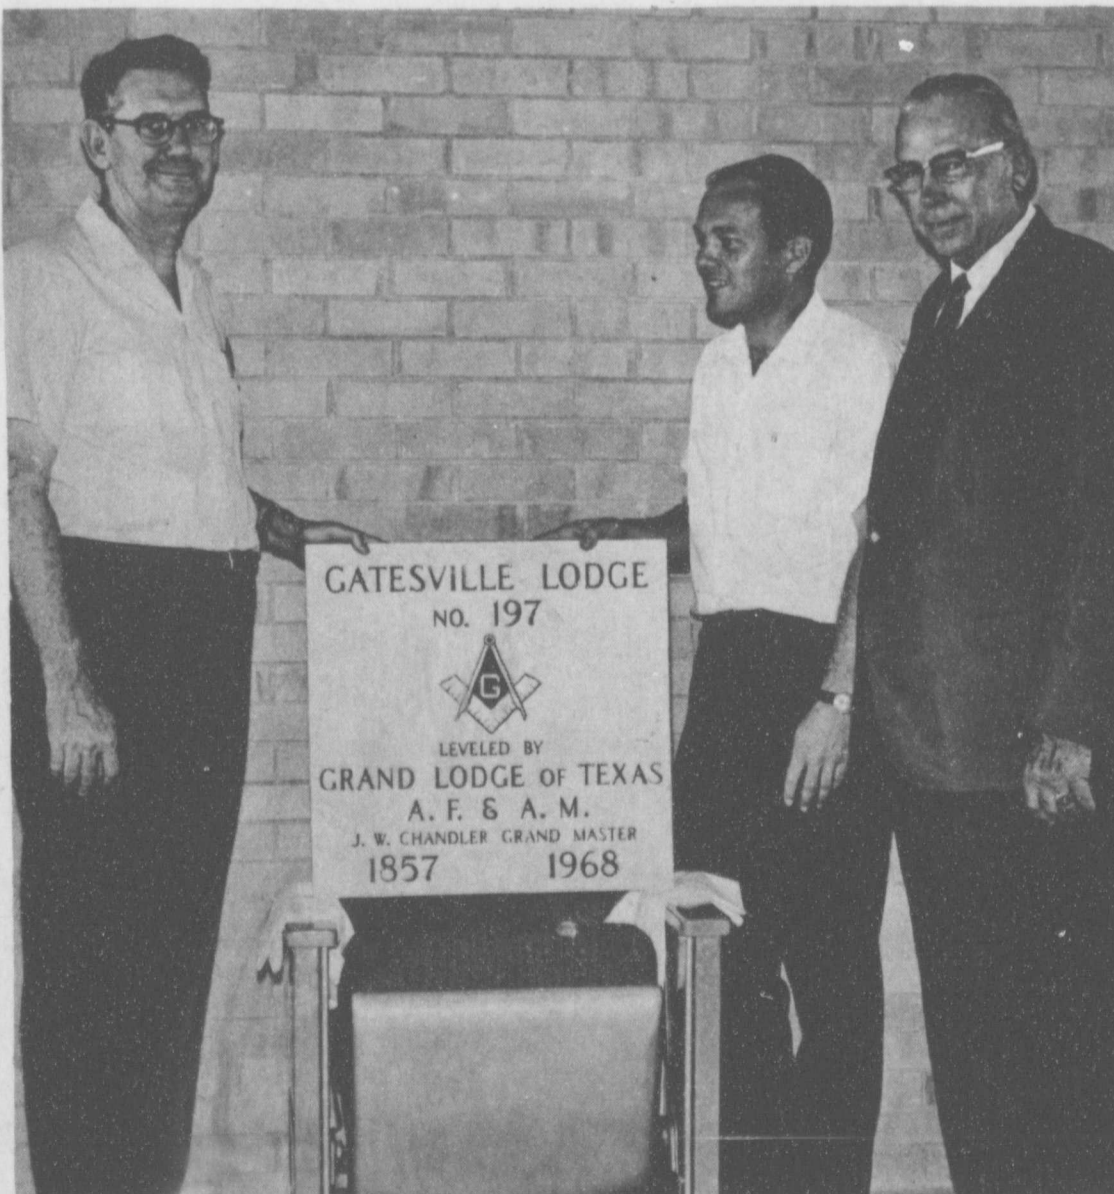

The fund raising drive to pay for the cost of the land began with both banks donating \$300 each toward the \$3000. "Any funds collected above the \$3000 will be put into an Industrial Fund of the Chamber of Commerce for use in attracting new industry", said Cooper.

Progress

W.D. Cooper, G.E. Clarke and Cleo Woodard check the city map, showing the location of the new Walls Manufacturing plant site. The new plant, located in Gatesville, will contain 16,000 square feet and employ approximately 150 after one year.

Masonic Lodge Cornerstone Ceremony Conducted Thursday

The local Masonic Lodge No. 197 held a cornerstone ceremony Thursday afternoon at 7:00 p.m.

Grand Master of Texas Masons, Mr. J.W. Chandler of Houston conducted the ceremony.

The new home of the Masons will probably be completed in late August or early September. The building will cost \$35,000 and contain 3200 square feet of floor space. The facility will have year round air conditioning.

The auditorium will seat 93 persons in beautifully designed cushioned auditorium seats. "The seats will be dedicated to individuals" reports local Master Erle Powell. Persons wishing to make donations can do so at anytime. Name plates will be displayed either on the chairs or on a large bulletin board in the lodge lobby.

The granite cornerstone displayed Wednesday for the news photographers was donated by Happy Smith of Temple and Tom Post Thompson of Gatesville.

The Masons will also have an installation meeting tonight for the new years leaders.

JULY 15 IS DEADLINE FOR MEASUREMENT APPLICATIONS

Farmers who need or desire field measuring service, must make application to the ASCS office not later than July 15, 1968, in order that this service can be furnished in time for farmers to report by August 1, 1968. This service is optional.

William Moore Dies In Farm Accident

Monday afternoon about 2:00 p.m., Mr. William M. Moore was involved in a farm accident which took his life. Mr. Moore was driving a tractor at the time of the accident.

Authorities reported that Moore had stuck his pickup on the Sam Powell farm northeast of Gatesville and was enroute with the tractor to pull out the truck.

Justice of the Peace, Stony Hammack, ruled the death as accidental. Hammack arrived on the scene after the tractor had been moved, however, it is theorized that Moore was crossing the ditch and the tractor must have reared upon him and fell backward, crushing his chest.

Mr. Moore, was born February 23, 1890 in Mason County, the son of Matthew J. and Tennessee Moore.

Mr. Moore, a farmer, was married to the former Nannie Bell Sparkman, who preceded him in death in 1961.

Funeral services were held July 10 in Scotts Funeral Chapel, with Rev. Dwayne Martin officiating. Burial was in Restland Cemetery.

Survivors include three sons, William M. Moore, Jr., of Gatesville, Jack C. Moore of Helena, Arkansas and Baily D. Moore of Dickinson; five daugh-

Low Bid \$628,000

Housing Authority To Seek Bid Approval

The Gatesville Housing Authority opened the bids on the 60-unit low-rent housing project at a special meeting, Tuesday night at 7:00 p.m. in the National Bank Civic Room.

The architectural firm of Fitch and Holdredge estimated construction cost to be \$656,112.

Low bid was placed by B.A.R.

Optimist To Hold Charter Banquet

The Charter Presentation Banquet for the Optimist Club of Gatesville, will be held Monday, July 15, at 7:30 p.m. at the Chateau Ville Restaurant.

Walter G. Cook, immediate past Vice President, Optimist International, will present the main address. Mayor Bob Miller will welcome the new club to the community. Tom Hill, immediate past Governor, South Central Texas District will install the club officers and will present the club charter.

The club will also receive a club banner, a bell, gavel, an American Flag and an Optimist Creed Banner.

The objectives of the Optimist International, are: To develop optimism as a philosophy of life, to promote an active interest in good government and civic affairs, to inspire respect for law, to promote patriotism and work for the international accord and friendship among all people, to aid and encourage the development of youth.

Construction Company of Killeen at \$628,000, with B.F.W. Construction Company of Temple, bidding a close second of \$629,200. Other bids were Bruce Campbell, and son, \$633,400; Robert L. Guyler Construction Company, \$635,885; Herman Bennett Co., \$647,890; and K.A. Sparks Construction Company, \$677,967.

Housing Authority Director, Carl Drake said "the bids will be received by the H.U.D. Regional office in Fort Worth". Drake estimated contract signing would be within two weeks with actual construction to begin soon thereafter.

Erle Powell, Housing Authority Chairman, reported that all companies bidding on the construction, were capable, well established companies. Powell said "bids were good, our architect noted that bids were lower than expected".

Powell estimated "we look for bid approval within two weeks and construction should begin immediately after contract signing". Powell pointed out that "the contract calls for 300 calendar days for construction from the date the contract is signed".

The project is expected to begin actual construction before the end of the month. Powell reported that in about three months the Housing Authority will begin setting up rental rates and other organizational procedures. Powell estimated "we probably will begin accepting tenant applications in about six months."

Evant F.H.A.

Officers & Advisor Attend Training Workshop

On June 6, the Evant F.H.A. 1968-69 officers and their advisor, Mrs. Hostetler, left by car to attend the officers Training Workshop at Texas A & M College. While attending the meeting, the group stayed at the Memorial Student Center, where the meetings were held.

The three general meetings were conducted by the new 1968-69 Area Officers. After the first general meeting, the group broke up into four sessions, with one on Parliamentary Procedure, Program of Work, Degrees and Plans and Projects. At least two girls from Evant attended each workshop.

Marilyn Green and Joyce Thomas helped present the program during the yearbook workshop. Pat Schrank was in charge of the workshop and her advisor was Mrs. White of Jonesboro.

Those attending the meeting were Sandra Conner, Debbie Flippen, Mary Doyle, Patsy Rogers, Debra Perry, Joyce Thomas and Marilyn Green, Evant President. All had a wonderful time and learned much to bring back to their Chapter for next year. The meeting was held June 6 - 8.

On July 2nd, Evant officers held an executive meeting in the Homemaking Department to plan programs for the 1968-69 yearbook. Many new ideas were contributed. The group plans to meet again July 16 at 2 p.m. to complete plans.

EDITORIALS

One of the reasons often cited for the current wave of strife and discontent in the United States is that people have been led to expect too much, too soon in the way of material gains. Day and night they see a fantastic array of the good things of life spread before them. The situation, it is said, is further aggravated by political promises that cannot be kept -- promises of government spending on all manner of programs that a debt-burdened country obviously cannot undertake.

Whatever the reasons, a great many people, as typified by the Poor People's March on Washington, are bluntly demanding a larger cut of the economic pie without too great a regard as to how they get it. Responsible business leaders, high government officials and economists, farm from turning their backs on these demands, are seeking workable means of providing a measure of economic well-being to everyone, irrespective of whether they add to the productivity of the nation or not. This is a tall order, but some believe it can be accomplished within the framework of a capitalistic, free enterprise system. They believe it can be done without destroying the incentives that have produced the great abundance of the U.S. which, under our existing system, has produced a higher standard of living for more people than was ever achieved before in recorded history.

Conservative economist, Mr. Milton Friedman of the University of Chicago has long advocated what he calls a negative income tax under which the government would supplement the incomes of persons when their earnings fell below a certain point rather than subject them to an income tax. Mr. Friedman believes that this form of guaranteed income would eliminate the need for costly welfare programs.

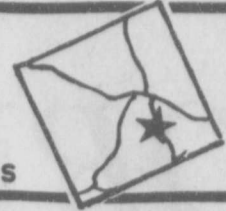

The most dramatic support for some form of a guaranteed income came recently when more than 1,000 academic economists endorsed the idea in a public statement. Many other economists declined to support the statement, because it made no attempt to appraise the dollars and cents cost to the taxpayers. Estimates of the costs of the various income supplement or guaranteed income plans that have been proposed range from \$11 billion a year to \$26 billion a year. Any guaranteed income plan, no matter how well thought out and regardless of the degree of political and economic statesmanship behind its advocacy, will very likely encounter an uncertain reception where it counts most. A majority of the electorate may not accept it. A recent Gallup Poll shows that nationally a majority of Americans oppose the idea of a guaranteed minimum income with only 36 per cent in favor and 58 per cent against such a plan. It is especially significant that 77 percent of the white and 86 percent of the non-white population would support a plan guaranteeing everyone enough work to earn a minimum income.

As one competent observer has said of a universal guaranteed income, "The only ones really against it are the people." A high official of the American Federation of Labor and Congress of Industrial Organizations says, "Support for this kind of plan just doesn't exist and couldn't exist in a work-oriented culture." A liberal democratic member of Congress corroborates the labor leader's opinion in these words with reference to his constituency, a "... great majority of my people, as of now, are against it. They think of it as just another handout, another way of avoiding work."

The American people have always been noted for their generosity, but there is not getting around the fact that today the American family, the wage earner, the businessman, the working housewife, all of us are highly aware of the burdensome and growing costs of government. Whether the people of the U.S. will accept the added tax burden which the guaranteed income plans would require appears at the moment highly debatable.

EVANT NEWS

By Cornelia Kreid

It is time to be thankful for life, following the July 4th holiday. It appears I may be the only one left, alive, however, at Evant, for it is nearly mail time and not a call have I had from anyone to tell me what a fine time they had. News is still made by the people; I just "make up" the paper stories.

Visiting back in my old home county - down at the Elam Brown home at Liberty -- and talking over "old times" with Mrs. Brown, who was a former teacher in my Purnela school days, brought back excellent memories, last Friday, I had an adventure going there and back, besides. Never before had I carried 12 people to a party. These were all rather small, but people. And who knows which one may be famous? I still recall many sayings of Mrs. Bessie Brown, when I was a boy 12, so goes the hope that any fun one can give to youth may help build big people.

We have cloudy weather today at Evant and showers falling. Only last week, a couple of nights, cover was agreeable. Who ever heard of this kind of weather, in Texas in July?

We understand the Bruce Jones who is to coach in Evant school next term is the product of Coryell County and now lives at Purnela. The son of Mrs. Flora Jones and the late Jim Jones, he has spent all his life in his home county, except what time he was in the armed services. He married a Sparkman, the daughter of the B. Sparkmans, formerly of Mt. View area, south of Evant.

The condition of Mrs. Henley White, who suffered a stroke several weeks ago, remains quite the same, as she still remains in January Care Home.

Mr. and Mrs. Bobby Drake, 1814 Appletree Lane, Carrollton, are open for congratu-

lations. They have adopted a daughter. Over the July 4th weekend they spent some time in Evant with her mother, Mrs. Bob Williams. Sannon is now a month old and the new parents have had her in their home two weeks. Mrs. Drake is the former Jean Williams. She is a graduate of Evant High School and lived and worked in Dallas for several years, since her marriage.

Mr. and Mrs. Owen Lee had their son and grandson, Eldon Lee and Brent, Grapevine, and their daughter and son-in-law, Mr. and Mrs. Bill Whitsell, Amarillo, as weekend guests. They visited at the January Care Home, also and at Lampasas, with DeVon, son of the Whitsells.

Mrs. Frank Lee had the misfortune of falling one day last week, while walking at her home, with her granddaughter, Sharon. She is confined to bed for a few days, at January Care Home.

The latest sale in the community was closed out last week, Bill Fraley, long time citizen of the old Knox Community, has sold his farm and ranch to T. C. Poston, Stephenville. This is the latest owner of the old "Cub" Stephens place, which joins the Fraley place. Mr. Fraley is moving, as this is being written, and will be home to his friends at 1215 Avenue B, Lampasas. Evant people will miss Bill; he is one of the best neighbors one ever had. That goes without fear of correction.

Guests of Mrs. Milton Miller, over the holiday weekend, included Mr. and Mrs. Lynnwood Miller and family, Texas City. They were joined at Gunderland Park, near Lampasas, by Mr. and Mrs. Grady Keeton and family, Pearly; Mr. and Mrs. H.O. Culp and Mr. and Mrs. Grady V.

Culp and family, Killeen, for a picnic one afternoon.

Mrs. Clifford Onstott is now a patient in Hillcrest Rest Home, Hamilton, Mo. and Mrs. Sonny Coony, Tucson, Arizona, have moved into the H.Y. Price house. He is employed with Charles Faubion Truck Lines.

Newman Terrell, former citizen of this area has moved back to his home on Highway 281, north of Evant, and was in Evant Methodist Church services, Sunday.

Mr. and Mrs. Arvil Cameron of Lampasas, were visitors in the Evant Methodist Church, Sunday.

Young Mark Kreid and his sister, Lelaine, came up on the bus to their grandparents from Waco, to spend the July 4th holidays.

Mr. and Mrs. Joe A. Kreid and Bryan spent last Tuesday shopping in Gatesville and visiting Mr. and Mrs. Emory Gephart, at Purnela. While in Gatesville, Bryan was permitted to see his mother's news laid out as the printer's plans were being laid in the Gatesville office of Coryell County News.

Treb Waddell is now home, and able to be up some. He has spent more than the summer vacation period in the hospital.

Mr. and Mrs. Hayes Miles and Gary, attended the funeral of Mr. Miles' nephew, who is Dock Miles' son-in-law, at Angleton, the first of last week, and stopped by to spend one night with Mrs. Miles' parents, Mr. and Mrs. A.C. Bertrand.

Surprise guests of Mr. and Mrs. A.C. Bertrand, Saturday included Mr. and Mrs. Wayne Bates and daughters, Arlington.

Mr. and Mrs. Donald Kennedy and Donna Lee spent Sunday with her mother, Mrs. Harvey, at Hamilton, in a family reunion. They missed getting to see William Ray Pierson, who had spent the winter school term in Evant, and lived with them, due to the boy's father being hospitalized, in San Angelo.

Mr. and Mrs. Bill Itschner, Waco, spent last Sunday, visiting with Mr. and Mrs. Preston Gholson.

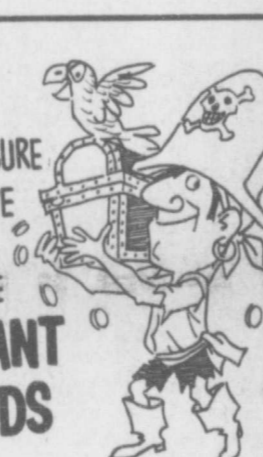

Mrs. Anon Flatt had her son, Dr. Darwin Flatt and family as guests last week. Phil Flatt has been with his grandmother a few additional days, but his employment, in Dallas, called him to duty and the family all returned home.

Stanley Stafford accompanied Mr. and Mrs. James Flippins to Dell City over the weekend, where he will spend some vacation time with Mr. and Mrs. Henry Hill.

Mr. and Mrs. Buddy Arnold left Sunday for Carlsbad, New Mexico, to be with the family of his sister, Revanell, who passed away at that city, Sunday. Funeral plans were incomplete at the time they left. After a lingering illness, the lady died in her late thirties.

Ricky Richardson Honored On 11th Birthday With Party

A beautifully appointed table was laid for the party celebrating the eleventh birthday of Ricky Richardson on the afternoon of July 5th. It was a good thing this reporter saw it before, rather than just after the young guests had finished games and eaten from it. . . Present for the fun, which included opening of gifts, were Larry Creacy, Jesse Manning, Cindy Perkins, Bryan Kreid, Cavin Calvert, Barbara and Cheryl Flippins, Desta Lemon, Tim Flach, Bill Adams, Ronald Richardson, Cindy Richardson, Ronnie, Rhonda and Donna Lofland, all of Evant; Pete and Wanda Jackson and Delta Mars, Oglesby, as well as Mrs. Clint Barr and Mrs. Herbert Mars, of Oglesby. Mrs. Barr is the honoree's grandmother. Mrs. Lofland and Mrs. Kreid were also callers during the party hours.

THE PUBLIC PAYS—"It has been estimated," states Rep. Samuel Devine (R-Ohio), "the cost of this most recent (Pentagon) demonstration was over a million dollars, which included over \$12,000 alone just to clean up. The American people are fed up with being required to pay for these activities. Legislation is needed which would require the posting of a bond prior to a permit being issued to demonstrate, to parade to have vigils and sit-ins, and things of that nature."

HOME DEMONSTRATION REPORT

The Coryell County Home Demonstration Council met on Monday, July 8 in the Civic Room of the National Bank. Twelve members represented the six clubs.

Mrs. Joe Walters, Council Chairman called the meeting to order. Mrs. Leonard Weaver gave the prayer, Mrs. C. L. Lipsey gave the motto and the Creed was said in unison. Mrs. Lipsey led the song, Mrs. Frank Courtney, Council Secretary, called the roll and read the minutes, which were approved as read. The club reports are as follows:

Jonesboro had one meeting with eight members present. The Agent gave the program. Plainview Club had one meeting with five members and one guest present with the Agent giving the program.

"These dadblamed weeds!" I heard Mrs. Wooley holler from the other side of the fence.

"Now you oughten to take on like that", I told her, "you know Mother Nature has given us everything for a purpose."

"Well, what in thunket good is a weed! I'd like to know," she says.

"Why, the little weeds protect the ground from the hot sun, and break the force of the raindrops, the big weeds send their roots deep down into the soil for all those precious minerals and the ones with all those matted up roots keep our land from blowing plumb away."

"Well, maybe that's so", she says, kind of reluctant, "but I could sure do without them in my garden."

"You just have to make them work for you", I explained, "let them get up about six inches high, then plow them under so all that good organic matter is in your soil!"

She muttered something about "Oh, you and your organic stuff," but I went right on. "Those weeds can also be added to grass clippings, old hay and such like for a mulch to keep all this good moisture in the ground where it belongs. But I guess about the best thing that nature does with weeds is to use them to cover up all that trash and garbage some folks are always throwing about on our country roads."

"Some people ain't had no upbringing anyway, and weeds won't help 'em much!" she declared as she headed back to the house.

Town and Country Club had one meeting with eight members and six guests present. The 4-H Sewing girls showed their dresses for the meeting. Valley had one meeting with six members present and the program was given by the Agent. Flat reported no meeting held.

Oglesby had one meeting with six members and one guest present. The Agent gave the program.

The County Home Demonstration Agent gave the program on the Selection and Use of Small Cooking Utensils.

The Agent reported that eighteen girls participated in the Dress Revue and that refreshments had been served by the Council. Ribbons furnished by the Council, were presented by Mrs. Walters, Council Chairman.

The 4-H Rally Day was explained and discussion was held on Western Fun Night. Mrs. Albert Rosser made a motion to pay for the Dress Revue ribbons and Mrs. R.E. White seconded the motion, which was carried. Meeting was adjourned.

A T.H.D.A. Meeting was held with Mrs. Joe Walters being elected to serve as County T.H.D.A. Chairman for 1969.

Mrs. Walters and Mrs. O. Clawson, present T. H. D. A. Chairman, were elected as delegates to the State Meeting to be held in McAllen in September. Mrs. Ruth Campbell was elected as alternate. Meeting was adjourned.

What is a library? A library is a beautiful building the towns-people can point to with pride. A library is a collection of books for use, but not for sale. A library is a place where students search for more facts than are available in their textbooks. A library is a place to store rare old books and manuscripts so they will be protected for future generations.

A library is all of these things but most of all it is a communication center for people. Books are worth no more than used scrap paper while they are on the shelves. Only when they are taken down and read does the communication begin to flow from the author to the reader.

Our neighbors near and far can be better understood only through an acquaintance with them to find out their likes and dislikes, beliefs and desires. Our next door neighbor can be met at the public library through books such as Steinbeck's Travels with Charley, Elizabeth de Trevino's glimpse of Mexico in Where the Heart Is, or Martin Luther King's early book, Stride Toward Freedom. To meet neighbors who live farther away try India, India by Lisa Hobbs, or The Italians by Luigi Bazini.

Final Session of "Cowboy Jamboree" Registers Forty-Five Children

The final summer session of the public library's Story Hour was held Wednesday. Forty-five children were present to take home their Cowboy Jamboree brand, the western charm bracelet they have been allowed to wear each time they were present.

Mrs. C.H. Wallace read Morris is a Cowboy and another of the Blaze series, Blaze and the Forest Fire. Pictures were taken of the group. The Story Hour was climaxed by the presentation of awards to twenty-two children who had been present for every session. Each child was made a deputy sheriff and received a star badge. Those who received special awards were David and Randy Ballard, Timothy and Tommy Blanchard, Bonnie and Ted Brock, Beth Ann and Erica Criss, James and Nancy Floyd, Andy Gomez, Brian and Kim Hollingsworth, Susan Lee, Kelly and Robert Miller, Natalie Niemier, Duane, Elaine, Leigh Ann and Torre Sexton and Sherry Shelton. On leaving, each child was given a surprise with which they enjoyed making noise.

Mrs. James McLean has served as Sheriff and director of the Story Hour Ranch. The girls who have helped to register and brand the children each time and have served as top hands are Michele White, Carol Sherwood, Susan Roberts, Donna Bohne, Marsha Foote, Debbie Powell and Connie Sherwood.

Lazy Day Breakfast by Betty Crocker

Take one leisurely Sunday morning, one hungry family and one extra smart mom who plans ahead — and what's cooking at that household? A pancake pajama party, that's what. Just for the family. Guests come as they are, in their bathrobes, and sip Sparkling Orange Juice while they read the Sunday comics. (Two parts orange juice to one part chilled lemon carbonated beverage, with a slice of orange afloat.) Everybody takes his turn at the griddle — flips his own pancakes, rolls them up with lots of brown sugar or jam — helps himself to the pork sausages staying warm in the oven. No alarm clocks, no rules, nobody's counting. It's a family holiday.

BELGIUM PANCAKES
1 package active dry yeast
2 tablespoons warm water (105 to 115°)
3 eggs, separated
3 cups New Bisquick
2 1/2 cups lukewarm milk
3 tablespoons brown sugar
1/4 cup butter, softened
Brown sugar
Jam or applesauce
Dissolve yeast in warm water. Beat egg whites to soft peaks; set aside. In large bowl, mix New Bisquick, half the milk, 3 tablespoons sugar, the butter, egg yolks and yeast. Beat on medium speed 2 minutes or vigorously by hand, scraping side and bottom of bowl often. Stir in remaining milk; beat 1/2 minute. Gently fold in egg whites. Let rise 1 hour in warm place. Do not stir down. Lightly grease an 8- or 9-inch skillet.

For each pancake, pour 1/4 cup batter into hot skillet; tilt to coat bottom of skillet. Cook until bubbles appear and edge is dry. Loosen edge with spatula; turn pancake gently and finish baking. Keep warm in low oven while baking other pancakes. Spread each baked pancake with brown sugar or jam; roll up like jelly roll. Serve warm. Makes about fourteen 8-inch pancakes. Sizzle the sausages in the oven. Bake in 400° oven for 20 to 30 minutes, turning once. . . . Serve cocoa for the kiddies with multicolored mini marshmallows.

Another lazy day, try another menu: cantaloupe balls in orange juice . . . scrambled eggs and bacon . . . hot gingerbread with scads of butter. Pull up the chairs and have a family brunch in front of the fireplace.

Annual Coryell County Girls Gold Star
Tour Held June 25

N. E. Rhodes Jr.

Gospel Meeting At Pearl July 13

There will be a gospel meeting at Pearl, Texas, beginning Saturday night, July 13. Services will be held at 8:45 each evening.

The evangelist will be N.E. Rhodes, Jr. of the Lubbock Church of Christ.

ATTEND THE CHURCH OF YOUR CHOICE

On June 25, the Annual Girls' Gold Star Tour was held. Lu Lee of Pearl, daughter of Mr. and Mrs. Nelson Lee and Melanie Seuser of Copperas Cove, daughter of Mr. and Mrs. James Seuser entered the event. The girls were judged on the 4-H Projects, growth and leadership qualities. The winner will be announced at the County Achievement Banquet in October. Judges were Jo Ann Watson, of Jonesboro, Gold Star winner for 1967, Mrs. Frank Courtney, Jonesboro and Mrs. Joe Walters, Gatesville.

The 4-H Rally Day was held at Faunt LeRoy's Crossing on June 28. The day was planned by 4-H members who attended District Leadership Congress earlier in June and Adult Leaders. The planning committee consisted of Melanie Seuser, Doug Atchley, Terry King, Mrs. Tex Mattiza, Mrs. James Seuser and the Home Demonstration Agent. The day included a ceremony on America, at which Rev. Kenneth Patrick spoke. The group played

games, swam and had a picnic lunch. The all-day affair was attended by fifty members and guests.

The annual Western Fun Night will be held on July 27, at 8:00 p.m. at the Firemen's Arena. Activities will include a sack race, barrel race, double flag exchange, goat scramble, pole bending, potato race, flag exchange, goat sacking (boy and girl) key hole race, goat tying, open ribbon roping (boy and girl) and greased pig race. All youth in Coryell County and surrounding counties are eligible to participate.

The entry fee is \$1.00 for each event, except where teams are entered. In team events, the entry fee is \$2.00 or \$1.00 each. Adult admission will be 50¢ and tickets for children under 12 will be 25¢. The events will be in at 8:00 p.m. Tickets will be sold in advance and at the gate. Interested parties may register at the gate. A concession stand will be open at the event.

Annual Coryell County Boys Gold Star

Tour Held June 26

The Annual Coryell County Boys Gold Star Tour was held June 26. Those boys entering for this award were Gary Freeman, son of Mr. and Mrs. John-

ny Freeman of Copperas Cove and Ronnie Sullins, son of Mr. and Mrs. James Sullins of Ogleby.

To be eligible to enter for this award, the boys must be 13 years of age by January and must be currently enrolled in 4-H Club work and have carried an active project program for three years.

This is the most coveted award a boy or girl can receive on a County level, said Don Callahan, County Agent.

The judges for this award were Cloyce Duncan, Homer Perryman, W.T. Shoemaker, and Douglas Atchley, the 1967 Gold Star Boy of Coryell County.

The boy receiving this award, will be announced at the Annual Achievement Banquet held in October.

Roy N. Johnson

Receives Red Ribbon

In National Design Competition

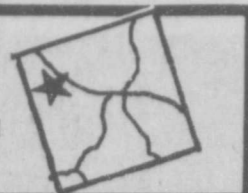

COLLEGE STATION — Roy N. Johnson, a Texas A & M engineering student of Gatesville, won a red ribbon in a national design competition at Los Angeles.

Student design projects were judged and received awards at an American Society for Engineering Education conference at UCLA. His project was part of required work in an A & M engineering graphics course he took last year.

Johnson's excellent design award was for a panel applicator worked out in a class instructed by Dr. James H. Earle. A mechanical engineering major, Johnson is the son of Mr. and Mrs. Lee Roy Johnson, Route 1.

Jeff Warren found a line full of terror Saturday July 6 when he and John Neal were checking lines just north of the Leon river bridge west of town. Warren reported the lines had been empty until the 45 lb. yellow cat was discovered. Jeff said "at first we thought

the line was stuck but after some probing with a paddle the big yellow began to churn the water." The two men landed the big fish after a 20 minute battle up and down the river. The two men landed the fish by hand which is not recommended.

New Mail Service Established

A new mail service has been established which will give us next day delivery of letters throughout the state, and in many instances, in other states as well. This is an air taxi service from Temple to Dallas, carrying all first-class mail and air - mial which can be advanced in delivery time by this means. The air taxi leaves Temple at 9:20 each evening and makes a return trip early in the morning hours. From Dallas, much of this mail is moved by other air taxis and scheduled airlines to other sections of the state and

all over the country. The same procedure in reverse brings first-class and air-mail into Temple in time to make connections with the trucks bringing the mail to Gatesville at 5:30 each morning. In order for our mail to catch the air taxi in Temple, the mail truck which has been collecting mail from the curbside box at the postoffice at 8:00 p.m., will run earlier - 7:00 p.m., daily, except Sundays and holidays and at 6:00 p.m. on Sundays and holidays. There is still a later collection from this box at 10:45 p.m. daily.

SUCCESSFUL SEWMANSHIP

Professional Tips for Making Perfect Buttonholes

Buttons Are Back!

They parade from neck to hemline on beruffled shirt dresses, emphasize the side-wrap effect of skirts and culottes, help the fit of waist-defining jackets and coats, march down the backs of high-collared blouses, and decorate pocket flaps of suits. Buttons are back—and so are buttonholes.

Once the bane of all but the most experienced home sewer, buttonholes are now easy, even fun, to make with the aid of a built-in buttonholer or buttonholer accessory for your sewing machine. Here are some tips on making professional-looking buttonholes from The Singer Company, which has just introduced the new Golden "Touch & Sew" 630 sewing machine, the first machine to include both a built-in two-step buttonhole system and a buttonholer accessory.

Which Buttonhole?

Most patterns suggest the type of buttonhole that is best for the item you're making, but fabric and personal taste may suggest another type. When in doubt, look at high-priced fashions similar to the garment you're making, to see what the top designers are using. Generally you'll find one of these four basic buttonholes, perhaps with variations:

(A1) Bound buttonholes. These are used on dressier coats, dresses and suits. They may be made of the same fabric as the garment, or of another fabric.

(A2) Round-end straight buttonholes. They are used on most types of dresses, coats and suits, are easy to make when many buttonholes are required. With a *pur-edge*, they give a hand-sewn finish to tailored fashions.

(A3) Eyelet-end buttonholes. Tailored looking, they are appropriate for use on classic coats and suits. With a *pur-edge*, they are exactly right for man-tailored women's fashions with the "Bonnie and Clyde" look.

(A4) Square-end bar-tack buttonholes. The added reinforcement at the ends, makes them practical for sheer and lightweight fabrics, and extremely good on infants' and children's wear. All of these buttonholes can be made by machine, and com-

plete instructions for stitching are included with the machine or buttonholer accessory.

What Size Buttonhole?

The pattern you use will indicate what type and size buttons the garment you're making was designed to have. If the button you want isn't available in the specified size, or if you feel that a smaller or larger button suits you better, you can easily make adjustments. Before making the buttonholes, however, buy your buttons. Then on a scrap of fabric, make a sample buttonhole.

The length of the slit of the buttonhole should be equal to the diameter + the thickness of the button. If the button has a rough texture, add another 1/4-inch to avoid abrasion. The button should slip through the slit without stretching it, but should be sufficiently snug so

that it won't pop out. When making a sample buttonhole, be sure to duplicate the number of fabric layers in the garment, including interfacing if used. A stay of firm crisp fabric is essential on loosely-woven or stretchy fabrics, and is desirable on other fabrics. Bound buttonholes are stitched through two fabric layers: garment and a stay or interfacing (not hair canvas), before the facing is attached. Worked buttonholes are stitched through three fabric layers: garment, interfacing and facing, after the facing is attached.

The sample buttonhole not only enables you to determine the correct size, but will let you see how it will look on the garment, and help you determine the buttonholing method and machine settings that are best for the fabric you're using.

Pressure should be just heavy enough to hold the material firmly, and tension should be balanced. No special thread is needed for worked buttonholes. Number 50 mercerized cotton and size A silk threads may be used with a size 14 needle. Finer mercerized thread requires a size 11 needle.

Placing Buttonholes

Your pattern will indicate where buttonholes should be placed. However, it may be necessary to change the spacing because of pattern alterations or because the buttons you are using are smaller or larger than the pattern specifies.

The rules for correctly positioning buttonholes are the same, regardless of type. On women's clothes, the buttonholes are on the right-hand side; on men's wear, the but-

Federal Spending

Keyed to

'Obligation Authority'

Although many people believe that these days Congress is acting directly on the spending figures in the record \$186 billion fiscal 1969 Federal budget, this isn't actually the case, says Tax Foundation, Inc. It should be understood, says the research organization, that Congress is acting on what, in budget terms is called "new obligatory (or spending) authority", in the case of fiscal 1969, some \$202 billion, requested in the President's Budget Message.

It is, however, a fact, says the Foundation, that a future trend in Federal spending may be seen by carefully scanning this new obligatory authority; by comparing the annual amounts asked for and the amounts already committed to be spent, with actual spending. NOA provided by Congress, largely by the appropriation process, is the authority on which funds are committed for spending.

Government agencies can enter into obligations (for immediate or future payment of money) only when Congress grants them the authority.

However, while authority from Congress to spend for programs is really provided by appropriations or other authority, not all the funds appropriated in one year will, necessarily, be spent in a single year. Since funds authorized for highway, or ship building, or for other major construction may be spent over more than a single year, there is, the Foundation notes, always a "carry-over" of unspent funds authorized from prior years.

Alluding recently to this vast amount in what he called the "pipeline", Chairman Mills, Chairman of the House Ways and Means Committee, said: "In my opinion, it is not enough to simply postpone expenditures in a given year... we have to go further up the spending stream to the obligatory authority stage and provide more effective restrictions if we are ever to regain control over the rate of Federal expenditure..."

LIKE CHARITY—

LOOK AROUND A BIT—

Just imagine for a minute, that you had to change your job location, and need to find a home a couple of hundred miles away.

One of the first things you would do is to make many inquiries about the immediate area of the new location, and then select a few cities and towns for personal inspection.

While "casing" the surrounding countryside, those areas with neat attractive homes, clean streets, and modern shopping areas arouse your interest, while those which are litter-strewn and spotted with un-kept homes are immediately rejected.

But, you don't have to move. Yet this imaginary visit has served a useful purpose. The way to keep America beautiful is to set a perfect example in your own backyard. It will serve as a challenge and reminder to your neighbors—and their neighbors will follow. When pride in cleanliness has permeated the neighborhood, this good example will encourage the entire city or town to follow.

Remember, it is the combined efforts of individuals who determine whether or not litter is to be downgraded and an entire area upgraded.

Misses Sharon and Karen Barton of Temple, are spending a few days here with their grandparents, Mr. and Mrs. Roy Burt.

Mr. and Mrs. Raymond Harris of Gatesville, visited Mr. and Mrs. George Loer, Sr., Sunday.

Mrs. Donald Tabor and Stevie visited Mrs. Lola Bray, Saturday afternoon. Mr. and Mrs. Butch Barton

and John and Mr. and Mrs. Bill Barton, Douglas and David were Sunday supper guests of Mr. and Mrs. Charlie Barton, Tammie, Bridget and Bradley Barton visited their grandparents, Mr. and Mrs. Charlie Barton, Monday.

tonholes are on the left-hand side. Unless a design specifies otherwise, spaces between buttonholes should be equal, and when a line of buttonholes crosses the waistline, such as on a jacket, one buttonhole should fall exactly at the waist. Mark that buttonhole first, and measure the others from that point. ALWAYS TRY ON A FASHION TO DETERMINE WHETHER BUTTONHOLE PLACEMENT IS CORRECT BEFORE MAKING BUTTONHOLES.

To mark the position of buttonholes, baste a vertical line in the garment to denote the "center line." This marks the center of the garment and (except for off-center closings) the center of the button. It should be a button's width (and no less than 3/4 of a button's width) from the finished edge. Horizontal buttonholes are placed to extend 1/4-inch beyond the "center line" so that the button will be centered when buttoned, and should follow a crosswise thread. Vertical buttonholes are placed so that the "center line" is in the center of the buttonhole, following a lengthwise thread. Baste markings where the buttonholes should go, and follow markings carefully when stitching.

Cutting a Buttonhole
After the buttonhole has been made, use a pair of small sharp scissors to cut the opening. Place a pin inside the stitching at each end of the buttonhole

Cut Buttonhole Carefully
to protect the end stitching. Insert the blade in the center of the buttonhole cutting space, and cut from this point in either direction up to the pins, being careful not to cut the stitching.
