

Hornets Travel To Cameron Tonight

The Gatesville Hornets will open their pre-season campaign against the Cameron Yoe-

men in Cameron, tonight. The Hornets have completed a full week of contact

drills with no injuries and much enthusiasm. Monday, the Hornets went through final preparation for the Cameron scrimmage, working on coordinates and light practice drills.

Coach Jack Gunlock will use his full roster in the Cameron scrimmage giving all the athletes a chance to perform. "That's the purpose of the scrimmage and all will see action," reported Gunlock.

The talent laden Hornet team will be unpredictable with both good "running backs" and a good passing attack. Mike Gaston, Mike Barr and Marshall Edwards will be "signal callers" and should all be capable of moving the offense effectively.

The good "running backs" will be Larry McCutchen, Gary Carothers, Raymond Cole and Chris Bone. The runners depend on the blockers and Wayne Shirley, Randy Schoenewolf, James Ingram, Reggie Schoenewolf and others will handle the provided necessary blocking.

Defensively, the Hornets should be tops with many of last year's top defensive personnel back to jobs at "T D stoppers". Gary Carothers, at over 190 pounds, will be one of the fastest linebackers in the District. Carothers has the experience, speed, size and desire to stop any runner in the district.

The Hornets will hold an inter-squad scrimmage, Friday night for the hometown crowd, since all pre-season scrimmages are away from home. Come out and see the action.

COMMISSIONERS COURT ADOPTS 1969 BUDGET

Coryell County Commissioners held a Public Hearing on the county budget for 1969, Monday morning at 10 o'clock in the Commissioners' Court room.

The proposed \$599,045.23 budget was approved with no alteration. The new budget is a 3.1% increase over the 1968 budget.

The 1969 budget was based upon a \$22,000,000 property evaluation. County Tax Collector Jack Whigham completed final tabulations on the official tax roll, Friday, August 23rd.

The actual property evaluation totaled \$21,989,735.00 and will create revenue of \$208,902.48 for the county.

Judge Norman Storm reported Monday that even though the 1969 budget was figured on a higher base than the actual evaluation, the difference is insignificant.

A breakdown of revenue for the county, shows that approximately 40% of the county operation is financed by ad valorem taxes; 30% by vehicle registration; 15% by fees of office; 8% by state refunds; 4% by fines and court cost and 3% miscellaneous revenues.

The 1969 budget estimates an overall expected available resources of \$608,252.00 from all sources.

The primary item in the county budget is the road and bridge fund, taking approximately 55.2% of the estimated budget.

The road and bridge fund is divided five ways, each commissioner receives an equal part of the fund with a fifth account set up for joint use by the four commissioners. Judge Storm estimated that

each commissioner would have approximately \$76,705 for road improvements for the 1969 fiscal year, which is added to their cash balance at the end of the year.

Storm pointed out that the 1968 car registration reached the limit for the first time in history. He explained that county governments are allowed to retain 100% of the first \$50,000 of vehicle registration and 50% of the funds from the next \$250,000 in registrations. All registrations above \$300,000 go 100% to the State.

In 1968, the county registered approximately \$305,000 in licenses and received \$175,000 of the registration.

Storm noted that large counties, like Harris, Dallas and Tarrant, all were turning in millions of car registrations to the state and only retaining the same \$175,000 maximum available to counties.

The tax rate will be set at official court session set for the second Monday in September. Last year's rate was \$.95 on a \$100 evaluation and the 1969 budget is based on the same \$.95 per \$100 base.

Nancy Hanks Is Elected Arts Council President

NEW YORK (Sp.)—Miss Nancy Hanks, daughter of Mr. and Mrs. Bryan Cacye Hanks of Fort Worth and formerly of Gatesville, has been elected president of the Associated Councils of the Arts, Miss Hanks is coordinator of special projects for the Rockefeller Family and Associates.

She was recently staff director of the Rockefeller Panel report, "The Performing Arts: Problems and Prospects."

Nancy Hanks

Stanley Marcus, president, Neiman - Marcus in Dallas, was also a member of the Rockefeller study panel.

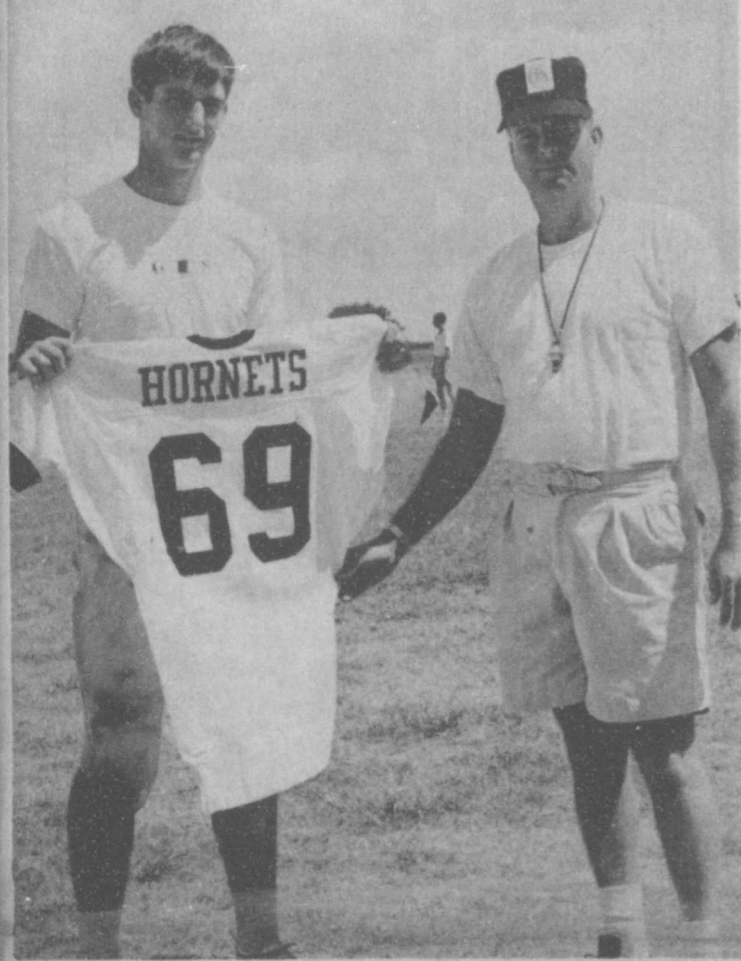

ACA's recent conference in San Francisco, at which Miss

Hanks was elected president, was attended by some 500 arts leaders from throughout the United States and Canada. At that meeting, Louis Harris, national public opinion expert; and Evan Turner, director Philadelphia Museum of Art, was elected members of the ACA board of directors.

ASSOCIATED COUNCILS of the Arts is a private, nonprofit membership organization. Its purpose is to encourage the arts in North America through the work of the 550 state, provincial, and community art councils, other national art organizations and individual arts leaders. In addition to its service programs for councils, ACA sponsors conferences, conducts research and publishes books and a quarterly journal, "Cultural Affairs."

Miss Hanks graduated from Duke University, magna cum laude, in 1949. She also studied at the University of Colorado and Oxford University in England. She is a trustee of Duke University, Robert College, Istanbul, Turkey; the Museum of Primitive Art, New York City; and the Radcliffe Institute.

Miss Hanks is presently a member of the special committee on museum needs of the American Association of Museums, and of the advisory board of the Mary Duke Biddle Gallery for the Blind at the North Carolina Museum of Art.

Dick Belf, meanest Hornet in the first full week of practice sessions, displays the new Jerseys which will be part of the new Hornet uniform.

Coach Jack Bell pointed to Belf as the meanest Hornet of the week. It was not disclosed as to who did the judging for "Meanest Hornet" but it could be assumed that many of the Hornets could testify to the fact.

Anchor To Receive More TV Exposure In 1969

It's "Anchors Away" for Anchor Plastics with a new promotion project. The original Deck Boat builders will take part in a feature film produced by Galaxy Productions, Inc. of Des Moines, Iowa.

The film will be of the travel long variety and is scheduled for 1969 showings on 150 television stations over the nation.

Anchor Plastics officials have joined in on the Alaskan Project with the Chevrolet Division of General Motors and other large manufacturing concerns.

Mr. Richard Belf, Director of Marketing at Anchor Plastics, Inc., left Saturday, August 24 with two fully equipped Deck Boats for Des Moines where the filming company will begin the trip "North to Alaska".

Anchor President, Price Neeley, said, "The film will receive exposure to total viewing population of 450,000,000 in 1969." Neeley pointed out

"40% of the showings will be during 'prime time' hours." The Deck Boat is scheduled for an appearance on the Johnny Carson Television special on September 7 during prime time.

Anchor Plastics has shown tremendous production and sales growth in the past with 1967 being the all time high. Price Neeley reported "each year we have grown and 1968 will be approximately 20% above last year."

The two nation-wide exposure campaigns will certainly increase orders for the unusual and highly versatile Deck Boat. Neeley anticipates a 25% sales increase in 1969, over 1968.

Employment at Anchor Plastics has grown according to the production requirements. In August of 1967, the employment level at Anchor Plastics was 28 production employees. One year later, Anchor is now employing 45 persons Neeley said "employment will naturally increase in 1969."

Neeley pointed out that several development projects were being considered for more efficiency in production. Such

things as unitized deck and deck parts are in the planning stage.

Such advancements will improve the Deck Boat as well as

prove the Deck Boat as well as improve production methods. Another new addition to the Anchor Plastics facility, is a seven to eight acre lake to be used for testing of boats and motors. Each Deck Boat, fitted with a motor is given a test run presently on Lake Belton.

The test lake will be a time saver in the test area and an employee recreation area as well.

Anchor's Away for sure!

Blackland Experiment Station At McGregor Renamed

The Texas University System Board of Directors has renamed all but two of the Agricultural Experiment Stations as of August 20, in a board meeting at the Texas A & M University. The research center for this area is the Texas A & M University Agricultural Research Center at McGregor. The new naming system identifies the unit as a University Center or Research Station at a city location.

In the top frame, Patricia Edmondson heads for the wire in the youth division of the Cloverleaf Barrel race event at the Evant Horse Show. Patricia completed the cloverleaf pattern in 18.9 seconds, taking second place. In the lower two frames, Larry Massingill, of Evant, shows his horsemanship as he maneuvers around the first two barrels on his way to an 18 second flat time and first place in the competition.

EVANT HORSE SHOW HELD SATURDAY

The Third Annual Open Horse Show and Fun Night was held at the Evant FFA Rodeo Arena at Evant, Saturday, August 24. Activities began for the day-long event with Show Horse competition starting at 1:00 p. m.

Trophies were given to all first place winners and special awards were given to the best all-around cowboy and cowgirl.

Miss Martha Tompkins of Dublin was selected as best all-around cowgirl and Miss Patricia Edmondson of San Saba was runner-up best all-around cowgirl.

Doug Forrest of Evant was the best all-around cowboy selection, with both Darrell Forrest and Mike Smith being awarded runner-up of best all-around cowboy honors.

The Horse Show Sponsors, the Evant FFA Roping Club, extended thanks to all who worked to make the Third Annual Show successful. It takes hard working sponsors; concession stand people; gate watchers; announcers (George Walker and Ryan Parrish); time keepers; secretaries and stock suppliers to make a show successful, reported FFA Roping Club officials.

Contestants performed in 25 events, during the day-long show.

Results are as follows: Junior Geldings - 1st place, "Pole Cat" shown by E.L. Turner of Purlmela; 2nd place, "Whiskey" shown by Kathy Hodges of Lampasas; 3rd, "64" shown by Jessie Beard of Star.

Senior Gelding - 1st place, "Leo Vandy" shown by Curtis Koerth, Evant; 2nd place, "Shivers Man", shown by Linda

Lewis of Bangs; 3rd, "Royal Mesquite" shown by Dennis Sheldon of Evant; 4th, "Yeller" shown by Jack Jackson of Brownwood; 5th, "Johnny Reb" shown by Billy Dean Jones.

Junior Mare - 1st place "Snippy Glo", Jessie Beard of Star; 2nd, "Sugar", Penon Parrish, Evant; 3rd, "Little Bit", Elva Johnson of Evant.

Senior Mare - 1st, "Angel" Rodney Parrish, Evant; 2nd "Bunny's Baby", Slim Galloway, Evant; 3rd "Susie Holiday", N.G. Slover; 4th "89's Princess", Wayne Parrish of Evant; 5th "Blue Lady", Dane Marwitz, Pottsville.

Grand Champion Mare - "Angel" shown by Rodney Parrish.

Three Gaited Western - 1st place, Kathy Hodges of Lampasas on "Whiskey"; 2nd Glenna Chumney of Hamilton on "Scooter"; 3rd Kay Petsick of Gatesville on "Blaze"; 4th, Marcia Montgomery on "Strawberry"; 5th, Martha Tompkins, of Dublin on "Cow Hand Breeze".

Open Reining - Martha Tompkins on "Cow Hands Breeze"; 2nd N.G. Slover on "Saint King".

Key Hole - 1st, Kay Petsick; 2nd, Doug Forrest of Evant; 3rd, Martha Tompkins; 4th, Mike Smith.

Children's Pleasure, 12 and under - 1st, Royce Ann Chumney of Hamilton on "Scooter";

2nd, Mike Smith on "Cherokee Bird"; 3rd, Lisa Haferkamp on "Honey Dew"; 4th, Rhonda Walls on "Buster".

Cloverleaf Barrel Race, 12 and under - Larry Massingill of Evant; 2nd, Patricia Edmondson of San Saba; 3rd, Royce Chumney of Hamilton; 4th, Rhonda Walls of Evant; 5th, Mike Fitzgerald.

Cloverleaf Barrel Race, 13-19, girls - 1st, Martha Tompkins; 2nd, Linda Lewis; 3rd and 4th (tie) Kathy Hodges and Lu Lee, Gatesville; 5th, Marcia Montgomery.

Boys' Cloverleaf Barrel Race 13-15 - 1st, Darrell Forrest; 2nd, Dane Marwitz; 3rd, Dee Parr; 4th, Penyon Parrish.

Boys' Cloverleaf Barrel Race 16 - 19 - 1st, Eddie Bynum; 2nd, Doug Forrest; 3rd Travis Montgomery.

Open Cloverleaf Barrel Race - 1st, Martha Tompkins; 2nd, Roxanne Slover; 3rd, Patricia Edmondson.

Pole Bending, 12 and under - 1st, Larry Massingill of Evant; 2nd, Mike Smith; 3rd, Patricia Edmondson; 4th, Rhonda Walls; 5th, Karen Chumney of Hamilton.

Pole Bending, girls, 13 - 15 - 1st, Glenna Chumney; 2nd, Kathy Hodges; 3rd - 4th (tie) Marcia Montgomery and Kay Petsick; 5th, Darlene Sheldon of Evant.

Boys Pole Bending, 13 - 15 - Continued on Page 6

Deck Boats to Alaska and National Television. The Anchor Plastics product will receive exposure on 150 television stations in 1969. Such projects as the Carson Special and the planned 30 minute Alaskan film will create a demand for the Gatesville product. Anchor Officials anticipate many new inquiries and possible sales from the project.

Ronnie Joe Blanchard Aboard USN's Corpus Christi Bay

Army Specialist Five Ronnie Joe Blanchard, 23, of Gatesville, tests an inverter on HU-1B (Huey) helicopters. Specialist Blanchard is an aircraft electrician in the electric shop aboard the USNS Corpus Christi Bay. The ship, a floating aircraft maintenance facility, is the only one of its kind and is presently anchored off the coast of Vung Tau, Vietnam. The specialist and 358 Army officers and enlisted men direct and operate the many maintenance shops aboard the ship. The shops are equipped to repair, replace, or rebuild nearly any part or system found on Army aircraft in Vietnam. Specialist Blanchard is a member of the U.S. Army's Aircraft Maintenance Depot (Seabone). His parents, Mr. and Mrs. R.D. Blanchard, live on Route 4, Gatesville.

Pearl Rites Held For Amanda Johnson Whatley

Mrs. Amanda Johnson Whatley, daughter of William Franklin and Eldonia Johnson, was born December 24, 1904 in Turnersville, Coryell County. She passed away at her home in Denton, Texas, August 11, 1968. She attended public schools in Coryell County and Daniel Baker College in Brownwood, Texas.

Amanda Johnson and J. Lee Whatley were united in marriage on December 20, 1924. He preceded her in death. Mrs. Whatley was a member of the Methodist Church for over 50 years and a member of the Denton Lodge of the Order of The Eastern Star. Surviving are her children, Annie Mae (Mrs. Clifton of Lufkin, Texas); Mildred Faye (Mrs. Earl Nunneley of Decatur and Nocona, Texas); Reta Beth (Mrs. John Channas of Cleveland, Ohio); Ronald Trent of Garland, Texas; and Jerry Lehn of Zephyr, Texas; one sister, Mrs. Elizabeth Brock of Lowell, Massachusetts; fourteen grandchildren and many nieces and nephews.

Funeral services were held Wednesday morning at 10 o'clock from Pearl Methodist Church with Rev. George Matthews and Rev. G.M. Seipp officiating.

Burial was in Pearl Cemetery with Evant Funeral Home in charge.
 Pall bearers were Alva Caly, Arthur Cox, Bobbie Manning, John Lacy, Robert Manning and Harry King.

Charles Lambert

Assigned Stock Control Specialist

FT. HOOD - Army Private First Class Charles E. Lambert, 19, whose wife, Sharon lives at 2527 Oak Drive in Gatesville, was assigned as a stock control specialist in the 153rd Stock Control Detachment at Ft. Hood, July 30. Pvt. Lambert entered the Army in February 1966 and completed basic training at Ft. Gordon, Ga.
 He is a 1966 graduate of Macomber High School, Toledo, Ohio.

IRELAND NEWS

by MRS. JOE FAUBION

Mrs. Ada Hardcastle and Lorene spent several days recently with Mrs. Etta Patterson in Oglesby. Mr. and Mrs. Dan Huckabee of Amarillo brought Mrs. Hardcastle and Lorene home. Mrs. Huckabee is a niece of Mrs. Hardcastle and both she and Mr. Huckabee are former residents of Ireland.

Mr. and Mrs. O.K. Davis accompanied O.K. Jr to Fairy where they visited Mr. Davis' brothers, Roy and Bill Kays. Visitors with Mrs. Myrtle Jones were Mr. and Mrs. Ross Jones of Port Arthur, Mrs. Jewell Bailey and Sheila of Ft. Worth and Mrs. Jack Hoherz and Kenneth Jones of Temple.

Several from here attended the Hoherz reunion at the youth center in Hamilton, Sunday.

Mrs. J.B. Lawson of Gatesville spent Tuesday with Mrs. Alta Pearson, Sunday afternoon visitors with Mrs. Pearson were Mrs. Dora Roach and Mrs. Opal Freeman also of Gatesville.

Danny Neal Tyler of Ft. Sill spent the weekend with homefolks.

Rev. and Mrs. George Lunsford of Brownwood were guests Sunday of Mr. and Mrs. A.G. Hedgepeth.

Mr. and Mrs. Jack Hoherz of Temple visited friends and relatives here, Thursday.

Mrs. Catherine Laing is visiting in Mosheim, with her mother, Mrs. C.O. Jones and family.

Mr. and Mrs. Neel Neyland made a business trip to Waco, Saturday.

Mrs. Catherine Laing is visiting in Mosheim with Mrs. C.O. Jones and family.

Highlights and Sidelights

Vern Sanford

Traditionally Austin has been the headquarters site for Texas campaigns of presidential candidates. But George Wallace's official campaign headquarters (American Independent Party) now is located 49 miles to the south, in New Braunfels.

It was moved from the capital city to within 30 minutes' drive of the office of the party's state chairman, Bard Logan of San Antonio. This move is significant -- especially to those 600,000 Texans who are expected to vote for Wallace in November.

When the state executive committee of the American Party decided to replace Miss Jane Sumner of Austin with Jack Zenger of New Braunfels; named Sam Rains of Austin as treasurer, replacing Mrs. Margaret Bacon of Austin; and removed Mrs. Jewell Lemons of San Antonio from the committee, charges of "Birch-ism" were hurled. Miss Sumner ran for Congress on the Republican ticket in 1966 and Mrs. Bacon had served as secretary to Liberal Democrat Franklin Spears of San Antonio during Spears' 1966 bid for State Attorney General.

"It's not the Birch people that are causing the trouble," Chairman Logan says. "It's the anti-Birch people. They were all looking for Birchers when they were getting signatures to get Wallace on the ballot. Now that the job has been done, they seem to want to fight."

Logan said he didn't think the internecine battle would harm Wallace's Texas campaign, and Mrs. Bacon said she still intends to work for votes for Alabama's former governor.

Wallace will be in the state September 16 to speak at a \$25-a-plate fund-raising dinner in Dallas on the eve of the American party's

CONSTITUTIONAL REVISION RECOMMENDATIONS

While Texas Democrats are taking a stormy role in nominating a presidential candidate in Chicago, a potentially historic event will be unfolding on the home front.

In a three-day Austin meeting this week, State Constitutional Revision Commission is wrapping up its final recommendations for a new Texas constitution.

Sub-committees completed their year-long studies last month.

Fireworks were anticipated on these proposals.

"Four year terms for governors and all other statewide officials who now have two year terms (Recommendation would prohibit direct succession to a second term by the governor)."

"Constitutional change that would also give the governor power to remove and replace appointees to boards and commissions."

"A requirement that state senate closed-door sessions on appointments by the governor be abolished."

"Authority for the legislature to instruct courts as to how they will handle appeals from state administrative agency actions."

Provisions for county home rule and optional plans for consolidation of political subdivisions and functions within a county.

"Appointment of Supreme Court and Court of Criminal Appeals judges by the governor from a nominating commission state of three."

"Easier access to courts for taxpayers protesting assessments."

Recommendations agreed on by the revision commission must go to the legislature next year. Legislature then can submit all or any part of the recommendations to the voters -- or reject them entirely.

Aside from its recommendations of minor controversial nature, commission has made a good-faith effort to tighten and streamline the constitution and chop out long-recognized dead wood.

GUBERNATORIAL CAMPAIGN HEATS UP

Lt. Gov. Preston Smith's announcement that he would not go to the National Democratic Convention in Chicago because he would rather use that time to get better acquainted with delegates to the State Democratic Convention, to be held in Austin September 17, came as something of a surprise.

But it's not the first time Smith instinctively has steered clear of battles within the party -- as the Chicago scene was sure to be. He has gained some wide-spread and rather unexpected support from liberal Texas Democrats because he refused to go with Gov. John Connally, then Atty. Gen. Waggoner Carr and Speaker Ben Barnes to head off a migrant workers' march to Austin two years ago.

Smith, however, says he is serious about wanting to meet and talk to state convention delegates because he wants to command the convention. The September state convention is known as the "governor's convention." It will be interesting to see who wins control of the man who is governor now or the man who is the Democratic nominee.

There's no doubt among Republicans that the star of their state convention in Fort Worth on September 17 will be GOP gubernatorial candidate Paul Eggers. Eggers is running a hard race against Smith.

The NEWS is \$1

CLASSIFIED ADS

APPOINTMENTS

Governor Connally reappointed three members of the Pan American College Board of Regents to terms expiring in 1973. They are Lou Hassell of Houston, Leonel Garza of Brownsville and McAllen Attorney, Morris Atlas.

Then the Governor named Dan Eddy of Dallas to the Good Neighbor Commission to serve out the term of the late Walter McBee of Dallas. Eddy, a Salvation Army official, has been credited with establishing the Salvation Army in Mexico, and served there previously as Army field representative.

House Speaker Ben Barnes named these committees:

*T Study election laws -- Reps. Ronald Bridges of Corpus Christi, James D. Cole of Greenville, Russell Cummings of Houston, Rayford Price of Palestine and J.W. Stroud of Dallas.

*To study recreational water safety -- Reps. Ben Atwell of Dallas, J.D. Weldon of Port Arthur, Gerhardt A. Schulle of San Marcos, Bill T. Swanson of Houston and Leroy Wieting of Portland.

*To assist in a study to determine the feasibility of creating a Texas stock exchange -- Reps. David Finney of Fort Worth, Don Cavness of Austin and Dick McKissack of Dallas.

C.R. Baskin will be new acting chief engineer of the Texas Water Development Board succeeding John J. Vandertulip, who is joining the International Boundary and Water Commission in El Paso as principal engineer.

Texas Department of Mental Health - Mental Retardation has transferred Wichita Falls State Hospital Superintendent Dr. Willard Segerson to that post at Austin State Hospital.

SHORELINE OR THE POINT FROM WHICH TEXAS MEASURES ITS SUBMERGED LAND BOUNDARIES.

Last December a decision granting Texas ownership of tidelands to 10.3 miles into Gulf of Mexico held that where shoreline has receded, Texas cannot claim the 1845 historic boundary (which would give Texas more acreage). Federal government also would deny Texas its 10.3 mile area where the shore has built out into the Gulf.

At stake is about 36,000 acres. Since 1950 the undisputed acreage has yielded more than \$100 million in oil - gas leasing for permanent school fund.

CITY WATER PRICES VARY

"Water Service in Texas Cities," new publication by the Texas Municipal League, indicates a wide spread in water prices throughout Texas.

Lowest city rate is Uvalde's \$2.50 per 10,000 gallons; highest is Terrell's \$10.25. League said average water prices charged by 61 cities of populations between 10,000 and 25,000 is \$6.00 per 10,000 gallons.

SHORT SNORTS

Texas Education Agency has estimated 123,855 professional educators will be needed to instruct 2,661,454 pupils who will be reporting to classes in September; and concludes that language improvement is the most important educational need to serve children from low income families.

State Banking Commission rejected an application for new American Bank of Commerce, Harlingen.

Attorney General Martin has been in Washington studying how Texas can administer its portion of more than \$100 million appropriated by Congress for crime fighting in 1968.

In spite of increased income taxes and inflation, retail sales in Texas made a three per cent gain in July over June sales, reports UT's Bureau of Business Research.

Texas Adjutant General Thomas S. Bishop says the U.S. Defense Department's decision to close Nike Herculase missile sites in Denton, Duncanville and Terrell will mean a \$1.4 million annual loss to Texas economy.

The Old Timer

"The successful man is the one who matches his backbone to his wishbone."

NOTICES

NOTICE OF HEARING In the Matter of Cancelling Permit No. 924 of Don J. Saunders to appropriate public water.

By virtue of the authority vested in Law in the Texas Water Rights Commission, notice is hereby given that a hearing will be held in the office of the Commission in the Sam Houston State Office Building, Austin, Texas, beginning at 10:00 a.m., on October 2, 1968, in the matter of cancelling, in whole or in part:

Permit No. 924 carried in the name of Don J. Saunders according to Commission Records. The permit authorizes the diversion and use of 75 acre-feet of water per annum from the Leon River, Brazos River Basin, for the irrigation of 50 acres of land out of the Wm. Isaacs Survey in Coryell County, Texas, about five (5) miles northwest of Gatesville, Texas, all being more fully set out in the permit.

All affected parties are directed to appear and show cause, if any, why the water right listed above should not be cancelled.

Given under and by virtue of an order of the Texas Water Rights Commission on August 20, 1968.

(Seal) /s/ W.E. Berger, W.E. Berger, Acting Chairman

WILDLIFE PLANS

Parks and Wildlife Commission adopted a \$17.5 million operating budget for the next fiscal year.

Commission will ask the 1969 Legislature to appropriate money to reopen the fish and water - exchange pass between Corpus Christi Bay and the Gulf across Mustang Island.

Commission also set Texas Duck season for December 14-January 1. Daily bag limit was set at four and possession limit at eight. Goose season will be October 20 - January 12, with daily bag and possession limit of five.

Studies of the ecology of prairie chickens and ways to increase their population -- perhaps enough to hunt them someday -- has been authorized by the Commission for the year beginning September 1.

Open season was set for November 15 - November 21 for deer in Devil's pocket unit, Angelina Management area.

yellow roses and English ivy leaves.

Mrs. Patsy Greenfield from Farmers Branch, sister of the bride, was matron of honor. Miss Linda Patterson of Cranfills Gap was maid of honor. Bridesmaids were Mrs. Iam Roberts of Johnson City, Miss Billie Sirney of Austin, Miss Vicki Hoffman of Ennis, Miss Ellen Nafus, the bridegroom's sister, Mrs. Sherry Shaw, Miss Arezella Burreson and Mrs. Paula Cumpston all of Waco. Miss Pam Grier of Waco was junior bridesmaid. They wore street length gowns of yellow dotted swiss with mitts and their headpieces were yellow hair bows. Each carried a long stemmed yellow rose with satin streamers. Nita Lynn Patterson of Mesquite and Sarah Mohundro of Corsicana were flower girls.

Michael Cumpston of Waco was best man. Groomsman were Wacoans Berry Davis, Richard Gunn, Jerry Eggebrecht, Spurgeon Cosper, Jack McClellan, Richard Wilson of Bell mead and Miles Pickens of Austin, Bill Wilson of Bangs, Teddy Vice of Pearl was junior groomsman, Russell Blum of Arlington was ring bearer and ushers were Jim Cooper and Jackie Birdwell of Waco.

Pianist was Miss Charlene Sawyer and soloists were Wacoan Everett Gunn, Mrs. Marilyn Angerman of Stephenville and Miss Sue Amundson of Cranfills Gap.

Parents of the bride were hosts for a reception in the Fellowship Hall. Members of the house party were Mrs. Patsy Abraham, Bellmead; Mrs. Shirley Lindsey and Miss Rita May of Cranfills Gap and Mrs. Mary Bullard, Hillsboro.

The bride graduated from Cranfills Gap High School, attended Navarro Junior College, Corsicana and is a 1968 graduate of Hillcrest Baptist Hospital School of Nursing, Waco.

Mr. Nafus graduated from Richfield High School, Waco, attended Navarro Junior College, Corsicana and is a senior student at Baylor University. He is employed as Youth Director at Herring Avenue Methodist Church, Waco.

After a trip to Hemisfair, in San Antonio, Mr. and Mrs. Nafus will live in Waco.

Food For Thought

Mrs. B.A. Snoddy

"The poverty of Jesus - that we might be rich". II Cor. 8:9

"For ye know the grace of our Lord Jesus Christ, that tho' he was rich, yet for your sakes, he became poor, that ye thru' his poverty might be rich."

We see families sometimes that don't have many clothes, they drive an old car, they don't have plenty to eat, and we call them poor people, or poverty-stricken. But have you ever considered Jesus - what He bore that we may be rich? Just let your mind go back, over the time Jesus spent here on earth.

Library News

A party to celebrate the end of a successful season of the Texas Reading Club Program will be held at the Gatesville Public Library on Tuesday, August 27 at 10: a.m. All boys and girls who participated in this program are invited to attend.

Each child who read twelve or more books this summer will receive a reading club certificate. Prizes will be given and refreshments served by the Friends of the Library Association.

The library staff is very proud of the books local young people read. Our records show a total of almost 3,000 books checked out for Juniors and younger children for the three summer months. This is not a true record, however, for many young people read books of adult level.

The library has received, as a gift from his wife, the book *Fair Haven's* by Bradley C. Jefferson, an editorial writer of the Times Herald, Dallas.

This is a novel of East Texas in the early 20th century. Also new this week are: *How to Build Hot Rods and Race Them* by John Christy; *The Voice of the Coyote* by J. Frank Dobie; *I've Just Begun to Fight* the story of John Paul Jones by Commander Edward Elsborg and *The Earth is the Lords*, poems of the spirit compiled by Helen Plotz.

LANE'S CHAPEL TO HOLD SINGING SEPTEMBER 1

There will be a singing at Lane's Chapel on Sunday, September 1, from 2 until 4 p.m. All singers are invited to come and bring their songbooks. An invitation is extended to the public.

Over The GARDEN FENCE

by R.B.

In this area fresh vegetables can be enjoyed for several more months by the use of a fall garden. Many vegetables do much better during the cooling nights of fall than in the spring. Broccoli, cabbage, brussel sprouts, turnips, beets, spinach and lettuce are among those.

Radishes, carrots, corn and potatoes may also do well in the fall. When the ground is prepared, as for a spring garden and the furrows are made, they should be filled with water and allowed to soak. Then the seeds are scattered and covered with a thick layer of soil. This will give the seeds enough moisture to sprout. If the fall rains do not come at fairly regular intervals the little plants will need to be watered.

The vegetables of the cabbage family may be seeded directly in the rows and later thinned out to stand about a foot apart or they may be set out as plants. If plants are set, they will need to be shaded for several days until the new root system develops. Ordinary brown paper bags may be placed over the plants and weighed with dirt or a cardboard box with the top and bottom cut out and placed around them to provide the shade needed.

Radishes and carrots are good companion crops. Mix the seeds together before dropping in the furrow. The quickly germinating radishes will mark the row until the slower carrots appear. And as the radishes are pulled for the table, the carrots will be left at properly spaced intervals with very little thinning necessary.

With garden pests diminishing as the days grow cooler and a little pampering to see the young plants through the hot days of August, there might be fresh vegetables for Christmas dinner.

Coryell County News, Gatesville, Texas, Tuesday, August 27, 1968

He had to borrow a mule to ride on. When He ate the Passover feast with His disciples; then set up the Lord's supper and washing of feet, He had to borrow the Upper Room to have it in.

Even as He stood in Judgment Hall, He made no defense, only that He was the Son of God; the people asked, "Can anything good come out of Nazareth?" His own people received Him not - a prophet without honor in His own country - wasn't He just the carpenter's son? Matt. 13:55

He died the most humiliating death, given the lowest of criminals, yet without sin; He was even compelled to carry His own cross. John 19:17. He was laid in a borrowed tomb yet, all this was for us, He bore poverty that we might be rich. He became man that he'd know how to sympathize with us and to know our problems. We've never seen anyone who had simply nothing of this world's goods, like Jesus did. But He said His kingdom was not of this world. His death was the end of his humiliation; He said on the cross, "It is finished". Man had done his worst to Him, rejected Him, mocked Him, every cruel treatment, smote Him, falsely accused Him, everything that we could bear, He has borne it for us - He knew what man needs, so He prayed the Father to give us another comforter, Jesus knew we'd need it.

He knew the need for a resting place, so He said: "I go to prepare a place for you, that where I am, ye may be also."

When He comes again, it will not be on a borrowed mule, but on a beautiful white horse, He will not have a crown of thorns on His head, but a golden crown; He will not have to declare to a jeering, unbelieving mob that says He is blaspheming when He declared He was the Son of God, but will have on His vesture, dipped in blood, a name written, "King of Kings and Lord of Lords", no king above Him, no Lord above Him. Rev. 19: 16.

He will not have to stand in man's judgement all, falsely accused and there make no appeal for Himself, for He will be the Judge! He will not have to disappear from among the people to keep them from killing Him, for He will come to reign with a rod of iron. The word of God says He is coming with ten thousands of His saints and His reward is with Him.

It's going to mean something to be ready when these things

come, and to be on His side; it's going to mean something to have His smile of approval, it's going to mean something to have Him confess us to the Father: "Father, these are those who have accepted my blood sacrifice, to cleanse them from their sins". Oh, glorious thought! A certain class of people will

be able to enter into this glorious event:

1. Those that look for Him.
2. Those who press toward the mark for the prize.
3. Those who seek those things which are above.
4. Those who love His appearing.
5. Those who purify themselves.

FARM REVIEW and FORECAST

Increases Quantity And Yield

BOTTOM DEFOLIATION CAN IMPROVE COTTON CROP

Bottom defoliation of cotton can prove to be worth the time and expense, as it may increase both the yield and quality of the crop, says Fred C. Elliott, Extension cotton specialist at Texas A & M University.

Timing of defoliant application to the entire plant for high yields has to be a compromise between top crop maturity and bottom crop deterioration. Thus, while the top bolls are maturing the bottom bolls may rot, and open cotton will be exposed to four to six weeks of weathering before it is finally picked.

Little benefit is obtained from bottom defoliation if there is a small bottom crop. But in the case of a heavy bottom crop, there is a consistent advantage of preparing for early bottom harvesting, says Elliott.

Best time for application and height of spraying depends on the purpose of the application. Bottom defoliation to prepare for early bottom harvesting should be delayed until 20 percent of the cotton opens and the green bolls are firm and mature up to a height of two feet. For boll rot control the best time is just before the early bolls start to open if humid conditions exist in the lower plant zone. Spray should be confined to zone of mature, firm bolls.

Speed in rank cotton should be slow, otherwise you will break plants with resulting loss in yield, cautioned the specialist.

Bottom harvesting can be done within 12 to 20 days or as soon as bolls in the treat-

Anaplasmosis Reported

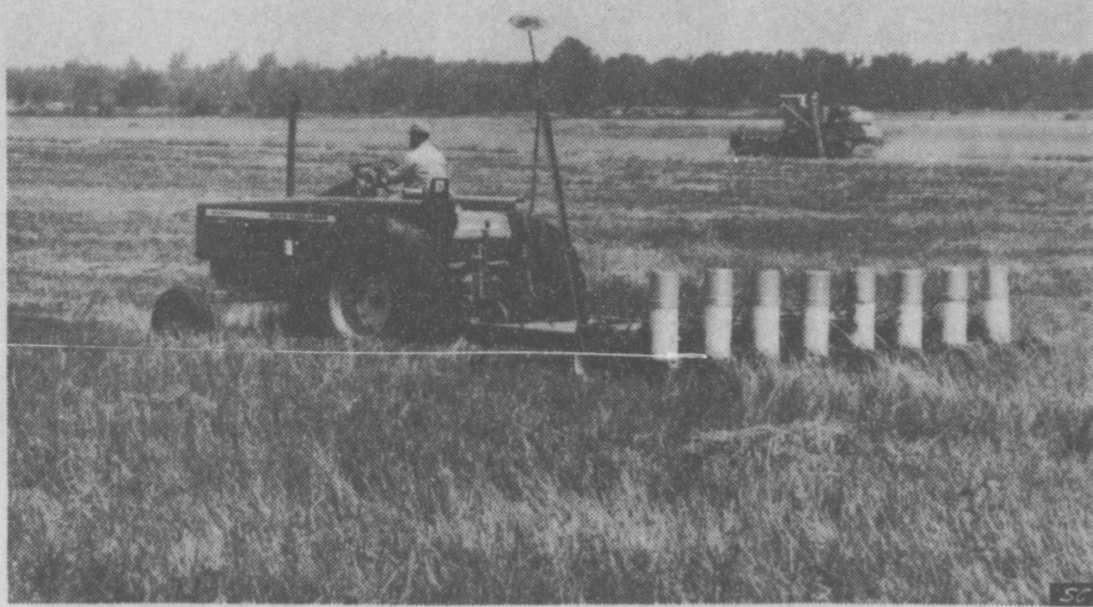

Anaplasmosis, a severe blood disease in cattle, has been reported in wide-spread areas of Texas by veterinarians. Dr. Milton Risinger of Kaufman, near Dallas, and Dr. Joseph Bitter of Edna, on the Gulf Coast, both reported numerous cases in their area of the state. Other veterinarians are seeing cases of anaplasmosis, including instances in east and central Texas counties, a Texas Veterinary Medical Association spokesman in Austin said.

The disease causes extreme anemia and death, if not detected early. The most effective safeguard against anaplasmosis is immunization with a recently released vaccine. Veterinarians are also able to use medication and blood transfusions for severely affected

zone open. Harvesting may be by hand picking or by modification of the picker drums on spindle harvesters so that the undefoliated top of the plant pas-

ses through the picker head with little or no damage while the lower spindles pick the open cotton underneath, Elliott pointed out.

QUICK PLANTING

At Red Line Farms near Dumas, Ark., owner A. V. Stimson harvested wheat with his Gleaner combine and planted soybeans in the same field on the same day. He used a new "No-Till" system of planting developed by Allis-Chalmers. It conserves soil moisture, and cuts out the time-consuming jobs of burning off the straw residue and disking before planting. "Elimination of several tillage trips over the field will cut costs drastically," says Stimson. He expects a 40-bushel bean harvest.

animals, according to TVMA. Cattlemen are urged to inspect their herds and immunize all animals since the disease is transmissible from one animal to another and is spread by flies, mosquitoes and ticks. Cattlemen are also warned that the vaccine must be used under completely sterile conditions to prevent spreading the disease.

Youths To Receive Awards

By October 15, youths from 50 states will be named 1968 award winners and delegates to the National 4-H Congress in Chicago, December 1-5. More than 4,000 will earn the county safety medal. The top 10 clubs in the state will receive safety certificates.

The big national prize is a \$1,000 educational scholarship which will be awarded to eight of the state 4-H winners who have compiled the most exceptional records of safety projects conducted over a period of years.

To be eligible for either a state or national safety award, the boy or girl must be over 14 years old.

CASES OF BLIND STAGGERS REPORTED

The Texas Veterinary Medical Association, citing findings by a veterinarian in West Texas, reports that equine (horse) encephalomyelitis has been discovered. The cases were reported in West Texas near Seminole by Dr. A.J. Mabry, a large animal practitioner in that area.

The disease, sometimes called sleeping sickness and Blind Staggers, is a virus perpetuated by small birds that carry a high concentration of the virus in their blood. The culex mosquito transmits the disease from the birds to horses and can also transmit it to man. Horses do not transmit the disease. The Veterinary Medical Association says.

Encephalomyelitis is often fatal and may cause permanent damage to the brain to surviving animals. The T.V.M.A. said horse owners should vaccinate their animals and take mosquito control measures. August and September are especially critical months for the disease in all of Texas since high mosquito population are

At District 4 Meeting

NAMAN TO ADDRESS FARMERS UNION

Bob Cathey of Alexander has announced that Texas Farmers Union President Jay Naman will address the Texas Farmers Union District 4 meeting in Stephenville, Tuesday, August 27.

Counties in District 4 Farmers Union are: Bosque, Brown, Comanche, Coryell, Eastland, Erath, Hood and Parker.

Cathey, District 4 Director for the farm organization, stated that the meeting of all county Farmers Union officers and directors would be a work-

ing and planning meeting. The officials will hear reports on district membership, National district membership, National Farmers Union Insurance and lay plans for annual county meetings. Membership drives will be discussed and dates for county membership drives set.

Naman's address will be "Farmers Union's Challenge for the Future". Naman will respond to questions after his address.

Farmers Union members from Texas led by the farm organization's state leader participated in the Farmers Union Fly-In to Washington, D.C. when they lobbied Congress.

This effort is widely recognized as precipitating the peanut price support increase of \$13.25 per ton.

Cathey stated that "the meeting is open to the public and those interested in preserving the family farm are urged to attend."

300 Scholarships To Be Awarded to 4-H'ers in 1969

Nearly 300 scholarships valued at about \$190,000 will be awarded to outstanding 4-H Club members this year, according to the National 4-H Service Committee. The winners selection is based on records of accomplishment in the broad spectrum of 4-H programs.

Six of these champions will be boys and girls over 14 years of age who have successfully combined work in field crops and science. Their scholarships will be for \$600 and may be applied to vocational education, junior college, four-year college or to specialized short courses.

The winners will be announced during the first week of December at the National 4-H Congress held in Chicago.

One of last year's scholarship winners is a 19-year old North Dakota farm boy whose main interest is agricultural

Miss T.R.E.
Barbie McMillan

research. Two years ago he developed a new method of using radioisotopes to determine which vital nutrients are void in North Dakota small grains. For this Robert Rotering Jr. received awards from the U.S. Army, the Air Force, National Aeronautics and Space Administration and Science Service.

More recently he discovered a practical method of using magnetism to speed plant growth. As a result, he was of-

Miss Texas Rural Electrification Of 1968

Barbie McMillan was judged winner of the Miss Texas Rural Electrification contest during the 1968 Texas Electric Cooperative Inc., 28th annual meeting in Dallas.

Miss McMillan represented Wharton County Electric Cooperative in the state-wide contest. She is a graduate of Wharton High School, a sophomore at Southwest Texas State Teachers College in San Marcos and active in Methodist Youth Fellowship.

She enjoys tennis, water skiing and golf. At Southwest Texas State she is a member of the Strutters Drill team. The new Miss T.R.E. will represent rural electrification in Texas and compete for the National Miss Rural Electrification title in Atlantic City in March.

ferred scholarships from seven universities. He ranked 13th among high school scientists throughout the world. Last fall Rotering applied his 4-H field crops science scholarship at Crosier Seminary Junior College, Onamia, Minn.

The 1968 state award winner gets an expense-paid trip to the 4-H Congress, and will be eligible for a national scholarship. In addition, medals of honor are given to four blue award members per county. An estimated 5,000 young farmers will earn a medal this year.

Donor of the Field Crops Science awards is Amchem Products, Inc. Company officials will host State and National winners and 4-H leaders at a banquet held during the 4-H Congress.

This 4-H program becomes increasingly important to U.S. Agriculture because it encourages farm youths to learn, and put into use, modern methods of soil management, quality crops control, harvesting and efficient use of farm equipment.

Projects are supervised by the Cooperative Extension Service.

ARE YOUR WIRES CROSSED?

If your farm or home wiring system has not been up dated within the past ten years, give this remodeling task a top priority in your plans for the year ahead, suggests W.S. Allen, Extension agricultural engineer of Texas A & M University. Allen points out that electrical loads have more than doubled on most farms and in most homes during this period. "Neglect this task and you improve your chances for having some serious electrical problems," he says.

First, but not necessarily the most important, is the fire hazard caused by inadequate wiring, the engineer specialist adds.

Second, inadequate wiring can be even more expensive than a rewiring job in the long run, he points out. Studies show that 10 percent of the electricity you buy can be lost in the wiring system. While that may not be so bad in terms of the cost, the effect this has on electrical appliances can be a real drain on the pocketbook. Research shows that a 10 percent drop in voltage has the following effect on your appliances:

- 10 percent less heat from heating devices.
- 30 percent less light from lightbulbs
- 10 percent less starting torque from a motor
- 11 percent more current needed for motor windings
- 23 percent more heat produced in motor windings.

And, Allen notes that motor windings operating 18 degrees F. warmer than normal last only half as long.

How can you tell if your wiring is outdated? The agricultural engineer suggests that you watch for dimming lights, sluggish motors that overheat, slow heating devices, blown fuses, or electrical shocks from small appliances (that's a real danger sign).

MR. & MRS. LENGEFELD VISIT IN ST. LOUIS

Mr. and Mrs. Francis Lengefeld, Lynn, Jimmy and Leigh have returned to their home in St. Louis, after visiting with their parents and grandparents, Mr. and Mrs. Jim Sheridan and other relatives.

"Four Angry Hornets", dubbed this by coaches - these four defensive stars will be hounding "passers" and "running backs" all year for the Hornets.

Pictured, left to right, working with the Exer-Genie are Bobby Hodge, Randy Schoenewolf, Gene Braziel and James Ingram.

The entire football team spends the last few minutes of each practice session working out on the Exer-Genie. Coach Bell reported Friday that the "Genie" cuts down on injuries to the boys. Through one full week of "two-a-day", coach Bell said none of the boys have been injured.

Last year, after a week's workout, three boys had sprains and two had pulled muscles.

Husband - Wives Golf Tournament Slated

Gatesville Country Club will hold a Labor Day weekend calendar of special events. Included in the activities will be two golf tournaments, two meals and many other activities for a complete weekend of fun.

Sunday, September 1 at 1:30 p.m. there will be a Husband - Wife tournament with prizes for top winners. Entry fees have not been set, but it is expected that fees will be in line with past tournaments.

Following the Sunday afternoon tournament, members and guests will enjoy an evening meal. Menu for the meal has not been completed. Bring the whole family for a weekend of fun at the Country Club.

Club officials have set a bridge tournament for Monday morning for non-golfers, with a noon luncheon scheduled following the bridge event.

Monday afternoon there will

be a men's flag tournament. This tournament will be a prelude to the annual Club Handicap Tournament scheduled for September 15 and September 22.

Officials have planned for other games and activities including horse shoe pit and of course, swimming.

Landowners May Cash In On Hunting Leases

Jerry Noles, of the Texas Parks and Wildlife Department reported Saturday, "Several inquiries have been received from sportsmen interested in learning place to hunt doves, quail and deer in Coryell County."

Noles pointed out that landowners of the area can take advantage of additional revenue possibilities in the hunting lease area.

"Landowners interested in leasing pasture land, stock tanks or any other property for hunting of any game, should

contact the Gatesville Chamber of Commerce as they have received several inquiries", reported Noles.

"A reminder to all landowners considering leasing is that they are still required to have a Shooting Preserve License, which can easily be obtained from Mr. Noles or application blanks can be picked up at the County Clerk's office in the courthouse.

Noles reported that Coryell County quail hunting should be good with quail population described as "numerous".

The dove hunters will have to hunt, reports Noles, with dove population described as "spotted".

The deer season is expected to be excellent this year, with many large deer in the area.

James Oscar Rogers

Rites Held

Mr. James Oscar Rogers, Sr., formerly of Levita, died

in Alamogordo, New Mexico on August 22, 1968.

Funeral services were held August 26, 1968 from Scott's Funeral Home Chapel with Rev. Stanley Wilson officiating. Burial was in Levita Cemetery.

Mr. Rogers was born February 21, 1893 in McMinnville, Tennessee and came to Coryell County as a child. He was a retired farmer.

He was married to the former Lottie L. Mayes on September 1, 1912, who survives him.

Mr. Rogers had lived in Pecos from 1946 until 1958 and in Alamogordo from 1958 until 1968. He lived in Levita until returning to Alamogordo several months ago.

Survivors include a son, James O. Rogers, Jr. of Alamogordo, New Mexico; a daughter, Mrs. Louise Rhubarth of New Bransfel; five grandchildren; a brother, Otis Rogers of Grand Prairie and three sisters, Mrs. Minnie Davis and Mrs. Leoma Campbell both of Gatesville and Mrs. Bessie Morgan of Bastrop.
