

Mike Gaston, number 17, crosses the goal line for the first Hornet score in Friday night's district opener against Del Valle. The district race this year features many teams with a chance to win (the district champions could lose a game).

## Hornets Downed In District Opener

Friday night, the Gatesville Hornets, staggered by the death of teammate, Marshall Edwards, were unable to handle the hard-running Del Valle Cardinals.

Del Valle scored first on a 10-yard pass from quarterback Edwin Collins, to end Harold Brown. The play capped a 44-yard drive that was highlighted by 10-yard thrusts by tailback Woody Benford and fullback Joshua Brown. These two Cardinals backs proved to be the workhorses for Del Valle, and they hurt the Hornets all night with their fine running.

Early in the second quarter, the Cardinals were on the move again and were deep in Hornet territory when they lost a fumble, which Doug Freeman fell on at the Hornet 20. Gaston completed a 20-yard option pass to Allen Neel, but the Cards' defense forced Gatesville to punt, three plays later. On the second play, after Del Valle took the Hornet punt, the Cards fumbled the ball away again. This time, Mike Barr picked up the loose ball and ran 25 yards into the end zone. The play was called back because, in high school football, the ball is ruled dead at the point of recovery, when a fumble occurs. The Hornets took the ball on the Cardinal 25, and with Carothers and Gaston carrying, moved in to score, the tally coming on a 3-yard plunge by Gaston. The try for extra points was no good, and with 4:1 left in the second quarter, Gatesville still trailed by one point, 7-6.

## Freshmen Undefeated, Win Fourth

The Hornet Freshmen team continued the victory trail, Thursday night stopping Rockdale 30-14. The Hornet Freshmen pictured above in a power sweep with Ronnie Brown moved the ball well in the second half. Leading the blocking in the picture is Billy Hord, number 33 who scored three touchdowns on runs of 45, 30 and 38 yards.

At the left in the picture Mike Winters, number 78 pre-

pare to block for the runner. Others scoring in the Thursday contest were Ronnie Brown six extra points; Smith six point touchdown pass; and Ricky Thompson, one yard touchdown run. The undefeated Freshmen will see action Thursday night at 7:00 p.m. at Nolan Field against Killeen Fairway Junior High School.

## Old Fiddlers Contest Set For Saturday

Strains of real "Old Time Fiddle music" will be heard around the downtown area of Gatesville this coming Saturday, October 19th, as the Chamber of Commerce presents its third annual Old Fiddler's Contest. The rivalry has been building each year among some of the best musicians in the state from the ranks of fiddle music which is so much a part of the heritage of our country.

Last year's participants included recording artists Johnny Dodd and Eddie Rose of San Antonio. Mr. Rose had taken first place honors and Grand Champion of the Show in 1966, however, he was upset last year by a young man from Alvarado, Texas, Jesse Mears, who is a nephew of one of Texas' greatest old-time fiddlers, Uncle Jack Mears of Lubbock. There should be a very heated rivalry between these two this year for the first place honors. Trophies and prizes will be awarded in each of three age categories.

Entertainment has been planned for intermissions throughout the contest and you can be sure there will be plenty of "pickin' and singing" all day long.

The contest is scheduled to start at 12:30 p.m., on the south side of the Courthouse lawn. Chamber officials were quoted as saying, "we know we have a number of excellent musicians in Coryell County

### Garth Wall On Distinguished Student List

Graham Wall, son of Mr. and Mrs. Garth Wall of Evant, has been listed on the spring, 1968 distinguished student list recently released by Tarleton State College in Stephenville. He is a 1965 graduate of Evant High School.

To be eligible for this list, a student must have a grade average of 2.25 out of a possible 3.00, be carrying at least 15 hours and have no grade below "C".

### Senior Citizens To Meet Thursday

The senior citizens of Gatesville, will meet next Thursday, October 17th, at 2:30 p.m. in the National Bank Civic Room. The Town and Country Home Demonstration Club will be in charge of the program and serve refreshments. Miss Grace Chandler, Home Demonstration Agent, will present the film, "The Medicine Man".

All senior citizens are invited to come and enjoy the afternoon of fun and entertainment.

and we issue a special invitation to each and every one of them to enter the contest. We would certainly enjoy having a local musician walk away with the prize money." Entrance details can be obtained by calling the Chamber of Commerce office.

### Marshall Edwards Killed In One-Car Accident

Dan Marshall Edwards, 16, Gatesville High School Junior, was killed at 6:00 p.m., Friday, in a one-car turnover on a gravel road near the Pecan Grove community, ten miles east of Gatesville.

Highway Patrolman, J. K. Hamilton, said Edwards was riding in a car driven by Mike Barr, another 16-year-old Gatesville High Junior.

Barr lost control of the car on a curve and it turned over, throwing Edwards from the auto and the vehicle rolled over him.

He was pronounced dead at the scene by Justice of the Peace, Stony Hammack. Barr was not injured.

Funeral services were held October 13, 1968 at 2:00 p.m. in the First United Methodist Church, with Rev. Bob Richmond, officiating and burial was in Restland Cemetery.

Survivors are his parents, Mr. and Mrs. Dan Edwards, a sister, Kathy Edwards, his paternal grandmother, Mrs. Curt Edwards; his maternal grandparents, Mr. and Mrs. R.C. Howell, all of Gatesville.

### Two Men Arrested By City Patrolman

Two men were picked up late Thursday night, after one of the two, John Hammel, 21, had thrown a bottle through a window at the Rotunda Retirement and Convalescent Facility at the corner of Osage Road and North Lovers Lane.

The two men were stopped about fifteen minutes after the bottle throwing incident, across from the Elementary School on Highway 84, where they had attempted to force a pickup truck off the road.

Fabian Klecka, city patrolman, arrested the pair and they were placed in county jail.

Judge Stony Hammack fined Hammel \$100 for destruction of private property and \$25 for drunk.

Roland Wright was fined \$25 for making beer available to a minor, in the same incident.

### Texas Library Association To Hold Annual Meeting In Kerrville

The 16th annual meeting of District VIII, Texas Library Association, will be held in Kerrville, Texas, on Saturday, October 26, 1968, announces Mrs. Louise Powell, chairman of District VIII, and librarian at Gatesville State School for Boys.

"State Legislation and Aid for Texas Libraries - the Time is Now" is the theme for this meeting. This same study is being carried out in each of the eight districts of the Texas Library Association this month. The program is planned to clarify the proposed legislative efforts of TLA and to emphasize what this legislation would mean to the libraries of Texas.

Mrs. Sam G. Whitten, President, TLA, will give a progress report on TLA's Plan for State-wide Library Development. Mr. Lee Brawner, Asst. State Librarian, will present "The Role and Limitations of the federal Library Service and Construction Act". Presentation of the proposed library legislation will be given by Mrs. Donna

Thomas, Chr., Board of Trustees, Deer Park Public Library. A panel discussion on the "Relevant of the Act for All

### Brenda Pietsch Rites Held Monday

Brenda Renee Pietsch, infant daughter of Mr. and Mrs. Wilbert M. Pietsch, died at her home in the Fort Gates area, October 13, 1968 at 3:15 p.m.

Funeral services were held, October 14, 1968 at 3:00 p.m. in the First Lutheran Church with Rev. Raymond D. Reich officiating. Interment was in Restland Cemetery.

Brenda was born October 8, 1968. She was the daughter of Wilbert M. and Dolores Wieser, who survive her.

Also surviving are a brother, Timothy Ray a sister Debra Ann, and the grandparents Mrs. Hulda Pietsch of La Grange and Mr. and Mrs. Karl Wieser of Serbin.

## HUMPHREY TO SPEAK IN WACO OCTOBER 22

Hubert H. Humphrey

Vice President, Hubert H. Humphrey, will make a brief informal address to Central Texas citizens at James Connally Technical Institute at 4:00 p.m., October 22.

The announcement was made by Connally Tech officials during a 2:30 p.m., Monday Press Conference.

The Vice President will arrive in Texas at 1:00 a.m. for a breakfast meeting in Fort Worth, followed by a stop-over in Dallas, before coming to Waco.

The Humphrey caravan consists of three Boeing 727's carrying news men and campaign staff members.

A central Texas delegation headed by Dr. Roy Dugger, Connally Tech director, will greet the Vice President at the James Connally Tech airport, where Humphrey will address the gathering.

James Connally Technical Institute is in its third year of operation this fall, with an enrollment of 1477. The school is the only Technical and Vocational facility of its kind, in the state and now offers 43 courses.

Following the Presidential hopeful's Waco stop, the caravan will jet to Austin for an evening rally.

## SEWING PLANT CONSTRUCTION PROGRESSES

The walls of Walls Manufacturing Company, began to take shape late last week with Quality Steel Erection Company's crew completing three-fourths of the structural steel work in approximately eight hours.

The new plant, with 16000 square feet of floor space, has been a dream of area citizens since Walls' original inquiries last spring and a reality since the July 6 announcement that a plant would be located in Gatesville.

Don Marken, of Quality Steel, estimated that his construction work will be completed by October 26, however, interior work, insulation and heating-air conditioning installation stages have not been started.

During a recent information session with the Lions Club, Walls Manufacturing Company President, Sam Walls, estimated that some sewing machines would begin operating in November with 50 machines in operation by the first of the year.

### Rev. Richmond Speaks To 4-H'ers During Banquet, October 7

The Annual Awards Banquet of the Coryell County 4-H Club was held Monday night, at the Gatesville High School cafeteria with Rev. Bob Richmond as guest speaker for the evening.

Rev. Richmond spoke to the 4-H'ers and guests concerning a type of "Generation Gap" that exists between the peoples of the world.

On a recent trip to the Middle East and Europe, Rev. Richmond had the opportunity to talk to individuals concerning attitudes and impressions of different subjects.

The 4-H'ers listened while Rev. Richmond told of the Egyptian girl's attitudes concerning the state of war that exist in her country. "Elsa as we called her," Richmond said, "was a college graduate guiding our group on a tour of a museum containing treasures from King Tut's tomb."

When the tour reached the location of the most valuable treasures, the young girl reported that the valuable items had been removed. "We are in a state of war," related

Richmond. The young guide noted the glass cases were taped to prevent the glass from shattering when the bombs fell.

Rev. Richmond told of meeting an Israeli taxi driver in Israel and discussing the Six Day War between Israel and her Arab neighbors.

Describing the cab driver, Richmond pointed to his complete hatred of the Arabs, and his willingness to rejoin the fight solely to kill his neighbors to the east and west.

Richmond told of other individuals he met in his travels with attitudes based solely of differences between people.

"I could be any of these people, Egyptian, Israelite, Turk, or any other," said Richmond. People over the world are no different than they are here.

Richmond summarized "When we think of making the world a better place to live, it is important to remember that our differences are superficial while our similarities are profound. Only this will take down the walls and make the world a better place."

### The Grove Will Have Water System Costing \$140,000 In Near Future

Residents of The Grove will soon have a community water system, as drilling of the new community water system well began last week, and will serve 90 families in the area. The system is financed by a \$140,000 Farmers Home Administration Loan.

The well is being drilled by Harvey Meadows of McGregor, under a \$13,616 contract. A

contract of \$114,212 for the installation of the distribution system was awarded to Am- thor Construction Company.

Officers of The Grove Water Supply Corporation are Henry Olejnik, president; Max Winkler, secretary. Others serving on the board of directors are J.W. Graham, Ted Graham and George Clawson.

### Mound News By Mrs. Walter Wiggins

(Intended for Friday's paper) MOUND CEMETERY FUND CONTRIBUTORS LISTED

The following have made contributions to the Mound Cemetery fund during September: David Davidson, Loyde Fowler, H.A. Davidson, Mrs. W.L. Wiggins, Mr. O.E. McHargue, H.W. Bragewitz, Mrs. J.C. Whalley, S.W. Blanchard, Herman Walters, Mrs. M.B. Martin, W.M. Spence, Mrs. J.B. Whig-

Mrs. W.L. Garnett Sr., has been spending some time, recently in the Vernon Hicks home, in Temple. Her daughter, Mrs. Hicks, has been taking treatment at Scott and White Hospital.

Misses Molly Montgomery and Berta Saunders visited Mrs. W.L. Wiggins, Sunday afternoon.

Rev. and Mrs. Bennie Bailey were guests in the H.W. Bragewitz home, Sunday.

STEVEN RETURN AFTER VISITING IN CALIFORNIA

Mr. and Mrs. Marvin Stevens and Kimberly, returned home last Saturday, after spending two weeks in California and Arizona.

ham, Mrs. H.B. Waldrep, Mr. T.A. Garrett, Mrs. Iva Brown, Mrs. John H. (Virgie) Weiss, Mr. J.V. Folsom, Maurice Magee; others have contributed during October and this list will be published later.

W.L. WIGGINS HOME FROM HOSPITAL

Mr. W.L. Wiggins was carried to the Coryell Memorial Hospital, in Gatesville, last Saturday night. He came home Thursday.

Martha Elizabeth Stevens remained here with her grandmother, Mrs. Ben Clement.

MRS. JONES IN ROTUNDA

Friends of Mrs. Dero Jones will be glad to know that she has been released from the hospital and is now back at the Rotunda Rest Home.

MRS. McHARGUE PATIENT IN HOSPITAL

The Joe T. McHargue family have been in the hospital recently, but all are better at this time. Mr. McHargue and Becky have been released from the hospital, but Mrs. McHargue was still a patient there the last report.

PERSONALS

Jess Thomas Blanchard, of the Flat, visited recently with his aunt, Mrs. H.M. Fellers. Visitors in the James Bruce home, last weekend were, Mr. and Mrs. N.H. Bruce, Jerry and Polyann, of Midway; Mr. and Mrs. A.T. Bruce Jr., of Sweeney; Mrs. Claxton King and Tammie, of Denison; Mrs. Herchel Williams and Jimmie Shivers, of Greenville. These were the children, grandchildren and great grandchildren of Mrs. A.T. Bruce Sr., who is spending a month in the home of her son, James Bruce and family. Other visitors in the Bruce home were Mr. and Mrs. Robert McHargue and Miss Irma Fellers. The men spent Saturday night on the river, fishing.

Carl Blanchard spent Saturday night of last week visiting his father, S.W. Blanchard. Mrs. Blanchard was visiting in the home of Mr. and Mrs. Joe Holcomb, of Houston. Mrs. Holcomb has recently undergone surgery. She is the daughter of the S.W. Blanchard's.

Mr. and Mrs. Bill Wiggins of Gatesville, and daughters, Billee and Paula, were visitors in the W.L. Wiggins home, on Monday evening of last week.

### Deavers Sees Action In Vietnam

Major Glenn W. Deavers, son of Mr. and Mrs. Virgel Deavers of Route 3, Gatesville, Texas, recently took part in a successful strike mission over Vietnam.

Scrambled from the alert pad at Cam Ranh Bay AB, Vietnam, Major Deavers and fellow F-4 Phantom pilots hit an enemy concentration 25 miles northwest of Can Tho.

"The target area was at the intersection of three canals," said the major recalling the mission. "The forward air controller did an excellent job directing the strike and all of our ordnance was delivered precisely on target."

The pilots were credited with destroying or damaging 13 military fortifications, eight foxholes, six bunkers and a bridge in addition to inflicting enemy casualties.

Major Deavers, a member of the 12th Tactical Fighter Wing at Cam Ranh Bay, was commissioned in 1951 through the aviation cadet program.

He received his B.S. degree in 1965 from Texas A & M University.

The major's wife, Shirley, is the daughter of Mr. and Mrs. J. A. McDonald of San Angelo, Texas.

### Library From Page 1

Types of Libraries" will be moderated by Mr. David E. Holt, Director, Austin Public Library. Participants will be Mrs. Cathryne Franklin, Asst. Prof., Graduate School of Library Science, U. of Texas, Mrs. Adah May Obenhaus, Libn. San Marcos Public Library, Mr. J.O. Wallace, Libn., San Antonio College, Miss Mary Jane Parker, Libn., Tracor, Inc., Austin.

Mrs. Mary R. Boyvey, Library Consultant, Texas Education Agency, will discuss "The Librarian's Participation in the Total Campaign". Dr. Andrew Edington, President of Schreiner Institute will be luncheon speaker.

A pre-conference gathering is planned for Friday evening when the visitors will be treated to a Chuckwagon barbecue supper on the riverside parking lot of the Butt-Holdsworth Memorial Library. Open house in the library will follow.

Attending the conference will be librarians from public, school, college, university and special libraries, trustees and Friends organizations from the 31 counties which comprise the District VIII. Mrs. Mattie Howard, Dir., Butt-Holdsworth, Mem. Lib. is local arrangements chr. Other officers are Mrs. Bess Bradley, Libn., Val Verde Co. Library, Del Rio, Vice-chr. and Miss Lois Eakin, Libn., Wm. Logan Library, Schreiner Institute, Kerrville, Secretary - treasurer.

# SCOUT LEADER SPEAKS OUT

Scouting is not dying in Gatesville, it is being murdered! The I'm not interested attitude of the parents in Gatesville has caused spread to the children until they can't be bothered either! I would like to clear up a lot of mistaken ideas about scouting, so if this article is read, maybe it will wake a few people up.

First of all, Scoutmasters and den mothers DO NOT GET PAID! They give their time willingly and freely. They give up their own time, to try to teach the children of the community so that maybe they will grow up to be better citizens than our generation bred. Scouting is not a social group that meets to have a gay old time and spend their time making silly, useless hand-craft.

There are many things we try to teach in scouting, but the 13 main things are: FUN, PERSONAL ACHIEVEMENT, BELONGING TO A GROUP, DEVELOPING SKILLS AND FINDING NEW INTERESTS, ACHIEVING FAMILY UNDERSTANDING, GOOD SPORTSMANSHIP, GETTING ALONG WITH OTHERS, DOING HIS BEST, STRENGTH OF CHARACTER, SELF RESPECT, STRENGTH OF MIND AND BODY, SPIRITUAL GROWTH, AND GOOD CITIZENSHIP. Add to this that we do our best to teach GOOD MANNERS, DOING THINGS THE RIGHT WAY, AND A DEEP RESPECT FOR THE FLAG AND OUR COUNTRY, also respect for all women and elderly folks. So you see, our program is worthwhile!

A Cubscout isn't a thing in the world but a young Boy Scout. Do you know the points of the Scout Law? We teach them too. For the parents who have never been connected with scouting here is the Scout Law: A SCOUT IS: TRUSTWORTHY, LOYAL, HELPFUL, FRIENDLY, COURTEOUS KIND, OBE- DIENT, CHEERFUL, THRIFTY, BRAVE, CLEAN, AND REVER- ENT.

Doesn't that sound like the kind of person we wish our children were, like we wish we were? The adult leaders buy their own uniforms, they take training they use their own gas to go to Leadership meetings, and other scout activities. They do everything they can, WE CAN'T GO OUT ON THE STREET, and drag the kids in. Imagine how you would feel if you studied two or three weeks getting up a program and then on the big day one little boy showed up! It is the most disheartening thing in the world. That happened to me last night, I had been researching a good two weeks on my program, I went to the District headquarters and got a film, projector and record player to show "THE PURPOSES OF CUB SCOUTING". We announced it at the organizational meeting last Monday night at school yesterday, and twice over K.C.L.W., yesterday. What more could I have done? Then last night, one little boy, his mother and his sister showed up. You know what happened? We had the program anyway, just like the house was full. There was one little boy who wants to be a scout. His mother has a fuller understanding now, too about the program. Maybe all the parents in Gatesville are satisfied with their kids, maybe I am the only one who wants my kids to be better than they are, but there is a lot of improvement to be done on my children. If there is any one else, who has a boy between eight and ten and you would like for your son to be a little better than he is, give Cub Scouting a try. To the ones who do not need scouting, Congratulations, I wish my sons were perfect.

Margaret Wright

MRS. WRIGHT

## Highlights and Sidelights

Vern Sanford

Presidential candidates wooing Texas voters and the state's 25 electoral votes, are becoming familiar visitors in the Lone Star State.

Republican Richard Nixon swooped into Dallas for a rally Friday. He's likely to return, as is his running mate, Spiro T. Agnew, who also was here earlier.

Vice President, Hubert H. Humphrey, will try to breathe new life into the late starting Democratic drive with a barnstorming tour starting October 22. Ed Muskie, Humphrey's No. 2 man, is supposed to drop in around the 30th.

Third party candidate, George Wallace made plans to return to Texas this week. He scheduled a high-noon rally for Fort Worth for Thursday (Oct. 17). Both Wallace and Vice-presidential candidate, Gen. Curtis E. LeMay are being encouraged by backers to make repeat performances before November 5.

While waiting for the candidates to make their personal appeals, their supporters fought the battle of the polls. Humphrey's national headquarters claimed a Belden sampling showed 35 per cent of the Texans interviewed favored Humphrey; 33 per cent for Nixon; and 26 per cent for Wallace; with just six per cent undecided.

"Strange," retorted Nixon's state camp, since its Merrill-Wirthlin poll showed: Nixon 34 per cent; Humphrey 27 per cent; Wallace 22 per cent; and undecided 17 per cent.

Houston Chronicle interviewers concluded Nixon is leading with 40 percent of the vote, Humphrey ran second in the Chronicle's poll with 33 percent, and Wallace third with 28 percent.

Activity in the Humphrey camps definitely is on the upswing. Texas Citizens for Humphrey -- headed by Sen. Ralph Yarborough -- and Texas Democrats for Humphrey -- Muskie -- led by Congressman Jim Wright of Fort Worth and Will D. Davis of Austin -- are battling against time to rally the traditional Democratic strength.

Former Gov. Allan Shivers, who emerged as national chairman of Democrats for Nixon, is actively encouraging "splitting the ticket" -- for the GOP national nominee and the Democratic state and local candidates.

### APPOINTMENTS

Austin District Judge Tom Reavley replaced retiring Judge James R. Norvell of San Antonio, as an associate justice of the Texas Supreme Court. Gov. John Connally promptly tapped Norvell as a special judge to review the complex, 12-year-old lower Rio Grande Valley water rights controversy now on appeal before the 13th Court of Civil Appeals in Corpus Christi.

Connally named former Corporation Court Judge Jerome

Chamberlain as judge of Criminal District Court No. 1 in Dallas County to succeed Judge J. Frank Wilson, resigned.

W. Astor Kirk of Austin, who has been deputy director of the Southwest Regional Office of Economic Opportunity, now is regional director of the Mid-Atlantic OEO in Washington, D.C.

F.C. Naylor Jr. of San Antonio will serve as chairman of the Texas Real Estate Commission next year.

State Board of Education requests information before November 11 on Texans eligible for appointment to a board vacancy in the district covered by Bastrop, Blanco, Burnet, Burnet, Caldwell, Hays, Lee, Travis, Washington and Williamson Counties.

### COURTS SPEAK

Awards totaling \$477,900 to seven persons injured in a truck and Greyhound bus wreck three years ago was upheld by the State Supreme Court.

High court, while declining to annul an order appointing Houston attorney Leon Jaworski to the board of trustees of the Robert A. Welch charitable foundation, agreed that the appointment should be given full court hearing.

Right of Temple to retain 549.9 acres of land annexed five years ago was upheld by the Supreme Court, even though the city had not provided water or sewer service to the territory.

Same court backed a trial court decision in holding that no vacancy existed with regard to 155.1 acres of land in Upton County and that the property belongs to Atlantic Refining Company.

Court of Criminal Appeals stuck by its earlier reversal of a seven-year sentence given Houston tobaccoist, Mair J. Schepps charged as an accomplice in printing counterfeit cigarette tax stamps. State motion for rehearing was overruled.

### ELECTION SUIT FAILS

Laurel N. Dunn, an independent candidate for the 11th district congressional seat held by U.S. Rep. W.R. Poage lost in his lawsuit before the Texas Supreme Court to challenge state election regulations.

Dunn wanted to force Secretary of State Roy Barrera to change his election handbook because it requires the "check" method of marking ballots, and Dunn insisted that the "scratch" method should have equal sanction.

Under state law, ballots may be marked either way, so long as the voter is consistent all through his ballot.

### SALES-TAX CHALLENGE

Texas Supreme Court will

hear an appeal from a lower court's ruling that transportation of material between the seller and buyer is subject to the state sales tax if the transporting is part of the sale.

High court will review a holding by the Third Court of Civil Appeals at Austin, which overturned a ruling by a district court and ordered Gifford - Hill & Co. to pay the state \$15,232 in taxes, penalties and interest.

Gifford - Hill sells sand, gravel and crushed stone, hires trucking companies to transport it to the buyer, pays the carrier itself and bills the buyer for the transportation costs.

Firm maintained that this amounted to transportation after the sale, which would make the shipping non-taxable. District court agreed, but the civil appeals court did not.

### TRUCKER'S SUIT

Three fresh - vegetable truckers have sued the Texas Railroad Commission for granting three other truckers permits to carry fresh vegetables for hire around the state.

Charles Long of Rusk, Alvin Land and his Land Trucking Company of Raymondville and Rio Grande Truckers Inc. are the plaintiffs, are each authorized to transport "fresh fruits and vegetables" from and to any point in the state.

L.T. Waldrop of Seminole, V.R. Nelson of Dimmitt and W.A. Jobe of Saragosa got Commission approval to begin trucking vegetables from within 200 miles of their home towns to any point in Texas.

The three contestants claim that the Commission's granting of the permits amounts to unfair competition for them. Their lawsuits are pending in Travis County district courts.

### AIRLINE HEARING PUT OFF

Texas Aeronautics Commission Director Charles Murphy ordered a 10-day postponement on the application of Air Texas to provide commuter plane service linking Austin, Houston, Fort Worth and San Antonio.

Postponement came when Air Southwest Company, which is waging a court fight to serve Dallas - Fort Worth, Houston and San Antonio, urged dismissal of the competing application.

Air Texas dropped its original application to fly between Fort Worth and Wichita Falls. It proposes back-and-forth service between Fort Worth and Austin, Houston and San Antonio in Beechcraft Queenairliners. Air Southwest would fly 90-passenger Electra turbo-jets on its three - legged route.

### GAS REGULATION HIT

Governor Connally lambasted as "unrealistic and discriminatory" a Federal Power Commission rollback on natural gas sold to interstate lines but said the policy could benefit Texas.

Regulation, said the governor, may dry up supplies, put many small producers out of the search for gas and drive new gas discoveries into intrastate market.

On the other hand, Connally

### SDC TO MEET

New State Democratic Executive Committee will hold its first meeting in Dallas on October 21.

Purpose of the session, said SDEC chairman Dr. Elmer C. Baum of Austin, is to "review the challenges facing the Texas Democratic Party and to analyze methods which will continue to strengthen" it.

To be more specific, SDEC projects a massive get-out-the-vote drive, aimed primarily at making the state safe for Democratic incumbents and newcomer candidates at the state and local level.

### DRAFT QUOTA UP AGAIN

December draft call for Texas increased to 869 (from 523 in November), according to Col. Morris S. Schwartz, state Selective Service chief. Inductions will occur between December 1 - 14.

Quotas for October and September were 774 and 683. Highest monthly call in 1968 was in May, when quota of 2,223 was issued. Monthly calls for 1967 ranged from 674 to 1,421.

Schwartz said 1,928 men will be sent to pre-induction mental - physical exams during November, compared to 6,697 in October.

### SHORT SNORTS

Parks and Wildlife Department has signed a sales agreement to buy a 347 - acre site on Paluxy River in Somervell County to be developed as Dinosaur Tracks State Scenic Park -- first financed with park bond funds . . . It's a woman's WHIRL

BY MARY LEE

If you've had a new baby at your house in recent years you'll know how difficult it often is to find just the right name. After all, that little one will be saddled with the name for the rest of his or her life, so it had better be suitable.

Can you imagine then what industry goes through trying to name a new "baby"? With new products being produced at the fastest rate in history, industry is hard pressed to come up with names that can be copyrighted or registered exclusively.

\*\*\*

But one company that solved the problem in a strictly modern way is DuPont. When they recently brought out an exciting new man-made fiber that could revolutionize the fabric industry as nylon did a few years back, they were stumped for a name. So, they turned to computers--what else! And the result was Qiana--that's right, a Q without a U following. It's probably the only word in the English language that has lost its U.

The name Qiana (pronounced key-ana) seemed easy to remember, pronounceable, and distinctive enough to grace the silk-like fabrics into which the new fiber will be woven. Although the fabrics will be wrinkle-resistant, non-yellowing, and spot-resistant, they have all the look, feel, rustle of real silks.

Qiana also will come in a wide variety of constructions from billowy chiffons to heavy ottomans, as well as in beautiful colors. Still in limited production and high priced, the fabrics will not appear in any great amount for another year at least.

### ANY LITTLE BIT HELPS!

LOCAL CITIZENS' EFFORTS

### TAXPAYERS' REVOLT

About the only place the average taxpayer can meaningfully express his displeasure at the rapidly accelerating cost of government is at the local level.

One of the results of the mounting citizens' revolt is the rejection so far this year of more than \$1 billion of the bond issues proposed for public school construction.

Last year local taxpayers defeated more than one-third of the 1,625 school bond issues proposed across the nation--voting a resounding "no" to projects that would have cost a total of \$945 million.

As school construction costs continue to rise, and with interest rates at a higher level, it will be even more difficult to obtain voter approval for bond issues.

All this doesn't mean that the public is turning against education; it just means overburdened taxpayers are protesting the never-ending upsurge in their taxes.

In areas where new construction is approved community-minded citizens are looking into the new "systems approach" to school building in order to shave rising local labor costs. This involves the use of pre-built parts of a school, such as the heating-ventilating-air-conditioning systems now being especially constructed for schools. Special school facilities, ranging from gymnasiums to educational TV and language laboratories, are being carefully examined. Frills are being eliminated.

This local "rebellion against skyrocketing school costs" should serve as a warning to all government units to cut spending generally. Incidentally, it should also indicate to union leadership the need to eliminate costly featherbedding in school construction.

### FOR SALE

1967 Singer Console, fancy designs, buttonholes, monograms, blind hems, \$72.90 balance or \$7.85 per month. Call 865-6397 for free home demonstration.

SAN ANTONIO - Airman Ivan S.E. Garman, Jr., son of Mr. and Mrs. Jimmie F. Thompson, of Route 4, Gatesville, has completed basic training at Lackland AFB, Texas. He is now assigned as a transportation specialist with a unit of the Air Training Command at Reese AFB, Texas. Airman Garman is a 1968 graduate of Gatesville High School.

### Sgt. Rhea Serving In Vietnam

U.S. ARMY - Vietnam, Army Sergeant First Class Franklin Rhea, whose wife, Edna, lives at 204 N. 28th, Gatesville, was assigned as a surveyor with the 41st Artillery Group in Vietnam, September 20.

### Machinist Mzte Herring Serving On USS Strauss

USS JOSEPH STRAUSS at sea - Machinist Mate Third Class Truman R. Herring, USN, 20, son of Mrs. Billie J. Harrington of Route 1, Oglesby, is serving aboard the guided missile destroyer USS Joseph Strauss off the coast of Vietnam.

While operating in the Gulf of Tonkin, the Strauss destroyed a bridge 50 miles south of Vinh. Firing at the bridge at a distance of more than 10 miles, the guided missile destroyer accomplished the mission on the first salvo of rounds. In earlier action, the Strauss destroyed two 60-foot logistics craft and damaged two other large barges.

MISS OLLIE PEARL WAIDE

Mr. and Mrs. C.C. Waide of Hart, announce the engagement and approaching marriage of their daughter, Ollie Pearl, to Jackie Carl Vise, son of Mr. and Mrs. Freeman Vise of Pearl Star Route.

An October 26th wedding is planned in Sunnyside Baptist Church, near Dimmitt, Texas.

**Army Dependents May Be Eligible For Scholarships**

Dependant students of Army personnel who have been officially designated by the National Merit Scholarship Corporation as semi-finalists in the October 1968 National Merit Scholarship Test may apply for the U.S. Army Special Scholarship program.

The parent of the dependent must be in the service through December 15, 1968, in order for the student to qualify for the scholarship.

Depending upon their financial needs, students may receive from \$100 to \$1500 each year over a four year period. Winners of the Army scholarship will be announced in May 1969.

Students interested in applying for the scholarship may ob-

tain application blanks at the Army Education Center, Bldg. No. 212 located on Headquarters Avenue. The deadline for submitting applications is November 15. Additional information may be obtained by calling 5-4401 or 5-2307 and asking for Floyd R. Miller.

**Mrs. Fredonia Wright Visits Enroute To Europe**

Mrs. Fredonia Robinson Wright, of El Paso, has been a guest of her parents, Mr. and Mrs. Fred Robinson and sister, Mrs. Nelson Lee and family, of Pearl, enroute to tour Europe.

**The Love Bug**

by Roland Magill

I was raised down on the farm a normal country boy  
Living life right to the hilt  
With all its carefree joy  
Then the voice of romance called  
and came to me in dreams  
Telling me I was a man  
though I was still a boy  
three-quarters past sixteen.

Without delay I dashed away  
down to the Woolworth's store  
Bought their biggest diamond  
cost a dollar thirty - four  
I beat the bushes for a week  
to see if I could find  
Someone worthy of my ring  
for I had wedlock on my mind.

Then in town one day I found  
a luscious little copper head  
They called her "Diamond Lil"  
singing hash and slopping  
soda

Down at Toby's bar and grill  
when I flashed my diamond  
didn't gimme time to ask'er  
Just snuggled up and stuck to me  
tighter than a mustard plaster.

She bill-ed me and she cooed me  
with diligence she wooed me  
Til I was in a mental bag  
in my hear drum was thumpin  
And my pulse was madly pumpin  
while my heart was wildly  
jumping  
like a frog.

I was plum chockfull of bliss  
all atremble for a kiss  
But was afraid to risk it  
till she pressed that curly head  
Against my manly brisket  
breathing softly in my ear.  
Hurry up, let's make it lawful  
that really did excite me  
As I felt the love bug bite me  
it itched me something awful.

**Last Rites Held**

**For Mrs. Nora Hunt**

Mrs. Nora Alice Hunt, 84, a native of Gatesville, passed away October 11, 1968 in the Mensch Nursing Home.

Funeral services were held October 12, at 2:30, from Scott's Funeral Home Chapel, with Rev. G.L. Derrick officiating. Burial was in Davidson Cemetery.

Mrs. Hunt was the widow of J.W. Hunt, who preceded her in death in 1949.

Survivors include one brother, Hugh Hackney of Gatesville and a sister, Mrs. Rufus Burleson, also of Gatesville.

Palbearers were Chick McCallister, Ed Beck, Roy Logan, Jim Painter, Sam Powell, and Stony Hammack.

All - America Award Winning Roses: From left, to right, top, PASCALI: 1969 All America award winner and an exceptionally fine white hybrid tea rose. GENE BOERNER: Pink floribunda winner of All - America honors for 1969. Named for one of the world's great rose hybridizers, E.S. Boerner of

Rochester, N.Y. Left, to right, COMANCHE. The only grandiflora rose to win a 1969 AARS award, Bold, large - flowered, brilliant scarlet. ANGEL FACE: First lavender rose ever to win an AARS award. Fine, fragrant lavender floribunda.

**PLANT ROSES IN THE FALL**

Planting roses in the fall is a very easy procedure. Simply carry out the few fundamental practices shown in the accompanying diagrams.

After you have your location chosen and the ground prepared, get your roses prune all canes back to 18 inches, trim any damaged roots and plant as soon

as possible. For roses that will give satisfactory and outstanding performance, choose the All-America award winners, all of which bear the emblem on a green and white identification tag attached to each plant.

1. Prepare and fertilize bed. Dig hole 15" to 18" wide and as deep. Add quart of peat moss mixed with 1/2 cup of fertilizer. Mix well with soil. Form a mound in center and position rose on mound.

2. See that roots are spread out naturally and that bud union (swelling at base of stems) is level with ground. Scatter several inches loose soil over roots and firm well with foot.

3. Fill remainder of hole with water and allow to drain. See that the bud union remains at ground level.

4. Fill remainder of hole with soil and tamp. The plant is now ready for the mound of soil which will protect it against rapid freezing and thawing during the winter.

**Lord's Acre To Be Held At Oglesby**

There will be a Lord's Acre, Lord's Hour Festival and Bazaar at the United Methodist Church in Oglesby, on Saturday, October 19.

Tickets are now on sale for the dinner to be served from 6:00 to 7:00 p.m.

There will be an auction sale at 7:00 p.m.

Everyone is invited to attend.

**Rites Held For**

**Mrs. Eunice Graham October 11**

Mrs. Jimmie Eunice Graham, 62, passed away in an Arlington Hospital, October 9, 1968. She was a resident of Killeen.

Funeral services were held at 2:00 p.m., October 11, 1968 from Scott's Funeral Chapel, with Minister Rolland McLean, assisted by Rev. Billie Derrick, officiating. Burial was in Restland Cemetery.

Mrs. Graham was born and lived near Gatesville, until her marriage to Stanley Graham on March 24, 1928. She was the former Jimmie Eunice Morgan.

She was a Civil Service worker at Fort Hood until May, 1968. She was a member of the Church of Christ.

Survivors include one daughter, Mrs. T.D. Lynch of Arlington; two grandchildren, Mrs. S.D. Elkins and Mrs. M.D. Powell, both of Arlington; two sisters, Mrs. F.M. Jones of Temple and Mrs. W.A. Bond of Crawford and one brother, D.O. Morgan of Houston.

Palbearers were Vernon Graham, Ike Graham, Robert Deorsam, J.C. Graham, Joe Warren and L.C. Roberts.

Lara Dollins, Mrs. Earnest Taylor, Mrs. Ora Gilmore, Marvin Dollins, Mrs. Earl Lee and Mr. and Mrs. Bill Scott all of Turnersville, Mrs. Chester Abel, of Clifton.

All reported a very enjoyable day, which was spent in looking at pictures and remembering the good old days.

Such as the time the cousins went to pick plums in the old Ford. Mrs. Scott which was eleven years old, doing the driving.

They visited the Turnersville Cemetery in the afternoon.

Mrs. Smith then left to visit other relatives in Clifton, Morgan and Oklahoma, before returning to her home in Colorado.

# FARM REVIEW and FORECAST

## Small Grain Pastures Need Growth

Grazing small grain pastures before they have a chance to make needed growth can reduce their value as suppliers of fall forage.

Dr. Neal Pratt, Extension agronomist at Texas A & M University, says oats, barley, wheat and rye which have and are being planted this fall should be from six to eight inches in height before they are grazed.

Research, he adds, has shown that small grains will produce considerably more fall grazing when allowed to reach the above height when compared with plants which had reached only a four inch height when grazing was started.

When grazing is started at the lower height, the plants just don't get a chance to develop since most of the fall growth is made before cold weather

begins, explains Pratt. The plants must have lots of leaves and warm weather for fast growth. When the leaves are grazed off early, the plants at best make only slow growth. This points out the agronomist, severely limits the grazing during the winter months when the leaves are not growing.

It is a good idea to graze small grain pastures for only a short period each day. By following this practice, the pastures will furnish forage of high quality and the plants will make good growth, concludes Dr. Pratt.

It is a good idea to graze small grain pastures for only a short period each day. By following this practice, the pastures will furnish forage of high quality and the plants will make good growth, concludes Pratt.

Commercial honey producers from throughout the state will gather at A & M University November 3-5 for the 87th annual meeting of the Texas Beekeepers Association.

Claud J. Burgin of A & M state entomologist and the TBA's secretary - treasurer, said the program offers a wide variety of discussion topics and a short course for beginners. The short course begins at 1:30 p.m., November 3 in the Biological Sciences Building. Subjects are honey marketing, honey plants and honey equipment.

The annual meeting starts with registration at 8 a.m., November 4 in the Memorial Student Center, followed by an address of welcome by Dr. P. L. Adkinson, head of the A & M Entomology Department

and the annual address by TBA President Charles S. Engle of Wolfe City.

Burgin said talk topics include future trends in pollination, honey promotion, fund raising, the Texas bee branding law and honey promotion, alfalfa pollination, American Beekeeping Federation activities, pesticide resistance, and selective and systemic insecticides.

The TBA annual banquet is set for 7 p.m., November 4. Burgin said the speaker will be Dr. G. H. Cole, Jr., of Dadant and Sons at Hamilton, Illinois. His address is titled "We Lay Waste Our Powers."

## Replacements in Home Landscape to be Made Now

The fall and winter season is the time to check and decide whether replacement plants are needed in the home landscape.

May be a rose bush has died or failed to live up to expectations or there is a gap in the shrub border where a new plant is needed and was shade adequate in the outdoor living area, asks Everett Janne, Extension landscape horticulturist.

Make a list, suggests the Texas A & M University specialist, of your landscape needs and be ready to take advantage of the selections offered early buyers by garden and nursery centers.

The natural inclination, he says, is to put off garden work until late spring when everything is greening up and the spring flowers are in bloom. Then suddenly comes the urge to plant trees and shrubs and a rush for plants only to find that only picked-over stock remains.

Janne says that balled and burlapped plants and those grown in containers can be planted any time of the year. Many of the deciduous plants, those that lose their leaves each fall, can be more easily handled or transplanted in a bare root condition. For best result, however, bare root plants should be set out in the late fall and winter from mid - November through February in most areas of Texas, the horticulturist says.

Planting during this period gives ample time for good root development before spring growth begins, points out Janne.

With proper care, he says, bare root plants can be set out as late as March and April. Their success, however, is dependent upon condition of the nursery stock used and the care they receive for six months after planting.

For ease of maintenance and to reduce the amount of disease and insect damage the horticulturist suggests that landscape plants which are native or adapted to the area be selected.

## Legislative Forum to Hear Ben Barnes

Speaker of the Texas House of Representatives, The Honorable Ben Barnes, will keynote the day-long meeting presenting the topic "Social Issues in State Legislation", during the Legislative Forum October 17, from 9:00 a.m. to 4:20 p.m. in the Terrace Motor Hotel Convention Center in Austin.

Robert S. Strauss, Dallas Attorney and President of Strauss Broadcasting Company, will speak at lunch on "The Businessmen's State in Sound Social Legislation."

State Senators Ralph Hall, Rockwall; Charles Herring, Austin; Jack Hightower, Vernon and Charles Wilson, Lufkin, will join several representatives, businessmen, educators and State agency heads in discussing matters related to legal problems of the poor, status of welfare programs, civil disorders and proposed revisions of the State Constitution.

Interested citizens are urged to attend the forum. Registration is \$2.00 plus \$3.00 for the luncheon. Checks should be made payable to the Texas Social Welfare Association. Reservations may be made at the door on October 17 for those unable to register in advance.

Fort Fisher, an impressive memorial to the Texas Rangers and the frontier outpost of the Rangers, established in Waco in 1836, was planned by the Waco Chamber of Commerce and built by the City of Waco.

The east wing of the building will become the Homer Garrison, Jr. Memorial Museum, as a lasting tribute to Colonel Homer Garrison, Jr., who, for more than thirty years, served as Director of the Texas Department of Public Safety and Chief of the Texas Rangers.

Fort Fisher has been constructed on the banks of the Brazos River at Interstate Highway 35, at a point very near the original site of the Texas Ranger outpost from which its name is taken.

In addition to the Homer Garrison, Jr. Memorial Museum, the Fort will house the Headquarters of Company F of the Texas Rangers, commanded by Ranger Captain Clint Peoples; and a public Tourist Information Center.

LIKE I TOLD THE DOC STOP THE PAIN AN' THE SUFFERIN' WILL TAKE CARE OF ITSELF.

# Washington Views and News

This is written about the middle of the afternoon, October 11th. Even now, we have no idea whether we will adjourn this evening or whether we will be in session several days longer.

As you have doubtless noticed by the papers, we have had a hectic week. This is to be expected just before adjournment, but hardly to the degree we reached Tuesday and Wednesday when in one session of about 32 hours we had 46 roll calls. Most of this was merely an effort on the part

of the Republicans to prevent the passage of a bill enabling the T.V. networks to give time to the major presidential candidates if they wanted to and thus make possible the debates which Vice President Humphrey has been seeking. The bill finally passed the House and I voted for it, but it was immediately killed in the Senate where enough Republicans stay-

ed out of the Chamber to prevent a quorum.

Yesterday we passed an appropriation of almost two billion dollars for foreign aid. I voted against it. I have repeatedly pointed to my reasons for opposition to our present foreign aid program.

At the moment we have only the tremendous Defense Appropriation which is expected to come before the House some time later today. It accounts for approximately one-half of our entire budget. There are of course a great many bills of minor importance which will automatically die at the end of the session. This always happens.

Although we may be in session a few days next week, I am going home just as soon as I can after the session adjourns and this will be my last Newsletter until January.

I have a number of engagements over our District and throughout the State. I have also

promised to do some campaigning under the auspices of the Democratic National Committee. I don't therefore, expect to be personally available much of the time but our Waco office will, as usual, be open with several members of my staff there, and we invite anyone who has problems over which we have any jurisdiction to contact our office -- 205 Federal Building, Waco, Phone 817 - 752-7271. Of course there will also be someone in the Washington Office, Phone 202 - 225-6105, should you want to make direct contacts up here.

## LIFE-SAVING POLE

This crash illustrates how new breakaway light poles made of aluminum will be making the nation's highways safer on holiday weekends and every day of the year.

The aluminum poles have a specially designed base which fractures when struck to eliminate the jarring impact which often kills or maims when an auto strikes an immovable pole. The pole breaks away and is thrown clear of the vehicle which then come to a gradual, controlled stop.

and designs which have been re-engineered in recent years to reduce highway fatalities and injuries. Forty-seven states now specify this type of pole, and 23 states specify them exclusively. The U.S. Bureau of Roads has decreed that breakaway light poles must be used on all future interstate road construction unless poles are protected by a guard rail or are set 30 feet back from the roadway.

In New Jersey during a five-year period 2,000 breakaway aluminum poles were hit by autos without a single fatality and with few serious injuries.

## Range Management Scheduled For Sonora And Abilene

Two range events, one at Sonora on October 24 and the other in Abilene on November 1, should be of much interest to ranchmen of West Texas. B.J. Ragsdale, Extension range specialist, says the Sonora meeting will be held at the Texas A & M University Agricultural Research Station and the Ranch

Management Conference on the campus of Abilene Christian College.

The Sonora meeting will feature a tour of the research pastures at the Station with emphasis on stocking rates, best combinations of livestock, and grazing systems. The tour will

begin at 10 a.m. Tour speakers will include Dr. Leo Merrill, range scientist and Pat Reardon, research associate, both of the Station; Dr. D. L. Leinwever, head, A & M's Department of Range Science; J.L. Richmond, area conservationist, SCS, San Angelo, and Ragsdale.

The Sutton County 4-H Club will serve a dutch treat barbecue at noon.

Immediately after lunch, Dr. L.S. Pope, associate dean of A & M's College of Agriculture, will discuss "Building a Coordinated Livestock Forage Management Plan." Dr. W. J. Waldrip, manager, Spade Ranches, Colorado City, will discuss "Adapting Research Results to a Ranching Operation" and Charles Ramsey, Extension wildlife specialist, will speak on "Economics of Wildlife on Rangelands." The meeting is scheduled to adjourn by 3 p.m.

Ragsdale says the purpose of the Ranch Management Conference at Abilene is to bring to ranchers practical information on problems they encounter in their ranching operations.

Such items as grassland leasing, reseeding of rangelands, grazing distribution, grazing systems and economics of grassland management will be discussed by Fort Worth Banker Arthur Scharlach; J. B. Harlan, SCS, Henrietta; Ragsdale; Dr. Leo Merrill; John Merrill, Texas Christian University and Henry Turney, Dublin rancher. Persons interested are invited to both meetings, Ragsdale said.

## 800,000 people leave the farm each year--\* To make a national problem even greater!

The problem is not, "Who will produce the food?" Tremendous technological development, and efficient farming methods, see to that.

The problem is this: Many of these people come to the city. Many are untrained for city living. But they must live; and they must work. Often they add to the explosive economic and social problems of the city.

Yet their backgrounds fit them for agri-business pursuits, at a time when agri-business jobs, vital to national survival, are going begging.

It is problems like these that the National Farm City committee is helping solve. Encouraging youngsters to pursue agri-business careers is one of its activities. The National Farm-City Committee is a non-profit organization which highlights its annual year of effort with National Farm City Week. This year Farm City Week is November 22-28. Participate in Farm City Week in your community. Help solve the problems of people and their potential.

## Fort Fisher Dedication Due Friday Oct. 25

An old-fashioned western styled bar-b-que will follow ceremonies dedicating Fort Fisher and the Homer Garrison, Jr. Memorial Museum scheduled for 10:00 a.m., Friday, October 25. The bar-b-que luncheon will be prepared and served on the Fort Fisher grounds, near the Fort

sociations. The dedication program will include comments by Waco's Mayor, H. Malcolm Louden; Clifton W. Cassidy, Dallas, Chairman of the Texas Department of Public Safety Commission and R. C. Caubie of Denton and C.T. McLaughlin of Snyder, representing the Committee to Honor Colonel Garrison.

Colonel Pat Spear, Present Director of the Texas Department of Public Safety, and members of the Department of Public

Safety Commission, will be guests of honor.

Frank Nix and Donald Miller are Co-Chairmen for ticket sales. Orders for luncheon tickets by mail should be addressed to: Fort Fisher Committee, Waco Chamber of Commerce, P.O. Box 1220.

"Tickets should be purchased not later than October 23," Nix said.

An unusually impressive assembly of leading business and law enforcement officials from throughout Texas and the nation is being predicted for the dedication and luncheon.

Jimmie LeBlond, General chairman, said, "we are more than pleased with the response we are receiving. The crowd for the dedication ceremonies should exceed the one for the groundbreaking and that was a big one."

Fort Fisher, an impressive memorial to the Texas Rangers and the frontier outpost of the Rangers, established in Waco in 1836, was planned by the Waco Chamber of Commerce and built by the City of Waco.

The east wing of the building will become the Homer Garrison, Jr. Memorial Museum, as a lasting tribute to Colonel Homer Garrison, Jr., who, for more than thirty years, served as Director of the Texas Department of Public Safety and Chief of the Texas Rangers.

Fort Fisher has been constructed on the banks of the Brazos River at Interstate Highway 35, at a point very near the original site of the Texas Ranger outpost from which its name is taken.

In addition to the Homer Garrison, Jr. Memorial Museum, the Fort will house the Headquarters of Company F of the Texas Rangers, commanded by Ranger Captain Clint Peoples; and a public Tourist Information Center.

**ALL KINDS FERTILIZER**

Tallback Woody Benford probes the Hornet defense for a place to gain yardage. The Cardinals got their third score when Benford carried 50 yards around right end. Benford contributed 170 yards to the Cardinal offense in 18 carries.

# Hornet B's Downed By Killeen Sophs 29-8

Last Thursday night, the Hornet "B" team ran up against a tough Killeen "B" team, which axed Gatesville, 29-8. Killeen scored early as David Zett ran for 65 yards and a score on the third play of the game.

In the second quarter, Ronnie Jones broke through to block a Killeen punt and give the Hornets possession of the ball at mid-field. Gatesville then drove slowly but relentlessly to the goal, scoring on a two-yard

run by Ray Ortega. Ortega also scored the two-point conversion, giving the Hornets a one point lead, 8-7. The Hornets held their lead when the half ended. The third quarter was a defensive battle with neither team able to score. With less than five minutes left in the game, disaster struck. Killeen marched for a score as Zett capped the drive with a nine-yard run. The extra points were good and Killeen led, 15-8.

Gatesville took the kick-off and started down the field, but were abruptly halted, when John Goode picked off a Hornet pass and returned it to the six-yard line. Mike Sledge plunged over from that point to give Killeen a 21-8 lead. The explosive Kangaroos were not through, however, as

they got the ball, less than a minute later and proceeded to score again; this time on a 35-yard dash by Chuck Johnson, giving Killeen a 29-8 lead. The Hornets got the ball one more time, but were unable to move it and the game ended with Killeen victorious by a 29-8 score. The Hornet offense was aparked by some fine running by Ray Ortega and Larry Smart, Randy Dunlap and Reese Knight gave the Kangaroos plenty of trouble on defense.

The Hornet B team pictured here in action against Killeen Sophomores, Thursday night, played a hard hitting game all the way. Above Fred Rhea hands off to his speed halfback, Larry Smart. Two Hornets in left center of the picture are opening the hole for Smart. The Hornet B's played three quarters of top notch football against Killeen.

October 15, 1954 — Hurricane Hazel ripped through eight Eastern states from South Carolina to Canada with a toll of over 100 dead and damage totaling \$500,000,000.

... Opener

trated into Hornet territory, but was stopped both times, once by a fumble on the Gatesville 26 and finally, when the game ended, on the Gatesville 21.

Outstanding for Del Valle were the performances of running backs Benford, Galloway and Joshua Brown. Ross Burgdorf and Mike Moran did a fine job of blocking, clearing gaping holes in the Hornet line, enabling the backs to make their fine runs.

Outstanding for Gatesville, was the play of Barr and Schoenewolf. Lynn Massingill did a fine job on defense for the Hornets.

**Rockdale 35**  
**Lampasas 6**

The Tigers look pretty tough this year; they may be headed for a district title.

**Lockhart 42**  
**Copperas Cove 0**

The Bulldogs were thoroughly outclassed. The Lions may be the surprise team of the year in District 13 AAA. We'll find out just how good they are as they play the Hornets here next week.

**University 19**  
**Waco High 17**

The Trojans bounced back from their 52-8 loss to Killeen last week as they beat the Tigers in a close, hard-fought battle.

**Clifton 43**  
**Robinson 0**

The Cubs ran all over the Rockets, gaining 435 yards on the ground, while holding Robinson to only 71 yards total offense.

THE NEWS IS \$1

The Gatesville High School girls' basketball team began workouts Tuesday, October 15, with hopes of fielding a history making team. The Hornets above are all veterans who lettered last season. Left to right are Debbie Day; Susan Fry; Joy Denney; Girls Basketball Coach, Gerald Poe; Margo Veazey, Car-

la Pfeffer, and Carliss Worthy. Coach Poe has several girls who did not letter last year, but did see plenty of action working for spots on the starting line up. This year's team will have plenty of talent on the floor at all times and opponents will not find a weak spot in the Hornets play.

RAY ORTEGA

run by Ray Ortega. Ortega also scored the two-point conversion, giving the Hornets a one point lead, 8-7.

The Hornets held their lead when the half ended. The third quarter was a defensive battle with neither team able to score. With less than five minutes left in the game, disaster struck. Killeen marched for a score as Zett capped the drive with a nine-yard run. The extra points were good and Killeen led, 15-8.

Gatesville took the kick-off and started down the field, but were abruptly halted, when John Goode picked off a Hornet pass and returned it to the six-yard line. Mike Sledge plunged over from that point to give Killeen a 21-8 lead. The explosive Kangaroos were not through, however, as

they got the ball, less than a minute later and proceeded to score again; this time on a 35-yard dash by Chuck Johnson, giving Killeen a 29-8 lead.

## TIPS FOR OUTDOORSMEN

by Vern Sanford

**REMOVING ARROW TIPS**  
To remove hunting points from arrows, just heat the point over a flame. The wood inside the point will char, then the tip can be pulled right off the shaft by means of a simple twist with a pair of pliers.

**HOT WATER FOR SHAVING**  
Need some hot water for shaving in camp but you don't want to take the trouble to build a fire? Just run your outboard motor for a few moments, then collect the warmed water coming from the water pump exhaust.

**HOT NAIL—HOT POTATO**  
To quick-cook potatoes in camp, try this little trick. Put an ordinary six-penny nail almost through the spud. While baking, the steel carries the heat and cooks the potatoes on the inside while the outside is being done.

**ADDS MORE LIFE TO BAIT**  
Want to give your bait more lifelike action while you're sitting back and taking life easy? Just cut a piece of cardboard and slot it to attach it to the line. The wind catches the cardboard sail and moves the bait.

**QUICKIE ANTISEPTIC**  
Got a nasty cut in camp and no antiseptic handy? Most modern toothpastes contain high-powered, effective germicides. Smeared on the cut. Danger of infection goes down.

**RAILROAD SPIKES FOR TENT STAKES**  
Driving wooden tent stakes into hard ground is tough. Rustle up a set of old railroad spikes. The lip won't let the tent ropes slip off and you'll never bend them driving 'em in hard dirt.

**CORK KEEPS CALL CLEAN**  
If your game calls get filled up with pieces of dust and tobacco from your pockets, try sticking a cork in the bugle end. Keeps one clean.

**COWBELLS FOR KIDS**  
If you're taking your kids to camp or on a bankside fishing trip, try this trick used by hunting-dog owners. Attach a small, sturdy bell on the back of the child's jacket. Then as he moves about you can hear him heading for trouble and forestall.

**MAKE THE BIG MOVE!**

**ARE ALL YOUR VALUABLES SAFE?**

Put your jewelry, important papers and other valuable possessions in a Safe Deposit Box. Forget about fire or theft. Cost is very low!

**GUARANTY BANK & TRUST CO.**
