

Hornets Stun Lions 35-7 Friday Night

When the Gatesville Hornets decide to play football, they really play. After three weeks of mediocre play, the Hornets got back on the winning track by smashing Lockhart 35-7. Four of the Gatesville scores were made by fullback Gary Carothers on plunges of one, two, one, and five yards. The other Hornet score was made

Danny Whitt

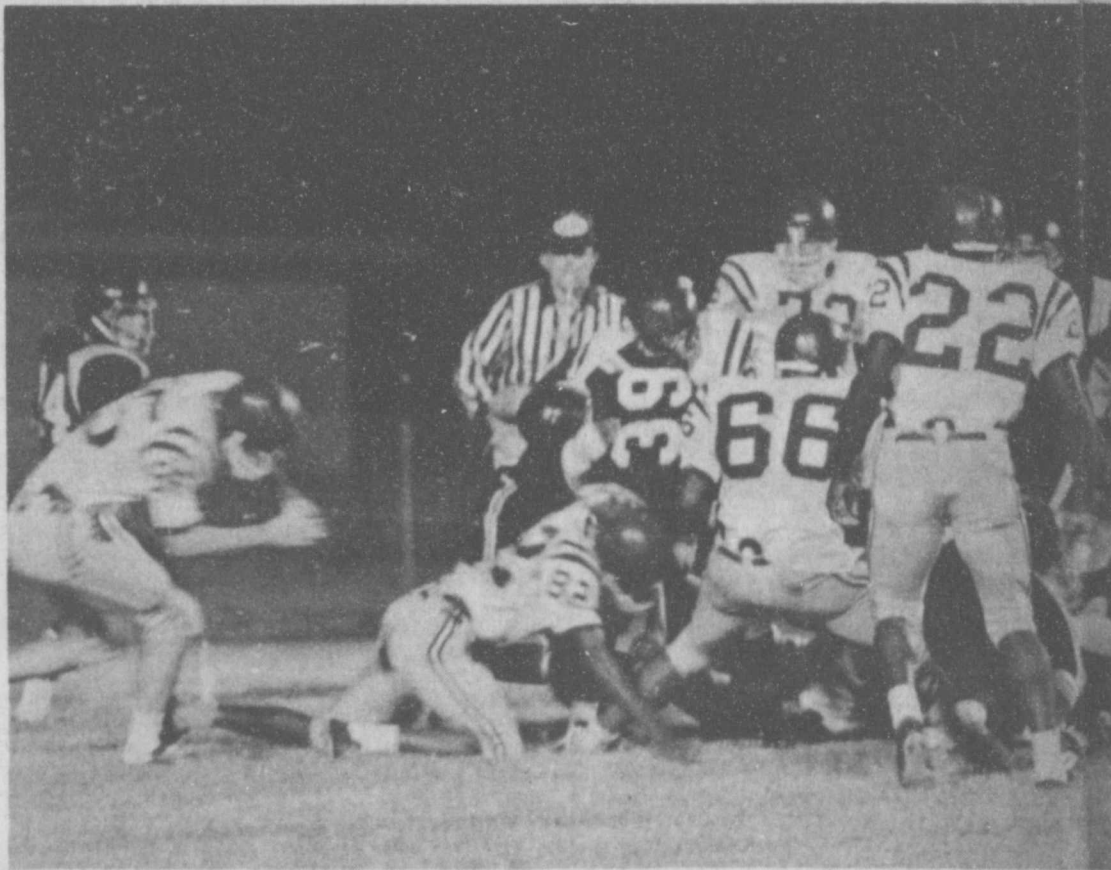

by Danny Whitt who picked off a Lion aerial and raced 35 yards to the end zone.

The Lions, who beat Copperas Cove 42-0 last week, never could get untracked against the Gatesville defense. Their only score came on a one-yard plunge by quarterback George Rodriguez.

On Lockhart's first possession, they fumbled and Randy Schoenewolf of Gatesville recovered on the Hornet 44. The Hornets moved for a first down but were then held and forced to punt. The Lion safety man fumbled the punt and the Hornets' Gene Braziel recovered on the Lion 22 yard line. Lockhart held and took the ball as Gatesville failed to make a first down. The Lions quickly lost possession, however, as Lynn Massingill picked off a Lockhart pass which had been deflected by Gene Braziel. The Hornets used two plays to make a first down on the five. Three plays later, Carothers dove over from the one yard line for the first score of the game. Danny Whitt kicked the extra point to give the Hornets a 7-0 lead with 12 seconds left in the first quarter.

Midway through the second quarter, Lockhart was moving toward a score but fumbled at the Gatesville 15 with Mike Pate recovering for the Hornets. Gatesville then took the ball and moved down the field, picking up six first downs on a touchdown drive covering 85 yards. The score came on a one yard plunge by Carothers. The try for extra points was no good, and with 37 seconds left in the first half, Gatesville led 13-0.

As the second half began, Lockhart took the kick off and started from scrimmage on their own 31. Fourteen plays and four first downs later they had covered 69 yards to the Hornet end zone. The score was made by Lion quarterback George Rodriguez on a one yard

The Hornets scored first with Gary Carothers powering over from the one-yard line. The score was set up with a pass interception by Lynn Massingill. Carothers is number 39 in the middle of all the white jerseys in the above picture.

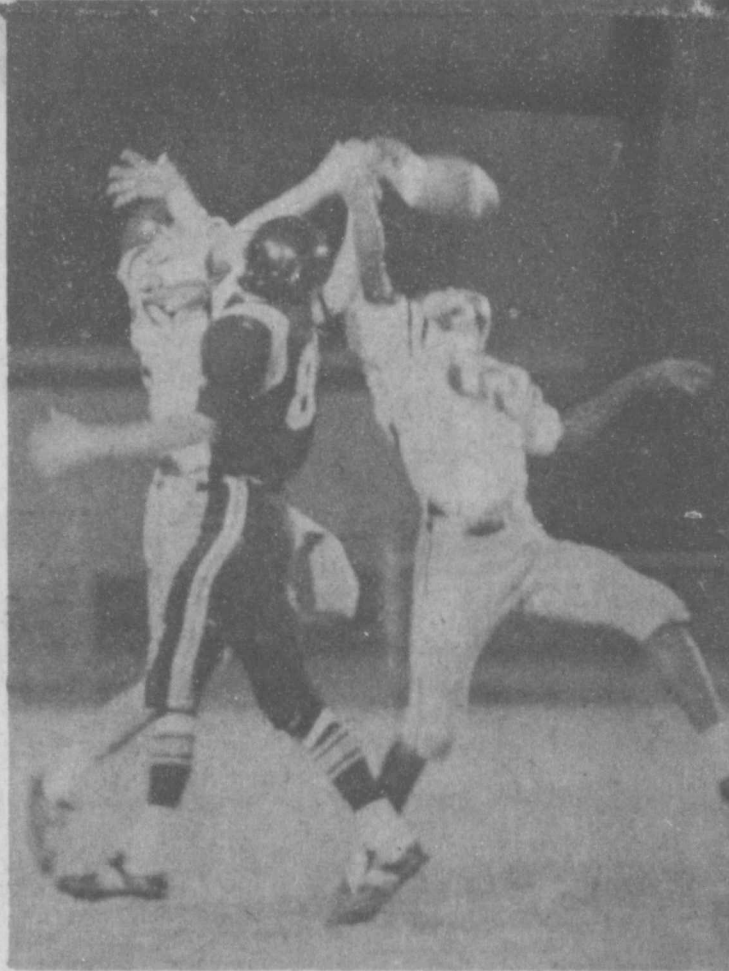

run, Rusty Linney kicked the extra point and with 5:47 left in the third quarter, the Lions had closed the gap to 13-7.

On the ensuing kick off, Reggie Schoenewolf took the ball and returned it 21 yards to his own 42. From that point the Hornets staged another one of their long drives. The running of Cole, Carothers, and Gaston was too much for the Lions, as the Hornets moved the ball steadily down field. Carothers capped the drive with a two yard plunge, his third score of the night. Bubba Neel passed to Reggie Schoenewolf for the two-point conversion, and with 9:47 left in the fourth quarter, the Hornets led 21-7.

The Lions took the ensuing kick off but could not move the ball against the stiff Gatesville defense and had to punt. The Hornets took the ball on their own 46 yard line and began another one of their long drives for a score. This drive featured the running of Carothers and Danny Whitt. The touchdown was made by Carothers, his fourth of the night, from five yards out. Whitt ran for the two point conversion, giving the Hornets a commanding 29-7 lead with three minutes left in the game.

Gatesville was not finished yet. After Lockhart received the kick off they took to the air. Quarterback Rodriguez' first two passes were incomplete. His third pass was caught but by the wrong person. Whitt cut in front of the

See HORNETS, Page 4

... The Wiggins Stretch

In the early going, the Hornets proved to be working with a more aggressive attitude. This long pass to Buddy Wiggins failed to connect, but it was a preview of things to come against the Lions and other district foes this season. The season is not over yet.

Floyd Zeigler Attends National Convention

Mr. Floyd Zeigler, owner, Coryell County Land & Abstract Company, Gatesville, Texas, is one of the nation's titlemen who attended the 1968 Annual Convention of the American Land Title Association, September 29 to October 2, Portland-Hilton Hotel, Oregon.

These are the men and women who search the public records; who maintain geographic indices; who spend days, months, and years poring over old files and ancient documents, tracing the titles to real estate.

The ALTA, whose members number more than 2,400 abstracters and title insurance companies located in each of the 50 states, were treated to a well-balanced program of Land Title Problems, Real Estate, Economics, Law, and Finance.

Two of the featured speakers were The Honorable Dr. Walter H. Judd, Former U. S. Congressman, Missionary, Far Eastern Expert; Walter B. Rauschenbush, Professor of Law, University of Wisconsin Law School.

Mike Martin Elected to College Government Post

Twenty-nine Southwest Texas State College students won student government seats in fall elections held Tuesday, while ten were voted into a run-off contest to be held next Tuesday.

Among the new senators elected was Mike Martin, a senior from Gatesville.

Mike is a 1965 graduate of Gatesville High School, and is the son of Mr. and Mrs. J.B. Martin.

At the present time Mike is a senior at Southwest Texas State College, San Marcos. He is a high jumper on the track team, and is also a three year letterman. He is also a member of the Lambda Chi Alpha fraternity.

News-Press to Sponsor Annual Trophy

The Coryell County News and Copperas Cove Press have supplied an annual trophy to go to the winner of the Copperas Cove Bulldog vs Gatesville Hornet Football game.

In the tradition of the Cowbell and News Mirror Trophy the team winning will have possession of the trophy until the next year.

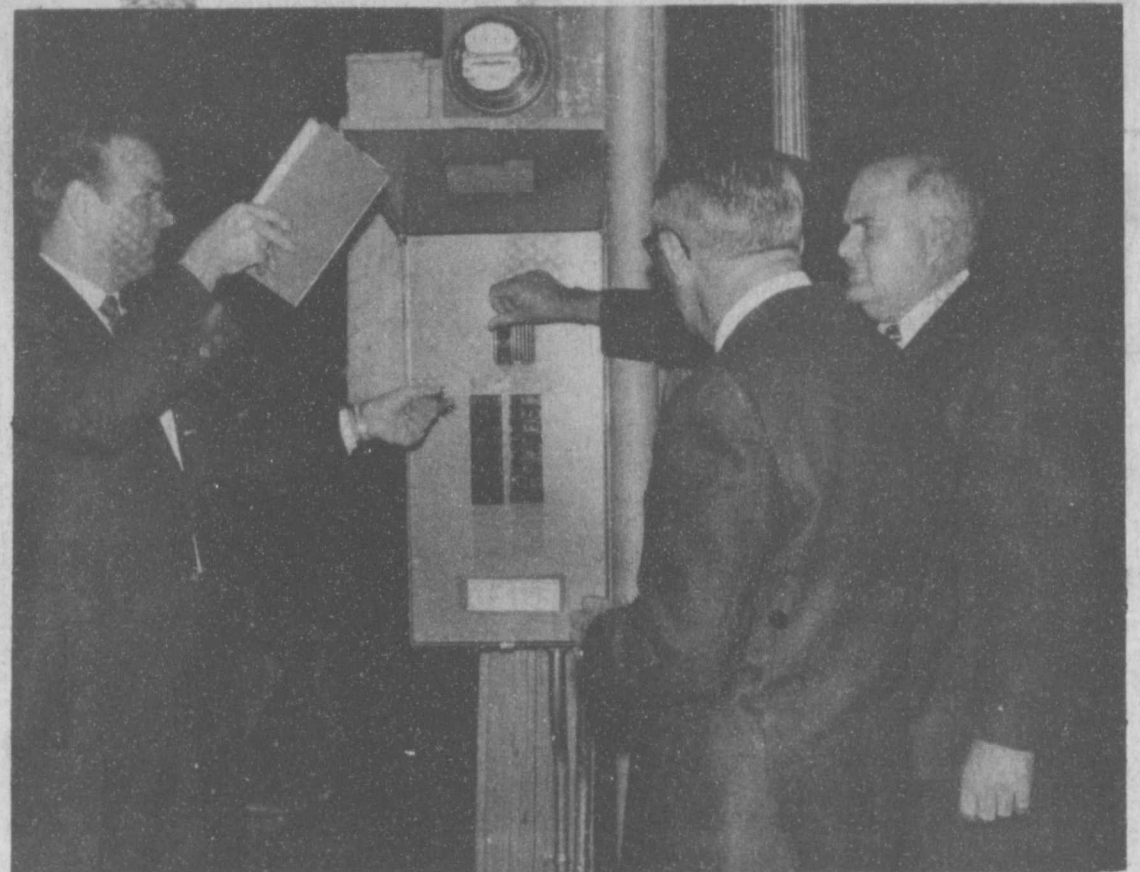

News-Press Trophy

The 1968 season puts the two county rivals in their first district battle in history. The Cove Bulldogs moved up to AAA competition following the 1967-68 sports season.

The future should hold quiet a number of "cross county" sporting events. This year's contest will be in Copperas Cove Friday night and for all concerned will decide the County Championship.

There is one other county dual remaining on the football scene, that being the annual battle between Jonesboro and Oglesby presently scheduled for October 25.

The trophy was sent to the Copperas Cove Press Editor, Ray Humbert, today for display in the Cove High School until game time Friday night.

Representative Bob Salter, County Judge Norman Storm and County Commissioner Cleo Carroll took part in the Jaycee Courthouse Lighting ceremony. The lights are visible for miles around. The Jaycees project director was Tom Kennedy.

JAYCEES COMPLETE LIGHTING PROJECT

The Gatesville Jaycees, City and County Officials, and approximately 100 interested citizens gathered at the County Courthouse, Saturday night at 8:00 p.m. for a short ceremony and the lighting of the Courthouse.

Jaycee President, Mike Blanchard introduced Rep Bob Salter to the group on hand for the ceremony. Rep. Salter pointed out to those present that at the time of construction the Coryell County Courthouse was considered one of the finest structures of its kind for the amount of money expended.

The Representative pointed to Coryell County and its people as long time respecters of law and order in their desire to provide excellent facilities for the wheels of justice to turn. He pointed to the Jaycee lighting project and the contribution of other interested persons as an expression of the present day County Citizens desire to maintain rule of law in its proper place.

Rep. Salter acknowledged the Jaycee efforts and pointed to

Whigham Reports Tax Collection Normal

Coryell County Tax Assessor - Collector, Jack Whigham, reported Monday that State and County taxes collected to date totaled \$65,845,60.

Whigham reported the total is about like last years payment through this date.

people's ability to do great things when they work together. The Jaycee project was completed after approximately a year and a half of study, comparison of fixtures and fund raising drives to complete the project.

The actual installation involved only two weeks work by

the Jaycees and electrical contractors, Kenneth and Donlad Bartlett. Final adjustments will be made on the fixtures and brick enclosures will be built to house the fixtures.

The Courthouse seems to glow for miles around as travelers and local citizens drive to and from Gatesville.

CofC Old Fiddlers Contest Held Saturday

The Third Annual Chamber of Commerce Old Fiddlers Contest ended Saturday with competition notes ringing out all over the Gatesville Business District.

Excitement mounted when Dale Morris, of Fort Worth and Eddie Rose of San Antonio dualed for the title of Grand Champion.

The two music makers played three play-off times before judges made a final decision. Dale Morris was elected as Grand Champion for 1968 by narrow margin.

Mr. D. C. Ashby of Leon Junction was the only local winner this year, taking third place in the 75 year old and over class.

Trophies and cash awards were given to the top three performers in the three classes.

Results of the afternoon com-

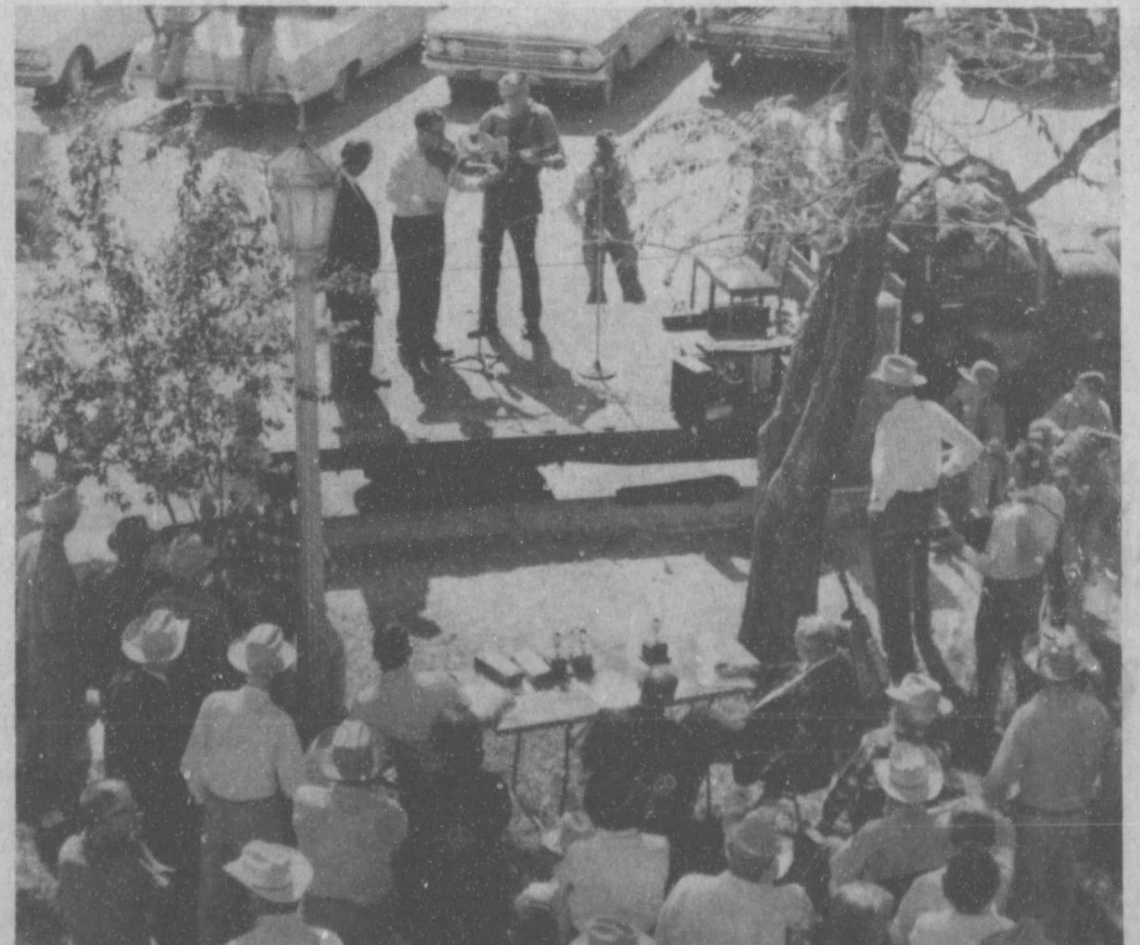

petition are: Open Class, Dale Morris, grand champion, first place, \$40; Eddie Rose second place, \$25; E. J. Hopkins, Houston, third place, \$15.

In class two, age 51-75, Claude Henson of Fort Worth, was first place, \$40; A. R. Westmoreland of Houston, second place \$25; and Parvin Hoffman of San Antonio, third place, \$15.

Class three age 75 and over Stanley Aisup of Gustine, first place \$40; R. R. Luce of Stephen, second place, \$25; and D. C. Ashby of Leon Junction, third place, \$15.

There were approximately 30 contestants in this year's contest, coming from as far away as Almagordo, New Mexico.

Fiddle music is part of American Heritage and unique to our country.

The Old Fiddlers' Contest, held Saturday, attracted area citizens for an old-time afternoon of music, only to be found in rural areas. The program, emceed by Byron McClellan, continued until late Saturday afternoon, for the enjoyment of all present.

G. H. S. Band

The Gatesville High School Hornet Band for 1968, started without a band director and managed to hold together until Mr. James F. Bruton accepted the position in late September. The band has improved with each performance and should be recognized for a job well done.

Miss Geneva Brown - Henry Sims Wed In Double Ring Ceremony

SPEC. 5 & MRS. HENRY SIMS

Miss Geneva Ann Brown became the bride of Specialist Five Henry W. Sims Tuesday evening, October 15 in the Live Oak Baptist Church. Rev. Ramon Sims, father of the groom performed the double ring ceremony before an altar flanked with white gladioli and candelabras.

The bride given in marriage by her father, wore a floor length a-line dress of white peau de sole and lace. Her elbow length illusion veil fell from a crown of seed pearls and lace. She carried a cascade of white carnation. She wore a crown of seed pearls and net.

Mrs. Bobby Lowery was pianist and Davy Henderson of Waco sang "More".

Matron of honor was Sharon Brown, sister of the bride. She wore a kelly green, street length dress and carried a cascade of white carnations. She wore a crown of seed pearls and net.

Best man was Kenneth Brown, brother of the bride. Wayne Langford of Belton and Ronnie Tomlinson of Gatesville ushered.

The bride is the daughter of Mr. and Mrs. Chester Brown of Gatesville. She is a graduate of Gatesville High School and Durham's Business College of Waco.

Specialist Five Sims is the son of Rev. and Mrs. Ramon Sims of Star, Texas. He graduated from Star High School. He is now on active duty in the United States Army.

A reception was held immediately following the wedding in the church fellowship hall. Mrs. Ronnie Tomlinson served punch and Mrs. Wayne Langford served the four tiered wedding cake.

The couple will make their home at New Cumberland Army Depot, New Cumberland, Pennsylvania where Specialist Five Sims is now stationed.

Bermani Promoted to Lieutenant

FT. HOOD, TEX. (AHTNC)-David J. Bermani, 25, son of Mr. and Mrs. Joseph Bermani, Trona, California, was promoted September 28 to Army first lieutenant at Ft. Hood, Texas, where he is serving with the 2nd Armored Division.

Lt. Bermani is a logistics officer in Headquarters and Company A of the division's 48th Battalion.

His wife, Mary, lives in Copers Cove, Texas.

Former Coryell Resident Buried at Levelland

Mr. W. W. Lindsey, formerly of Coryell County, died in a Levelland Hospital, Tuesday, October 15.

Funeral services were held Friday in Park Avenue Baptist Church of Levelland.

Mr. and Mrs. Lindsey had lived in the Pidcoke and Browning Communities, where he was a farmer, before moving to Levelland about 30 years ago.

Attending the services, from this area were Mr. and Mrs. F. O. Mitchell, Mr. Z. B. Robnett, Mrs. John Wood and Mrs. Gus Robnett of Santa Anna.

In Memoriam

In memory of Martha Angeline McCallister Walton born April 20, 1893 to Dave and Ruth J. McCallister. Martha was married to George Walton in 1915. To this union one daughter was born, George Louise, now Mrs. John Keenan of Port Arthur, Texas.

Mrs. Walton spent most of her life in Coryell County. They have been living in Port Arthur, Texas the past 17 years. George Walton passed away in 1944.

Martha was a Christian and a very devoted one to her God, and a strong believer in God; put her whole trust in God and depended on him for every thing and a friend to all who knew her.

To know her was to love her and her request was to make anyone glad. She wanted only one song at her funeral, "Let the Lower Light Keep Burning", was sung by Benny Franklin and his group. Rev. Dick Derrick, a life long friend of the family delivered the message for the graveside service, also her request as she thought a chapel service was too sad. She wanted and her desire was to bestow happiness on everyone.

She was sick only a short while, however, she had been in failing health several years.

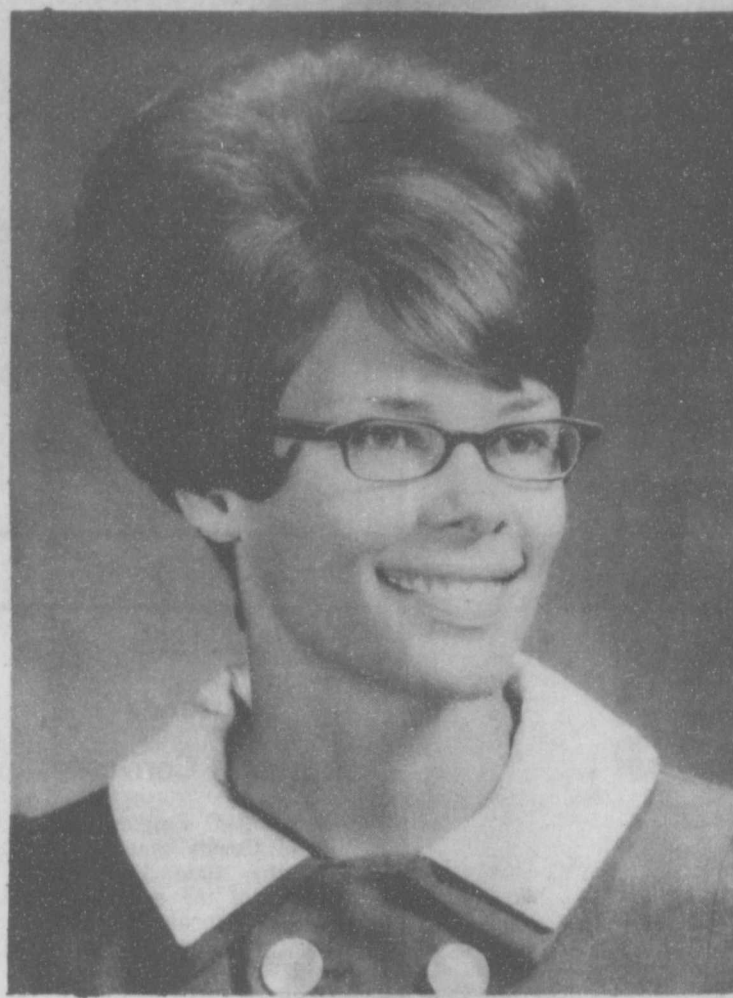

Saturday before she passes away Monday, she asked her Greatniece what day it was. She said "it's Saturday." She told her niece she was going to leave that place in such an hour - and to a minute she left this world in spirit, so peacefully.

Pallbearers were Dave McCallister, Bob McCallister, Chick McCallister, Bailey McCallister, Johnnie Lee McCallister; Sidney McCallister couldn't come so a son-in-law Troy Whitley took his place. They were her oldest brothers, six boys, a request of hers.

Others surviving, besides her daughter and son-in-law, Mr. and Mrs. John Keenan of Port Arthur, Texas, are one only brother, Mr. and Mrs. A. M. McCallister, Gatesville; three sisters, Mr. and Mrs. Howard Clayborn of Fort Worth, Texas, Mrs. Ruth Bryan of Abilene, Texas, and Mrs. Mary Taylor of California; a host of nephews and nieces of whom she greatly adored.

A precious one from us is gone; a voice we loved is stilled, a place is vacant in our home that never can be filled. We can meet her some day. That is what Martha would want us all to do so look for a brighter day, keep happy, and trust in Jesus, everyone obey God's will.

Engagement Announced

MISS JOYCE NICHOLS

Mr. and Mrs. Jack Nichols of Route 2, Gatesville announce the engagement and approaching marriage of their daughter, Joyce, to Kyle Pruitt, son of Mr. and Mrs. Wayne Pruitt, Route 2, Jonesboro.

The couple will exchange wedding vows, December 28, in the First United Methodist Church at 7:00 p.m. in Gatesville.

Miss Nichols is a 1968 graduate of Gatesville High School and is attending Tarleton State College in Stephenville.

Kyle is a 1966 graduate of Jonesboro, and he is a junior at Tarleton State College, in Stephenville.

Food For Thought

Mrs. B.A. Snoddy

"And I sought for a man among them that should make up the hedge, and stand in the gap before me for the land, that I should not destroy it," Ezekiel 22:30.

As we are approaching the time of our general election, people are giving much thought to it, and I believe our nation has never been to a time, when this is needed more; never have we known of a time when we have so much unrest, confusion, and rebellion against God, and the laws of our country; several years ago, we would have thought such a condition would have been impossible in our beloved homeland.

Modern Americans have accepted and are tolerating conditions never before permitted by any generation of our ancestors.

Never have so many hated on such flimsy cause; never have so many denounced, so many

fusion, and rebellion against God, and the laws of our country; several years ago, we would have thought such a condition would have been impossible in our beloved homeland.

Modern Americans have accepted and are tolerating conditions never before permitted by any generation of our ancestors.

Never have so many hated on such flimsy cause; never have so many denounced, so many

with such little knowledge; never has wild pleasure, been considered fitting human behavior, as it is today.

Some one needs to stand in the gap and make up the old hedge of standards that has made our nation so great.

There seems to be a widespread devotion to the idea that there must be a universal change; that absolutely nothing can be allowed to remain the same; whether the change is for the good, or for the bad; or for the right or wrong.

We believe in a God who does not change. Malakiah 3:6; Hebrews 13:8.

His standards for individuals, and nations, is ever the same. Human nature does not change, except for the change, to be accepted with God; we believe in truth that is absolute, and which is forever settled and cannot pass away.

There seems to be a trend for universal conformity, universal change, and universal criticism, which will leave our nation tossed about in the sea of doubt and uncertainty.

The scripture that I've chosen to think about this week tells us that God is seeking for men who will make up the hedge, or wall, and will stand in the gap before Him, that He should not destroy the land.

Our beloved nation needs men who are not for sale; honest men, sound from center to circumference; men with steady consciences, and will stand for right, regardless if the earth reels; men who will tell the truth, and look the world right in the eye, who will neither brag nor run, and have courage to know their place, and to fill it; men who are not too lazy to work, nor too proud to be poor, willing to eat what they've earned, and wear what they've paid for; men who are not afraid to say NO with an emphasis.

We need men who can unite together around a common faith, and join hands in a common task.

God has told us in his word, that we are to obey the law, and be law abiding citizens, Romans 13:2. But, we as christians, should use our power to vote, and try to place men, in places of authority that will seek to do God's will as a Government.

We may have to sacrifice our relationship to a political party, for the principal must be above the party. If the party has left the principals, then we must use our power to vote for the man who holds to the right principals, the man we believe by conviction, experience, and character to most likely do

God's will in our governmental affairs.

We, as christians, are supposed to "Render unto Ceasar the things that are Ceasars; and unto God the things that are God's". Matthew 22:21.

I believe I've already mentioned, in one of the earlier writings about the man with the withered arm; Matthew 12:10, and the first thing Jesus asked him to do was to stand forth in the midst and when he stood forth, the Lord told him to stretch forth his hand, and then he was immediately made whole.

It is now time to stand up and be counted.

We note by the scripture heading that God uses men to bring about His divine purpose. May God give us such men!

Last Rites Held For Mrs. Lander

Mrs. Meta Lander, 72, died October 15, at 4:30 p.m., Tuesday at her home in Coryell City.

Funeral services were held at 3:30 p. m. October 17 at St. John's Lutheran Church in Coryell City with Rev. Timothy Van Antwerp officiating. Burial was in St. John's Cemetery.

Mrs. Lander was born in Washington County in 1896 and moved to Coryell City in 1906. She married Frank Sless in 1918 and they farmed in that area until his death in 1951. She married Phillip Lander in May, 1954, and they farmed until his death in 1965. For the last two years she has lived with a daughter, Mrs. Irvin Helm, in Coryell City.

She was a member of St. John's Lutheran Church since childhood.

Survivors are three daughters, Mrs. Irene Helm of Coryell City, Mrs. Annie Bell Culpepper of Chattanooga, Tennessee, and Mrs. Vernell Duffield of Belton; nine grandchildren; one great-grandchild; three sisters, Mrs. Ella Helm of Roscoe, Mrs. Tilda Gaskamp of Clifton and Miss Ida Kasting of Mexico; and two brothers, Fred Kasting of Roswell, New Mexico, and Otto Kasting of Clifton.

Gatesvillite's Niece Buried at Moody

Miss Mary Ann Gibson, 20, of Bellaire and formerly of the Temple and Moody area, died at 10:35 p.m. Thursday in an

Austin hospital as a result of injuries received in a one-car accident at 8:30 p.m. Thursday in Austin.

Funeral will be at 10 a.m. Saturday at Weed-Corley Funeral Home chapel in Austin, the Rev. Clay Burns officiating. Graveside services will be at 2 p.m. Saturday at Moody Cemetery.

Miss Gibson was a junior at the University of Texas at Austin. She attended Southwestern University at Georgetown for two years. She was a member of the Bellaire Methodist Church.

Surviving are her parents, Ms. and Mrs. George E. Gibson of Bellaire, formerly of the Moody area; and her grandfather, Raymond Burns of Temple.

She was the niece of Miss Louise Burns of Temple, Mrs. R. O. McGuire of Burleson, Mrs. Maie Talley of Moody, Mrs. L. C. McKemie of Gatesville, the Rev. Clay Burns of Clifton, D. Talley of San Angelo and Col. Raymond Burns Fr. of Denver, Colorado.

Evant Lieutenant Completes Course With Honors

ABERDEEN PROVING GROUND, MD. (AHTCH)---Army Second Lieutenant Gary R. Mitchell, son of Mrs. Lorane K. Mitchell, Evant, Texas, completed with honors the mechanical maintenance officer course September 25, at Aberdeen Proving Ground, Maryland.

During the eight-week course, he was trained to supervise personnel engaged in the repair of conventional Army material.

Lt. Mitchell received a B.S. degree in mechanical engineering in 1963 from the University of Texas, Austin.

Sgt. Schoen On Duty At Royal Thai AFB

U. S. AIRFORCES, Thailand-Sergeant Royce A. Schoen, son of Mrs. W. N. Baker of Route 1, Blanket, Texas has arrived for duty at Udorn Royal Thai AF, Thailand.

Sergeant Schoen, a weapons mechanic, is a member of the Pacific Air Forces. He was previously assigned to the 7th Tactical Fighter Squadron at Spangdahlem AB, Germany.

The sergeant is a graduate of Blanket High School.

His father, Henry A. Schoen, lives on Route 2, Gatesville, Texas.

FARM REVIEW

and FORECAST Farm Bureau To Hold 35th. Annual Convention

Some 2,000 persons, including more than 800 voting delegates from 203 organized county Farm Bureaus, are expected to attend the 35th annual convention of the Texas Farm Bureau in Dallas November 10-13, according to Sidney Dean of Victoria, TFB president.

Find competition are scheduled for that evening.

Headquarters will be at the Baker Hotel with some of the general sessions scheduled at the Dallas Memorial Auditorium.

Policies to guide the state's largest organization next year will be adopted by the voting delegates on the two final days of the meeting. They will also approve recommendations on national issues which will be forwarded to the annual meeting of the American Farm Bureau Federation slated for December 2-11 in Kansas City.

Guest speakers on Tuesday morning include Charles B. Shuman, Chicago, president of the American Farm Bureau Federation; Lieut. Gov. Preston Smith; and State Rep. R. H. Cory of Victoria.

Registration will get under way at 2 p.m. Sunday, November 10, at the Baker Hotel.

Special conferences on field crops, livestock, research and education, natural resources, farm labor, dairying, membership services, and transportation-communications-utilities will be Monday afternoon. District caucuses are also slated that afternoon.

Thirteen district queen candidates will compete in the finals of the TFB Queen Contest that evening.

Guest speakers on Tuesday morning include Charles B. Shuman, Chicago, president of the American Farm Bureau Federation; Lieut. Gov. Preston Smith; and State Rep. R. H. Cory of Victoria.

A Discussion Meet competition for young people in Farm Bureau will be held that afternoon.

Vesper services and Talent Show will be held that evening.

Chemical Shearing Of Sheep In Experiment

Sheep have been successfully sheared at the U. S. Department of Agriculture's Research Center, Beltsville, Maryland, without the use of clippers.

The innovation was made possible by biologist Dr. Ethel H. Dolnick and colleagues in USDA's Agricultural Research Service. The sheep was dosed with an experimental chemical, previously used mainly in cancer therapy. Medical scientists found that the drug, aimed at stopping cell growth in tumors, also interrupted cell growth in hair roots, causing test subjects, including sheep to lose their hair or wool temporarily.

In sheep, Dr. Dolnick said, the chemical causes a ring-like constriction in each wool fiber beneath the skin surface. The constriction moves up from the bulb of each wool fiber as it grows, and in six to seven days reaches a position just below the skin surface. At that point the fibers break easily and the entire fleece can be separated at the skinline, leaving the sheep completely bare.

The cost of this experimental treatment has not been determined in dollars and cents but its practical advantage is indicated. With a few minutes of training a person can do a most satisfactory job. He grabs a handful of wool and rolls his wrist along the sheep's skin and pulls off the fleece without strain on himself, discomfort to the sheep, or wastage of wool.

Chemical defleecing, unlike shearing, leaves no nicks nor cuts on the skin. Wool has grown back normally on chemically defleeced sheep regardless of the interval allowed between dosing the sheep and removing the wool. But further studies are necessary to determine whether this type of defleecing causes chemical residues in the meat or alters wool growth or quality, say the scientists.

The contest ended with the excitement of professional football as the Elk defense stopped the Hico team when Keith Carroll broke up a pass in the Elk end zone and David Pruden dropped the Hico quarterback for a ten yard loss on fourth down.

Phosphorus and potassium can be applied well ahead of planting with little reduction in availability, advises Dr. C.D. Welch, Extension soil chemist at Texas A & M University.

Phosphorus in fertilizers is soon converted to new forms in the soil and does not move unless the soil is disturbed by plowing or disking, says Welch. Potassium, he adds, is also held by soil particles and does not move except in sandy soils low in clay and organic matter. Therefore, such soils would be an exception for potassium application too far in advance of planting time, explains the chemist.

The big question about fall and winter fertilization concerns nitrogen. Welch says losses and reduced availability of nitrogen will vary with soil properties, temperature and moisture conditions.

Ammonium nitrogen, he says, is held by clay particles and generally remains near where it is placed in the soil. Therefore, nitrogen in the ammonium form should be used but not until soil temperature is down to 50-55 degrees F. When the soil temperature is above the 50-55 degree range, soil bacteria convert ammonium to nitrates at an accelerated rate and losses could occur, says Welch.

Washington Report

As members of Congress return to their states on adjournment of this 90th Congress, the country will assess its record. I shall devote my next two or three newsletters to this subject--reporting on the laws we passed, and perhaps on a few that we should have passed but didn't. Opal and I are returning to our home in Austin and I hope to visit with Texans in different parts of the state before we return to Washington next January.

We also enacted some outstanding education bills--including my Bilingual Education Act and Professors Emeritus Act--and we renewed some older programs which have been valuable to Texas schools, such as the Elementary and Secondary Education Act, the Higher Education Act, the Vocational Education Act, the National Defense Education Act and loan program, and others. The Vocational Education Act and the Revised Cold War GI Bill are the best in history.

The issues before this 90th Congress were many and varied: crime, inflation, education, taxes, law enforcement, the war in Vietnam, the problems facing our big cities, and the need for agriculture legislation. We passed bills in each of these important areas, and we also made real strides in conserving our natural resources, vast improvements in the laws protecting American consumers, and advances in education.

Besides the war in Vietnam, the biggest issues of the session were probably law enforcement and the need to curtail an alarming increase in our national crime rate. I cosponsored the Omnibus Crime Bill called the Safe Streets Bill, making Federal money available to state and local police to train and equip our law enforcement officers, and to pay them better salaries, but leaving control of state, county, and city police forces in the states, counties, and cities. The bill in its final form also included a strong anti-riot section.

The business session gets under way Tuesday afternoon with voting on resolutions sent in by county Farm Bureaus. The session will continue Wednesday until all recommendations have either been amended, adopted or rejected. Voting delegates will elect board members for two-year terms from six districts as the last order of business.

Following adjournment, the board of directors will meet to elect a president, vice president and secretary-treasurer for one-year terms.

The Elks attempted only one penetration by Hico while penetrating three times themselves. The game's scoring was all in the second quarter with Evant scoring on a 40 yard drive capped by a three yard plunge by Kyle Arnold.

The Elks were forced to use Stanley Stafford, a freshman resource quarterback after Delbert Siggs was injured early in the game. Stanford performed well for the Elks at quarterback.

Coach Bruce Jones, pointed to the entire defensive team for the fine performance. Darrel Forrest a freshman defensive end, was a top performer as were Tommy Rogers, John Conner, Terry Horton, Jimmy Flippen, Douglas Forrest, David Pruden, Kyle Arnold, Rickey Marriot, Keith Carroll, and Keith Suggs.

The Elks now 1-1 in district play and will face Gorman Friday night at Evant. Coach Jones, looking ahead to Friday night, said "They will be tough". The Gorman team played Class A ball last season.

The 90th Congress was a consumer Congress, with real concern for the problems of the housewife and shopper. We passed a truth-in-lending bill to require loan makers to tell exactly how much the true interest rate is. We passed a truth-in-packaging bill which wasn't as strong as I had hoped, but which will still help shoppers get a better idea of what and how much is inside the package they buy. We passed a radiation control bill to help protect Americans from the dangers of radiation from TV sets and appliances. It was not as strong as I had hoped, but better than nothing. We passed new auto safety bills. The 90th Congress cared about the American consumer. It was the greatest consumer protection Congress in our history.

Fall And Winter Fertilization Depend On Soil Test

Phosphorus and potassium can be applied well ahead of planting with little reduction in availability, advises Dr. C.D. Welch, Extension soil chemist at Texas A & M University.

Phosphorus in fertilizers is soon converted to new forms in the soil and does not move unless the soil is disturbed by plowing or disking, says Welch. Potassium, he adds, is also held by soil particles and does not move except in sandy soils low in clay and organic matter. Therefore, such soils would be an exception for potassium application too far in advance of planting time, explains the chemist.

Ammonium nitrogen, he says, is held by clay particles and generally remains near where it is placed in the soil. Therefore, nitrogen in the ammonium form should be used but not until soil temperature is down to 50-55 degrees F. When the soil temperature is above the 50-55 degree range, soil bacteria convert ammonium to nitrates at an accelerated rate and losses could occur, says Welch.

Nitrates are mobile and move with soil water. This means they can leach from a very sandy soil in areas of heavy winter rainfall. Still another possible loss is through denitrification. This takes place, he says, in soils that stay extremely wet for long periods of time.

As for the best acceptable dates for making fall and winter application of nitrogen, Welch says it varies with the different regions of Texas. Each set of soil and management conditions needs to be evaluated. One practical approach, he says, would be to apply phosphorus or potassium and potassium if needed early then the nitrogen later, closer to planting time.

But, he concludes, a reliable soil test will help when the decision is being made on what is needed. Local county agents can supply detailed information on soil testing.

Ammonium nitrogen, he says, is held by clay particles and generally remains near where it is placed in the soil. Therefore, nitrogen in the ammonium form should be used but not until soil temperature is down to 50-55 degrees F. When the soil temperature is above the 50-55 degree range, soil bacteria convert ammonium to nitrates at an accelerated rate and losses could occur, says Welch.

The center of attention in the above picture is Gary Carothers, just to the right of Keith Bell, number 60, in black. Carothers crashed through the Lion defense for 10 yards on this play. Buddy Wiggins, number 85 and Reggie Schoenewolf are both down field to block for Carothers.

Power Play Gives Hornet Offense Necessary Punch

This play, a 61 Up-the-Middle, was one of the main plays in the Hornets' grinding rushing attack against the Lockhart Lions last Friday night. Fullback Gary Carothers' four touchdowns were all short runs

Gary Carothers

using this play or variations of it.

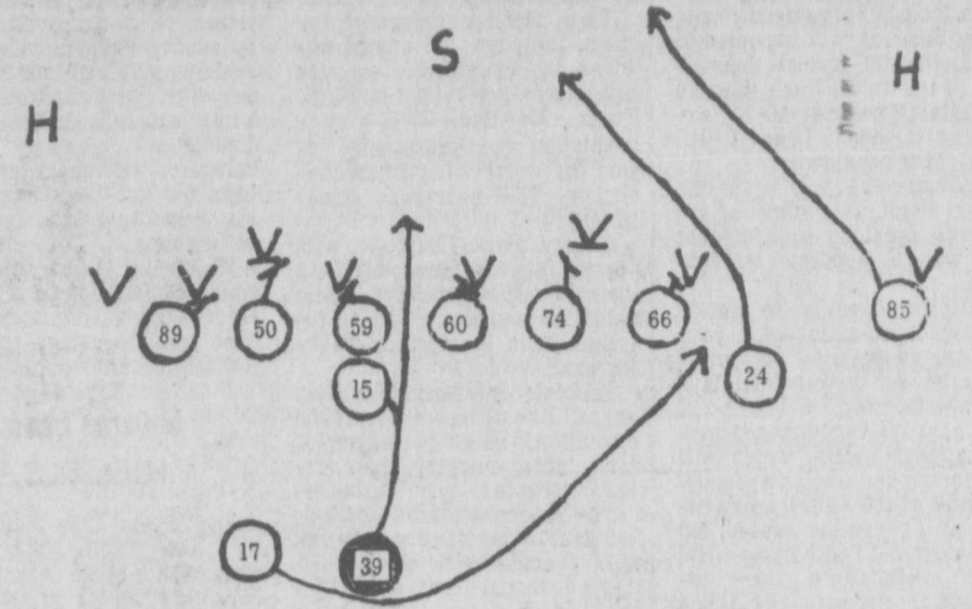

Wingback Allen Neel, number 24, and split end Buddy Wiggins, number 85, ran pass patterns into the Lion secondary.

rush. The Big Class 10-B battle will come this Friday between Oglesby and Jonesboro. Oglesby's offense will be tested and Jonesboro's youngsters will receive their stiffest test.

Belton Tigers Stop Rockdale 22-0
The Tigers' defense was fantastic, holding Rockdale to only two first downs and 33 yards total offense. Belton is the team to beat in District 13AAA.

The Play of the Week

Selected By Jack Gunlock

Hornets Front Page 1

Lion receiver and snatched the ball out of the air, carrying it 35 yards for a score. This gave Gatesville a 35-7 lead which held until the end of the game.

All of the Hornets played like they really wanted to win. They hit hard and they didn't make very many mistakes. The coaches chose Gary Carothers as offensive back of the week. He provided the power up the middle in the Gatesville attack and scored four touchdowns. Offensive lineman of the week was Keith Bell. Keith always does a fine job of blocking and tonight he also played a fine game on defense. Chosen as defensive back was Danny Whitt. He ran back an interception 35 yards for a TD. He also played well on offense and handled the kicking duties. Defensive lineman of the week was Gene Braziel who ranged all over the field to stop Lockhart tall carriers.

This victory gives Gatesville a 2-2-1 season record and a 1-1 mark in district play. The Hornets face Copperas Cove on the Bulldogs' home field next week. If Gatesville can play as good in that game as they did against Lockhart they should bring home another victory.

Oglesby Tigers Bombs Iredell Dragons 60-13

The Oglesby Tigers, scoring kings this season, pounded the Iredell Dragons with a 60 point barrage Friday night in Iredell. This season the Tigers have scored 214 points in five games for an average of over 42 points per game while allowing an average of only 9 points for the opponents.

The Tigers jumped into the lead with 26 points in the first quarter against the Dragons, starting with a 15 yard run by Joe Pitts following a blocked punt by brother, Johnny Pitts. Credit Ronnie Sullins with two extra points on the kick.

Another defensive play gives the Tigers possession when Willie Leos recovers a fumble. Larry Ross escorted the football to the end zone on a 20

yard run for what proves to be the winning margin.

Larry Ross scored next from two yards out after Mike Robinson set up the score by intercepting an Iredell ariel and returning it 20 yards.

The Tigers scored their last first quarter score on a pass from Ronnie Sullins to Joe Pitts gaining six yards.

The second quarter scoring was set up by fine defensive play by the Tigers. First a fumble recovery by Willie Leos at the Iredell 32 yard line. Larry Ross did the honors on a run from that point.

Another blocked punt gives the Tigers the ball at the three yard line and Larry Ross pushed across the final Tiger score of the first half.

Iredell scored on a short run to end the first half scoring and the extra point was good. (38-7).

The Tiger defense opened the second half by tackling the kickoff returner in the end zone for a two point safety.

Then on the kick off after

the safety, Johnny Pitts following a tremendous block by Charlie Vandiver carried 50 yards for another score. Johnny Pitts made the safety tackle and tackled on the touchdown in less than 15 seconds.

Larry Ross added another score on a 66 yard run and Ronnie Sullins kicked two extra points.

Iredell picked their final score on a 30 yard run in the third quarter.

Oglesby final score came on a pass from Ronnie Sullins to Charles Vandiver with Richard West, Phillip Gomez and Joe Pitts holding off the Dragon

Hornet B's Down Trojan B's 14-6

The Gatesville Hornet B-team scored with only seconds remaining in their game, Thursday night, to edge by a tough University team 14-6. The Trojans scored in the first half of play, aided by two pass interference calls on the Hornets. This gave University a 6-0 lead at half-time which held up until the fourth quarter. In the last period of play, the Hornets got the ball at mid-field and marched 50 yards to score. The touchdown was made by Ray Ortega who ran it in from 20 yards out to tie the score at 6-6.

Late in the final quarter the Hornets were once again on the move but lost the ball on a fumble at the Trojan 30. On the next play University fumbled the ball back to the Hornets with only 1:23 left in the game. Exactly one minute later, Larry Smart smashed over from the one yard line to score the winning TD. Smart also ran for the two extra points giving the Hornets a 14-6 victory over the University Trojans.

Quarterback Rocky Adams and running backs Ray Ortega, Larry Smart, and James McCarley did a fine job handling the ball and offensive linemen Richard Dunlap, Ronnie Jones, and Trey Tatum provided good blocking for them.

Standouts on defense were Randy Dunlap, Gary Rainer, Larry Harrington, Ronnie Jones, Larry Smart, and Trey Tatum.

Coach Lowell Bishop's crew faces Taylor next week. The game will be here at 7:30 Thursday night.

Hornet Freshmen Undefeated Stop Fairway 28-18

The Gatesville Freshman team continued their winning streak by mauling Fairway of Killen 28-18. The Hornets got off to a fast start as they kicked off to Fairway and intercepted a pass on the Killen team's first play from scrimmage. Gatesville drove the ball 60 yards with the score coming on a 1/2 yard plunge by Ronald Brown. Jim Saunders passed to Brown for the two point conversion, giving the Hornets an 8-0 lead.

Brown scored again on a four yard run, and Saunders passed for another touchdown to James Smith. In the second half Brown scored his third touchdown of the night on a 15 yard run. Saunders passed to Steve Braziel for the two point conversion.

Fairway scored three times, one of the scores being set up by a blocked punt on the Gatesville 15 yard line.

Coach Grayson Wetzel praised the play of offensive players Ricky Thompson, Steve Braziel, Gary Davis, Allen Bell, and Mike Winters, and defensive standouts Jerry Gaston, Jim Saunders, Ronald Brown, James Smith, and Ricky Thompson.

The Freshmen will be trying to win their fifth straight season game next week as they face Copperas Cove. They will play at 7:30, Thursday night, at Copperas Cove.
