TODAY'S ELECTION LARGEST

Today is election day. Vote for the candidate of your choice. The 1968 Presidential Election is expected to attract the largest number of voters in history. The three party race has developed into a very close contest with the major polls showing the Republican, Richard M. Nixon and Democrat, Hubert H. Humphrey rated

a toss-up. With the two old line parties coming to the wire in a "photo finish" the American Independence Party candidate, George Wallace could hold the key electorial votes.

Some states do not require registration, so estimated vote totals were used. Other totals do not include some latecomers.

Besides California and New York, lower turnouts than 1964 are expected in Connecticut, Massachusetts, Rhode Island, Pennsylvania, West Virginia, Washington, New Mexico, Mich-igan, Kentucky, Oregon, Wyo-ming and the District of Columbia.

All other states expect larger turnouts, with the largest increases turning up in Florida, 300,000; Ohio and Virginia, 200,000; and Mississippi, New Jersey and Maryland, 150,000. Many southern states have sharply increased registrations due to the influx of Negro voters since passage of the voting rights act of 1965.

Because many states do not keep accurate totals, it is impossible to estimate the overall absentee vote. And in most states absentee ballots are counted along with regular

Redecorating Can Be Glamorous and Interesting

Moving into a new home or thinking of redecorating your present home? Smile . . . the home furnishings industry has made redecorating a pleasure, what with all the new finishes,

what with all the new infinites, fabrics, textures and exciting styles and designs. First things to do, before you shop for furnishings, wall-coverings, draperies and floor coverings is to make a master plan plan.

Consider the needs of your family so when you review the uses of each room you'll know what it will have to do. A living room, for example, may range in activities all the way from special entertaining and large gatherings to a haven for

peaceful reading. Then, too, think of how you want the rooms to look. Do you want a reflection of interests

want a reflection of interests and travels? And consider the interests of others in your family as well. And along with this, think of the maintenance and care needed. Your next step, before shop-ping, is to draw a simple plan of each room. This is easy. Draw the shape of the room, square or rectangular, and have one quarter of an inch equal one foot of the actual room. A room that is 12 feet long then would be represent-ed by three inches on the plan.

qualities such as a fireplace. Then draw little squares and circles on a separate sheet of paper. Cut them out. Use them as symbols of your furniture, tables and lamps. The profes-sionals refer to them as tem-plates and use them in plan-ning furniture placement. When you begin furniture placement, remember that some rooms may have a natu-ral point of interest which is the center of attraction. This

If you are going to create a local point, then it is wise to work it around a large piece of furniture such as a piano or sofa, or a grouping of match-ing chairs, a collection of paintings or sculpture exhibit. Place your furniture — the smaller pieces around the point of interest. Finally, study the

The for-mal would require matching chairs, lamps, sofas or love seats which are placed as com-panions, side by side, together. The informal or asymmetric appearance allows you to use a sofa on the long wall, with two chairs and a table in the opposite corner.

Dark and light brown, nat-ural and gray brown were fa-vored colors in the wood-toned prints and plastics seen in dinettes during the recent home furnishings market at the American Furniture Mart, Chicago.

One of the newest modern looks is the patterned wood grain in crisp, tailored designs. This look seems to be walking hand-in-hand with the im-portance of table collections.

good, and with just over ten minutes left in the game, Rock-dale had an insurmountable 21-0 lead.

Less than three minutes later. the Tigers struck again. Jim Earnes picked off a Barr pass on the Hornet 43 and returned it eight yards to the 35. Six plays later, James Crocker burst into the end zone from seven yards out to score the Tigers' fourth TD. Once again Tindall's kick split the up-rights, putting Rockdale farther out in front 28-0.

Gatesville took the ensuing kick off and started a drive of their own. It reached the Tiger 45 before Priestly Tindall recovered a Hornet fumble to end the threat. Gatesville got their hands on the ball one more time. Starting at their own seven yard line, they moved steadily upfield behind the run-ning of Whitt and passing of Barr. They were only to midfield, however, when time ran out leaving the final score 28-0 in favor of the Rockdale Ti-

rushed for 183 yards and three touchdowns. Close on his heel was James Crocker, who gained 143 yards and scored once. The Tigers were forced to go to the air only five times, completing two for 18 yards.

The Hornets bright spot was the passing of Mike Barr and the catches of Reggie Schoenewolf who was playing split end for the first time since he was in the eighth grade. Barr completed seven of 15 passes for 84 yards. On the ground, the Hornets managed only 85 yards. Most of these were gouged out by Danny Whitt, Allen Neel, and Mike Gaston. The Hornets' season record is now 2-4-1. They are 1-3 in district play.

Oglesby Drops Jarrell 35 to O

The Oglesby Tigers are on top of the District 10-B race with two wins and no losses. The Tigers took Jerral Saturday night with Larry Ross and Willie Leos combining for 30 points.

The Tigers blanked Jerrall 35 to 0 with a tough defense lead by Joe and Johnny Pitts. The Jerrall six never pene-trated the Oglesby 20 yard line. Coach Fox reported that the

defense stopped Jerrall with only three first downs. Don Machelvain intercepted a pass during the defensive charge. On offense the Tigers ran

wild with Larry Ross carrying for 172 yards and Willie Leos carrying for 137. Leos returned two punts for touchdowns during the evening, one for 55 yards and one for 60 yards. Leos accounted for 242 yards rushing all totaled. The Tigers scored first on a

Coach Jones estimated that the Elks had possession of the football 80% of the second half and allowed Richland Springs only sustained drive. The "blast" in the Elk at-tack was Kyle Arnold, 200 pound

With two tough opponents to go the Oglesby team has the best chance to take the district.

end the Elk chances. The Elk offense received the boost it needed on its first TD drive with a 40[®]yard pass and run play from Keith Suggs to Ricky Mariott.

Defensively, the Elks were led by Ricky Mariott with brother interceptions, Jimmy Flip-pen, John Conner, Kyle Arnold, Tommy Rogers and David Pruden.

The Elks are now 2-2 in district 19-B football with three tough games yet to play. Next the Elks have Rising Star to contend with at Rising Star. The Rising Star team is the largest team in the district by weight and by numbers, having just been reclassified down from Class A.

The Elks face the league leader, Lometa, on November 15th and end the season on November 22, against Meridian.
