

## INSURANCE CONVENTION TO BE HELD IN GATESVILLE IN 1969

The Texas Mutual Insurance Association will hold its 33rd Annual Convention in Gatesville November 3 and 4, 1969. This announcement was made at the

### John Muegge Completes Basic Training With Navy

SAN DIEGO, Nov. 6 -- Seaman Apprentice John L. Muegge, USN, 19, son of Mr. and Mrs. Eldon F. Muegge of Route 1, Gatesville, Texas, has been graduated from nine weeks of Navy basic training at the Naval Training Center here. In the first weeks of his naval service he studied military subjects and lived and worked under conditions similar to those he will encounter on his first ship or at his first shore station. In making the transition from civilian life to Naval service, he received instruction under veteran Navy petty officers. He studied seamanship, as well as survival techniques, military drill and other subjects.

### Coryell County Deer Hunting Continues Good

Deer hunters continue to find good hunting in Coryell County. Good hunting weather and dark nights make hunting ideal. Floyd Walker, 9 pt.; Billy Edwards, 5 pt.; Ronald Paul, spike; T. B. Mr. and Mrs. Rollin Bishop, from Waco and Salado, and Mr. and Mrs. Daily Bishop, of New Braunfels, Texas, visited with Mr. and Mrs. Kay Ament, Saturday. The Bishop boys are nephews of Mrs. Ament.

## Sen. Yarborough Discusses Nixon And 91st. Congress

The American people have chosen a new man to lead them beginning in 1969. Richard Nixon will become the 37th President of the United States. The voters also chose a new House of Representatives and 91 Senators to make up the new 91st Congress which convenes in January. I worked with President-elect Nixon during the 1950s, serving in the Senate where he presided as Vice President. I know him to be an intelligent and hard worker with a deep love for his country. I am hopeful he'll provide the leadership we need to prosper and progress in America. The Senate convening in January apparently will include 13 freshmen -- an usually large number of new faces. Democrats still have a majority and thus will control chairmanships of the 16 Senate committees. Nevertheless, three committees will have new chairmen. Senator Carl Hayden, longtime chairman of the Appropriations committee, and Senator Lister Hill, chairman of the Labor and Public Welfare Committee, are retiring. The chairman of the Post Office and Civil Service committee was unfortunately defeated in his re-election campaign. Thus we have three chairmanships open. I served in all three of these committees in the past Congress. The Democrats lost only nine seats in Congress, however, and so do not expect any major change in its legislative action. It is too early to predict what sort of government we will have under the new ad-

ministration, but a few things are clear. Since Democrats control Congress with a Republican President, I'm hopeful these next years will be relatively bipartisan ones. We must work to unify our nation, rather than further divide it along party lines. I plan to work with the administration and do what I can to contribute to national unity. But I do not intend to surrender the great programs which we have developed under the Kennedy and Johnson Administrations, such as Medicare. For while the President will be new, many of the problems facing the Nixon Administration also faced the Kennedy and Johnson Administrations. Paraphrasing the need to settle the war in Vietnam and bring our men home. We must ratify the nuclear non-proliferation treaty without wasting further time to curb the spread of nuclear weapons to other nations of the world. Here at home we must find a way to reduce crime and unrest. We must better the lives of nearly 30 million Americans -- 15 percent of our population -- who still fall below the poverty line and who lack proper food, housing and clothing. We must find a way to help our farmers achieve prosperity, and we must seek new horizons in the fields of education, mass transportation, housing, and conservation of our resources. These next four years must be constructive ones, and I intend to make them that way.

## Oglesby Takes District 10-B Title

The Oglesby Tigers completed the District competition this season undefeated and will represent District 10-B in the Regional playoff against Aquilla. The Tigers finished district play against Milano Friday night at the Milano Homecoming. The Tigers edged past their last opponent by one of the closest margins of the year, four points. The only other team to come that close was the cross county rivals, Jonesboro. The Tigers took an early lead with a 22 yard run by Willie Leos, the Tiger leading rusher of the year. The extra point effort failed. The Milano six made the only other first half impression on the score board with a 55 yard pass and run from Ben Graham to Ethan Williams. The extra point kick was good by Bruce Coldiron. Oglesby 6 Milano 8. The Tigers came back in the third quarter with two scoring drives. First Willie Leos took personal charge of the Tiger offense carrying 35, 9, 20 yards to recover the lead for Oglesby. Ronnie Sullins extra point kick was good, 14-8 Oglesby leading.

Insurance Association to conduct the lecture session. The annual banquet will be held at the Chateau Ville Restaurant with the banquet speaker to be selected by the Program Chairman, Mrs. Hy Davidson. Mrs. Davidson will be program chairman for the 1969 Convention. Mrs. Davidson is secretary for the local Farmers Mutual Insurance Association. The local Association President is Mr. J. E. Davidson; Vice President, Vern Perryman; Secretary, H. J. White; and other directors J. T. Davidson, Roy Conner, Taylor Young and George Adams. The Convention is expected to attract local Association representatives from all over the state to Gatesville next year. Preliminary plans anticipate more than 100 will attend the meetings. Lectures are scheduled to be held in the National Bank Civic Room with prominent National Delegates of the National Mutual

Mrs. Davidson reported Monday, that local 4-H Clubs would pick winners who will be in the state contest. Runner-up 4-Her on the State level will receive a \$50 bond and act as alternate in case the winner is unable to attend the Chicago Convention.

The Tigers regained the offensive momentum and scored their second score in the third quarter on a Larry Ross 8 yard run. The drive consisted of many short yardage efforts capped by the Ross 8 yarder. The Milano combination Ben Graham and Ethan Williams struck again in a 65 yard pass play early in the fourth quarter to edge closer to the Tigers. The extra point by Coldiron was good leaving Milano only four points behind, 16 to 20. The Tigers finished the 1968 season with 394 points however, two key victories hinged on four point margins and a top notch defensive team led by Joe and Johnny Pitts, and Larry Ross. The Tigers outlasted Milano in the fourth quarter with Most of the final stanza. Statistics for the game were close with Oglesby running 41 plays, nine first downs to Milano's 51 plays, six first downs. Total offense Oglesby 338 yards while Milano had 390 yards. Individual leaders for the game were Ethan Williams of Milano with an unbelievable 248 yards rushing, Willie Leos 162 yards, and Ronnie Sullins 116 yards. The Tigers will face Aquilla on either November 29-30 at a site agreed upon by coaches last night. Early Monday, Coach Gary Fox of Oglesby reported that the Regional contest would probably be at either Gatesville, McGregor, or Robinson. The Aquilla team has come on fast as the season progressed, reported Fox. We saw them scrimmage Jonesboro before the season opened and Jonesboro took them 7 TD's to 2 TD's. Aquilla surprised the predicted winner of that district Trinity 40 to 0.

Norman R. Williams, Instructor of Vertebrate Zoology at Killen's Central Texas College, discusses three prehistoric bones found by soldiers from the 2nd Arm. Div.'s 2nd Bn., 50th Inf. while on bivouac at nearby Ft. Hood. The bones were found lying on top of the ground in a Cretaceous rock formation and are believed to be between 70 and 90 million years old. The bone Williams is holding is thought to be a scapula - part of the ancient animal's shoulder.

Willie Leos Oglesby's Willie Leos is one of the top ball carriers in District 10-B. Leos has turned in many performances over 150 yards per game.

## Prehistoric Bones Found At Ft. Hood

Bones believed to have been a part of a giant reptile who roamed Central Texas some 70 to 90 million years ago have been found by a group of soldiers in a bivouac area on the Ft. Hood reservation. The other two pieces-part of a pelvic girdle and the back portion of a jaw-are about a third as large. The bones were found in Cretaceous rock formations that Williams says are between 70 and 90 million years old. It is this information that tentatively fixes the bones' age. Williams surmises that the bones come from a quadruped-animal that walks on all fours. Most prehistoric remains discovered in the Central Texas area to date have been from bipeds - animals walking on their two hind feet. Quadrupeds of this period fed on plants and vegetative matter, according to Williams. At this point, enough is not known from the bones to determine the animal's family classification. Williams hopes to take a team of specialists back to the area where the

### Bill Hinesley in Cast of "Ten Little Indians"

William Hinesley a 1968 graduate of Gatesville High School, and presently a Freshman at Temple Junior College, is a member of the cast that will stage "Ten Little Indians." Hinesley was a member of the Senior play in G. H. S. and has performed in several plays at the local Methodist Church. He plans to become an actor. The play is a mystery based on a novel by Agatha Christie will be presented on the Temple Junior College stage November 21 and 22. "Ten Little Indians," which also was made into a movie starring Hugh O'Brien, is being produced by the College. Players under the direction of drama instructor Charles Taylor. The play involves ten persons who are lured to an island where a madman's plot leads to their methodical murder, one-by-one, until the scheme is foiled. The drama will be staged in the college auditorium at 8 p.m. on each of the two evenings.

finding was made to make a thorough search for additional pieces. It is hoped that the search will turn up additional bones - possibly enough to reconstruct a complete animal, or animals. Former Gatesville Manager With Waco Chamber Jim Shannon was appointed manager of the Waco Chamber of Commerce industrial department Wednesday. He is a native of Waco and graduated from Baylor University in 1963 with a degree in business administration. He was introduced to chamber directors at their monthly board meeting Wednesday. Shannon was manager of the Gatesville Chamber of Commerce from February, 1963, to March, 1964, and was executive vice president of the Littlefield Chamber of Commerce the remainder of 1964. He has been director of personnel at the Methodist Home since then. He is a past president of Central Texas Archeological Society and until recently was regional vice president of the organization. He is a member of the Policy Advisory Council of the Waco-McLennan Civil Defense Program. Shannon's parents are Mr. and Mrs. John Shannon of Riesel. His wife is the former Kathy E. Strange, daughter of Mr. and Mrs. W. E. Strange of Mart. The couple has two children and lives 3504 North Twenty-fifth Street. Shannon attended the Institute for Organization Management of the U. S. Chamber of Commerce at the University of Houston during the summers of 1963 and 1964. He replaces Bill Gaut, who left Waco last month to become industrial manager of the Evansville, Indiana Chamber of Commerce.

## Badgers 27 Hornets 7

The Hornets scored on the last play of the game, but prior to that, it was all Lampasas. The Badgers scored on the first play from scrimmage and from then on made it look easy as they rolled up 27 points and easily contained the faltering Hornet offense. The Badgers started from their own 40 after taking the opening kickoff. Lampasas lined up in "shotgun" formation, with tailback Wayne Davis taking the pass back from center. Davis tossed a screen pass, over the heads of the onrushing Hornet defenders, to the Badgers' outstanding fullback, Kenny Null. Null took the pass at midfield and carried it all the way to the end zone to complete a 60 yard scoring play. The conversion attempt was no good, but with only 19 seconds of playing time elapsed, Lampasas was out in front 6-0. The next time the Badgers got their hands on the ball they began moving toward the Hornet goal. Davis ran for 11 yards and an apparent score but a 15 yard holding penalty on Lampasas nullified the TD and ended the Badger threat on that particular drive. The Hornets were also victims of a long penalty as they were stopped in Badger territory and forced to punt. Lampasas seemed to start where their last drive left off as they moved relentlessly down the field. They were stopped again, however, as Gary Carothers re-

covered a Badger fumble on the Gatesville 32. The Hornets were unable to put their attack in gear and were forced to punt to Lampasas. With the ball on the Badger 30, quarterback David Garrett dashed for 17 yards and a first down. On the next play, Gary Carothers picked off a Badger aerial and returned it to the Lampasas 20. It was all in vain, however, as an offside penalty on the Hornets nullified the play. Given another chance, the Badgers capitalized on it; four plays later Garrett tucked the ball under his arm and rambled for 34 yards before being knocked out of bounds on the Hornet 10. The next play covered those remaining 10 yards, as Davis flipped a pass to Null. Again the conversion kick was wide, and with 8:35 left in the second quarter, Lampasas held a 12-0 lead. The remainder of the first half was a defensive battle with neither team able to cross the opponent's 40. Larry Smith put the halt on a Badger drive with an interception at the Gatesville 43 late in the period. At the half the score stood 12-0 in favor of Lampasas. The third quarter took up where the second left off, with both teams struggling deep in their own territories unable to move the ball. A big break came with 8:20 left in the quarter when Null broke through the Hornet line to block a Hornet punt on the Gatesville 25. The ball bounced around with both teams scrambling for it, and it finally rolled into the end zone where the Badgers' Dale Lancaster covered it for six points. Garrett plunged over for the two point conversion increasing the Lampasas lead to 20-0. After the ensuing kickoff, the Hornets were moving the ball well until a halfback option pass went astray and was picked off by the Badgers' John Jass on Lampasas's 42. From that point, the Badgers moved 58 yards in 11 plays, capped by a six yard scamper around right end by Garrett for the score. Ben Goodwin kicked the extra point to give the Badgers a 27-0 lead and round out their scoring for the night. With less than three minutes left to play in the game, the Hornets took over on downs at their own 25. Whitt and Carothers gouged out the yardage, moving the ball down to the Badger 15. Barr hit Carothers with a pass at the six yard line for a first down, and a penalty moved the Hornets down to the three. With less than five seconds remaining in the game, the Hornets had time for only one more play. They made it count as Barr hit end Buddy Wiggins in the end zone as the final gun sounded. Whitt's kick was good giving the Hornets seven points, but it was too little and too late, the final score reading: Lampasas 27, Gatesville 7.

### Raider - Jet Game Won by Heidi

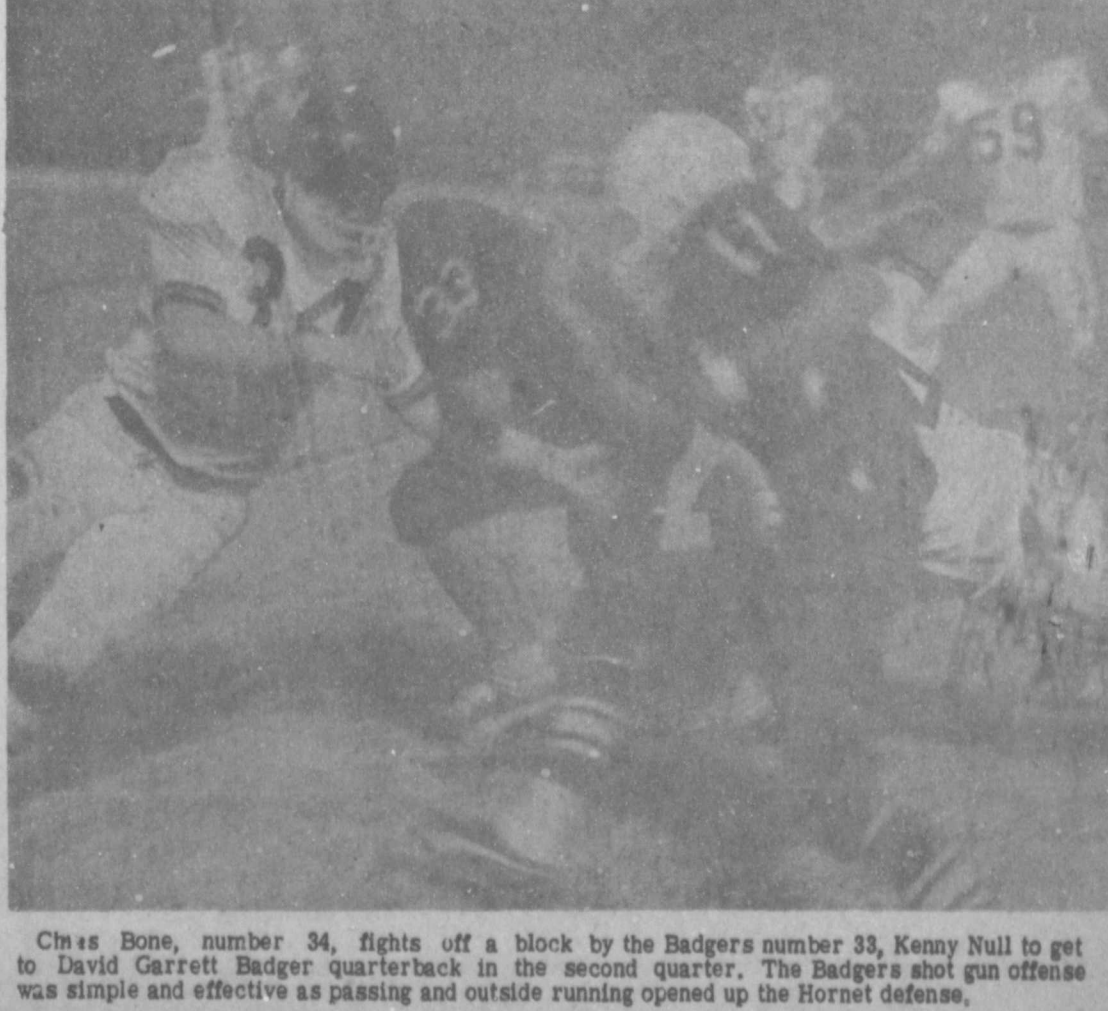

The Oakland Raiders trailed by only two points with 1:05 to play in the game when NBC decided in favor of Heidi. Local interest in the Raiders centers around Cotton Davidson, backup quarterback for Daryl Lamonica. That last minute of A. F. L. football was probably the most exciting in the A. F. L. this season as on two pass plays Lamonica recaptured the lead and on the kickoff the New York Jet receiver fumbled and a Raider recovered in the end zone for six more points. Heidi was good too. In other football contest the Dallas Cowboy's Chuck Howley almost intercepted his seventh pass of the year which would have edged him closer to the record interceptions for a line-backer, presently held by Coryell County's Bulldog Turner at eight interceptions. Turner intercepted his eight passes before the aerial game became so popular. Sports commentators noted the Turner record. The descendants of the late Mr. and Mrs. Joe B. Swift will meet at the old Gatesville High School gym on Nov. 24 for their annual reunion. All friends are invited to attend.

Chris Bone, number 34, fights off a block by the Badgers number 33, Kenny Null to get to David Garrett Badger quarterback in the second quarter. The Badgers shot gun offense was simple and effective as passing and outside running opened up the Hornet defense.

## Engagement Announced

MISS JO ANN WILLIAMS

Mrs. B. D. Williams of Gatesville announces the engagement and approaching marriage of her daughter, Jo Ann, to Travis Chambliss, son of Mr. and Mrs. L. E. Chambliss, of Gatesville.

The couple will exchange vows Nov. 23 at 7:00 p.m. in the Westview Baptist Church. Rev. M. V. Hemphill will perform the ceremony. All friends and relatives are invited to attend.

## Hard Work Pays Off in 4-H Awards, Visits to Chicago

Two elements are shared by four east central Texas youngsters who will be going to the 47th National 4-H Congress in Chicago, Dec. 1-5.

First, they are all willing to work hard and well.

Second, they all are 1968 state winners in 4-H projects. Each was selected by the Texas A&M Cooperative Extension Service.

The four youngsters are: Shirley Dittmar, 18, daughter of Mr. and Mrs. H. C. Dittmar of Pottsville. She is a freshman at Tarleton State College and state winner in the food preservation program.

Connie Mitchell, 17, daughter of Mr. and Mrs. Bill Mitchell of Strawn. She placed first in the food-nutrition program.

Bobby Williams, 18, son of Mr. and Mrs. Ray Williams of Gorman and a freshman at Texas A&M. The program in which he was named the state winner was leadership.

Kerwin Stephens, 16, the field crops science program winner. His parents are Mr. and Mrs. George Stephens of Comanche.

Young Stephens undoubtedly reflected the feelings of the other three when he explained: "Watching my father work and make decisions looked easy. I soon found out different."

And when Stephens and the others found out that to be good in a specialty required hard work, they all went to work.

To become the field crops science champion Stephens raised five acres of peanuts in each of the last five years, in addition to raising watermelons on seven acres in the last two years.

All that required setting up an irrigation system linked to

Miss Dittmar

Stephens

Miss Mitchell

Williams

the nearby Leon River, no easy task in itself.

But the work is paying off with more than the trip to Chicago. Profits from the peanuts and watermelons are going into Stephens' college fund.

In his leadership project, Williams found ample opportunity to work hard. Besides involving himself in a myriad of other 4-H programs, he served as a leader of other 4-H members in beef, swine and livestock projects, trained 10 members each year for a 4-H judging team, served as vice chairman of his district 4-H council and served as a junior leader in his club.

It was as a junior leader that Williams perhaps learned best the rewards of leadership.

In helping nine younger members select, feed, groom and show 14 animals, he became frustrated because there wasn't enough time to "get everything done to perfection." Too, some of the boys seemed to learn slowly indeed.

Then came the day of the show and his frustration mounted, as nothing went quite as he hoped. But then came the reward that changed frustration into "enthusiasm": All the boys' parents came up to him to say thanks.

Miss Mitchell, too, has found that her food-nutrition project involves more than working

only for herself. In addition to preparing more than 1,700 meals as a 4-H'er, she has appeared on radio and television in behalf of 4-H and, as a junior leader, has taught basic nutrition to young members.

Too, she has learned that good dining is more than merely eating a balanced meal. As she puts it:

"Mealtime belongs to the family, as members come together perhaps relating their experiences of the day. Make it the nicest part of the day."

See 4-H Page 4

### Distance No Factor in Mailing Some Cakes and Cookies

Cookies and cakes which are long-lived and can stand a few knocks can be mailed with confidence, regardless of distance, says Elizabeth Barnard, foods and nutrition specialist.

Soft drop cookies, chewy bar cookies, squared and filled cookies travel well, according to the specialist with the Texas Agricultural Extension Service. Applesauce, molasses, oatmeal and mincemeat cookies are good packers. Cookies flavored with honey and fruit improve with age.

If cookies are too rich, they may crumble or turn rancid, warns Miss Barnard.

Cakes are different to ship successfully because they dry and break. Syrups substituted for part of the sugar help to prevent rapid drying. Fruit cakes and those made with applesauce remain moist for some time.

The Extension specialist recommends sending cup cakes baked in fluted paper cups. Or, she says, cut a square cake and frost pieces on all sides, wrapping each piece individually.

To send pie, Miss Barnard suggests tarts or individual pies. They pack better.

Adding all-bran to the pastry dough helps prevent the crust from breaking up, she says. Firm fillings are less apt to soak through the crust. Miss Barnard recommends mincemeat and fruit thickened with cornstarch. Custard fillings spoil too rapidly to be safe.

The Extension foods specialist says products of these two recipes travel well.

#### HONEY HERMITS

Melt 1/3 cup shortening and add it to 1-1/3 cups of strained honey. Then add 2 eggs, 1/2 cup milk, 1/2 teaspoon salt and 1 cup chopped raisins. Sift together 3-1/2 cups flour, 1-1/2 teaspoons cinnamon, 1/2 teaspoon ground cloves, and 4 teaspoons of baking powder. Add the dry ingredients to the moist and mix well. Drop on greased cookie sheet and bake in 375-400 degrees F. oven until done.

#### APPLESAUCE LOAVES

Cream together 1/4 cup shortening and 1 cup sugar. Add 1 cup applesauce. Sift together 2 cups flour, 1 level teaspoon baking soda, 2 teaspoons cinnamon, a pinch of salt and a pinch of nutmeg. Add dry to moist ingredients, then stir in 1 cup chopped raisins and currants. Mix and bake in individual small loaf pans, using 350-375 degrees F. oven. Chopped citron or candied fruits can be substituted for a portion of the raisin-and-currant mixture, if desired.

## Miss Colleen Gosset - James Jackson Wed In Lampasas

On Sunday afternoon, November 3rd, 1968, Miss Colleen Gosset and James F. Jackson, both of Lampasas, were united in marriage at the First Baptist Church, in that city, at three - thirty, with the Rev. Ardian Coleman, pastor, conducting the double-ring rites. Parents of the couple are Mr. and Mrs. Cortess E. Gossett and Mr. and Mrs. Kenneth Jackson.

Organist, Mrs. Edwin Witten, provided the nuptial music and the candlelighters were Myron and Edwin Jackson, brothers of the groom.

Given in marriage by her father, the bride was attired in an all-white gown of satin peau de sole. The lace bodice was accented with sequins and pearls and featured wrist length sleeves and a square neckline. The train of lace, attached to the Empire waistline and veil of illusion, which was elbow length, completed her costume.

The bride carried a white Bible, topped with a cascade arrangement of white carnations, centered with an orchid. The Bible was a gift from her parents and her jewelry, for something old, was her grandmother's sixty-four year old wedding band.

The matron of honor was Mrs. J.R. Storm, Commerce, while the bridesmaid was Mrs. Robert Lise, Pecos. They wore Empire styled gowns of wine-red velvet, with matching shoes and headpieces, together with white gloves and each carried nosegays of white carnations tied with red satin ribbon.

Laura Chism, Burnet, niece of the groom, was flower girl, sprinkling carnations in the bride's aisle preceding her entrance to the altar area. The ring bearer was Stephen Whitis, Belton.

Clark Jackson, Abilene, served his cousin as best man. Groomsman were Robert Lipe and Mike Irvine, Edwin Jackson and Myron Jackson.

For her daughter's wedding, Mrs. Gossett wore a soft blue shift with matching shoes and black accessories. The groom's mother was dressed in a green crepe A-line dress, matching shoes and black accessories.

Following the ceremony, the bride's parents were hosts for the reception in the church's Fellowship Hall. The bride's table, laid in white linen, was

MRS. JAMES JACKSON

centered with crystal candelabras and the attendants' bouquets.

Members of the houseparty included Mesdames Marshall Perkins, Leo Brooks, Daryl Edwards, Jim Stidham and Misses Cathy Tomlinson, Joyce Cass, all of Lampasas and Miss Linda DeRinzeo, Dallas, and Mrs. Clark Jackson, Abilene.

When the couple left for a brief honeymoon, the bride was wearing a black and white wool coat dress with black accessories. After the couple's return from Fort Aransas and Monterey, Mexico, they will reside at Fort Sill, Oklahoma, where he is in Officer's Candidate School.

Mrs. Jackson is a 1965 graduate of Lampasas High School and has completed her junior year in A.C.C., Abilene.

The groom, a 1962 graduate from Lampasas High School, received his BS degree in Chemistry from A.C.C. in the spring.

Rev. Kenneth Patrick, pastor of the First Baptist Church, and Ovie M. Dittich, Route 1, Jonesboro were elected to serve as Executive Board Members of the Baptist General Convention at its annual session last Thursday afternoon.

The executive board members, as well as the institutional board members include both laymen and ministers who serve varying lengths of time.

Members were nominated prior to convention proceedings and were elected by delegates to the convention representing Texas' 1.8 million Baptists.

## a bright idea for safety and security

THE NITE-LITER

Total charge per month \$4

Let the bright light of the NITE-LITER help guard against vandalism and accidents on your property. The NITE-LITER provides brilliant wide area outdoor lighting for your safety and protection. Turns on at dusk... off at dawn... automatically. We install the mercury vapor unit on a tall wooden pole, furnish all maintenance and even the electricity... for only \$4.00 a month. So before winter nights get any longer, call our office for the NITE-LITER.

# CLASSIFIED ADS

**Highlights and Sidelights**  
Vern Sanford

Establishment of uniform attorneys fees not to exceed 25 percent of recovery regardless of whether court appearance is necessary. (Lawyers are now limited to 15 percent for cases settled before the Board and 30 percent if they go to court, Board and court will set fees.) Sponsors term the bill "Fair to all."

A dramatic 40 percent increase in benefits to injured Texas workers is proposed in compromise legislation agreed to by labor, employers and trial lawyers.

AFL-CIO, Texas Manufacturers Association and Texas Trial Lawyers Association unveiled details of agreement on "workmen's compensation administrative reform bill" which will go to the Legislature in January.

Proposal would raise the maximum weekly benefits for on-the-job injuries from \$35 to \$49 during time lost from work. This will cost employers 18 percent more in insurance rates -- or about \$36 million in additional annual premiums.

While employers apparently are satisfied with that, state and local governmental employees would also be brought under terms of the bill, and that

will mean a cost to taxpayers estimated at two to three percent of payrolls. Opposition is expected, particularly from city and county officials.

Highlights of the bill in addition to the benefit hike and coverage to all governmental workers include:

Raising total and permanent disability recovery ceiling from \$14,035 to \$19,649 and death coverage from \$12,600 to \$17,640.

Provisions for pre-hearing conferences by Industrial Accident Board examiners, to save time and money.

Encouragement of employers to continue paying part of injured employees wages until workmen's compensation benefits begin, with reimbursement guaranteed for 10 weeks' maximum from insurance carriers.

Granting Industrial Accident Board authority to require medical evidence.

**COURTS SPEAK**

Reversing intermediate court, State Supreme Court held that an oil well servicing company could not be sued for damages in an illegal slant-well case even though it knew the well was out of line.

In a pair of cases, the High Court overruled lower courts and upheld State Savings and Loan Commissioner James Gerst, Commissioner had refused application of Mission Savings and Loan Association for a Northeast San Antonio site, granted Richardson S & LA application and denied Guardian S & LA bid.

Some discount houses are starting to stay open both Saturdays and Sundays, in violation of blue laws which are being tested in appellate courts after a Midland district judge ruled them unconstitutional. Supreme Court refused to

direct a Tarrant County judge to change his verdict that a Fort Worth man was insane before and after he was charged with rape of a young mother and drowning of her two children.

Court of Criminal Appeals called for a new trial in a Harrison County murder case because the state impeached its own witness.

**ATTORNEY GENERAL RULES**

Deaf and blind students are exempt from all fees at state colleges except property security charges and deposits, lodging, board or clothing, Atty. Gen. Crawford C. Martin said in a new opinion.

In other recent opinions, Martin concluded that:

A justice of peace has authority and duty to require a court reporter to prepare examining trial proceedings for proper court.

An administrative judge's term expires with his regular term of office, but he can be appointed for four more years after retirement.

School district personal bonding requirements are satisfied when bond is signed by a bank officer or other authorized agent, and bond so given fulfills requirements of security for funds deposited from sale of school bonds.

**MAJOR COLLEGE DECISIONS DUE**

Coordinating Board, College and University System will make showdown decisions on dental, medical school and North Texas higher education needs here on December 3.

In a day-long public hearing November 11, Board heard rival bids of San Antonio and Dallas as site for the new dental school. Houston, Austin, Lubbock, Amarillo and Temple all want the next medical school. Board's staff recommendation to bring campuses at Arlington and Denton under a single "urban university" governing board received strong criticism.

**FACULTY AID EXPLORED**

Whatever the Coordinating Board decides, Texas obviously will need more teachers for institutions of higher learning. To get those, and to keep the ones now teaching, a senate committee headed by Sen. D. Roy Harrington of Port Arthur will propose state payment of moving costs for new faculty members; group disability income insurance; free tuition for faculty members' families and free parking space.

If just a few of the proposed changes in education come about, you can see new taxes will come about, and not the least of the tax-provoking proposals will be a public school teacher pay raise of \$1,800 over the next two years.

**MONEY-SAVING IDEAS LAID OUT**

Senate Committee on Economy in Government, chaired by Rep. Bill Patman of Gannado, is looking at ways to save taxpayer dollars. Texas Research League, a non-profit state helper, already has given the committee a few suggestions:

- Centralize all janitorial, mail and messenger, office supply and duplicating services, instead of allowing each agency to budget them separately;
- "Lookat" state employee travel costs, and allow air travel when it would be cheaper than auto transportation;
- Convert McKnight State Tuberculosis Hospital near San Angelo into a school for the mentally retarded, and allow other TB hospitals to take inpatients for illnesses other than tuberculosis;
- Save \$4 million a year in prison and welfare costs by providing a more efficient system of parole;
- Classify more "realistically" highway and road construction;
- Save close to \$93,000 a year by abolishing the Board of County and District Road Inebtedness and letting the treasury take care of that function;
- Develop a more meaningful information network than the present proliferation of electronic data processing equipment.

**SCHOOL FUNDS RECEIVED**

Texas Education Agency has been allotted \$10 million in federal funds for elementary and secondary schools and programs for handicapped.

More than \$8.4 million will go to finance supplemental education facilities statewide. Grant of \$1.2 million will help strengthen state administration and identify needs. About \$1.2 million will go to programs for handicapped. Smaller grant of \$29,405 will help strengthen arts and humanities programs in public schools.

**WATER USE REPORT READY**

Water users along the Rio Grande between Falcon and

Amistad reservoirs can now examine the water use report and photographs of the area at County Clerks offices in Cameron, Hidalgo, Starr, Zapata, Webb, Maverick, Kinney and Val Verde counties.

Commission, in first test of a new law, will then enter determination of rights which will be appealed automatically to district court. Report shows all types of water uses by farms, industries and cities.

**SHORT SNORTS**

Texas Liquor Control Board will hold a public hearing here November 25 on its proposed new rules and regulations for private clubs, one of which would require permanent and recorded memberships.

Jim D. Vollers of Beaumont will succeed Leon Douglas as the state's attorney in Court of Criminal Appeals when Douglas moves up to judgeship January 1.

Undesirable predatory walking catfish will be the subject of a public hearing in Parks and Wildlife Department December 2.

Hospital construction programs in 42 Texas towns will get a shot in the arm under the \$15.1 million in Hill-Burton health facilities construction funds approved by the State Health Board.

State's General Revenue fund was \$86.6 million in the re-as of October 31, but State Treasurer Jesse James says that doesn't mean the government was broke, because on the same day, there was \$456 million in the treasury.

Gov. - elect Preston Smith said he's asked the Texas Research League to do a detailed analysis of the organizational set-up of the governor's office to see if it can be made more modern and more responsive to needs of the state.

**Last Rites Held Friday For Mrs. Sallie Thomas**

Mrs. Sallie Florence Thomas died in a Belton Rest Home, Nov. 14, 1968, at the age of 80.

Funeral services were held Nov. 15, 1968 from Scott's Funeral Home, with M. V. Hemphill officiating. Burial was in Turnersville Cemetery.

Mrs. Thomas was born June 4, 1888 in Coryell County and had lived here all her life. She moved to Gatesville from the Whitehall Community ten years ago.

She was the widow of Jim Thomas, who died in 1963. Survivors include a brother, Roy Fleming, and a sister, Mrs. Ollie Crow, both of Gatesville.

**Long Time Coryell County Resident Dies**

Funeral services for Pini. Elsbury Ballard, 86, of the Mountain Community, were held Nov. 16, 1968 at 10 a.m. from Scott's Funeral Chapel. Rev. G. R. Derrick assisted by Rev. Bennie McBride officiated, with burial in Restland Cemetery.

Mr. Ballard, a retired farmer, passed away in the local hospital Nov. 14, 1968.

He was born May 17, 1882 in Winfield, Alabama and moved to Bee House - Pearl Community at the age of 7, with his parents. He moved to Gatesville in 1939. He married the former Emma Huff in August 1902, who survives him. He was a member of the Methodist Church.

Other survivors include three sons, Edwin Ballard and Charlie Ballard of Gatesville, and Jimmy Wayne Ballard, of Marlin; one daughter, Mrs. Jimmie Blakely of Pearl, a sister, Mrs. Ellie Barrington of Gatesville; one brother, George Ballard of Amarillo; six grandchildren and 10 great grandchildren.

Two daughters preceded him in death, Mrs. Bessie Lacy in 1960 and Miss Dessie Ballard, in 1967.

**Jonesboro Resident Buried Sunday**

Mrs. Bernice Alberta Williams, 94, passed away in the local hospital Nov. 15, 1968.

Funeral services were held Nov. 17, 1968 from the Jonesboro Baptist Church, Rev. S. R. Quattlebaum, assisted by Rev. Bruce Corley, officiated. Interment was in Jonesboro Cemetery.

Mrs. Williams was born in Milan County and had moved to the Jonesboro - Turnersville area in 1910.

Survivors include her husband, three sons, J. T. Williams of Sand Springs, Oklahoma; Roger Hinson Williams of Waco, Roy Don Williams of Burleson; two daughters, Miss Wanda Juanita Williams of Wichita Falls and Mrs. Evelyn Marie Dyer of Gatesville; four sisters, Mrs. Izora Kincannon of Bruceville, Mrs. Beatrice Murrey of Brownwood, Mrs. Mattie Guthrie of Stephenville and Mrs. Susie Smith of Stephenville; a brother, Wathey Hinson of Meadow; 11 grandchildren and one great grandchild.

**Flat Resident to be Buried Today**

Mrs. Ida Johnston, 79, formerly of Flat, died in an Austin nursing home Saturday afternoon after a long illness.

Funeral services will be held at 10 a.m. today, at the Scott Funeral Home Chapel in Gatesville. Burial will be in Restland Cemetery.

Surviving are a granddaughter, Mrs. Hobbie Locaby of Flat; a grandson, Truett Bishop to Temple; two nieces, Mrs. Owen Schnell, Mrs. P. E. Wimberly, both of Austin; one nephew, R. F. Parton of Marlin; a great grandchild; and a great great grandchild.

**Funeral Services Held Friday for Mrs. Deelya Christian**

Funeral for Mrs. Deelya Christian, 1708 South Wall Street were at 2 p.m. Friday in the Heartfield Funeral Home chapel, the Rev. David Shutlesworth, pastor of Miller Heights Baptist Church, and the Rev. W. O. Hopson officiating. Graveside services were at 4 p.m. Friday in Restland Cemetery in Gatesville.

Mrs. Christian died Wednesday afternoon at her home after a short illness.

Mrs. Christian was born June 28, 1885, near McGregor and lived in and near Oglesby most of her life. She had lived in Belton the past seven years. She was married to James H. Christian Nov. 3, 1901, in Oglesby. He died in 1953. She was a Baptist and member of the Bell County Sportsman's Club. She was active in church work at Miller Heights Baptist Church.

Surviving are two daughters, Mrs. W. L. Lamb of Belton and Mrs. Glen North of Fort Worth; three sons, H. P. Christian of Fort Worth, Johnny A. Christian of Crawford and C. A. Christian of Waco; a sister Mrs. H. E. Riddle of Oglesby; ten grandchildren; and 16 great-grandchildren.

A son, Claude W. Christian, died in 1950.

Pallbearers were grandsons, Bobby Christian, Jimmy Christian, Gary Christian, Larry Lawrence, Joel Weber and Michael Reynolds.

Honorary pallbearers were Dempsey Burton, E. L. Eastland, Glen Maddux, Linard Pechel, Floris Daniels, Wade Cox, Briscoe Nixon, Arnold Brown, and B. C. Calburn.

**George D. Fritz Burial Saturday**

George D. Fritz Sr, Route 3, Belton, died in a Temple hospital Thursday morning after a long illness.

Funeral services were at 10:30 a.m. Saturday in the Heartfield Funeral Home chapel, the Rev. Howard Shutt, pastor of Eastside Baptist Church of Temple, officiating. Burial was in the McDowell Cemetery.

Mr. Fritz was born Jan. 21, 1879, in Bosque County. He had lived most of his life in Bell County and was a retired farmer. He was married to Carrie Belle Kinsey in Gatesville July 16, 1905. He was a charter member of Eastside Baptist Church of Temple.

Surviving are his wife; two daughters, Mrs. Ernest Reid of Belton and Mrs. Curtis Kelley of Houston; a son, George D. Fritz, Jr. of Belton; 12 grandchildren; and 15 great-grandchildren.

Two sons died previously, Raymond Fritz in 1939 and Curtis Fritz in 1965.

Pallbearers were Mancer La Court, Wade Jackson, Rudolph Shenkir and W. L. Hawthorne, all of Temple, Donald Whitmire, Milton Smythe and Leslie Reid, all of Belton.

The Hornet B team closed out the season Thursday night against Lampasas. The Badgers took the Hornets by surprise on a couple of plays and chalked up a 13 to 0 win. The B team defense played tough during most of

the game but allowed the Badgers important third down plays. Pictured above Fred Rhea reaches the end of the line after a good gaining play around right end.

**TEXAS TO HOST 22nd ANNUAL MEETING OF WEED CONFERENCE**

Weeds, responsible for major agricultural production costs, will get a thorough going over from January 21 - 23, 1969, in Dallas. The 22nd annual meeting of the Southern Weed Conference is setting and the Statler - Hilton Hotel the meeting place, said the Conference President Leonard Lett of Colloidal Pro-

ducts Corp., Memphis, Tennessee. He said the three-day session will bring together about 1,000 research and education specialists representing universities, chemical companies, public health and regulatory agencies, public service organizations, equipment manufacturers and others from 14 Southern States. Most aspects of weed control relating to agriculture, industry and public utilities will be discussed during the conference, Lett said.

The program committee, working under the theme -- "Production Economy Through Weed Science" -- has arranged an outstanding program, added the president. Due to the wide range of subjects and interests, the conference will be divided into nine sections, each with its own program. The nine are: Weed Control in Agronomic Crops, including turf and pastures; Weed Control in Horticultural Crops; Control of Weeds and Woody Plants in Forests and Rangelands; Weed control on Utility, Railroad and Highway Rights-of-Ways and in Industrial Sites; Aquatic Weeds and Special Weed Problems; Ecological, Physiological and Edaphic Aspects of Weed Control; Extension, Teaching, Regulatory and Public Health Aspects of Weed Control; Developments from Industry and Application of Herbicides.

Fred C. Elliott, cotton specialist and G.O. Hoffman, range weed and brush control specialist, Texas Agricultural Extension Service, are heading up the important public relations and arrangement committees. Extension Director John E. Hutchinson will welcome the conference participants to Texas as a speaker on the opening session. Also speaking at the opening session will be President Lett, John Pollard of Eli Lilly and Company's Elanco Products Division, Indianapolis, Manager Harris H. Barnes, Jr. of Oakhurst Farms, Clarksdale, Mississippi and Dr. R.L. Lovvorn, director research, North Carolina State University, Raleigh.

The Eighteenth Annual Meeting of the Texas Section, American Society of Range Management is scheduled for Dec. 6-7 at the Commodore Perry Hotel in Austin, according to B. J. Ragsdale, Extension range specialist at Texas A & M University. The meeting is set to open at 8:45 a.m. Friday with sessions on "Forage and Cattle Responses to Grazing Treatment," "Range Trend as a Basis for Adjustments in Livestock Grazing Programs," and "What the Rancher Should Know About Oil, Gas and Mineral Leases on His Land."

H.N. Smith, State Conservationist, Soil Conservation Service and the Hon. John White, Commissioner, Texas Department of Agriculture, are listed as speakers on the keynote Session beginning at 10:45 a.m. Friday afternoon topics are "Ecology and Control of Texas Persimmon," "Rootplowing to Control Mesquite on the Rolling and High Plains," "Study of Yucca in Jones and Nolan Counties," "Creosotebush Utilization," "Insect Damage to

**CUB SCOUTS DEN 2**

Den Two met Wednesday at four o'clock in the scout house in Raby Park. Six boys and our den mother, Mrs. Margaret Wright, were there. The boys were Kenneth Guthrie, Mack Parks, Junior Seavey, Danny Wright, Ricky Jones, and Johnny Hendricks. Kenneth Guthrie was elected Denner, Mack Parks Assistant Denner, and Johnny Hendricks, Reporter. This week we learned to tie a bowline knot. We also sent deaf-mute sign language messages. We have a bank named "Friar Tuck" to keep our dues in. He is getting fatter and fatter. There is a sign on him which says "THIS IS MY BANK THOU SHALT NOT STEAL". While playing near the creek before the meeting we found a baby skunk. Some of us got within three feet of him. We never did see his mother. We have fun in Cub Scouts.

Johnny Hendricks Reporter

**18th Meeting of Range Management Scheduled December 6-7**

The Eighteenth Annual Meeting of the Texas Section, American Society of Range Management is scheduled for Dec. 6-7 at the Commodore Perry Hotel in Austin, according to B. J. Ragsdale, Extension range specialist at Texas A & M University. The meeting is set to open at 8:45 a.m. Friday with sessions on "Forage and Cattle Responses to Grazing Treatment," "Range Trend as a Basis for Adjustments in Livestock Grazing Programs," and "What the Rancher Should Know About Oil, Gas and Mineral Leases on His Land."

Mesquite," and "Smokey Bear to the Contrary-Fire as a Tool." An international approach is introduced in the Saturday morning session, with the following topics slated: "A Developing Range Management Program in Mexico," "Evaluation of Ranching Practices in the Gulf States of Mexico with Implication for Future Economic Research," "Efficiency in Hill Country Ranching," "Economics of Beef Cattle Production in Southwest Alaska," and "Grazing Practices on Forested Mountain Foothill Ranges in Oregon."

**National Farm-City Week Set For Recognition of Agriculture**

"Today one farm worker in the United States provides the food for himself and more than 42 others," said John G. McHaney, Extension economist at Texas A & M University, in commenting on National Farm-City Week, Nov. 22-28.

It is estimated that the last third of this century will add another 100 million Americans to today's population. But McHaney feels that through the combined efforts of all those associated with agriculture, the challenge to provide an agricultural abundance for this expected large population increase can be met.

The United States has had a strong agricultural economy for many years, and through efficient agricultural production, has been able to release workers to other industries in order that they might produce the other needs and wants of our people, he explained.

Farmers and ranchmen today look to machinery and fuel producers for their power rather than raising work animals and feed as they did years ago. This is only one example of how people in towns and cities are handling more of the jobs that once were done on the farm or ranch. These people are also a part of the agricultural industry, he emphasized. The annual value of total agricultural production in Texas, he said, exceeds either the total manufacturing payroll, the total construction awards or the total retail trade payroll. Our efficient agricultural industry has been the foundation of our economy and has helped Americans to have the highest level of living in the world. And, concluded the economist, National Farm-City Week is a good time for recognizing the achievements of agriculture and those who are a part of the industry.

**4-H From Page 2**

Miss Dittmar in nine 4-H years has canned and frozen enough food to feed a big family (or a small army), but much of her effort, too, has been directed to teaching and leading. In addition to direct teaching of young 4-H'ers, she has given more than 150 demonstrations and exhibits related to food preservation and has made 45 talks.

Why does she teach? "I have
