Salter To Head Cancer Crusade

will be chairman of the 1969 Corvell County Cancer Crusade scheduled for April.

The announcement of Salter's appointment came last week at a kick-off meeting at the Guaranty Bank Civic Room, of the local chapter by Rev. Walter Allen, local president of the American Cancer Society.

Mr. Larry Brookson of Waco was introduced at the meeting as the new executive director of the ASC District 12.

Mrs. W. T. Brumbalow reported to the meeting on the outcome of the 23rd Annual State Meeing of the American Cancer Society in Dallas last October, Mrs. Brumbalow was a delegate to the state meeting. She noted that the state meeting

Representative Bob Salter stressed education, early dethe great efforts in research. She listed the state organization goals for 1968-69 as fol-

> 1. To inform every person in every community of the American Cancer Society services to cancer patients.

2. To provide an information service for each unit. 3. To provide service from the unit and the district.

4. To investigate on a community basis the need for counseling and to recruit appropriate individuals to provide this service.

Another primary objective of the American Cancer Society, Mrs. Brumbalow said, is the reduction of smoking, especially among teen-agers.

JAMES KEVIN MORGAN IS "MR. 1969" OF CORYELL COUNTY

Now it is official! Young James Kevin Morgan is officially the 1969 News Merchant Stork Derby Winner. He was born on January 2 at 6:24 p.m. and weighed in at eight pounds

and three ounces. The proud parents of this bouncing baby boy are Mr. and Mrs. Jimmy Morgan of 111 North :27 in Gatesville, Young Kevin is the first child of the Morgans.

Mr. Morgan is employed by Black's Grocery in Gatesville and Mrs. Morgan has been a bookkeeper for White Auto Store in Gatesville, but, for the time being will just be a mother and housewife.

Kevin makes us newspaper grandparents to 33, and we at the News wish him all the blessings and a rich, full life. Kevin has a set of paternal grandparents, Mr. and Mrs. . O. Morgan of 2519 Powell Drive in Gatesville, maternal grandparents, Mr. and Mrs. Darrell Snoddy of Levita, paternal great grandmother, Mrs. C. F. Marshall of Gatesville; paternal great grandfather, C. D. Morgan of Gatesville;

maternal great-grandparents, Mr. and Mrs. B. A. Snoddy, and Mr. H. E. Rivers all of If one of Kevin's parents, or a representative will come by the NEWS office, they can pick up a letter of introduction and a list of people who welcome Kevin with a gift, and will give them the prize or

gift for Mr. 1969. Many of our supporting merchants have stayed with us through the years we have co-sponsored the contest and here are the ones to welcome Kevin with a gift this year, Discount Shoe Center, Round-up Cafe, Bennetts' Department Store, Morton Scott and Son Furniture Store, Foster-Gatesville Drug, City Drug, Powell Sup-National Bank, Guaranty Bank, jones boys inc 1td and sally maude, J. B. Graves florist, a new one added this year Elsie's Pant and Top Shop and of course, the NEWS has a year's subscription for Mr.

There's nothing exclusive in the "Baby's Club" and anyall merchants are invited to join in to welcome the first baby of each year. We run a small ad twice for each merchant and they give the first baby of the year a present. Of course, in case of multiple births, the gifts would be matched, even quadruplets or quintuplets. Who knows, it might happen. So far our winners have all been one Mr. or Miss since the contest was begun in 1937. We have been fortunate in that only one winner has died, Mr. 1950, Gary Don Kinard, and during the same period, we've only had one colored baby, Mary Jo Crow, and no Latin Americans.

This contest, which started in 1937, is the second oldest in the U. A., and possibly the world. The first contest of this type was started by the Winchendon (Mass.) Courier and is around 100 years old, and we are only 37 years old.

Regional Planning

Board to be Organized

The Bell County Regional Planning Board will reorganize Wednesday, with hopes of attracting cities and counties in

the Central Texas area. Representatives of the Planning Board were in Gatesville recently to discuss the organization and invite county and city officials to attend the Wed-

nesday meeting. The Regional Planning Board was established to provide this area with a method of aquiring federal funds. Judge Clawson of Bell County noted last week, that the federal programs have a tendency to be distributed to the states in lump States in return distribute the funds through regional planning organizations such as the one proposed for this re-

gion. Clawson cited the federal crime funds which have recently been turned over to the state through the regional planning commission, as one area where funds could have been obtained, Mayor Bob Miller reported Monday that he intends to attend the Wednesday organization meeting. The city council will discuss joining the or-

ganization tonight. County Judge Norman Storm is expected to attend the meet-

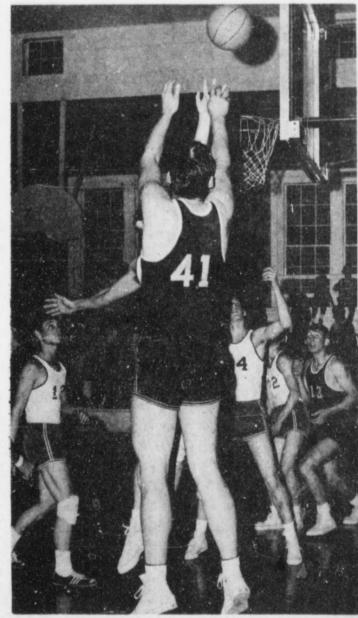

Grand Jury returned 44 indictments in a 2 1/2 day session last week. The 52nd District grand jury were John A. Hull, Copperas Cove, foreman; P. J.

State Finances Top Task for Texas Legislators According to Texas Polls

According to their constituents, Texas legislators this new year face two paramount tasks: financing the cost of running the state, along with the related problem of taxes; and improving education, including a

teacher pay raise. While substantial numbers of people also talk of such matters as revision of the liquor laws and doing something about crime and law and order, none of these other problems will appear as important -- to the public at least -- as finances and education when the Legislature re-convenes on January

These are the results of a state-wide survey conducted by The Texas Poll as 1968 ended. Interviewers asked a representative cross section of people, "As you know, the Texas Legislature will meet in January. In your opinion, what are the biggest problems facing Texas that the legislature should try to solve?" These were the These were the

Other answers. None or don't know. . . . The most significant change in attitudes on problems facing the state has been the decline in the percentage concerned about racial strife. While it is named by relatively few now (4 percent), it was the numbertwo problem at the beginning of 1968, second only to state finances and taxes. In 1964, a general election year like 1968, the top problem named was racial strife.

Education was named by only 9 percent a year ago, com-pared with 25 now -- a change undoubtedly aided by Governor John Connally's attention to the subject, including the work of the Governor's Committee on Public School Education, which has recently completed its task. In examining public opinion on these problems by segments of the population, through a detailed analysis of the latest survey results, we find rather

uniform agreement over the

state, with some notable ex-

1. The greatest gap in a-wareness that a problem exists is the field of education, depending on the education of the person himself. The more education one has, the more he is apt to think of education and teacher pay as something needing attention. Education is also more of a problem to the younger than the older, and to Anglo Americans rather than to Mexi-

can Americans or Negroes. 2. The problem of crime and general lawlessness worries people with a relatively less schooling more than it concerns those at the other end of the educational scale.

The rather small percentages naming such problems as the cost of living and welfare should not be interpreted as lack of concern; these are matters that may not be considered by many people as "problems facing Texas that the legislature should try to solve."

Activity at the session really won't be heavy until Speaker Gus Mutscher and Lt. Gov. Ben Barnes appoint their committees. And Mutscher has said he won't get to that until about the last week of January. So this first week the big excitement is the upcoming inauguration of Gov. Preston Smith and Barnes,

INAUGURATION

Governor Smith expects more than 4,200 persons in about 100 marching and performing

groups to participate in the Inauguration Parade down Congress Avenue at 3 p.m. Tuesday (January 21).

At least three times that many will be dancing in six inauguration balls for Smith and Barnes that night. But the Inauguration won't be all frolic. 7:30 a.m. prayer breakfast at the Terrace Motor Hotel starts the big day. Inaugural ceremonies then take place at noon.

GAS STORAGE SAFETY

Rep. Charles Jungmichel of La Grange says his House State Affairs subcommittee will ask the Legislature to pass a bill requiring that all service station gasoline storage tanks be located underground.

Recommendation resulted from several subcommittee hearings around the state on explosions and fires recent caused by storage tanks. As the proposal now stands, service stations with above-ground tanks would be given six months to comply with new safety reg-

MIGRANT SCHOOL PROGRAM

Eight summer weeks of allday school would be offered the children of migrant workers under a federally-funded migrant school program approved by the State Board of Educaion.

High school-age students would attend regular summer schools, with the federal government paying tuition fees for who cannot afford families

An estimated 11,500 children of migrants would participate in the \$6.1 million summber school program.

BOYS SCHOOL PROBED

A House investigating com-mittee marched up the hill and back down again in exploring charges of brutality by guards Gatesville-Mountain View

School for Boys. Juvenile Delinquency panel headed by Rep. Vernon Stewart of Wichita Falls aired allegations in a public hearing. After House Speaker Ben Barnes ordered an on-the-spot mid-night check, lie detector tests were ordered for complaining inmates.

Stewart acknowledged two days later that polygraph tests showed the boys were not telling the truth. Guards said they used only what force was necessary to disarm youths of homemade knives after they tried to escape.

Texas Youth Council said the ill-timed probe was damaging to its efforts. Barnes agreed TYC had been unfairly tried in the press. He recommended better pay for school guards, more counseling services for inmates.

COLLEGE SGROWTH TOLD tion for tortuous interference

Top officials and legislators were told by the Coordinating Board of the Texas College and University Syetem that higher education will double in size and cost by 1980.

Board laid its "blueprint for progress in higher education" before executives and lawmakkers. Details include proposals for six new state colleges, 53 community junior college districts and additional medicaldental education facilities.

It is predicted by the Board that enrollments will grow from 37,000 in 1969 to 707,800 in 1980. Additional facilities will require \$401.4 million in expenditures by 1980. Annual on educational spending programs will rise from \$203.5 million to \$404.2 million by 1975, study indicated. means of financing part of the \$132 million cost of new senior colleges, the Board apparently will suggest an \$80 million bond issue secured by the \$18

Most Income Tax Returns Can Be Prepared By Taxpayer

CLASSIFIED ADS

All citizens or residents of the United States, including minor children, who had gross incomes of \$600 or more in 1968, must file a Federal income tax return, R. L. Phin-District Director of Internal Revenue Service in Austin,

announced today. If the taxpayer is 65 years old on or before December 31. 1968, he is not required to file unless his gross income for 1968 was at least \$1,200. Phinney added that even

though a taxpayer is not required to file under these rules, he must file to obtain a refund, if any income tax was withheld from his pay. He said there is one exception to the general rule. Selfemployed persons such as pro-

prietors, partners, and indeendent contractors, must file an income tax return and pay a self-employment tax, if net earnings from self-employment were \$400 or more. Taxpayers should mail their

returns in the special envelope provided or address them to: Internal Revenue Service Center, 3651 Interregional Highway, Austin, Texas 78740.

Phinney also said that many taxpayers can prepare their own returns by carefully following the instructions provided with the forms.

ELKS DOWN HICO TWICE FRIDAY NIGHT

Evant boys and girls took a Hico, Friday night.

The girls led most of the game against a scrappy Hico Evant pulled out to a 10 to 2 lead in the early going only to have the Hico girls dump in six quick points late in the first quarter to narrow the first quarter margin to

Evant's girl began hitting consistantly in the second and third quarters. In the second quarter Ann Adams, Brenda Conner, and Barbara Conner hit twenty points while Hico scored twelve points.

The second half netted only 22 points for the Elkettes, but 18 points came in the third quarter, widening the margin to 25 points. The Evant defense, led by Mary Flippen, applied the pressure in the third quarter and allowed only 5 points to the Hico team.

In the final quarter, Hico closed the gap by five points but Evant ended with a convincing 54 to 34 victory.

Scoring for the game is as follows: Ann Adams 24 points; Brenda Conner 18; Barbara Conner 6; Debbie Conner 4; and Mary Doyle 2.

The Elks found things tough with the Hico boys

The Elks pulled out a three point lead in the first quarter. Jimmy Flippen, 6'7" rebounder made the difference in the early going with some fine inside shooting and controlling the boards.

Hico opened with a full court press which netted them several turnovers as the Elks found controlling the game difficult. Evantled after the first stanza

Evant staged a jump ahead of Hico until half time. Each team scoring with consistency. Two points separated the teams as the third quarter opened. With three minutes 15 se-

conds to go in the third quarter Hico edged into the lead 36-35, as the battle see-sawed up and down the court. Evant's height provided a one

point margin at the end of the third quarter 43-42.
Early in the fourth quarter, the Elks caught fire dumping

almost two points while hold-

ing Hico scoreless. The Elks went on to win 65-53. High point man for the Elks was Jimmy Flippen with 20 points; Ricky Marriott 19; Tommy Rogers 8; Kyle Arnold, John Conner, and Dennis Sheldon

all had 6 points. For Hico Reggie Grover lead the scoring with 21 points.

Hornets Dropped By Del Valle

The Hornet basketballers fell once again to a district foe, this time being edged by Del Valle 54-45. The Hornets played a great first half, lead-ing 26-23 after the first two quarters. Gatesville cooled off considerably during halftime, managing to score only five points during the third quarter. The Cardinals scored twelve points in this period to pull ahead 35-31, and were never headed as they won going away.

Reggie Schoenewolf and Ray-mond Cole led the Gatesville attack with 15 and 14 points, Bobby Stovall respectively. added 9, Buddy Wiggins scored and Danny Belf and Doug Freeman each scored 2. Leading Del Valle to victory was Lee Whitley who tossed in 23
