

## FFA CELEBRATES 40th. ANNIVERSARY

The Future Farmers of America organization is in its 40th year in Texas. There are over 48,000 members studying vocational agriculture in 968 high schools in Texas. In these vocational agriculture classes, students are provided an opportunity to secure technical and scientific training in all phases of agriculture as well as to receive training in leadership, citizenship, and cooperation.

The Gatesville Chapter of FFA with its 80 members will take part in the 40th anniversary celebration with an assembly program for the Gatesville High School student body.

Texas membership has grown from 28,643 in 1950 to over 48,000 in 1969. In a study conducted by Mr. George Hurt,

State Director of Vocational Agriculture, it was found that over sixty percent of the vocational agriculture students who graduate from high school and are available for employment are employed in full-time farming or in agricultural related occupations.

The theme this year is "F. F. A. An Opportunity For Youth" and it certainly is. The F. F. A. supports and supplements training for those involved in production agriculture as well as those processing and distributing agriculture products. Many people are employed in agricultural occupations such as engineers, scientists, management personnel, sales and service personnel and educators. F. F. A. training lends support to those providing these services for agriculture. Also, there are over 60,000 desirable openings each year for farm operators, farm engineers and full-time hired farm labor.

Vocational agriculture and the FFA are striving to provide a sound and a continuing education to help produce the leaders and work force so direly needed in our nation's agriculture industry.

### Joe Merrell Whigham Age 62 Dies Suddenly

Joe Merrell Whigham, 62, died at his home, Feb. 13, 1969. Funeral services were held Feb. 14 at 2 p.m. in Scott's Chapel, with the Rev. Bob Richmond officiating. Burial was in the Masonic Cemetery.

Mr. Whigham was born August 22, 1906 at Leon Junction. He married Jewell Culbertson, Nov. 25, 1926 and they moved to West Texas in 1926 where he was in the oil business. Then they moved to Leon Junction in 1948.

He operated a grocery store in Leon Junction.

He was a member of the Flat Methodist Church. Survivors include his wife; two daughters, Mrs. Bob Arnold Jr., of Gatesville and Mrs. Robert Griggs of Richardson; three brothers, Jack Whigham, Gatesville; John Whigham, Leon Junction; C. B. Whigham, Waco, and four grandchildren.

Pallbearers were Gene Arnold, Sterlin Barnard, Lave Whitteburg, Dawson Cooper, Charles Powell, Roland McLean, J. O. Farrest, and Tom Miller.

### Car-Pedestrian Accident Injures Two, February 13

Two elementary school age children were involved in a car-pedestrian accident, Thursday, Feb. 13 on West Main street near the Leon River bridge.

The two children, Charles C. Haferkamp II, age 6 and Delisa DeAnn Haferkamp, 8, were attempting to cross Main street at the time of the accident. Charles and Delisa are the children of Mr. and Mrs. Charles Haferkamp of King.

Police Chief, Gene Goins, reported that a 1967 Mustang driven by Francis Neely of Gatesville was involved in the accident.

Goins explained that one auto had stopped for the children and the Neely car was passing the stopped vehicle. The two children struck the side of the Neely car.

Goins noted that the school bus was parked in the West Main Church of Christ parking lot and not involved in the accident. Charles and Delisa were both taken to Coryell Memorial Hospital for treatment. Charles received minor bruises and has been released from the hospital while Delisa suffered a skull fracture and is in satisfactory condition in the hospital.

Mrs. Kay Ament took the Heart Sunday campaign to the South Street section of town. Pictured with Mrs. Ament is Mrs. Carrol P. Smith one of the many contributors to the 1969 Heart Fund.

Over 120 volunteer workers worked on the Heart Sunday door-to-door campaign in Gatesville collecting over \$800.

## Heart Sunday Highly Successful

Heart Sunday demonstrated that Gatesville citizens respond generously to the much needed

research work on heart diseases. The Heart Sunday drive this

past weekend involved over 120 volunteer workers in Gatesville in a door to door campaign. Heart Sunday chairman, Mrs. Billy Foster explained that workers had been canvassing their assigned areas all last week and the funds were turned in Sunday during the afternoon campaign.

Publicity Chairman for the 1969 Heart Fund drive, Mrs. Beatrice Powell reported that "over \$800 has been turned in so far with several communities and institutions still to be collected." "We have received wonderful cooperation from everyone this year", she noted. "The young people", she explained, "have done a marvelous job of collection."

The Heart Fund goal has been set at \$2750 this year, nearly \$1000 above last year's actual collections. The optimistic goal is characteristic of the group organizing this year's campaign. Heart Sunday chairman, Mrs. Foster was well pleased with the Gatesville area. "People opened up their hearts and responded to our volunteer workers."

The twenty-two captains and their workers deserve much of the praise for the success of Heart Sunday, reported Mrs. Foster.

The campaign's business district chairman, Mr. Allen Bennett has already completed a successful Coffee Day project, and will complete his phase of the fund drive in the near future.

The rural area chairman, Don Callahan, reported that collections had already started coming in Sunday and he hoped that the rural collection could be completed this week.

### Youth Council Vehicle Stolen

Sunday a 1969 Chevrolet Station wagon, belonging to the Texas Youth Council was stolen from the State School for Boys. The car and two GSSB boys were later apprehended in Hamilton and returned to the school.

One of the two youths has been filed on for car theft, reports Sheriff Windy Cummings and bond has been set at \$2500. The other youth has been returned to the school.

Over the weekend, Ed Shorn's store in Copperas Cove was entered and a portable color television was taken. The TV set valued at \$227.60, has not been recovered. The Copperas Cove Police Department and Sheriff's Deputy, Charlie Walsh investigated the incident. Entry was made through a rear door.

## Green And Graham Named Homemakers Of Tomorrow

Marilyn Green of Evant and Jodie Graham of Gatesville have been named 1969 Betty Crocker Homemaker of Tomorrow for both Gatesville High School and Evant High School, on the basis of their score in a written knowledge and attitude test on homemaking given to senior girls December 3.

Marilyn's achievement has made her eligible for state and national scholarships. She also has been awarded a specially designed silver charm from General Mills, sponsor of the Betty Crocker Search for the American Homemaker of Tomorrow.

Jodie will also receive a special Betty Crocker silver charm. Also, her paper has been entered with those of other school winners in the state in competition for the title, State Homemaker of Tomorrow.

A State Homemaker of Tomorrow and runner-up will be selected from the winners of the schools in the state. The state winner will receive a \$1,500 college scholarship, and her school will be awarded a complete set of the Encyclopedia Britannica by Encyclopaedia Britannica, Inc. The runner-up will earn a \$500 educational grant.

The Betty Crocker Homemaker of Tomorrow from this state, together with those from all other states and the District of Columbia, each accompanied by a school advisor, will join in an expense paid educational tour of Washington, D. C., and Colonial Williamsburg, Virginia, next spring.

The national winner--the 1969 All-American Homemaker

of Tomorrow--will be announced at an American Table dinner in Williamsburg. The choice will be on the basis of her original test score plus personal observation and interviews during the tour, and her scholarship will be increased to \$5,000. Second, third, and fourth ranking Homemakers of Tomorrow in the nation will have their original scholarship grants increased to \$4,000, \$3,000 and \$2,000 respectively.

This is the 15th year of the Betty Crocker Search, initiated in 1954-55 by General Mills to emphasize the importance of homemaking as a career. More than six million senior girls have participated in the Search program since its inception, and 1,460 winners will have earned scholarships totaling \$1,591,500 at the conclusion of the current program.

The 630,564 girls from 15,116 schools registering for the 1969 Betty Crocker Search established a new record for the program.

### Community Club To Sponsor Party

The Turnersville Community Club will sponsor a party in the gymnasium, Friday night, Feb. 21, at 7:30 p.m. in order to raise funds for carrying on the financial business of the club they will sell chili, home-made soup, pies and drinks.

Cove State Bank  
 Deposits Reach All  
 Time High

Demand deposits at Cove State Bank, Copperas Cove, Texas, reached an all time high on February 5, 1969, reports bank president, Reuben Lambert, Jr. Demand deposits at the bank were \$2,965,826.22 on February 5 and this is the highest they have ever been since the bank opened, November 21, 1959.

This is a substantial increase over the December 31, 1968, demand deposits of \$2,277,852.31. Lambert joined the bank on January 1, 1969 and states that the main reasons for the increase in deposits for this short period of time are:

1. An increase of personnel at Fort Hood,
2. Tremendous support for the bank from the local people,
3. A dynamic new management team,
4. Build-up of deposits early in the month.

Total assets also reached an all time high of \$4,191,815.53 compared to December 31, 1968 total assets of \$3,585,241.67. These figures are most gratifying and reflect the tremendous potential that Copperas Cove offers the business community.

## CUB SCOUTS DEN 2

This week we met at the scout house in Raby park. Mrs. Wright told us about the Central Texas Scout Fair which is to be held in March. She assigned us each 25 tickets to sell. Each of the members mother had to approve us selling tickets before Mrs. Wright could give them to us. We were lucky, every mother said that her boy could sell tickets. We will work at local stores in teams of two for one hour each. The tickets are 50¢ each.

If we get enough donations to go to Cobb's cavern near Killeen. Mrs. Wright said she hoped each one of us would have to call her for more tickets to sell.

Cove State Bank  
 Named as Depositor

Cove State Bank, Copperas Cove, Texas has been named as an official depositor for Coryell County Public Funds according to Reuben Lambert, Jr., President of the bank.

Cove State Bank bid on these funds for the first time since the bank was organized on November 21, 1959.

All funds allocated for precincts one and two, which make up the southern half of the County, will come to the Cove State Bank.

This is the first time that Coryell County officials have selected an official depository bank outside of Gatesville.

## Gov. Smith Designates FFA Week

Preston Smith, newly elected governor of Texas, has issued the following memorandum, announcing Future Farmers of America Week in Texas.

The Future Farmers of America organization is playing an outstanding role in assuring the future progress and prosperity of our State and Nation.

The importance of agriculture in our State increases as Texas progresses. It is vital to our well-being that we train skilled farmers and ranchers to provide a plentiful supply of food products in years to come and to train those who will provide services to the farmer and process and distribute farm products.

The FFA is composed of students who are studying vocational agriculture in the public schools in preparation for careers in farming, ranching, and related fields. In studying the science of agriculture, these Future Farmers are striving to continuously improve this great industry for the welfare of all citizens.

Texas now has over 1000 active FFA chapters with over 48,000 active members and more than a quarter of a million former members. During the past 40 years, the Texas Association, FFA, has performed valuable services to our State by developing leadership, encouraging cooperation, promoting good citizenship, teaching sound methods of farming, and inspiring patriotism among its members.

THEREFORE, I, as Governor of Texas, do hereby designate the week of February 16-22, 1969, as FUTURE FARMERS OF AMERICA WEEK in Texas.

Preston Smith

### THE ENLIGHTENED BRIGADE

### SLUM CLEARANCE—THE AMERICAN WAY

Local business leadership and know-how are helping to provide the answers in meeting the housing needs of the low- and moderate-income families in many communities throughout the country. An excellent example may be found in the case history of Greater Cincinnati.

John W. Humphrey, chairman of the Board of Philip Carey Manufacturing Company, is spearheading the drive in the Ohio city for combined action by businessmen and civic, social and religious leaders to eliminate the housing blight.

Teaming up with city housing and code enforcement personnel, he made a first-hand survey of the deteriorating inner-city neighborhoods. He then called on local leadership to back an Action Housing program for the entire area, through the establishment of an over-all, non-profit, umbrella-type housing development to work with neighborhood organizations to get feasible projects off the ground.

In describing the program he said, "Action for Greater Cincinnati is determined not to step around a single slum or blighted spot in our city and its environs. Every situation in time will be resolved with the neighborhood organizations participating in the corrective programs."

This local, private-enterprise-directed program of slum elimination demonstrates that when sincere leaders get together to solve a problem, they can find the correct answer.

# Highlights and Sidelights

Vern Sanford

Legislators are beginning to move along with some of the important decisions facing them.

A Senate committee gave approval to a constitutional amendment by which voters will be allowed to say "yes" or "no" at the general election, November 1970, whether they want liquor by the drink in Texas on a local optional basis.

A House committee gave the companion proposal a friendly reception, and is expected to approve it there, too. But sponsors agree that it will be hard to get the two-thirds majorities necessary in each house to pass the proposal on to voters.

Next big proposal for the House Constitutional Amendments Committee is the \$3.5 billion water bond proposal sponsored by Rep. Bill Clayton of Springlake. This is the state's share of financing for the \$10 billion Texas Water Plan. It, too, will go to the voters in November of 1970, if two-thirds majorities in each house agree to submit it.

### BILL ADVANCE

A bill to raise retirement benefits of state employees to 25 percent (up 10 percent) landed on the governor's desk following passage by both houses.

Another measure approved by both houses raises the maximum interest rate on state and local bonds from five to six and a half percent.

Senate has passed proposed constitutional amendments to guarantee equal legal rights for women, grant state funds to governers-elect and to exempt rural water supply districts from taxation.

Bills passed by the Senate include measures to transfer 45 acres from Harris to Waller County, permit Texas A & M University to issue revenue bonds for water and sewage facilities on its campuses and authorizing sale of a Texas Woman's University lot in Denton to finance a music scholarship.

### BILLS GALORE

Usually the number of bills filed at the Capitol slackens after the first few weeks. So far this session it hasn't happened.

\* Rep. Grant Jones of Abilene has introduced a bill to add at least 50 percent to the tuition fees of non-Texas students at state colleges while increasing tuition for Texans only slightly.

\* Rep. George Hinson of Mineola has a bill through committee to allow school districts to get full state aid for students taking vocational courses in another district.

\* Rep. Carl Parker of Port Arthur has dropped a bill into the House which would allow public employees to have labor unions.

\* Four Houses bills to strengthen the obscenity law have been introduced.

\* Rep. Cleus Davis of Houston has announced that he will introduce a bill to replace article 1220 of the Texas Penal Code (known as the paramour statute) which allows a husband to murder legally a man "taken in the act of adultery with his wife."

\* Two bills to up the punishment for firearms crimes have been introduced by Sens. Jack Hightower of Vernon and Henry C. Grover of Houston.

\* Representative Parker also has introduced a bill to regu-

late and license private detectives and guards and their employers.

\* Sen. Criss Cole, Houston, has introduced a bill providing that subdivision plats in unincorporated areas must be approved by the county commissioners court before they may be filed and recorded.

\* Senator Cole has introduced a bill providing for improved control of solid waste disposal and giving authority to counties, the State Health Department and the Water Quality Board. Rep. Rex Braun of Houston also has introduced some pollution control bills and opposition between the two has arisen.

### SCHOOL CONSOLIDATION OPPONENTS

The Little Red School House Committee, made up of rural landowners, farmers and ranchers from all over Texas, will lobby against the companion bills by Sen. A. R. Swartz of Galveston and DeWitt Hale of Corpus Christi. Their bills would reduce the number of school districts in Texas from 1,218 to 353.

Charles Schreiner III, Mountain Home rancher and chairman of the Committee, said, "Mere bigness is not an absolute guarantee of excellence."

### COURTS SPEAK

Texas Supreme Court refused a hearing on the State of Texas' plea to put some 4,000 acres of land on Matagorda Bay into the public domain class.

Other half of the case is H. P. Baxter Jr. who owns a tract of 4,505 acres which was originally about 355 acres. State says the land was "grown" by dredging and the like, while Baxter's lawyers contend it was a gradual process since 1803. So far, Baxter has won in the lower courts, so will keep the land.

### COLLEGE KNOWLEDGE CLIMBS

Higher education planners handed the Legislature an explosive new issue - higher tuitions and steep building use fees for college students.

Coordinating Board, Texas College and University System adopted by a wide margin the finance committee proposal to double tuitions and establish a \$165 a year fee for students at six proposed new schools. Fee would go to retire building bonds.

Levies are necessary, Board concluded, to finance a \$401 million by 1975-76.

Board is asking the Legislature this year not only to approve controversial fundraising methods but also to appropriate \$6 million to begin coordinated master planning for new institutions. Latter would be located at San Antonio, Midland-Odessa, Dallas, Corpus Christi and two at Houston.

Opposition outcries already have been raised against the recommended \$7 per semester credit hour (about \$210 a year) tuition for residents and \$20 an hour for non-residents. Milder protests have been lodged against building use fee as discriminating against new college enrollees. Board claims both increases are necessary and that new school students really will be saving money by having higher education brought to their hometowns.

### APPOINTMENTS

Forrest W. Reece, former

Texas newsman, has been named assistant to the administrator of the U. S. Department of Agriculture's Farmers Home Administration.

Gubernatorial appointees to the Board of Regents Frank C. Erwin Jr. of Austin, Jenkins Garrett of Fort Worth and Dan Williams of Dallas were confirmed by the Senate.

Gov. Preston Smith nominated Tom Hamilton of Plainview district attorney of the 64th judicial district. Hamilton is a native of Matador.

Dr. Joseph R. Smiley, president of the University of Colorado, will become president of the University of Texas at El Paso next June, says Chancellor Harry Ransom.

Dr. Elmer C. Baum, chairman of the State Democratic Executive Committee, has appointed three new subcommittees. Those groups: Youth Activities with chairman Jerry Craft, Jacksboro rancher; Women's Organization with Mrs. Stuart Coleman of Brownwood as chairman; and Communications with State Senator Charles Herring of Austin as chairman.

### TEXAS POPULATION BOOMING

Texas' population has grown to 10,945,000, according to a new study by UT's Research Center.

Growth rate from 1960 has been a steady, average 1.7 percent a year.

Major cities have been growing beyond that rate. For example, Harris County with 1.5 million inhabitants as of last April 1, grew at a rate of 3.1 percent; Dallas with 1,231,000 population jumped 3.2 percent; and Bexar with 802,500 inhabitants has jumped 1.9 percent a year since 1960.

### CAR INSPECTION DEADLINE NEARS

Only a third of Texas' six million cars have been inspected, warns the Department of Public Safety.

DPS noted that April 15 is the deadline and urged motorists to have their cars checked before long lines form around the state's 5,466 inspection stations.

Average cost to drivers so far this year has been \$3.02. That includes the standard \$1.75 fee and whatever else is necessary to secure the red, white and blue safety sticker. Headlight alignments and brake adjustments account for most of the ordered corrections checked to date.

### SHORT SNORTS

State Senate authorized Lt. Gov. Ben Barnes to name a six-member advisory committee on youth problems.

House appropriations committee has completed its budget hearings but the Senate finance sub-committee will continue hearings until February 26.

Dallas families are challenging in federal court the Texas Department of Public Welfare's cut in financial aid to dependent children.

Senate labor and amangement committee approved a compromise workmen's compensation bill to raise benefits to injured by 40 percent.

George A. Butler of Houston added \$75,000 to private contributions for the development of Washington-on-the-Brazos State park, swelling the fund to \$300,000 allotted by the state and \$200,000 from Houston Endowment.

Liquor Control Board postponed its decision on private club rules until March 13.

O. R. (Ollie) Crawford of Jasper has resigned as a member of the Liquor Control Board.

### Public Hearing Ordered On Water Plan

One day after receipt of the complete Texas Water Plan, the Texas Water Rights Commission held a special meeting and ordered a public hearing for April 10. The complete Plan was delivered to the Commission by the Texas Water Development Board on February 12.

Article 8280-9, Revised Civil Statutes of Texas, requires that the Commission "hold a public hearing on said Plan to determine whether or not said Plan gives adequate consideration to the protection of existing water rights in this state and to determine whether or not said Plan takes into account modes and procedures for the equitable adjustment of water rights affected by said Plan." Commissioner William E. Berger of Hondo moved to schedule the hearing for Thursday, April 10, 1969 at 10 a.m. in the hearing room of the Texas Highway Department at 11th and Brazos Streets, Austin. Judge Otha F. Dent of Littlefield seconded the motion, and Chairman Joe D. Carter of Sherman signed the order, calling for day to day continuance if necessary.

Any person who feels the Plan does not protect existing water rights should file a written statement at least five days before the hearing. Oral statements will also be permitted, provided that they are confined to the subject matter of the hearing.

Copies of the Texas Water Plan may be obtained from the Texas Water Development Board, Austin.

### Lt. Gov. Barnes To Speak At FTA

Lt. Gov. Ben Barnes will make the keynote address Friday afternoon (Feb. 21) for some 6,500 Texas teenagers expected here for the 20th annual convention of the Texas Future Teachers of America.

Presiding at general sessions in Municipal Auditorium will be Texas FTA president, Ray Greene of Victoria. Registration begins at 9 a.m., Friday. The annual awards night program will climax the convention Saturday night.

Texas FTA is sponsored by the Texas State Teachers Association. TSTA president Claude A. Hearn, Jr., San Antonio, will speak at the opening session, Lt. Gov. Barnes will be introduced by L. P. Sturgeon, TSTA executive secretary. Other TSTA staff members involved are Bob G. Keck, state FTA advisor; Lee Hicks, Leon Douglas, and Bruce Kuehnem.

Dr. Joy Elmer Morgan of Washington, D. C., founder of the national FTA (1937), will speak at the second general session Friday night. Dr. Morgan, 80, is retired from the staff of the National Education Association.

The first FTA chapters in Texas high schools were established during the 1938-39 school year in San Antonio, El Paso and Pearsall. Now there are 480 local chapters.

A convention highlight will be the selection of "Mr. FTA" and "Miss FTA" of Texas, each of whom will receive \$1,000 college scholarships. The winners will be selected in speech competition at the convention, from 13 boy and 13 girl finalists.

Delegates will attend eight workshops Saturday morning special interest topics such as "Professional Teacher Training" and "Experiences in Leadership."

**Pennyrich Story Fairytale in Actuality**

The story of Pennyrich International of Dallas is actually the story of the blond dynamo who is its president, and both deal in figures.

For Miss Penny Rich, the figures are on the tape measure and the magic her bras do in adding and subtracting them for the flattery of the feminine figure.

For the mustrooming company, the figures are all multiplication on the asset side of the ledger. The record since its organization in 1967 reads like this:

A doubled sales volume almost monthly. Gross sales last year in excess of \$25,000,000. This year's estimate, \$60,000,000, and, bolstered by the recent addition of high-fashion negligees and sleepwear and by a soon-to-be introduced collection of swimsuits and beachwear, the projection may well turn out to be conservative.

The whole thing started out with a bra-that-wasn't and a girl with a stubborn streak and a practical mother.

Penny Rich grew up in San Francisco with a dream of becoming a singer. When, however, her father died in 1940 just before her eighteenth birthday, she readjusted her plans to the imminent reality of a weekly paycheck as secretary and shortly thereafter to marriage.

Her husband's death in 1950 sent her back to work as a bookkeeper and she was doing well in the auditing department of the U. S. Army Engineers when fate stepped in.

"I had minor surgery," she recalls, "and began putting on weight. My brassieres were uncomfortable and I turned into a strap-tugger trying to ease that too-tight feeling."

It was a habit which annoyed her mother who, on one of Penny's regular Thursday night visits, asked her why she didn't do something about it. Something like making a bra that was comfortable.

Trouble with that simple idea was that Penny couldn't sew. A mere trifle, retorted Mrs. Rich, providing her daughter with some fragments of material and motioning her to the sewing machine.

Three months later Penny had made her first bra. A structural engineer compared its unique weight distribution feature to the suspension principle of the Golden Gate Bridge, providing equal distribution of weight without strain yet with maximum security.

She named it "Banderin," patented it and was on her way.

First, she systematically set about learning the foundation garment business, appropriately enough from its foundation, as machine worker, grader and designer. Then she stepped from her first endeavors, making bras for "the girls in the office," to selling on a custom order, custom-made basis through a group of California salons.

The ingenuity that went into her first clumsy effort was soon evolving not only in bras with glamour appeal but also in types that adapted their comfort-and-ease support for women who had undergone mastectomies.

So successful was this sideline enterprise, it was approved by the Reach to Recovery Center at Columbia University, an endorsement carrying with it a first-time inclusion for a manufactured bra on the medical listing previously reserved only for surgical-type aids.

Even in the avalanche of current productions, Miss Rich still counts this comparatively small facet of her business one of the most rewarding because "it does so much for women at a time they need help."

In 1966, she met Tom Mowe, a manufacturer who became her business partner. Together they made plans for an international manufacturing and distributing organization. —What's happened since is a matter of record, believable only because it's true.

TURNERSVILLE COMMUNITY CLUB MEETS FEB. 12

The Turnersville Community Club met in the science room of the gym, Wednesday night, February 12, with the president, Peck Tharp, presiding, and all officers present, Cliff Worthy, vice-president, Mrs. Cliff Worthy, secretary and Mrs. Boyd Cheatham, treasurer.

The meeting started with group singing with Mrs. Cliff Worthy leading and Mrs. Peck Tharp, pianist. In the business meeting the committees of the club were renamed and some additions and changes made. Boyd Cheatham is to head the committee on Community Beautification with Sonny Foote and Mrs. Lottie Gallegly committee members, Mr. and Mrs. Dick Wallace were added to the boundary line committee, Sonny Foote and Wallace Daniel were appointed to check about the water line.

Mrs. Florine Kyser, Herman Foust and Miss Laura Tharp were named on an evaluation committee. Mrs. Boyd Cheatham, Mrs. Peck Tharp, Mrs. Gillie Wallace, Mrs. Lizzie Foote were named on a committee to help raise funds. Mrs. Cliff Worthy to be chairman of recreation or entertainment.

It was voted to give the churches privilege of using the gymnasium free of charge for any use they make of the gym. Also the singings would be allowed free of charge. Any person club or small groups that use the gym for parties, teas, showers etc, would be charged a fee of \$5.00 and would be expected to leave the building clean. For homecomings a fee of \$15 a day and additional charges for overnight stay. It was suggested that any one knowing they would want to use the gym for a get-together that they should send in reservations soon, as some have already done so.

For refreshments, a real supper was served by Mrs. Lizzie Foote, Adriene Foote, Mrs. Mabel Foote and Mrs. Sonny Foote with the assistance of Miss Mattie Cooper, the

**Over The GARDEN FENCE**  
by R. B.

When the nights are clear, and a warm south wind is blowing, the great horned owl sits on our house top and calls to his mate on the post across the field. Their soft deep whoo, whoo, sounds friendly and comforting, especially when I think of all the mice and rats such a big bird must consume to keep up its energy.

I like to see them silhouetted against the dawn sky with their "ears" perked up and alert looking; and I like the way they drop down from a high perch to fly silently below the horizon line. Makes me wonder if they learned that trick to confound their enemies or their victims.

These early nesting birds are hatching their eggs about this time of year and it won't be long before the booming voices of the adults are joined by the funny little sounds of the young owls taking vocal lessons. To find an owl's nesting place is one of the things I'm still looking forward to.

tation S-4 Section within Vietnam. As you enter its neat 200,000 square foot yard, you are met with the words, "The

Best S-4 Yard in RVN." Last year alone, this section processed more than 30,000 requisitions and provided over 700 tons of supplies each month.

Its present volume lists impressive figures like 385,000 board feet of lumber, 10,000 running feet of bridge pilings several miles of wire, it continually handles the wide variety of items needed by the engineers - from goggles to graders, folding tables to floodlights, ponchos to pumps. Under the direction of OIC, 1Lt. Brian Hirsch of Lake Charles, Louisiana; WO1 Richard E. Davis of Copperas Cove, Texas, Property Book Officer, and SFC Charles F. Wagner of St. Louis, Missouri, the S-4 Section is providing the men of the 864th with the materials they need to build the massive cantonment

areas, roads and logistic complexes that constitute the 864th's mission in Vietnam. What is the most important factor in promoting a smooth operation of an S-4 Section? SFC Wagner opined, "The most important thing is coordination - coordination in the areas of transportation, pick-up and delivery. To keep supplies moving, you've got to have a closely-knit facility." The S-4 Section of the 864th is indeed one of the best. It deserved credit for its efficient dispatch of vital supplies needed in the massive engineering effort in the Republic of Vietnam of which the 864th plays an impressive part.

Getting Along With Teachers

by Sue Drake

What teachers think about you depends on how you act. When a teacher asks you a question, you should answer her politely. Don't get mad and lose your temper when she asks if you have gum in your mouth. If she has already told you she would take off points if she caught you with gum again, you shouldn't ask her to give you another chance. If you get mad at the teachers because she has said something to you, you should remember a teacher has feelings and has her bad days, too. Getting along with teachers is good practice for the time when you get out in life and have adults for your boss.

me," they were being very discourteous.

Courtesy is becoming a thing of the past. If we really like having a door shut in our face all the time, O. K., - some people don't. When you think of someone you really admire, isn't one of their basic traits good manners? If just one or two students would try this thing called courtesy, it might spread. When you really think about it, good manners are more contagious than a bad cold.

Colts Sixth Win Gives Them Lead In Intramural Games

Physical Fitness Given PE Students

The physical fitness tests are being given in some of the physical education classes now. We have some students who did real well on the shuttle run. Two parallel lines are marked on the floor 30 feet apart. Two blocks of wood are placed behind one of the lines, and the student starts from behind the other line. On the signal "Ready? Go!" the student runs to the blocks, picks one up, runs back to the starting line, and places the block behind the line; he then runs back across the starting line. There are two trials with some rest between. The time of the better of the two trials to the nearest tenth of a second is recorded. Jessica Turner sixth grader, so far has the best time, 9.4. For an 11 year old girl 10.9 is excellent; and for a 12 year old 10.4 is excellent. Two seventh graders also had above excellent in the shuttle run, Judy Kafer with 9.7, and Cindy Curry, 9.9.

Tutoring Program Being Conducted

There is a trial student-pupil tutoring program being conducted during the activity period under the supervision of the counselor and teachers. Some pupils need help with certain subjects and reading. A group of seventh and eighth grade students are donating their time to be of help to these students. These groups are meeting in the hommaking department and guidance classroom.

The seventh grade students are Marjly Easley, Jesse Strickland, Mary Jo Crow, and Selma Winters. The eighth grade students are Cindy Byrom, Debbie Dickerman, Shirley Harden, Betty Swindall, Carla Day, Dorsey Bell, Terri Mayberry, Dez Dossey, Charlene Wilson, Sarah Panake, Edna Henson and Billy Cole. This is being tried in other schools and we are anxious to find out our results. Some of these students plan to be teachers and this will be good experience. We appreciate these students willingness to be of help to others.

A Word from Austin

J. P. Word Senator, District 12

OPEN HEARINGS - For the first time in the history of the Texas Senate, the hearings of the Nominations Committee was open to the public and the press. The Nominations Committee question persons who have been nominated by the governor to fill a state appointment, then recommend to the rest of the Senate either rejection or confirmation of the appointment. The entire Senate must vote on final confirmation. As chairman of the Nominations Committee, I was very pleased to play a part in this historic event. The actual vote of the Senate is done in executive or closed session.

SENATE APPROVES REGENTS - Frank C. Erwin Jr., chairman of the University of Texas Board of Regents, was the main target for questions from the Senate Nominations Committee meeting in the historic first open session last week. Erwin, of Austin, as well as Jenkins Garrett of Fort Worth and Dan Williams of Dallas were questioned about their appointment to the Board of Regents by former Gov. John Connally. The affirmative vote by the Committee came after

two days of intense questioning of Erwin by Senators and sometimes emotional testimony from students and citizens.

IN A 45-MINUTE closed-door session, (after the two-days of open hearings) the Senate confirmed the reappointment of Erwin to the Board by a vote of 28-3; Williams and Garrett won unanimous approval. The Senate also confirmed the appointment of Mrs. Nancy Sayers to the chairmanship of the Texas Employment Commission and Ed Hunter's appointment to the Texas Tourist Development Council.

"EGGS" LEGISLATION -- I introduced a bill in the Senate last week relating to the grading, classification and sale of eggs in Texas. If passed, this bill will authorize the Egg Marketing Advisory Board to set the standards of quality for eggs by the candling and conditions of the shell, the grades and the standards of size as determined by weighing shall be the same as the standards and grades set by the U. S. Department of Agriculture for shell eggs and lower grades and sizes shall be determined by the Egg Marketing Board.

SCHOOL BUS DRIVERS' SALARY -- I co-signed S. B. 157, which establishes a minimum salary for school bus drivers and providing for the additional funds which would be required.

School Spirit Is For Everyone

by Elizabeth Bennett

Everyone must have a part in school spirit. Not only just at pep rallies, but at football games, basketball games, and track meets as well. School spirit really can help a team, especially if they are not winning. So many times the fans do not stay interested if the team is losing. What we need to do, though it may be hard, is to have even more school spirit if the team is losing. Players usually try much harder if there are fans yelling for them and backing the team all the way--win, lose, or draw!
