

Advance To State Tourney

Bankers Win District Tourney With Double Win Saturday Night

In a last inning rally, the National Bank team of Gatesville pushed across five runs to win a double header from the tough Clifton team, and advanced to the State Junior Teenage League Tournament.

The last half of the seventh inning of the second part of the championship double header started with the National Bank behind by four runs.

Clifton had beaten the Bankers 11 to 1 on Thursday night and in this final game of the District 5 Tournament, Clifton hit their way into a commanding four run lead in the top of the sixth and seventh innings.

The last of the seventh featured hard play from both teams and resulted in some tough close calls by umpires.

James Box started the bottom of the seventh with a hard hit grounder and out-ran, the ball to first base, Ronald Brown then watched four balls pass and walked to first.

Glenn Vernon, playing short stop, blazed a hard single to left field to load the bases. Still no outs.

Steve Palmer, left fielder, dropped in a single to center field and Box and Brown headed home for the National Bank first scores. Vernon moved to second and Palmer was on first.

Don Jones then hit a hard grounder to short stop and on a fielders choice, Vernon was forced out at third base.

Still two runners on base, Tommy Tatum attempted a bunt down the left field line. The ball popped just over the pitcher, Claude Outlaw's glove, Tatum beat out the bunt to load the bases again.

Manager, James Box, called for a bunt from Jerry Blanchard next. Outlaw pitched high and baserunner, Steve Palmer, was caught between third and home for the second out. Jones advanced to third base and Tatum moved to second.

Blanchard, still at bat, rapped a good single to right field, scoring and Jones and Tatum raced for the plate. Tatum slid in safe for the tying run.

Blanchard moved to second on the play at the plate.

single to shallow right field and Blanchard raced around third base, to head home, Blanchard stepped by Clifton's catcher for the winning run.

Baserunning made the differ-

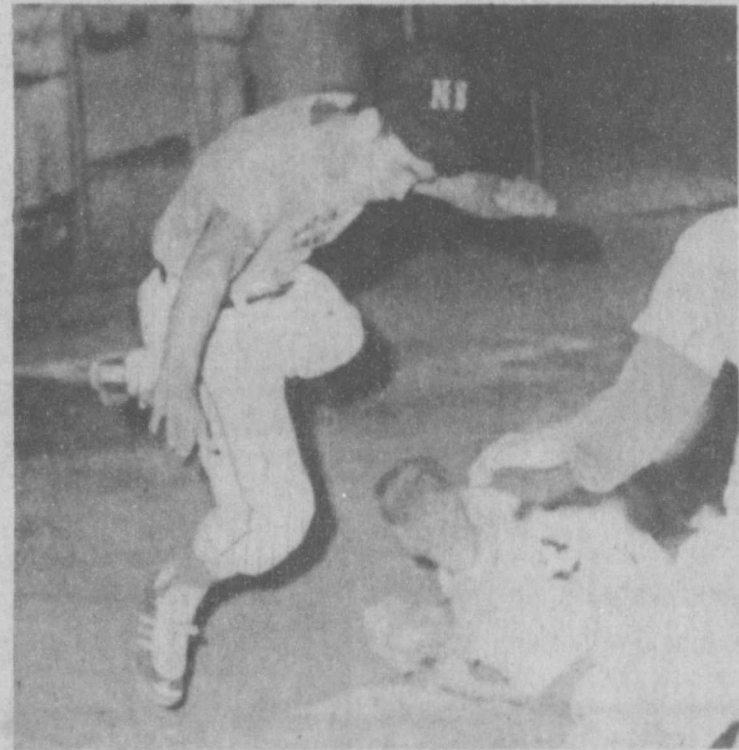

ence for the locals with three of the five runs being scored from second base.

In the Saturday double header Steve Palmer and Rickey Thompson teamed up for the

first game win, Palmer, pitching four innings and Thompson three innings. In the first game, Clifton made seven errors and Gatesville none.

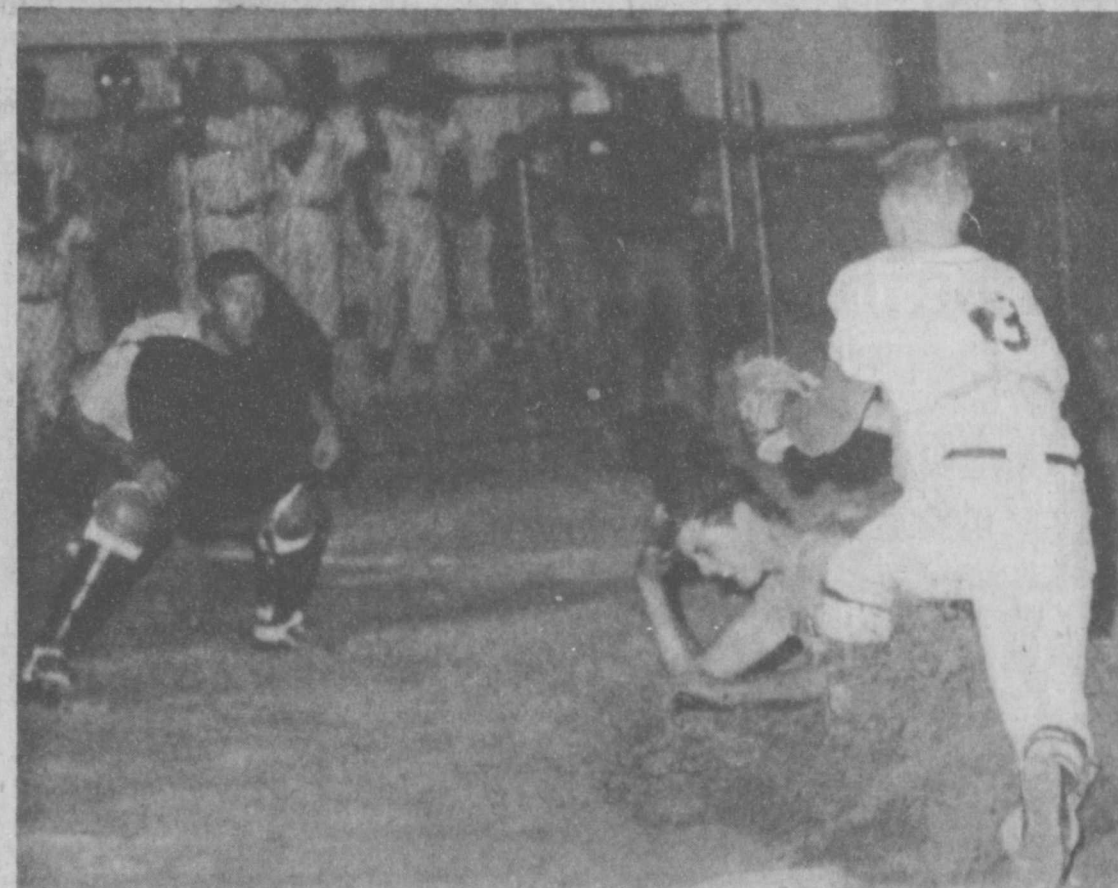

Thompson pitched all the way in the second game allowing seven hits. He pitched the last ten innings for the National Bank.

Statistics show the last game to be very close with both

Jerry Blanchard looks to have tip toed passed the Clifton catcher during Saturday night's for the District 5 championship.

Blanchard scored the winning run in the game, when Billy Bartlett hit a single with two-outs in the bottom of the seventh inning.

Tommy Tatum almost invisible in the dust slide home "Safe" on a hit by Jerry Blanchard in the seventh inning. Tatum scored from second base to tie the game at 4 to 4. Plate umpire, Sam Cochrell, is in position (at left) to make the important call. Note that Tatum has slipped in under the Clifton catcher without being tagged.

The fantastic seventh inning for the National Bank put the team in the State Tourney in Conroe.

Don Jones receives his individual trophy from Baseball Commissioner, Jim Miller after the seventh inning victory over Clifton. The National Bank team took a double header from Clifton 8 to 1, and 5 to 4 to advance to the State Tournament in Conroe. The National Bank team coached by James Box left today for Conroe and the State Tourney.

teams making four errors and each getting seven hits.

The National Bankers, left early this morning for Conroe and the State Junior Teenage Tournament. Eight of the states finest Junior squads will be on hand for the event.

Manager, Box said, Monday, "I don't expect to face any finer pitching than we faced in the District 5 tourneys." "Outlaw, D. P. Knutson are as good as any pitchers we will see," he said.

Box noted that the Bankers face the District 6 tourney champions, Tuesday night at 6:30 p.m. Should the Bankers win, they will play again Wednesday night at 6:30 p.m. A loss will put them in a 3:30 p.m. game.

CLIFTON ON TOP FOR SIX INNINGS

Clifton lead throughout six and one half innings of Saturday's second game. Many Clifton fans were on hand during the tournament to give support to one of Texas top Teenage Baseball teams.

The Clifton nine started the championship game by loading the bases in the top of the first inning. Gatesville then walked Dale Westerfield, potential home run hitter, giving up a run in doing so.

Clifton came on in the sixth with an early inning single, then a triple to right center by Tommy Henderson, Gary Golke then singled to right, scoring Henderson for a 3 to 0 lead, Claude Outlaw, pitching in

relief, watched his infield pick-off on attempted steal and put out to move in the batter of the sixth still holding Gatesville scoreless.

Clifton picked up another seemingly insurance score in the top of the seventh, following a clean single up the middle and a walk. The score came on a bunt to right field as the baserunner scored from second.

Everything just happened to Clifton in the bottom of the seventh. Close plays and near put outs at home base, first base and a missed fly in shallow center field spelled the defeat.

In top flight championship, sporting events victory and defeat are very much the same as well as matched teams battle for the victory.

Looking back at Saturday night, it seems that really superiority-inferiority is never clearly decided—only who receives the cheers and happiness and who must accept the tears and anxiety.

POAGE TO SPEAK AT BARBECUE

U. S. Congressman, W. R. (Bob) Poage will be guest speaker at a barbecue and get-together in Turnersville, August 23.

The affair is celebrating the completion of the low-rent housing project in the northern Coryell County community.

He was named to a three-year term by Bar president, Josiah Wheat of Woodville.

State Bar director Jim D. Bowmer of Temple is an ex-officio member of the group, which has jurisdiction in the six counties of the 11th Bar District.

W. R. POAGE

The barbecue is sponsored by the Turnersville Community Center, Inc., headed by Zoo Gilmore.

The festivities will be held at the Turnersville Tabernacle near the housing project site on the south side of the community and begin at 7:30 p.m.

Tickets for the event will go on sale soon, priced at \$1.75.

Financed with a Farmers Home Administration loan of \$49,000 to the Turnersville Community Center, the project includes the construction of five rental houses.

Two of the units are two-bedroom houses and the others are three-bedroom.

Each of the homes are an individual dwelling. They are built by Dixon Lumber Company of Gatesville.

Turnersvilleites are familiar with the help given by the Farmers Home Administration which financed the community's rural water supply.

TAX LEGISLATION DUE IN AUSTIN STATE EMPLOYEES TO RECEIVE RAISES

The Texas Legislature, now in a 30-day special session, is working out the state financial problems with the end of the State's fiscal year, September 10, only 37 days away.

raise. The senate proposal could mean as high as seven percent raises to State School employees.

Salter noted that the Senate proposal seem to have favor in the special session.

He noted that the Tax Committee met Wednesday and com-

mittee chairman, Ben Atwell of Dallas encouraged the revamping of the sales tax possibly raising the limit by one percent or 1/2 percent with removal of more exemptions.

The House is expected to vote on a bill today. The Senate probably will not take action for another week.

Recently two states, Ohio and California were unable to reach agreement on financial legislation by the end of the year with a very unsettling effect on government operations for a time.

Deadline pressure and need to act on several other pieces of legislation could force differing factions to agree or could push aside further apart.

Rep. Bob Salter reported this weekend that two versions of tax bills are receiving consideration.

The House Bill proposes a tax package of \$285 million for the 1970 year. Senate Bill proposes a \$25 million tax package. Salter noted that final action will probably come on a compromise very near the Senate Bill.

Other reports estimate a tax bill of \$300 million will be needed to balance the State Budget.

Concerning state employee raises, Salter said the House Appropriations bills proposes to "Two step" raise (3.4%) for the first year of the biennial with no raise the second year. The Senate proposed calls for a "two step" raise the first year and a "one step" raise the second year with merit raises possible.

Salter noted that the Senate proposed in the state employee raises question is equivalent to approximately 1/2 of a group

NEW LAWS FOR MOTORISTS IN EFFECT SEPTEMBER 1

A number of changes in the State's motorists, were made by the Texas Legislature during its 61st regular session.

Colonel Wilson E. Speir, director of the Texas Department of Public Safety, noted that the new laws will all be in effect by September 1, and pointed out that Department of Public Safety patrolmen will begin enforcement on that date.

While the measures range from one establishing new motor vehicle inspection procedures to allowing the owner of a parking lot to remove cars parked on the lot without his consent, one of the most important is the new "implied consent" law covering breath testing of drivers.

Under the terms of this law, a motorist is "deemed to have given consent" to a breath test if arrested for any alleged offense arising out of his actual operation or physical control of a motor vehicle while under the influence of intoxicating liquor. Refusal to take the breath test may lead to suspension of the suspect's driver license for up to one year.

Another measure which directly involves drivers is one which requires that slow-moving vehicles, that is, vehicles traveling at less than the normal speed of traffic, be driven in the right-hand lane or as close as practicable to the right hand curb or edge of the roadway except when passing.

Also effective on September 1 is an act which establishes a new intersection right-of-way law for the State of Texas. Under this, there are four rules governing the right-of-way at intersections. In cases of collision, it will be presumed that the driver did not

yield the right-of-way if the four conditions have not been satisfied.

The Legislature also made changes in the "following too closely" law. Drivers, after the effective date, must give due regard to the speed of the vehicles, traffic upon and condition of the street or highway, to insure that their motor vehicle can be safely brought to a stop without colliding with the preceding vehicle or bearing into other vehicles, objects or persons.

A change in the Motor Vehicle Inspection Act places Texans on a 12 month inspection period; raises the inspection fee to \$2.00 and moves the location of the inspection sticker from the right of the windshield to the left. It also adds exhaust emission systems on 1968 or later vehicles, and exhaust systems on all vehicles, to the list of items to be inspected.

Still other new laws remove the restriction on protruberances, such as studs on tires, which do not injure the roadway; adopt a slow-moving vehicle emblem; prevent racing, horn blowing, contests for speed, etc., in privately owned parking areas; and make it illegal to modify any passenger vehicle so that the lower most portion of the vehicle has less clearance than the lower most portion of any rim or any wheel in contact with the roadway.

Another measure, which does not become effective until January 1, 1970 makes an officer's accident report available to the public upon the payment of a \$2.00 fee.

Other articles in this series will review the more important law changes in depth.

NEW PATROL CAR FOR LOCAL D.P.S.

NEW HIGHWAY PATROL CAR

Department of Public Safety Patrolman J. K. Hamilton and David Jund are breaking in a new patrol car, this week.

The pair went to Austin, Wednesday to pick up the new squad car and dispense with the old one.

The new unit is a 1969 Dodge Polara sedan. The auto features black sides and the hood, top, and rear deck are white. The familiar D. P. S. emblem is situated on both front doors. One especially nice addition in equipment is air conditioning, say the patrolmen.

Mr. and Mrs. Herman Walters and son, Joe and Granddaughter, Elizabeth Walters of Belton; were called to Gatesville late Tuesday afternoon because of the illness of Mr. Walters' mother, Mrs. Rosie Walters, who is a patient in Coryell Memorial Hospital. She was reported to be improved when they returned home.

Mrs. Harris Griffith and Donald, Cheryl; Mrs. Billy Robinson and Phillip; Jimmy and Gennetta Bragewitz and Robin Spencer, all enjoyed an outing on Owl Creek, Tuesday afternoon. The children all enjoyed a swim while Mrs. Griffith and Mrs. Robinson prepared peaches for canning.

Mrs. Ben Clement Jr. of Mound and Mrs. Jack White, Mrs. Jesse Farrar, Mrs. Earl Whittenberg and Mrs. J. C. Van were Hostesses at a Surprise Party, Personal Shower honoring Mrs. Joe Whigham at the Pentecostal Church in Leon Junction on Thursday evening, July 17. The occasion was attended by a large number of friends and former neighbors of Mrs. Whigham, who recently moved to Gatesville after living in Leon Junction for over two decades. Mrs. Whigham was always able to find time from her busy schedule at Whigham Grocery and Market and the Post Office to extend a helping hand and an encouraging word where needed and we all wish the very best for her.

Mrs. Pete Curtis received a welcome letter from her brother, Harvey Dean Smith, one day last week. Harvey, who is the son of Mr. and Mrs. Calvin Smith of this community, is on a tour of duty with the U. S. Air Force in Vietnam, and he wrote that he was well.

VERY DUTCH - is the very attractive and clever sign that has been added recently to Dyches Grocery on east Main Street. Between the words "Dutch Pantry" is a pretty Dutch windmill. This sign sure gives a face-lift to the grocery.

PROUD GRANDMOTHER - is Mrs. Virgil Jones who dropped in beaming over a new granddaughter, weighing six pounds and two ounces, born July 31. The baby's name is Michell La Juan. Her parents are Mr. and Mrs. Carroll Morris of Garland, who also have a two year old son, Michael. Mrs. Morris was the former Linda Jones. Michell's paternal grandparents are Mr. and Mrs. W. T. Morris of Dallas. Mrs. Jones related what a coincidence it was that Linda and Jeanne were such good friends and their baby's were born on the same day within a few hours apart.

OUT OF STATE - visitors in the Melvin Myers home this week are Mr. and Mrs. H. F. Moore, Cullman, Alabama and Mr. and Mrs. Griffin Moore and Mark of Hueyville, Alabama. Seems the Myers have had a double treat for this week.

CORLISS MCNEELY

Miss Corliss Ann McNeely was 12 years old, Thursday, July 31 and was honored on this special day with a party given by her parents, Rev. and Mrs. Edgar McNeely in the

backyard at their home, 2513 Jackson Drive.

the group went swimming and on returning home, all were served home-made ice cream. Pictured above, left to right are Corliss and Terry McNeely, Michele White, George Whitaker and Richard Mitchell.

HONORED WITH COOK-OUT

SUGAR AND SPICE - and everthing nice, is what little girls are made of. Harold and Jeanne Cohagan know this to be true, now, that the bundle of joy has arrived. The pink bundle held an adorable baby girl, weighing nine pounds and five ounces. She has been given the name, Wendy Lee, Wendy, for her grandfather, Sheriff Windy Cummings and Lee, for her grandmother, Vera Lee Cohagan. Of course, both these grandparents are pleased as punch and feel quiet honored.

THE NEW AND THE OLD - of houses are way out. Just when man built the first house is not exactly known, but it is assumed that he prepared for himself some kind of shelter that he called home, back in the days when he found he could corral animals to keep them from roaming, and scatter seeds in groves scratched with a limb of a tree. The cave as a dwelling has been traced back as far as the ice age. Other types of shelter, of course, fell victim to the ravages of time. Houses or shelters have come a long way.

FLOATING ON CLOUD NINE - are all Wendy's relatives and especially her grandparents, the Winfred Cummings and Frank Cohagans. They were all anticipating her homecoming, Monday, so I imagine she had a great reception.

THE MUSING PLACE - is one of the most up-to-date shelters. It's a house-boat designed by two University of British Columbia architectural students. The structure is built over an existing raft, completely covered with red cedar singles. There are no windows except for translucent plastic skylights that keep the quarters (two rooms) cheery and bright yet quiet, and private. The men named their house boat "The Musing Place". This brings us very gratefully from the ice age cave to the space age modern house.

A DREAM COME TRUE - is a little verse from HALLMARKS, "God's Masterpiece" edition that says what I would like to say to this happy family. Ten little toes, Two little eyes, One little nose (Button size) -- A wish fulfilled, A dream come true. . . Congratulations to all of you!

Olan Dewayne Massingill who turned four years old, Thursday, July 31, was honored with a birthday party, given by his parents, Mr. and Mrs. Ira Massingill.

Dewayne presented his guests with favors of party horns, hats and blow-outs, also lollipops and bubblegum. Sharing a good time with the honoree on his special day were, Betsy Ayres, Penny Hemphill, Deirdre and Danny Dreyer, Bobby Painter, Betty Richardson, Kathy Massingill, Mary and Terry Farley, and Chip Juanese Taury.

The party was held at Raby Park where a table was laid with a white cloth, displaying birthday goodies and gifts.
