Mayborn furnished maps showing the route of Highway 36 and of Highway 6 from the Gulf Coast to Abilene, where the highway ends.

The state said there are no plans at present for Highway 6, which circles through the Waco area, but the Highway Commission works with any interested group in improving round, the state's highway system.

Mayborn pointed out that Highway 36 is a more direct route from the Gulf Coast to Abilene and the plains of West Texas and it is more feasibleto bring it up to top standards. It also was pointed out that four-lane highways are being built from the Houston to Brenham area, which will tie into square in recent years. See ASSOCIATION page 2

The Oglesby Tigers will meet Aquilla again this year for the required Six -Man Championship in Whitney, Friday night November 29.

Last year the Tigers downed the Aquilla team 77 to 44 with very near the same team.

Aquilla and Oglesby have played three common opponents in Trinadad, Buckholts and Iredell and both teams won by similar margins against Trinadad and Buckholts but Oglesby lost to Iredell,

Aquilla is riding high this season undefeated in ten outings while the Tigers have been beaten twice. Aquilla's last defeat was to the Tigers in last seasons regional play off. Coach Gary Fox plans to have his Tigers healthy and ready Friday night.

MISS GATESVILLE - NO MORE FRANCHISE WITHDRAWN

The Gatesville Pagent Cor-Belton, Killeen, Waco and other poration has withdrawn its fransurrounding communities as chise from the Miss Texas Pawell as Gatesville have pargent due to what Pagent officials ticipated in the Miss Gates-"irregularities in the state show."

The Corporation announced the discussion Tuesday following the Monday withdrawal by the Miss Lubbock Pageant Corporation. The Lubbock organization is one of the states top organizations every year and that group expressed similar dissatisfactions to the Gatesville Corporation.

Miss Gatesville Pageant Corporation, Attorney Bob Cum-mings issued the following statement: "Miss Gatesville Pageant Corporation officials announce that the Miss Gatesville Pageant franchise is being withdrawn from the Miss Texas Rgeant, the state preliminary to the Miss America Pageant,

cipation by local sources. The participation by local sources will require a bond

issue according to McKamie and with the encouragement from the Agency McKamiedrew his conclusion.

The vocational building is planned to relieve the overcrowded conditions in the present high school plant by freeing space for five more classrooms.

McKamie noted that overcrowdeness and including of kindergarten in the public schools by 1973 presented other expansion requirements.

If the grant initiates a bond issue McKamie contends that a new elementary school be built to relieve the long overcrowded conditions and funds be made available for the kindergarten program. "I feel like it would be a wise thing to do" said McKamie concerning including the complete package in thebond issue.

Asked how large a bond issue would be needed, McKamie projected a \$500,000 requirement. He recognized that a school district the size of Gatesville should not consider any real large bond issues. According to McKamie the grant and two years of incentive aid payments tot 'ing approximately \$110,000 1 help in the building program in the building program.

A \$810,000 building program will be available to the shcool district if the grant is ap roved. McKamie said "I would not want to go that heavy in debt" when asked if the project could be handled locally.

To still impressions that bond taxes would be raised McKamie said "Bond tax would not be raised," McKamie did indicate "we can't go very much longer without raising the maintenance tax,"

EARLY MAILING OF **CHRISTMAS GIFTS** If you care enough to mail save time if you already have

a Christman package or card you surely don't want it to be delivered late. You won't be taking that chance if you shop and mail early. The Post Office Department suggests the following mailing deadlines:

Distant states Parcels by Dec. 1; cards by Dec. 10

Local and nearby areas. Parcels by Dec. 13; cards by Dec. 15.

We know that you want your Christmas gift parcels to arrive in good condition so use a little extra time and effort in carefully packing them in strong boxes and addressing them completely and legibly. It will pay dividends.

The use of ZIP Codes on both parcels and cards is more important than ever now. A clerk accepting a parcel must have the ZIP code in order to determine the postage. It will

it on the parcel. Most letter type mail is now sorted

by ZIP Code in most post of-fices, including the Gatesville office. If you include ZIP Codes on your Christmas cards, they .can all be handled immediately without the possibility of delay.

Christmas cards require a 6¢ stamp, so go ahead and write messages on them and put your return address on them so thay they can be forwarded or can be returned if they are undeliverable. We have the 1969 special 6¢ Christmas stamp and suggest that you get a supply now if you intend to use them as our supply is

Small Towns Are Growing Faster Small towns are growing faster in population than the national average for all communities. Nearly three-fourths of the communities with 2,500 to 25,000 people in 1950 had an overall growth rate of 21 per cent by 1960.

Towns with 2,500 to 5,000 people grew an average 18 per cent-the national average. Only in towns with less than 500 were losses more common than gains, about three-fifths of them seeing their numbers dwindle between 1950 and 1960.

their 1969-70 football seas

Just before the first quarter ended the Hornets put the first points on the board when Larry Moore circled left end for an eight yard score. The conversion point failed, but the Hornets led 6-0.

Midway in the second quarter Taylor scored when quarterback Tim Kennedy plunged over goal line from one yard The extra point failed and the out both teams went to the dressing rooms with a 6-6 tie. The third quarter was just a series of plays where neither team could score. With six minutes left in the

game, quarterback Tim Ken-nedy hit end Mike Bunge on a 61 yard scoring play. The extra point was good, giving the Ducks a 13-6 win.

Highway Safety Campaign Launched By Gov. Preston Smith

AUSTIN, TEX.--A "State of Atty. Gen. Crawford Martin. are needed and wanted. emergency" exists for reduc- Martin altered an earlier opemergency" exists for reduc-ing Texas' traffic toll, Gov. Preston Smith warned in addressing some 700 safetyminded persons who answered his call to attend a public support conference to discuss the problem and how to solve it.

Result is a new statewide safety campaign. It got underway immediately and is focusing efforts on the holiday periods-Thanksgiving, Christ-mas and New Years. These are the times when accidents frequency is unusually high.

Smith reminded the conference of community leaders that 10 Texans a day die in automobile accidents. Figures provided by the Texas Safety Association reveal that last month alone the loss--dollarwise--amounted to \$77 million. Crashes in Texas' urban areas account for \$50 million of this figure.

Causes?

Higher speed limits, abolishing the old merit-rating insurance plan which called for highpremiums on bad-risk drivers and a 1965 law which allows judges to probate misdemeanor sentences including traffic offenses were blamed for the climbing death rate.

Whatever the cause, 3,481 died last year, 217,000 were hurt and \$875 million in economic losses chalked up. Department of Public Safety statistics indicate 3,7000 will die this year unless holiday safety campaigns are a remarkable success.

"The grim reality," said Smith, "is that one out of every seven motor vehicles registered in Texas was involved in an accident in 1968. The certainty of 10 Texans losing their lives on the highways of our state each and every day is more than tragic. It constitutes a crisis---a crisis that, in my mind, is a state of emergency."

OIL ALLOWABLE ROCKETED State oil production allowable zooms to a near record 62.7 per cent of potential for December under a Railroad Commission order

December figure is highest set under present formulas except for last June's 63.5 per cent. It will authorize a max-3,770,319-barrel daily imum production. This is 472,051 more than November which was limited to 52.7 per cent allowable. Estimated daily production during December is expected to average out at

VALLEY VISTAS YANKED-James W. Griffith, new Southwest Regional Office of Economic Opportunity boss, announced withdrawal and reassignment of 15 VISTA antipoverty workers in Cameron and Willacy counties.

Griffith charged that Volunteers in Service to America were made "scapegoats of local political disputes" and subjected to "harassment, uncertain-ty and threats." He said the VISTA group in the two counties were responsible people and there was no evidence of improper action on their part. Griffith lashed Cameron County Commissioners for again requesting the governor to remove. them after a 90-day truce period had been agreed on for reassessing VISTA work. There is, Griffith concluded a shortage of such workers, and they will be sent where they

A precious gem, indeed, is this delectable coffee cake. Orange Breakfast Gems result when melted margarine (or butter), orange marmalade and chopped nuts are spread on the bottom of a cake pan and refrigerated flaky biscuits are arranged over the top.

After it is baked, the cake is inverted on a serving plate just like an upside down cake and the marmalade glaze glows on top. The cake should be eaten while warm, for any special breakfast, brunch or morning coffee.

This recipe from the Borden Kitchen is a prime example of the variety of things that can be done with modern convenience foods, such as refrigerated biscuits. All it takes is a little imagination and daring.

Orange Breakfast Gems (Makes 10 servings)

1 (9½-oz.) package Big 10 Flaky Biscuits 2 tablespoons margarine or butter 1/2 cup orange marmalade

In the bottom of an 8-inch round cake pan, melt margarine or butter. Stir in orange marmalade; sprinkle evenly with nuts. Ar-range biscuits over top of mixture. Bake in moderate (375°F.) oven about 15 to 20 minutes. Remove from oven; immediately invert pan over serving platter. Let stand for several minutes. Remove pan. Serve hot.

Cheese For Vegetable Variety

Keep vegetables popular and perky at your home by serving them in a variety of ways. Spices, herbs and sauces do wonders to make vegetables more fun to eat than typical boiled and but-tered versions. Cheese, too, can add just the right touch and proof is found in the Cheese 'N' Squash Bake from the Borden Kitchen. To make this delightful bake, cut the squash into small chunks, parboil and then bake in a sauce made ultra-creamy with Neuf-chatel cheese. Serve bubbly hot to round out any menu. For eye-aoneal ton with creen perper rings and peanuts.

IN EVANT

The opening of a new Thankful Season is making a rainy day take second fiddle at Evant.

THINGS LOOKING BRIGHT

All the grain in, sick folks improving and the outlook better for the reporter being "remarried to her typewriter" gives a home run a good slide in for all that.

The suppers at Evant United Methodist Church brought more of the Evant citizens together and more visitors from near by towns than any event lately. On Saturday evening a "three turkey supper" was about drowned while friends all engaged in work and fun together.

For the musical contest, we had the Pearl Quartet at its very best.

Included are Mr. Morgan Mc-Neil, Burnet, Mr. Tully Ballard, Mrs. Monroe Withers and Mr. Earl Hampton. Even the singers enjoyed their reunion as the McNeils had moved away since last year.

They had an "imported" pianist from Pottesville to creditably accompany them. (Even if she did compliment this column, she will find one memory failed to write the name

down and now it is gone.) The Sunday night Thanks-giving service sealed the opinion that much better Sunday night services can be had if it was a union service each week. Nearly one hundred people enjoyed the message by Rev. Jerry Seales from the parable of feeding the multi tudes.. Applying the illustra-tion to present day life, Rev. Seale admonished his hearers to not "go away" or make excuses, but use the resources which are always available in the Master's strength.
