

Fred Koch Home Best Dressed

Christmas Decoration Winners Announced

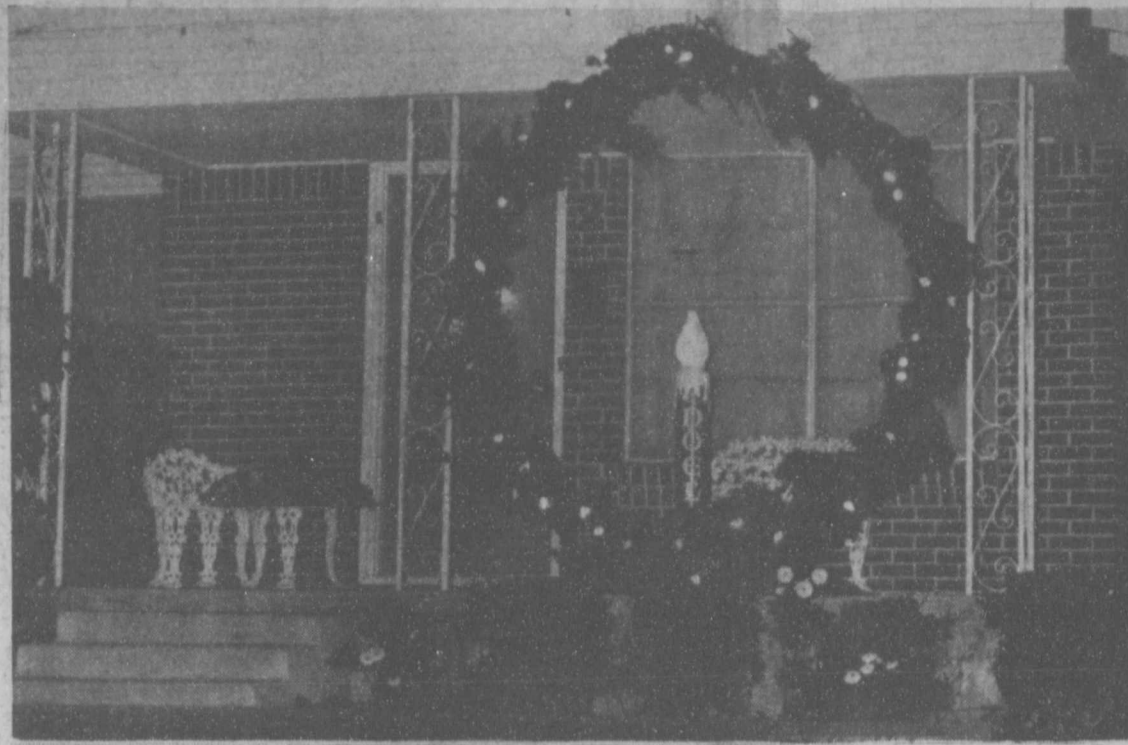

The Fred Koch Jr. home at 1506 Bridge Street took top honors in the 1969 holiday home decoration contest sponsored by the Gatesville Chamber of Commerce.

Entries won high praise from visiting judges, Mr. and Mrs. Henry Fagg and Mr. Hackney all of the McGregor Chamber of Commerce. Mrs. Raymond Leonard was hostess for the judging tour.

Competition in this year's contest was keen and much decorative effort was displayed by the twelve entering Gatesvilleites; said a Chamber official.

Taking second place laurels was the home of Mr. and Mrs. Harrison Gillette of 132 North 28th street. The home of Mrs. A.K. Arnold at 501 North Lovers Lane was named at 3rd place.

The Chamber of Commerce awarded cash prizes of \$25, see HOLIDAY DECORATION page 4

BEST DRESSED HOME FOR 1969 was that of Mr. and Mrs. Fred Koch of 1506 Bridge Street. The focal point of the decoration was a large greenery Yule wreath with a candle bearing "Noel" in the center of the circle. The clever decorating netted this year's grand prize of \$25 and lots of happy eyes that beheld the Christmas display.

PERSONAL GREETINGS are extended to the passer-by from the A.K. Arnold household at 501 N. Lovers Lane. The 3rd prize winning entrant features the king-size Christmas greeting from the family and a striking outline of red lights against the white brick of the Spanish styled structure.

2nd PRIZE WINNER, the Harrison Gillette home at 132 N. 28th Street warmly depicts Christmas cheer. The garage door is beautified by a huge Santa face depicting the joyous old man who brings Christmas goodies to all. The modern home is outlined in multi-colored lights and what else could be in a window box but a small Santa, sleigh and eight tiny reindeer.

HOLIDAY TRAFFIC DEATHS ESTIMATED AT 87

AUSTIN—The director of the Texas Department of Public Safety today estimated that traffic crashes in Texas over the Christmas and New Year holiday periods may claim as many as 87 lives.

Colonel Wilson E. Speir said 54 deaths are expected in the Christmas period beginning at 6 p.m. Christmas Eve to midnight Sunday, December 28. It also is estimated 33 traffic deaths will occur during the New Year holidays from 6 p.m. New Year's Eve to midnight Sunday, January 4.

"We urge each individual driver to accept the challenge of proving our estimates are

too high" Speir said. "Many holiday accidents can be prevented if Texans will drive safely and realize that no one is immune to a traffic crash."

Speir also announced that the Department of Public Safety will place all available patrolmen on the highways during the holidays to enforce the law and aid motorists. He said a special "Operation Motorcade" would be in effect over both holiday periods, during which periodic tabulations of traffic fatalities will be made and given the widest possible dissemination in order to focus public attention to the added dangers involved in holiday travel.

Nine criminal cases are slated for trial in Judge Truman Roberts 52nd District Court Monday December 29 at 9:00 a.m.

The nine include three theft

Voters And Tax Payers Ahead

Of Jan. 31 Deadline

County Tax Assessor Collector, Jack B. Whigham reports that 65.5% of county, school and state taxes have been collected with 40 days still left before delinquency charges are tacked on.

Christmas time usually slows the tax receipts at the tax office but this season payments have been steady through this point in the year season.

Whigham reports that 2492 voters have registered in the Gatesville offices for elections in 1970. Copperas Cove is below normal voter registrations with only 789 registrations. Whigham indicated that the Cove voters usually register over 1,000 in the month of January.

Town To Observe Yule Season

The Christmas Season will be observed by the entire city as most businesses plan to close for the Yule activities Dec. 25.

The Coryell County Courthouse will be closed Christmas Day and December 26 to give the employees a 26 day holiday.

For the New Year the courthouse is to be closed only Jan. 1 with business as usual all over the county.

Schools let out Dec. 19th and will remain closed through Jan. 4. During this time of the year school age children will be on our streets so drive with care.

NINE TRIALS SET FOR 52ND. DISTRICT COURT DEC. 29

vehicle in connection with a June 22 accident, Reba Cowan will be tried for murder with a motor vehicle in connection with a June 2 auto crash.

Simon Garcia faces charges of assault with intent to murder in connection with an assault on a fellow inmate at the Mountain View School for Boys in September of 1969.

Below is a list of Petit Jurors for December 29, 1969: Mr. Ray Rhoads, Mr. Cleburn McCarver, Mr. R.L. Homan, Mr. John D. Schloeman, Mr. Lonnie Donaldson, Mr. Marshall J. King, Mr. Billy Pollard, Mr. C.N. Worthy, Mr. Wm. Earl Blanchard, Mr. El-Hs Fairchild, Mr. O.C. Henderson, Mr. Stanley Edwards, Mr. A.C. Bynum, Mr. Leon Lofland, Mr. C.D. Blackburn, Mr. Jack E. Edwards, Mr. Jim Gilbreath, Mr. Tom J. Kennedy, Mr. Walter T. Hix, Mr. Curtis Logan, Mr. J.T. Davidson, Mr. Robert Hord, Mr. Tom S. Miller, Billy Landua, Mr. J.D. McCauley, Mrs. W.E. Gatlin, Mr. Billy F. McGlothlin, all of Gatesville.

Robert Weidinger, Mr. Henry Jost, Mr. Charles Hatter, Mrs. Willene Anderson, Mr. Melton Kunkel, Mr. John E. Sanner, Mr. Delbert Millsap, Mr. A.R. Wallace, Mr. Thomas W. Sexton, Mr. Albert Nichols, Mr. Travis Ballard, Mr. Russell W. Smith, Mr. Jimmy Wood, Mr. Roma W. Pemberton, all of Copperas Cove.

Mrs. Mayhew Watson of Jonesboro, Mr. Fred G. Lee, and Mr. Fred J. Grubb of Purlmea; and Mr. Wayne Parrish of Evant.

His ship participated in various NATO exercises while overseas.

Newman K. Perry is armed with anti-submarine rockets (ASROC), anti-aircraft guns and torpedos. Its primary responsibility has been that of providing anti-submarine support for one of the two attack carrier striking groups of the Sixth Fleet in the Mediterranean.

Evant Will Make Application For F.H.A. Housing Units

"We were talking about ten units," Stephens reports. He estimated "It could be more, but I don't think it will be less than ten."

The Evant group is the third Coryell County group to begin a housing project. Turnersville has just completed a five unit project and Jonesboro is moving ahead on a six unit project.

The Evant group selected Jack Elam as chairman of the project at the meeting. Memberships in the corporation are now on sale in Evant. The steering committee at Evant will conduct a survey in the near future to determine the number of units and size of units to be built.

The Jonesboro Housing Authority has now sold 45 memberships in its organization and is moving ahead on two other phases of the project. Stephens met with the Jonesboro group Tuesday, December 16, to work out details for filing for a corporation charter with the state.

The Jonesboro six unit project is expected to be brick veneer three bedroom homes designed similar to the Turnersville Housing Project.

The Jonesboro H.A. has secured an option to buy a site for the units from Mayhew Wat-

son, northwest of the intersection of Hwy. 36 and F.M. 1602 in Hamilton County.

A group of Evant citizens voted last Thursday night to organize a non-profit housing authority corporation and begin planning for a Farmers Home Administrative housing

PALMER JOINS ALPHA CHI SCHOLASTIC FRATERNITY

Waco, Tex.--Joe Lloyd Palmer, a Baylor University student from Gatesville, is one of 131 new members recently initiated into the Texas Gamma Chapter of Alpha Chi, national honorary scholastic society at Baylor.

Palmer, son of Mr. and Mrs. Cary Palmer of South Lovers Lane, is a senior earth science major at Baylor. He is a 1966 graduate of Gatesville High School.

Each year the Baylor chapter of the national organization calls attention to the importance of personal scholarship by selecting for membership those ranked in the top five per cent academically from among junior, senior law and graduate students.

The general objective of the

society is the stimulation, development and recognition of scholarship and those elements of character that make scholarship effective.

The 85 chapters of Alpha Chi are in 27 states, but are centered primarily in the Southwest. Although the national constitution extends membership to the upper 10 per cent of the eligible classes, the Baylor chapter limits selection to the top five per cent.

Dr. Harold Osborne, Baylor professor of sociology, is the faculty sponsor. He conducted the initiation ceremony that preceded a banquet honoring the new members. Speaker for the banquet was Dr. Herbert H. Reynolds, Baylor Vice-President for administration and research.

JUDGE STORM NOMINATED TO HEAD CTCOG BOARD

Sgt. Parrish Keeps The Worlds Largest Aircraft Flying

Altus, Okla.-- Keeping the world's largest aircraft in flying shape will soon be the job of Technical Sergeant Edgar B. Parrish, son of Mr. and Mrs. R.E. Parrish of 202 Leon St., Gatesville, Texas.

The first operational C-5 Galaxy, huge jet transport that experts say will revolutionize military air transportation, was delivered Dec. 17 to the Military PARRISH page 6

Ag Agent Receives Inquiries on Spider Mites

There has been numerous inquiries about the control of red spider mites in small grain in Coryell County.

Mite damages is more severe in grain growing on land which was planted to small grain in previous years. Crop rotation with crops other than small grains reduces infestations. The mites are very small ranging in 1/32 to 1/16 inch in length. The adult red spider mite has 4 pair of reddish-orange legs and the body is dark brown with a bluish cast. This pest feeds primarily at night remaining around the base of the plant during the day. Early morning or late afternoon will be the best time to check small grain fields for these mites said Don Callahan, County Agricultural Agent.

For control of these use of Parathion, the use of 1 1/2 to 2 1/2 pints per acre, Malathion of 80% one and one half to two pints per acre are recommended.

Where small grain is grazed all livestock should be removed for 7 days with Malathion and 15 days with use of Parathion. Malathion is less effective than parathion, but maybe used where a less toxic material is preferred.

to head the six county organization.

The committee selected Judge Norman Storm of Coryell County as president, Judge William C. Black as vice-president and Judge R.L. Northridge as Sec.-Treasurer.

The nominations report was made at a Friday Dec. 19th meeting in Killen.

The slate of new officers will be offered to the general membership at the Annual Membership Meeting on Jan. 8, 1970. The members will vote on the officers during the Annual meeting at the Killen City Hall.

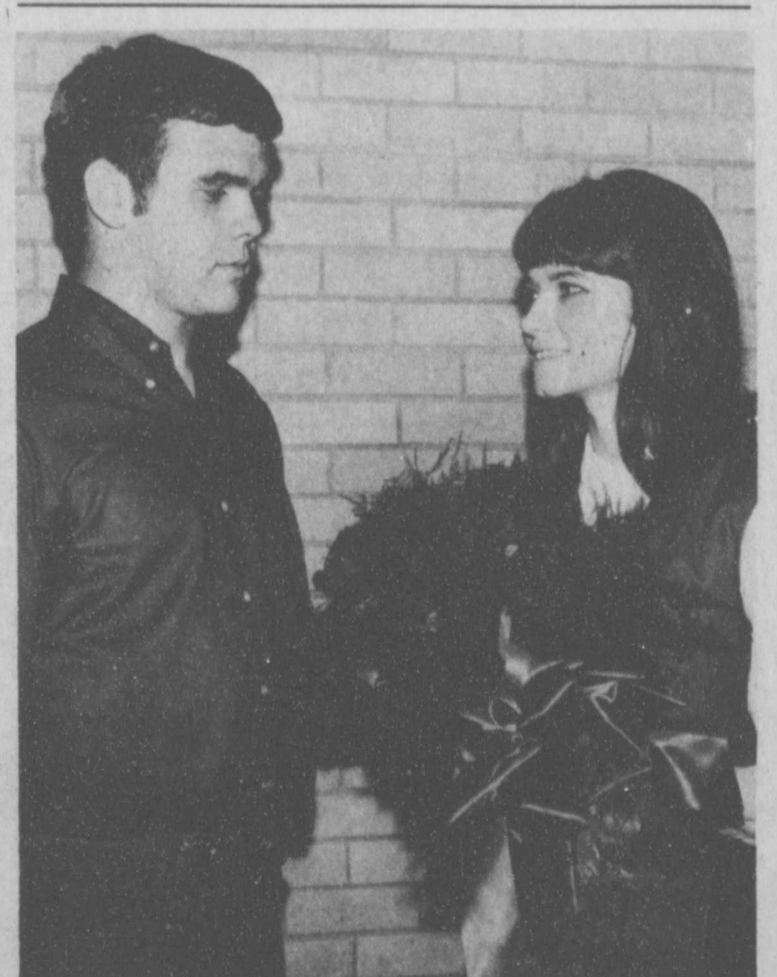

HECO Class Holds Appreciation Dinner

Members of the Home Economics Cooperative Education class of Gatesville High School were hosts to their employers at an appreciation dinner at the Chateau Ville Restaurant Thursday, Dec. 18. Class President Al Pearce served as master of ceremonies. Table decorations of red candles, holy and fruit adorned the tables, and placemats, place-cards and napkins carried out the holiday theme.

Class members and employers present were: Sandra Ayers and Ann Bankhead, companions to the elderly, with Mrs. Bernice Wittie, owner, and Mrs. Lloyd Brown, LVN, Riverside Nursing Home; Aurelia Flores food service employee, and Mr. and Mrs. Gomer Grant, owners Snak Shack; Glenda Franks, dietitian aide, and Penny Spencer, companion to the elderly with Mrs. Robert Fisher, kitchen supervisor, Mrs. Mryl Kirby, administrator, and Mrs. Wanda Mensch Turner, owner, Mensch Nursing Home, Detsy

King, food service employee with Mrs. Joan Wilson, owner Joan's Cafe; Delores Logan and Linda Bankhead, food service employees, with Mr. and Mrs. Dennis Johnston, owners, Dairy Queen; Denella Paxton, clothing assistant, with Mrs. James Munday, owner, Martin Cleaners; Jeannie West, dietitian aide and Margaret Norfleet, companion to the elderly, with Mrs. J.M. Moody, nursing supervisor, Gary Marwitz, administrator Rotunda Convalescent and Retirement Facility; and Al Pearce, floral design assistant with Mrs. Mat Jones, owner, and Mrs. Frank Cohagan, Graves Florist. Other guests of the class were Mrs. Eva Bates, high school counselor and chairman of the advisory committee of the Home Economics Cooperative Education program; Dale White; and Mrs. Laura White, teacher-coordinator of the class. Dennis Johnston and Gary Marwitz also serve on the advisory committee with Mrs. Bates.

Miss Prock Is Choir Sweetheart At GHS

The Gatesville High School Choir presented the GHS Christmas Program last Friday for the student body and faculty. During the program the Choir president Gene Brazier (left) announced Brenda Prock, daughter of Mr. and Mrs. H.W. Prock as the Choir Sweetheart for 1969.

Miss Prock was presented with a bouquet of red roses at the program. Jean Jackson and Andy Kopec were nominees for Sweetheart this year.

George Jageler Jr., President of the Coryell Co. Farm Bureau and Bob Harrington, Agency Manager for Farm Bureau Ins. are shown presenting Melvin Hortin, Fire Chief of the Evant Volunteer Fire Dept. with a \$75.00 check from the Texas Farm Bureau Ins. Co.'s. It is presented in appreciation of the Evant Fire Dept. answering a call to the E.L. Hudson farm when his barn burned recently.

THURSDAY, December 18 the Annual Staff held their Christmas party at the Chateau Ville Restaurant.
Mrs. Dowell, sponsor of the Annual Staff was presented with eight ruby goblets, as a Christmas present from the staff.
To top it all off the annual staff enjoyed the exchanging of gag gifts.

Summer Job Guide Available At

High School Library
High School Seniors, college students and teachers who want summer jobs can get the latest information from the new 1970 edition of "Summer Employment Directory of the United States" just received by the library.
Employers throughout the

United States and Canada list their 80,000 summer jobs openings at resorts, summer camps, national parks, summer theaters, ranches, and restaurants. Applications are invited now.
Camp counseling jobs in the many, varied specialties are again the most plentiful. There is an increased interest over last year in gymnastic, American Red Cross water safety, advanced first aid and water ballet. Office personnel are in demand, as are drivers for ice cream routes and salesmen for direct selling. Nurses are sought at resorts as well as summer camps.
Also needed are waiters, waitresses, service help and numerous others—where tips are heavy; designers, technicians, actors, musicians at summer theatres; special education students at camps for children.

Unusual jobs include a teacher for course in black history, female navigator of a 34 foot auxiliary sloop, and a consultant to a burro.
Most salaries are up \$100 to \$200 for the summer season. Good cooks can almost name their salary; bus drivers in Chicago make \$4.15 an hour.

Detailed information on specific job openings and where to apply is contained in "Summer Employment Directory of the United States." The 1970 edition can be purchased at \$4.95 through any book store or from National Directory Service, P.O. Box, 65, Cincinnati, Ohio, 45232.

Coryell County Jehovah Witnesses Attend Semi-Annual Convention

Many Coryell County delegates made preparations to attend the semi-annual Circuit Convention of Jehovah's Witnesses at the Civic Auditorium in Bryan, Texas, Dec. 19-21, according to Michael Palacio, local presiding minister of the group.

The assembly's theme was "Right Kind of Ministers", and emphasized the need of ministers to return to the sound and truthful teachings of God's Word.

"When we read in the newspaper and view on television Ministers of today adopting the 'God is Dead' theory, dabbling in politics, participating in national unrest, advocating premarital relations, and even marrying persons of the same sex in their churches," Palacio remarked, "then we are convinced that people are in desperate need of the 'Right Kind of Ministers.'"

At this three day Bible discussion were delegates from all over Central Texas, with upwards of 800 in attendance. Due to the assembly schedule, Mr. Palacio announced that the local meetings of Jehovah's Witnesses will be cancelled this week.

SEN. YARBOROUGH CONSIDERS ABM LEGISLATION TOP MOVE IN 1969

This will be my last report to Texans this year and I would like to take this opportunity to look back over 1969 and review some of the Senate's achievements which I believe most significant.

I believe the single most significant Senate action this year was our approval of the Safeguard Anti-Ballistic Missile System. Installation of the ABM system will protect our land-based nuclear deterrent force. Horrible as it is to contemplate, this nation's capability to devastate any aggressor nation which delivers a nuclear attack upon us does provide us with a high degree of assurance that such an aggressor nation will refrain from launching any such attack. It may well be that our deterrent capability has already averted holocaust or that it may do so in the near future. This is why I believe it is crucial that we maintain our deterrent and that we protect it against any possible nuclear attack designed to neutralize it.

Because of my belief, I did everything within my power this

year to assure Congressional approval of the Safeguard ABM system and to obtain funds with which to begin its installation. I was honored to have been asked to lead those of my party who supported ABM during the Senate debate on the authorization measure and I was gratified that we were successful on this significant though controversial matter.

Another significant action of Congress this year was that which enabled the Administration to put into effect an equitable and fair method of random selection of our young men for selective military service. Congress is expected to consider comprehensive revision of our military draft laws next year; but this year's action enabled the President to institute by executive order all of the needed changes.

I was practically pleased that the President is instituting a youngest first system which will no longer require our young men to be subject to the whims of selective service for seven long years. The uncertainty

of military service over such a long period of time can frustrate a young man's best laid plans for his future.

I have worked for a youngest first selection system, similar to the one which the President is instituting, since I first introduced legislation in this regard on June 3rd of 1968, over a year and half ago.

I am confident that any comprehensive draft reform legislation in this regard on June 3rd of 1968, over a year and half ago.

I am confident that any comprehensive draft reform legislation which Congress passes first concept. If Congress fails to pass draft reform legislation, however, our young men will still be eligible for selective service for only a 12-month period effective in 1971.

Now let me turn to the recent tax bill passed by the Senate. I voted against final passage of the bill because I felt that overall, the bill was extremely inflationary. I felt that the tax reductions, and the increase in social security which the bill was amended to provide, would actually soon be eaten up by the rising living costs which the legislation would foster. I felt that the apparent tax relief included in the bill was only illusory and that in the long run, the bill would spawn a new round of inflation and that the result would be an actual loss in the amount of goods and services that we as individuals would be able to purchase with our hard-earned money.

There were however a few aspects of the tax bill which I had strongly supported and which I believe are needed. For example, I co-sponsored an amendment which would allow a tax credit of up to \$325 for any taxpayer paying tuition and fees of a student at any college or university. This measure would not only greatly benefit the individual taxpayer suffering the financial burden of sending his children through college; but it would also constitute the channeling of funds into educational facilities without bureaucratic interference and red tape.

Another significant piece of legislation passed by the Senate this year was the Housing Act of 1969. As ranking Republican of the Senate's Housing and Urban Affairs subcommittee, I played a part in the formulation of that legislation. I believe that it was important that the Senate approved the essence of an amendment I offered designed to insure that the Department of Housing and Urban Development would not be barred from the utilization of new technology being developed in the housing industry in the construction of federally-assisted, good quality, low cost, housing. Only this past week HUD, announced the finalists in a nationwide competition the department has been sponsoring designed to encourage the housing industry to come up with new and imaginative innovations which will facilitate the construction of a large amount of good standard housing which is needed throughout our nation. This competition is called "Operation Breakthrough." I believe it is vital that the new technology encouraged by "Operation Breakthrough" actually be utilized and that is why I offered my amendment.

There has been other achievements of this Congress, but I feel that the ones I have mentioned here are of particular importance.

I will resume my weekly reports to Texans next year shortly after the Senate reconvenes from its brief Holiday recess.

But until that time, this is your United States Senator, John Tower, urging you all to drive safely over the holiday season and wishing you all a very Merry Christmas and a very Happy and productive New Year.

Shop Gatesville

Tower Says Exemption Increase, Major Breakthrough

We have scored a major breakthrough in the United States Senate for the individual American taxpayer. The Senate has passed an increase in the personal exemption on income taxes. This increase will raise the present exemption of \$600 per person per year up to \$800 per person in 1971.

This has passed the Senate, it must still be approved by the House of Representatives. This increase was added as an amendment to the tax reform bill by Senator Albert Gore of Tennessee and me.

Since I first entered the Senate in April, 1957, I have been working to get an increase in the personal exemption. I have offered bill after bill but have been unable to get this passed. This year again I had a bill to increase the personal exemption from \$600 per person per year to \$1200. The Senate didn't agree. So, Senator Gore and I offered another amendment to increase personal exemption, from \$600 a person per year to \$1000 a person per year. We saw that we didn't have the votes so we accepted an amendment to cut back to \$800 per person per year.

At least this will give some measure of relief to every person who pays income taxes. It's not an amendment for a special interest group, a corporate group, as so many amendments of this bill are. This is an amendment for the people.

The Yarborough-Gore amendment has another very important feature. The amendment lets the taxpayer deduct \$1,000 from his income before he starts paying taxes. This \$1,000 deduction from his income is in addition to the personal exemption of \$800 per year.

Under the Yarborough-Gore amendment, a family of four would not have to pay any income tax for 1970 if the income was below \$3,800. In 1971, the income can be up to \$4,200 for a family of four without any taxes. This means immediate, direct relief for low income families. Middle income families will benefit from this amendment, too. A family of four with a modest income can also deduct \$3,800 in 1970 and \$4,200 in 1971.

Another very important feature in the tax reform bill which we have voted in the Senate is the 15 percent increase in social security payments.

only in the newspaper . . .

is there such a great reliance for shopping and buying information. Only in the newspaper does advertising share this reliance.

Dozens of independent surveys show that customers rely on newspapers five, ten and even 20 times more than on any other media.

And in this market, more families rely on this newspaper for shopping information than on all other forms of communication combined.

LATE DATE... Well its a later date so I guess I'll tell you fine folks a bit about Mexico.

The trip to Monterrey was a memorable one and a fascinating journey to a completely different world. The moment a traveler crosses the border between the States and Mexico the fact that he is in a different land hits him as hard and as loud as the honking world that is Mexico.

We stopped in San Antonio to take in the Texas Culture Museum—a must for any loyal Texan and anyone in general! The bottom floor of the Hemistair leftover is cramed with a display of Tom Lea's paintings and works. The author-painter focuses his work on the old west and life in the west of today.

From desert to mountains and at their foot—Monterrey—a bustling industrial city of over one million people. Perhaps the most striking difference in the Mexican metropolis and one of Texas' cities was the driving—especially noticeable to my husband who is in the highway patrol here. It seems it makes no difference how wide the path the Mexicans try to squeeze the more car into the already packed avenue—and speed while squeezing through a lane wide enough for a Volkswagon in a dump truck.

A welcomed change of pace was the quiet calm of Horsetail Falls, high above the Monterrey area and about 23 miles south of the city. If you should travel to Monterrey don't miss the falls. It's like alka-seltzer to the frayed nerves of Americans!

DID YOU SEE SANTA?... Did you good folks see that jolly fat ole man walking the downtown area Saturday? Why it was jolly old Santa Claus! There were delighted eyes left and right as the visitor from the North Pole spread cheer and candy to young and old alike.

Santa returned to the frozen north Saturday night for the late rush to get all those toys for, girls and boys packed in his oversized sleigh!

Have no fear--we'll be seeing more of Santa!

Wesleyan Guild Holds Christmas Party

The Wesleyan Guild of the First United Methodist Church sang Yule carols as part of their club's annual Christmas party activities December 16.

Twenty four members and two guests gathered at the home of Miss Orpa Mayo at 7:30 p.m. for the yearly get-together.

Other hostesses were Kate Holt, Elsie Whittenberg and Bernice Sims.

Peggy Ashby gave the Christmas Story from scripture for the lesson. As devotional Bernice Sims presented a Christmas poem.

Miss Orpa Mayo played "Jesus Bambino" and foreign carols for special piano music at the party. The group sang Christmas carols.

Attending the party were

Mesdames Nellie Sheldon, Mary Brumbalow, Mable Balch, Fannie Huckabee, Sarah Gomez, Gladys Saunders, Mary Lou Geyer, Lou Ellen McElvaney, Bess Stover, Doris Nichols, Ruth Huckabee, Sybil Marlin, Sara Lane Dyche, Allie Sawyer, Vera Collier, Florence Lehberg, Rosa Belle Miller, Elsie Whittenberg, Peggy Ashby, Bernice Sims, Kate Holt, Misses Leta Bennett, Molly Montgomery and Orpa Mayo. Visitors at the occasion were: Miss Joe Lee and Miss Bess Chapman.

Dear Santa,
I am 3 3/4 years old and I want a talking book of Charlie Brown and some play dough. I've tried to be good this year but sometimes its been hard. Don't forget my baby sister, we will leave cookies under our tree for you. Don't forget the other little boys and girls.

Your little friend
Terri Michelle Moore
205 Franklin
Gatesville

Dear Santa,
I am only one year old but my eyes get big when I see you. I won't a rocking chair and a soft baby doll. I've tried to be good this year. Don't forget my big sister Michelle and the other little boys and girls.

Your little friend
Anne Melissa Moore
205 Franklin St.
Gatesville

Dear Santa,
My name is Keith and I am 8 years old. I have tried to be a good boy this year. For Christmas would you please bring me a bicycle, a set of walkie Talkie and a B.B. gun? Don't forget all the other boys and girls.

Love,
Brian Keith Smart
Route 1
Gatesville, Texas

Dear Santa,
I am three months old and looking forward to my first Xmas.

I would like a little color TV, for my room as I watch TV all day while I stay with my baby-sitter and my mommy and daddy works. And lots of colorful baby food.

Chris Douglas Vernon
241
Gatesville, Texas

JOHNNY THE WORK SKIPPER... Don't know if you good folks know it but Johnny has really out done himself on inventions. The latest is termed by the inventor himself as "Sleigh and Eight Tiny Reindeer." The invention is a huge wire basket atop a flat piece of tin. The wire basket is used for trash at the "Pounded Rosa"—the Johnny Joneses place on Rt. 1. Anyway, when David and I arrived in Gatesville we went out to the PR to check on our horse, Decem 6. Much to our surprise we found Johnny pulling the wire basket on the tin sled behind a car.

The 8 tiny reindeer idea is pointed at moving the trash that it will not burn to the heap on the backside of the place.

THANK YOU LILLIAN VIDLER... My thanks goes to Lillian Vidler for a job well done in taking my place in the GLANCE column for the past two weeks. The News enjoyed having an old friend back with us and working with a talent like Lillian. Thanks again VIVIAN LIDLER!

LEAGUE CITY VISITORS IN GATESVILLE... The Frank Cohagan's of Gatesville welcomed Yule visitors Friday night in Gatesville. The home-comers, the Max Blansits of League City, traveled to Hamilton to see Mr. Blansits mother Mrs. Roy Blansit.

The Cohagans were happy to see them return to Gatesville today for a stay through Christmas.

STUDENTS HOME FOR CHRISTMAS... Gatesville put on quite a bit of weight this weekend with the arrival of "homing" college students. Most schools of higher learning closed their doors at some time last week—at least by Friday.

The bustling traffic around our city tells the story—students are home from college, high school, the military or their job away from home. Their homecomings are one reason for the happy expressions I saw this week on parent faces.

Homes in the area have taken on that warm holiday glow to welcome home loved ones and friends. With pleasant visits and "pleasanter" visitors I feel certain that the Christmas spirit is prevailing in Gatesville. If you have visitors, be sure to let us know about your guests.

WEDDING BELLS ARE IN THE AIR... Wedding bells will ring for a local couple this week in Gatesville. Miss Colleen Coward and Joe Palmer will exchange wedding vows in the First Baptist Church of Gatesville, Tuesday, December 23. Miss Coward is the daughter of Mr. and Mrs. Milton Coward of Rt. 3, Gatesville. Palmer's parents are Mr. and Mrs. Cary Palmer of the city.

Miss Short And William Harrison Marry In Wimberly

Miss Susan Lynn Short became the bride of William (Bo) Harrison in a single ring ceremony at the First Baptist Church in Wimberly on Nov. 29. Officiating was Rev. J.B. Young.

Parents of the couple are Mr. and Mrs. Doyle Dale Short of Wimberly and Mr. and Mrs. Eugene Harrison of San Marcos.

The bride's grandparents are Mr. and Mrs. Carl Eubanks and Mr. and Mrs. Claud Short all of Gatesville. The bride's mother is the former Miss Billie Margaret Eubanks.

Soloist was Ty Harrison, brother of the bridegroom, who was accompanied by Miss Sue Haney.

The bride who was given in marriage by her father, wore a gown of pale ivory pea de soie styled with a fitted bodice and long bishop sleeves. A set-in midriff noted the tiny waist and introduced the flared "A" skirt. Reembroidered Alencon lace, jeweled with seed pearls and crystal beads, flowered the yoked bodice and extended down the skirt. From a wide silken bow, the detachable train swept to chapel length.

Jeweled lace petals held her full silk illusion veil and she carried pale yellow and white tea roses centered with a yellow throated orchid on a white Bible which belonged to the bridegroom's grandmother.

Miss Cheryl Short of Wimberly was maid of honor and bridesmaids were Miss Margaret McCoy of Lampasas, cousin of the bride, and Mrs. Jack Carson of San Marcos.

The attendants wore formal gowns of moss green silk linen with matching headpieces. The dresses had bows in the back with slight trains and the elbow length sleeves were trimmed in ivory lace. They carried nosegays of yellow chrysanthemums.

Flower girls were identical twins, Judy and Janet George, cousins of the bride. They are the daughters of Dr. and Mrs. William George of Houston. They wore formal dresses of pea de soie with ivory lace elbow length sleeves, matching head bows and carried nosegays of yellow chrysanthemums.

Best man was Gene Harrison of Tomball, brother of the bridegroom, and groomsmen were Richard Harrison of Sequin, brother of the bridegroom, and Melvin Martin of San Marcos, the bridegroom's brother-in-law.

Ushers were Leslie Harrison of San Marcos, brother of the bridegroom, Tom Norris of San Marcos, and H.J. Steakley Jr., Zollie Steakley, Dan Steakley and Mike McCoy, cousins of the bride.

The reception was held in the church annex following the ceremony. The bride's table was overlaid with white net over a white cloth and was centered with silver candelabra and the bridesmaids' bouquets. The bride's cake was iced in white, topped with a bride and groom and was decorated with swans and yellow roses. The bridegroom's table was covered with a gold cloth with a brass candelabra and held a German chocolate double horse shoe cake with sugared grapes.

Miss Kay Gordon of San Marcos was in charge of the bride's book. Mrs. H.J. Steakley Jr., Miss Jane McCoy, Miss Cindy Franklin and Mrs. Cary Young presided at the bride's table. Serving at the bridegroom's table were Mrs. Melvin Martin sister of the bridegroom, Mrs. Leslie Harrison, Mrs. Richard Harrison and Mrs. Gene Harrison. Distributing rice bags from a moss green rice bag tree were Mrs. Frank Thompson and Mrs. Charles Stevens.

For her wedding trip, the bride wore a grey ensemble with black patent accessories and an orchid corsage.

The couple is living in Wimberly. Both are San Marcos High School graduates and are attending Southwest Texas State University. The bridegroom is presently employed at Gary Job Corps Center.

Mr. and Mrs. Eugene Harrison, parents of the bridegroom, hosted a rehearsal dinner for 25 guests at Hill Restaurant in San Marcos on Nov. 28. The table held an arrangement of carnations and chrysanthemums.

MRS. WILLIAM HARRISON

...Holiday Decoration

\$15, and \$10 for the cities best-dressed homes for the Yule season.

Honorable mention winners were the Jeff Warren residence at 2501 1/2 Bridge Street, the Jacob Wertz home at 2311 Bridge Street and the Dennis Johnston residence at 2501 Lowrey Drive.

Other entrants were the Don C. Allison home at 2706 Jackson Drive, John and Jeff Davidson home at 2415 Oak Drive the R.L. Homan home at 2416 Oak Drive, the George Tull home at 2421 Oak Drive, the Dennis Cummings residence at 118 Hilcrest Drive and the Charles Wise home at 327 West Main Street.

All of the homes are Gatesville's best-dressed. See them for a memorable Christmas spirited evening!

Evant Driver's Ed

The Evant High School driving class graduated five of its members last week with the completion of their driving test at the Department of Public Safety Office in Gatesville. Pictured above left to right are: David Michael, Fred Weaver, Larry Braziel, Bob Gerba, Jackie Calvert, and L.L. Prudin, instructor.

...Parrish

tary Airlift Command (MAC) at Altus AFB, Okla. where Sgt. Parrish is a jet aircraft technician. He will support aircraft used to provide C-5 aircrew flight training. He participated in the ac-

ceptance ceremonies that also commemorated the Dec. 17 anniversary of the first powered flight by Orville Wright at Kitty Hawk, N.C. in 1903. The Galaxy is so large that the first time Sergeant Parrish walks the length of the cargo compartment, he will have trav-

eled farther than Orville Wright flew on his historic first flight of 120 feet. The C-5's main cargo section is 121.1 feet long. If asked to help move the giant jet into the center of an average open-end college football stadium, the sergeant would have to be very careful. Its 247-foot length would overlap the 10-yard lines, its 223-foot wing span would extend beyond the front row seats on both sidelines and the top of the 65 foot tail section would be above the eye level of upper deck fans.

Use of the Galaxy by MAC will mark the first time the Air Force will have the capability of airlifting Army units with all their combat equipment, including tanks, heavy equipment and vehicles. The C-5 is capable of transporting nearly 99 per cent of the equipment of an Army division. For rapid deployment around the world, the Galaxy can carry 350 fully equipped troops and, with the addition of a third deck, can double this number.

Incorporating some of the most advanced technology in aviation history, the C-5 has an automatic trouble-shooting system that monitors some 800 check points to forewarn of possible malfunction. It can be operated from short unimproved airfields. Landing gears on the 28 wheel aircraft can be retracted so that the plane can "kneel" in three different angles for easy cargo loading and unloading. An automatic terrain-following radar system permits "tree top level" flight to avoid enemy radar and assure safe approach to and departure from air drop and landing zones in rough terrain, even at night and in bad weather.

Powered by four gigantic new engines that produce a combined 44,400 pounds of thrust, compared with 3,000 pounds thrust of early U.S. jet fighters, the Galaxy can carry a maximum payload of 132.5 tons, utilizing both upper and lower decks. It can speed 110 tons a distance of 3,000 nautical miles in seven hours or 56 tons, 5,500 miles in 12 and one-half hours. The C-5 has a cruising speed of more than 500 miles an hour and is capable of being refueled in flight. Sergeant Parrish is a 1952 graduate of Jonesboro (Tex.) High School.

ceptance ceremonies that also commemorated the Dec. 17 anniversary of the first powered flight by Orville Wright at Kitty Hawk, N.C. in 1903. The Galaxy is so large that the first time Sergeant Parrish walks the length of the cargo compartment, he will have trav-

eled farther than Orville Wright flew on his historic first flight of 120 feet. The C-5's main cargo section is 121.1 feet long. If asked to help move the giant jet into the center of an average open-end college football stadium, the sergeant would have to be very careful. Its 247-foot length would overlap the 10-yard lines. Its 223-foot wing span would extend beyond the front row seats on both sidelines and the top of the 65 foot tall section would be above the eye level of upper deck fans.

Use of the Galaxy by MAC will mark the first time the Air Force will have the capability of airlifting Army units with all their combat equipment, including tanks, heavy equipment and vehicles. The C-5 is capable of transporting nearly 99 per cent of the equipment of an Army division. For rapid deployment around the world, the Galaxy can carry 350 fully equipped troops and, with the addition of a third deck, can double this number.

Incorporating some of the most advanced technology in aviation history, the C-5 has an automatic trouble-shooting system that monitors some 800 check points to forewarn of possible malfunction. It can be operated from short unimproved airfields. Landing gears on the 28 wheel aircraft can be retracted so that the plane can "kneel" in three different angles for easy cargo loading and unloading. An automatic terrain-following radar system permits "tree top level" flight to avoid enemy radar and assure safe approach to and departure from air drop and landing zones in rough terrain, even at night and in bad weather.

Powered by four gigantic new engines that produce a combined 44,400 pounds of thrust, compared with 3,000 pounds thrust of early U.S. jet fighters, the Galaxy can carry a maximum payload of 132.5 tons, utilizing both upper and lower decks. It can speed 110 tons a distance of 3,000 nautical miles in seven hours or 56 tons, 5,500 miles in 2 and one-half hours. The C-5 has a cruising speed of more than 500 miles an hour and is capable of being refueled in flight.

Sergeant Parrish is a 1952 graduate of Jonesboro (Tex.) High School.
