RALPH YARBOROUGH'S WASHINGTON REPOR

When I became chairman of the Senate Health Subcommittees in January of last year, I reported to you of my concern about the health care in this nation. I said that while have excellent medical know-how, we are not getting good health care to the peo-I took the job because I ple. wanted to do something to improve the health care of all Americans. During the first session of the 91st Congress, introduced 10 major health bills. Now that the first session is over, I would like to report on the progress of these helath bills. health bills.

Six of these bills have passed the Senate. The most recent health bills to win Senate approval was my bill on Migrant Labor Health Care---important because so many of the migrant farm workers in America are ill. They have 17 times as much tuberculosis as the gen-eral population and 18 to 35 times more of certain other communicable diseases.

Another major one of my health bills is well on its way. It's been approved by the Health Subcommittee, and we expect the full Committee to approve it soon in the new year after Congress convenes on January 19. This is the bills for construction and remodeling of hospitals--an extension of what was called the Hill-Burton Act. The budget this year had no money in it for building new hospitals or remodeling present ones, That's why the cost of hospital beds is going up to where it's nearly \$100 a day for a room.

One of the remaining bills was to establish a National Lung Insstitute. After I introduced my bill, the National **Heart Institur** Heart Institute was expanded to include lung problems. This accomplished what I wanted when I introduced the bill.

My desire is to get better health care for the American people, and I have worked on the projects first which will have the most immediate effect. One of my bills that has pas-

sed the Senate deals with communicable disease control to prevent rubella and other childhood and infant diseases. Another of my bills that passed the Senate was the Community Mental Health Centers Bill to extend the time for funding for community mental health centers and to make it possible for mentally disturbed children to get care and counsel to save them before they fall into a permanent mental health prob-

In addition to these bills, I have created a special subcommittee to deal with the problems of alcoholism and narcotics. This is the first such subcommittee of that kind in the Senate, and as chairman of the Labor and Public Welfare Committee, I created and set up this special subcommittee and I serve as a member under the leadership of the able Senator Hughes of Iowa. In this subcommittee we deal with the special nature of these two problems as well as with dangerous drugs. Much remains to be done to

get adequate health care delivered to the people. The bills I have introduced and have steered through the Senate will provide some of the know-how and tools to bring better health care to the American people. That's the goal that I'm work-ing for in 1970,

Old Issues Face New Year

Frances and I are back in Washington and the New Year is well underway, but we have most of the problems which confronted us before Christmas. I hope that we can get more agreement on solutions than we did last year. In a democracy the basic decisions, like respect for the law, willingness

etc., must be worked out at home. The government can never, over an extended period do anything more than reflect public opinion but government and govenment officials are just as prone to follow poor prac-tices which are in effect at home as they are to demand accep-

of the matters which accumulated during our absence. Yesterday afternoon I went down for a long visit with Secretary Hardin in his office. Next Monday evening he is scheduled to meet with the Agriculture Committee up here. I had called Committee meetings both Tuesday morning and the Democrats on Wednesday. By Friday most of the Easterm members will have gone home. Possibly, we will get in one effective Committee meeting this next week. Certainly we should move more rapidly but I think that you can all see some of the problems we have.

The Congress does not convene until Monday but we have

been unable to catch up on all

I sometimes fear that in placing so much emphasis on the eneral Farm and Food Stamp Bills that I may be giving the impression that there are no other measures before the Agriculture Committee. Actually, we had 390 bills referred to our committee last year. We took action on 190 of them, involving hearings on 147 different days. The remainder will be carried over for consideration along with those new bills which will be introduced this session.

With the beginning of a new legislative year, I would like to point out that our office is anxious to be of help any way it can at any time but in order to be helpful in most matters, it is extremely desirable that we have a written account of the facts and what help is wanted. It is also important that we have full names, and where military service, social security or government employment is involved, all dates and numbers. It is, of course, especially important to course, especially important that you sign the letter and put your address on the letter itself, not merely on the envelope, because it is impossible for us to keep envelopes and letters

So, we can conclude that one's ability to act freely is always influenced by society. In the United States we think Charles is the son of Mr. that our laws are geared to protecting our individual free-dom. For the most part this and Mrs. Edwin Petree and is is true, but not entirely. This is an example: You live in New York and your sister, who lives in Teaneck, New Jersey, calls you to say that she and some of the girls are going to demonstrate against the high price of asparagus at the super market and she wonders if you'd like to come over and join in. So, what the heck, why not? You call up some of your friends and drive across the river to Teaneck. You're picketing in front of the store when this lady with a dalmation barges through the line, shoving your sister who shoves back, and before you know it someone's called the cops. For this you could be tried by a federal court under section 2101-2 of Chapter 102 of the Civil Rights Act of 1968, which, in case of conviction you could be sentenced to ten years in prison, immediately following the trial, without any guarantee of bond release while appeals are in process. In the case of most Americans when a civil liberty is denied to another member of the pop-ulation one doesn't feel much concern. This is a terribly dangerous attitude. When one American, no matter who he is or what he believes, does no enjoy his guaranteed freedom, the rights of all are endargered. We should not consider it wrong or improper to make ourselves known. At-ter all, if we still believe in the Revolution and the Constitution, we should also believe that we are the govenment, and therefore it is our duty to step in and act with all the enthusiasm we can muster. Mrs. Tom Mears Does Research On GHS Colors

Have you ever stopped and asked yourself why the Gatesville Hornets were named such and who decided the name, and why the colors are black and gold?

Many students have asked these questions. We asked Mrs. Tom Mears, a former teacher in the Gatesville School system, to do some research on the history of the school. In the school year 1909 a class of Mrs. Mear's decided to select school colors. The

combinations chosen were red and white, white and gold, and A student answering our questions of

gold colors to represent the school. This combination was submitted by Berta Wells (grandmother of Charles Ament, now a GHS student).

In the school year 1923, the students and football players suggested the athletic teams be called the Hornets. The

name was suggested by Robert Franks, and adopted by the students of 1923. We would like to thank Mrs.

to question the procedure he would probably be black listed by his senior officers, which would mean his prospects for a productive military career would come to an end. And, more important than all three of these examples is this question: How many of you feel that I, or anyone else for that matter, because I've said these things, am an enemy of this

country? Freedom is the question. Not the freedom to act irresponsibly, not the freedom to commit a crime, but the freedom to be human, the freedom to be an

The American Question

What is the most important question that faces the country? Is it whether or not we can restore law and order? Is it the question of Nixon halting inflation? Or, is the question Viet-Nam, or school integration? Is it whether or not we can withstand the advance of communism? None of these is the question. The question is simply- and om-inously-whether freedom can survive here. What freedom? The freedom to dissent, the freedom to speak out, the free-dom to just be who you are.

Most of us in South are white cub scouting in Gatesville reg-ularly attend a round-table meeting at the Scout House in South Ft. Hood. The meetmiddle class, protestant, and patriotic in the World War II sense of the word. We have all the civil liberties we need, and see no reason why it should be such an issue. We are On January 13th, Pack free to engage in our own bus-272 of Gatesville conducted the inesses, free to campaign for opening and closing ceremonies Nixon or Humphrey, unless we happened to be employed by The opening was given by the cubmaster, Jimmie Yates, He explained the meaning of the Pledge of Allegiance, then led the government, in which case we are afraid to do so because it might endanger our jobs, free to drive up to Dallas to see the Cowboys play, we would like to think, and Mrs. Betty Cummings, Den Mother, of Den 1, gave a skit, "Going On a Lion Hunt" she free to choose who our neighbors are. We think that they don't know what they're The meeting was closed by talking about when they demand giving the scouter's prayer, freedom. But, how many of us

are alarmed when we read that some of our servicemen, those who we think are defending our freedom, can be punished for wearing peace medalliins, which are considered subversive and un-American? How many of us were alarmed when we heard of the sentences on the men of the Persidio Stockade. How many of us even know that one of our most sacred rights is being violated at West Point. The constitution guarantees us the freedom of, and from religion. It also guarantees the separation of church and state by stating that "Congress shall make no law respecting the establishment of religion, or prohibiting the free

exercise thereof;". At West Point every cadet must attend a weekly chapel service; either Catholic, Protestant, or Jewish, whatever his choice, but he must attend the service. Since the Academy is a government body this is a clear violation of Amendment One of the constitution. This does not only apply to the A-merican cadets, but to all for-eigh students also. This means that if a foreign cadet is Moslem, Shintoist, Buddhist, Hindu, or athiest he must attend worship in this illegal and un-natural manner. If a student disobeys this order he may be confined to his quarters for two months, except for classes and meals, and have to undergo 44 extra hours of rifle drill, Since this rule is considered to be 'administrative" it is removed from the ordinary channels of judicial review. On top of that if an underclassman did decide

New Caution Light Installed in Evant

The most recent improvement in Evant is the caution light installed on Highway 281 at the intersection near the bank. This is a safety measure that Evant has needed sometime, and it has been placed at the very spot on which sev-eral accidents have formerly occured.

Bids are in the making for the new lodge building for Bee House Lodge #650. The old structure will be demolished and the new building is to be erected on the same plot of ground. This will greatly improve the appearance of the square. Thursday night, Jan. 22, is regular meeting time for the Bee House Lodge.

WHAT A BIRTHDAY PARTY!...Birthdays are those days when every minute is special to the birthday boy or girl and the wishes for many happy returns are pouring in from all sides.

This was the case for young Andy Gomez, son of Mr. and Mrs. Sotero Gomez, when he celebrated his 9th birthday Saturday afternoon with a big birthday party in his honor. His birthday was January 15th. The bash was held at his home and hosting the affair were his mother, his brother Victor, and Terry McNeeley.

The party group played games and ran wild until refresh-ments of cake and punch were served to guests and honoree. Highlighting the festivities was the breaking of the pinata, a large bright paper mache figure filled with candy.

As party treats, each guest was given a bag of favors.

One, Two, Three

As simple and quick as one, two, three is Kay Kellogg's recipe for Corn-Crisped Chicken. Just dip, roll and bake. The golden crisp crust, known for its delicious toasted corn flavor, is made with crushed corn flakes. If desired, mix in two tablespoons of sesame seeds with the corn flake crumbs or try one of the other variations. Serve with hot buttered noodles and an imaginative vegetable garnish.

CORN-CRISPED CHICKEN 3 pounds frying chicken 12 cup evaporated milk 11, teaspoons salt pieces cups corn flakes OR 8 teaspoon pepper 1 cup packaged corn flake crumbs

Wash chicken pieces and dry thoroughly. If using corn flakes, crush into fine crumbs.

DIP chicken pieces in evaporated milk (thin milk just won't do). Then ROLL in mixture of the corn flake crumbs, salt and pepper. Place chicken pieces skin side up, in foil·lined shallow baking pan. Do not crowd.* BAKE in moderate oven (350'F) about one hour or until tender. No need to turn chicken while. cooking

Local Garden Club Holds **Annual Arbor Day Planting**

CELEBRATING TREES -----As a feature of the Gatesville Garden Club's Arbor Day program, the local botanical organization planted a Wichita Pecan tree at the East Main Street Church of Christ parsonage at 116 North 30th Street.

The club is in it's third year of planting a tree at some local Church parsonage in obser-vance of the day. The group chose the pecan tree because "the pecan is the native tree of Texas," a spokesman said.

Pictured are Coryell County Agent Don Callahan, Garden Club President Mrs. Lloyd Lam, Ronnie Tilly and Reverend Rex Tilly, pastor of the East Main Street Church of Christ, Callahan aided in the planting and explained the process step-by-step to the ladies.

The club then ajourned to the

Congratulates

Allen Jones

(Editor's note: Perry Penny, Native of Coryell County, sent this congratulatory letter to the NEWS. Pennyis a life-long friend of Allen Jones. He is now in a South Carolina Hospital.) Citizens of Coryell County:

Dear Friends I would like to take this time to congrulate a very special friend, Allen Jones, who was awarded the Bronz Star.

I am especially proud to know that we still have men left like Allen who believe in God and this country; who are willing to devote and put their lives on the line for freedom, and the people they love. I remember back a number of

year ago when Allen volunteered for the Navy and served in World War II aboard the USS Wyandott. There he almost lost his life from phosphorus burns. To most people that would have been enough, but not for Allen who became a member of the National Guard and continued in service of this country and is still serving. I am real proud of Allen for fighting so that we may all have rights and freedoms and the chance to enjoy life and seek happiness.

But I also get sick at my stomach when I think of great guys like Allen fighting and Sincerely, dying for freedom and peace Perry Penny

Ribbon Straw - Exciting **Handicraft** Material

Maybe you haven't yet discovered the fascination that lies in working with ribbon straw.

It's an age-old material, and it's world-wide too. In Spain they call it raffia. In Mexico it's known as sisal.

But most American handi crafters will use a machine improved version that's more uniform, easier to handle and offers a limitless variety of

At the same time they are fighting, we have these long haired, bare footed, Beatniks who don't believe in soap and water not to speak of God, who scream and curse this government, march, riot, steal, demonstrate, murder and openly advocate hatred. Free love and sex perverts, homo-sexualty have the freedom to rum the streets to antagonize and destroy the very ideals this country was established

and a way of life through God.

Well all I can say is thank God for the Allen Jones's who still believe in God and freedom and are still willing to fight for them. For the majority of the citizens who still believe in God and the principals in which our forefathers established this county, believe me this country is worth fighting for in spite of its seeming like all consideration is being given the groups that advocate destruction of our

rights and freedoms. Thanks Allen for a good job. Keep up the good work and may God bless you.

I am especially proud of Allen Jones because he has been a life-long friend, and has always life-long friend and has been just like a brother to me. Thanks to Allen Jones and James Johnson I am alive today to enjoy the freedom that Allen is fighting for, so many take for granted. James Johnson wasn't so lucky. God bless him and may he rest in peace with Jesus.

I do like to ask all my friends in Coryell County to take a moment and say a prayer thanking God for all the Allen Jones's in the free world.

CARD OF THANKS

We wish to express a prayer-ful thanks to all you dear people who were so kind in helping serve, send flowers, run errands and sit with us, during the recent time of grief in our family loss. To all of you who have always been so kind to our loved one, Dude Farrar, we, as his family, do not want to overlook a single expression of good will.

Mrs. Ashby Is Firebelle President

PASSING THE MINUTES -Gatesville Firebell Club President Mrs. Eunice Dudark passed the club minutes to new President Mrs. Peggy Ashby at the fireman's wives meeting Tuesday night. Mrs. Dudark received a vote of thanks for two consecutive years of serving as the club's president. She has been a member of the group for about 10 years. Mrs. Ashby joined the club about 8 years are Ashby joined the club about 8 years ago.

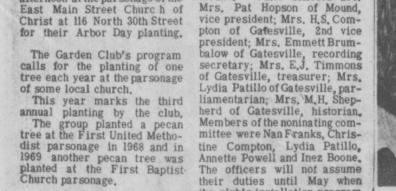

In 21st Year...

The group, organized on Feburary 22, 1949, is well known to Gatesvilleites and active participators in various activi-ties such as operating the consession stand at the rodeos.

The club members are wives of members of the Gatesville Volunteer Fire Department. The group also supplies food and water to the firemen at the scene of fires such as the huge blaze that swept across the Mountain area last summer.

Other club officers are Helen Lipsey, vice president, Na-talie Ivy, secretary; Elaine Barnett, treasurer; and Gladys Mitchell, reporter.

The family of Dude Farrar Following the election, the group planned the annual Fireman Firebelle supper to be held on April 14, at the meeting hall.

Don Callahan, local agricul-tural agent, and Rev. Rex Tilly pastor, planted a pecan tree which was furnished by the local botanical club.

Callahan discussed the proper steps in planting a tree as he worked and club members asked questions about planing times, problems of planting and post-planting proceedures.

Rev. Tilly, in expressing his thanks to the ladies for the tree said, it is more blessed to give than to receive, and may each of you feel blessed when you drive by the parsonage and see this ******* tree growing.
