Stingettes Head For Summer Camp

"Practice makes perfect" so the old saying goes, and practice is nothing new at all for the girls of the Gatesville High School Stingettes. The girls work hard during the

school year, but work doesn't stop with the end of school.
Sunday, two members of the drill team will go to Baylor University for a week of practice learning and idea. practice, learning and idea seeking. Judy Gulley, cap-tain of the female corp and daughter of Mr. and Mrs. Donna Cope, co-captain, will be attending Baylor's Twirling and Drill-O-Rama classes. The classes will be instructed by Bill Allen, a dance teacher who also holds classes in his Florida dance schools.

The following week, seven Stingettes will venture to Dallas for SMU's Pepsquad and Drill Team Camp. This camp is in Association with the All American Drill Team School,

The septette includes two co-captains, Patti Brookshire and Benja Blanchard; Debbie Tippit, Karen Pollard, Terrie Tippit, Elizabeth Bennett and Susie Dyer.

In the evenings, all will regroup from 6:30-9:30 p.m. A statement from the school's pamphlet notified those attending that there would be little free time during the week. The girls will put in many hours of work. Gatesville's nine who will

attend the two camps will bring many new ideas home to share with the entire drill team. The corp consists of twenty five performing members, three alternates and six reserve members.

At present the Stingettes are without an instructor due to the resignation of Mrs. Lana Deny at the closing of the school year. Hopes are that school officials will have a new instructor by the fall term of school.

The many hours of preparation and practice are sure to make Gatesville fans proud of thdir drill team as they

Texas Poll

Today a good majority of Texans, 59 per cent, say they approve of the manner in which President Richard Nixon is handling the war in Vietnam. During the past six months, however, there has been a marked change in public op-inion on the conflict, away from gradual disengagement and toward total withdrawal.

Those are the major results from a statewide Texas Poll completed earlier this month, after the President decided to sent our troops to Cambodia, touching off a nationwide controversy. While the percentage wanting the U. S. to stop fighting has grown from 8 to 22 since last December, the great ma-jority of Texas adults remain convinced that we should either disengage ourselves gradually dually--the President's avowed course--or hold the more hawkish attitude that we should settle the matter by trying to win the war. "What do you personally think the United States should

do about the war in Vietnam?" was the question Texas Poll interviewers put to a care-

HISTORY RELIVED

Jim Miller Lynched In Ada Okla.

Jim Miller was a ruthless "slicker" according to Foley Basham of Pearl, Miller was probably one of the last fast

and north Texas. Miller was lynched in Ada, Oklahoma in 1909 by a band of small town people who were afraid that the "slick operator" would talk his way out of the murder of a law officer.

Mrs. Basham has made available newspaper accounts of that April in 1909 when Miller and three other men were lynched and an account of Miller's life. The NEWS will run the series of articles over the next few issues. The lynching account was printed on April 23, 1909 in the Fort Worth Semi-Weekly and the biography was printed in the April 23, 1909 Gatesville Mes-

senger.
Miller and his three friends were probably among the last men to be lynched in the old west tradition in

this country.
Below is the Fort Worth Semi-Weekly account of that spring day in Ada, Oklahoma,

MILLER AND WEST TELL MOB TO HURRY AND GET THROUGH AS THEY WERE DEFENSELESS

ADA, OKLA., APRIL 19.... Two hundred citizens of Ada, practically all of them from the better class who were thoroughly disgusted with the kind of justice meted out to criminals in the smaller towns of Oklahoma, early today took the law into their own hands and hanged four men for the murder of Deputy United States Marshal A, L, Bobbitt. The lynched victims are J. B. Miller, Fort Worth, Texas cattleman; B. B. Burrell, Duncan, Okla. ranch owner; James West, Canadian, Texas ranch owner; and Joe Allen, Canadian, Texas ranch owner.

A few minutes after 3:00 this morning the electric lights were suddenly cut off and the city was plunged into darkness. Telephone communication was also cut off. Soon a few stragglers began to

appear at the jail building. "Good morning neighbor" was the greeting. "It's a fine day," and the newcomer admitted that it was. He soon found himself challenging those who strode in apparent leisure to the spot. The crowd grew larger and there was little said. A big man in a slouch hat soon appeared.

"Glad to see you boys," he said. "Are you all ready?" MOB MOVES ON TO JAIL A suppressed cry was the

jail, a few blocks away. They had scarcely gone about the attack when County Attorney Robert Wimblish who had received word that the mob was forming, met them. The crowd came to a stop at his request. Attorney Wimbish said: "Men of Ada, you are disgracing this community in the eyes of the over calmly and let the law take its course. I appeal to you as the officer of the law

to return to your homes." The men listened attentively, then proceeded on its way. The attorney attempted

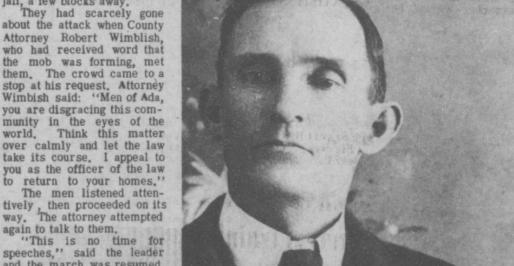

and the march was resumed. The jail was soon reached. A high board fence surrounding it was thrown down. And the crowd entered the enclosure. There was a whispered conversation and then the tall man with the slouch had advanced and pounded on the jail door. Only one man, Guard McCarthy, was on duty. McCarthy said to the leader of the mob, "You might as well go home boys; this door never open from this

"If you're going to hang me, do it quick" said Miller. The mob led the four men to a barn a few hundred feet away and stood them in a straight line. "Tell us what ou devils know about Bobbitt's murder," shouted the mob leader. West answered for the four. He said,

MEET DEATH GAMELY "We don't know who you men are and we don't care. For myself, I know that if I had a six-shooter a few of you would bite the dust, but let's talk, as my shooting iron is in Texas, you boys seem to have a job to do. Why don't you do it? We won't tell anything."

"The ropes," the leader broke in and the four men were carried to a beam and strung up. Just before the rope was placed about his neck, Miller calmly removed a diamond from his shirt front

When the mob removed the men from the jail they failed molest Oscar Peeler, the 17 year old boy who was implicated in the murder, but who had turned states evidence. The boy confessed this afternoon. He said that Miller killed Bobbit and Jessie West paid Miller to commit the murder.

The coroner's jury met this afternoon and returned the following verdict: "We find that Jim Miller, B, B, Burrell, Joe Allen and Jessie West met their death by being hung by a rope and that the death of each man was caused by strangulation produced by the ropes placed about their necks by parties whose names are to the jury

unknown," The jury made no recommendation that the matter be investigated. The county attorney declared that he would investigate the lynching but asserts there is no evidence and that probably there will be no prosecution.

CAUSE OF THE LYNCHING The lynching was the re-sult of the intense feeling of the people at Ada and its vicinity over the murder of A. L. Bobbitt which occurred the evening of Feb. 27. This

feeling was intensified at the preliminary hearing Friday by the story told by an alleged nephew of J. B. Miller, the latter said to be the principal in the killing. The nephew's name is Oscar Peeler and his youth alone saved him from the hands of the mob.

The evening of Feb. 27 as he was going home in his wa-gon Mr. Bobbitt was shot from ambush with a shotgun and instantly killed. His body was found next morning in his wagon, Miller had been living at Ada for some time before the affair occurred. Miller was arrested in Fort Worth and brought back to Ada. In the meantime Allen, West and Burrell were also arrested

and connected with the killing. The following story was told by Peeler this afternoon being a confession in the presence of H. A. Brown, justice of the peace of Ada. PEELER'S CONFESSION

Apparently many people in this state feel that the President's recent actions are leading to our getting out of the Far Eastern conflict one way or another, for there has been a sharp rise in the number approving of his hand-ling of the situation. Although younger people are usually associated with the more militant movements demanding immediate peace, this Texas Poll, and others in the past, have indicated that the under-35 group thinks much the same as older people on the general issue of solving the Vietnam problem. In the latest measurement, for instance, the percentage of younger people who fit into the "stop fighting" category is almost identical to that of other age groups.
