News Is Closing, Today Last Issue

The CORYELL COUNTY NEWS is closing its doors following today's publication. After 37 years of service to this community and county, we at the NEWS have decided against continuing this twice weekly publication.

First in our mind at this time is our paid-up subscribers and pre-paid advertisers along with other business obligations still incomplete. Subscribers who still have paid-up subscriptions should come by our office at any time and we will return the remaining unearned subscription balance. Our pre-paid advertising accounts will also be handled the same way. All other business obligations will be honored completely.

After such a long time in the newspaper business, the Matt Jones family regrets having to close the doors. There have been good times and bad times during our 37 years.

As editor for the past three years, I can say this has been the most rewarding part of my life.

Our reasons for closing are complicated, but primarily center around a dim outlook of the future for the NEWS.

In getting out of the newspaper business, I have some regrets. In three years at this work, I have learned to enjoy most of the jobs asked of a small town newspaperman.

The end is here for my father's newspaper, but it lasted long enough to give me a better awareness of the things around me. A big pleasure for me over the past 3 years has been the contact with the young athletes and coaches of the Coryell County sports teams. Football, basketball, golf, baseball, track and high jumping will all have spots in my memory bank and on film too. It would be hard to pick one high point as a reporter. The first seven games of the Hornet 1969 football campaign, Gary Kafer at the state meet or Teddy Foote at any athletic contest.

In 1967 the Joneses decided to continue the NEWS as an offset publication. Looking back to those first issues one just has to laugh at the effort, 8 pages tabloid. Those first issues were an experience in terror and selling advertising.

The little milestones between those first issues and this last one number in the thousands for this writer.

What happens to the Joneses--Sally Maude, Matt and Johnny? Sally and Matt will join the staff of Graves Florist with Mildred, Vera Cohagan and Nelle Moore. The Florist has been in business for 45 years and will remain at the 705 Main Street location to serve you.

The Publisher, Mrs. W. Matt Jones, and the rest of the Matt Joneses have enjoyed our association with Gatesville merchants and citizens over the years. Friends, it has been wonderful working with you.

Now about Johnny: I must say the guy needs a job and you can use this paragraph as a classified advertisement in my behalf. Willing to work, with average talents, and a degree in administrative management from North Texas State University is the basic information.

In closing, it has been fun and educational for us at the NEWS and when I really think of this last issue I cry.

Graves Holds Public Hearings On GSSB

AUSTIN--Rep. Curtis Graves of Houston spoke of misuse of state funds and state equipment at the Gatesville School for Boys Friday as he announced a two-day public hearing next week in Waco.

Graves said recent research has produced "reams of stuff" that has not been brought to light before.

He indicated former inmates of the school, employees and possibly some teachers and social workers will appear either Friday or Saturday at the hearing at the Holiday Inn.

Graves said he is bearing the expense of the hearing and scheduled it for Waco because "literally, I was afraid to go into Gatesville. I was afraid for my life."

He said he was adopting this approach because he has gone the "official state committee route twice" and nothing happened. He referred to a House committee which he said has never published a report and a Senate committee which he maintained whitewashed conditions at the school.

Graves refused to detail what he expected to come out of the hearing but said:

"I didn't know there was so much misuse of state facilities before this particular time...I'm talking about people getting certain things done at the Gatesville School, officials of the Texas Youth Council getting certain things done at the Gatesville School and the state paying for it...personal things. I mean large quantities of money."

Graves said he scheduled the hearing "at the urging of several parents and officials" who share his concern.

The Houston representative said a record of information produced at the hearing will be kept and he plans to turn transcripts over to the U. S. Department of Justice through the offices of U. S. Sens. Ralph W. Yarborough and John Tower.

Dr. James A. Turman, executive director of the Texas

Hornets Lose In Rain And Mud Mexia Big Plays Spell Defeat

In the rain and mud Friday night, the Hornets played almost errorless football, but still lost their third game of the young 1970 season to the Mexia Blackcats, 13 to 6.

The Hornets have played three very similar ballgames this season. All three were close and in all three, breaks and big plays spelled the difference for the Hornets.

With fumblets cured, Friday night the Hornets piled up 256 yards total offense to 202 for Mexia and 17 to 9 in the first down category. However, statistics made no difference as the Blackcats worked the scoreboard lights more than the Hornets.

In the opening series of offensive plays, the Hornets seemed to have made the win-

ning changes. Mexia gave up the ball after five plays.

Then Jim Saunders guided the Hornets up the field on a straight ahead march 41 yards to the Mexia 45 yard line before stalling out on a fourth down run. Ronald Brown and Ray Ortega carried most of the yardage in this opening drive which made three first downs.

The first quarter battle moved up and down the field with no real threat of a score.

Midway in the second quarter Mexia took possession on their 26 yard line and three plays and one 5 yard penalty later, the Blackcats were operating at their 38 yard line.

Quarterback Steve Gillmore worked a perfect screen pass to his speedy halfback Ken Procter. Procter then raced 62 yards down the side line for the first score of the evening. The extra point was good and Mexia lead at half-time, 7 to 0.

The Hornets took the second half kick-off and Larry Moore received the kick at the 12 yard line. Moore then raced straight up the middle to the 35 yard line to give the Hornets good field position.

Like clock-work, Ortega picked up three yards up the middle. Then Brown lashed out 13 yards over right tackle and the right defensive back-field.

Now in Blackcat territory, Ortega swept left end for 19 yards to the Mexia 25 yard line. Brown added nine yards straight up the middle and Cris Bone followed on second down with five more yards straight up the middle.

At the ten yard line, Saunders called on his hard-running tailback, Brown, three times but Mexia allowed only one yard each time.

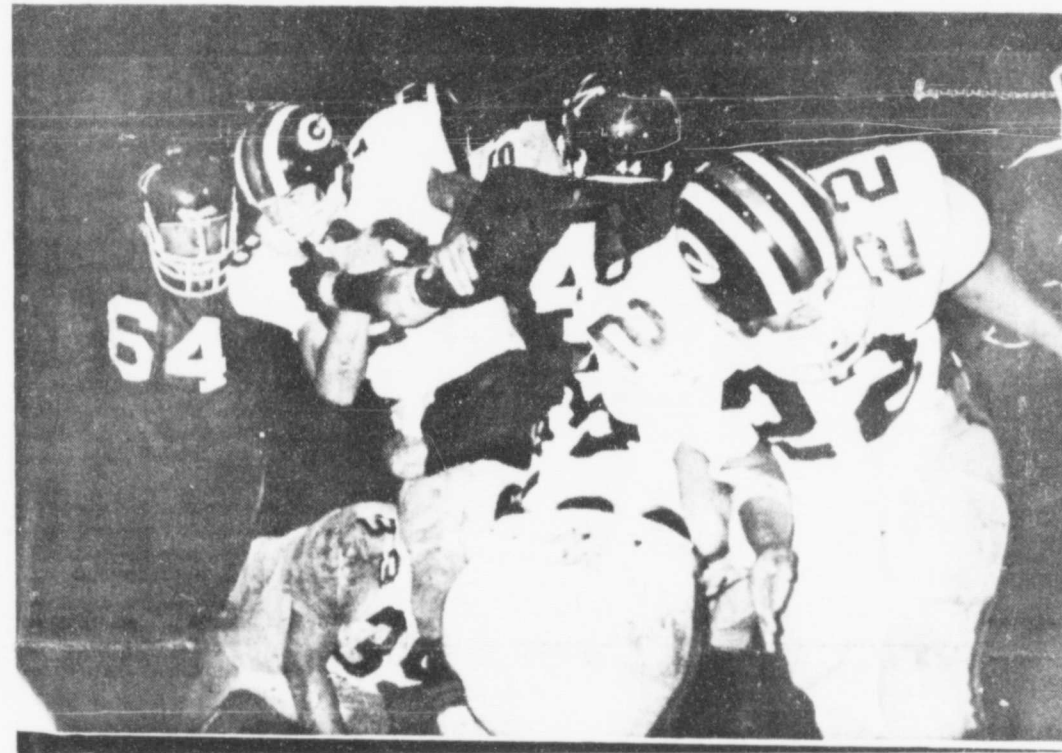

On fourth down, Saunders called on his split-end Ricky Thompson on a post pattern and Saunders hit him right at the goal line for the score. King's extra point try failed and the Hornets were back in the ballgame.

Mexia came right back with a 67 yard drive in 12 plays. Gillmore rolled to his right on a "third down and four" situation and hit James Lockhart with a scoring toss covering 13 yards. The defense reacted to a running play and for a moment Lockhart was all alone in the end zone for the score.

The Hornets moved down to the 10 yard line on the next drive which ended the third quarter. Saunders hit two passes, 13 and 9 yards, to tight-end Mike Mathews, during the drive.

Four Mexia plays netted no first downs and the Hornets took over at the Mexia 45 yard line. This time Saunders utilized Billy Hord at halfback for four plays and 11

see "MEXIA" page 2

Quarterback
Keeper

Jim Saunders stretches for extra yards as No. 22, Ray Ortega heads down field to clear out the defense. Saunders was effective Friday night as a passer, hitting 7 out of 15 for 72 yards and one touchdown.

The Hornets played solid offense and defense most of the night against Mexia. Ortega lead the Hornet rushers with 77 yards.

COURT GRANTS DEFENSE MOTION IN SCHOOL LAW SUIT

A defense plea in abatement motion was granted in Judge Truman Roberts' 52nd District Court Friday afternoon in law suit W. S. Ogden vs. Clovis King, tax assessor-collector of the Gatesville Independent School District.

The court action involved technicalities common to tax suits of the kind filed by the local group of taxpayers and the court arguments never touched on the alleged irregularities in school board activities.

The court went into session at 2:12 p.m. after a short conference between Judge Roberts and attorneys. Following the conference, the court heard arguments on a motion to dismiss counsel for the defense retired Judge Alton B. Chapman.

Following testimony by Judge Chapman and School Board President Doug Smith, Judge Roberts ruled in favor of the plaintiffs motion to dismiss. Chapman had to leave the defense table as a result of the ruling.

Judge Roberts noted, in connection with the motion to dismiss, that his court had been "extremely fortunate in nine years to receive so many

first impressions." The point of law involved in the motion for dismissal had not been considered in court cases prior to Friday's ruling. Judge Roberts further explained that he did not deny Judge Chapman a place inside the rail during the proceedings.

Due to the "first impression" of the ruling, John C. Hinsley, attorney for the defense, did take exception to the ruling to allow the question to be considered by a higher court.

Attorneys then began the arguments concerning the plea in abatement entered by defense attorney Hinsley at 2 p.m. Friday.

Hinsley called as his first witness Floyd Murray, district clerk for the 52nd District Court in Gatesville. With Murray on the stand, Hinsley established that the plaintiffs had not deposited with the clerk cash to pay their 1970 taxes should the law suit rule against the plaintiffs.

Using some very recent cases as arguments, Hinsley established many of the eight points listed in his plea in abatement motion. The plea contended that: the tax assessment records were properly prepared; the Board of

Equalization did meet and examine the assessed valuation; the Board of Equalization did adjourn; tax roll is fully and finally completed; all work on the tax roll was completed prior to the filing of the tax suit; injunction against defendant came too late; plaintiffs did not seek equitable relief in dollars and cents; and King should not have been named as defendant in the suit.

Attorney for the plaintiffs, Bob Cummings, contended that the Board of Equalization had never certified the final 1970 tax roll and therefore the Board of Equalization had not completed its work. Cummings argued that King was an official of the school and the tax assessing-collecting function had not been completed.

Judge Roberts ruled that the defense motion of plea in abatement would be granted.

Cummings immediately noted willingness to begin hearing the individuals suits in the matter and immediately gave notice of appeal on the court's decision.

Reports indicate that Judge Roberts ruled on the

see "LAW SUIT" page 2

No. 3 Due Battle In Nov. 3 Election

by Vern Sanford

AUSTIN--A fight is brewing over the proposed constitutional amendment to set the maximum limits on tax assessments of farm, ranch and timber land.

An amendment (#3) on the November 3 ballot would authorize the Legislature to provide a uniform method of assessment for lands, based on their capability to support livestock raising or farm and forest crop production.

A 15-member special committee headed by State Sen. Wayne Connally of Floresville has completed the last of 11 hearings over the state on this measure. Its tentative report summarizing testimony favoring the amend-

ment will be presented before November 3. Committee's recommendations to the Legislature will be delayed until next year.

"Agriculturists are saying they can no longer operate if taxes continue to increase as they have in recent years," Connally told newsmen. "When land on one side of a barbed wire fence is assessed at \$1,000 an acre, and the same land on the outside of the fence at \$150 an acre, somebody is going to cry."

An earlier amendment (1966) which had the same general purpose is "unworkable," say proponents of Amendment #3. Present provisions apply only to individual landowners, exclude timberlands and owners who earn less than half their income from their farm property.

Texas State Teachers Association is opposing the new amendment on grounds that it "could virtually destroy the tax base of many school districts" and open the door to favors for other groups.

Connally maintains the proposal would not result in major revenue loss statewide and that the Legislature would have to appropriate supplemental funds to districts suffering income decline.

CITY SALES TAXES UP--Local option sales taxes in 420 cities brought municipal governments more than \$35 million for the second quarter of this year.

This is an increase from \$30.9 million the first quarter. Tax is calculated and refunded to cities by Comptroller Robert S. Calvert on a quarterly basis. Biggest yield was to Houston, which received \$7.2 million for the second quarter. Dallas received \$5.6 million, San Antonio \$2.2 million, Ft. Worth \$1.9 million, Austin \$1 million, El Paso \$1.1 million, Corpus Christi \$787,565, Lubbock \$663,752, Amarillo \$558,284 and Beakmont \$555,288.

Car-Truck Collision Injures Two Coryell Residents

A Thursday morning collision involving a truck and two autos resulted in serious injuries for a Coryell County woman.

Mrs. Don Odell Jones of Flat was rushed to Coryell Memorial Hospital by Erwin Ambulance following the crash at the intersection of Texas 36 and Lovers Lane. Hospital officials listed Mrs. Jones in satisfactory condition Saturday afternoon with a broken pelvis, broken ribs and head injuries. Her husband, Don Odell Jones, was also injured in the mishap. He was listed in good condition Saturday with head injuries and cuts and bruises.

According to Chief of Police Gene Goins, the accident occurred at approximately 11:35 a.m., as the Jones couple was traveling south on Lovers Lane. The Jones auto stopped for a stop sign

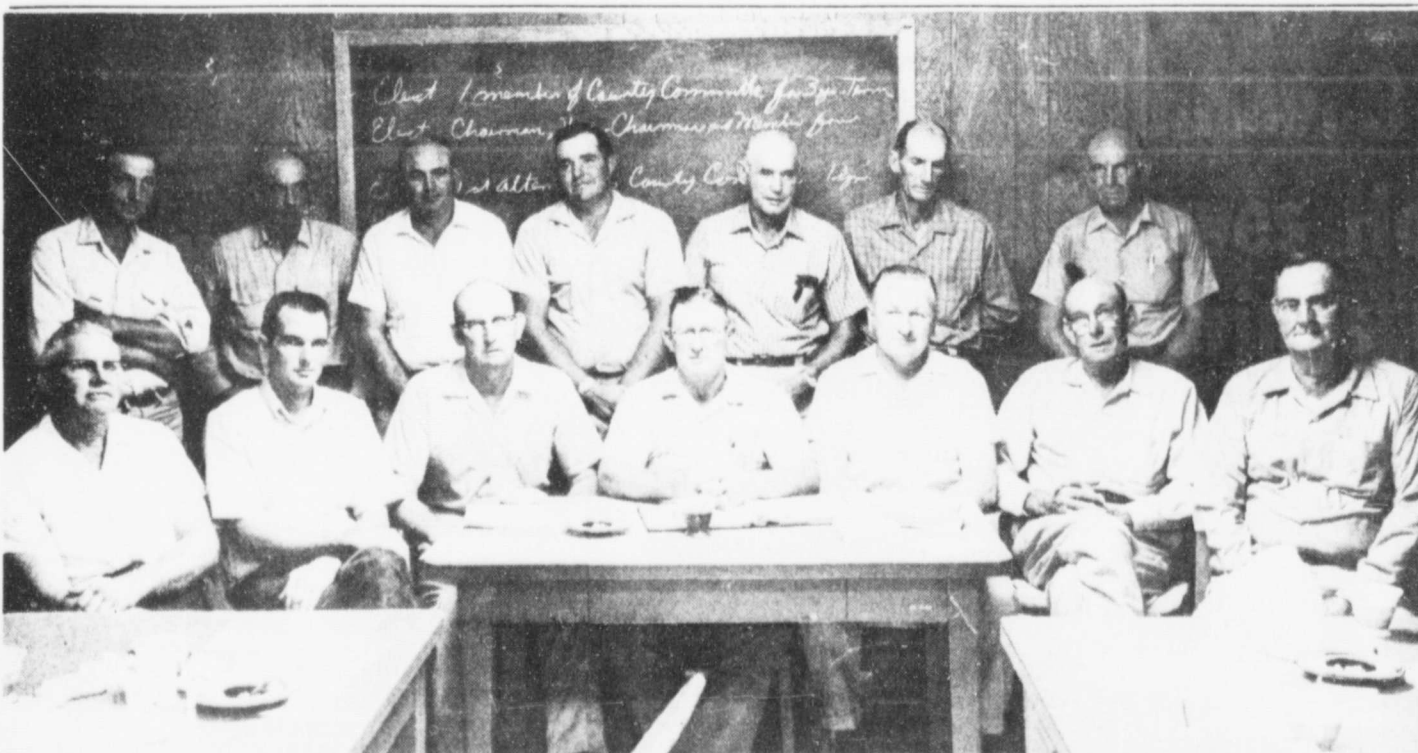

and proceeded to cross Texas 36 apparently unaware of the truck approaching from the north on Texas 36. The truck, belonging to the Roegelien Provision Corporation of San Antonio, struck the Jones auto broadside, carrying the auto across the intersection where it struck a legally packed auto owned by W. E. Holt of Route 1, Gatesville.

Chief Goins listed the driver of the truck as Elisando M. Garcia of San Antonio. He was uninjured in the mishap. Damages were cited at \$2,000 to the truck and \$200 to the parked auto. The Jones vehicle was totally demolished. Chief Goins also listed \$150 damages to a light pole belonging to Hamilton County Electric Cooperative.

No charges had been filed by Chief Goins at press time Saturday.

AUTO-TRUCK CRASH--Mr. and Mrs. Don Odell Jones of Flat were injured when their auto was struck by a truck Thursday morning. Pictured above, the two vehicles came to rest south of the intersection of Lovers Lane and Texas 36, site of the collision. A third auto which is not pictured was struck by the Jones auto. The third car was legally parked near the intersection.

The ASCS Community Committees elected officers for the County Committee Friday. The four Community Committees elected Jack Edwards to another three-year term on county committee.

Robert Melbern was again elected as chairman of the county committee for another year. Pictured above are, left to right, seated Horace Moseley, Nathaniel Foote, Sterling Bernard, Robert Melbern, Jack Edwards, Raymond Blankenship, Clebe Baize, Standing are Conrad Upton, Hiram Davidson, Wayne Pruitt, Kermit Dreyer, Paul Lam, Jack White and Don Callahan.

from page 1
yards. The drive stalled this time at the 24 yard line. The Hornets needed the ball back and Larry Moore intercepted a third down pass to give the Hornets one last chance. Four straight pass plays

failed to work and Mexia appeared to be in position to run out the clock with less than two minutes to play. A first down fumble was picked up by the alert Hornet defense at the Mexia 33 yard line. Saunders again went to the air lanes with a light rain falling. Saunders had had several on-target passes fall incomplete but on second down he threw another strike to

Mathews at the 21 yard line. With less than a minute to play, the Hornets were conserving the clock with time outs. On third down, Saunders worked the option play perfect, holding the pitch until late and Ortega raced to the Mexia 16 yard line. The Hornets could score, make a two point conversion, and win but four plays failed to move the ball another inch and the Blackcats had held off

the Hornet pressure. Ray Ortega lead the Hornets rushing with 77 yards in 20 carries. Ronald Brown was second with 49 yards in 14 carries. Larry Moore had 25 yards in 3 carries; Cris Bone, 18 yards in 3 carries; Billy Hord, 17 in 6 carries; Steve Palmer, 2 yards in 2 carries. In passing Saunders hit seven of 15 passes for just under the .500 mark. Mike

Mathews caught five passes for 54 yards. Ricky Thompson grabbed two passes for 18 yards including one seven yard pass for a touchdown.

Michael Meis To Train In Colorado

SAN ANTONIO--Airman Michael E. Meis, son of Mr. and Mrs. Joseph J. Anzalone of Rt. 2, Jonesboro, has completed basic training at Lackland AFB, Texas. He has been assigned to Lowry AFB, Colorado, for training in the supply field. Airman Meis is a 1970 graduate of Jonesboro High School.

Rites For Walter Kinsey Held Sept. 18

Funeral services for Walter F. Kinsey, 83, were held at 3 p.m. Friday, September 18, in the Evant Funeral Home Chapel. Rev. Ross Grace officiated and burial was in Murphree Cemetery.

Mr. Kinsey died September 16 at his home in Lampasas, a native of Edwards County, he was a veteran of World War I. He was a member of the Baptist Church.

Surviving are his sister, Mrs. Mollie Adams of Lampasas; two nieces, Mrs. Lucile Bryant and Mrs. Lowell Dean Grimes, both of Lampasas; and a nephew, Charlie Reynolds of Sweetwater.

Pallbearers were Otha McKinley, Bud Price, Buster Nix, Roy Comer, Allen Carrigan and Claude Caddell.

Mrs. C. D. Sparks Dies In Local Nursing Home

Mrs. C. D. (Emma) Sparks, 85, of Gatesville died at 1 p.m. Tuesday in a local nursing home. She had lived in Coryell County all her life.

Funeral services were held at 4 p.m. Friday in Scott's Funeral Home chapel. Burial was in the City Cemetery.

Mrs. Sparks was born Emma Virginia Tipton in Coryell County on March 20, 1884, the daughter of Mr. and Mrs. B. W. Tipton. She was married to

Charles David Sparks December 30, 1906, and they made their home in Gatesville. Mr. Sparks died in 1944.

Mrs. Sparks was a member of the First Baptist Church.

She is survived by one son, Elmer E. Sparks of Houston; two grandchildren, Mrs. Nancy Virginia Neely of Houston and Mrs. Patricia Ann Blackwell of Humble; and four great-grandchildren.

State Republican and Democratic parties have put their appeals to Texas voters in writing -- via the platforms drafted at their separate conventions last week.

Democrats, party veterans said repeatedly, "wrote the most progressive planks ever."

Republicans put the emphasis on attacking crime, campus disorders and drug use.

Highlights of the Democratic statement of party goals include:

* A far-reaching vocational-technical education

program, repeal of annual voter registration requirements and substitution of "registration by voting" every four years, opposition to a tax on groceries, a minimum foundation program for policemen with state standards of qualification and pay, state civil service, expansion of unemployment insurance benefits.

* Increase in workmen's compensation benefits, creation of a public utilities regulatory commission, establishment of an office of consumer protection, elimination of the \$80 million a year welfare outlay ceiling, an increase in minimum wage,

Committee of Political Education (COPE) gave "special recognition" to Gov. Preston Smith, Lt. Gov. Ben Barnes, Agriculture Commissioner John White and Land Commissioner nominee Bob Armstrong.

gram must be licensed to do so by the Texas Department

sweeping insurance reforms and creation of a state management research commission to promote governmental efficiency.

Republican platform highlights are: * Legislation to end discrimination in state governmental employment and to insure equal pay for equal work; creation of single-member legislative districts, realistic technical and vocational courses commencing at junior high level and offered in nearly all high schools, condemnation of forced busing of students to achieve racial balance;

* Opposition to a tax on groceries, later voter registration deadlines, inclusion of all insurance company income in calculating auto insurance rates, admission of oral confessions in trials, and life sentence without parole for murdering a policeman.

AFL-CIO "BACKS" DEMOS--Following the conventions, Texas AFL-CIO leaders "urged" support by labor of all statewide candidates of the Democratic party in the general election.

Decision, AFL-CIO President H. S. (Hank) Brown, explained, left union members free to do as they pleased, since there was no formal "endorsement" carrying monetary support or mandatory vote.

Big labor's hang-up was in the U. S. Senate race. Some union spokesmen were reluctant to back Democrat Lloyd Bentsen but were likewise unenthusiastic about Republican candidate George Bush.

Committee of Political Education (COPE) gave "special recognition" to Gov. Preston Smith, Lt. Gov. Ben Barnes, Agriculture Commissioner John White and Land Commissioner nominee Bob Armstrong.

gram must be licensed to do so by the Texas Department

ATTORNEY GENERAL OPINIONS--A non-profit, charitable organization which conducts a driver training program of Public Safety, says Atty. Gen. Crawford Martin. The exceptions are training or classes conducted by colleges, universities, high schools and junior high schools for regularly enrolled students.

In other recent opinions, Martin concluded that: * A county may extend City-County Health Unit services to a city within county boundaries, even though the city does not participate in the unit; however, the county may contribute only those services normally made available by the county unless the city wishes to join the City-County Health Unit.

Justice of the Peace is not entitled to collect a fee for actions transferred or dismissed without trial from his court.

Commissioners Court may authorize travel expenses of an expert witness to appear at an HEW Committee hearing in Washington, D. C., to give evidence of the need of federal funds in the county.

Commissioners Court may also authorize travel expenses for Chairman of a County Historical Survey Committee necessary to the performance of his duties in that capacity; and Court has power to create a Museum Board to manage a County Museum and pay travel expenses of the board members in carrying out their duties in those capacities.

An independent school district has authority under the Texas Education Code to deduct union dues from wages of custodial and maintenance employees upon their written authorization and to forward the deductions to the union.

ATTORNEY GENERAL RULES--A person whose photograph is taken for speed enforcement or traffic surveying purposes has no actionable invasion of privacy rights; Atty. Gen. Crawford Martin had held.

In other opinions, Martin concluded that: * Texas Air Control Board has the power to certify facilities as constructed for the purpose of achieving control of air pollution.

Texas Education Agency can make appropriate adjustments in a school district's professional allotments to consider average daily attendance required to be transferred from one district to another. All allotments must be made without regard to race, creed or color.

Legal provisions relating to standards and specifications of public buildings are applicable to the Old Land Office (Museum) Building.

INDUSTRIAL WINNERS ANNOUNCED--Six industries were named winners of the Governor's Industrial Expansion award for 1969.

Winners are Friedrich Refrigerators Inc. of San Antonio, Johnson Manufacturing Company of Lubbock, Kilgus Ceramics Corporation, Laredo Packing Company, Celanese Chemical Company of Clear Lake and Missouri Beef Packers Inc. of Friona.

All will receive awards in a special program here at the Governor's Conference on Industrial Expansion on October 13.

OIL ALLOWABLE UP--Texas Railroad Commission bumped the state oil allowable for October to 87 per cent of potential.

This would be the highest since January, 1949, increase was granted on the understanding of strict compliance with the order directing record allowable.

Order provides for installation of the no-flare regulations, no gasoline plant processing, gasohol and a curtail on excessive flame production.

DRAFT QUOTA DOWN--October draft call for Texas is 674 -- down from 704 in September, says Col. Charles M. Duncan, acting State Selective Service Director.

October quota for pre-induction physical and mental examinations is 4,285, a decrease from 7,171 in September. Texas' induction quota of 674 is the state's share of a national call for 32,000 men for the Army.

Duncan said no man maintaining "a bona fide family relationship with a child or children" and who qualifies for class 3-A will be ordered to report for examination.

SHORT NOTICES

State Banking Commission has received an application for a new bank in 1970 from Rutman, Harris County.

John Manuel Hoopoe of Sinton is new community action specialist in the Texas Office of Economic Opportunity for 1970.

State Board of Education has received a 12-point community education plan including a recommendation for increasing private vocational schools.

Rutland, Commission's hearing on Mohr's request for a new bank district in the East Texas oil field resumed after a 30-day recess by Hurricane Rita.

Mrs. Phyllis Burton of Corpus Christi, Richard D. Kettle of Houston and Dr. Gene Sparks of Lubbock were named by Texas Library and Historical Commission to serve on the Library Systems Advisory Board.

Glamour books extracted from the local collection will be exhibited in the Texas Department of Agriculture in the Food and Fiber Pavilion at the State Fair in Denton.

Texas Parks and Wildlife Department warns hunters that if not only is illegal to discharge firearms in public places, it also is illegal to use firearms in road rights-of-ways.

gatesville at a glance

by sally jund

NO LESSONS IN FAREWELL...How does a person who has dealt with the public in such a manner as a newspaper say farewell to her many readers, friends and acquaintances? If finding an outline for farewell were possible, I would still be unable to sue a "map" to follow in saying goodbye because in our type of relationship -- columnist to reader -- there is no lesson in farewell.

Since my first "Gatesville At A Glance" column in 1968 was squeezed from my un-knowledgeable skull, I have continued to enjoy discovering new talents in old friends and learning of outstanding abilities of new friends. The column has proved to be a joy to me and I feel it has rewarded me more than any of my newspaper responsibilities. The most rewarding part of my column writing was the many wonderful letters I received from readers of the NEWS and the visits from Coryellians who just wished to gab a bit and show me their giant cucumber or a purse made of bleach bottles.

We are closing the doors at the CORYELL COUNTY NEWS after 27 years of unbiased and truthful reporting--a guideline set by our father, W. Matt Jones, who edited the NEWS from its beginning until his death in September 1967. From that point, we Joneses banded together and began a second generation and a new era in Gatesville printing--the modern offset technique. We Joneses--Mrs. W. Matt, Johnny, Matt Jr. and myself (I should say Jund)--have enjoyed the association with our readers and hope that you have enjoyed our association with you as well.

GUESS I'LL GIVE FLOWER POWER A TRY...In case you good readers are wondering about my future employment, I'll be ready to serve you as one of the designers at Graves Florist. I've had 23 years of training--I was a buggy case at the shop through my infant years. Just think how much flower-knowledge must have soaked up from the age of 40 weeks!

At any rate, I plan to join mom, Mrs. W. Matt Jones and the girls, Vera Chohan and Nellie Moore, who already serve your every floral need. Matt Jr. will be with us at the shop too, so it will be a family affair again. See you around

VISITS IN DE QUEEN, ARKANSAS...Al Pearce returned to Gatesville Wednesday after a short visit with his mother, Mrs. Pete Lam of De Queen, Arkansas. Al arrived in De Queen Friday, September 18, and didn't waste a second to find out all the big news in the Lam home.

Prior to his Arkansas visit, the traveling Gatesvilleite stopped in Dallas for a visit with his sister and her husband, Dr. and Mrs. Nellie Elliston. Mrs. Elliston is the former Miss Patsy Pearce of Gatesville. Dr. Elliston is a veterinarian for the Elanco Corporation.

LIFE BEGINS AT FORTY--WEEKS...The old saying "Life begins at forty" may be true from the viewpoint of some of our "forty-ish" readers but actually life begins at forty weeks! At least that is the opinion of noted psychologist

Mabel F. Martin. According to the well-known authority in the field of psychology, at the age of forty weeks "an infant starts to make an effort to please and also imitate."

This stage of eagerness to help out doesn't last forever. In fact, most child experts agree that it reaches a peak during the pre-school years. Psychologists suggest that you should begin teaching your child early, when his initiative instinct is strongest.

"If a child's earliest efforts to help out with the necessary work of a household are rewarded with success, appreciation and appropriate recognition," says Miss Martin, "the habit of contributing actively to the general welfare can be built up naturally and easily."

When training your child the experts plead "Give him a chance!" They warn against the ill effects of adverse conditioning such as ridiculing a child for his mistakes or scolding him for accidents. The most important thing to remember is that a few dishes broken by a little girl imitating mother are a small price to pay for the strengthening of character which the gesture provides. Tender young plants trampled by a youthful gardener bent on pleasing pop with a pre-school green thumb are worth much less than the trait of helpfulness the work encourages.

From the first helping gestures the child will mature and take his social responsiveness into the circle of his friends and playmates. By your example he will learn how to treat his friends. By watching you share, he will learn to share with his friends.

For a wider scope of helpfulness and social responsiveness the psychologists suggest a worthwhile project to work with your child toward. Their example was gathering clothing for needy people through a church affiliated collection. When you gather some of his old clothing to contribute to other little girls and boys in need over the world. Finally when you take the contribution, let your child hand his bag to the representative and thus feel the satisfaction of helping other human beings.

BRANCHES MISSING FROM JOHNSON FAMILY TREE...Have you ever tackled the task of writing a family history? If so, you can sympathize with Mrs. Ann Johnson of Brady who is doing just that. If you have not written a history of your clan you can still sympathize with our friend, Mrs. Johnson.

It seems several of the Brady resident's family members lived in Coryell County around Gatesville. The families include the lines of John Euel Everett, Hester Ann Bruner, J. W. Brown or Tom Hanson Gould.

If you good readers know any information about any of Mrs. Johnson's missing links, write her at 1904 S. China, Brady, Texas 76825.

Sigma Rho Votes On Valentine Sweetheart

The Sigma Rho chapter of Beta Sigma Phi voted on the chapter's candidate for the international Beta Sigma Phi Valentine Sweetheart contest at the social club's Thursday evening meeting in the National Bank Civic Room.

The chapter sweetheart will be announced near Valentine's Day and she and her husband will be guests of honor at the club's Valentine Dinner February 13.

During the short business meeting, conducted by Chapter President Ann Eubanks, the group voted to again purchase an insurance policy for club activities. Members unanimously voted to contribute a cash donation to the Red Cross ditty bag project. Reports from the committees were heard and program books

entitled "Paths To Loveliness" were distributed.

The art of oratory was examined by Sigma Rho Doris Reynolds. Mrs. Reynolds followed oratory from its beginning in the 5th Century to the great orators of the 20th Century.

Eighteen members enjoyed a social hour with refreshments of lime and orange sherbet and cookies. Hostess at the meeting was Dixie Duke.

Attending were Mesdames Pat Jones, Becky Kenworthy, Lillian Vidler, Phyllis Harvey, Marilyn Myrick, Janda Coward, Barbara Edwards, Evelyn Lovejoy, Doris Reynolds, Anne Byrom, Sally Jund, Sue Bankhead, Kay Robb, Jo Ann Moss, Ginger Miller, Myrtice Bohne, Dixie Duke and Ann Eubanks.

Woman's Forum To Open 1970-1971 Season Today

Members of the Woman's Forum will convene at 3 p.m. today in the Gatesville Public Library for their first meeting of the 1970-71 season.

The forum, organized as an extension course from the University of Chicago in 1935, was formerly known as Speaker's Institute. At present only four charter members of the forum are active in the fine arts organization. They are Mrs. Byron Leard Jr., Mrs. Raymond Ford, Mrs. Clyde Bailey and Miss Orpa May. The 1935 club was organized with two aims: a study of speech and the arts and a study of current events.

The Speech Institute continued for two years when in 1937 the course was completed. The group continued to study the arts and the events of the day under the name of Woman's Forum.

In 1970, the organization has 24 members and continues to promote the study of the arts as it did in 1935.

Mrs. Clyde Bailey of Gatesville, forum president, will preside over the organizational meeting. The president will review the history of the Woman's Forum at the meeting. Mrs. Price Wesley will read the program schedule for the 1970-71 meetings. Yearbooks will be distributed at a later date.

FORUM OFFICERS--Seven Gatesville ladies will begin a year of service as officers in the Woman's Forum today at the club's 3 p.m. meeting. Seated above are Mrs. Charles Wise, corresponding secretary and press reporter; Mrs. Olive Little, recording secretary; Mrs. George Painter, parliamentarian; Mrs. Clyde Bailey, president. Standing are Mrs. E. C. Lowrey (left) treasurer; and Mrs. J. R. Saunders, vice president. Mrs. Byron Leard Jr., critic, is not pictured.

Girl Scout Fund Drive To Begin October 5

The drive for funds to support Girl Scout activities for the 1970-71 year is to start October 5. We hope to have our drive concluded by October 26. The Bluebonnet council has set \$1,250.00 minimum as our share for this year. This is a little more than was needed last year but with your cooperation, we surely will be able to attain this goal.

The following people have agreed to take part in the drive this year: Mrs. Otis Ray, Mrs. Bethel Cooper, Mr. Allen Bennett, Mr. Joe Skelton, Mrs. Glenn Stever, Mrs. William F. Floyd, Mrs. Raymond Leonard, Mrs. Joe Barton Jr., Mrs. Dale White, Mrs. Nelson Newton and Mrs. Bob Richmond.

Our youth organizations need our help and support at this time more than any other time in our nation's history. When some of these people see you, will you please be as generous as you can and help us reach our goal for the Girl Scouts of our community? Your help will be graciously received and very greatly appreciated.

Glenn Whittenberg is serving as campaign chairman again this year.

Local Eastern Star Group Attends Clifton Meeting

The Past Matrons and Past Patrons Association of District 3 Section 7 Order of the Eastern Star met in Clifton at the American Legion Building on August 31 in its regular meeting. There were 23 members present with Gatesville taking home the attendance banner.

The final meeting of the year will be held at the home of Mr. and Mrs. Arthur Corley of Morgan. As this is the Christmas Party, each member is asked to bring a gift which will be suitable to be sent to the ladies of the home. Also each member is asked to bring a covered dish and be ready to eat at 8 p.m.

All members are urged to be present as new officers will be elected for the coming year.

A very informative discussion was presented by Mr. Blackstone on Home Endowment of the Welfare program of the Grand Chapter. The main object of the project is that it will provide perpetual care of the ladies in the Eastern Star Home in Arlington, Texas. The humorous part of the program was presented by Mr. Garrison who entertained with magic tricks.

Refreshments were served by Regina Chapter #243 from a table covered with a pink lace cloth decorated with satin bows in a rainbow of colors. Sterling silver candelabras
