

By R. L. H.

Our compliments to the natives of this fair city...

Hico has an enviable reputation for cleanliness and sightliness...

This situation seems to exist this year to a greater degree than usual...

The cases here are isolated, of course, but for that very reason they stand out as a civic indignity...

In the midst of this privately promoted beauty a public building and improvement program on a vast scale is in progress...

Never before, perhaps, have there been as many projects under way...

This inspires residents and at the same time can be effective in drawing new people into this thriving community...

Hico Garden Club's annual flower show is scheduled for next week end, Saturday, April 25...

Incidentally, isn't it a heck of a note when a man has to look in the society section to get gardening news?

Mens' efforts may be less glamorous, but still are effective. Recently we read of a fellow up at Dallas who erected a greenhouse to raise angieworms...

Noel Spaulding, up last week to take his parents, Mr. and Mrs. Clarence Spaulding home with him for a visit...

Also the unknown contributor of a copy of the Las Vegas Review-Journal is due our gratitude, although we are puzzled as to what we were supposed to read in it.

From Marlin comes a card addressed to the News Review, from Mrs. C. H. Boyd: "I guess some of you may think I am having a 'hot time'..."

Finally our sympathy goes to Mrs. Helen Baldwin, Waco Tribune-Herald women's editor who has been the victim of a series of tragedies and accidents...

Members of the local garden club have received invitation from the Walnut Springs Garden Club to visit their annual flower show...

VOLUME LXVII

HICO, TEXAS, APRIL 17, 1953.

NUMBER 49.

School Board Holds A Busy Session

Three Contracts on Elementary Building Signed Tuesday Night

K. A. Sparks, Hamilton contractor, was awarded the contract to build Hico's new \$75,000 elementary school building...

At the same meeting of trustees Tuesday night, contracts were also signed with Wilson Plumbing Co. of Hillsboro on the plumbing...

Cost of the complete job includes architect's fees to Stanley Brown of Dallas, who met with the board Tuesday night...

Completion of the new quarters and installation of equipment is expected to be completed by Sept. 15, in time for school opening next fall...

Contractor Sparks recently completed a new high school building at Hamilton.

CLEAN-UP CAMPAIGN IS 'GOING OVER BIG'

"Hico is really doing it up in a big way," reported Mayor W. H. Greenslit after inspection of Wednesday's route for hauling off trash in the annual clean-up campaign...

City-wide clean-up will continue through Saturday, when there will be another tour of all residential areas by the garbage trucks.

Austin, April 13—Spring is the time for a home hazard hunt, according to Dr. Geo. W. Cox, State Health Officer...

Spring house cleaning time is a good time to remove the common hazards that cause so many home accidents. Attics, basements and closets accumulate piles of junk...

Loose throw rugs are notorious for causing falls. Toys and other objects scattered over the floors and stairway often cause falls.

While rounding up piles of junk to throw away, don't forget to look into the garage, backyard and alleys. In your spring clean-up check your garbage can. Be sure that it is of metal and see that it has a tight fitting lid.

Superintendent and Present Teachers Are All Re-Elected

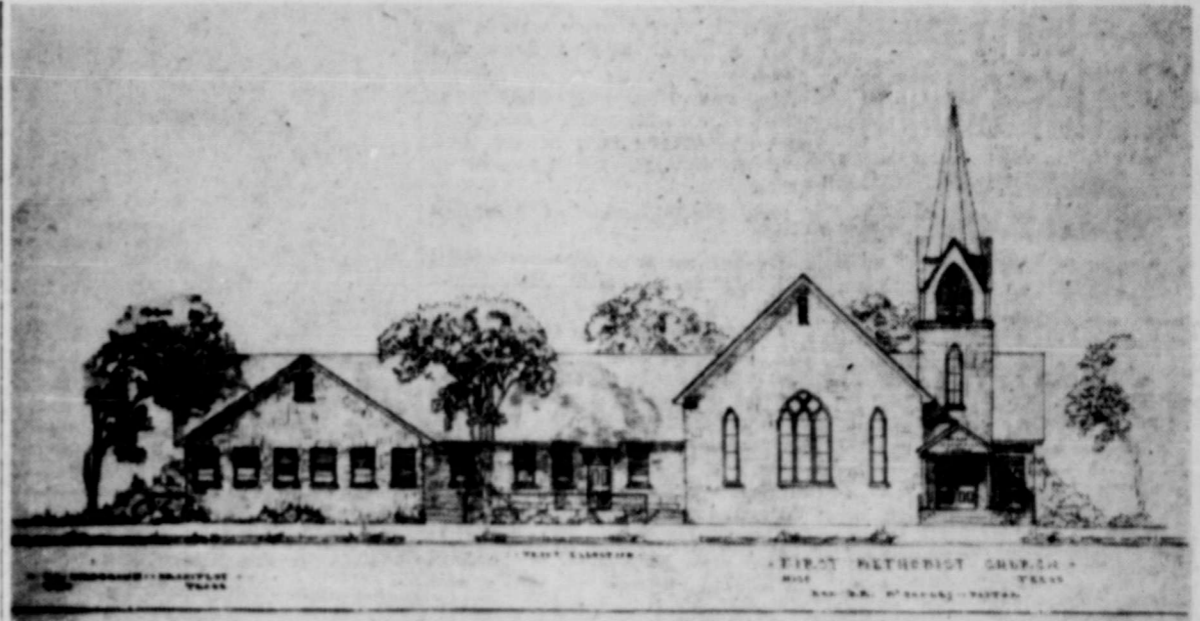

Superintendent O. C. Cook, who had one more year to serve on his original three-year contract, was given a two-year extension through action of the board of trustees Tuesday night.

Board action which named Hico's school head for the next three years also re-elected the entire faculty with the exception of Ray Painter, who had previously accepted a position at Gatesville.

Also re-elected were Mrs. J. E. Slaughter, lunchroom supervisor, and H. D. Knight, custodian.

Present teachers, subject to assignment by Supt. Cook, are: Elementary School, Mrs. Bernice Jackson, B. S. M. S., Hardin-Simons University, first grade...

Mrs. Lucille Brummett, B. A. Daniel Baker College, Math and Science; Mrs. Louise Angell, B. A. M. A., Southern Methodist University, English; Harold Walker, B. S. A. & M. College, Vocational Agriculture; Miss Annette Phillips, B. S., Texas State College for Women, Homemaking; A. A. Chandler, B. S., M. S., North Texas State College, Social Studies and High School Principal; O. C. Cook, B. S., M. S., North Texas State College, Superintendent; Carl Remington, Clifton, band director.

FIRST METHODIST CHURCH will reflect balanced design and increased facilities when plans for enlargement and remodeling are carried out.

Vacation Film Screened Wednesday at Weekly Meeting of Lions Club

A film represented as having been shot and assembled by amateurs, but which showed professional touch and proved very interesting, was screened following the regular weekly luncheon of Hico Lions Club at Firemen's Hall Wednesday.

In the business session, presided over by T. E. Roberts, R. B. Jackson reported that an ultimatum had been issued relative to the annual Lions Club Variety Show.

W. M. Horsley reported on letting of contracts for Hico's new elementary school building, accomplished in a called meeting of trustees Tuesday night...

Rex Mitchell of Iredell was present, having transferred his membership to Hico from a Fort Worth club...

Methodists Raising Funds For Building

Members of the finance committee were named this week, as the building committee continued plans for construction of an addition to the First Methodist Church and the remodeling of the present structure.

Plans are to construct an annex 30 feet by 66 feet on the west end of the church, and the exterior of the church will not be altered in shape but will be covered with brick veneer.

Persons selected by the building committee to solicit funds include the pastor, Rev. D. R. McCauley, Dr. H. V. Hedger, S. W. Everett, Marvin Marshall and Mrs. Odie Patsick.

"This committee has selected the workers in this campaign," said Truman Roberts, chairman of the building committee, "and the workers will contact the membership of the church in the near future."

Additional space in the new wing will be occupied by six small Sunday School rooms, one large Sunday School room and a kitchen, all of which can be opened up together for church socials to provide large serving capacity.

In the present structure, a nursery will be included in the plans for remodeling and four Sunday School rooms will occupy the space in the West wing, while the East wing is to be remodeled to take of a pastor's study and combined choir and Sunday School room.

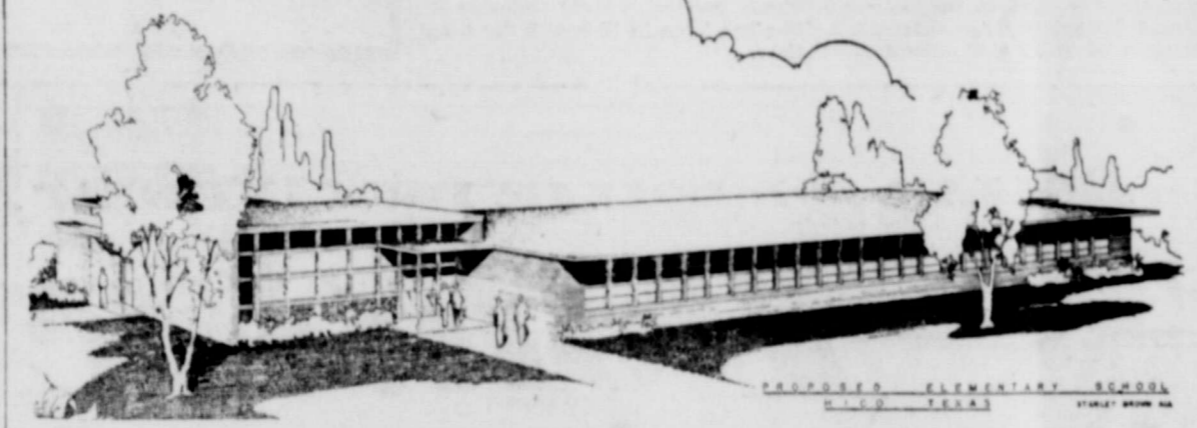

BAND PARENTS TO MEET There will be a meeting of the Band Parents Club at the Band Hall next Monday night, April 20, at 7:30 p. m.

All parents are urged to be present.

Garden Club Members Make Announcement About Flower Show Garden Club members will bring articles to sell next Saturday, April 25 at the annual Flower Show to be held in the Richbourg Building. Beginning at 2:00 p. m. these articles for a "white elephant" sale will be offered to the public.

WINS SCIENCE PRIZE . . . E. Alan Phillips, 15, of Lincoln, Mass., won top Westinghouse grand science scholarship with essay on "Compression of Liquids and Gases under Gravitational and Centrifugal Forces."

HICO'S NEW ELEMENTARY SCHOOL will conform in outside appearance with above architect's sketch. Work started Thursday of this week.

Baseball Reporter Chides Managers for Withholding Scores

By LEON LEWIS

Well, there were three games played last Sunday but up to 4 p. m. Tuesday only two have reported. There is no excuse for this. The president, Mr. Walker, made it plain to all managers that he must receive a report of all games not later than seven p. m. on Monday, in order to get it to the Hico, Dublin and Stephenville papers in time for them to print Sunday's results and standing of clubs each week.

Duffau won over Dublin 16-4. Iredell over Alexander 7-4. A good crowd attended both games. Hico and Johnsville have not reported as yet.

Visitors Invited to Walnut Springs for Annual Flower Show Members of the local garden club have received invitation from the Walnut Springs Garden Club to visit their annual flower show to be held at the American Legion Hall in Walnut Springs Saturday, April 25, from 3:00 until 9:00 p. m.

The public is cordially invited. No admission charges will be made, and the club hopes to have some visitors from Hico. Announcement came from Mrs. L. E. Hensley of the Walnut Springs Garden Club.

AGED AGENT . . . Arlon Barton "Cyclone" Davis of Dallas, Texas, president of American Brush Club, asked the House finance committee in Washington to approve his plan for aiding 500,000 members of Friends of the Aged Council, which he heads.

Novel Idea to Form Program for P-TA Meet in Fairy Tonight

A "sell-yourself" auction and home talent show are lined up for the program, when Fairy Parent-Teachers Association meets Friday night (tonight) at 7:30 o'clock in the Fairy Gymnasium.

In announcing the home talent show, the association members said that they believe there is enough local talent to put on a good show.

The "sell-yourself" auction will be presented as something that has not been done around here, and it is expected to be a lot of fun to those present. Persons will be asked to donate jobs or any kind of labor, and their work will be sold to the highest bidder.

Everyone has a cordial invitation to attend, the publicity chairman said in making the announcement.

CPS CO. OFFICE VISITORS H. R. Wallace Jr., auditor for Community Public Service Company, has been a visitor in the local office this week.

Other visitors from the Fort Worth office this week were H. L. Stout, vice-president and assistant secretary; and Roy Kunds, superintendent of power and transmission.

CLASS PLAY TO BE GIVEN Students at Fairy school will present a play at Fairy Gymnasium on Saturday evening, April 25, beginning at 7:30 p. m. The cast has been selected from members of the senior class. The play is entitled, "When a Woman Decides." The public is invited. Nominal admission prices will be charged.

Official Says Farmer Being Falsely Blamed For High Food Prices

Waco, April 12.—Farmers are being falsely blamed for high food prices and indulging in "get-rich-quick" schemes at the expense of consumers, J. Walter Hammond, president of the Texas Farm Bureau Federation, declared this week.

The state farm leader referred to an announcement by W. B. Bain of Dallas, marketing administrator for the North Texas milk area, as an example of what often happens in the case of food prices.

The announcement appeared in the April 8th edition of the Fort Worth Star-Telegram. Bain reported that milk producers in North Texas will get 44 cents less per hundred weight for Class 1 milk in April than they received last month.

"This is an excellent example of what is happening to the farmer's share of the consumer's dollar," Hammond said.

"Farm prices have tumbled, but the retail prices are staying up," pointed out that retail prices do not reflect accurately the farmer's share of the food dollar.

"Last year the farmer received only 45 cents out of every dollar's worth of produce he sold. The consumers should concern themselves with the 55 cents difference between prices paid to the farmer and prices paid by the consumer."

Cooperate with city-wide Clean-Up Week, now in progress. Trash will be hauled free again Saturday.

IREDELL ITEMS

by Miss Stella Jones, Local Correspondent

Mrs. Myrtle Parker and her daughter, Mrs. Frank Cunningham Jr. and his father spent the week end in Juarez, Mexico with Frank Jr. He is in the Army.

Mrs. W. B. Worrell of Waco spent the week end with her daughter, Mrs. Leonard Houston, also visited his mother in Hico.

Mr. and Mrs. Harlan Lynch and family are living in the residence of the former Mrs. Tenny Davis.

Mr. and Mrs. Charlie Myers of Fort Worth were here a few days this week.

Mrs. R. Y. Patterson was in the Holt Hospital a few days this week.

Mr. and Mrs. Otis Oldham of Midland were here this week. They sold one of the rent houses to a man at Hico. It will be moved up there.

Mrs. Stacy Porter of Meridian was here Saturday.

Jessie Chaffin of Chicago is visiting his father and other relatives.

Mrs. Roy Thompson and some of her brothers, the Trotter boys, went to Marlin Wednesday and put on a musical program at the veterans hospital for the patients. Her father is there in the hospital.

Mr. and Mrs. Stockham and sons of Fort Worth spent the week end with their parents, Mr. and Mrs. Raymond Davis.

Mr. and Mrs. George Hudson of Walnut Springs visited Mr. and Mrs. Lee Hudson Monday.

Mrs. Wrenn, who visited her parents, Mr. and Mrs. Lewallen, has returned to her home in Temple.

Ada Airheart vacated the room at Mrs. John Pruet's and has a room with Mrs. Judy Gosdin.

Mrs. Darby Origin and baby and Mrs. Davenport and two children of Dallas came in Tuesday morning. Susie and baby returned home in the afternoon. Mrs. Davenport and children remained all the week.

Mrs. Bill Allen, Paul Patterson and Mr. Davenport, all of Dallas, spent the week end with their parents, Mr. and Mrs. Patterson. Bobby Gene Patterson also came.

The farm folks have been busy this week planting watermelons and other things, since the rain.

Mr. and Mrs. Ralph Bradley visited their daughter, Miss Betty Bradley at Fort Worth Friday.

Mr. and Mrs. Tom Hunt and daughter of Dallas spent the week end with her mother, Mrs. Cunningham.

Mr. and Mrs. Billy Jack Blakley and son of Fort Worth spent the week end with his parents.

Rev. Terptrra took his Boy Scouts to Fort Hood to spend the week end. Howard Myers and Mr. Howard were with the boys Sunday.

Fairy

By Mrs. Eunice Massengale

We had much cooler temperatures over the week end, with some frost in evidence early Monday morning.

We have been requested to announce that there will be a cemetery working at the Fairy Cemetery next Wednesday, April 22. Lunch will be served at the noon hour. We especially urge all who are interested in this work to come and bring a basket lunch. If those living near can arrange to get your family lots, or lots of relatives worked, prior to the meeting, this would give much more time to devote to lots of those who live away and are unable to see after their lots. Mr. Frank Tyler came by the home of the writer last Saturday and stated that he had been by and talked with Mr. Ernest McCoy and that they decided on the meeting as mentioned above, and gave us instructions to let some one go to work with the burners and get as much burned off as possible, before the meeting in order that we might get the work entirely completed on the meeting date. Dewey Wilson is expected to start to work tomorrow (Tuesday). In conversation with Mr. Tyler he stated they would try to employ someone permanently on the day of the meeting. So any who are interested in the work be on hand on the meeting date. We wish to thank Mr. Tyler for the interest he has shown and also for his trouble in looking after this matter. Audie Clark, who has also served very efficiently as a member of the committee has been in Galveston for more than a week with his wife, who is a patient at John Sealy Hospital. We wrote him regarding the matter last Friday and expect a reply any day, but feel sure that the arrangements that have been made by Mr. Tyler and Mr. McCoy will meet his approval. The public will assist in working lots and mounding graves where there are flowers and shrubs, as the weed burner cannot be used near chubbery. Let's try to make this one of the best gatherings we have had in years. Assuring you that your cooperation will be greatly appreciated by the committee.

Mr. and Mrs. V. H. Heyroth were in Iredell the first of the week working the cemetery lot of his parents in the West Iredell Cemetery.

Mr. Henry Davis of Hico visited the Fairy Cemetery Saturday and worked their family lot. Other visitors recently were Mr. and Mrs. R. L. Anderson of Grand Prairie, Mrs. Myrtle Enger and Mrs. Evelyn Smith of Brady.

Farmers have been very busy for the past week or more planting maize and other feed crops and we notice a few have been plowing corn. Grain is heading fast and a good rain now would be very beneficial to growing crops.

The writer accompanied Mr. and Mrs. A. H. Sumerford from Hamilton, Sunday afternoon to Board Church near Comanche, where we attended singing. Mr. and Mrs. I. A. Morgan of Hico also attended. It

STUDENT NURSE in her second year in the hospital diploma program at Providence Hospital School of Nursing, Waco, is Miss Billie Herrin, daughter of Mr. and Mrs. E. I. Herrin of Iredell. (The photograph, originally including also two other nurses, was made for use in a feature article in the Times-Herald.)

Clairette

By Mrs. Henry Mayfield

A cool wave hit here late Saturday afternoon. Some frost was around in spots Monday morning.

Mr. and Mrs. Reno Dunbar and Mrs. Mary Earll, Mr. and Mrs. Henry Mayfield and Mitchell attended a safety meeting at the recreation hall in Stephenville Friday night, sponsored by the Mid-Way H. D. Club.

Sunday was clear and cool. No rain so again one of the signs has failed. (When it rains on Easter Sunday it will rain some for seven Sundays in succession). The gardens and grain are needing rain now.

Mr. and Mrs. Frank Stipe of Duffau visited Sunday afternoon with Mr. and Mrs. Artie Thompson.

Mr. and Mrs. H. P. Lee and family and Mrs. Linnie Thompson of Colorado City accompanied Mrs. Jessie Lee home and spent the week end. Mrs. Lee has been in West Texas visiting her children since February.

Mrs. Jennie Huffpouir of Brownwood spent a couple of days the past week with Mr. and Mrs. Artie Thompson.

Mr. and Mrs. Houston Johnson of Big Lake visited Saturday with Mr. and Mrs. Jewell Wolfe.

We are glad to report the cemetery was worked off last week and the two cement tables being built by Bill and Phillip Carr, under supervision of Reno Dunbar and W. E. Alexander, committeemen of this project. We feel the community will be proud of this improvement.

Mr. and Mrs. Clint Riechbourg spent Sunday in Fort Worth with Mr. and Mrs. W. J. Conway and Dian and Mr. and Mrs. Earl Harrison.

Mrs. Lizzie Havens of Houston was at home the past week end.

Mr. and Mrs. Wayne Garner of Selden are the parents of a new baby girl born April 8 at the Stephenville Hospital. They named the little girl Debra Jo. She is the Garner's third daughter and third child. Mrs. Garner and little girls will spend several days with her parents, Mr. and Mrs. Herman Roberson.

Those that attended community night enjoyed games of 84 and canasta. Those appointed to serve on next community night in June are Mrs. Maude Dunbar, Mrs. Dona Wolfe, and Mrs. Lucille Mayfield.

Please keep community night on your mind and come out the second Wednesday night in May and enjoy a few games.

Mrs. Tom Farrar visited in Dallas last week.

Mrs. Andy York and baby of Cleburne spent last week in the Rob Sherrard home.

Mrs. Dulish Dowdy returned home from Rockport Tuesday morning after a visit with her children.

Mrs. Cora Edwards is in the Baylor Hospital in Dallas to have an operation on her leg. Her son, Carl and wife of Dallas came for her Saturday.

Mr. and Mrs. B. J. Pruet and Deborah were dinner guests Sunday of Mr. and Mrs. M. Autry of Gustine.

Rev. Campbell, Baptist Church pastor, has resigned to go into the Mission field. His resignation will be effective next Sunday.

Livestock Shipments In February Drop 26% Below January

Austin, April 12.—Total February shipments of Texas livestock dropped 26 per cent below January and 13 per cent below February, 1952, the University of Texas Bureau of Business Research reports.

Declines from January included hogs (77 per cent), calves (53 per cent), sheep (45 per cent), and cattle (16 per cent). In the February, 1952-February 1953 comparison, hog shipments receded 96 per cent, calves 50 per cent, and cattle 5 per cent. Sheep shipments were up 17 per cent.

Representative Perry Tells About Visits To State Institutions

TO THE PEOPLE OF THE 62ND DISTRICT:

I did not write last week because we adjourned early for Easter and nothing of much consequence transpired. This week has been different and the important General Appropriations Bill has been returned from Conference Committee with the recommendation that it pass. It calls for the expenditure of about \$166,000,000 and has given our two state institutions in the district a fair deal. Under this bill Tarleton State will get \$416,252 for the coming year and the State School for Boys at Gatesville gets \$645,084.

From last Thursday at noon until Sunday night at ten o'clock, three other members of the State Hospitals and Special Schools Committee and myself visited state hospitals and special schools in the Eastern part of Texas. We went to the Alabama-Coushatta Indian Reservation at Livingston, the State School for Delinquent Colored Girls at Crockett, the Rusk State Hospital, the State Tubercular Sanatorium at Tyler, the Terrell State Hospital, and the Waco State Home for Children.

Most people of the State, I believe, are not informed as to the activities of the Indian Reservation at Livingston. It is the only reservation in the world to which are appropriated state funds for its operation. It is composed of approximately 4,000 acres of land given to the Indians by both the State and Federal Governments. On the Reservation today live 400 Indians comprising 63 families. The State builds and maintains houses and recreational facilities for the people, but they have to furnish their own food and clothing except in unusual circumstances. The Alabama-Coushatta Tribe was regarded with this care as a result of their faithful and diligent efforts on behalf of Texas during both the Mexican and Civil Wars.

The hospitals at Rusk and Terrell are for mentally-affected patients; the school at Crockett is for colored girls committed by court action and has 72 students; the Sanatorium at Rusk, of course, is for tuberculars and the State Home at Waco is for white children committed to the State by a District Court because the families of the children are not capable or qualified to care for them. There were a few minor discrepancies found at these state institutions, but on the whole they seemed to be run efficiently and the patients seemed to be well-cared for and in good spirits. They are overcrowded, as are most state institutions, and much new building is needed, but time will rectify this short-coming as the building program is continued.

I got through the Education Committee, House Bills 276 and 277 relative to Tarleton State College. They should come up on the Floor within the next few days and I don't anticipate too much trouble because they are virtually uncontested bills.

Sincerely submitted,
W. W. PERRY.

WARNING!

Locating TV antennas too close to power lines is **DANGEROUS!**

Someone may be killed or seriously injured or your set may be damaged if your antenna should fall into a power line. Follow these precautions and play safe:

- 1 Have your antenna installed by a qualified TV serviceman and see that it is located where it will clear power lines if it should fall in any direction.
- 2 Make sure the antenna mast is strongly constructed and supported to withstand the heaviest storms.
- 3 Do not run guy wires over or close to power lines.
- 4 If your antenna is already up, have it checked for safe location and support. And if you are asked to move it, remember the request is made only to protect you, your set and your electric service.

A final word of caution: If you are in the vicinity when an antenna does fall on a power line, don't touch the antenna, power lines or guy wires. Leave a guard at the hazard and call our office at once.

IT'S THE LAW in Texas A public service feature of the State Bar of Texas

LAWYERS' CODE PROTECTS INTEREST OF PUBLIC

Few people know that lawyers have a code of ethics more strict than the law itself. It is called the Canons of Professional Ethics and has been in effect in the United States since 1908.

In America, where the stability of government, rests upon the approval of the people, it is peculiarly essential that the system for establishing and dispensing justice be developed to a high point of efficiency and so maintained that the public shall have absolute confidence in the integrity and impartiality of its administration.

All members of the State Bar of Texas are required by Rules voluntarily adopted by them and ordered into effect by the state Supreme Court to observe 43 separate and distinct canons of professional ethics. In addition, there are Canons of Judicial Ethics governing the conduct of all our district and appellate judges.

It is rare that one finds a lawyer who willingly and knowingly departs from the ideals of the code. It is more strict than the law itself, and many acts which are unlawful are frowned upon by the code as improper conduct for attorneys. A lawyer may find himself criticized severely by his fellow lawyers and the courts, or even called upon before one of the Texas Bar's 23 grievance committees, because he had done something which, though lawful, is contrary to the Canons.

Here are a few of the principles which lawyers have pledged themselves to follow: A lawyer may not represent clients with conflicting interests except with the client's consent after they have full knowledge of the situation. He is bound to give a frank opinion on the merits and likely results of a lawsuit, and should advise his clients to make a fair settlement if he can avoid or end a lawsuit.

He should not overvalue or undervalue his services. Ability to pay is no justification for an excessive lawyer's fee, although lack of finances on the part of the client may require a reduced fee or none at all. And he must never regard his profession as a money-getting trade but always remember that it is a branch of the administration of justice.

The same code requires that he be fair to other lawyers and that he be frank, cooperative and respectful to the courts. He is responsible for decisions regarding the best procedure to follow in a trial. He must do his best to prevent his client from acting improperly toward the court or jury, or in his duties as a citizen. These and many other restrictions are voluntarily accepted by the lawyer because the acts forbidden are felt to be unworthy of the high standards of the profession.

(This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

LISTEN As the Red Bird Rambles

By Carolyn Holford

TRAVELER FOR 24 YEARS... and herdsman of the groups of children in Hico Public Schools during these many years is Roy French, who contracted to drive the first school bus ever provided for Hico schools, and has been operator of the school transportation since that time. The first model used could not compare in style with the new ones which are provided with leather upholstery and baggage racks to look very much like the transit buses operating between towns. In addition, the driver has access to a first aid kit and a fire extinguisher for safety's sake.

ONE MISFORTUNE... caused the veteran driver to use the first aid kit, he related to the Redbird who was allowed to ramble along with those folks on their way home that day. But only once in such a long period of time has Roy needed the aid of bandages. Then it was a minor injury, but enough to scare him into carefully bandaging a cut on a little girl's arm, after she lost her balance and cut it on some glass in the windshield.

TYPICAL OF OTHER drivers, Roy's route includes from 28 to 30 miles of driving from the school building in Hico. Since the time he started, when there was only one bus, there was added another one the following year, and now the routes number six, all of about equal length in mileage. In addition to driving, Roy French provides housing for the buses and handles the maintenance of them.

EACH DRIVER'S DUTY... as the year begins, is to keep a record of the distance to each school child's house from school. The superintendent provides a list of those who will be riding each bus during the year, and then the drivers must keep a record of the number of miles traveled. Other drivers are Burl Havens, Ray Keller, E. R. Seaco, Milton Rainwater and Clifford Mackey.

AS THE CROW FLIES... he might get lost on Roy French's route which winds north of town out the Chalk Mountain and Glen Rose highway, staying fairly near to the main thoroughfare, backing up to two or three mailboxes, and distributing passengers from Hico schools on his journey out to Duffau; then coming back near the highway again as the road curves around to the homes where both Duffau and Hico students live. The road is an all-weather conditioned one, but is rather narrow. Both the driver and folks who live out that way hope for a new farm-to-market road out that way soon.

TWO ROUTES MEET... at a Duffau filling station to exchange passengers going in different directions. After French has distributed most of his students from Hico, he arrives at Duffau School to be greeted by 41 students, who are taught grades one through eight by their teachers, Mrs. J. R. Lawrence and Mrs. E. E. Phillips. Hico schools have had an arrangement to pick up children there for the past two years, and their teachers wait patiently at the end of the day to supervise their play while waiting for the Hico bus to arrive. Clifford Mackey then comes in from the old Millerville school district, having delivered his riders along the way from Hico schools, and meets Roy French at Duffau.

BUS IS NOISIEST... after leaving Duffau, with a full load of youngsters. All seem to be talking at once, and as the driver proceeds,

JET ACE... Col. Royal N. Baker of McKinney, Texas, became top jet fighter pilot when he knocked down his twelfth MIG in air combat over Korea.

Because 68 per cent of husbands now do some grocery shopping at least once a week, manufacturers are starting to design packages that will appeal equally to men and to women. The newest trend is toward colors not "too dainty" for a man's taste.

ceeds, three potential mechanics watch the speedometer and count off the numbers—20, 19, 18 miles per hour—as he slows down for a curve. Two girls in the back of the bus chatter. "Yes, I think he's good-looking." Then an approaching stop puts a quietus on this conversation, which was intended for privacy.

AFTER AN HOUR... and twenty minutes the bus driven by Roy French is back in town some of the students who have the longest ride are Fenton and Gay Sandlin, who go to school in Hico and ride around the Duffau route before reaching their home, and Margo and Sheila Partain, who get off after the bus arrives back on the Hico-Glen Rose highway. Brother Sammy Partain was a little more anxious to get home, so he got off on the way out of town and walked about a mile. Roy said the youngster got off there every afternoon; incidentally, Roy was driving the bus when Sammy's daddy, J. D. Partain, was in school here. Last stop is at the John Britton home, where his two sons, students at Duffau, get off the bus.

FOUR TIMES A DAY... Roy makes the drive to the Duffau schoolhouse and back, and he is pretty well used to the road. As he turns on and off the highway so many times though, he has to be careful to watch for cars. "Funny thing," he says, "most cars won't stop behind a school bus when it's stopped, even though it is against Texas law to pass one." As most of his turns are made after he has stopped on the highway, he has a responsibility to look out for cars from behind. He added that most out-of-state drivers are considerate about stopping.

"WE DON'T LINE UP like this every day," remarked one youngster who is a student at Duffau schools. Nevertheless the portion of the students shown above posed very orderly for a News Review photographer. The children are usually anxious to see Roy French drive up to the playground after he has delivered most of his students.

DRIVERS MEET at Duffau filling station every day to exchange passengers on the buses operated by Hico Public Schools in the Duffau School District. Roy French (left) stands beside his bus which has just unloaded some students who will ride with Clifford Mackey (right) on his bus which has come in from the road at right.

Congressman's Staff Tells How Washington Looks in His Absence

Washington, April 16.—In the absence of Congressman Burleson, who is now back home, the column for this week is being written by his office staff.

After the Congressman visits with his mother in Anson, he will cover as much of his district as possible. He said before leaving that he expects to at least visit in all the County Seats of his twelve-county District, and in as many of the other towns and communities as time will permit.

The Congress recessed on April 2nd until Monday, the 13th. According to those who set the order of business, there will not be very much activity during the week of the 13th, although there is a possibility that the Appropriations Bill for the Interior Department will come up for consideration during the latter part of the week. It is Mr. Burleson's expectation to remain back home during this week and return about the 14th of April. It is hoped that the Congressman will have the opportunity of seeing many of you while he is there. This is the first chance he has had to leave Washington since the Congress convened, and like-

ly it will be the last time before the Session ends.

Washington in April is perhaps at its most beautiful—and certainly at its most populated.

Over 500,000 visitors from all parts of the country were in town last week for the biggest Spring-time tourist attraction—the annual Cherry Blossom Festival.

This year's celebration was held from April 8th through the 12th, and the schedule of events included a Spring fashion show, a torchlight parade of floats bearing the princess representatives of the various States and Territories, a water carnival featuring a water ski show and speedboat racing con-

tests, and was climaxed by the crowning of the Cherry Blossom Queen by Mrs. Eisenhower.

Texas' lovely representative in the pageant was Miss Betty Ann Kilday, eighteen-year old daughter of Congressman and Mrs. Paul J. Kilday of San Antonio.

Visitors report that the affair was just perfect—except for one small detail. It seems that in scheduling the festivities, the planners completely overlooked Mother Nature and her "mind of her own." The unprecedented warm and wet weather brought forth the blooms a full two weeks before they were expected, and little was left of their loveliness by the time of the festival.

The younger generation, too, had had "their day" in the Nation's Capitol last week. On Easter Monday, President Eisenhower revived an old and honored Washington custom and threw open the gates of the White House for an "Egg Roll."

The "ticket of admission" was a basket of colored eggs, and no adult was admitted unless accompanied by a youngster. Some 19,000 guests responded to the President's invitation to roll eggs on his lawn, and both he and the First Lady, as well as his and her small grandchildren, took part in the fun.

White House Gardeners report that the lawns will recover from the eggshell barrage, and state that the grounds will be much improved for their egg shampoo. Few casualties were reported and kiddies "missing in action" were quickly returned to their anxious parents by the White House police force.

It was the first Egg Roll in twelve years. The practice was discontinued during the war years and White House renovation.

One out of every Four people does it!

says Richard Widmark

One out of every four men, women and children in America—people just like you and me—have found a wonderful and workable way toward real financial independence—with all the security and peace of mind it brings. By saving money regularly through United States Savings Bonds.

Right this minute, you and I and millions of our friends and neighbors all over America own more than 49 billion dollars worth of our country's interest earning Bonds. And when you stop to think about that, it ought to make us proud! Because it's the greatest success story of its kind the world has ever known!

What's more, nobody has told us or forced us to do this. We've done it of our own free will! Not only because we have learned U. S. Savings Bonds are a foolproof method of saving money. But because we know they represent one way that you and I can do something about building peace and security for ourselves and our country—in a world where we have found peace is only for the strong!

So, let's all of us keep on investing in Bonds. It's a great way to get where you want to go. A practical idea—and patriotic, too!

Peace is for the strong! For peace and prosperity invest in U. S. Savings Bonds!

Hico News Review

Great News!

New money-earning features for U. S. Savings Bonds!

FIRST—Thanks to new Treasury regulations, every Series E Bond you invest in begins earning interest after only 6 months. It earns 3% interest compounded semiannually when held to maturity.

SECOND—Every Series E Bond you own can now go on earning interest for 10 more years after it reaches the original maturity date—without your lifting a finger!

THIRD—All maturing E Bonds automatically earn interest at the new, higher rate (average 3% compounded semiannually) for 10 more years.

FOURTH—If you want to be paid the interest your Bonds are earning every six months, ask at your bank about the new Series H Savings Bond.

Helping Hand Class Conducts Bible Quiz At Regular Meeting

Sixteen members of the Helping Hand Class of the First Methodist Church met at the church Tuesday evening, April 14, at 7:30 o'clock for a social and business meeting.

Opening the business session, Mrs. J. P. Owen, president, called the class to order. Mrs. J. H. Baldrige and Mrs. Annie Waggoner had charge of the devotional. Mrs. Waggoner read the scripture, and Mrs. Baldrige read an article discussing the subject of "the modern woman."

Class members repeated the Lord's prayer, led by Mrs. Baldrige, and Mrs. J. W. Richbourg accompanied at the piano as the class sang two songs.

Mrs. Willard Sellman, secretary, called the class roll and read the minutes from the last meeting. Mrs. B. B. Gamble made her treasurer's report. Appointment of various committees was then discussed.

After the business session, the meeting was turned over to the entertainment committee, composed of Mrs. D. R. McCauley, Mrs. J. W. Richbourg and Mrs. T. H. King. These ladies conducted a Bible quiz on men and women of the Bible, after which Mrs. McCauley led the class in a song service, with each member selecting her favorite song.

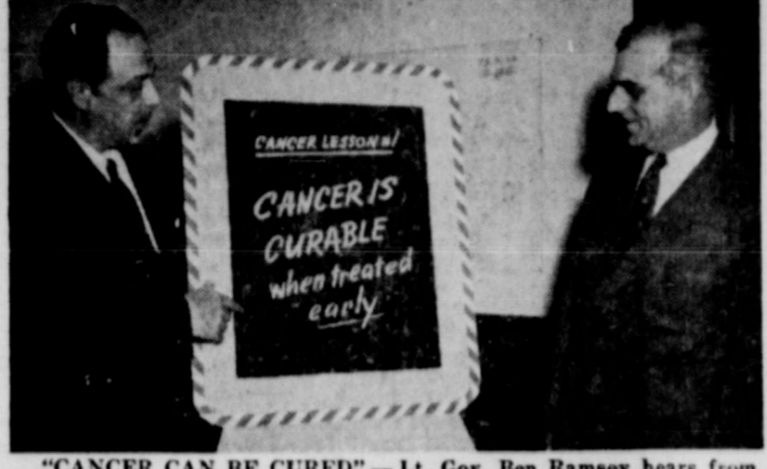

Refreshments of cookies and punch were served by the three hostesses on the entertainment committee and Mrs. Owen. Those present were Mrs. John Rusk, Mrs. Tom Strepy, Mrs. Nettie Meador, Mrs. Lucy Barrow, Mrs. John Haynes, Mrs. George Stringer, Mrs. Lusk Randals, and Mrs. Williams, Mrs. Baldrige, Mrs. McCauley, Mrs. Sellman, Mrs. Waggoner, Mrs. Richbourg, Mrs. Gamble, Mrs. King and Mrs. Owen.

Hico Assists Iredell Eastern Star Chapter Honor Worthy Matron

The Eastern Star Chapters of District 3, Section 7, were hosts at a joint fraternal visit of the worthy grand matron, Mrs. Mildred Garlitz of Fort Worth, at the Masonic Hall in Iredell recently. One hundred and thirty members of the Iredell, Hico, Clifton, Carlton, Valley Mills, Hamilton, Gatesville, Evant, Walnut Springs, and Meridian chapters were present.

In addition to an address by Mrs. Garlitz, the program included piano selections by Mrs. Clara Richards of Meridian, a vocal solo by Miss Thoma Rodgers of Hico, a reading by Mrs. Berniece Jackson of Hico, a song by J. W. Shipp of Walnut Springs, and the presentation by Mrs. Doris Penn of Meridian.

A living orchid, made of five dollar bills, was presented by Mrs. Leone Rundell of Walnut Springs to the honoree, who in turn gave it to the Cancer Fund.

"CANCER CAN BE CURED"—Lt. Gov. Ben Ramsey hears from Steve R. Wilhelm, left, during Texas Cancer Crusade kick-off ceremonies at the State Capitol. Mr. Wilhelm, Houston radio and advertising executive, told how cancer caused him to lose his voice in 1949. He has since learned how to speak without vocal chords. "Supporting the American Cancer Society, during its April Cancer Crusade, will help to save lives, and may include your own," he said.

Successful Clinic Is Completed by Ladies In Hico Garden Club

Forty members and guests of Hico Garden Club were present for the annual flower clinic sponsored last Friday, April 10, at Bluebonnet Country Club. A covered dish luncheon was served at noon by the hostesses, Mrs. Grady Hooper, Mrs. Loyal Carr, Mrs. J. E. Lincoln, Mrs. C. H. Boyd, and Mrs. Alvin Casey.

The clinic was fortunate to have as instructor, Mrs. W. T. Ernest of Brownwood, chairman of Garden Therapy Club and a qualified flower judge in this district.

The afternoon was spent in study of floral arrangements, and the color and lines of flowers in relation to the containers to be used. Hot house flowers and home-grown native material were used in profusion.

The local garden club expressed appreciation to those who assisted to make the event an enjoyable and constructive one. Members are especially grateful to Donald Phillips of Hico Florist for the lovely flowers donated to work with during the afternoon. A gift was presented to Mrs. Ernest by the club in appreciation for her service.

Guests who attended were Mrs. W. T. Ernest and Mrs. Leslie Wall, Brownwood; and Mrs. Alfred Williams, Mrs. Frank Bonner, Mrs. John Petty and Mrs. E. F. Meeks, all of Hico.

Each member is urged to keep in mind the date set for the flower show, April 25, and to help to have a good showing. The club hopes to have a profusion of flowers represented.

MRS. J. D. WRIGHT IS HONORED ON BIRTHDAY
Several friends of Mrs. J. D. Wright gathered at her home last Friday afternoon to surprise her with a birthday party. She received many nice gifts, including two bantam hens and one rooster.

Refreshments of ice cream, cake, date loaf candy and lime punch were served to the guests. The cake frosted in blue with pink candles on top, was baked by her daughter, Mrs. Geary Cheek. All present enjoyed the occasion and wished for the honoree many more happy birthdays.

By LYN CONNELLY

WESTERN novels are as popular as birthday cakes . . . Western movies are consistent box office leaders . . . And the airwaves, too, are meriting and winning adult appreciation with a western radio series, "Gunsmoke" . . . The CBS radio program is a dramatic half-hour of suspense and excitement, with all the elements that comprise any first rate show, western or otherwise . . . And it's entertaining listening . . . "Gunsmoke" is a western in that its locale is the lawless West, but the customary sagebrush seasoning has been reduced to an atmospheric minimum . . . Personable Bill Conrad stars as a convincing U. S. Marshal Mark Dillon, and author Les Crutchfield can take a literary bow for having appropriately endowed his leading character with more horse sense than trigger reasoning.

The episodes themselves revolve about the human problems of the law enforcement officer on whom the western settlers rely for protection . . . The results are trenchant, grown-up western drama, with little relation to the head-'em-off-at-the-pass gun-gallopers who play primarily to kid audiences.

IDOL CHATTER
Paul Weston recently cut his 1,000th record . . . Dean Martin and Jerry Lewis will trek to Rome and Israel after their London Palladium engagement on June 15 . . . Johnny Ray's gyrations will be toned down for his movie debut in "All of Me" . . . Jack Benny will undertake the two-day theater package that Judy Garland, Danny Kaye and Betty Hutton found so successful . . . He will open at the Curan in San Francisco and go east from there.

Eddie Fisher expects to be mustered out of the army in early May and New York's Paramount Theatre is planning a date for Eddie to open there as soon as the big event takes place.

Local Band Director Wed to Waco Girl In Clifton Ceremony

Several friends from Hico were in Clifton last Friday evening, April 10, to attend the wedding of Carl Remington Jr. to Miss Helen Marie Owens, daughter of Mr. and Mrs. Jeff Owens of Waco.

The couple are making their home in Hico at Russell Apartments.

The ceremony was performed by Rev. William G. Etheredge at 7:00 p. m. at the First Baptist Church in Clifton. Following the wedding, a reception was held at the home of the bridegroom's parents, Mr. and Mrs. Carl Remington Sr., in Clifton.

The bride was graduated from Waco High School last year and has been employed in the dietetics division of Providence Hospital.

The bridegroom came here last fall as band instructor in Hico Public Schools. He is a graduate of Clifton High School, and has been attending Baylor University, where he plans to complete work for his degree in August.

Miss Mary Ann McClure was a member of the wedding party, and served as flower girl. She was accompanied by her parents, Mr. and Mrs. R. B. McClure and R. B. Jr. Other guests from here were Mr. and Mrs. Allen W. Ellison, Mr. and Mrs. Allen Roberts and family, and Mrs. R. B. Jackson, Mrs. Weldon Pierce, Bonnie and Lavon.

SENIOR NEWS

Wheel! The Seniors have finally presented the play and bettered themselves \$115.30. We would like to thank you each one individually, since we can't do that we would like to take this opportunity to thank you. For the benefit of those who weren't at the play, the money will be used to finance the Senior trip.

JUNIOR NEWS

We would like to congratulate the Seniors for the big success of their play. I think everyone enjoyed it. Speaking of plays, we want to remind you not to miss "The Fortune Hunters." It will be given on April 28, by the Junior class. We have been working real hard on it so it is sure to be good.

We are sorry to say that the P. E. girls lost their games at Clifton. Better luck next time.

We have chosen the committees to work on our banquet. We hope to make it a big success.

SOPHOMORE NEWS

Well, today is Monday again, and the Sophomores are laughing around in this mansion of a school house. The old school will be out in just six more weeks and we (that is, some of us) will be juniors. Donald Mayfield has two girl friends and isn't quite sure what he should do, so if there's any of you boys out there who would like a girl, I'm sure Donald will let you take one of them off his hands.

Well Ronald McKenzie has just become a gachelor and seems quite happy over it although I saw his name in the S. L. last week with Peggy Ellis. He is doing O. K.

Mrs. Angell is trying to pound into our heads something about pronouns and if you take time to read this you will see that I need some studying up on mine. So I will try to get in some news next week. Oh yes, our "we are wanderers" have returned. Shirlene and Mary B. Have any fun girls?

F. H. A. NEWS

Well it's Monday morning beginning the last six weeks of school. I believe everyone is glad that it is so near out for it is surely getting old.

The girls of the sophomore class had a wonderful demonstration by Community Public Service last Friday and we fixed things to eat until we could eat no more. One girl in particular who was enjoying the pop-corn, gingerbread, and milk shakes was Velma Jaggers.

Velma is a Sophomore who makes real good grades and has a natural talent for all sports. Velma was co-captain of the basketball team, plays short stop on baseball team, and is one of the six main volley ball players. Velma has dark brown hair, blue eyes, is 5 feet, 6 inches tall and weighs about 110 pounds. Her favorite foods are ice cream and steak. Velma has a good personality and is liked by all.

CUES FOR YOU

CHATTER MATTER
There's a time to talk and a time to keep quiet. And it takes a

bit of practice to be prepared to do both. There are all kinds of conversations—quiet talks among friends when life, love, school and current movie favorites get the once-over. There are serious discussions about books and people, there are dignified adult conversations with teachers or your best boy friend's mother and dad. It takes thought and real interest to make a good conversationalist at all times. You must sound interested and interesting in everything you say and the voice you use must be pleasant, slow, low and mellow. No shouting, shrieking and rasping for you! Good conversation is a fine art and the key to your whole personality.

Maybe your manners—even the smoothest high school gal has to keep brushed up on the do's and don'ts of "rules of etiquette"—They indicate your fundamental approach to living. Your behavior toward people usually indicates your attitude toward people—and you will want your manners to mirror interest, friendship and respect. Be rude and sarcastic, loud and thoughtless and you'll just be telling the world that you don't care about anyone but yourself. (And that you don't regard yourself as very important). Be kind, thoughtful and considerate toward others and you will prove that that is exactly the kind of person you are. Good manners make good friends, so why not check yourself occasionally.

DUFFAU

— BY —
Mrs. Pascal Brown

Remember the cemetery working the first Friday in May. Everyone is urged to come and bring tools and lunch.

Doss Nelms of Hamilton and Mrs. M. Nelms were dinner guests in the home of Mr. and Mrs. W. C. Rogers recently.

Mr. and Mrs. Russell McCleary and sons of San Angelo spent Sunday in the home of Mrs. F. M. McEroy and sons.

Miss Wannell and Peggy Madden of Azle spent Saturday with Margaret and Bonnie Lee Brown.

Mr. and Mrs. C. B. Madien and family of Azle spent the week end in the home of Mr. and Mrs. J. F. Seales.

Mr. and Mrs. Pascal Brown and family visited in Cleburne Saturday night in the home of Mr. and Mrs. J. J. Hanshaw.

Mr. and Mrs. Hubert Evans, Mr. Charlie Tovergen of Dallas spent Sunday in the home of Mr. and Mrs. O. M. Evans.

Mr. and Mrs. Theodore Buff of Bluffdale, Mrs. Ruth Brown of Stephenville and Mr. and Mrs. George Gillentine of Dallas spent Sunday in the home of Mr. and Mrs. M. H. Gillentine.

Miss Anne Jewel Garvin, daughter of Mr. and Mrs. H. W. Garver of Maple, Texas, became the bride of Mr. James Gillentine Sunday, April 5, at 2 p. m. in a double ring ceremony at the home of the bride's parents, Rev. A. D. Graydon of Lubbock officiated. Mr. Gillentine is the son of Mr. and Mrs. M. H. Gillentine of Hico. Mrs. John Flynn of Fort Worth attended her sister as matron of honor. Carol Fleming was best man. Following the ceremony a reception was held for friends and relatives. Mrs. Ina Fleming and Mrs. Alja Long served. The couple left for a brief honeymoon in New Mexico. They will be at home in Maple for a month. Mr. Gillentine will then report for duty in the army and his wife will live with her parents and continue her studies in High School.

Mr. and Mrs. Pascal Brown, Bonnie Lee and Harry visited in the

home of Mr. and Mrs. H. M. Killion Friday night at Harbin.

Mr. and Mrs. Clayton Trice and son Jerry of Canadian visited her father, Mr. Eck Bell. He returned home with them for a visit.

Mrs. J. Currier and daughter of Seiden, Mrs. Mary Koonsman and Mrs. Lawrence of Stephenville attended church here Sunday.

Miss Nell Parnley, school supervisor of Stephenville, visited school Thursday.

Mr. and Mrs. Louie Giesecke Jr. and daughters, Helen and Janice of Stephenville visited her parents, Mr. and Mrs. Tom Drury Sunday.

Recent visitors in the home of Mr. and Mrs. Elmer Giesecke were Mrs. V. H. Jenkins, Mr. and Mrs. C. W. Giesecke of Hico and Sgt. Arnold Knick, Mr. and Mrs. Jim Noonkester of Millerville.

We were sorry to hear of the death of Mr. Will Flanary of near Glen Rose. He is a brother to Mrs. Bruce Burgan. Our sympathy goes out to the bereaved family.

Mr. and Mrs. Pascal Brown and family visited in the home of Mr. J. A. Guyton of Hico a while Monday night.

Bro. Wesley Jones filled his regular appointment at the Methodist Church Sunday morning and was a dinner guest in the home of Mr. and Mrs. C. C. Nachtigall and family.

Mr. and Mrs. Frank Stipe visited with Mr. and Mrs. A. L. Thompson and other friends in Clairette Sunday afternoon.

Mr. and Mrs. J. T. Stipe and family of Fort Worth, Bro. Jones of Lanham were supper guests in the home of Mr. and Mrs. Frank Stipe Sunday night.

Bro. Jones showed slide pictures of Glen Lake Methodist Camp at the Methodist Church Sunday night.

why Smokeless broiling?

Here is a simple demonstration that points the way to cleaner, cooler cooking.

SEE THAT SMOKE FROM THE CIGARETTE? Smoke also comes from broiling foods. For as they cook, fats burn and smoke. The high heat does it—whether it is flame or non-flame broiling.

SEE ANY SMOKE ABOVE THE FLAME? There isn't any because it was consumed by the flame. And you don't have any when you broil with gas. In gas ranges, as in this demonstration, the flame consumes the smoke.

Moreover, flame broiling is cooler, for the broiler door is kept tightly closed during broiling process.

ONLY GAS BROILS WITHOUT SMOKING... WITH BROILER DOOR TIGHTLY CLOSED!

KNOW YOUR NURSERYMAN

How many times have you purchased nursery stock from a mail order house or roadside stand only to find later that the plants were inferior or misrepresented?

It happens all too frequently. Many times the plants fail to grow at all. If they do, the gardener may discover he has a weak, multiflora hedge rose instead of the American Beauty he was expecting—or perhaps a tree crippled with disease when he was entitled to healthy stock for the price paid.

For many years legitimate nurserymen have suffered the consequences of these actions by unscrupulous operators. Reliable local dealers and out-of-state houses are eager and willing to cooperate with Texas officials in wiping out the fly-by-night firms which abuse the public trust.

One of the duties of the Texas Department of Agriculture is the inspection and certification of nurseries operating within the state. The department also checks with similar agencies in states from which dealers want to ship plants to Texas. When the firms and their nursery stock meet state specifications, a certificate is issued.

There are nearly 6,000 state inspected nursery firms operating within Texas. Each one has been issued a license which certifies that the stock on hand is apparently free of disease of harmful insects. Each nursery is spot-checked periodically to make certain a high standard is maintained.

Every person who sells plants, or exposes plants for the purpose of sale—whether in the field, off a truck, or in a business house—is required by the Texas Orchard & Nursery Inspection Law to secure a license. The buyer who desires good stock should make certain that he is doing business with a legally operating, state licensed firm or individual. It may save disappointment later.

When you have reason to believe the nursery stock you bought is inferior, diseased or misrepresented, it should be reported at once. Contact the official nursery inspector located nearest your home. Their names and addresses may be obtained upon inquiry from this department.

READY TO WORK!

High Responsibility On Doctors

Small Town Hospitals Must Meet Rigid Standards

Do you know what safeguards a patient may expect when he enters a hospital?

First, is he seen in its lobby a certificate of approval by the American College of Surgeons, he can feel certain that it has met certain basic standards and that he is likely to receive good service and good care. In periodic surveys a committee from this group and four other organizations recognized as authorities on hospitals grades individual hospitals on the basis of the physical plant and the organization and efficiency of the administration, medical and nursing staffs. In Texas at the beginning of 1952 there were 78 approved and 8 provisionally approved hospitals. Institutions not meeting requirements are shown how to improve; when they have removed all the marks against them, they are granted approval.

It is recognized that smaller hospitals shouldn't always be expected to have expensive buildings, elaborate equipment, or a highly organized staff. The committee on hospital approval has several classes of approval, requiring certain basic standards for all and other standards depending on the size of the institution. Hospitals having fewer than twenty-five beds are not subject to committee approval; the responsibility for high standards of patient care in these small hospitals rests on the shoulders of the doctors and other personnel owning and operating them.

Just as the approved hospital has to measure up to set standards, it requires its doctors to be fully qualified. An applicant for staff membership is chosen according to his education, experience, character, loyalty and ethics. He must satisfy his fellow physicians and the hospital officials that he is qualified professionally and morally to care for patients. However, merely meeting these standards doesn't assure his continued appointment on the staff. Each year his record is reviewed. His work must have been of good quality; he must have attended a certain percentage of staff meetings, at which plans are made to improve patient care in the hospital; and he must have been cooperative with other hospital workers and interested in the institution.

In addition to satisfactory physical facilities and well trained hospital personnel, routine established by the hospitals are a decided protection for the patient. For example, his history and results of a physical examination and laboratory studies relative to his illness must be recorded on his chart twenty-four hours after admission. Thus, his chart, too, becomes a safeguard, since everything regarding diagnosis and treatment during his time in the hospital must be put in writing.

At admission the doctor in charge of the case must state in his own words what he thinks is wrong with the patient (admission diagnosis). If an operation is involved, a diagnosis must be made before and after (preoperative and post-operative diagnosis); the surgeon also describes what he found and what he did. Finally, tissue removed during surgery is sent to the hospital's laboratory, where the pathologist gives his diagnosis (pathologic diagnosis). Doctors believe there should be a high degree of accuracy in these four diagnoses. Any physician who has a consistently low "batting average" is called upon for an explanation and unless he improves is disciplined by suspension of operating privileges, failure to be reappointed to staff membership, or some other action.

Medical consultation is another means of protection against possible errors in diagnosis. The patient or his family may ask the doctor to call in another physician at any time to advise regarding treatment or surgery. Also, before an operation which may possibly cause an abortion or deliver a baby from the mother's abdomen (a cesarean section), a consultation is required.

Finally, even after a patient's death the hospital tries to protect future patients through autopsy, an examination performed with great care and regard for the patient's body. Autopsies add to the general store of knowledge and may benefit the patient's family directly if it is found that death has resulted from a disease which tends to run in families. Before an autops

is done, the hospital requires that the next of kin sign a consent form. A certain number of autopsies is required of the hospital in order to be granted approval, and it therefore encourages staff doctors to obtain permission for these examinations, especially if the cause of death is a mystery.

LET'S TALK LIVESTOCK BY TED GOULDY

Fort Worth, April 15.—A record run of cattle appeared at the nation's major markets for mid-April on Monday when an estimated 112,700 cattle and 9,900 calves were reported. This compared with 94,700 cattle and 9,500 calves a week earlier, and only 44,000 cattle and 3,000 calves on the same date a year ago.

Immediate effect was to slow trade on fed cattle at Fort Worth and other points around the country. Here fed cattle closed 50 cents to \$1 below last week's close, and some points in the North reported more severe slumps before trade was completed. Cows at Fort Worth were fully steady and bulls closed 50 cents to \$1 lower to hit the lowest level for that class in over a year.

Killing calves were 50 cents or more lower. Stocker trade was bearish throughout, prices \$1 under last week's best. Hogs advanced 25 cents to sell up to \$22 and \$22.25, and sows and pigs were steady. Sows drew \$17 to \$19. Pigs sold from \$15 to \$17.

Lambs were weak to 50 cents lower, both the new and old crop lambs finding that kind of market. Best milk fat lambs topped at \$24 and \$24.50, with most of the better ones from \$22 to \$23.50. Shorn fat lambs drew \$17 to \$19, and shorn feeder lambs sold from \$14 to \$18. Yearlings and two's sold for \$13 to \$16, and old wethers sold around \$12 down. Old ewes cashed at \$7.50 to \$10.50. Woolled fat lambs were virtually lacking, quotable around \$22 or under.

Good and choice fed steers and yearlings cashed at \$19 to \$22.25, and common, plain and medium to good fat cattle sold from \$15 to \$18. Butcher cows drew \$12.50 to \$14, and canners and cutters sold from \$9 to \$12.50. Bulls cashed at \$10 to \$15.50.

Good and choice stocker calves and yearlings sold from \$18 to \$22, and stocker cows cashed at \$12 to \$17.50.

Spring time is often a time of year that leads cattle and sheep raisers into a feeling of false security with regard to the current crop of calves and lambs. While lush early grass and weeds in many sections make it look like feeding would be easy, it is well to bear in mind that hot summer sun will scorch that greenery in a few weeks in most sections and then the "bloom" is likely to leave those lambs or calves in a hurry.

During the past year we have talked to hundreds of cattle and sheep men at the Fort Worth livestock market from all sections of the Southwest. Many lost lots of money during the year. Some made a little money. But in most cases the stockman who creeped his calves and lambs fared better than the producer who did not.

The reason was the additional pounds he sold because of the creepfeeding. Plus, the better weight of his cows because the calves did not pull them down as badly. Or the better condition of the ewe for the same reason. The mothers were in all cases far heavier where their offspring were creepfed.

Don't overlook the fact that industrialization of the Southwest is bringing hundreds of thousands of new meat eaters into this section. Fat calves and fat lambs right off their mummies, this Summer and Fall will be needed to feed folks right here in the Southwest.

Last year trainloads of beef were shipped here from the Corn Belt! Let's get into this market and not depend entirely on stocker and feeder demand to take care of our lamb and calf crop. If calves are out of plain cows, creepfeeding is almost a MUST. But even for the best quality calves or lambs the two-way market will help.

Fact is a young animal eats very, very little until he is near weaning time. To capitalize on creepfeeding the young animal should be sold or put in drylot when weaned and not allowed to "shrink" off that bloom.

Don't let early pasture keep you from setting up a creepfeeder. Those extra pounds are the cheapest gain you can put on any animal and the price they bring will just about double the cost of the feed.

The Southwest will be more prosperous when they sell more livestock for slaughter at heavier weights at home, and every indication is that feeder buyers in the North will be BEARISH in the coming season after the feedlot losses of the past season!
