

Official Draft Law and Regulations Explained By Information Officer

(Editor's note: This is the third of a series of 10 short articles on draft law and its rules and regulations).

III.

Young men of draft age who ask for and get deferments under certain conditions automatically extend the time during which they can be drafted by nine years.

Brig. Gen. Paul L. Wakefield, state draft director, names the following types of deferred men, among others, who have their liability for service extended until age 25:

1. Members of the ROTC and other officer training programs.
2. Students deferred to go to high school or college under requirements of law; college students deferred under authority of the local board.
3. Men left at home for civilian employment.
4. Men deferred to farm.
5. Married men deferred because of their children or because of extreme hardship and privation to dependents.
6. Men classified as mentally, physically, or morally deficient or defective.

"The regulations spell this out," General Wakefield says. "So when a man gets the privilege of a deferment he is taking on a corresponding responsibility. The man who never receives a deferment like these cannot be drafted after he reaches his 26th birthday."

The state draft director says that, under this provision of law, it is possible for a deferred man to lose his qualification for deferment at age 34, for example. Under such circumstances, he would again be eligible for draft.

CRANFILLS GAP MAN ABOARD DESTROYER ADVANCED IN RATING

Washington, D. C. (PHTCN). June 5, 1953.—The Bureau of Naval Personnel has announced that it is an advancement in rating for Neal W. Rudd, son of Mr. and Mrs. Olaf E. Rudd, of Cranfills Gap, to electrician's mate third class, USN, while serving aboard the destroyer USS Cowell of the Pacific Fleet.

The advancement came as a result of world-wide competitive written test which consisted of questions testing military and professional skills.

To be eligible for the written quiz, Naval personnel had to exhibit proficiency in the on-the-job phases of their ratings.

As Bobby R. Britton, who recently finished basic training at Lackland Air Force Base, San Antonio, has been visiting during leave with his parents, Mr. and Mrs. John Britton of the Black Stump Valley community. He expects to leave Friday for Bergstrom AFB, where he has been assigned to on-the-job training with Air Police.

Mr. and Mrs. J. D. Jones received a card last Saturday from their son, Capt. Wade Jones, who has been in Korea for some time, saying he was arriving in the States June 22, and was changing his address to Hico, Texas.

SFC Ed Palmer of Fort Sam Houston was through Hico Monday en route to Stephenville to spend a 15-day convalescent leave with his parents.

Eagle Mountain Lake Drowning Victim was Formerly of Hico

No further information had been received at press time on the burial arrangements for a former Hicoan than is contained in the following news story which appeared in Tuesday afternoon's Fort Worth Star-Telegram:

Charles Alexander Burkett, about 55, drowned in Eagle Mountain Lake about 3:30 a. m. Tuesday when, according to witnesses, he waded out over his head in pursuit of a drifting boat.

A. F. Vogt, manager of Twin Point Camp, said he was awakened about 3 a. m. by Police Officer W. M. Nelson and his wife, of 4716 Dilworth, who had a note of permission from a boat owner to use his craft.

He said at 3:30 a. m. Nelson ran to his house stating Burkett had chanced upon the scene and was helping out off the boat when he got away from him. According to Vogt, Nelson said Burkett just followed the disappearing boat into deep water.

The body was recovered in seven feet of water by use of grappling hooks.

Peace Justice Boyd is withholding his verdict.

Vogt said Burkett approached him for a job 10 days ago, and had been living at the camp. Vogt said he was off duty at the time of the drowning.

The body was taken to Shannon Funeral Home where arrangements were pending notification of a brother, E. G. Burkett of San Pedro, Calif.

Governor Signs Bill Providing for Simplified Auto Inspection Law

Austin, June 8.—A bill to make auto safety inspection simpler and faster was signed into law today by Gov. Shivers.

It can now go into effect before Aug. 27—90 days after final adjournment of the 53rd Legislature that trimmed the troublesome old law to meet a storm of complaints from angry auto owners. Citizens protested the old law was a pain in the neck. Officials called it a headache to enforce, and strict enforcement was abandoned about two years ago.

Department of Public Safety officials were not yet ready to say when they would begin enforcing the new, modified law.

Requires No Sticker. It does not require the "little yellow sticker"—a safety certificate before the car owner can get his license plates, as the old law did. It eliminates many of the items that have to be inspected at official stations, leaving just these: The steering mechanism, brakes, lighting equipment, horns and warning devices, mirrors, windshield wipers.

The inspection will have to come once a year within a period set by the Department of Public Safety. It will cost \$1 as before.

Small Lawsuits Approved. The governor signed another bill effective in 90 days, designed to speed up and simplify minor lawsuits. It provided for small claims courts to handle such matters with a minimum of red tape and expense.

Other bills signed by Shivers include those which: Create a division of the Department of Public Welfare to distribute surplus commodities from the federal government to eligible state agencies.

Business Started "On a Shoestring"

HERRINGTON STORE REFLECTS WIDE EXPANSION ON 29TH ANNIVERSARY

Continuous operation of a grocery business for the past 29 years has gained many friends in the Hico trade territory for R. A. Herrington Sr., but he modestly gives credit to his son, Richmond Herrington Jr., for the business policy which has enabled the store to give service to their customers and to offer bargains now and then.

"My wife and I operated the business on a shoestring," says the elder Herrington in telling about the early years, when he and Mrs. Herrington ran the store in one room of their house located north of town at the intersection of the old Hamilton road and the Fairy road. They installed one gasoline pump this first year in business, 1924, and operated the grocery store and filling station until constructing a concrete building, when they added new gasoline pumps.

Barney Walker was their first employee. Mr. and Mrs. Herrington had moved here from Coryell County, where he had been a farmer. He was a native of Mississippi and lived there until 1913.

From this humble beginning there have arisen the several businesses operated by Herrington's—their grocery in Hico, the feed store operated in Hico, and the Fredell grocery store which opened in Fredell in November, 1951.

The Hico store has occupied two other locations before moving to its present site when Burleson's Grocery moved about 18 years ago. When they first moved into the downtown business section, they occupied the building which now houses Loudermilk Cafe. Later they moved around on the street running parallel with the railroad to the building where Jenkins Laundry is now.

When Richmond Herrington Jr. returned from service in the armed forces in December, 1946, and bought an interest in the business, the building was remodeled to include a new refrigeration unit in the market department. At the same time, Herrington's purchased added facilities for warehouse and feed stores.

Their display counters reflect the interest maintained by the management in keeping up-to-date modern business.

G. W. Hicks is their buyer, and goes to market to select animals which are brought on hoof to Hico Frozen Lockers for butchering.

Other employees in the store in Hico besides R. A. Herrington Sr. and Mr. and Mrs. R. A. Herrington Jr., are Glenn Higginbotham, clerk; Mrs. R. J. Russell, daughter of Mr. Herrington Sr., who helps out part-time as clerk; E. A. Berna, butcher; B. J. Jernigan, feed and stock keeper; Mrs. Guy Aycock, bookkeeper, and Bloof Howerton, delivery man.

The Fredell store is managed by Roy Thompson. Others working there are Austin Dunlap and Mrs. W. F. Gilbreath.

The entire staff will welcome an opportunity to greet friends and customers this week as the store celebrates its 29th anniversary.

Tribute Paid to Hico As Former Citizens Make Annual Pilgrimage

A homecoming which began as a class reunion, but which has grown each year to include former residents, was held for the sixth consecutive year in Hico last week, and included a number of distinguished visitors, members of the Home Town Club. Among the group was Mrs. Fette Weaver Yager of Abilene. She was the first graduate of Hico High School and only member of the class of 1897.

Four of the eight remaining members of the class of 1898 attended. They were Mrs. Lillie Rosemond Fitz of Denison, Mrs. Mary Overall Conley of Brownwood, Charlie Wiseman of Galva, Ill., and Alsey Alford of Loving, New Mexico.

The News Review is indebted to Mrs. Minta Rodgers Cupp of Kansas City, Mo., for the following account of events of the 1953 meeting:

The streets of Hico were busy this past Thursday and Friday with strangers to many folks, but these folks were not strangers to each other. They had come back to the old home town to greet each other and to renew friendships of other days, which they have done each year for the past six years.

Members were grateful to have a beautiful place to meet at the Bluebonnet Country Club. They spent two happy days just talking and recalling memories of other days gone by.

They often spoke of the school-house on the hill, which was being razed coincidental with their trip. To them it never appeared old and outmoded because they only saw the faces of beloved teachers and schoolmates, and they could almost hear the old bell ring. When they return next year it will be gone, and in its place will be a beautiful modern structure, which is as it should be, conforming with the change of times.

On Thursday evening they met at Loudermilk Cafe for a dinner meeting, with Mrs. Harry Gleason presiding. Mrs. Mary Overall Conley gave a beautiful tribute in memory of Mrs. Estelle Burrow of Stamford, who recently passed away and was the first member of this group to die.

Others present were called on to say something of this happy occasion. Those present were as follows:

Mr. and Mrs. Alsey Alford, Loving, New Mexico; Aaron Alford, Oklahoma City, Okla.; Mrs. Etta Alford Nance and Mrs. Laura Alford Cox, Dallas; Ben J. Barrow and George White Barrow, Houston; Ernest Barrow, Fort Worth; C. H. Hooker, Fort Worth; Will F. Hooker, Stephenville; Mrs. Adie Hooker Smith, Stephenville; Mrs. Minta Rodgers Cupp, Kansas City, Mo.; Mr. and Mrs. Charlie Wiseman, Galva, Ill.; Mrs. Kathryn Wiseman Zimmerman, Paris, Ill.; Mr. and Mrs. Elvis Edmonds, Kilgore; Mrs. Freeman Edmonds and Miss Donna Edmonds, Dublin; Mrs. Clara Weaver Burnside, Lamesa; Mrs. Fette Weaver Yager, Abilene; Mrs. Minnie Lockett, Abilene; Mrs. Bessie Overall Edmondson, Brownwood; Mrs. Mary Overall Conley, Brownwood; Ike Anderson, Stephenville; Mrs. Lura Fuller Duncan, Spur; Mrs. Bertha Fuller McDermitt, San Angelo; John W. Tabor, Dallas; Mrs. Lillie Rosemond Fitz, Denison.

Those in Hico to greet the members were as follows: Mrs. Harry Gleason, Miss Nettie Wieser, R. P. Wiseman, J. P. Rodgers, Jr., Miss Thoma Rodgers, Miss Fannie Wood, Miss Nettie Rodgers, Herbert Sellers, Mr. and Mrs. J. W. Autrey, Ray Ridenhower and Mrs. Adah Ridenhower Jackson, Mrs. Ethel Blackman Stewart, Olin.

PASTOR GIVEN LEAVE Because of recent ill health, Rev. L. H. Davis, pastor of the First Baptist Church in Hico, was granted an indefinite leave of absence from his duties.

Rev. and Mrs. Davis will visit relatives in Fort Worth before taking a vacation trip.

B-V League Reporter Wouldn't Trade Friends For All Texas' Cattle

By LEON LEWIS There has been much happened in the League since I was taken ill. Johnsville withdrew and Bluff Dale joined up in their place. We welcome Bluff Dale but at the same time regret to lose Johnsville. They were a fine bunch of boys, and will be missed by the entire League.

Fredell has gone to first place, while Dublin went deep into the cellar and pulled out Jeep Weams, who pitched a no-hit and no-run game Sunday against Bluff Dale, has a fast, efficient club.

Iredell defeated Hico 6 to 2, and Glen Rose took Alexander, 11 to 3. Next Sunday there will only be two games played—Dublin at Glen Rose and Hico at Bluff Dale. These were rained out games and June 14 was set for these games to be played.

I wish to thank my many friends in and out of the League for their nice cards, letters and flowers since I have been ill, and especially the Hico News Review for their nice letter. Friends are a wonderful thing to have. I would not exchange mine for all the cattle in Texas. Am still under the doctor's care, but will resume my writing of the games, as my friend, Mr. Walker, president of the League, will keep me informed. I hope soon to see some of the games, for our League is so strong now, you don't see better games in any League.

Soil Conservation Unit Will Sponsor Exhibit At Annual Reunion

Hamilton, June 6.—The directors of the Hamilton-Coryell Soil Conservation voted to sponsor an exhibit at the annual Hico three-day reunion in August and authorized the purchase of equipment for that purpose at a meeting held Wednesday at the local office of the district.

Present for the session were Roland Wright of Gatesville, Mack Riley of Pottsville and Charlie Raibourn of Blue Ridge and conservationist Tom Holyfield of the Gatesville office of the district.

In addition to the regular routine business, the directors passed a resolution asking for reprints of a recent article in the Soil Conservation official magazine on treatment of pasture during drought. If these are furnished, they will be distributed to farmers and ranchers of the district. The drought of the last two years has been a problem for the pasture land owners.

4-Year-Old Girl Dies of Snake Bite

Four-year-old Patricia Youella, daughter of Mr. and Mrs. L. L. Youella of near Hico, died at 6 a. m. last Friday in the Hico Hospital, of snakebite wounds on the leg.

The little girl was playing in the farm yard of her home alone about 11 a. m. Thursday when her parents heard her screams. They found eight fang marks on her right leg behind the knee.

The Youells did not see the snake. It was gone when they reached the child. Youella said the fang marks indicated it was a large snake.

Patricia remained unconscious most of the day Thursday, and was apparently getting better late that night, and early Friday.

The Youells had recently moved to the farm home near Chalk Mountain, north of Hico. Little Patricia Youella was born at Fort Worth on June 17, 1949 and came with her parents to the present home in April, 1950.

Funeral services were held at 2 p. m. Saturday at Chalk Mountain Church, conducted by Rev. J. B. Everett of Brownwood. Burial was in Chalk Mountain Cemetery, with Barrow-Rutledge Funeral Home of Hico in charge of arrangements.

The child is also survived by a sister, Aleta; grandmother, Mrs. E. N. Rittenhouse of Fort Wayne, Indiana, and a grandfather, Carl Youella of Jackson, Michigan.

Many Local Teachers Attend Summer School, Take Short Courses

Three Hico teachers will attend summer school. Harold D. Walker enrolled at A. and M. College Monday to continue work on his master's degree.

North Texas State College, and Carl Remington will be at Baylor University.

Supt. O. C. Cook will take a short course in administration at the University of Texas during the first two weeks of July, and Mrs. Truman E. Roberts and L. S. Chandler will take extension courses.

Six of Hico's 16 teachers have completed work on their master's degrees. Mrs. Bernell Jernigan, fifth grade teacher, received her master's degree from Baylor at the close of the past term.

Robert B. Jackson, Hico postmaster, plans to attend Harding-Simmons University the second term of summer school, at the end of which he expects to receive his master's degree.

Lions Will Operate Soft Drink Concession At Reunion Again

The regular weekly luncheon meeting of Hico Lions Club was held at Loudermilk's Cafe Wednesday since Mrs. J. C. Needham, who has been preparing the meals, is away on vacation.

Vice-President Odie Patsick presided over the business session, in the absence of President Harold Walker. A call for volunteers for chairman of the committee to sell drinks at the Hico Annual Reunion in August resulted in a promise from Wayne Rutledge to do the best job he could, with the assistance of other members.

Patsick also called attention of the members to the availability of booths in the new livestock building for exhibition purposes, and appointed a committee to take charge of sales of the remaining spaces.

Immediate Past President Truman E. Roberts presented the proposal that the club, as sponsors of the local Boy Scout Troop, see that the charter is renewed, and Secretary Conde W. Salmon was so instructed.

The secretary also was called upon for a financial report including a final report on the recent Variety Show. This showed a clear profit of \$288 on the show; disbursements for the Waco disaster relief and for the Clairette school's transportation fund, and a remaining balance on the Lions treasury of over \$500.

LONE STAR GAS COMPANY

Fairy

By Mrs. Eunice Massengale

All were very sorry to learn of the passing of Mrs. T. L. Burris, who passed away at 12:30 a. m. Saturday, June 6, at the Hurley rest home in Hamilton. Mrs. Burris, who had made her home with her son and wife, Mr. and Mrs. Wallace Burris, since selling the farm home near Fairy, had resided for a time near Olin and Evant. She suffered a stroke several years ago. Several months ago her condition became such as to necessitate taking her to the rest home where she could be given proper care and attention. Nancy Camelia (Callie) Carter was born in Murry Co., Ga., on May 8, 1866. She was married to Thomas Lee Burris in 1887. To this union 2 sons and 3 daughters were born, namely, Jim Burris, Brady, Wallace Burris, Evant, Mrs. May Wolfe, Arlington, Mrs. Hazel Waddell, Star, Mrs. Selma Agee, Hamilton, Mrs. Charlie Young, Lubbock, and Mrs. Rowena Lawrence, Fort Worth. She is survived by the above named children, 36 grandchildren and 25 great-grandchildren and 3 great-great-grandchildren. Two sisters, Mrs. Lula Strawn of Ojal, Calif., and Mrs. R. H. Rauchingburg of Gatesville, Mrs. Burris united with the Baptist church in early life at Hallick Creek, Ga. The Burris family resided at their farm home south of Fairy for many years. The place is now known as the Carl Ray Sellers home. She and Mr. Burris worked hard and reared their family at their farm home here. She was preceded in death by her husband, who passed away a few years ago. Funeral services were held Sunday at 2 p. m. at the Ago Baptist Church, with Rev. Len Dalton and Rev. Shotwell of Hamilton officiating, with the Evant Funeral Directors in charge. Burial was in the family lot in the Fairy Cemetery, where her husband, mother and brother, Robert are buried. A cortege a mile in length followed the remains to its last resting place. We extend deepest sympathy to those bereaved in her passing. May they look forward to meeting her again in a land where we'll never grow old.

Farmers are working early and late with the grain harvest and plowing of row crops. A good rain is badly needed, but with a few more days of fair weather the grain harvest will be about completed.

A news item of interest to many is the marriage recently of Miss Ernal Smith of Fort Worth to Mr. Greenwaldt of Comanche. Miss Smith, who is a sister of Mrs. Isaac Richardson, formerly of Fairy, but now of Terrell, has been employed as a faculty member of TWC, Fort Worth, for a number of years. Mr. Greenwaldt is engaged in ranching. We wish them much success and happiness in life.

We also learn that the Bill Choate family have moved to the state of Oregon. Mrs. Choate is the former Miss Fay Richardson, daughter of the late I. A. and Mrs. I. A. Richardson.

Mr. and Mrs. Leon Springer and Randy spent the week end at Miles and Bradshaw, where they visited his parents, Mr. and Mrs. R. M. Springer and her parents, Mr. and Mrs. Odie Claxton and Lynn, and also his grandmother, Mrs. Ben McNeil, who is making her home with her daughter and husband, the R. M. Springers, since the tornado and death of her husband at San Angelo.

Mr. and Mrs. Carl Ray Sellers and family and the writer visited a while late Sunday afternoon in the home of our sister and daughter, Mr. and Mrs. D. E. Allison of Dublin. Mr. and Mrs. Allison had just returned from Fort Worth. They had carried their daughter up to enroll at TCU. The Allison family were in Houston last Friday during the fire works explosion and was about an hour and a half getting in touch with their son, Darrell, following the explosion. He had accompanied a friend down town for a music lesson. He said the building they were in was considerably shaken.

The writer attended funeral services for little Patricia Youells, last Saturday afternoon at 2 o'clock at the Chalk Mountain church. She was the baby daughter of Mr. and Mrs. L. L. Youells of near Chalk Mountain. The child was bitten four times back of the knee while playing in the yard late last Thursday. She was rushed to the Hico Hospital, but passed away early Friday morning. She was born at Fort Worth on June 17, 1949, being almost 4 years old. The Youells have one other little daughter, about 7 years old. A large number of friends had gathered to pay tribute to the little one and offer consolation to the grief stricken parents, who only had her brother and wife as close relatives to comfort them, their parents and other relatives living in the northern states and being unable to be present. Little Patricia was a very beautiful child. Our hearts go out in deepest sympathy in the loss of their dear baby. May they look to God for comfort in this dark time of sorrow. According to radio reports it is understood that neighbors took dogs to the Youell home and found and killed the snake, which was a large copperhead.

Other June birthdates are Mrs. Marcellie (Cox) Price, June 21, Austin, and June 14, Mrs. J. E. Blakley and Leon Springer.

Mr. and Mrs. Witt Lacey and Judy of Olin have been visiting the past week with his mother, Mrs. Ada Lacey and Pat and other relatives.

The little niece of Mrs. Scott Blakley mentioned in last week's news, as a new arrival, was the little daughter of Mr. and Mrs.

Johnnie McCoy of Dallas, instead of Mr. and Mrs. Jimmie McCoy as stated.

Mr. and Mrs. Sid Dickerson of near Hico visited Sunday afternoon with his sister, Mrs. Brittle Little. Mrs. Willo Bradley gave a musical recital for her piano pupils last Saturday night. A very good number were present.

Mrs. Guy Lockhart and Barbara of Pidcoke visited several days last week with her parents, Mr. and Mrs. V. H. Heyroth. While here she did some sewing for her mother.

Mr. and Mrs. Reubin Anderson of Grand Prairie were down recently for a visit with relatives and Mr. Anderson reports that he and his daughter, Mrs. Thelma Taylor had just returned from a trip to Virginia where they visited his brother, Sterling Anderson and family, and also visited at Washington, D. C. and visited the Capitol and also at Vermont, Va. He reported a wonderful time and that they saw much beautiful scenery.

Week-end guests of Mr. and Mrs. Ernest McCoy were Jack McCoy and family of Dallas, Bill McCoy of Fort Worth, Mrs. Hutton and family of Cranfills Gap, Dick Jones and family, and Mrs. Marguerite Wolfe and sons of Hamilton, and Mrs. Wynelle Simpson and sons of Iraan.

The farmers are still busy in the grain fields combining and baling hay.

Some of the Farm Bureau members attended a meeting in Stephenville one night the past week. Fleidon Haley and Johnny, who are employed at Borger, were home for the week end.

Mr. and Mrs. Charles Golightly and son moved from Lubbock to his parents home recently for the summer. Charles has been attending college at Lubbock and was a member of the graduating class at Texas Tech this spring.

High State Officials And Six Newspapermen On Boys State Program

Austin, June 2.—Six Texas newspapermen and several high state officials will be on the program of the annual Boys State which opens here at the School of the Deaf, Sunday, June 7 and continues through Saturday, June 13, State Commander Albert D. Brown, Jr. announces.

The state chairman of the American Legion's Boys State Committee, Judge W. A. Morrison of the Court of Criminal Appeals, has announced the following newspapermen will address the 485 boys who will be here from all portions of the state: William Ruggies, Dallas News; M. E. Walter, Houston Chronicle; Joe Cook, Mission; Calvin Clyde, Tyler; Walter Humphrey, Fort Worth Press and James B. Barnett, Wichita Falls Times.

State officials on the program will be Governor Allan Shivers, Secretary of State John Ben Shepherd, Chief Justice J. E. Hickman of the Supreme Court, Speaker of the House Reuben Senterfitt and Senator Rogers Kelley.

Boys State is composed of high school junior boys. These boys form their own government and elect their own officials from governor down. They then go to the state capitol and hold the offices of the various elected state officials.

Dean of Counselors is Curtis Croyer of Berger. A staff of 40 counselors and directors has been named to take care of the visitors.

Washington

"As It
looks
From
Here"

OMAR BURELION
Congressman
17th District

Washington, June 1.—The Republican Policy Committee met a few days ago and decided on a list of "must" legislation before the Congress adjourns. They are shooting at adjourning on August a definite commitment.

The "must" legislation is as follows:

1. Legislation on submerged lands in the outer Continental Shelf.
2. Simplification of custom laws.
3. Appropriations Bills.
4. Extension of the Reciprocal Trade Act.
5. A wheat gift or loan to Pakistan.
6. Legislation to admit 240,000 refugees and European Nationalists.
7. Tax legislation.
8. Foreign Aid Bill.
9. Government Reorganization plans.

From all indications, it does not appear likely that amendments to the Taft-Hartley Act will be brought up. Neither does it appear that the Social Security laws will be revised in this Session.

In my opinion, there is certainly a need for an overhauling of Social Security. There are many inequalities in the present system. The Ways and Means Committee which handles these matters has set up a Subcommittee to give a thorough study to it and for them to do the proper job, it will take several months. I hope that the Old Age Insurance Laws, and Social Security generally, can be greatly improved.

I have previously discussed my opposition to the Bill admitting 240,000 so-called refugees from Europe into this country. I shall do everything I possibly can to defeat such action.

With reference to the Foreign Aid Bill, I have proposed to the Secretary of State and to the Foreign Affairs Committee of the Congress, to postpone action until sometime in the fall. There is enough money left over from prior years to carry on the Cooperative Defense Preparation in Western Europe and other places for several months. Due to the fact that there are many uncertainties around the world at the present time, I think we should wait until some of them clear up considerably before we throw more good money after some bad. For instance, the situation in France is very shaky at this time, and it is extremely doubtful they are going to join the so-called European Defense Community. The British are in trouble in Egypt; the French in trouble in Indo-China; the entire Middle East is unsettled; and most of all, even with a truce in Korea, the overall situation is a long way from being solved.

With all these uncertainties, it seems to me that we should wait a little longer before we appropriate another 5 to 6 billion dollars to help people who may not be doing all they can to help themselves.

LEADERSHIP: President Eisenhower took the steps this week for which many of us have waited.

He called a halt to repeated Republican old guard efforts to go back to the Harding-Coolidge-Hoover days. He requested Republican leaders to drop the Appropriation Committee's foreign policy amendment—urged rewriting of the Simpson Bill to conform more nearly to his own feeling that the Reciprocal Trade Act should be extended as is—and pressed forward his own world trade views.

President Eisenhower's aggressive action may save these measures. Most Democrats support the President on them.

COTTON EXPORTS: News from the world's cotton markets is that exports of American cotton are running more than 50 per cent below the 1952 level.

This may be a temporary sales slump. But some observers fear it is the beginning of a long-term change in the pattern of marketing. Texas, remembering that the depression had its roots back in the 'twenties when our export markets started slipping away, will watch this situation carefully.

Note: Wheat exports also are falling substantially.

OIL IMPORTS: Oil also is of tremendous importance to Texas. Imports of foreign oil into this country are viewed with continuing concern.

The Administration appears to stand on middle ground. Secretary of the Interior McKay has said the industry must solve the problem through the exercise of "industrial statesmanship."

General Ernest O. Thompson of the Texas Railway Commission has taken a somewhat similar position. He thinks the industry should voluntarily restrict imports. The alternative, he warns, is likely to be some type of Government control. We don't want that.

TEXAS BARBECUE: Gene Autrey, born in Tioga, Grayson County, and long one of America's top entertainers, will be honor guest Saturday, June 20 at a Texas State Society barbecue here.

If you expect to be in the Washington area on that date, plan to join us. Twelve or fifteen hundred Texans now living here will attend.

NEWS BRIEFS: Congressman George Mahon brought some 50 Lockney High School graduates over to the Capitol to see me. A fine bunch of youngsters. They were accompanied by class sponsors, Mr. and Mrs. Elvin Lyons and Mr. and Mrs. M. L. Brewster.

Senator Price Daniel and I filmed for TV an appeal for contributions to aid cerebral palsy victims. The film will be used on a 24-hour telethon on Station KEYL, San Antonio.

Thirty-three ladies and gentlemen from Fort Worth and Dallas—Christian Scientists making a trip to Boston—were good enough to come by and see me on their way through Washington.

Ed D. Davis of San Antonio was honor man in this year's graduating class at West Point.

R. L. Thornton, Mayor of Dallas, and Paul Moss of Odessa have resigned as members of the Advisory Board for the Post Office Department.

Had the honor of making the principal address at the Jefferson-Jackson Day Dinner in Jackson, Miss. last week. A great bunch of Democrats on hand in that stronghold of democracy.

Mrs. Frances J. Clark of Austin paid me a visit. Mrs. Clark, 78,

flew to Washington to visit her grandson, Major T. W. Murray. First time she had even been on an airplane.

With the help of Senator Daniel and Congressman Bentsen, I was able to get the Senate to keep funds available for going forward with Anzalduas Dam on the Rio Grande—conditioned on local interests voting bonds to buy right of way. The Appropriations Committee had recommended transfer of the \$1,500,000 in funds not yet used to another project.

Wish I could have accepted the invitation to attend the Bandera Centennial Celebration June 11-13. The occasion commemorates 100 years of history and progress in this beautiful Texas town.

An Emergency? ... I'll hang up immediately!

In any emergency—be it illness, accident or fire—a good party line neighbor always gives up the line quickly, graciously. Naturally, good party line neighbors never abuse the privilege of requesting the line for an emergency. And by helping others, you assure the same consideration for yourself. Remember, when everyone cooperates, everyone receives better service.

CARLTON BAPTIST CHURCH

The Carlton Baptist Church made further plans toward the new building they plan to build, at the Sunday morning services. They plan to talk an offering on Sunday, June 21. The Building Committee hopes to raise \$2,000 in cash or pledges to be paid by August 1. The church voted to begin construction, if possible, on Monday, August 10—a week after the close of the summer revival.

(Pastor's note: I have been encouraged by the favorable response of the members and friends of the church in this matter. We will all be proud and happy when this building is finished—and will thank the Lord for what he is able to do when His people are willing).

Sunday night, Bro. Ralph Jones, a recent graduate of the University of Corpus Christi, preached at the Baptist Church. He is the brother-in-law of the pastor, having married Bro. Broadway's youngest sister. He is one of four preachers (one Methodist and three Baptist) in the Broadway family.

Texas Now Has Its Own Individual Brand Of Aluminum Foil

Texas fifths, Texas Foods, and now—Texas foil! Reynolds Metals Company, realizing that Texans would just as readily rather buy a product home-grown in the Greatest State of the Forty Eight, has put a Texas "brand" on every carton of its aluminum foil now on sale in the state's stores.

It began when aluminum emerged as America's newest important metal, and Reynolds began producing aluminum at its San Patricio plant near Corpus Christi.

A Lone Star brand was put on ton after ton of shining aluminum "pigs" produced there.

And now, Reynolds Wrap, household foil with 1001 uses, pioneer in the fast-growing aluminum foil market, bears a sticker proclaiming to all Texans that here's another home-state product.

INSECTICIDE EFFECTS ON SOIL

How often and for how long can some of the new chemical insecticides be applied to the land without damaging crop yields?

The answer to this serious question is being sought by both Texas and federal plant pathologists. Their eventual conclusions may bring about a rearrangement of crop spraying procedures.

After five years of working with a wide range and amounts of insecticides, including some excessive dosages, some chemicals have been found to remain surprisingly toxic in the soil. The effects of others were relatively mild. An unusually heavy dosage of a popular brand was applied on a test plot of one acre in 1945. To date, the insecticide has lost very little of its toxic effect. We also know now that smaller amounts applied to crops as needed to control insects accumulate in the soil over the years.

The crops found most sensitive to this build-up in the soil are truck garden produce. Growth of some of these crops was reduced as repeated heavy dosages accumulated in the soil, or as increasingly larger amounts were applied.

These research findings indicate that heavy, continuous use on the same land of the more stable insecticides may not be a good practice. The farmer should be especially careful to avoid careless, excessive, or improper use of chemicals.

DDT, the first and most widely used of the post-war insecticides, was studied more extensively than others. It was found that an application of about 30 pounds per acre per year could build up soil accumulations in 5 years that would damage the more sensitive plants.

Limited trials showed technical BHC to be less stable and lasting than DDT, but because of its high toxicity to plants in the soil, it is capable of forming damaging accumulations if used too frequently at a heavy rate. Toxaphene and parathion, however, were found to be so unstable in the soil that they are not expected to accumulate to a harmful degree if recommended practices are followed.

Until further tests are completed, farmers are strongly urged to strictly follow instructions set forth by manufacturers of insecticides. Any chemical can be a boon or curse to agriculture, depending upon how it is used.

MISS BOX TO SPEND SUMMER OUT OF STATE

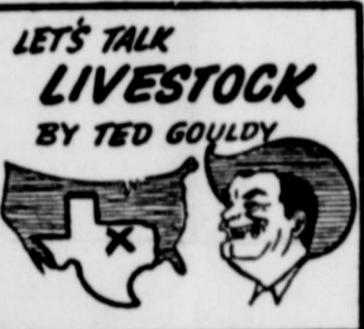

Miss Dorothy Box, who has been visiting her parents, Mr. and Mrs. J. T. Box, left for Portland, Oregon this week to attend the National Association of Students Councils' Convention. She will be accompanied by three students from El Paso High School, where she serves as student council sponsor and chairman of the social studies department.

Miss Box and one of the students will appear on the program to lead a discussion group on "The Aims and Objectives of Student Council Work," and the group will attend various other meetings at the convention.

As soon as Miss Box returns from Portland, she will leave for Camp Shiloh, Mendham, New Jersey, where she will be chief counselor for girls. The camp is supported by congregations of the Church of Christ throughout the vicinity. Counselors who will work under Miss Box's direction are from Florida Christian College, Abilene Christian College, Harding College of Searcy, Arkansas, and David Lipscomb College of Nashville, Tennessee. The camp has accommodations for about 50 boys and about 50 girls. Special training is given in Bible, music, crafts, nature study, swimming and other recreation under the direction of ministers, teachers and other trained personnel from various sections of the country.

Miss Box has the following to say of the camp:

The camp director and manager is Eddie Grindley, minister of the Eastside Church of Christ in New York City, who spends much of his time in helping "gang leaders" to develop leadership in worthwhile activities and helps to prevent juvenile delinquents from becoming hardened criminals by showing the value of honest work, wholesome recreation, and a respect for Christianity. Many of these former "gang members" have become fine law-abiding citizens as a result of the time they have spent at Christian camps such as Camp Shiloh.

Fort Worth, June 9.—Summer movement of cattle reached a peak at Fort Worth Monday that was a record for the season, and the largest run of grown cattle since 1934 arrived. Some 10,500 cattle and 1,500 calves were estimated and during the day both figures were eclipsed.

Biggest modern day run of cattle and calves to Fort Worth was the second week of October 1946, the week after OPA regulations were dropped. On that Monday, some 10,150 cattle and over 9,800 calves arrived. That being a season of heavy calf sales, which June is not, the combined totals far surpassed the Monday run at Fort Worth.

High Grade cattle and calves found prices steady to weak, except prime drylot fed heaves were steady to strong. However, the cull, common, plain and medium to fairly good cattle and calves were weak to \$1 lower. Shelly low grades were off fully \$1 and more.

Another larger offering appeared in the sheep barn at Fort Worth Monday, as receipts hit 14,500. Choice fat lambs of over 70 pounds were fully steady, lighter weights and the medium and lower grades were weak to \$1 or more lower. Ewes were \$1 off. Old bucks lost \$1. Choice fat yearlings were steady, but others dipped sharply. Hogs were steady to 25 cents higher, topping at \$24.50 and \$24.75. Sows were steady at \$20 to \$22, and feeder pigs cashed at \$21 down.

Good and choice fed steers and yearlings sold for \$17 to \$23.50, the day's top honors were shared by L. G. Davis of Shackelford County and G. A. McClung of Johnson County. Davis had 27 steers averaging 1,070 lbs. at \$23.50, and McClung had 20 yearlings of 995 lbs. at \$23.50. Common and medium grassers sold from \$10 to \$16, and cutter grades sold from \$7 to \$10. Fat cows \$8.50-12.00, a load of heiferettes averaging 1,025 lbs. from G. A. White, Brady, topped at \$14.25. Cannors and cutters \$5.00-8.50. Bulls from \$7.00-14.00, some shelly dairy breeds down to \$6 and below.

Good and choice fat calves \$16.00-20.00, some yearling weights 500 lbs. and up \$21.50. Common and medium \$10.00-15.00, culls \$7.00-10.00. Good and choice quality stocker steer calves \$16.00-20.00, good and choice stocker steer yearlings \$15.00-19.00, heifer calves and heifer yearlings \$2 to \$3 under comparable steers. Stocker cows \$10.00-13.00.

Good and choice milk lambs \$18.00-25.00, few to \$26.00-26.50 and cull, common and medium to good sorts from \$12.00-18.00. Feeder Spring lambs \$12.00-16.00. Feeder yearlings \$10.00-15.00, cull yearlings \$8.00-10.00. Fat yearlings \$17.00-20.

CHRYSLER SHOWS NEW 1953 CUSTOM IMPERIAL NEWPORT

Shown is the newly introduced 1953 Custom Imperial Newport which is being shipped to Chrysler's 3,500 dealers throughout the United States. Featuring Chrysler's new and beautiful body styling with long, low lines, this sleek automobile is powered by the Chrysler V-8 180-horsepower FirePower engine and has a wheel

base of 131 1/2 inches. It is available with full-time power steering and power brakes and is offered in fifteen solid colors and eleven two-tone color combinations. Beautifully styled interiors offer a choice of three leather and broadcloth combinations to harmonize with the exterior colors.

Chrysler Shipments Up 49% Over Last Year For All-Time Record

Shipments of Chrysler cars for the first five months of 1953 are 49 per cent ahead of the same period last year—an all-time record, reports E. C. Quinn, president, Chrysler Division, Chrysler Corporation.

"Shipments of new 1953 Chryslers from January 1 through May for the Detroit and Los Angeles plants combined reached a total of 79,002 cars," Quinn said. "This is an increase of 49 per cent over the same period last year when 53,044 cars were shipped. The previous high for this period was set in 1951."

During May, Quinn reported, Chrysler Division set another record with shipments for the month amounting to 15,098 cars. This is a 31.5 per cent increase over May of last year.

"This year should result in an all-time record for shipments by Chrysler Division if we continue at the present rate," Quinn said.

"We feel that our excellent sales position is due to the combination of Chrysler-developed features offered this year, including the V-8 FirePower engine with hemispherical combustion chamber, full-time power steering and power brakes and the efficient job done by our 3,500 dealers in demonstrating these cars to the public."

Quinn said that so far this year Chrysler has shipped slightly more than 50 per cent eight-cylinder models in the New Yorker, New Yorker DeLuxe, Imperial and Crown Imperial lines. The remainder of the shipments have been Windsor and Windsor DeLuxe models powered by the six-cylinder engine.

Texas Press Association Will Hold 74th Annual Meeting June 12 and 13

It will be a two-in-one convention when Texas newspaper people convene in Mineral Wells on June 12 and 13 for the 74th Annual Meeting of the Texas Press Association.

"Entirely separate business sessions have been planned for publishers of daily and weekly newspapers, making the meeting two complete conventions in one," said TPA President William Rawland, publisher of Cleburne Times-Review. "We are expecting a crowd of some 250 newspaper people from all sections of the state," he added.

The newspapermen from daily and weekly publications will get together during the meeting for a breakfast session, two luncheons, a dinner, and several entertainment features. All other sessions will be held separately.

Dr. Kenneth McFarland, educational director for the American Trucking Associations, Inc., will address the convention at the Saturday luncheon meeting. McFarland is one of the country's best known educators and a nationally known speaker. On Saturday evening at the Annual TPA Banquet, publishers will hear Jimmy Arrington, humorist-philosopher and publisher of the Collins (Miss.) News-Commercial. The Friday luncheon speaker will be W. R. Beaumier, publisher of the Lufkin News who returns from Paris, France in time to address the convention.

Tom R. Phillips of Holdenville

(Okla.) Daily News and R. V. Peterson of the Norman (Okla.) Transcript, and Sam Bloom, Dallas advertising agency executive, will address both groups in their separate business sessions.

Other speakers for the weekly group meeting are: C. T. Thomas, Western Newspaper Union, Oklahoma City; William E. Berger, Hondo Anvil-Herald; J. C. Smyth, Liberty Vindicator; and Joe T. Cook, Mission Times.

With Canfield on the daily program will be Ted Barrett, Dallas Morning News; Shelby Kritzer, Amarillo Globe-Times-News; R. S. Brashears, Midland Reporter-Telegram; and J. C. Phillips, Borger News-Herald.

Each business session of the two groups will be directed by a different chairman. Leaders for the daily meetings will be V. D. Ringwald, Alice Echo; Charles K. Devall, Kilgore News Herald; Victor B. Pain, Naacogdocher Sentinel; Vern DeBolt, Odessa American. Those directing the weekly group conferences are: L. B. Smith, Brady Standard; Marvin Hickey, Olney Enterprise; Ward Lowe, Lampasas Dispatch; Clark Coursey, Brownwood Banner.

A handicap golf tournament has been arranged for Thursday afternoon, for publishers who arrive early for the convention. On Thursday evening TPA will show several movies of particular interest to newspapermen.

Another convention entertainment feature will be a style show for the ladies, arranged by the Dallas Fashion Center.

On Friday afternoon, the convention will adjourn for a tour of Mineral Wells industries and a Military Dinner at Camp Wolters.

Awards in the Texas Newspaper Contests will be presented at the Annual Awards Breakfast on Saturday morning.

As a post-convention feature, Western Hills Hotel in Fort Worth has invited the newspapermen and women to be its guests for breakfast and a tour of the resort-hotel-motel on Sunday morning.
