

LISTEN As the Red Bird Rambles

By Carolyn Holford

STRANGE THINGS... happen in a newspaper office, some unexpected, some funny, some downright pathetic. Some weeks there are just lots of things to write about, and other times there doesn't seem to be a thing going on in town. This is one of those weeks when there seems to be a lack of news—or maybe it's our lack of knowing how to smell it out.

At least, Mrs. Wilson, Mrs. Hyles, Miss Cunningham and Mrs. Strepy, who compose the local telephone company staff, have not been bothered very many times with ringing our office number, 132. In view of the fact that very few people have come in the office up until Wednesday noon—well, isn't it only logical to assume that something much has happened?

Most of the local organizations have their own reporters, which are generally cooperative about writing news of meetings and sending or bringing their reports into the news office. It is sort of taken for granted by this office staff that such organizations or institutions that have a weekly report of something going on, such as churches or school, will keep the local newspaper informed on late events right up to the minute.

Such is not always the case. Oft times when a week like this one goes by and we think nothing has happened, we are greatly surprised to learn on Friday or Saturday or even Sunday that some very startling event took place right in front of our eyes almost, yet we didn't know it or report it.

Perhaps you know about it and expected to read about it on Friday. Perhaps you were disappointed in searching for the story and not finding it. Next time then, why don't you make it your responsibility to bring us the news? Remember—a news reporter never minds to hear anything twice and most contributions are gladly accepted (the earlier, the better). And after you read this issue, stop to think what you might have added that would have made it better.

LAUGH IT OFF... is all we can do about this one. It seems somebody has our number, and all the above "sermonette" cannot answer to the punch the story leaves.

Seems this person went to the post office late Thursday afternoon when the papers had been put up one week, and stopped to talk to Leonard Howard at Hico News Stand. He'd already been to the grocery store and was carrying a box of puffed rice. As he started out, he remarked that he was going home to eat the cereal and read the paper.

"Then when I go to bed," he commented, "I won't have nothin' on my stomach or nothin' on my mind."

BACK TALK... comes natural with friendly Miss Loretta Hyles, who has to think fast sometimes to get back at smart-alecs while working at the fountain at Howard Drug Company. The other day as she was mixing simple syrup to sweeten the drinks served at the fountain, she was interrupted by some school boys who pulled the old one about, "Why don't you use your finger to sweeten the drinks?"

Loretta showed them her bandaged little finger and replied, "Well, I usually do, but I cut it yesterday."

LOTS OF YELLING... was done by the boosters for the Heart O' Texas Fair in Waco when they came into town Tuesday, but they'll find it was very minor compared to the yelling done by Hico's Mayor Wade Greenleaf, who wrote the following letter to the boys in charge of publicizing the fair. (He's usually good-natured, but when he gets his dander up—look out!)

Waco Jr. Chamber of Commerce Waco, Texas
Gentlemen:

Today when a delegation of Waco C. C.'s were here, the mayor of this city was scheduled to speak a few words of welcome.

But due to the incessant dialogue between the Genie twins, Hi and Eu, the mayor's talk was deleted. And am I mad!

I had gone to the trouble of going to a dentist to have my upper plate glued in, had a hair cut and shave and my shoes shined.

Even went to the trouble of putting on a clean shirt and necktie. But that's O. K. boys. You were welcome. Confucius (or was it Herbert Hoover?) once said, "If you talk, be sure it's an improvement on silence."

Very truly yours,
Mayor of Hico.

NEW HOME EC TEACHER FILLS VACANCY ON STAFF
Mrs. Sammie Tate Pittman replaced Mrs. Annette Blackburn as local Homemaking teacher this week. Supt. O. C. Cook has announced. Mrs. Pittman is a graduate of North Texas State College in Denton. She taught in the Langview Schools last year.

The family residence is in Stephenville, where they own a dairy farm. Mrs. Pittman has two sons, one of whom is going to school in Hico.

HICO, TEXAS, SEPTEMBER 18, 1953.

NUMBER 19.

Speaker Tells Lions About Kerrville Camp For Crippled Children

W. L. McBryde, field representative of the Texas Lions League for Crippled Children, Inc., visited the Hico Lions Club at its regular weekly meeting held Wednesday at Loudermilk Cafe. Lion McBryde, with a record of seven years perfect attendance, talks before an average of two club meetings a week, and is conscientiously trying to awaken Texas people to the opportunities afforded by the project Texas Lions started in 1948.

Imbued with enthusiasm for Lionism in general, the speaker has a very special interest in the work he is doing. Having had polio himself when he was 13, he realizes the necessity of doing something for the physically handicapped children. And he is successfully getting his message over to the various clubs where he visits. The Hico club, he said, was one of the very few in the state which had not contributed financially to the undertaking.

"I didn't come here to twist your arm," the speaker declared, "and I don't intend to. But if I can present to you the true worthiness of the cause for which I am working, I believe each individual will have more understanding interest."

The crippled children's camp, supported entirely by Texas Lions, consists of 504 acres of land situated south of Kerrville, where \$240,000 has been spent thus far to make it an ideal spot for the physical and mental rehabilitation of handicapped children, regardless of race, creed, religion or financial standing. This year the facilities were utilized by 240 children, and it is planned to double that capacity next year.

Handicapped children of Hico and vicinity are eligible to attend this camp, the speaker urged local Lions to make a survey of the number of crippled children here and to help them help themselves. "The camp is down there, it belongs to you," he declared, "and you are simply being unfair to the crippled children among you if you fail to take advantage of the opportunity offered you and them."

Believing in Lions, believing in helping crippled children, he imparted some of his enthusiasm to his listeners, and was assured of greater interest in this work which had been presented to the club for the first time in such a vivid manner. Lion McBryde urged Lions and other citizens to visit the camp at any time and see just what is being done. "It will make you mighty proud to be a Lion when you see what a great work is being done," he declared.

Lion Harold D. Walker, president, promised to appoint a Crippled Children's Camp Committee, and to see that more interest is stimulated locally.

The president also called attention to the series of soil conservation meetings being held in Hico each Tuesday night, and announced that "Legumes and Cover Crops" would be the topic for next Tuesday, Sept. 22. He also emphasized the importance of these meetings, saying they were drawing a good attendance from farmers and ranchers, and pleading for more interest and better attendance from business men.

Cliff Brogdon of Lampasas and Kenneth Sparks of Hamilton were the only other guests joining the members in this week's meeting.

LIVESTOCK EXPERT

W. L. Stangel, Dean of Agriculture and Director of Farms at Texas Technological College at Lubbock and one of the foremost authorities on livestock in the Southwest, heads the livestock department at the 1953 State Fair of Texas, October 10-25, as general superintendent for the eighth consecutive year. Stangel will oversee the fair's significant new Pan-American Livestock Exposition and the important Texas Livestock shows.

BEAUTIFUL PALOMINO ACT AT THE HEART O' TEXAS FAIR—Capt. Bill Buschom and his eight liberty Palominos will appear at each performance of the world's championship rodeo at the Heart O' Texas Fair in Waco, Sept. 26 through Oct. 4. The beautiful and highly trained golden horses present one of the finest acts in America. Three specialty features will be given in addition to the exciting contests of the rodeo, Tommy Steiner of Austin, producer, said. There will be one rodeo performance daily (2:30 p. m. Sundays, 8 p. m. other days) except Monday, Sept. 28, Negro Achievement Day, when a special attraction will be presented in lieu of the rodeo.

Iredell and Hico to Clash in Finals of Bosque Valley League

By LEON LEWIS

Joe Stacey and his Hico baseball club will clash Sunday with Iredell for the first of the three final games of the Shaughnessy play-off at Meador Field in Hico.

All fans of the entire circuit will be present for this first game. Iredell has won two out of three games over Dublin, despite the fact that two of these games were played on Dublin home ground.

There is only one game difference between Hico and Iredell for the entire season to date. This will be a real ball game Sunday. There will be one thousand people out at Meador Field Sunday. Don't forget; game time is 2:30 p. m.

Bloodmobile Unit Completes Second Trip Here for Donors

A total of 24 pints of blood was carried from Hico to Waco last Wednesday as a result of the volunteer efforts of many of Hico's citizens. This blood will be kept on reserve until needed, and will be returned for patients in this area as needed.

Local chairman for the planning of the trip made by the mobile unit from the Regional Center of the American Red Cross in Waco was Mrs. B. B. Gamble. She expressed her thanks for cooperation received from the donors, the volunteer workers, Carleton citizens who helped out, the First Baptist Church, Hico News Review and the doctors on the staff of Hico City Hospital, who gave their time so that the program could be carried out.

School Enrollment Shows Increase Over Last Year's Number

The Hico Independent Schools have a small increase in enrollment this semester, according to the official records of Supt. O. C. Cook. In high school last year the total enrollment was 100, this year, 111. The enrollment in grade school last year was 200, this year 218.

According to each grade the enrollment is as follows: First, 31; Second, 26; Third, 27; Fourth, 21; Fifth, 31; Sixth, 30; Seventh, 25; Eighth, 27; Ninth, 36; Tenth, 29; Eleventh, 28; Twelfth, 18.

J. D. Kirkland Gets Premium for First Bale Raised on Pool Farm

First bale of 1953 cotton to be ginned in Hico arrived last Friday at Kight's Gin. It was brought in by J. D. Kirkland, and was raised on the farm of Mrs. J. B. Pool, near Olin.

The bale was purchased by Kight buyers at 32 cents per pound, and a nice premium was made up amounting to around \$75.00.

Lawrence Lane, local gin manager, reported the first of the week that another bale had been received Monday, this one from P. E. Bordner of Black Stump Valley. Mr. Lane said things would begin to pick up daily now at the local gin, which has been reconditioned and placed in readiness for a run larger than for past years. He expected to be quite busy by the week end, and perhaps running to capacity within the next week.

Business people and individuals of Hico made up a sum amounting

Pvt. Bobby Ratliff, who has completed his training at Fort Bliss, near El Paso, will arrive this week end for a 10-day visit with his parents, Mr. and Mrs. J. B. Ratliff.

Mrs. Pat White of Uvalde sent in a change of address on the NR she sends to her son, Cpl. Billie R. McLendon, who is serving with the 3rd Marine Division at Camp Naik, Japan. She added that Billie said: "Mother see that my paper gets over here for the news of Dear Old Hico gives me pleasure."

A change of address has been reported for Airman Sgt. William E. Jackson, who has been sent to Furstenfeldbruck, Germany. The News Review staff, however, cannot spell that name, much less pronounce it. Luckily it was not necessary to spell it in the address Billy gave. After receiving business training in the Air Force in the States, he was sent first to a station in French Morocco.

Texo Feed Value Festival Announced For Woodard Produce

Free gifts, prizes galore at the door, and special get-acquainted bargain prices on feeds are offered in the big Texo Feed Value Festival starting at J. B. Woodard Produce in Hico Monday, Sept. 21, and continuing through Oct. 3.

In a series of advertisements prepared and scheduled by Rogers & Smith, Dallas advertising agency, a special invitation to attend the Feed Value Festival is extended to the public.

In addition to the above offerings, J. B. Woodard and his crew at the local Texo agency are anxious to tell customers and prospective customers all about the special new Texo Feeds just developed, in which they think all feeders will be interested. "Come on in, Neighbor," they urge.

WATCHING OPERATION OF CRANE AT THE PANAMA CANAL are Midshipmen (left to right) John J. McCorkle, Dudley D. McCalla, and Benjamin T. Rhodes Jr. Midshipman Rhodes is the son of Mr. and Mrs. Ben Rhodes of Cranfills Gap. Midshipman McCorkle is from Fort Arthur, and Midshipman McCalla is from Austin. All are students at the University of Texas. They participated in "Cruise Charlie," one of the Navy's three 1953 ROTC Midshipman Cruises to foreign ports. Some 5,500 officers and men including 1,100 Midshipmen from 32 colleges and universities manned the 11-ship training squadron under the command of Rear Admiral Richard P. Glass, USN. Ports of call included Colon, Panama; Port-of-Spain, Trinidad; and Guantanamo Bay, Cuba. The cruise ended August 29. (Official U. S. Navy Photograph).

Defeat at Strawn Tightens Tigers for Glen Rose Here

SULPHUR WATER CITY'S PRIDE

Eddie Flanary, 140-lb. Senior left halfback is one of the reasons why Glen Rose will be favored to win in the game with Hico tonight. "Flanary was one of Glen Rose High better boys last year and is capable of going all the way on any play," states Coach James Willingham.

Neighboring Schools Play 6-Man Teams in Football Conference

The Iredell Dragons entertain the Coolidge team on the Iredell field Thursday night of this week in a 6-man football game that will introduce 6-man football to the fans of this section. Both Coolidge and Iredell are playing 6-man for the first time this season. Both teams played 11-man football for years. Last year in a close game, Iredell defeated Coolidge on their home field by a score of 13-12. A good game is expected.

Thursday night of last week Brooksmith defeated the Dragons in their opening game by a score of 26-0. It was a closely fought game after the first quarter and Iredell learned the game. Blakeley and McCroskey were the offensive stars for Iredell, while Seal, Phillips and Hudson did excellent work defensively. Iredell twice punched within the Brooksmith 5 yard line but could not push over a touchdown.

The Dragons are coached by C. H. Mims, who formerly coached the Sidney team. Last season, under his direction the Sidney club won district and bi-district honors. Eighteen men have been reporting regularly to practice sessions. Coach Mims has been bearing down with plenty of scrimmage work to teach the Dragons the new style of football.

Following is the schedule for teams playing six-man football (all games Thursday night):

NON-CONFERENCE
Sept. 17—Coolidge in Iredell.
Sept. 24—Sidney in Iredell.

CONFERENCE SCHEDULE
Oct. 1—Fairly in Iredell; Jonesboro vs. Turnersville at Gatesville; Pottsville at Carlton.

Oct. 8—Carlton in Iredell; Jonesboro vs. Gustine at Hamilton; Pottsville vs. Turnersville.

Oct. 15—Turnersville in Iredell; Carlton vs. Fairly; Pottsville in Gustine.

Oct. 22—Iredell at Gustine; Pottsville vs. Jonesboro at Hamilton; Turnersville vs. Fairly.

Oct. 29—Jonesboro in Iredell; Turnersville vs. Carlton at Hamilton; Gustine vs. Fairly.

Nov. 5—Pottsville at Iredell; Gustine at Carlton; Fairly vs. Jonesboro at Hamilton.

Nov. 11—Open for Iredell; Gustine vs. Turnersville; Fairly vs. Pottsville; Jonesboro at Carlton.

MOVES TO SOUTH AMERICA
W. A. Knox, who has made his home near Hico since March of this year, left Wednesday for Florida where he boarded a plane for Barcelona, Venezuela. Mr. Knox is an experienced rancher and plans to investigate the prospects of raising cattle in this South American country. He plans to buy a ranch and cattle after his arrival there.

Mrs. Knox will remain here to manage the ranch and take care of their business here until next spring when their daughter, Emma Lou, finishes this school term. Then Mr. Knox plans to move his family down there. The Knox family lived in Erath County near Stephenville for nine years before moving here.

STAFF INCREASED
An addition to the staff at Barrow-Rutledge Funeral Home is Moody Smith, who came here from Stephenville Funeral Home, where he had previously been employed. He was introduced to some of the local citizens by Wayne Rutledge, member of the funeral home, and George Christopher, another employee.

Mr. and Mrs. Smith and their daughter, Brenda Sue, are making their home at the Frank Mingus apartment. They formerly lived near Seagraves, Texas.

Locals Shown Signs Of Improving as Season Progresses

By BUCK MEADOR

Revenge is sweet! After having won all games the past three years with overwhelming scores, the Hico Tigers journeyed to Strawn last Friday night to meet the Greyhounds of that city in both teams' season opener. Hico had good intentions of making it four wins in a row but the Greyhounds, with a stubborn defense and a potent offense, had other ideas. The Greyhounds' Morris, Grissom, and their 110-lb. quarterback, Herrin, were all too much for the Tigers' defense, with their running, passing and ball-handling. This boy Morris, was a terror on offense all night, reeling off several long runs.

The Tigers, playing with several young and inexperienced first-year boys, could never muster a real offensive march all night. Don Ross and Ronald McKenzie showed signs of their 1952 form, when they were two of the best running backs in the district, with Ross making the all-district first team. The Tigers' blocking was far from being up to par. With some work on their blocking, and team defense as a whole, the Hico lads will be hard to handle as the season progresses. All of the last year lettermen should come along well as they work out the mistakes and nervousness that always comes with the first game of the season. The freshmen and first year boys are expected to make mistakes.

The game started Friday night with Hico kicking off to Strawn. The Greyhounds marched to the Tiger 40 on three consecutive first downs and then scored on a pass and run play with only a few minutes gone in the first period.

After receiving the following kickoff, Hico fumbled after two running plays and the Greyhounds were again on the march. Hico held on the 20 yard line to stop this march. From this point the Tigers again took over only to find that the offense wouldn't click. They kicked off to the Strawn 50, from where Morris traveled 39 yards on the first play to the Tiger 10. It looked as if they were going to make it 13 to 0 in the first quarter, but an offside penalty back to the fifteen and a great tackle on the next play by James Lewis for a five yard loss back to the twenty, gave Hico a little breathing room and they held the Greyhounds at this point. After one play and a 5 yard gain the first quarter ended with Strawn leading 7 to 0.

You might say that the second quarter was all Hico's play. After a series of run and pass plays, Hico had the ball on Strawn's 49 yard line. From there Ross stepped back as if to pass and uncorked a beautiful 49 yard run for a touchdown and six points. Try for extra point was wide to the left and Strawn still led at intermission 7 to 6.

On the second play in the third quarter the Greyhounds intercepted a Tiger pass on the 30 and ran it back to Hico's 25. From there Morris went all the way for the six points. There was no more scoring in the third quarter and the Greyhounds had upped their margin to 13 to 6.

The fourth quarter started with Strawn in possession on their own 12. After a series of plays they had moved up the field to the Tiger 20, from which point a fumble gave the ball to Hico. Three incomplete passes forced the Tigers to kick and Strawn again had possession at the mid-field stripe.

Hico tied the ball game shortly after when Ross ran for 19 and 7 yards, and Needham carried for 3 to the 35. From there Ross let go a perfect pass to Fenton Sandlin, who ran the rest of the way for the tying touchdown.

It looked as if the ball game would end all even at 13-13. With less than four minutes to play, the determined Greyhounds marched 64 yards in 5 plays for the winning six points. That was the ball game!

The Tigers are working hard this week in preparation for the game here tonight (Friday) with the Glen Rose Tigers. Comes word from the Glen Rose coach, James Willingham, that a lot of interest is being displayed over there, and a large crowd is expected to follow the team to Hico to witness the battle between the two Tiger elevens. Not much is known about the Glen Rose team except that they have a well seasoned team and will be a slight favorite in this game Friday night. Be on hand at 8 o'clock in Tiger Stadium and see this game. A little support from the fans helps the boys a lot.

Cream Whips Main Street Traffic

Big traffic jam in front of the office last week. Thought everybody in the county was coming in to buy *The Clarion*, but they weren't.

Seems a 5-gallon can fell off Whitey Fisher's truck, spilling cream all over the street. Our cop on duty, Tiny Fields, halted traffic so Whitey could pick up the can. Tiny was about to wave the cars on when a kitten ran out and started lapping up the cream.

Well, traffic piled up, but Tiny paid no heed. Light changed

green three times. After the kitten had enough, Tiny waved the traffic through.

From where I sit, this was just a "Tiny" demonstration of the way people in our town are. They're usually pretty considerate and tolerant. If one of our neighbors prefers a good glass of beer to his friend's coffee at dinner-time, it's just each to his own taste and everything's "smooth as cream" between them.

Longer Lives Bring Need for Chance to Work in Latter Years

Austin, Sept. 14.—As the life span of man increases more attention must be given to the diseases that occur more frequently among those over fifty, declares Dr. Geo. W. Cox, State Health Officer. Most retirement plans set age 65 as the time to quit work. This has given rise to the misconception that when a person reaches that age he is unfit for gainful employment.

Such an indictment fails to recognize experience, ability, training and capacity which may be far superior to younger groups and will only add to the relief rolls throughout the country. The later years of life can be productive and the employment of such persons can do much toward solving the economic and social problems of this age group.

Special attention must be given by physicians and public health personnel in preventing chronic illness such as arthritis, cancer, heart disease and senility, says Dr. Cox. Non-medical problems are acute because of inattention. The value of older workers must be recognized or the problem will become greater each year.

Methods of prevention by immunization, sanitation, personal hygiene, and treatment all combined have proved that communicable diseases can more or less be controlled. It is this work that has made possible the expectancy of life at birth to be 70 years and far beyond. Now similar work and research is necessary in order that those reaching old age can be gainfully employed and enjoy their latter years free of many of the chronic illnesses.

Humble Again Brings Football Broadcasts To Fans' Living Rooms

Southwest Conference football games will be brought into the living rooms of Texas fans via radio this season for the 20th consecutive year by Humble Oil and Refining Company.

A full schedule of Conference games plus all inter-sectional games played by Conference schools will be broadcast over networks comprising 58 Texas radio stations. Forty-five games in which Conference schools appear will be heard on the radio. Schedules are arranged so that fans have a choice of several different broadcasts each weekend.

West Texans will be able to follow Texas Tech games over a network of West Texas stations in other Humble broadcasts.

Kick-off of the Conference broadcasts will be Saturday, when Baylor faces California, Rice plays Florida, Texas A & M opposes Kentucky, T.C.U. battles Kansas, and Texas faces L.S.U.

Kern Tips of Houston, well-known play-by-play announcer who has handled Humble's Conference broadcasts for the last 15 years, will head the announcing staff. On the staff are such familiar sportscasters as Ves Box of Dallas, and John Ferguson.

Supplementing the football broadcasts will be a 30-minute TV program on Monday and Tuesday nights. The program, which replaces "Texas in Review" during the football season, will show highlights of the preceding Saturday's games.

Kern Tips, who knows Conference teams and style of play, will comment on the highlight plays. He will explain how the interesting plays came about.

The football highlights program will be telecast on Monday nights over WBAP-TV, Fort Worth; KRLL-TV, Dallas; KPRC-TV, Houston; KWFT-TV, Wichita Falls; and KRBC-TV, Abilene.

On Tuesdays it can be seen on KTBC-TV, Austin; WOAL-TV, San Antonio; XELD-TV, Brownsville; KDUB-TV, Lubbock; and KTXL-TV, San Angelo.

Former Hico Man Appointed to Manage Hatchery at Center

WALTER S. RAMEY

Opening of a new hatchery in Center, Texas was announced recently, with the appointment of Walter S. Ramey as manager, according to a news story in the Center newspaper. The announcement came from Roy Herder, general manager of Chesser Hatcheries, which operates a chain of hatcheries in that section.

Ramey gained his early hatchery experience in Hico, where he was employed with Keeney Hatchery. He attended school here, and is married to the former Margie Welborn, who also attended school in Hico.

In making the announcement, the Center paper said in part:

Before joining the Chesser Hatcheries, Ramey was associated with the Gudaby Hatchery in Cuero, and brings to the East Texas Broiler area a broad experience and successful background in the poultry and hatchery field.

The Chesser Hatchery of Nixon, Texas, has been serving this area with finest quality broiler chicks for the past year, but in order to give better service to the growers and dealers by hatching their chicks locally, the old Center Hatchery has been purchased.

Mr. and Mrs. Ramey and their sons, Ronnie, Randy and Ricky, will make their home in Center on Tenana Street. The Rameys are of the Methodist faith.

FRESHEN shredded coconut by soaking in fresh milk to which a bit of sugar is added before using the coconut.

Excessive salt in your soup? Drop some slices of raw potato into the soup for five or six minutes, then remove.

If you're poaching eggs and want to keep the whites from spreading, add a teaspoonful of vinegar to the water used for poaching. An egg poacher is also a good investment.

RECIPE OF THE WEEK
Double Quick Cookies
(Makes 40)

- 1/4 cup seedless raisins
 - 1/4 cup shortening
 - 1 1/4 cups biscuit mix
 - 3/4 cup brown sugar (packed)
 - 1 egg
 - 3 tablespoons milk
 - 1/2 teaspoon vanilla
- Rinse and drain raisins. Melt shortening and allowing to cool while measuring remaining ingredients. Combine biscuit mix, sugar and raisins. Beat egg lightly, add cooled shortening, milk and vanilla. Stir into dry mixture blending well. Drop by teaspoonfuls on greased baking sheet. Bake in a moderately hot (375°) oven 10 to 12 minutes. Remove to wire rack to cool.

ment if you like the eggs to be in small cups.

When you are heating sweet milk for a recipe and want to keep it from curdling, add a pinch of soda to the milk while heating.

Brown sugar may be added to gravy which is too salty. It does not sweeten the gravy nor does it spoil the flavor.

Brush molds for gelatin salads and desserts with salad oil before adding the mixture to them. This makes melting or heating the molds after chilling unnecessary and helps remove the mold easily.

Keep pecan meats whole by pouring boiling water over unshelled pecans and let stand for 30 minutes before cracking.

Fairy

By Mrs. Eunice Massengale

We have had real summer temperature the past week with very little breeze to run wind-mills. Many are out of water and having to haul from wells equipped with electric pumps, which have proved a blessing to those out of water.

Miss Virginia Slater of Fort Worth spent the week end with her parents, Mr. and Mrs. B. T. Slater. Her father spent several days last week in the Meridian Hospital undergoing a physical examination. We hope he will soon be feeling much better.

Mr. and Mrs. W. N. Bridges of McGregor and their son and family, Mr. and Mrs. Jack Bridges and baby of Beaumont visited Sunday in the home of Mr. and Mrs. Scott Blakley and Lera Jane, Mrs. W. N. Bridges is a sister of Mr. Blakley. Other guests for lunch with the Blakley family Sunday were her parents, Mr. and Mrs. J. L. McCoy.

Walter Porterfield has returned home after an extended visit with relatives in Calif., Kansas and Oklahoma.

Joe Betts of Searcy, Ark., who with his wife and baby are visiting in the home of his parents, Mr. and Mrs. T. L. Betts, filled an appointment at the Church of Christ Sunday evening.

The writer attended singing at the Methodist Church at Lamkin Sunday afternoon.

Most farmers have finished combining their maize crops. The yield has been fair, however rains received during the early stage of maturing, caused dampness and some trash due to partly developed suckers.

Mr. and Mrs. August Enger and Mr. and Mrs. Bennie Jensen of Cranfills Gap visited a short while in the P. L. Cox home last Friday afternoon. They came by to inform them of the death of Mrs. Carolina Enger Mickelson, also of Cranfills Gap, who had passed away Thursday at St. Joseph's Hospital in Fort Worth, and to secure information in regard to notifying Mrs. Cox's sister, Mrs. Myrtle Enger of Brady. However, they were unable to get word to Mrs. Enger. Funeral services for Mrs. Mickelson were held at the Lutheran Church at Cranfills Gap Saturday afternoon at 2:30. Mrs. Mickelson was the daughter of the late Mr. and Mrs. Hans Enger, also of Cranfills Gap. She was born on Jan. 24, 1880, and was a faithful member of the Lutheran Church of Cranfills Gap. Funeral services were conducted by her pastor, whose name we failed to secure. The song service consisted of two ladies duets, "Rock of Ages" and "Heaven's My Home." She is survived by one son, Herman Mickelson and family of Fort Worth; two sisters, Mrs. Christena Anderson and Mrs. Alma Jensen and two brothers, August and Emil, all of Cranfills Gap, and many other relatives and a host of friends. She was married to Mr. John Mickelson on Nov. 25, 1909, who passed away in December, 1947. She was also preceded in death by her parents, Mr. and Mrs. Hans Enger, two brothers, Otto Enger of Brady and Chris Enger of near Lubbock and one sister, Miss Hanna Enger. Our hearts go out in deepest sympathy to those bereaved in the passing of this dear loved one. To know her was to love her. Burial was at Rock Church Cemetery. Barrow-Rutledge Funeral Directors of Hico were in charge of funeral arrangements.

Those from Fairy attending funeral services for Mrs. Mickelson were: Mr. and Mrs. Maurice Fields and daughter Joyce, Mr. and Mrs. John Abel who accompanied her sister and husband, Mr. and Mrs. Coston Ammons of Stephenville, who came by for them, Mrs. Gladys Cox and the writer.

Mr. and Mrs. Bob Fort of the Boggy community near Cranfills Gap were recent visitors in the home of his sister, Mrs. Emma Ogle.

Mr. and Mrs. Leon Springer and Randy returned home Saturday after an extended visit at Miles and San Angelo. They have been assisting in the cleaning up of the premises at his grandmother's, Mrs. Benn McNeil, home in San Angelo which with the exception of the bath room, was completely destroyed by the tornado, which destroyed a portion of the town several months ago. Mrs. McNeil's husband died of injuries received in the storm. Mrs. McNeil saved her life by crawling under a dresser. Mrs. Springer stated that the Disaster Relief Fund had erected a nice little three-room and bath home for Mrs. McNeil. She had been undecided as to whether she could go back there to make her home, but since that part of town was so completely destroyed and is being replaced by new buildings, she decided it wouldn't seem the same since only one dwelling was left standing in that section of town and it had been remodeled and also a neighbor and friend, who lived near her had lost her husband since the tornado and she thought they could be of comfort to each other. She has been residing with her daughter and husband, Mr. and Mrs. R. M. Springer of Miles and other relatives since the tragedy.

Mr. and Mrs. Leon Springer and Randy visited Monday evening in the home of Mr. and Mrs. Dale Cox of Dublin.

Mrs. Jessie Edwards of Hico visited recently in the home of her daughter, Mr. and Mrs. Oran Willford and daughters.

Washington

"As It
Looks
From
Here"

Gorman, Texas, Sept. 17.—The
scene of this week's newsletter
is Gorman, where I have stopped
on my way back from Temple after
attending a meeting with State
PMA officials. The meeting was
also attended by Congressman
Bob Poage of Waco. With us were
representatives of farmers from
Jones County.

Our main purpose was to im-
press upon the State PMA repre-
sentative the necessity of includ-
ing acreage in next year's quotas
which was prepared for planting
but not planted because of drought.
The argument was also extended
to cover wheat and peanuts.

As yet, the Department of Agri-
culture in Washington and the
State PMA Committee of College
Station has not instructed the
County PMA Committees to in-
clude this acreage.

The law definitely contemplates
that such acreage should be in-
cluded, and it is my hope that
every County PMA Committee and
every farmer will insist that this
be done. It was definitely the un-
derstanding of the Congress that
"unusual weather conditions" be
taken into consideration.

In addition to this issue, the
question arose as to how such
acreage could be actually counted.
The representative of the State
PMA Committee stated at the
meeting that they were not in-
structed to use funds for this pur-
pose. We insisted that the farm-
ers' estimates be accepted.

We are also insisting that the
figures of the Bureau of Agricul-
tural Economics be disregarded be-
cause it has been proved they are
inaccurate. If the report of the
Bureau of Agricultural Economics
is accepted, the acreage allotment
for all crops will be far below the
actual figures.

It is hoped that the State PMA
Committee will fight for the rights
of the farmers of Texas and in-
sist that the Agriculture Depart-
ment follow the intent of the
Congress in allotting acreage to
our State, which in turn will be
allotted to the counties. Never be-
fore have we had to resort to the
claim for "unusual weather condi-
tions" but we certainly are en-
titled to this consideration in con-
nection with acreage quotas for
1954. Cotton allotments in 1950
were not fairly distributed because
there was not a uniform practice
on the part of the County PMA
Committees, and it worked a hard-
ship in many places. Now is the
time to try to keep this from hap-
pening again.

In the case of peanuts, not only
are we entitled to consideration
because of "unusual weather condi-
tions", but we are also at an un-
fair advantage because of the sys-
tem of grading Spanish peanuts,
as compared to the lower grades
produced in States such as Georgia
and Alabama. Numerous appeals
have been made to the Department
of Agriculture to correct this situa-
tion and every effort is being con-
tinued.

These days spent in travelling
around over my Congressional
District continue to be most grati-
fying and pleasurable. I have now
been in all parts of the District,
but not nearly as thoroughly as I
expect to be later on.

Clifton Fair Boosters To Entertain Here Monday Afternoon

Monday, September 21, Clifton
business men will be in Hico at
1:30 p. m. to tell our community
about the Central Texas Fair and
Rodeo which will be held in Clif-
ton Thursday through Saturday,
September 24-26.

A parade Thursday afternoon at
4:00 p. m. will open the fair at
Clifton; in addition to the floats
many riding clubs plan entries in
the parade.

Feature of the fair will be the
annual Central Texas Polled Here-
ford Association's show and sale;
the show to begin Friday morning
at 9:00 a. m. and the sale to start
at 1:00 p. m. Saturday.

One of the most popular attrac-
tions of the week-end will be the
annual turkey dinners served
Thursday and Friday at noon by
the Civic Ladies, who have gained
a state-wide reputation for these
famous dinners.

From the entry blanks received,
fair officials say the fair barns
will be filled to capacity; in fact,
an addition will hurriedly be con-
structed this week to make addi-
tional room.

The rodeo and carnival will fur-
nish entertainment for all.

Automobile Owners Urged to Have Their Cars Checked Early

Austin, Sept. 15.—Texas motor-
ists found the doors of 3,120 of-
ficial auto inspection stations open
this morning ready to check their
vehicles under the provisions of
the modified Motor Vehicle In-
spection Law which was enacted
by the last Texas Legislature.

George Busby, Chief of the Texas
Department of Public Safety's
Motor Vehicle Inspection Division,
announced that that number of
stations have already been licensed
to operate and that another two
hundred applications are now on
file from operators, desiring to
conduct inspections. Busby esti-
mated that the total number of
inspection stations will reach 3,500
within the next few months.

The new period, during which
motorists must have their cars in-
spected, opened today and will run
through next April 15th.

Homey Garrison, Jr., Director
of the State Safety Department,
has issued an appeal to car own-
ers to take their vehicles to one
of the convenient stations early
to avoid a last-minute rush similar
to that which resulted under the
old law that expired August 25th.

Tips for Dove Hunters Contained in Analysis Of Feeding Habits

Austin, Sept. 14.—Texas hunters
having trouble locating mourning
dove targets were advised to
watch for food and water areas
used by the game birds.

The suggestion came from the
Executive Secretary of the Game
and Fish Commission. He noted
that north zone hunters who
know their dove diet have been
having much better luck than
those blindly trusting to luck to
locate the birds.

He said doves are very fond of
weed seeds such as sunflower and
cotton. They also like grain such
as maize.

One handicap to the hunter since
the rains came is that water is
more accessible and thus the dove
do not concentrate at tanks like
they do in extremely dry weather.

Some hunters, who dress their
own game, study contents of the
birds' crops and then plan their
hunting trips accordingly.

Texas hunters from border to
border are going to have sunup
and sundown hours pinpointed for
them.

Dodgeson Secretary Howard
D. Dodgeson said Heye S. Dunham,
chief United States meteorologist
in Austin, will prepare a time
table for sunrise and sunset cov-
ering representative parts of the
state.

Dunham is arranging with sta-
tions at El Paso, Amarillo, Wichita
Falls, Texarkana, Beaumont,
Brownsville, and Austin to obtain
the data. When it is compiled, it
will be distributed to all Texas
public information media.

The Executive Secretary said the
exact sunrise and sunset time is
vital since beginning and ending
of daily shooting periods for most
major species hinges on the offi-
cial time. This arrangement is de-
signed to inform every Texas hunt-
er so that he may hunt within the
legal time.

Loden Family Reunion Held at Farm Home Of George Loden

The annual Loden family reunion
was celebrated September 5 and 6,
at the farm of George W. Loden
near Hico.

The usual supper was enjoyed
Saturday evening, and talk of
both the past and present was en-
joyed until a late hour.

Next day we met early in the
morning. We found that not only
the Lodens had turned out, but
there was a large group of the
Bazars present. It was a very hap-
py surprise. Ninety-seven names
were listed in the roll before the
day was over.

Assembly was held beneath the
trees, Mrs. W. E. Goynes serving
as secretary. The program follows:
Welcome address, George Loden;
roll call by heads of families; Pray-
er, Ben Loden; song by all, leader,
Mrs. Armer Fitch; Sermonette,
Rev. Frank Bazar; song, J. L.
Bazar family; discussion of gift
for host and hostess, Mrs. Billie
Luckie.

Mr. Reed of the Reed Studio of
Hico took pictures in the after-
noon.

The lunch was spread outside
on large tables beneath the trees.
George Loden served his famous
barbecue, and the Loden Round-
Up cake was furnished by Mrs.
Jack Davis and Mrs. Frank Lise-
mbey of Lubbock. Foods of all kinds
appeared as if by magic. Needless
to say, it was enjoyed by all.

The happy occasion closed all
too soon, for the time never seems
long enough when we are together.
After supper Sunday the company

went their several ways, hoping
to be back next year.

Those who were present were:
Mr. and Mrs. Frank G. Lisebmy,

Uncle Sam made the bonds you own
an even better bargain!

Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually when held to maturity.

The Bond you got for \$18.75 can now pay you \$33.67 . . . a \$37.50 Bond will be worth \$67.34 . . . and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as \$1.25 a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 . . . in 9 years and 8 months, you'll have \$2,850.70 . . . and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

If you want to be paid your interest as current income—invest in 3% Series H

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased through any bank, annual limit \$20,000.

Now even better! Invest more in Savings Bonds!

Week-end visitors with Mrs. Albert McAnally and Mrs. Bettie Worrell were Mr. and Mrs. J. W. Hutchins, Joe and Jimmie, of Victoria; Mrs. Bonnie Battershell, Carolyn and Annette, of Fort Worth; Mrs. Ada Brown, Mrs. L. L. Houston and LaRue of Meridian, and little Janie Houston of Baytown. Mrs. McAnally accompanied LaRue to Stephenville, where the latter enrolled as a student in Tarleton State College.

Mr. and Mrs. Joe D. Betts and little daughter, Donna Jean, who have been visiting relatives at Fairy came in the office the first of the week to have the address on their paper changed. They were returning to Searcy, Ark. this week where Joe expects to get his degree from Harding College. After that they plan to visit Mrs. Betts' parents at Reedley, Calif., while he is awaiting action and orders on his application for service as a missionary to Japan.

Boy Reared in Hico Loses Life Sunday by Drowning at Abilene

Jack Wren, 39, who moved from Hico six years ago to become a patient at Abilene State Hospital, drowned Sunday in Lytle Lake at Abilene. His body was discovered about 10:30 a. m. Sunday morning, after he had been missing from the hospital since Thursday.

Funeral services were scheduled for Tuesday at the graveside in an Abilene cemetery. Justice of the Peace W. T. St. John returned a verdict of accidental death by drowning.

Jack was the son of the late T. W. Wren of Hico and Mrs. Wren, now living in California, and he had spent most of his life here.

Authorities called to the scene discovered his clothing, with personal possessions still in the pockets, piled on the lake shore. Tracks were leading into the water. The body was floating about 20 feet offshore. The body was recovered from the lake by Pinto Allen and Charles Karnes, both of the Kiker-Warren Funeral Home.

Carl Roberson, evening superintendent at the hospital, said Wren was a "good patient" and had outside privileges. However, the police had been notified when he was missed, Roberson said.

County Achievement Day Exhibit Planned by South Hico H. D. Club

South Hico Home Demonstration Club met Tuesday with Mrs. N. H. Connally.

Departing from usual procedure, a game led by Mrs. L. J. Simpson was used as the opening service.

Mrs. Lenard Weaver acted as secretary in Mrs. King's absence. Mrs. J. B. Carmean reminded members of the invitation to Fairy Club next Tuesday, Sept. 22, at 2:00 o'clock at the Church of Christ, where a program on "Defense Work" will be held.

Plans were made for the club exhibit at the Achievement Day Program that will be held in Hamilton Commerce. This year's work was sponsored by Hamilton Chamber of Commerce, which includes breads. One of the exhibits will display "Quick Breads." There will also be an exhibit of "Handicrafts."

The hostess, Mrs. Connally, served watermelon to Mrs. Fay Simons, Mrs. Lenard Weaver, Mrs. Woody Garner, Mrs. Jim Carmean, Mrs. Byron Hawthorne and Mrs. L. V. Knight, Mrs. Connally's mother, also Mrs. Garner's two small girls.

MRS. JAMES H. WELLS
Miss Dorothy Lambert Is Married to Texas Tech Student

In an informal double ring ceremony Saturday night, Miss Dorothy Lambert and James H. Wells exchanged vows in the sanctuary of the Central Baptist Church, Lubbock.

The candlelight service was read by the Rev. Jack A. Welch before an altar lighted by white tapers in candelabra, flanked by baskets of white gladioli and palm.

Parents of the couple are Mr. and Mrs. Elbert N. Lambert, Route 4, Lubbock, formerly of Hico, and Mr. and Mrs. Howard C. Wells of Sherman. The bride is the granddaughter of N. A. Lambert of Hico.

Miss Betty Welch, organist, offered a wedding prelude and the traditional wedding marches and accompanied Miss Sopha Bush, cousin of the bride, as she sang. Attending the bride as maid of honor was Miss Sammie Paschall. Candles were lighted by Miss Theodora Glass and Miss Reva Rasco. Flower girl was little Judy Welch.

Don Davis served the bridegroom as best man. Ushers were Burle Ray Northington and J. B. Price.

Precinct 1 Clubhouse was the scene of a reception following the ceremony. Presiding at the table were Mrs. C. H. Lambert of Arlington and Mrs. Curtis Heald.

The couple will be at home in Lubbock, where he will teach at Texas Technological College while working for his master's degree. The bride is a graduate of Lubbock High School. The bridegroom was graduated from Texas Tech.

Mr. and Mrs. Lukin Make Home in Austin After Colorado Trip

In a ceremony at Kessler Park Methodist Church at Dallas, Miss Allie Dee Leath was married to Edward Keith Lukin on September 6, at 8:00 p. m. The reception was held immediately following in the church. Rev. Wesley V. Hite read the wedding rites.

Parents of the couple are Mr. and Mrs. Fred Watson Leath and Mr. and Mrs. Abraham Joseph Lukin, all of Dallas.

Nuptial music was rendered by Miss Glenn Russell.

The bride, given in marriage by her father, wore a floor-length gown of Chantilly rose point lace over imported peau de sole. Her bouffant skirt was of nylon tulle. Pearled orange blossoms bordered her tulle hat which held a fingertip length veil. She carried a white orchid on a white prayer book.

Mrs. Robert E. Post Jr., twin sister of the bride, of Pensacola, Fla., and Robert S. Lukin, brother of the bridegroom, attended the couple. Ensign Robert E. Post Jr. seated the guests and lighted the candles.

Assisting in the house party at the reception were Mrs. Albert Coleman Krupnick, Oak Ridge, Tenn., sister of the groom; Miss Peggy Sue Speed, Kaufman; Mrs. Alan Leslie Berger, Dallas, and Miss Loelle Segrest, Dallas.

The bride attended Arlington State College and was graduated from the University of Texas. Mr. Lukin also received his degree from the University of Texas and will do graduate work there. He was a member of Sigma Iota Epsilon and Beta Gamma Sigma.

The couple is at home in Austin following a wedding trip to Colorado.

The bride is the granddaughter of Mrs. J. J. Leath and Mr. and Mrs. C. B. Segrest of Hico.

Miss Minnie Lee Brazzil of Hico attended the wedding.

W.S.C.S. President Is Honored with Lifetime Membership

A lifetime membership certificate and pin were presented to Mrs. Odie Petsick in recognition of outstanding service to the Women's Society of Christian Service of the First Methodist Church by the group at a meeting at the home of Mrs. Lusk Randsale Tuesday afternoon of last week. Mrs. Petsick is president of the local group and district secretary of missionary education. The presentation was made by Mrs. Randsale and Mrs. D. R. McCauley.

A Biblical dramatization was given by Mrs. John Rusk, Mrs. John Haines, Mrs. Annie Waggoner, and Mrs. Wade Greenslit. Also on the program were Mrs. Hord Randsale and Mrs. J. H. Baldrige.

Others present were Mrs. Morse Ross, Mrs. Fred Jones, Mrs. George Stringer, and Miss Eva Patterson. Mrs. Baldrige and Mrs. Lusk Randsale were co-hostesses.

Scanning the NEWS

THE expense of the Korean war in the lives of American youths was fully realized with the Defense Department's report that the conflict cost the U. S. a toll of 142,277 casualties, including 25,604 dead.

The preliminary total, which will be revised from time to time, makes the three-year Korean conflict the fourth most costly war in the history of the United States as far as casualties are concerned.

The total compares with 364,800 American battle casualties in World War I and 1,143,694 in World War II.

Communist casualties are estimated to have been between 1,500,000 and 2,000,000 with about half of these suffered by the Red Chinese.

Senator Joseph McCarthy of Wisconsin has injected the issue of newspaper postage rates into his running fight with the Washington Post.

The Post criticized McCarthy recently for what the newspaper called the intensive interrogation of editor James A. Wechsler of the New York Post concerning an editorial in that paper critical to Senator McCarthy.

McCarthy has denied the charge. Then in his latest blast McCarthy said: "This subject becomes of more than academic interest when it is remembered that the Postal Department requested \$240,000,000 for the current year to make up the difference between what was paid by newspapers, magazines, etc., for postage and the actual cost of handling such publications by the Post Office."

"I am sure you will agree that the Congress . . . and the taxpayers . . . would be strongly opposed to having his money used to disseminate falsehoods."

Replied Philip L. Graham, publisher of the Washington Post: "We do not agree with Senator McCarthy that newspapers should be compliant to a senator's demands just because the Congress has voted mail rates that may provide subsidy to newspapers. We have consistently stated in our editorials that newspapers should be charged the full cost of mail service . . . Senator McCarthy has given no evidence that he is qualified to become chief censor of what news may be sent in the mail."

Reports from many sections of the country indicates that the 1954 congressional campaign is already underway. Members of the House and Senate are home again fence-mending and feeling for the public pulse.

Even at this early date, it is reported that the campaign next year will be the hardest fought in many years. The Republicans are driving for control of the House and Senate in the final two years of President Eisenhower's term. They won control of both houses by the narrowest of margins in 1952.

Victory in 1954 is also vital to the Democrats. They see it as a stepping stone to 1956, when they hope to put a Democrat back in the White House.

There is going to be a lot of campaigning between now and January.

A Message To You From-----
SHANNON SUPPLY COMPANY

Did you know that you could save up to 17% on your butane or propane by using a Mix-O-Gas System?

You sure can and there is a reason for this kind of a saving—its all in the tank:

In an ordinary tank you have no agitation of the fuels and therefore they have a tendency to settle—the heavy ends set-burn off the lighter ends when you start using it.

With Mix-O-Gas you get constant agitation inside the tank—automatically—everytime you turn on a gas jet and it agitates it from the bottom up and keeps all of the fuel mixed properly all of the time. You burn an even mixture at your appliance and have a much more constant type of flame all of the time. No extra adjusting of your stoves.

It's guaranteed for 10 years.
It's safer.
IT SAVES YOU MONEY:

Come in and let us show you how this wonderful Mix-O-Gas System works and how much it will do for you.

Saving the Taxpayer's Dollars

The first definite step towards putting the Texas Department of Agriculture on a self-supporting basis became effective this month. Through a process of collecting fees for service rendered, the department is financing many of its operations which formerly had to depend upon allotments from the state general revenue fund.

Foremost of these fees are those collected for the inspection of nurseries, and warehouses and the nominal charges made for the examination of seeds offered for sale. The nursery and warehouse fee programs have been in operation for several years but the seed testing charge is new.

At the beginning of this fiscal year, Sept. 1, a bill passed by the Legislature allowed the department to keep most of this service money for its own operating expense. In previous years, most of it was turned over to the general revenue fund and departmental money had to come from tax grants. Under the new program, people actually benefited by agricultural programs will bear most of the expense instead of the average taxpayer.

Such a system allowed the Commissioner of Agriculture this year to request a minimum of money from general revenue. This action breaks with the usual custom of state offices requesting a surplus of funds in hopes of obtaining an adequate amount after legislative cutbacks. Although the request for the next two years was only a few hundred dollars lower than formerly, it means the Department

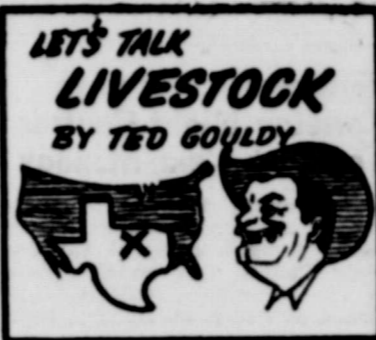

and expressing concern. They feel that no real inroads have been made into the big numbers of cattle and that on the basis of present slaughter figures, the cattle population is still rising.

State PMA Boss Claude McCan gave a fair indication of the change of climate in PMA and the Department of Agriculture generally with his statement last week on the drought disaster program. He said: "This is a disaster program, not one aimed at giving people some cheap feed." McCan says what he thinks everytime, as many of the members of the livestock industry know from past experiences. Such frank expressions are entirely new to government programs.

At Fort Worth Monday, good and choice fed cattle were scarce, selling from \$18 to \$21.50, with plain and medium grassers largely from \$10 to \$15.50, and some dairy breeds and canners and cutters \$9 to \$11.50, and some high yielding brahmas and Western cutters at the higher figure. Bulls drew \$5 to \$12.

Good and choice fat calves \$13 to \$17, few heavies \$17.50. Plain and medium butchers \$10 to \$13, culls \$7 to \$10. Stocker steers calves mostly \$10 to \$16.50, yearlings \$10 to \$15.50. Replacement cows \$8 to \$12.

Noxious weed seed is examined for \$1 per sample. These tests are required by law before offering the seed for sale in Texas.

Curly Fox, Texas Ruby Prison Rodeo Guest Stars Opening Sunday

Huntsville, Sept. 14 - Top billing as featured guest entertainers at the opening day activities of the 22nd Annual Prison Rodeo Sunday, October 4th, goes to Curly Fox and Miss Texas Ruby, outstanding Western musicians from Houston.

Curly, Miss Ruby, and their band of musicians and entertainers are heard regularly on Houston Radio Station KPRC and are seen weekly on KPRC-TV. Curly plays the fiddle and has won the title of "World's Champion Old-time Fiddler," while Texas Ruby is especially noted for the flexibility of her voice which enables her to sing in many audience pleasing styles. She is rated as one of the nation's top folk singers.

In addition to these two widely known musical stars there will be a host of other musicians—all in mate—providing accompaniment for all acts and events for all four of the rodeo's series of performances each October Sunday. All over the Texas Prison System musicians are building up their lips, polishing their horns, resining their bows and doing whatever else is necessary to put a musical instrument in playing order. Four different units of the system will furnish bands and a number of others have sent musicians to the main unit at Huntsville to augment existing musical groups.

A thirty-piece Military Band; a seven piece instrumental group from the women's unit, Goree Farm, plus string bands from the "Walls," Ramsey, and Eastham Farms will swell the total of musicians playing for the rodeo to nearly 60 pieces this year.

Plenty of specialty acts that include the names of the best performers to be found playing the summer rodeo circuits, a parachute jump by an inmate paratrooper, an inmate clown with his prison-trained dog along with the hard riding cowboys topping the wild-stock available in the prison system, give the show something to offer for everyone who attends.

A hundred thousand people saw the show on the four Sundays last year and vowed they had never seen anything like it. Make your plans now to attend; remember the dates, October 4th, 11th, 18th, and 25th.

Reserved seats can be ordered by mail or wire by addressing Prison Rodeo Ticket Office, Huntsville, Texas, indicating the date you plan to attend and enclosing check or money order for \$2.50 for each reservation, tax included.

Fort Worth, Sept. 15 - Cattle and calf prices broke sharply at all the season's largest offering, near-major market centers Monday as 150,000 cattle, arrived. Grassers, fat cows and stockers suffered the biggest declines.

The downward swing of prices followed the sharp rise of the previous week when virtual starvation runs of livestock brought about by the Labor Day holiday had lifted prices sharply in all categories.

Suspension of the drought disaster feed program in many counties last week helped crystallize the thinking of many cattle owners that it was time to put some cattle in the bank.

Many well informed people in the livestock and packing business are anxiously watching the percentages of slaughter of cows and heifers

Time changes everything. Long cursed and discussed as the scourge of the pork industry—lard is now a hero! Seems the hungry Germans under the Communist heel really love the lard the United States is giving them. USDA has asked bids on around 15 million more pounds. Late purchase at near 16 cents per pound highest in some time for lard. They do say the East Germans dare death or torture to get a couple of pounds of pure lard.

Hogs climbed 75 cents at Fort Worth Monday. Topped at \$26. Sows again selling at season's high of \$23 to \$24. (Lots of lard in those packing sows). Some sows up to 600 pounds sell to \$22.50 or better.

Sheep and lambs active and fully steady at Fort Worth Monday. Advances of last week were held in the strong trade. Fat lambs \$15 to \$18, lower grades \$8 to \$15. Stocker and feeder lambs cashed at \$10 to \$15. Slaughter yearlings sold from \$10 to \$13. Old wethers drew \$6 to \$7. Slaughter ewes sold from \$5 to \$6.

Many sheep and cattle men are anxiously awaiting development on wheat field pastures. Looks like lots of wheat will get up but grazing will depend on whether more rains come or not this month. There could be lots of stock feed in the wheat belt if moisture conditions improve.

4 Cases of Eggs Instead of 3!

... that's the average rate of increase reported on 1121 flocks that were switched to Nutrena Egg Feed.

"I switched to Nutrena last fall", reports Luke Otto of McLeod County, "and after 30 days was getting 30% more eggs. This year I'm putting my flock on Nutrena right from the start."

How would you like to get 4 cases of eggs in place of every 3 you are now getting? That's the average increase reported on 1121 of the flock owners who took Nutrena's "10% More Eggs" Guarantee

They simply switched to the feed containing special Livium for Layers - Nutrena Egg Feed. Thirty days later they were averaging 34% more eggs - 4 cases of eggs for every 3 they got before.

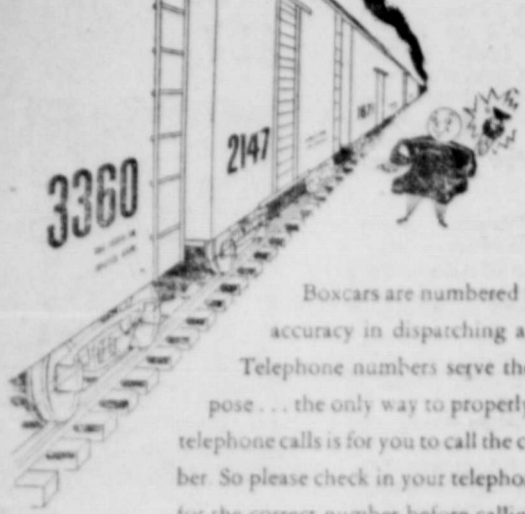

Now you can do the same as they did - switch from the feed you've been using to Nutrena Egg Feed. See what special Livium for Layers can do for your egg production.

*Livium is a trade-mark of Nutrena Mills, Inc.

Persons Interested in Tarleton Night Courses To Meet Next Monday

Stephenville, Sept. 14.—A meeting of all persons interested in taking a night course at Tarleton State College will be held here in the agriculture building auditorium at 7:30 p. m. Monday, Sept. 21.

Dean Paul Cunyus, who will be in charge of the meeting, states that final arrangements concerning courses will be made at that time and that those interested can pay fees, buy books, complete registration and set convenient meeting hours at that time.

All courses for which demand is sufficient will be offered. Generally, it is expected that there will be most interest in courses in business administration, mechanic arts, and industrial arts.

"These courses may be taken for college credit," Cunyus states. "A regular 3-hour college course would meet one and one-half hours two nights a week."

Fees for non-veterans are nominal, \$7.50 per course or less. Veterans who are eligible may have their fees paid under the Korean Veterans Bill or the Hazlewood Act (state law).

U. S. PARK VISITORS

A record total—41,516,664 persons—visited U. S. National parks and monuments in 1962, the Yearbook for 1963 of the American Peoples Encyclopedia reports. This was about twice as many visitors as were reported in 1941.

Boy Scout Leaders To Attend Conference At Camp Tahuaya

Boy leaders from Boy Scout Troops throughout the nine counties of the Heart of Texas Council will attend 150 strong the annual Junior Leaders' "Green Bar" Conference Friday and Saturday, September 18 and 19.

This year's conference to be held at Camp Tahuaya near Belton, will be highlighted Saturday afternoon when each Troop's staff of Junior Leaders compete for honors on the Big Adventure Trail, filled with the skills of Scouting. Billy Braden, age 13, of Waco is this year's Conference Chairman. Young Braden states that this year's conference will include boy-led discussion groups on the various leader positions in a Troop as well as how the Patrol Leader develops a good Scout Patrol program for its members. Friday evening the following discussion groups will be held: "Patrol Organization, Meetings and Program Planning," Billy Braden, Waco, leader; "Patrol Projects, Features and Fun," Clark Taylor, Jr., Waco, leader.

Friday night's campfire program will be directed by Junior Leaders of Troop 117, Belton. Saturday morning Scouts will visit and take part in a "Scout Fair" featuring six of the many self-reliance skills of Scouting—First Aid, use of compass, tracking and trailing, fire making, Morse code and lashings.

Ellis Hill Returns To Cafe Business In Stephenville

(Stephenville Empire-Tribune)

A familiar figure has returned to Stephenville after an absence of four years to re-engage in the business for which he was well known for some 25 years.

Ellis Hill, known in this area of Texas during the many years he operated the Onyx and other restaurants in Stephenville, has now opened Hill's Cafe at the corner of W. Washington and McIlhenny after the Roy Stafford property has been completely refurbished.

Workmen have put the finishing touches on the building and it has been popular with the public since its opening last week.

The brick, one-story building is furnished throughout with new equipment and fixtures and has a normal seating capacity of approximately 70 diners. With pastel green walls, the booths are charcoal and tan. Fixtures throughout the dining area follow the motif of the booths.

Hill, a native of Comanche County, has been operating two cafes in Levelland since leaving Stephenville. He plans to continue operation of both the Hill and the Ballard Cafes in the Texas Plains city, along with the new operation in Stephenville.

The new restaurant specializes in pit-cooked barbecue, Mexican foods and charcoal broiled steaks. Hill says he will feature the pit-cooked barbecue at his cafe. While the recipe and fixtures will not be exactly public knowledge, the long-time restaurateur says that the meats will be cooked in a smoke-pit for between 18 and 20 hours before they are ready to serve.

An additional feature of the new cafe will be the catering service which will be available by appointment to private parties, clubs, or any groups desiring such service.

The returning businessman plans to make Stephenville his permanent home and the base of his restaurant operations. He has a son, Charles (Chill) Hill, who with his family reside in Stephenville.

Long-time residents of this area will recall that Hill operated the Onyx Cafe at a site on the north side of the square now occupied by Beall Bros. store.

SINCERE APPRECIATION TO OUR CUSTOMERS AND FRIENDS

WE'RE OBSERVING OUR NINETEENTH BIRTHDAY, next Wednesday, since we established our service station business in Hico on September 23, 1934. We want to say "Thank You" to every one of our patrons—school tots and grown-ups—whose patronage has been so fine during all these nineteen years of continuous service.

AS WE CELEBRATE ANOTHER ANNIVERSARY

WE WANT TO REMIND YOU OF THE PROMISES WE MADE YOU WHEN WE STARTED OUR SERVICE STATION BUSINESS:

You may be assured that the Texaco Products, Gates Tires & Batteries, and other items we handle are the most satisfactory on today's market. We strive to give each car the best and most thorough job of LUBRICATION—and you can always depend on us to service your car right, at the same time dispensing courtesy and any assistance possible to motorists.

ON THE OCCASION OF OUR 19TH BIRTHDAY, WE SAY—

"THANK YOU -- AND COME BACK TO SEE US!"

You will find exactly the same type of friendly, courteous, prompt, efficient service that you have known in the past.
