

Industrial Development Possibility Presented at Lions Club Meeting

Possibility of industrial development for Hico and this area was presented at the regular weekly meeting of Hico Lions Club Wednesday at noon.

Following an excellent luncheon at Loudermilk Cafe, the business meeting was presided over by Vice-President M. I. Knudson in the absence of President Wayne Rutledge.

Weldon Pierce gave a report on recent development in his committee's contacts with manufacturers interested in locating a garment factory in Hico. During the past few days he has interviewed a Dallas manufacturer who proposes to move his business to Hico, employ 120 people, and create an annual payroll of \$200,000.

Housing for this industry would require erection of an adequate building, air-conditioned and modern in every respect, Pierce said. He added that the present prospect was not seeking something for nothing, and was willing to pay for facilities required.

These facilities, including water, power, proper policing and other requirements, are considered to exist here, Pierce declared the opportunity merited full cooperation from the Lions Club and other civic organizations, as well as the individual business men and citizens in general.

The club voted to reimburse Pierce for the actual expense he has been out in investigating and promoting this enterprise.

A documented film, "Enterprise," portraying interestingly and impressively the experience of a town in Georgia in inducing a similar enterprise to locate there, and the success achieved, was shown at the close of the meeting. The same film will be shown again Friday night at the Hico Theatre, between two features. The public is urged to see it.

Pierce also reported that a large carnival outfit had been booked for Hico's Annual Reunion, dates for which have been set for August 5, 6, 7 and 8. By vote the club went on record as favoring a change in time for the Reunion parade from the morning to 6 p. m. on opening day.

Chairman Knudson advised that there were four booths still available at the livestock and exhibit building during the Reunion, and urged members to assist in seeing that they were engaged immediately.

Three guests attended the meeting, McFarland Burnett of Waco, Earl W. Heath of Cleburne and Bill Speed of Fort Worth.

Vacation Bible School At Methodist Church To Begin Monday

Vacation Bible School begins next Monday, June 21, at First Methodist Church in Hico. The school will be held only five days this year, continuing through June 25, and lasts each day from 8:30 a. m. until 11:00 a. m. All children, from kindergarten through intermediate departments are invited to attend, and children from other churches are also invited, according to Mrs. Ellis Randalls who is supervisor of the school.

Mrs. Randalls announced the following chairmen and their helpers in each department: kindergarten; Mrs. J. B. Carmean, Mrs. Ray Cheek, Mrs. E. V. Meador and Mrs. R. B. Goodloe; primary; Mrs. G. R. Lackey, Mrs. Porter Willis and Mrs. W. R. Hampton; juniors; Mrs. Alvin Casey, Mrs. L. C. Pettigrew, Mrs. T. A. Randalls, Mrs. J. D. Jones and Mrs. Bill Dumm; intermediate; Mrs. Bob Cox, Mrs. C. Cook and Bob Cox.

Refreshment committee is composed of Mrs. Fred Jones and Mrs. A. E. Denman. Mrs. D. R. McCauley is general secretary of the school, and Mrs. Wayne Rutledge will be musical accompanist.

Criminal trials for four officials of defunct insurance companies have been postponed until October. The four indicted men appeared before District Judge Charles O. Epps, asked and won continuance of their trials until the Fall term of court.

They are Paul and Leslie Lowry, D. H. O'Fiel—all of Beaumont—and Spencer S. Treharne of El Paso.

Now defunct is the Texas Mutual Insurance Company of Beaumont, formerly operated by the Lowry brothers. O'Fiel is a Beaumont attorney, Treharne was operator of the inactive insurance firm of United Lloyd's.

Twenty-eight persons were subpoenaed to testify in the trials, including State Senator William T. Moore of Bryan, chairman of the senate insurance committee, who was an attorney for the Lowry's Texas Mutual Company.

Scotfield Declared Innocent. A federal jury has found Frank Scotfield innocent of charges that he violated the Hatch Act.

He was charged with soliciting and accepting funds for political purposes while serving as Collector of Internal Revenue.

During Scotfield's trial, 10 government witnesses testified that they had no knowledge that Scotfield had ever sold or received money from the sale of tickets to the 1950 Jefferson-Jackson Day dinner held in Austin.

Federal employees, under the Corrupt Practices Act are prohibited from participating in any political activity.

TEXAS PRESS CONVENTION SPEAKERS—Two men of national prominence and one of the nation's most outstanding women in press circles and public life will address more than 400 daily and weekly newspaper publishers in Fort Worth on June 18-19. The occasion will be the Diamond Anniversary meeting of the Texas Press Association. One of the speakers is Louie P. Thrommorton, pictured on the left above. He is vice president and director of public relations for the Republic National Life Insurance Company of Dallas. He will give a humorous talk titled "Novus Ordo Seclorum." Mrs. Oveta Culp Hobby (center) secretary of the Department of Health, Education and Welfare, Washington, D. C., is another TPA speaker. She is the wife of former Governor W. P. Hobby, publisher of the Houston Annual TPA Convention on "Women in Public Life." Rhea Dee (right) will also address the newspapermen. He is vice president of Safeway Stores, Inc., Oakland, California. Doe has spoken before national and international audiences of service clubs and business groups. His talk is titled "Three Little Adamas and How They Grow."

Field Representative For Social Security Gives Notice of Visit

Many of those who are self-employed now have Old-Age and Survivors protection under Social Security for themselves and their families. A free booklet explaining this is available at the Waco office of the Social Security Administration, according to Joe H. Clepp, Field Representative.

Write for yours today, or see a representative of that office who will be in Meridian at the County Treasurer's Office between the hours of 1:00 p. m. and 3:00 p. m. on Tuesday, June 22.

New Encyclopedia Shows Texas Income At An All-Time High

Texans enjoyed the greatest dollar income in the state's history last year a report prepared for publication in the American Peoples Encyclopedia's 1954 Yearbook will disclose. Total income was estimated at \$12,442,000,000—about 20 per cent which was derived from crude oil production.

At the same time, individual farmers and ranchers in certain parts of the state were hard hit by the third successive year of drought, it will be reported. The entire western three-fifths of the state was designated as a disaster area. State and federal aid was concentrated on relief programs designed primarily to preserve foundation breeding herds of cattle, sheep and goats.

The American Peoples Yearbook will report that income from cattle sales in 1953 tumbled to \$326,658,000 from the boom high of 1951, when sales ran to about a half billion dollars. On the other hand, farm income, exclusive of livestock, was down only about 3 per cent to \$1,253,000,000.

An interesting aspect of the crop-drought situation reported in the yearbook was the fact that rains coming to the drought-seared blacklands resulted in the highest per-acre yields of cotton in the history of Texas. Total income from cotton last year was placed at \$682,181,000.

Tornadoes combined with the drought to make weather the greatest single news-making force in the state last year. May 11 has been termed the worst tornado day in the history of the Lone Star state. It was on that day last year that the twisters hit San Angelo and Waco causing an estimated 55 million dollars damage, taking 124 lives and injuring nearly 700 other persons.

New Health Officer To Be Introduced on Humble TV Program

How the health laws of Texas are administered by the State Health Department will be shown next week on Humble Oil & Refining Company's TV program, Texas in Review. As a part of the feature, Dr. Henry A. Holle, new State Health Officer, will be introduced to Texans.

Cameramen for the program also visited a "Truck Rodeo" held at Abilene's Municipal Airport. In this "rodeo" drivers display their skills at putting their big trucks and trailers in small places.

Another feature on the program will be pictures taken at the opening of the State Fair Musicals in Dallas.

Monday, June 21 Texas in Review can be seen over KRLD-TV, Dallas, 9:00 p. m.; WBAP-TV, Fort Worth, 8:00 p. m.; and other Texas stations.

Tuesday, June 22, the program will be carried by station KCFN-TV, Temple, 7:00 p. m.

CONTRACT SIGNED, DATES ANNOUNCED FOR 68TH REUNION

Bill Hames Shows, Inc. from Fort Worth will provide amusement attractions for Hico's 68th Annual Reunion this year, in line with a contract signed this week with the local Reunion Committee and W. H. Hames, president.

Weldon Pierce, engaged again as manager by the committee consisting of H. W. Sherrard, J. R. Woodard and Ernest Jacobs, described the carnival as "one of the best in the business." The Hames organization has a large array of rides, shows and concessions, and promises to give this section a great number of innovations in the amusement line. This will be their first year to come to the Hico Reunion, thus assuring visitors of a complete variety of amusements.

This show has played at the Pat Stock Show in Fort Worth. Pierce said, "and they generally do not come to smaller towns. We were fortunate that they had this open date."

Dates for this year's celebration have been set from August 4 through August 8, as the show is customarily held the first week in August. Discussion has been heard on further plans for this year's event, which include changing the time for the parade from morning until 8:00 p. m.

Little League and Pony League Journey To Clifton Tonight

Hico's Little League teams both took a licking last Friday night in their first official game of the season, but entertained fans who turned out to lend their moral support. The local boys played in their new uniforms.

They will have a chance to even the score with Clifton tonight (Friday) when they play another double header in that city beginning at 7:00 p. m. Both the Little League (ages 9 to 12) and the Pony League (ages 13 to 14) will play Clifton's teams in those brackets.

In the Pony League game, Fred Red Harris's boys scored eight runs, compared to Clifton's 15 runs. The Clifton team is managed by Aubrey Roberts.

Norman Thompson, manager of the Hamilton Little League, saw his boys make 16 points, against Hico's one score made by Jerry Jones. Sherman Roberson coaches these boys.

The public is invited to journey with the boys to Clifton tonight, Roberson says, and no admission will be charged to the out-of-town game.

B. J. Jernigan Is Chosen to Head Hico Masonic Lodge

Bernell Jernigan was elected worshipful master of the Hico Lodge No. 477, Ancient Free and Accepted Masons, at a regular meeting last Thursday night at Masonic Hall. He succeeds Ellis Randalls in this office.

Other officers are as follows: Fred Red Harris, senior warden; Truman E. Roberts, secretary; Ellis Randalls, treasurer, and D. F. Couch, tiler.

The new officers will take over their duties June 22.

Initiation service was also held for Dr. H. V. Hodges. Dr. W. F. Hafer was an initiate at the previous meeting.

State Health Officer Tells Do's and Don'ts For Snakebite Remedy

Austin, June 15.—A warning about the dangers of snake bite has just been issued by Dr. Henry A. Holle, State Health Officer. A number of cases of snake bite are reported each year in Texas during the summer and early fall; however, few of these result fatally.

Most of the bites occur on the hands or feet, which indicates that stepping or falling in the immediate vicinity of an unseen snake or picking up objects under similar conditions are the hazards of contracting snake bite. The pain following the injection of the poisoning is most intense. Other symptoms are swelling, giddiness, difficult breathing, hemorrhage, weak pulse, and vomiting.

If one is unfortunate enough to be bitten by a poisonous snake, such as the rattlesnake, the following first aid measures should be carried out.

After making proper incisions at the site of the wound, apply suction and continue for at least half an hour.

Apply a tourniquet above the site of the wound, releasing same every ten or fifteen minutes for about 5 seconds at a time.

If the proper antivenom serum is available, apply it according to directions, but most important of all is to remove as much of the poison as is possible so as to prevent its absorption.

Secure the services of a physician at the earliest possible moment.

If one is bitten by a poisonous snake DO NOT run or get overheated and DO NOT take any alcoholic stimulants because circulation increased by alcohol or exercise serves to distribute the poison more rapidly through the body.

DON'T injure the tissues by injecting permanganate of potash, which is known to be of no value as an antidote.

DON'T depend upon home remedy or so-called snake bite cures, for they are of no value.

BOY SCOUTS PLAN TO LEAVE SUNDAY FOR CAMP

There's room for more in '54', says a bulletin describing activities at Camp Tahuaya. Boy Scout camp near Belton for members in the Heart of Texas Council. And this year, the local troop 99 will be represented at the camp. The boys, with Scoutmaster Weldon Pierce, plan to leave Sunday at 10:00 a. m. to remain until the following Saturday.

All boys must have a physical examination by departure time, and then they are given a re-check by another doctor upon arrival at Camp Tahuaya. Forms are available from the local Scoutmaster or at Hico City Hospital.

The troop planned a meeting for Thursday night of this week to determine which boys desired to go.

GOLF TOURNAMENT TO PROVIDE THIS AREA'S JULY 4TH CELEBRATION

LOCAL BOY GOING TO ENGLAND WITH SAC

A 2c Virgil C. Gray, who has been stationed with the Strategic Air Command in United States Air Force at Lake Charles AFB, Louisiana, is leaving for England for approximately 60 days, according to a letter to the News Review. Virgil has been promoted from Airman 2c to Airman 2e, his return address revealed.

"Am doing fine, although staying busy," he writes. "Really enjoying the nice summer weather. Give my regards to everyone."

THREE MORE REGISTRANTS REPORT FOR INDUCTION

Mrs. Lillian H. Roach, clerk of Texas Local Board No. 23 at Gatesville, has advised the News Review that the following registrants were ordered for induction to report on June 15, 1954:

Clarence Truett Hampton (Volunteer), Brownwood  
John Maurice Walker, San Saba  
Carl Frederick McCutcheon, Pharr

Rev. D. R. McCauley Returns as Pastor of Methodist Church

Rev. and Mrs. D. R. McCauley returned to Hico Sunday night after receiving their pastoral appointment for the second year at a meeting of Central Texas Methodist Church in Fort Worth Sunday, June 14. Rev. McCauley first became pastor of the local church when he transferred during the middle of a church year from Waco, and following his appointment last June, the church has seen a period of extensive activity.

The pastor and his wife have worked with members of the congregation to make a fine district record, as well as carrying through with a building plan and formal opening of a modernized church sanctuary and education building.

Mrs. McCauley has been helpful in working with women's organizations in the church and has patiently trained the church choir at their weekly meetings.

Appointments were announced Sunday by Bishop William C. Martin. Other nearby churches and their pastors are as follows: Carlton-Lamkin, J. B. Cole; Iredell, C. E. Wade; Clairette Circuit, James Miller; Hamilton Circuit, Wesley Jones.

Other activities at the meeting included appointment Wednesday of Marvin Marshall as associate lay leader of the Gatesville District. Dr. J. T. Archer of Meridian was named lay leader. Also attending the conference was Jewel C. Ramage from the Hico church.

Districts Set Up for Amateur Ball Teams' Cup Race Competition

Amateur baseball teams of all Central Texas have been invited to enter the 1954 News Tribune Central Texas Cup Race, Dave Campbell, Cup Race Director, has announced. Leon Lewis and B. J. Stacey, Hico manager, have been notified by News Tribune offices.

The Cup Race will embrace 20 counties, divided into four districts. Champions for the various districts will be decided in contests from now until July 15, and then the district champions will meet in a Shaughnessy play-off in Waco's Katy Park for the Cup Race crown.

There is no entry fee. Teams desiring to play should signify their intentions with the Cup Race director now, and then schedule games in their own districts. Results of the contests should be mailed in immediately after the game.

Each district champion will be presented a championship trophy, and winner of the Waco play-off will receive the Cup Race trophy. Each player of the championship team will receive gold baseballs. The 20-county area has been divided in this manner: District 1—Waco and McLennan County; District 2—Hill, Navarro, Johnson, Ellis, Hood and Somervell counties; District 3—Erath, Bosque, Mills, Hamilton, Coryell and Comanche counties; District 4—Lampasas, Bell, Milam, Falls, Limestone, Robertson and Brazos counties.

Players, Spectators Welcomed to Hico's Sand Green Matches

Prizes valued at more than \$900 are now on display at Community Public Service Company in preparation for the ninth annual Texas Sand Green Championship Golf Tournament to be staged at Bluebonnet Country Club, Saturday, Sunday and Monday, July 3, 4 and 5. Odis Petsick, president of the club, expects that this year's matched play will attract enough golfers to play at least five full flights. Last year there were 89 entries.

The usual barbecue dinner will be served to players and their families at the clubhouse Saturday night, and entertainment will begin with this event. The customary Calcutta Pool has been omitted from the program. Qualifying rounds will be played Saturday, and visitors who so desire may transfer their qualifying scores from their home courses. Entry fee is \$6.00, which is said to be less than usually charged at tournaments in other towns. The local course is an exceptional sand green course, and carries a 72 par.

"More interest has been expressed than usual," said the club secretary Ellis Randalls, "and we have had a number of letters from out-of-town players. Among those expected are around 20 golfers from Corsicana, including Gilbert Stubbs, Clayton Stubbs and J. E. Terry. Lee Wise of Denton, and Doc Brinkley of Fort Worth are other outstanding players who have indicated an intention to return this year."

Ray Cheek is defending champion of this ninth annual tournament. Clyde (Sandy) Ogle will serve as tournament chairman. He has appointed the following committee chairmen to make arrangements:

Concessions, R. B. Goodloe; water, Ray Cheek; traps, fairways and roughs, G. M. Bullard; greens, Willard Leach; barbecue, P. W. Hamilton; raffle, E. V. Meador; starter, A. A. Brown; tee boxes, Morse Ross, Earl Booth and M. I. Knudson;

Also rules committee, G. M. Bullard; Ray Cheek; Morse Ross and Ellis Randalls; law and order, Odis Petsick and Sandy Ogle; publicity, E. V. Meador and Ellis Randalls; membership tickets, E. V. Meador; registrar and entry fee, T. E. Roberts;

Also pairing, Ellis Randalls and T. E. Roberts; housing, Paul Neel; tents, Paul Neel and Charlie and Connie Meador; prizes, Morse Ross and Ellis Randalls.

The Ladies Auxiliary will again be in charge of concession stands for selling sandwiches, cold drinks and golfing equipment, the secretary stated.

Bosque Valley Reporter Says Gorman's First Win May Start New Trend

Gorman reversed tactics Sunday, in the only game played in the Bosque Valley League, by defeating Alexander, 12 to 1. These Gorman boys made only one error in the entire nine innings. It is the opinion of this writer that these boys will win a lot of games from here out.

Next Sunday is the beginning of the second half of the season and will find Gorman at Dublin, Alexander at Hico, Iredell at Glen Rose.

Go see these games.

**NOLAND-GARDNER VOWS**

Miss Neida Noland and Sherman Gardner were united in marriage at the Agee Baptist Church Saturday, June 12 at 8:00 p. m. Rev. Dan Johnston was the officiating minister in the simple, but impressive double ring ceremony.

The altar was beautifully decorated with pedastal white baskets of white gladioli and fern, with other decorations of potted white mums and greenery.

The bride, given in marriage by her father, was neatly attired in a 2-piece white nylon linen suit with a close fitting dutch bonnet style hat with tiny flower trim. She wore white pumps, with all other accessories in white, and wore a corsage of white carnations with white satin ribbon streamers and carried a white Bible topped with white carnations and satin ribbon streamers. She carried out the old tradition, something new, old, borrowed, and blue and a penny in her shoe. Her costume was new, her pearls were old and she borrowed her white Bible from a friend and wore a blue garter. The brides' sister, Miss Louise Noland of Fort Worth was maid of honor. She wore an ice blue two piece suit with white headress and accessories and white carnation corsage.

Mr. W. C. Gardner Jr. of Hamilton served his brother as best man. Ushers were J. D. (Buck) Noland, brother of the bride and Bobby Gardner, brother of the groom. The wedding music was rendered by Mrs. Jack Thompson (the former Miss Carolyn Rigby) of Hamilton, who also accompanied Miss Martha Hanes of Fairy as she sang "Because" and "I Love You Truly".

Immediately following the wedding ceremony the guests passed through an entrance hall to the dining hall of the church where Mrs. Dan Johnston had charge of the guest book in the entrance hall. Guests then passed to the dining hall where a reception was held honoring the couple and their many friends.

The happy couple cut the beautiful wedding cake, a square shape three-tier white cake with a miniature bride and groom center decoration and silver bead trim, which was baked by Mrs. C. M. Broyles. Delicious iced punch and cake was served from a lace cloth covered table to the wedding party and guests.

The bride is the youngest daughter of Mr. and Mrs. Marvin Noland of near Fairy. She is a graduate of Fairy High School. She is employed as assistant chief operator for the Gulf States Telephone Company at Hamilton and plans to continue her position at present. Sherman is the son of Mr. and Mrs. W. C. Gardner Sr. of Hamilton. He served about eight years in the navy, receiving his discharge last July and has been employed since that time in Van Nuys, Calif. After a wedding tour to Galveston and other coastal points they will be at home in Hamilton. Our hearty congratulations are extended to them.

A pall of sadness fell over this and surrounding communities early today (Monday) as word was circulated that Mrs. Willis Oglesby of Hamilton had passed away about 3:45 a. m. Mrs. Oglesby, who was the former Miss Verla Penny of Fairy, had been ill only about three weeks with a heart ailment, which doctors later diagnosed as leakage of the heart. Funeral services are slated to be held Tuesday at 2:00 p. m. at the Riley Funeral Chapel in Hamilton with burial in the IOOF Cemetery at Hamilton. A more complete account will be given next week. Our deepest sympathy is extended to her loved ones.

An auction sale was held last Saturday afternoon at 2:30 to sell the elementary school building (formerly the Agee School building). Miss Fay Russell of the Falls Creek community was the highest bidder. She plans to have the building moved to her farm where she resides.

Mr. and Mrs. Carl Ray Sellers, Carolyn and Jimmie Don visited a while Sunday afternoon and night in the home of her sister, Mr. and Mrs. D. E. Allison and Darrell of Dublin.

High winds still prevail, with threatening weather at this writing (early Tuesday). Most of the grain crops have been harvested and farmers have been very busy plowing out row crops and breaking stubble.

It seems from reports that insects are quiet numerous especially in gardens as some report their gardens having been almost destroyed by them. They are also numerous in flower gardens.

Mrs. Ray Botkins and her aunt and sister-in-law, Misses Ann Farris and Clovis Botkin of Flat visited during the week end with Mrs. Botkin's parents and family, Mr. and Mrs. Willie Turner. Miss Farris is a sister of Mrs. Turner and visited Saturday in Turnersville with another sister. They returned home Monday.

Mrs. D. E. Allison and son, Darrell of Dublin came by Wednesday of last week on their return home from Hamilton where Darrell had received a physical checkup for an ear infection. They had lunch with the writer (her mother) and also visited a short while with her husband's parents, Mr. and Mrs. Edd Allison.

Mr. and Mrs. Milford Miller and Ronald of Fort Worth visited here over the week end with their parents, Mr. and Mrs. A. J. Miller and Mrs. M. E. Parks and Audie.

Mrs. Albert Mason had the misfortune of breaking one of the small bones in her wrist Friday of last week when she accidentally fell as she stepped over the tongue of their trailer, hitched onto the car. She had gone to the field to take some drinking water to Mr.

Mason and his hired hand. She was carried to the Hico Hospital for treatment and remained until Saturday. The injury has been quite painful. Visitors in the Mason home Sunday were Mr. and Mrs. J. C. Massengale, Mr. and Mrs. B. J. Parks and Mrs. Gladys Cox. We hope she will soon be fully recovered.

The writer and Mrs. Frank Driver were in Hamilton Monday to be with the Willis Oglesby family and her mother, Mrs. Minnie McCarty in their bereavement.

Mr. and Mrs. Carl Ray Sellers and children were in Waco Tuesday where Jimmie Don received a physical checkup.

Mr. and Mrs. Edd Reed of near Stephenville visited Sunday in the home of her sister, Mr. and Mrs. Frank Driver. Mrs. Reed is the former Miss Larue Webber of near Fairy.

The writer attended singing at Board Church near Comanche Sunday afternoon, accompanying the A. H. Sumerfords from Hamilton. On our return to Hamilton we visited a while in the Willis Oglesby home.

Marvin Noland had the misfortune of losing a good cow last week when she got through a fence into some green Johnson grass.

Mr. and Mrs. Burl Lewis of Fort Worth spent the week end here with his sisters and aunt, Misses Barbara and Jackie Lewis and Ruby Jameson.

**NOTE OF APPRECIATION**

We wish to thank each and everyone, who attended our Golden Wedding Anniversary open house, for their lovely gifts. We are also grateful to those who entertained for us and made this occasion a pleasure.

Mr. and Mrs. Junior Burgan of Grand Prairie spent Monday visiting in the home of her parents, Mr. and Mrs. Earl Shaffer.

Mr. and Mrs. E. E. Giesecke and Mrs. F. M. Holland spent part of the past week in Hobbs, New Mexico visiting in the home of their daughter and granddaughter, Mr. and Mrs. Lee King and family. Nita Lee returned home with them for a visit.

Bro. Clovie Allen of Abilene preached at the Church of Christ Sunday and was a dinner guest in the home of Mr. and Mrs. E. E. Giesecke.

Mr. and Mrs. Dewey May and children of Kerrville visited in the home of Mr. and Mrs. Pascal Brown and family Saturday night. Mr. and Mrs. Louis Reagan and family of Morgan Mill spent Sunday in the home of Mr. and Mrs. A. B. Naul and family.

Mr. and Mrs. Harry Abbott of Dallas, Mr. and Mrs. H. M. Killion of Harbin spent Sunday in the homes of Mr. J. A. Craig and Pascal Brown.

Eldon Naul of Lubbock spent the week end with home folks. Mrs. Pearl Park returned home Sunday from Harbin where she had been visiting relatives.

Mr. and Mrs. O. M. Evans, Mr. and Mrs. J. D. Hutson and daughter, Brenda, Mr. and Mrs. Louis Hutson, Betty and Dennis Ray spent Sunday in Morgan Mill attending their family reunion.

Miss Vieta McAnally of Odessa is here to spend the summer in their home. Mr. Frank Reagan of Dallas is visiting his cousin, Aron Naul.

**SHAFER-BURGAN RITES**  
Miss Edna Earl Shaffer and Mr. Junior Burgan were united in marriage June 4 at Stephenville. They left for Grand Prairie where they will make their home. We wish for them a long and happy life together.

#### State Fair to Exhibit All-Electric Model Home Ideal for Texas Family

The "House Beautiful Pacesetter House for 1955"—an all-electric model home—will be built for exhibition at the 1954 State Fair of Texas, Oct. 9 through 24.

The house is being designed for "a typical Texas family," with air conditioning, two kids, two cars and activities ranging from serious correspondence to sun-bathing.

The three-bedroom house is a joint project of the General Electric Company, the University of Texas, House Beautiful Magazine and the State Fair. The house is being designed by five students of the University under direction of Harwell Harris, dean of architecture.

Incorporating the latest innovation in home-building, the model home will be completely furnished and landscaped. All interior decoration will be supervised by decorators on the staff of House Beautiful Magazine which will feature the home as its "Pacesetter House" in one of its editions in the spring of 1955.

Mr. Harris is considered one of America's foremost architects. His buildings, which are in a very modern spirit, have won countless awards for design. His houses have been pacesetters ever since he started practicing architecture in California in 1934. One of his designs, the famed Weston Havens house in Berkeley, Calif., looks as advanced today as it did the year it was built, 14 years ago.

Mr. Harris is representative of the American rather than the European type of modern development. He is known for his contributions to the development of the California style of house, typified by large open areas.

The house will have a living room, dining room, music room, reading alcove, two bedrooms and a play room which will become another bedroom when the hypothetical children get older and want separate rooms for themselves. There is also a sun-bathing garden and a play yard for the kids. The entire house is designed as a unit to provide for a variety of family activities.

Students working on the house under Harris' supervision are Patrick Chumney of San Antonio, Neal Lacey Jr. of Dallas, and David Barrow Jr., Haldor Nielson Jr. and Bill Hoff, all of Austin.

The house will be built by the Dallas Home Builders Association with Joe Maberry as supervising contractor.

The first amphibious operation conducted by the United States occurred in 1776 when a party of Marines and sailors effected a landing at Nassau in the Bahamas.

#### Good Reservoir Capacity And Conservation Are Important During Drouth

Cities and industries have been asking whether soil conservation being carried out by thousands of farmers and ranchers through soil conservation districts will reduce the amount of water available for municipal and industrial uses.

H. N. Smith, State Conservationist for Texas, says that for all practical purposes the answer seems to be "no".

The Soil Conservation Service has been studying this problem at the Blacklands Experimental Watersheds project near River, Texas since 1949. The studies include measurements of rainfall and runoff from two similar watersheds. They are still in progress.

Similar farming practices were being followed on both watersheds at the beginning of the study. Conservation practices were established on one of the watersheds in the spring of 1943. These practices included changing part of the cultivated area to grassland; the use of improved crop rotations; and the construction of terraces on land in cultivation. No change was made in the farming practices on the other watershed.

During the first five years rainfall was slightly above normal and the runoff-producing rainfall averaged 17.4 inches annually. The following five years, 1948 through 1952, were drouth years and the runoff-producing rainfall averaged only 4.8 inches yearly. The total rainfall during the drouth period was two-thirds the amount for the normal five years, but most of it fell in such small amounts or at such a slow rate that it produced no runoff.

For the normal rainfall period there was almost no difference in the runoff from the untreated and treated watersheds. Smith reported. The annual average was 10.3 and 10.4 inches, respectively. During the drouth period the average yearly runoff from the untreated and treated watersheds was approximately 1.4 and 0.9 inches.

The fact that there was a difference of one-half inch in the annual runoff from these two watersheds during the drouth years is not the significant point, said Smith. This minor difference in rate, even over a period of several years, would amount to so small a volume of water that it could not be considered in the planning of a dependable municipal water supply. The important point is that the TOTAL runoff from the untreated watershed during the five drouth years was only about two-thirds of the average runoff for ONE year during the normal rainfall period.

Smith emphasized that because runoff during drouth years may be very small water supply reservoirs must have enough capacity to catch the water during years of normal to high runoff and store it for use during drouth periods.

Although soil conservation practices on a watershed will not have a significant effect on water yield they can help greatly in protecting water supplies from loss of storage space by sedimentation. Conservation practices reduce erosion and the rate of reservoir sedimentation. By slowing down the rate at which reservoirs are filling with sediment, Smith said, more storage capacity will be maintained in which to store water for use during drouth years.

"As He Looks From Here"

Washington, D. C., June 15.—After a four year fight, I am encouraged to believe that we are going to use the huge supplies of surplus agricultural commodities to finance the building of airfields and other defense facilities outside the United States.

For four long years I have been hammering the proposition that our surplus farm commodities are a capital asset and should be considered as such. In other words, they should be used instead of dollars in preparing world defenses. For instance, this country is going to build another airfield in England at a cost of about 75 million dollars. That base is needed for the defense of this Country. Otherwise I would not be for spending a nickel on it. The reason is obvious. If the time should come, it would be easier to strike at the heart of Russia from England than from any place in this Country.

We can use our surplus cotton, wheat, peanuts, etc. for that purpose. There are not very many dollars in foreign countries unless we put them there. A greater part of the world deals in sterling, and they cannot buy from us because we cannot spend sterling to pay for a bill of groceries in the United States. But we can sell these surplus commodities for sterling and pay the wages and buy materials to build this airfield in England without sending any dollars over there.

The end result is that we will accomplish our purpose and relieve the surplus which we now have.

Our exports of farm commodities have declined by 40 per cent in some products, and this is the answer to a great many of the problems which we now face. A bill for this purpose has now been voted out of both the Agricultural Committee and the Foreign Affairs Committee of the House of Representatives. I believe it is assured of passage in both the House and the Senate. If it is administered properly, we should be able to use a billion three-hundred million dollars worth of surplus farm commodities, which will relieve the pressure and advance prices to the farmers.

The narcotics traffic in this Country is becoming exceedingly serious. Even one case of a juvenile becoming a dope addict makes it serious, but there are thousands of cases. According to reports from Japan, hundreds of cases involving the use of narcotic drugs have been discovered among American soldiers in the Far East. There is no mystery about where the stuff comes from. It comes from Communist China, and there is no question that the supplying of narcotics fits into the diabolical schemes of Communists everywhere.

Recently I had a discussion with the Ambassador of Lebanon and an official of the Turkish government on this subject. Our narcotics officials say that a supply of narcotics is coming into this Country from these sources, and these governments have been requested to make greater efforts to stop the illicit trade.

Narcotics have always been a problem. There is a certain irony in the situation, since we cannot help recalling that it was the British East India Company which forced opium upon China in 1839. The British resorted to war when the Manchu Emperor attempted to put an end to this forbidden traffic. The world today is reaping some of the evils of that practice. Generally, our laws are strong enough to meet the threat, but we are lacking in enforcement officers. To bring it very close to home, we should have more qualified enforcement officers along the Mexican border from Texas to California. It is known that considerable quantities of dope have come into the Country from this source.

Listen as the Redbird Rambles

By Carolyn Holford

HOTTER THE DAYS . . . get, the hotter become politics. And with the first day of summer coming along next Monday, you can very well look for more hand-shakers card-passers and stump-speakers. There's no end of work involved for the candidates, and an oft-copied piece of literature gives a pretty good idea of what a country politician has to go through. We can't very well see some of our dignified state officials now in office going through these tribulations, but it might be typical of county and precinct campaigning.

A NEWSPAPER . . . in Jefferson City, Tenn., had this to say in behalf of a certain candidate: "I gave away two calves and five goats for a barbecue. Also I contributed five pairs of suspenders, six ladies' dresses and 15 baby rattles. For prospective voters, I plowed 173 acres of land and spread 63 loads of barnyard fertilizer. I drew 24 buckets of water, put up 14 kitchen stoves and kindled 17 fires.

"I lost two front teeth and some hair in a personal encounter with a supporter of an opponent. I attended 26 revival meetings and sang in all the choirs. . . . I made love to nine grass widows and got dogbit 39 times.

"I want to thank my 43 friends—and they are friends—for casting their votes for me."

MUCH THE SAME . . . was a comment from a would-be justice of the peace at Stephenville. Elmer (Peck) Giesbeck asked us for a "double-or-nothing" price on running his name in the political announcement column in the News Review. He said he'd pay us double if he won, or nothing if he lost the race.

Peck has his name in the Stephenville political column and is running an active race against three other candidates. He said he couldn't afford to put an announcement in our paper too because his campaign had cost him too much already, "with all the cemetery workin' huggin' these babies and milkin' these cows."

DON'T FORGET . . . to vote July 24 in the primary election, or to arrange now for an absentee ballot.

COLUMN WRITING . . . is easy if one just reads all the mail that comes into a newspaper office. Seems like someone is always anxious to help fill the columns of a paper—without charge of course.

Included in our mail recently are all sorts of material. One letter from Norman Dumble (pronunciation?) of La Porte, Texas, says that "you will be doing the people of your community a service by informing them fully about the 'Status of Forces Treaty' This treaty robs the G. I.'s and their families of all protection of the U. S. government. If and when they commit any offense in NATO countries they can be tried and sentenced without benefit of American counsel. . . . Texans can protect this infamous treaty by writing Sen. Price Daniel, S. O. B. (Senate Office Bldg.), Washington, D. C. and asking that 'The Status of Forces Treaty' be rescinded."

Another little gem . . . comes from a press agent for a lady who writes "For Fun" and achieves fame. With a plea that "who—in this hardboiled world—knows better than yourself what a little encouragement can mean?" we received a little blurb telling about a book, "Lost Creek," which is a romance of the days when Lincoln and Davis represented the North and South of a divided Republic. The book is written by Minnie Jane Forster of San Antonio. "Writing is fun," she states, "and the good, the true and the beautiful still are basic to life in America. My characters—all normally vital and interesting—never become violent nor involved with the police—I intend to keep them that way!" Obviously this book does not concern real-live characters of pre-Civil War days, as she would have had to include some Northern Yankees, and they were all Scoundrels. (This paragraph was not in the news release.) Upon request Mrs. Forster will donate copies of her books to public and school libraries. If we just had a public library, we could ask for a copy!

the home of a person deserving a place in this Hall of Remembrance" we are asked. The editor of this paper and the local school superintendent have received nomination blanks, or one is available to any person who writes to the Texas Heritage Foundation, 612 Capital National Bank Bldg., Austin. Nominations considered in 1954 must be made prior to July 1st. Only deceased persons are eligible for consideration. Not more than 100 names may be inscribed in the year 1954.

Complete biographical information must be submitted with the nomination, and petition can be enclosed. If there are those who'd agree with this and would like to help do something about it, they are welcome to come by the office and talk about it.

ENTERPRISE . . . often can do a lot of good. No town stays alive very long without it. It is often said that there are three types of towns: one that is making progress, one that is standing still, and one that is moving backward. And a town doesn't remain long in the second category before being classed with those moving backward. Where would you place Hico?

An impressive and inspiring movie, telling about action taken in a small town to keep it from smothering from inactivity, will be shown tonight (Friday) at Hico Theatre. The 15-minute film is furnished through the Lions Club who saw the movie at their meeting this week.

Entitled "Enterprise" the story tells about how the people in a town with 520 population got together and worked to provide for moving a factory into the town and then how it grew and prospered from the results.

The movie may give you some ideas, and it brings the circumstances down to a practical example which could be applied here.

MRS. BRYAN ANGELL IS STUDY COURSE TEACHER FOR WESLEYAN GUILD Mrs. Bryan Angell conducted a study course Monday and Tuesday evenings of this week for ladies of the Wesleyan Service Guild. Her subject was the study of Spanish-speaking Americans.

Mrs. Angell was hostess to the group Monday evening in her home, and Mrs. T. E. Roberts was hostess Tuesday evening. A regular business meeting was conducted Tuesday, with Miss Louise Blair, president, conducting the meeting. The members voted to assist in serving refreshments during Vacation Bible School at the Methodist Church next week.

ATTEND FUNERAL SERVICES FOR FORMER HICO TEACHER Mr. and Mrs. Ben Wright visited in Taylor over the week end and remained to attend funeral services for her sister-in-law, Mrs. C. A. ## Fairy H. D. Club Learns How to Make Beaten Batter Rolls

The Fairy Home Demonstration Club met in Mrs. Chester Wood's home recently.

Roll call was answered with any new recipes that the members might have. The ladies present were Mrs. R. L. Holley, Mrs. Timmerman, Mrs. Claude Holley, Mrs. Corbett, Mrs. C. Wood, Mrs. M. E. Jackson and Mrs. G. K. Lewallen.

Our program began with our leader, Mrs. C. Wood, preparing a yeast beaten batter yeast dough. It was done very easily, particularly since the dough is not rolled out but merely beaten and then poured or dropped into different variations. The two she prepared were the marmalade swirl and the beaten batter puffs.

While the dough was rising we had our business meeting. Some of the business was a vote to accept South Hico's invitation to a September book review and we were reminded to bring any trinkets we may have to send to our adopted child patient in Mexia hospital. We briefly discussed our future meetings.

We held our pink elephant drawing and then had recreation with prizes given to the winning team.

We had our refreshments of the finished demonstration of the baked batter. They were very delicious with an increased interest for making the same shown in each member. A summer salad of pineapple and cheese with a cool glass of tea was added and was delicious.

Next meeting is to be held in Mrs. M. E. Jackson's home on June 22. It is a program scheduled to be put on by the 4-H girls.

**Texans Urged to Write Governor and Ask for 'Clean-Up' on 'Cover-Up'**

Austin, June 15.—Ralph W. Yarborough, Democratic Candidate for Governor, in a statement to the press today said, "If the good people of Texas will write the Governor and their newspapers and telephone their radio stations and demand a complete investigation of the insurance scandal for the protection of the innocent policyholders of Texas, I am sure the governor will comply."

Yarborough, who was subpoenaed along with Governor Shivers to appear in an insurance case by the Attorney General and that case (Lloyds of North America) was settled out of court June 11th, said, "Despite the fact that Mr. Hammonds has stated that I had nothing to do with the Lloyds of America insurance case, and despite the fact that I have never been connected in any way with Mr. Hammonds or Lloyds of America, the Insurance Department was evidently afraid to let me testify in the case though I appeared in court and was ready and willing. The governor, however, though he was called in the case never appeared."

The gubernatorial candidate commenting further on his willingness to testify declared: "I regret that the case against Lloyds of America has been settled out of court before I got the opportunity to testify. As a matter of fact I know nothing about the case and have nothing to hide."

"But," Yarborough remarked, "The fact that I was not allowed to testify gives rise to the suspicion that the Insurance Commission is seeking to cover something up."

Judge Yarborough talking about the "cover-up" said, "There are three matters which still go begging for an answer in this case and the people of Texas are entitled to know about them: "

"1. What has happened to the \$11,000 which the Governor's aid and former campaign manager, John Van Cronkhite, received for 'public relations' from the Lloyds of America Insurance Company? It is time for Mr. Van Cronkhite, public relations man' to make his relations public."

"2. What is the explanation for the \$46 which Hammonds paid Van Cronkhite for 'entertaining the Insurance Commission'?"

"3. What assurance do Texas policyholders have that other companies are not bankrupt also?"

"It is common knowledge among the whole insurance industry, and it is a matter of sworn court testimony that there is at least one other five million dollar company that is bankrupt now and unable to pay its claims. I am afraid that the Insurance Commission has known this for some time, but has failed to do anything about it."

"It is not my purpose," continued Yarborough, "to embarrass the Governor or the Insurance Commission and if the Governor does not know the name of the company I will be glad to give it to him."

Calling for a clean-up crusade in the State insurance department, the Judge said, "The Governor appointed the members of the Insurance Commission. If the good people of Texas will write him and their newspapers and telephone their radio stations and demand a complete investigation of the insurance scandal for the protection of the innocent policyholders of Texas, I am sure the Governor will comply. He must do it to protect both the people and the reputation of those insurance companies which are reliable and sound."

**GETTING RID OF WASPS**

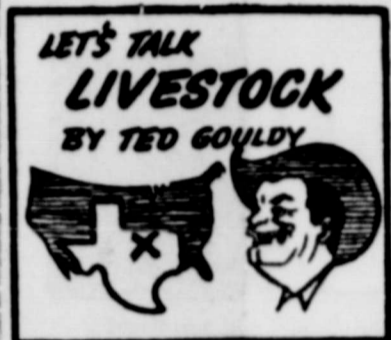

By John C. White, Commissioner

There are at least 2,500 different kinds of wasps inhabiting North America—but don't bother to count them. Only 50 species annoy man.

The rest of the wasps go about their appointed ways of building nests, raising young and pollinating plants. They prey on other insects and eventually become a meal for some larger insect or bird, themselves. Even the pesky types do a certain amount of good in nature's scheme of things.

Still, the natural value of a wasp is small consolation when nursing a stinging red whelp on the face or hands. They have a nasty habit of building their nest too close to the barn or house for personal comfort. And when you want to get rid of them, you get rid of them.

Here's how: Chlordane or DDT is an excellent eradicator of the pest; according to entomologists who make a living by knowing such things.

**Grass Cattle Move In Larger Numbers**

The increased tempo of the movement of grass cattle to market in the Southwest resulted in some weakness on most kinds at Fort Worth Monday.

The cattle offering included large numbers of cows and grassy steer and heifer yearlings of the plain or common quality. However, the cow market withstood some effort on the part of the buyers to lower prices. Mature steers were fully steady to strong.

Virtually all slaughter and shipper interests appeared in need of some numbers, and local packers were stepping up their killing floor activity to near peak levels. This broadening of demand resulted in mostly steady market on cows. Bulls were weaker, some sales 25 to 50 cents lower. Grassy yearlings and heifers drew weak to 50 cents lower rates.

Calves continued under heavy pressure and sold weak to 50 cents lower along with most of the stockers and feeders.

Included in the sales were a load of 1,067 lb. cows at \$14.50, and two loads of 938 lb. cows at \$12.50 from the Tom Burnett Cattle Co., Foard County; and two loads of well finished yearlings at \$60 lbs. at \$22 from Geo. W. Lee of Briscoe Co. Kirk Edwards of Clay County marketed 19 fancy heiferish cows that averaged 1,079 at \$15.50, these appeared to be the kind of cows that would dress out exceptionally high in the beef. Calvin Brannen, Gregg County, had some \$10 and \$14 cows, and some \$18.50 calves. Naud Burnett, Greenville, sold 175 fancy feeder calves with the steers at \$22.50 and heifers at \$20. Most of the better stocker calves sold around \$21 down. Fat calves \$20.50 down.

F. C. Bloodworth, Jack County, had some 482-lb. calves at \$20, a bull at \$14.25, and some cleanup cows from \$8 to \$12.25. J. W. Benge & Son, Kaufman Co., had some cows at \$9, \$10.25 and \$14. Raymond W. Castleman of Kaufman County, marketed some heavy calves at \$14, \$17 and \$18.50.

**Hogs Lowest Since First of January**

Hogs topped at \$24.50 to \$24.75 at Fort Worth Monday, and this represented the lowest market top since the first week of January. This price was 25 to 50 cents under last week's close. Sows sold 50 cents to \$1.00 lower and at largely \$16 to \$19.

Wholesale meat reports indicated considerable consumer resistance to pork prices, and some section of the country sweltering in the first real blast of Summer heat were apparently eating less pork.

Wholesale pork prices swung in a dizzy range of from \$2 high to as much as \$6 lower during the preceding week, and the packers reported local factors at all points were governing the trade and made it virtually impossible to get the picture in focus on a national or even regional basis because of that.

**Sheep, Lambs Stronger To The Fact**

Fat Spring lambs were steady to strong at Fort Worth Monday, some sales appeared measurably higher due to more lenient sorting. Some old muttons sold strong to 50 cents higher, with some aged wethers up to \$11.50 representing the full extent of the advance. Feeder type yearling lambs and good breeder ewes sold steady, but Spring feeder lambs were dull and weak to \$1 lower.

Top milk fat lambs on Monday drew \$21 to \$22, and shorn fat yearling lambs sold from \$15 down. Shorn feeder yearling lambs sold from \$14 down, and new crop feeder Spring lambs sold mostly around \$14 down.

Old slaughter ewes drew \$5 to \$6, old wethers drew \$5 to \$11.50. Old bucks cashed at \$4 to \$5. Cull lambs drew \$10 to \$11.

They make it sound deceptively simple—just spray the dust or liquid into nests openings. But a little skill and lots of luck might come in handy. A second way is safer.

Suppose you have a nest of hornets or yellow jackets that guards your barn door with a vengeance. The best time to plan your attack is at night when the insects are less active. This provides maximum protection—or at least minimum risk.

First—and this is where skill comes in—plug the nest opening with a wad of cotton soaked in carbon tetrachloride. Then, very quickly dislodge the nest into a sack. Been stung yet?

Now the sack can be burned or buried. Or if you prefer, pop it into an air-tight can containing a few tablespoons of carbon tetrachloride. Used on cotton wadding, carbon tetrachloride slows down the activity of these pests and lessens the chance for painful stings. In an airtight can it's fatal. But don't open the can for 24 hours lest a particularly hardy hornet revive and seek out its tormentor.

If all this seems like too much trouble, try the other method. Just spray the nest with chlordane or DDT, then run like fury. Incidentally old fashioned bluing is good for stings.

**Jack Benny Starts State Fair Musicals On Their Greatest Year**

Dallas, June 14.—The State Fair Musicals got off to their greatest start in their thirteen year history this week with the opening of "The Jack Benny Revue" in the State Fair Auditorium. Benny and his star-studded supporting show will occupy the auditorium until June 27. On June 28 the Musicals will continue with "Wish You Were Here."

Sharing show-stopping honors with the undisputed king of radio comedy are the Will Mastin Trio with Sammy Davis Jr. and lovely songstress Gisele MacKenzie. Completing the bill are the sensational Stuart Morgan Dancers, a magician Channing Pollock and acrobats Nita and Peppi. A Mesquite girl, ten-year-old Ann Nita Lamar is also assisting the star in his hillbilly production.

Additional parking space on the South side of the Auditorium has been added for the convenience of patrons. And the popular refreshment patio again is open to serve patrons before and after the performances.

The State Fair Musicals will be given nightly Mondays through Saturdays and at Sunday matinees through Sept. 5. The box-office is located at 1315 Elm St. in downtown Dallas.

### IT'S THE LAW in Texas

#### PROPERTY RIGHTS OF JUNE BRIDES EXPLAINED

June is traditionally the month for weddings, and many couples will be taking marriage vows within the next few months. But the act of marrying another person does not give you the authorization to take control of his property.

Generally speaking, each spouse has the right to control and dispose of his or her own separate property. The separate property of a husband or wife includes property owned by either before marriage, and that which is acquired by either after marriage by gift or inheritance. Any other property acquired after marriage is presumed by law to be community property until the contrary is clearly proved.

Aside from the ordinary community estate, there is a class of property known as the wife's "special community," which includes all the income from her separate real property, and probably the interest on bonds or notes, and dividends on stocks owned in her separate right.

Although the history of the matter is somewhat confusing, it appears that under present day law the husband has control of ordinary property; but control of the wife's special community property is reserved to her.

Certain restrictions are imposed upon both husband and wife in exercising such control. For instance, the husband cannot legally dispose of community property in such a way as to defraud the wife, nor can he sell the homestead without her signature and acknowledgment. And the wife's sale or mortgage of her separate real estate, stocks or bonds is not valid unless her husband joins with her in the transaction—he must sign and execute the necessary legal papers along with her.

There are laws exempting the wife's separate and special community property from liability for debts incurred by the husband. Such liability is restricted to his separate property and the ordinary community property.

On the other hand, debts incurred by the wife in obtaining necessities for herself or the children bind all property belonging to either party including the husband's separate property. For other debts which she has power to incur, only her separate and special community property are liable.

All of these distinctions emphasize the advisability of keeping proper records. By doing so the various classes of community and separate property owned by a married couple will always be easily distinguishable. Each category will then receive the special protection afforded to it by our laws.

(This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

### Services Held Here for Millard Lackey, 67, Who Died at Glen Rose

James Millard Lackey, 67-year-old former resident of Hico, passed away quietly in his sleep early Tuesday at his home at Tommie's Courts in Glen Rose, where he had made his home the past six months. Funeral services were conducted at First Methodist Church in Hico Wednesday morning at 9 o'clock, and the deceased was carried to Lubbock for burial at Lubbock City Cemetery.

Born in Coryell County, Texas, on February 25, 1887, he was the son of the late Mr. and Mrs. A. A. Lackey. He was retired from his occupation as postmaster at Bledsoe, Texas, and lived alone. His wife, the former Corinne Fields, preceded him in death. He was a member of the Methodist church.

Rev. Roy Briggs of Glen Rose and Rev. D. R. McCauley, pastor of the local church, officiated at the services.

Surviving are one daughter, Mrs. Fred Stoughton, Brownfield; one son, James M. Lackey Jr., McCamey; two sisters, Mrs. Deffie Lee Nix, Glen Rose, and Mrs. F. S. Jones, Denver, Colo.; three brothers, A. T. Lackey of Stephenville, Dr. O. N. Lackey of Conway, Ark., and H. C. Lackey of Fort Worth; also two grandchildren. Pallbearers were S. E. Blair Jr., Tyrus King, C. C. Lackey, H. C. Lackey, Roy French and C. L. Woodard.

### South Hico Club Hears From Former Member Now in South America

The South Hico Home Demonstration Club met Tuesday in the home of Mrs. J. C. Robinson with seven members and one visitor present. Instead of having roll call, a letter was read from Mrs. W. A. Knox (a former member), telling of her trip to South America, her new home.

She told about her delay in Florida, due to the plane strike, and described the beautiful country they passed over. A very interesting part of the letter told how the natives bathe in the river, wash their clothes in it and pack water for drinking purposes from this same place. The native children do not wear clothes, she said, up to the age of five or six years.

Mrs. Cyrus King brought the demonstration on batter rolls. She showed several ways to fix it. The hostess served these rolls, together with chocolate layer cake and iced tea, to the following members: Mrs. Byron Hawthorne, Mrs. Loyal Carr, Mrs. Woodie Garner, Mrs. Johnnie Williams, Mrs. W. R. Churchill, Mrs. Lenard Weaver, Mrs. King, the visitor Mrs. Cook, and to seven children.

The next meeting will be with Mrs. Johnnie Williams on July 6. Roll call is to be a fact about Texas. Miss Frances Wilshire, county home demonstration agent, will bring the program on scarfs for the bedroom. Secret pals will be revealed at this time and new ones drawn. REPORTER.

### Gospel Meeting Set First Week in July at Iredell Church of Christ

Announcement is made of a Gospel meeting to be held the first week in July at the Iredell Church of Christ. Bro. Johnnie Richter of Cleburne will do the preaching at both morning and evening services from July 4 through July 11.

The public is cordially invited to attend these services.

### MAYOR McGUP By John Jarvis

### CONGRESSIONAL QUIZ

Q—Can organizations use rooms in the Capitol for meetings?

A—Any Senator may reserve the Senate caucus room, which seats 300 to 400 people, for any group of which the Senator is a member, according to the Senate Custodian. The House Caucus Room, according to the Clerk's Office, is under the Speaker's jurisdiction. It is "seldom, if ever, used by outside groups," said a spokesman for the Clerk.

Q—Why do at least two states claim that the Republican Party was born within their borders?

A—The Party, 100 years old in 1954, did not at first emerge on a national scale. According to the Dictionary of American History the name Republican was adopted by a meeting in Ripon, Wis., on Feb. 28, 1854. A state convention in Jackson, Mich., formally adopted the name on July 6, 1854. Gaining adherents from Whigs, Free Soilers, Abolitionists and anti-Kansas-Nebraska-Act Democrats, the Republican Party grew rapidly as various local conventions met, accepted the name and adopted platforms.

Q—My son enlisted in the regular Army last year. They say he can't vote in his home state of Texas and I want to know why.

A—Texas is the only state that does not allow members of the regular military establishments to vote, although it permits voting by draftees and reservists. Laws in several states make it difficult for servicemen to vote by absentee ballot. New Mexico permits no absentee voting by members of the armed forces, and some states permit no absentee voting in primaries. President Eisenhower has asked Congress to cooperate with the states in making it easier for servicemen stationed overseas to vote in November.
