

Austin, July 6.—Texas' campaign trails are sizzling as figures in the quest for the state's top political job enter the speech-making home stretch.

Governor Allan Shivers' bid for re-election was boosted by the announcement of State Senator A. M. Alkin that he would support the governor.

Alkin, champion of public education and co-author of the Gilmer-Alkin laws, said he has never doubted the sincerity, integrity, or ability of the governor.

In a string of campaign speeches broken by a brief personal visit to the Rio Grande flood area and a request to President Eisenhower to designate five hard-hit counties as disaster areas, Shivers:

1. Charged that opponent Ralph Yarborough does not have the interest of the state's old people at heart. The governor said that his opponent has "never lifted a finger to help increase old-age assistance," but has worked to boost pensions for retired judges.

2. Received support from an Austin union barber who said that charges made against the governor in a Corpus Christi labor convention were "unjust." O. G. Eddleman said that the governor had always been helpful to the laboring people and that the "anti-labor" accusation brought against Shivers was the work of labor's "would-be bosses."

3. Reiterated his stand against changes in segregation laws and hit out at Yarborough for "mud slinging."

4. Cited industrial gains and the fact that more people are working and making more money in Texas than ever before. "Is this what Yarborough wants to change?" Shivers inquired.

Yarborough Busy.
Candidate Yarborough continued his campaign, aided by a chartered airplane that shuttled him to more than 30 towns for brief speeches.

He promised to "clean out" the Texas Insurance Commission if elected.

He also demanded an audit of the books of John Van Cronkhite, a former Shivers campaign manager whose name came up in the bankruptcy case of Lyod's of North America.

Yarborough declared against third terms, saying that "when politicians become fixtures their cronies become fixers."

The candidate promised an administration dedicated to quick aid for farmers and ranchers, better roads and highways, better schools, and expanded veterans' land, health, and state welfare programs.

Holmes Is Active.
Covering the crossroads is J. J. Holmes of Austin. He is making a grassroots search for votes, spending little time in the big cities. It is his first race for Governor.

State Courts.
One state court has wound up business for a summer vacation and two more will soon follow suit.

The Court of Criminal Appeals finished its nine-month term and recessed until October 1. Expected to shut up shop soon were the Supreme Court and the Third Court of Criminal Appeals.

A new associate justice for the Supreme Court is to be appointed by the governor before the court resumes business in the Fall. The new justice will replace the late Judge Graham B. Smedley.

Lyerly Leaves.
Hugh Lively, executive assistant attorney general, resigned July 1 to enter the private practice of law in Dallas.

"Mr. Lyerly set an outstanding record as a trial and appellate attorney during his three years of service with our office," said Attorney General John Ben Shepperd in announcing Lyerly's resignation.

Insurance Business.
Texas insurance companies' charter amendment applications are receiving close examination before being approved, says Attorney General John Ben Shepperd.

He announced that his office has returned 10 of 27 applications in the last two months because of failure to meet insurance law requirements.

Draft Call.
Letters calling for 2416 Texans to be examined in August for military duty have gone out to state draft boards, according to Brigadier General Paul L. Wakefield, state selective service director.

Texas boards will induct 1,092 men during the month who have received previous examinations. Wakefield said that draft calls for both July and August are running above previous months. The August call asked for men 20 or older, but authorized boards to call men below 20 if necessary to fill quotas.

Texas Navy.
Now non-existent the Texas Navy will be honored September 1-7, designated as "Texas Navy Week."

Governor Allan Shivers credited the one-time Republic's small fleet as playing a big part in winning independence from Mexico.

Toll Road.
Moving ahead are plans for the state's first toll road.

After a month of consultation, the Texas Turnpike Authority voted to employ Howard, Needles, Tammen & Bergendoff, consulting engineers, to work out plans for the Fort Worth-Dallas thoroughfare, cost of which will be an estimated \$31 million.

Dublin Gets Second Defeat of BV Season At Glen Rose Sunday

By LEON LEWIS

Hico, Iredell and Glen Rose were the winners in Sunday's Fourth of July games in Bosque Valley Baseball League.

Hico won a hard-fought game over Gorman by a score of 3 to 1. Dublin suffered its second defeat of the season at Glen Rose before a large crowd. The score was 12 to 4 in favor of Glen Rose. Iredell won over Alexander by a score of 13 to 8.

Next Sunday finds Alexander at Dublin, Gorman at Glen Rose. Hico goes to Iredell, and this game will draw the largest crowd of any game Sunday. These two clubs have for three seasons been very evenly matched, and when they meet—boy, let me tell you that you see a ball game from start to finish!

Don't miss this game.

Grand Jury Returns 7 Felony Indictments After 1-Day Session

Seven felony indictments were returned Tuesday by the Hamilton County grand jury after a session of one day.

Five persons were indicted, one each for burglary, wife desertion, and child desertion and four for forgery and passing. Three of the latter were against an out-of-county man.

Thirteen witnesses were examined by the jurors.

Seth Moore was foreman for the session. Others on the jury were C. H. Rabbe, Scott Blakley, E. M. Hoover, Henry Melasner, Robert Kelm, Frank Courtney, A. C. Coffman, Floyd Green, Alfred Reinert, Hugh Parrish and G. W. Hurley Jr.

Upon recessing the jurors made the following report to District Judge R. B. Cross, who presided:

We, the grand jury duly organized for the July term of the District Court, beg leave to submit the following report:

We have been in session one day and have examined 13 witnesses. We have found seven true bills of indictment, all being felonies, which we present into this court herewith.

We have examined the county jail and have found it in a good state of repair, however we would like to recommend to the Commissioners Court that the following repairs be made:

1. Repair water leak and repaint the metal surface damaged by water leak in the Northwest cell.
2. Replace discolored and broken glasses in two of the North cells.
3. Purchase a fire-proof refuse container for the upstairs portion of the jail.
4. Repaint woodwork and damaged plastered surfaces in the Sheriff's living quarters where needed.

We want to express our appreciation to the Court for the very fine charge given us at the beginning of the term, and on behalf of the citizenship of this county, we want to thank the Court for the compliment passed by the Court on our people for the law-abiding conduct.

We have had excellent cooperation from all of the officers of the county and district, which has enabled us to complete our work in one day, and we want to express our appreciation to all of them for this cooperation.

We have diligently inquired into all matters that have come to our attention, and so far as we know, we have completed our work for the term, and we request that we be permitted to adjourn, subject to your call.

The president and other committee members, including Weldon Pierce, D. E. Bulloch, Odie Patsick, J. B. Woodard, and T. A. Randall, were in Dallas that day investigating the possibilities of a proposed dress factory in Hico.

Secretary Ray Cheek gave a report on the monthly directors' meeting held the previous day, at which recommendation was made that a flag be purchased for the Hico Boy Scout Troop.

Also the directors discussed details concerning sale of soft drinks at the club's Reunion booth in August. Decision on purchase of drinks and other matters were left to the discretion of the committee composed of Lions Rutledge, Woodard, Grady Hooper and Truman Roberts.

A float for the Reunion parade was discussed, and this matter was turned over to the committee already appointed, consisting of Lions Roberts, Paul Neel and O. C. Cook.

There were 18 members present at Wednesday's meeting, with no visitors.

Hico Pony Leaguers Make Fast Recovery To Beat Iredell Here

The Hico Pony Leaguers met and defeated Iredell Monday night in a whirlwind finish, 3-2, before a large crowd at Tiger Stadium, according to a report from Fred Red Harris, coach of the older leaguers.

The game was a pitching duel throughout, with Iredell leading Hico by a score of 2-0 into the last inning, at which time with one man out, Ables singled and Lowry followed with a booming home run into right field to tie the score.

Ogle then singled, and this play was followed by a walk to Britton. Burden then pumped a single to right field to break up the ball game.

The game was one of the fastest that has been played yet at the stadium, and these local boys are really showing remarkable improvement.

Dublin Pool Opening Names Comyn Beauty In July 4th Festivities

Among the Hico people who were in Dublin Monday night, July 5, for the opening of their municipal swimming pool were the following who were representatives of the Chamber of Commerce: T. A. Randall, S. E. Blair Sr., Miss Monette Salmon, Miss Karon Higginbotham and Miss Bonnie Pierce.

The following article from the Stephenville Daily Empire discloses the results of the bathing beauty contest held there.

Miss Harlene Brown, Comyn was the unanimous choice of three judges in a bathing beauty contest held at Dublin early Monday night. Other winners were Miss Elizabeth Hayner, De Leon and Miss Linda Kiker, Green Creek.

The winners were among more than 20 beauties who had entered Dublin for the first time. The occasion was the opening of the Dublin municipal swimming pool, recently completed through the combined efforts of Dublin tax payers and individuals who live in adjoining communities. A crowd of 2,500 was present.

Following the bathing beauty contest a Little League baseball game was played in the Dublin City Park when lights for the first time were turned on for the first time.

The lights were financed by volunteer contributors. Nathan Selgel, Dublin merchant, led the campaign for the lighting fund.

Lions Hear Report of Directors' Meeting, Committee in Dallas

S. B. Starnes, third vice-president, presided at Wednesday's meeting of Hico Lions Club in the absence of President Rutledge and other officers.

The president and other committee members, including Weldon Pierce, D. E. Bulloch, Odie Patsick, J. B. Woodard, and T. A. Randall, were in Dallas that day investigating the possibilities of a proposed dress factory in Hico.

Secretary Ray Cheek gave a report on the monthly directors' meeting held the previous day, at which recommendation was made that a flag be purchased for the Hico Boy Scout Troop.

Also the directors discussed details concerning sale of soft drinks at the club's Reunion booth in August. Decision on purchase of drinks and other matters were left to the discretion of the committee composed of Lions Rutledge, Woodard, Grady Hooper and Truman Roberts.

Hamilton County in Area Recommended For Drouth Relief

Austin, July 7.—State Agriculture Commissioner John C. White left for Washington early Wednesday to make an urgent plea for continuation of federal drouth relief in Texas.

The government's emergency livestock feed program will expire July 15. Governor Shivers has made a formal request for an extension.

White said 11 Central Texas counties have petitioned for re-designation as disaster areas. He listed them as Mason, Llano, Burnet, Lampasas, San Saba, McCulloch, Mills, Hamilton, Erath, Bosque and Bastrop.

Other areas also are beginning to feel the full brunt of drouth again, after spring rains that failed to end the four-year dry spell. White pointed out that this is not a "new" drouth.

"Many of these counties have had less than five inches of rainfall where normally they could expect from 20 to 30 inches," he said. "Farmers and ranchers in this area desperately need aid."

White said some of the state's best cattle breeders are located in the Central Texas drouth area. "If they are forced to sell their foundation stock, it will be many years before they can replace the quality of animals they now produce," he declared.

The commissioner, who toured the area recently, painted a picture of burned-out crops, depleted stock water and poor feed crop yields.

New Cafe Managers Making Plans to Open In Langston Building

Arrangements for operating the business formerly known as Pack's Cafe were completed Tuesday when Mr. and Mrs. C. E. Guthrie purchased the fixtures and rented the Langston building on Pecan Street.

They plan to open for business later this month, and expect to specialize in barbecue and fine pastries, also serving lunches and other short orders. The establishment will be called The City Cafe.

Mr. and Mrs. Guthrie moved back to this section from Fort Worth this spring, and they purchased the S. R. Witt farm near Duffau. Mrs. Guthrie is the daughter of Mr. and Mrs. J. E. Sessom of Duffau. They will be assisted in the cafe and farm by her sister and husband, Mr. and Mrs. Hardy Cavitt.

Mr. Guthrie, who will do all the cooking, has a wide range of experience in this field. Before moving from Fort Worth, the couple operated the White Cafe on Exchange Ave. He has also been a cook at Cattleman's Cafe, the old Wayside Inn, Italian Village and Stockyard Cafe. He is a former government meat inspector. Mrs. Guthrie was employed for nine years with Armour & Co.

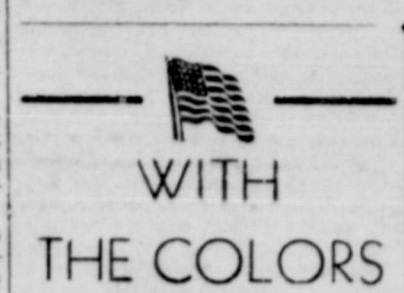

Change Made in Management of Magnolia Station

R. B. Armstrong announces this week that he has taken over the management of the Magnolia Service Station at the Highway "Y" near the Methodist Church, formerly managed by L. C. Pettigrew for the past two years.

Mr. Armstrong needs no introduction in this community since he has been making his home near here for many years. In a display advertisement on page eight he has issued a statement relative to the change.

Mr. and Mrs. Pettigrew haven't made any present plans according to a statement from L. C. Thursday morning, but their many friends in Hico hope they decide to remain here.

With a field of 96 qualifying entrants, the Bluebonnet Country Club enjoyed its biggest tournament in the history of the State Sand Greens Golf Tournament, which was played during the Fourth of July week end for the ninth annual time since the end of World War II.

FAMILY REUNITED AS IL O. WENDE DISCHARGED

S/Sgt. Harvey O. Wendt, who has spent eleven months in North Africa, returned home Saturday. Staff Sergeant Wendt received his discharge from the U. S. Air Force at Camp Kilmer, New Jersey Saturday morning.

He and his wife and son, Jimmy, will be at home with Mrs. Bryan Angell until September when Harvey will enroll in the School of Engineering at Texas A & M College.

Until his return last week end he had not met his young son, who was born at Hico Hospital while he was overseas. His wife is the former Frances Angell.

SERVING IN GERMANY

9th Div. Germany—Cpl. Frank Cunningham Jr., whose parents live at 524 N. Graham, Stephenville, is serving in Germany with the 9th Infantry Division, according to a release from Army Home Town News Center in Kansas City, Mo.

The 9th Division, reactivated in Europe as the result of the 28th Division's return to the Pennsylvania National Guard, will train as a security force in Germany.

Cunningham, a 1951 graduate of Iredell High School, was employed by the Morrison Construction Co. before entering the Army in March 1953. His wife, Joan, lives in Iredell.

HERE FROM LAKE CHARLES

Mr. and Mrs. O. L. Davis and family enjoyed a visit last week end of their son, Donald Davis, accompanied by a friend, Chuck Schaub.

Both lads are airmen stationed at Lake Charles, La., since their recent return from Casablanca, North Africa.

Cotton Improvement Organization Sign-Up Assures Better Prices

Farmers get better prices for their cotton when they know three things before going to market, according to Mr. Sam W. Martin, head of the Dallas cotton classing office, U. S. Department of Agriculture.

Mr. Martin named grade, staple length, and knowledge of local price quotations. Then he explained that farmers armed with these factors are in a position to demand fair value, whereas those who only know that they've got a bale of cotton to sell are likely to get paid less.

There's a simple way for farmers to get this information, he pointed out, and at no cost. They can sign up with a cotton improvement group under the Smith-Doxey program. To do this, a farmer must contact his county agent, nearest cotton classing office or ginner.

After his group is organized, the elected group leader files one application with the cotton classing office covering all of its members.

"Once this is done," Martin said, "members will get free classing service on all their cotton. And in addition, they can get USDA's price quotations each week. This service is mailed free upon request."

And when their cotton is classed by USDA, Martin stated, farmers will get back a green class card showing grade and staple length. With this card they can sell their cotton without bothering to submit samples to buyers.

Mr. Martin reminded interested farmers to sign up before the August 1st deadline to insure their place in the 1954 program.

MOVED HERE FROM HOBBS

Mr. and Mrs. J. A. Russell are new residents of Hico, having moved here from Hobbs, New Mexico, after purchasing farming property from L. C. Pettigrew on the farm-to-market road between Hico and Fairy.

They were accompanied here by their daughter, Vanette, who will spend the summer here before returning to Crane in the fall to finish high school. She will be a senior in Crane High School.

NOTICE OF VISIT
Servicemen in World War II and the Korean Conflict were building up Old-Age and Survivors Insurance protection for themselves and their families while fighting for their country, according to Joe Clepp, Field Representative of the Waco Social Security office.

A free booklet explaining this may be obtained from that office, or you may see their representative who will be in Hamilton, Tex. at the County Courtroom between the hours of 9:00 and 11:00 on Wednesday, July 14.

Good News for Pullets

Famous Growing Ration is **LOW** in FEEDING COST

Maybe you've always wanted to feed Purina Growena and see what really fine pullets it grows. Then why wait longer? Purina tests show that Growena costs **NO MORE TO FEED** than many poorer and cheaper rations—because it takes less of it.

TAKES LESS because its **MICRO-MIXED**

One reason why it takes so little Purina to grow a pullet is that it's **MICRO-MIXED**. Eight tiny but powerful growth and health boosters are mixed into the feed so carefully that each pullet gets her full share each day.

Grow 'em Right for **MORE MEAT** and **EGGS**

Purina Growena will help you grow big, sturdy pullets, ready to lay lots of big eggs all fall and winter. It will also turn the little roosters into big fryers fast and cheap. So this year feed the growing feed most folks like best—Purina Growena.

Fairy

By Mrs. Eunice Massengale

We received about four-tenths of an inch of rain south of Fairy last Saturday afternoon, but most of this fell along the Fairy and Lanham farm-to-market road route, reaching several miles south, but not reaching very far either east or west.

We forgot to mention the passing of Mr. F. B. Shannon of Stephenville in last week's news. Mr. Shannon collapsed at a dinner being held at his home honoring him and his mother-in-law, Mrs. Halie Jameson, who resides in the Shannon home, on Sunday, June 20. He had been in ill health for the past four years of a heart ailment. He was born at Chalk Mountain and had resided in Erath County most of his life. He moved to Stephenville in 1933 entering the farm machinery business, and later adding a butane gas service. He also owned extensive ranching property near Whitney. Funeral services were held at the First Methodist Church in Stephenville at three o'clock on Tuesday, June 22, with Rev. J. Morris Bailey, pastor of the church, officiating. Interment was at West End Cemetery. Mr. Shannon was 64 years old and is survived by his wife, the former Miss Hazel Jameson, one son, A. J. Shannon of Stephenville, and three daughters, Mrs. Truett Roberts, Abilene; Mrs. Lloyd D. Harris of El Paso and Mrs. Jack Parker, Stephenville; also his father and mother, Mr. and Mrs. J. H. Shannon, Stephenville; four brothers, Clifford of Whitney, Fred and Bill Shannon of Stephenville and Melvin Henderson of Abilene; one sister, Mrs. Arthur Brandon of Stephenville, and six grandchildren. Mr. and Mrs. Shannon were well known in this community, her mother being the former Miss Hazel Brunson of near Fairy. Their many friends were very sorry to learn of his untimely death, and extend sympathy.

Mr. and Mrs. J. J. Jones Jr. and little son Steve, accompanied by Mr. and Mrs. Ovie Brummett, were in Houston last Friday night week, June 25, to attend the wedding of his brother, Harold Jones and Miss Betty Jo Corley, also of Houston, who were married in the chapel of the First Methodist Church. After a wedding trip to Galveston and other points they will be at home in Houston where Mr. Jones had purchased a nice home. Harold is the son of Mr. and Mrs. J. J. Jones Sr. of Fairy and was reared here. His many friends extend congratulations and best wishes.

Mrs. R. W. McAdams returned home Sunday from the Meridian Hospital where she underwent surgery for removal of her appendix on Tuesday of last week. We are glad to report her doing nicely.

Mr. and Mrs. Carl Ray Sellers, Carolyn and Jimmie Don were in Dublin Monday to attend the opening of the Dublin swimming pool and visiting in the home of her sister and niece, Mr. and Mrs. D. E. Allison and Darryl and Mr. and Mrs. Wayne Pittman.

Mr. and Mrs. Willie Turner and children, Ray, Bernice and Mrs. Byrdine Rotkins, Miss Ann Farris, Mrs. Turner's sister and Jimmie Gordon and the Ottis Dansby family returned home last week after a week's prospecting trip to Arkansas. They report an enjoyable trip.

Mr. and Mrs. Elzie Parks of Fort Worth and Mr. and Mrs. Delbert Pack of Stephenville visited over the week end with their mother, Mrs. M. E. Parks and Audie. Mrs. Emma Ogle had the misfortune of losing her milk cow last week, from eating Johnson grass. The writer, accompanied from Hico by Mrs. Florence Blackburn, attended singing at Stephenville Sunday afternoon. Some fine singing was enjoyed by all present.

Leon New has been called to service and will report for duty July 14. He has been employed in Fort Worth for a year or more. His wife, the former Miss Shirley Streeter of Lanham was employed at the Perry National Bank at Hamilton when they married some time back and continued her work there. Since he was expecting his call to service any time, they did not set up housekeeping at the time of their marriage, but had spent the week ends together visiting in their parents' home, Mr. and Mrs. Leslie New and Mr. and Mrs. Garion Streeter of Lanham. May the day hasten when they can be free to set up a home and start life together.

Mr. and Mrs. Harvey Little of Oklahoma City spent the week end here visiting in the home of his mother, Mrs. Brittle Little and her parents, Mr. and Mrs. Henry Turner of Carlton and other relatives at Hico. They came down to bring his mother, who had been visiting in Oklahoma City with her sons, Harvey and Paul and their families since May 30.

The Church of Christ meeting is in progress with good attendance. The Vacation Bible School at the Baptist Church is also in progress. A two weeks revival will follow the Vacation Bible School. We didn't get the name of the officiating minister but understand will be the one who held the revival last year. All have a cordial invitation to attend.

Mr. and Mrs. Scott Blakley and Lera Jane visited Sunday afternoon with Mr. and Mrs. Bivin Dunklin and Jerre Jean. Dewey Wilson and Bill Abel were business visitors in Fort Worth last Saturday.

Mr. and Mrs. J. L. McCoy attended an all-day memorial service at Black Hills Cemetery near Corsicana Sunday.

T. L. Betts has returned home after more than a weeks visit at Reedley, Calif., in the home of his son, Mr. and Mrs. Joe Betts and little daughter. He accompanied Walter Porterfield, who remained for a longer visit with relatives.

Washington

As it Looks From Here

OMAR BURELSON Congressman 17th District

Washington, D. C., July 6.—A Congressman from Alabama gave me his definition of a man willing to make political compromises.

This idea can especially be applied to subsidies. It seems that a great many people believe that the only subsidies are those which they say go to farmers.

The farmer has become the whipping boy for all of the hand-outs by the Federal Government.

There is a resolution pending in the House of Representatives which proposes to bring to light all types of subsidies and publish clearly just exactly to whom they are paid.

To start with, what are tariffs except a form of subsidy? Almost from the very beginning of this government, tariffs were imposed to protect the manufacturer of goods.

In the early days, the railroads had a tremendous influence in the development of the United States. They were subsidized by land grants and other concessions.

The airlines are being heavily subsidized this very day, and so is the Merchant Marine.

Just this last week I opposed an amendment offered on the floor of the House of Representatives which requires the Federal Government, when it is in any way involved in shipping cargoes overseas, to ship at least 50 per cent of such cargo in American ships.

The amendment passed. A bill is now pending, and in fact, has passed the Senate, which makes it permanent law. It has been in effect before and has cost the taxpayers of the Country \$121,000,000 in the last six years.

One of the biggest subsidies of all time was that paid to big industries during World War II in the form of tax write-offs and what is called "reconversion."

This simply means that it cost the taxpayers to date about \$8 billion dollars. This was done to enable the expansion of plants turning out war equipment.

In the opinion of our highest officials, it was necessary and I do not criticize the arrangement. But the point is that all sorts and kinds of subsidies are paid by the Federal Government.

If the farmer has received and are receiving subsidies, it is just a drop in the bucket as compared with other subsidies being paid.

So when one talks of subsidies, let us suggest that the subject be covered completely and not point out the poor old farmer who picks up the crumbs.

During the entire history of this Country the farmer has had to sell on an unprotected market, while at the same time buying manufactured goods on a protected market.

In the meantime, he is a victim of the elements. He never knows whether he will make a crop or not, nor does he know whether there will be a market for what he produces after he has made it.

The manufacturer of goods can determine his needs in advance. He knows how much he can produce and he knows how much he should produce.

Accordingly, he adjusts his business activities to these conditions. The farmer cannot do this, and yet the entire Nation depends upon the farmer.

GOLF TOURNEY—

(Continued from Page 1)

of Hico was official starter and G. M. Bullard, Odis Petsick, Morse Ross, F. W. Hamilton, Ellis Randall and Truman Roberts headed various committees.

Upsets Punctual Sunday. Clayton, 23-year-old Corsicana hat factory employe, supplied the meet's first and most explosive surprise by ousting Cheek, 2-1, in a well-played first-round match.

Cheek made an honorable exit. He never bogeyed a hole and was two under par for the 17-hole route, but young Stubbs canned four birdies and never strayed above standard figures in compiling his advantage.

On the heels of his first victory Stubbs continued his sub-par tempo and throttled Morse Ross of Hico, 2-5, to gain a berth in Monday morning's semifinals.

Emphasis was on upsets throughout the day, particularly in the quarterfinal round when two of the tri-medallists lost out.

Bill Stamper, Bryson rancher, who fired a five-under 67, lost a three-up lead and was finally beaten by H. D. Gibson of Goldsmith, 2-1. Stamper posted a three-up margin through seven, but his fee rallied by winning 8, 9, 14, 15 and 16 to secure the meet's top comeback.

Gilbert Stubbs, Corsicana sign painter, withstood a blazing rally by Jack Moffett of Dallas and gained a semifinals berth alongside Clayton, his nephew. Stubbs, who had one time held a three-up advantage was forced to drop a 15-foot putt on the 18th green as automobile headlights beamed to light the way.

Sunday's results (player from Hico unless otherwise indicated):

FIRST ROUND. Championship Flight: Clayton Stubbs, Corsicana, beat Ray Cheek; Morse Ross beat G. M. Bud Higgs, Stephenville; Alton Bullard, Hamilton, beat C. T. Reeve, Taylor; James Williams, Stephenville, beat Eugene Byrd, Stephenville; Clifford Mackey beat Alvin Prince, Hamilton. Prizes Awarded Monday.

Presiding in his customary gracious manner after completion of Monday afternoon's final rounds was Herbert F. Sellers, who congratulated the golfers and presented prizes as follows:

Gilbert Stubbs as winner received a two-suit wardrobe case and the championship trophy, and as medalist he received a large umbrella. Runner-up John Whitacre won a radio, and consolationist G. M. Bullard received an umbrella.

In the first flight, Billy Higgs was winner, receiving the trophy for this flight and a piece of luggage; Mike Murphy received a radio for being runner-up; Doc Gibson received the consolation prize of a set of scales.

In the second flight Ted Jones was winner and received a set of eight Wilson irons; Brad Corrigan Jr. received a golf bag as runner-up; Jim Whitacre took the consolation prize of one Wilson putter.

The second flight prizes were duplicated in the third, fourth and fifth flights and went to the following:

Listen as the Redbird Rambles

By Carolyn Holford

SIDEGLIMTS . . . from the State Sand Green Championship Golf Tourney held here last week end included perhaps one of the largest reunions of old friends to be found during the year.

Many ex-Hicoans, some of whom live so far that they can't return any day in the year, plan their vacation around the date of this tournament and come back to play golf and to visit. One golfer was registered from the state of Montana.

There are usually so many people there and so many activities that it takes the local folks three weeks to get through talking about what went on—and almost that long to hear about everything that did happen.

THERE WAS PATHOS . . . mixed with humor and good fun this week end. The youngsters always enjoy the club house and the playground outside, but it was enjoyed a little too much this past week end. Little Sharon Howard, daughter of Druggist Bill Howard and wife June, met with an accident while playing on the slick floor. As she fell, her elbow was knocked out of joint, and her arm broken above the elbow.

TROPHY CATASTROPHE . . . resulted after a fashion, when the two guys who have led the field for the past eight years both had bad luck in efforts to compete for the first trophy ever offered by Bluebonnet Country Club at an annual golf tourney. These boys, Ray Cheek and J. H. (Doc) Brinkley, probably have more watches and golf equipment than they need from previous years' championships.

Doc had made big plans to come down this past week end and enter again. He had five championship titles to his record, and would likely have given stiff competition, again. But just before the event began, he telephoned that he was held back on account of illness.

Possibly this put a damper on the spirits of the red-haired defending titleist and three-time championship winner, as he never did rally according to his usual tournament procedure, and remained behind his opponent in the first round all the way. So after Ray was through in the first round, a large number of golfers were around to hunt for the prize.

And so it's the irony of fate. The jinx had to be broken some time, but it seems that two boys will have to regain that title again if they want a trophy to put in their den. That is, unless the club wants to present them a belated trophy in appreciation of their past records.

FIRST TOURNAMENT . . . ever played on the Hico course was in 1925, according to S. J. Cheek Sr., who has been a member and participant up until the latter years of the event. He recalls that the local members invited visiting golfers to play free of charge that year so they could draw a crowd.

Well the ambition has been well realized, if those earlier golfers wanted to attract statewide attention. Visiting players kept coming in after matching had been completed and asking if their entry fee would be accepted. Estimates are that there could have been a field of 110 or 115 tournament entries, even though it would have presented quite a problem on a 9-hole course.

Local members again received praise for having the nicest sand-green course in the state. And much credit is due the members of long-standing who have worked so hard to start a tradition that now rolls along under its own power. Most of them are in the background now, except for once a year when they meet out at the clubhouse to visit friends returning and to

see the prizes awarded. Most of the obstacles are now forgotten by the younger members, but there were days when it wasn't easy to get any help in carrying on the activities of a country club and when people didn't have the money to support it, and later when so many boys were in service that the tournament play had to be cancelled. Carrying on with obstacles of the present is Odis Petsick, president of the club, who efficiently supervised this tourney to give it the largest attendance in its history.

That's why this year's tournament was called the ninth annual event; it's only the ninth annual one since play was resumed after World War II. Don't be misled in thinking it's any baby in the sports field.

JOY OF BEING . . . an editor is aptly and briefly told below, if you'll bear with us: Getting out this newspaper is no picnic.

If we print jokes, people say we are silly. If we don't they say we are too serious.

If we stick close to the office all day, we ought to be around hustling material.

If we go out and try to hustle, we ought to be on the job in the office.

If we don't print contributions, we don't appreciate genius.

And, if we do print them, the paper is filled with junk!

If we edit the other fellow's write-up, we're too critical.

If we don't we're asleep.

If we clip things from other papers, we are too lazy to write them ourselves.

If we don't we are stuck on our own stuff.

Now, like as not, some guy will say we swiped this from some newspaper.

AND . . . we did! Thanks to The Hico item who picked this up from someone else, who probably picked it up from some other editor.

THANKS

We Wish to Say Thanks To Everyone

For the nice business you've given us during the past two years we have been in the Magnolia Station in Hico.

Also... We would like to bespeak for our successor a continuance of the patronage and good will which we have found so helpful and enjoyable.

Mr. and Mrs. James Brown of Fort Worth spent the week end with his grandparents, Mr. and Mrs. W. H. Brown. They were accompanied back to Fort Worth by Robert and Elizabeth Brown, who live in Fort Worth, and by Mrs. Edith Van Patton and daughter, Joyce of Pangburn, Ark., who had been visiting in the Brown home here.

Mr. and Mrs. Bradfute, Married Saturday, To Live in Hico

Miss Norma Jean Howerton became the bride of Thurman Bradfute in a wedding ceremony performed by Bro. Stanley Giesecke in his home Saturday afternoon at 4 o'clock.

Parents of the couple are Mr. and Mrs. Johnny Howerton and Mr. and Mrs. Ed Bradfute, of Hico. They plan to make their home in Hico. He has been employed for several years on a crew with the Missouri-Kansas-Texas railroad. The bride and groom are former students at Hico High School.

Mrs. Bryant Lively Honored on Birthday By Miss Ruth Willis

Miss Ruth Willis was hostess at the home of her father, E. A. Willis, to a birthday party for her friend, Mrs. Bryant Lively, on Wednesday, June 30, from 2 until 4 p. m.

The honoree received several nice and useful gifts for which she thanked each one graciously. Refreshments of ice cream, cookies, graham crackers, and iced tea were served to the honoree and the following guests: Mrs. Emma Lackey, Mrs. Albert Russell, Mrs. Ben Washam, Mrs. Dwain Wolfe, Mrs. Sarah Chew, Mrs. D. E. Smith and Mrs. Allie Cunningham.

Those who were unable to attend, but sent gifts were Mrs. Herbert Wolfe and Mrs. Sam Trimmer.

Mrs. Lively opened the gifts and passed them around for her friends to see and admire. After taking pictures, the crowd departed, wishing Mrs. Lively many more happy birthdays and thanking the hostess for a pleasant afternoon. CONTRIBUTED.

Clairette H. D. Club Meeting Highlighted by County Agent's Visit

The Clairette Home Demonstration Club met Friday at 2:00 p. m. in the home of Mrs. R. W. Sherard. The house was called to order by the president, and Mrs. H. K. Self acted as secretary in the absence of Mrs. Vance Wadlington.

Highlight of the meeting was a program given by the Erath County agent, Mrs. Betty Jo Duncan, on floors and floor coverings.

There were seven members and two visitors present. Refreshments of ice cold punch were served. A picnic lunch was planned for the next meeting to be on the lawn at the home of Mrs. Hub Alexander on July.

Swimming Party for M. Y. F. Draws Large Attendance Thursday

Members of the Methodist Youth Fellowship and their guests enjoyed a trip last Thursday night to Glen Rose where they had a swimming party at Oak Dale Park.

Those attending were Joan Holder, June and Jane Lamar, Lou Ann Lancaster, all visiting guests from out-of-town, Harvey Jones and Wayne Duncan and Diane and Carol Harris, Vanette Russell, Linda Cox, Jean Sherard, Virginia Jones, Jerre DuKlin, Peggy Ables, Mrs. Wayne Rutledge and son Bill, Miss Louise Holford, and Miss Evelyn Holford.

Mrs. Johnnie Williams Is Hostess Tuesday To South Hico Club

Mrs. Johnnie Williams was hostess to the South Hico Home Demonstration Club Tuesday of this week. Mrs. J. C. Robison read the motto, pledge and prayer. Roll call was answered with a fact about Texas. Mrs. W. R. Churchill gave the council report.

National Safety Week will be observed July 25 through August 1. This is to make people more safety-minded, whether it be in public, on the highways or in the homes; in other words, "safety is common sense."

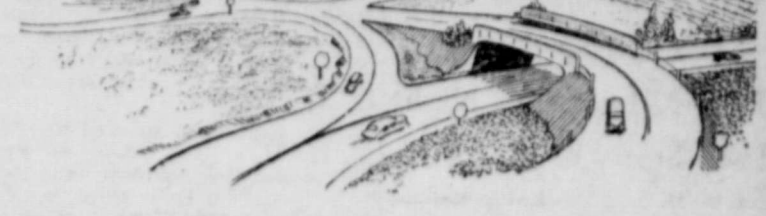

Miss Frances Wilshire, the county home demonstration agent, brought the program on scarves for the bedroom. She stressed several points: cream or ecru are preferable to white; a color is good; measure for size; finish on all sides with a hem with mitered corners; linen is a very good material, but should never be starched for greatest beauty, and other materials that are suitable may be used.

The hostess served cookies and fruit punch to the following: Mrs. Lenard Weaver, Mrs. Cyrus King, Mrs. W. A. Moss, Mrs. Eyrone Hawthorne, Mrs. Loyal Carr, Mrs. Jack Cox, Mrs. Robison, Mrs. Churchill, Miss Wilshire, a visitor, Mrs. Elizabeth Cox, and to nine children.

The next meeting will be held July 20 with Mrs. Cox. The program will be the art of being a gracious hostess and guest. Roll call will be answered with a flower garden hint.

Miss Lou Ann Lancaster, who had been visiting Diane and Carol Harris, returned to her home in Dallas last Friday morning. She went with Mrs. Oliver Majors of Dallas, who had been in Hamilton to visit her mother, Mrs. Lottie Wieser. Also accompanying them were Mrs. Sidney Wieser and daughters, Jean and Mary, of Hamilton, who went to Dallas so that Jean could receive treatment for a recent case of measles. Jean remained there under doctor's treatment, while her mother and sister returned to join Sidney Wieser here for the golf tournament. They visited Mr. and Mrs. H. N. Wolfe while here.

MORE MONEY for ROADS

During Allan Shivers' Administration more money has been spent for roads than in any other comparable period in Texas history.

For that money Texas added 14,926.10 miles of smooth roads to the state highway system and maintained all roads to keep them safe and sound for you.

Allan Shivers knows the importance of good roads to you. Whether trade-routes that speed goods to market or modern super-highways that make your driving a pleasure, good roads save you time and money.

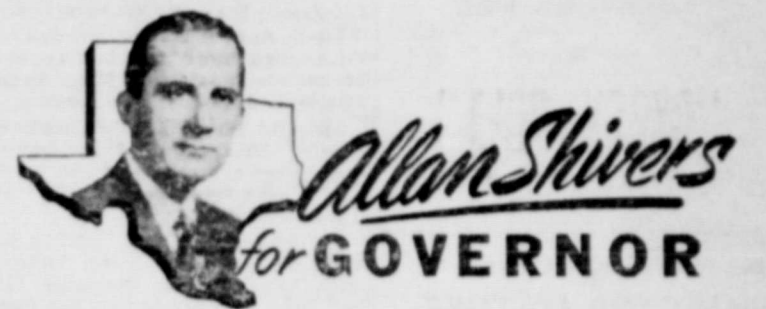

In HAMILTON COUNTY \$1,327,985.52 has been spent on roads for you during Allan Shivers' Administration.

You have 58.33 more miles of roads today than when he became your governor.

This means better Farm-to-Market roads, so important to farmers and citizens of small towns.

It means modern safe highways that make your trips enjoyable and inexpensive.

Texas comes first with Allan Shivers.

IREDELL ITEMS

by Miss Stella Jones, Local Correspondent

Mr. and Mrs. Bill Devereaux and children of San Antonio and Mrs. Bobby Ray Freeman of Dallas spent from Tuesday morning until Wednesday afternoon with their grandparents, Mr. and Mrs. Patterson.

Billy, the son of Mr. and Mrs. W. E. Boyd Jr. was taken to Fort Worth hospital Monday. Was said to be suffering from polio. He got better and is now at home, of which all are glad. Some children that played with him were given the shots.

Mrs. C. Allingham of Las Vegas, New Mex., and a granddaughter and husband and baby of Pittsburgh, Pa., Mr. and Mrs. G. P. Duncan and two children of Albany, Ga., and Mr. and Mrs. H. S. Duncan and four children of Benbrook visited their mother and grandmother, Mrs. Myrtle Duncan, this week.

The 2-year-old Donald Eugene Maness, son of Mr. and Mrs. Emmett Maness of Iredell, was critically injured on Monday. He was playing in a car which belonged to Mrs. Peggy Wilson. The car slipped out of gear and began rolling backward down a steep hill. The car turned around and picked up speed before striking a tree 75 yards down the hill, barely missing a laundry. The child was taken to St. Joseph Hospital and underwent brain surgery. He is reported to be doing nicely. Was taken back to Hico where he was taken at first. His brother, Dale, was also playing in the car, but got out before the accident occurred.

Mrs. Annie White Gordon of Dallas and Miss Nannie Lawrence of Hillsboro visited Mrs. James Porter and family this week.

Mr. and Mrs. Earl Behringer attended the funeral of his cousin, Mrs. Harris, who died in Fort Worth. She was buried in Whitney Thursday.

Mr. and Mrs. Nolan Chaffin and baby of Iraan spent the holidays with her parents, Mr. and Mrs. Bill Helm and his father, Lee Chaffin and wife.

Bobby Jack Wilson of Wickett visited his mother a few days this week.

Mrs. Lena Reavers of Arizona is spending the summer with her mother, Mrs. Helm.

Mr. and Mrs. Clarke Bowman and children of Fort Worth are here visiting relatives. He is on his vacation.

Mr. and Mrs. Levi Ratliff spent a few days this week in Cranfills Gap.

Mrs. Annie White Gordon, who is visiting here, also visited Mr. and Mrs. T. M. Tidwell. She was accompanied by Mrs. James Porter.

Mrs. Ella Davis and Miss Ola Sparks of Miles spent the holidays here with relatives.

Mr. and Mrs. Foster Plummer of Crane spent the holidays with her parents, Mr. and Mrs. Jim Hensley.

Mr. S. A. Dunlap, who works in Herrington's store was on a vacation for a few days this week. He and his wife visited her mother in Temple.

Mr. and Mrs. J. E. Tidwell and son of Joshua, Mr. and Mrs. Cotton Lynch and son of Fort Worth, Mr. and Mrs. Tom Tidwell of

Miles, Mr. and Mrs. Travis Huckabay and two daughters of Albany spent the holidays with their mother, Mrs. Lela Tidwell.

Some work was done Wednesday in the old cemetery. The crowd wasn't as large as was before. They still lack some more having it all clean.

LINCH-ENSMINGER

Miss Mary Linch, daughter of Mr. and Mrs. Harlon Linch of Iredell and Mr. Elliott Ensminger, son of Mr. and Mrs. Ensminger of Iredell, were married Friday night at the Iredell Baptist Church. Rev. Ray Ellis read the ceremony. Mrs. Bennet Whitlock furnished the music. Mrs. Ray Parks and Miss Nancy Strange lighted the candles.

In front of the altar were tall baskets of white gladioli and fern which were beautiful.

A very few close friends and relatives witnessed the wedding. Mr. and Mrs. Charles St. Clair of Fort Worth were out of town.

The bride's dress was tan linen. She carried a bouquet of white flowers. Her father gave her in marriage. Tom Simpson was best man and Mrs. Ray Parks was matron of honor.

Mrs. Ensminger is a 1954 graduate of Iredell High School. They went to Fort Worth soon after the wedding. Their many friends wish for them a long and happy married life.

Sailboat Operation To Be Featured on Humble's TV Program

Sailing, a favorite summer pastime for many Texans, will be featured next week on The Humble Co.'s TV program, Texas in Review. There will be excellent pictures of several types of sailboats being operated in Texas' lakes, rivers and bays.

Other Texas items of interest on the program include the centennials at Navasota and Sulphur Springs, M-Day in Houston, Breckenridge Sports Day, the State Bar Association meeting in San Antonio, and the Texas Cowboy Reunion at Stamford.

Monday, July 12, Texas in Review can be seen over KRLD-TV, Dallas at 9:00 p. m., and WBAP-TV, Fort Worth at 8:00 p. m.

Tuesday, July 13, the program will be carried by station KCEN-TV, Temple at 7:00 p. m.

Carlton

By Mrs. Fred Geyer

Mr. and Mrs. Dub Mitchell and two sons returned Wednesday to their home in Seagraves after spending their vacation with his mother, Mrs. Mary Mitchell.

Animal Diseases Are Being Scrutinized by Health Department

Austin, July 8.—Diseases in domestic animals and fowl is coming under closer expert scrutiny since July 5 when state health and veterinary authorities launched a new system of reporting prevalence, and distribution of animal diseases.

Depending on how much cooperation is forthcoming from private veterinarians, on whom the success of the program hinges, State Health Officer, Henry A. Holle, said the new system ideally will reveal bi-weekly incidence of domestic animal disease occurring in any of the state's 254 counties. Included among diseases reported are anthrax, brucellosis, equine encephalomyelitis, leptospirosis, ornithosis (psittacosis), rabies and others.

Thus, health officials will have an up-to-date check on infections afflicting household pets and farm animals, providing ailing animals were seen by veterinarians. Infections in animals are exerting increasingly greater influence on human health, state health leaders point out.

Agencies cooperating in the new venture are the State Department of Health, Livestock Sanitary Commission, A & M College School of Veterinary Medicine, Texas Veterinary Medical Association, the Disease Control Branch of the Agriculture Research Service, and the United States Public Health Service.

The State Health Department for years has maintained a reporting system for human communicable diseases. And for the past three years the department has conducted a monthly survey pin-pointing the county of origin and species of all rabies-positive animal heads autopsied by the Bureau of Laboratories.

This new animal morbidity system is separate from the human disease record, and absorbs the monthly rabies report. The report system works like this: Two identical self-addressed, postage-free report cards are mailed to each of the state's 700-plus private veterinarians. One card covers the first half of the month; the other the second half.

A column of most important animal diseases is printed on each card. The veterinarian has only to check the number of cases of each disease he has observed during the appropriate two-week period and return the card to the state health agency.

Accumulative results for each monthly period are by the Bureau of Laboratories, and a copy sent to each veterinarian when new report cards are mailed.

The tabulation shows any unusual incidence of specific disease in a given area, so that appropriate control measures can be started to prevent its spreading.

By John C. White, Commissioner

CUTTING FARM COSTS

Farmers who are faced with the problem of increasing farm operational costs may be able to lower them by using improved fertilizer and other cultural practices.

Investigations and experiments show that improved practices, as compared with farm practices currently used, can cut the cost of producing a bushel of wheat from \$1.55 to \$1.28, of oats from 90 cents to 89 cents, and of corn from \$1.21 to \$1.02. Recommended practices also lowered the cost of producing a ton of alfalfa-brome grass hay

from \$16.80 to \$13.30 and a ton of sugar beets from \$11.21 to \$8.19. All this means more profit to the farmer.

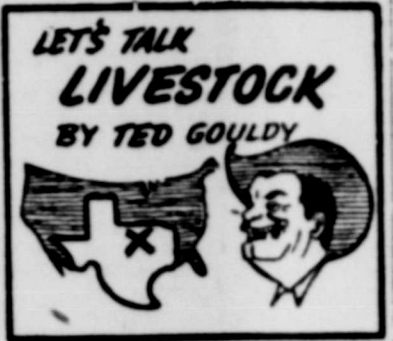

The recommended practices which are best suited for particular areas may be obtained from county agricultural agents or the Texas Extension Service. Researchers have found that it is necessary to spend more money per acre to follow proved practices but the resulting greater per-acre yields more than offset the extra expense.

An example can be found in the production of corn in a midwestern state. Where the farmer spends \$46 an acre to produce 38 bushels of corn, he could spend \$62.25 an acre and produce 61 bushels of corn on each acre.

Fertilizer plays a big role in this increase. Other factors are involved such as timely planting, use of adapted varieties of seed, seed treatment, crop rotation, soil management, tillage and weed control. Each of these help lower production costs.

While Texas is a leading producer of many commodities, such as cotton, it is an uncomfortable fact that it ranks low in actual per-acre yields. We have enough land to produce tremendous amounts of crops, but we are not taking full advantage of the soil's capacity to produce per acre.

In these days of high production costs, it is definitely to the farmer's advantage to practice every known measure to increase his per-acre productivity and assure himself of more gain for effort.

Officials Study Beef Purchases

Increasingly dry conditions over a wide section of Central and East Central Texas is causing some alarm and is prompting some inquiry as to whether the need for drought feed and other steps to help farmers and ranchers in the area may not be needed.

This writer talked with Texas Agriculture Commissioner John White last week and he was investigating the matter with a view to steps needed for relief of drought area farmers and stockmen.

Secretary of Agriculture Benson was asked to look into the need for some drought relief in Texas in a letter written by Texas Congressman Wingate Lucas last week. Lucas asked the Secretary also to look into the need for expanding government purchases of beef in order to halt the downward skid of cattle prices as Summer runs reach a peak.

Lucas was advised by livestock market men at Fort Worth that some classes of cattle, especially cows and bulls, were selling late last week within a dollar or so per hundred of the low time in June a year ago and fears that these low points would be reached soon unless some government buying entered the market were freely expressed.

It is understood the funds and the necessary organization are at hand to step up purchases of beef and beef products for use in the school lunch program and in the Foreign Operations Administration.

Some government purchases at this time could prevent serious losses of farmers and stockmen as they harvest their cattle crop in the next 90 days.

Market Steady at Fort Worth Monday

Cattle and calf prices were generally fully steady at Fort Worth Monday. Some spots were stronger on cows and slaughter calves. Salesmen were generally asking sharply higher prices, but the buying side was extremely reluctant to increase livestock costs and little change was effected. Stocker and trade was rather a narrow affair, some choice calves and yearlings sold steady, but otherwise most stockers sold at or near butcher levels.

Good and choice slaughter steers and heifers sold from \$17 to \$22, two loads of well finished heifers at \$21, and three loads of choice heifers from Moore County topped at \$21.50.

Some good steers from the Sensbacher Ranch of Clay County sold at \$18.75. Common to medium grassers sold from \$10 to \$16.50, and cutter grade yearlings sold from \$8 to \$10.

Fat cows sold mostly from \$9 to \$12, a few heiferish kinds to \$13. Cannors and cutters sold from \$6 to \$9, and some shelly cannors were bid below \$6. Bulls drew mostly \$8 to \$13, odd head outside that range.

Fat calves of good and choice kinds sold from \$14 to \$17.50, and common to medium slaughter calves drew \$9 to \$13, and culls sold from \$7 to \$9.

Stocker steer calves drew \$12 to \$17, a few to \$18. Stocker steer yearlings sold from \$17 down. Stocker cows were reported from \$8 to \$11 in a few sales.

from \$16.80 to \$13.30 and a ton of sugar beets from \$11.21 to \$8.19. All this means more profit to the farmer.

The recommended practices which are best suited for particular areas may be obtained from county agricultural agents or the Texas Extension Service. Researchers have found that it is necessary to spend more money per acre to follow proved practices but the resulting greater per-acre yields more than offset the extra expense.

An example can be found in the production of corn in a midwestern state. Where the farmer spends \$46 an acre to produce 38 bushels of corn, he could spend \$62.25 an acre and produce 61 bushels of corn on each acre.

Fertilizer plays a big role in this increase. Other factors are involved such as timely planting, use of adapted varieties of seed, seed treatment, crop rotation, soil management, tillage and weed control. Each of these help lower production costs.

While Texas is a leading producer of many commodities, such as cotton, it is an uncomfortable fact that it ranks low in actual per-acre yields. We have enough land to produce tremendous amounts of crops, but we are not taking full advantage of the soil's capacity to produce per acre.

In these days of high production costs, it is definitely to the farmer's advantage to practice every known measure to increase his per-acre productivity and assure himself of more gain for effort.

Why Lose EARLY EGGS?

How often have you wished you could take advantage of those high egg prices we have early every fall?

USDA records show that three dozen eggs in the early fall months usually bring you about as much as four dozen eggs in mid-winter.

That's why I figure the new Nutrena Pullet Grower is so important to you poultry raisers. It contains Life-Saving Livium, a new discovery that's packed with antibiotic, an anti-coccidiosis ingredient, vitamins and other important nutrients.

This extra growth power helps your pullets safely mature fast and give you good production when egg prices are usually high.

So why lose those early eggs? Stop in this week for Nutrena Pullet Grower.

Local Woman's Uncle Receives Recognition In Company Publication

The following feature article is reprinted from the Rokemko News, a company publication of the Robertson Chemical Corporation, South Hill, Va. Sterling P. (Andy) Anderson, subject of this article, is an uncle of Mrs. O. H. Brummett, of Fairy, and he was reared near Fairy. He is now manager of the South Hill plant of this company, and will likely be remembered among old friends here.

Born on Oct. 1, 1894 and raised on a cattle, grain and cotton farm in Hamilton County Texas (near Fairy), 'Andy' Anderson attended a one room school in Texas, going as far as he could and then he attended Randal's Academy (at Hico) one year. Afterwards he entered Baylor University at Waco, Texas where he spent one term.

After leaving the University, he decided to take a course in Toby's Business College at Waco, and graduated in everything they taught in that school.

He worked for the Texas Fidelity and Bonding Company, and when that company was taken over by National Surety Company of New York, he remained with them until 1917. As soon as World War I started he volunteered as a buck private in the Marines and was promoted to Second Lieutenant just at the close of the war. Upon his discharge from the Marine Corps he worked about three months with George Leary Construction Company but on Jan. 16, 1920, he joined the Robertson Co.

His first job with the company was doing electrical work in the office of the Norfolk plant. He soon began doing work outside of the office in addition to his office duties and before long was made foreman. Later he was transferred to the South Hill plant. Having gained experience at South Hill he returned to the Norfolk plant and became plant superintendent. Upon the death of the South Hill manager, he was returned to South Hill as manager of the entire operations there which included sales as well as the plant operation. Under his direction the operation there has grown constantly until today it forms an important part of Robertson Chemical Corporation.

Andy is a member of the South Hill Baptist Church, a charter member of the South Hill Rotary Club, a member of the South Hill Masonic Lodge, has served several terms on the South Hill Town Council, is a vice-president of the Citizens Bank, South Hill, Va., and is manager of the South Hill plant of this company.

His two sons are at present working in the South Hill office of Robertson Chemical Corp.
