Austin, Aug. 17.—Charges and countercharges flew fast as the race for governor rounded the turn for the final lap.

Judge Ralph W. Yarborough, quick to accuse Allan Shivers of misdeeds found fault with state printing contracts awarded to the Times Publishing Company of Mission because Shivers had been a stockholder in the company.

Another Yarborough charge was that Shivers had withdrawn the Rangers from political-hot Duval County.

This statement, said Ranger Captain Alfred Y. Allee, was "utterly untrue." Captain Allee testified that the Rangers are still in Duval County.

And Colonel Homer Garrison, director of the Texas Department of Public Safety, asserted that no request had been made to pull the law officials out of George Parr's domain.

Yarborough's political promises came in for attack. When he pledged himself, if elected, to support a Galveston County project—a \$5 million bridge across San Luis Pass—a statement came from John S. Redditt of Lufkin.

Redditt, former chairman of the state highway commission, former state senator, and former president of the Texas Good Roads Association, said:

"In all my experience the Texas Highway Department has operated without this kind of political interference from the governor, the Legislature, or any other source. This policy has given Texas the nation's finest roads per dollar expended."

Yarborough Campaign.

Otherwise, in his campaign speeches, Yarborough:

Promised to build 40 new dams in South Texas.

Charged that a "vast army of state employees" had been forced to leave their jobs and campaign for Shivers.

Proposed the creation of a new Texas water board and advocated the investment by the state of \$400 million in water conservation projects.

Charged that Shivers spent \$2 million in his first primary campaign.

Shivers Campaign.

In his campaign appearances, Shivers:

Rapped Yarborough for being "the only man I know of in Texas who has cast doubt on Texas' tidelands claim to the 10 1/2 mile limit."

Charged that Yarborough misled Negro voters in the first primary by announcing that he was for segregation and then later stating his opposition to the U. S. Supreme Court's segregation decision.

Told Port Arthur listeners in a public rally that people who represent Communist-dominated unions and opposed the present state law outlawing the Communist Party are supporting Yarborough.

Big Vote Anticipated.

Absentee balloting reports from over the state indicate a good possibility of the August 28th Democratic run-off primary bringing a heavier turn-out than did the first primary, according to various county clerks.

In Austin, Travis County absentee ballots were coming in at a rate approximately five times that of the July primary, according to County Clerk Emilie Limberg.

A Short Ballot.

Texas voters August 28th in the Democratic run-off primary will have one of the shortest run-off ballots in years.

Only two state-wide run-off races, the gubernatorial contest between Allan Shivers and Ralph Yarborough, and the Supreme Court race between Alfred M. Scott and Few Brewster.

There will be 21 district races composed of two runoff for Congress, one for district judge, three for district attorney, and fifteen for state representative.

New Bridge.

Texas Governor Allan Shivers will be the chief speaker at August 21 ceremonies opening the \$25 million surfside highway bridge at Brazosport.

The bridge is the only fixed span over the Intracoastal Waterway. It has a 78-foot vertical and 201-foot horizontal clearance for water traffic.

Road Bids.

Bids for construction on 288 miles of state roads were scheduled to be opened by the State Highway Department Tuesday and Wednesday with estimations running around \$9 million.

Bids were to cover some 122 miles of farm roads and 106 miles of state and federal highways. A large portion of the total cost will go for expressway construction in Austin and Dallas.

Farm Income Up.

Texas' farmers earned more during January-June of this year than during a like period last year although farm prices were declining, the University of Texas Bureau of Business Research has reported.

The bureau said that farm income was running nine per cent over that of the first six months of 1953. Increased revenues from cotton and cattle were primarily responsible for the increase, the bureau said.

Prevue of Rodeo Given Guests at Dublin Barbecue

Attendees at the annual press and radio prevue of the Dublin Rodeo, held Tuesday night at the ranch home of Everett E. Colburn two miles southwest of Dublin, heard enthusiastic plans for this year's offering.

Present from Hico to enjoy the traditional barbecue and festivities, given in appreciation of the cooperation from nearby towns received by the Association were: T. A. Randale, Weldon Pierce, Buck Meador, Roland Holford, Parker Goodloe and Fred Red Harris.

The greatest list of star performers ever to appear during the Dublin Rodeo has been assembled by Everett Colburn, producer, for the 15th annual showing of the Pre-Madison Square Garden World Championship Rodeo. This year's show, truthfully termed "bigger and better than ever," will get underway Wednesday night, Sept. 1, and will continue through Saturday, Sept. 4.

Heading the list of top-ranking showmen is Gene Autry, stockholder in the Dublin Rodeo Enterprises, Inc., who will appear at nightly performances with his famous horse Champion Sept. 1 and 2.

Autry has not appeared at the Dublin Rodeo since 1946. With Autry will be the Cass County Boys, former WFAA radio stars.

The Harris County Sheriff's Posse, to appear at all nightly performances, will present their famous and seldom-equalled "Torch Ride," with the arena in total darkness. Over a half million spectators have witnessed their precision exhibition as they have performed at leading rodeos throughout Texas.

Billed for the final two nights' performances, Sept. 3 and 4, is the Bluebonnet Barn Dance, featuring Clyde (Barefoot) Chesser and his Texas Village Boys, appearing each Saturday night over KCEN-TV, Temple.

All of this entertainment is to be in addition to the main attraction—performances of the nation's best rodeo performers in the rodeo arena, after their share of the \$4,400 prize money offered during the Dublin Rodeo. These top-hand contestants will attempt to ride and outwit some of the best rodeo stock in the country. Rodeo stock will be from the herds of Everett Colburn; outlaw broncos and wild Brahmas bulls which have been raised and trained on the famous Lightning C Ranch.

It has been said that the curtain never rises on a genuine rodeo. Somebody just opens the chutes and out springs a hurtling hunk of humanity—perched on the hurricane deck of the wildest bronc or bull—for the ride of his life.

Such will be the case when the 15th Annual Dublin Rodeo opens Sept. 1, in what is termed the best rodeo in Texas, the rodeo which goes directly to New York from Dublin.

As usual, a good attendance is expected from Hico and the community surrounding, which has always been a neighborly gesture.

Mrs. John Golightly Named New President of THDA

Mrs. John Golightly of Hico was elected president of the Texas Home Demonstration Association and took over her new duties last week. The honor came to her at the 28th Annual session of THDA, held at the Adolphus Hotel August 11, 12 and 13.

Other officers for the Association elected Thursday and installed Thursday night, along with Mrs. Golightly, were: Mrs. R. C. Wood, Port Lavaca, vice-president-at-large; Mrs. Bob Potter, Roscoe, secretary; and Mrs. Carl Herfurth, Garland, treasurer.

These officers will serve for two years.

Climax of Active Career. Mrs. Golightly's elevation to the presidency of THDA climaxes her many years of outstanding work in the organization.

She has been a member of the Clairette Home Demonstration Club for 18 years. She has held all the offices in the club and the council.

She has attended many district and state meetings and last year was a delegate to the national convention in Boston, Mass.

Mrs. Golightly has served on the Board of Directors of the Texas Home Demonstration Association in the following offices:

In 1947 she was appointed Chairman of the state 4-H Committee to fill an unexpired term.

In 1948 she was elected Vice-President for District 8 and served two years.

In 1950 she was elected State Secretary and served two years.

In 1952 she was elected Vice-President-at-Large for the Association.

Prominent in Civic Work. Mrs. Golightly, whose home is in the Clairette community seven miles west of Hico, has lived in or near Hico since moving here as a child with her parents, Mr. and Mrs. A. J. Jordan. She was graduated from Hico High School in 1925.

Besides being active in Home Demonstration Club work, she has been prominent in civic and church work. She has served as president of the Hico Garden Club and as president of the Hico Parent-Teachers Association.

Her husband, a successful rancher and farmer, raises registered Hereford cattle. Her son, Charles, who received his bachelor of science degree from Texas Tech at Lubbock last year, is now a rancher at Luther, Okla.

Mr. and Mrs. Golightly also have two daughters, Mrs. Ray Keller of Hico and Mrs. Wendell Burden of Abilene, and four grandchildren. **Interesting Convention Program.** Speakers for the meeting were: Lisa Sergio, Woodstock, Vt., an international lecturer and news commentator; Maurine Hearn, State Home Demonstration leader, College Station, and Dr. Imogene Bentley, dean of women at North Texas State College.

The delegates voted to invest \$10,000 in federal savings account

MRS. JOHN GOLIGHTLY
"A Hard Worker in a Big Job"

to take care of a scholarship fund, and to establish another \$500 college scholarship to be awarded each year to a 4-H girl in the State.

The organization already has presented two \$500 scholarships to outstanding 4-H girls each year.

Recommendations Accepted. The delegates accepted the fol-

Bosque HD Women To Have 2-Day Camp During Week End

Clifton, Aug. 17.—Bosque County Home Demonstration Clubs will have their annual camp Friday and Saturday at the Que-Ann Swimming Pool between Clifton and Cranfills Gap. The Bosque County ladies will have as their guests the ladies of the Hamilton County Home Demonstration Clubs.

Mrs. Clarence D. Handley of Clifton will be in charge of craft instruction, and there will be a club display and demonstration of ceramics, aluminum tooling, making of picture frames, and producing lampshades of papier-mache.

A feature of the program will be a demonstration on cooking a full meal in the Dutch oven by Mrs. Hannah Bolcher, REA home economist of Stephenville.

Friday night's entertainment will consist of skits and recreation events by the various clubs.

Mrs. Angell Honored In Current Edition of High School Annual

The 1954 Hico High School yearbook, "The Tiger's Lair", distributed last week, is dedicated to Louise Bryan Angell in recognition of "her many years of faithful service to the Hico school and student body, her unflinching good humor, and her kindness and consideration for all."

Mrs. Angell, an English teacher, holds the longest record of service among present faculty members.

Publication of the annual was delayed in order that the full year's activities, including graduation, might be included. The 88-page book contains pictures of all students in the elementary and high schools, and all teachers.

On the staff were Carol Harris, editor; Linda Cox, assistant editor; Don Ross, business manager; Karen Higginbotham, assistant business manager; Jean Sherrard, snapshot editor; Connie Meador, assistant snapshot editor; Peggy Goodloe, art editor; and Mrs. Sammie Pittman, sponsor.

HAMILTON YOUTH KILLED IN HIGHWAY COLLISION

Hamilton, Aug. 18.—Henry Martin Bennett, 16, was instantly killed Tuesday in a two-car collision on State Highway 36, fifteen miles west of Hamilton. Gene Shepherd, one of the two boys in the car with young Bennett, suffered a broken leg.

Funeral services for the youth, whose parents are Mr. and Mrs. Edward Bennett of Hamilton, were held at 9 a. m. Thursday at Riley Funeral Chapel.

Boy Scout Executive Informs Lions About Work in This Area

Pete Wagner of Gatesville, district Boy Scout Executive for the three counties of Hamilton, Bosque and Coryell, addressed the Wednesday noon session of Hico Lions Club, held at the Loudermilk Cafe.

The guest speaker was introduced by M. I. Knudson, local Scout worker, who expressed the hope that the speaker's remarks might clarify some of the misunderstanding that has existed, and iron out some of the problems encountered by local sponsors, especially in fund-raising campaigns.

Assisting Mr. Wagner in a presentation of his subject was Buddy Teague, Eagle Scout from Troop 99, who was praised for his record, progress and standing. Buddy's accomplishments have been a source of pride to all citizens, especially members of the Lions Club, by whom the local troop is sponsored.

Explaining the set-up in the Hico Scout Council, Mr. Wagner exhibited a map of the nine-county area, with Waco as headquarters, and gave detailed facts and figures as to how the vast program is handled. Considerable emphasis was placed on Camp Tahuaya, which is a recreational center available to all Scouts of this area.

"We have never put pressure on any town to raise funds," the speaker declared, "and that's one reason why we never set a quota for our drives. Our aim is to give citizens an opportunity to contribute, and I assure you that there are numerous instances where this opportunity is appreciated."

A majority of the money is used locally, it was stated, and in most places voluntary response has been more than sufficient to take care of financing when even as much as one-fifth of the population is contacted.

At the close of his talk Mr. Wagner distributed copies of the budget carrying explanation of each item of operating and capital expenses, totaling \$72,336.50 for 1953-54 and set at \$76,485.40 for the coming fiscal year beginning October 1.

Nearly a full attendance of members heard the speaker's remarks, along with one other guest, Ray Townsend of Crane.

NOTICE OF VISIT

People are losing money because they do not file applications on time for Old-Age and Survivors insurance benefits, according to Joe Clepp of the Waco office of the Social Security Administration.

If a member of your family has died, or you have reached 75, write for further information, or see the social security representative who will be in Meridian at the County Treasurer's Office between the hours of 1:00 and 3:00 on Tuesday, August 24. He will be glad to answer your social security questions or take your application for benefits.

Weldon Pierce Again Named Top Insurance Salesman in District

For the third year in succession, Weldon Pierce has been named top salesman for the Great American Health & Life Insurance Co. in the Fort Worth district. For this accomplishment he has been awarded a vacation trip to the company-owned Rebecca Creek Ranch, located 13 miles south of Blanco.

The group will get together Friday night of this week for a banquet and meeting at the Plaza Hotel in San Antonio, after which they will proceed to the dude ranch.

Accompanying Great American's special representative in the local area on the trip will be his wife and their two children, Lavon and Bonnie.

Hico Represented in Youth Encampment At Lake Brownwood

Representing the Hico Baptist Church at the Baptist Youth Encampment at Lake Brownwood last week were Mrs. J. T. Appleby, counselor; Rollie Chaney, boys sponsor; and Joe Knight, Lavon Pierce, Geoffrey Holladay, Carey Lynn and Ronald McKenzie, Jimmie Herrington, Max Burden, Bonnie Pierce, and Peggy and Regina Ellis.

The Hico group was accompanied to Lake Brownwood by Weldon Pierce and Rev. Joe B. Taylor.

HAS NEW ASSIGNMENT

A/3c Bobby Britton, who has been receiving instruction in maintenance of heavy Bombers (B-36) at Sheppard Air Force Base, Wichita Falls, for the past ten months, has completed his course and received his diploma Tuesday night.

After a visit here with his parents, Mr. and Mrs. John Britton, and family, he expects to report to active duty at Carswell Air Force Base in Fort Worth.

CERTAIN FORMER MEMBERS OF U. S. ARMED FORCES ENTITLED TO VOTE

Austin, Aug. 12.—Former members of the Armed Forces, the U. S. Maritime Service or the U. S. Merchant Marine who have seen active duty within the last 18 months are entitled to vote in the August 28 run-off primary without the payment of the poll tax, according to a ruling by Attorney General John Ben Shepperd.

Shepperd said the waiver also applies to any person who is now on extended active duty as a member of any of the reserve components of the Armed Forces, a selective service draftee, a member of the National Guard, the U. S. Maritime Service or the U. S. Merchant Marine.

The Texas Constitution prohibits members of the "regular" military establishments from voting.

Voters covered by Shepperd's ruling are not required to accompany their application for an absentee ballot by either a poll tax receipt or an exemption certificate, though the county clerk may require the voter to make a statement setting forth his military status.

Hico's Game Sunday at Glen Rose Crucial in Bosque Valley Series

By LEON LEWIS

Hico lost a hard fought game Sunday to Ireddell, 7 to 6. Dublin won over Alexander, 12 to 10, and Glen Rose forfeited to Gorman, 9 to 0.

The Hico-Ireddell game was anyone's ball game from start to finish and was played before an exceptionally large crowd.

Next Sunday finds Hico at Glen Rose, Dublin at Ireddell, Alexander at Gorman. These games will wind out another successful season for the old league, unless it becomes necessary to play the rain-out games between Ireddell and Alexander. Sunday's outcome of Hico's and Ireddell's games will decide this.

Watch your next weeks paper for play-off game announcements.

Fan Letter Reaches Star Despite Address in Code

Imogene Coca
Wonderful Town
TEXAS

Uncle Sam's postmen scored a bull's eye with prompt delivery of the above postcard to Dallas, Texas, despite its cryptic address. The fan letter was awaiting the famous television comedienne, Imogene Coca, when she arrived to rehearse her starring role in the hit show, "Wonderful Town," playing at the State Fair Musical in Dallas August 23 through September 5. Miss Coca's appearance, in person, will be the grand finale of the Musical's 1954 summer season.

DUBLIN RODEO QUEEN—Pretty Jo Ann Henderson of Dublin, Texas has been chosen Queen of the Pre-Madison Square Garden Rodeo to be held in Dublin on September 1, 2, 3 and 4. The 17-year-old Miss will lead the parade which precedes each nightly performance. A feature attraction on September 1 and 2 will be the personal participation of Gene Autry, star of radio, stage and screen—his horse Champion—and the Cass County Kids—in specialty acts. The 21-Member Sheriff's Posse of Harris County will present a spectacular lighted torch act at each of the four nightly performances.

Fairy— By —
Mrs. Eunice Massengale**FIELDS-LOWERY RITES**Miss Joyce Fields of Fairy be-
came the bride of Boyd Lowery of
Meridian, at the Fairy Baptist
Church at 7:00 p. m. August 14.
Rev. Bill Stone of Fort Worth, pas-
tor of the church, was the officiat-
ing minister in the simple, but
impressive double ring ceremony.The church altar was beautif-
fully decorated with pedestal type bas-
kets of pink gladioli, with match-
ing satin ribbon trim and a back-
ground of greenery.Miss Martha Helen Hanes of
Fairy played the wedding music,
and was accompanied by her cou-
sin, Miss Margie Jones of Pasa-
dena, Texas, as she sang "Because
You're Mine," and was her own
accompanist as she sang "The
Lord's Prayer," concluding the
ceremony.Miss Mary Nell Jones was maid
of honor and wore an ice blue taf-
feta dress with self color lace trim
and a white carnation corsage, and
carried the ring bearer of white
net over white satin. Bridesmaids
were Miss Barbara Guinn, who
wore a dress of pale pink sheer,
and white carnation corsage, and
Miss Jimmie Gordon, who wore a
dress of canary yellow sheer, with
white carnation corsage. Their at-
tendants were Frank and John
Fields, brothers of the bride, who
also served as ushers. J. D. Wil-
liams of Fort Worth, brother-in-
law of the groom, served as best
man.The bride, given in marriage by
her father, chose for her wedding
a street length gown of tiny fig-
ured white net over pink taffeta. It
was fashioned with a fitted bodice,
with full gathered skirt and sleeve-
less. Her veil, which was finger-
tip length, was of white net at-
tached to a tiara of tiny white
roses. Her shoes were navy and
she wore a white carnation cor-
sage with satin ribbon streamers.
She carried a white Bible, belong-
ing to her aunt, Mrs. Adrien L.
Dandby of Waco, which was topped
with a corsage of white lilies of
the valley and white satin stream-
ers. She carried out the old tradi-
tion, something new, old, borrow-
ed and blue and wore a coin in her
shoe. For something borrowed and
blue she wore a blue garter, bor-
rowed from her aunt. Her Bible
was old, her ensemble was new,
and she wore a coin in her shoe.
The bride's mother was attired
in a blue crepe dress with white
corsage and accessories. The
groom's mother wore a dress in
pastel rose pink with white cor-
sage and accessories.A reception was held immedi-
ately after the ceremony at the home
of the bride's parents. The dining
table was laid in white lace and
was centered with a two-tier wed-
ding cake, with snow white icing
in glacier design and topped with
a miniature bride and groom.
Misses Walter Abel, Audie Clark,
Bill Stone and Edward Guinn serv-
ed cake and ice cream to the wed-
ding party and some fifty or more
guests.The bride, only daughter of Mr.
and Mrs. Maurice Fields, graduat-
ed from Fairy High School last
May, being valedictorian of her
class and was very popular dur-
ing her school year.The groom, son of Mr. and Mrs.
H. L. Lowery of Meridian, has
been a member of the Fairy school
faculty for the past two years and
has also been employed for the
coming school term, and is also
ball coach. He is a young man of
sterling qualities.The couple left immediately af-
ter the reception for a wedding
trip to Hot Springs, Ark. For go-
ing away the bride wore a dress
of black taffeta with white hori-
zontal stripes, with white collar and
cuff trim. Her shoes were gray
and black and she wore her wed-
ding corsage. After the wedding
trip the couple will be at home at
Fairy.Relatives of the bride who at-
tended were her maternal grand-
mother, Mrs. B. C. Anderson of
Waco, and paternal grandmother,
Mrs. John Fields of Cranfills Gap,
also her aunts and uncles, Mr. and
Mrs. Ardain L. Danaby of Waco,
Mr. and Mrs. Reubin Fields and
children, Cranfills Gap, Mr. and
Mrs. Clarence Fields and family,
Clifton, and a great-aunt, Mrs.
Clara Holloman of Houston.Relatives of the groom attend-
ing were his parents, Mr. and Mrs.

and Mrs. James T. Young, Jimmie,
Kenny and Larry, Dallas, Maurice
Hicks, Lamesa, and Mr. and Mrs.
J. D. Williams, Vanetta, Ricky and
Muggins of Fort Worth.The many friends of this fine
young couple extend congratula-
tions and best wishes for a life of
happiness throughout their jour-
ney of life together.This was the first church wed-
ding at Fairy in more than 50
years.Our weather news is still the
same—dry and hot, however we ap-
preciate the cooler nights of late
and a nice breeze also during a
portion of the day.Little Ricky and Phillip Vaughn,
children of Mr. and Mrs. Glenn
Vaughn of Corpus Christi were
stricken with polio last week.
Ricky, 8, became ill on Monday of
bulbar polio, while Phillip, 2, was
stricken on Wednesday with a
less serious type, which we un-
derstand was in his arm. The chil-
dren are grandchildren of the late
Edd Vaughn and Mrs. Vaughn of
Hamilton and Mr. and Mrs. Avery
Clemmer, also of Hamilton. The
Edd Vaughn family formerly re-
sided in the Agee community near
Fairy, and all are sorry to learn
of the children's illness, and may
God bless and comfort the par-
ents and other relatives in these
hours of anxious waiting. We feel
we know how to sympathize, sincewe have a precious little grandson
crippled from this dreaded disease.Mr. and Mrs. Carl Ray Sellers,

by now, one of the big bad wolves
has been caught. We received this
information in time for print last
week but overlooked turning it in
and our phone being out of order
for a time eliminated our turning
it in by phone. Our federal trapper,
Fayette Campbell, caught the
animal after a week of trapping.
The wolf was thought to be about
three years old and was caught on
the Jack (Aile) Sheppard place
about five miles east of Fairy and
is known to be responsible for the
death of 64 head of sheep and per-
haps an additional number of
sheep and other animals to make
it nearer 100.Fern Jordan and his employees
did some traveling in this com-
munity last week. They traveled
a portion of the old east dirt road
running south of Fairy toward
Agee and also did some grading
and graveling at the new home of
the death of 64 head of sheep and per-
haps an additional number of
sheep and other animals to make
it nearer 100.We notice quiet a bit of extra
travel on the farm-to-market high-
way 1602, as our home is only
about 33 feet from the pavement.
All is due to the completion of the
south portion of this road just
north of Jonesboro. Many seem
to be travelers on vacation and
otherwise. Since a straight cut
can now be made from Hico to
Gatesville and eliminate going by
Hamilton, which also shortens the
distance several miles, many are
now traveling the 1602 road.Dewey Wilson was a business
visitor in Fort Worth Saturday.
He was accompanied by Bill Abel.
Mrs. Brittle Little returnedhome Monday after almost a weeks'
stay at the Hico Hospital. Glad to
report her much better.Bernice, little six-year-old daugh-
ter of Mr. and Mrs. Willie Turner
had the misfortune to break her
arm near the elbow a few days
ago, when she fell from a bicycle.
She was carried to the Hico Hos-
pital where she received medical
attention.Another birthdate for August is
that of our son-in-law, D. E. All-
ison of Dublin whose birthdate is
Aug. 28, and which also happens
to be the Allison's wedding anni-
versary.

Christian Giving.
Lesson for August 22: 1 Corinthians
16: 1-2ab; 11 Corinthians 8: 1-9.
Golden Text: Acts 20: 35.Christian giving is an indispen-
sable part of Christian living. No
man can be sincere in his Christian
life if he is not willing to give unto
God that which is due. Paul was
concerned in raising a collection
for the poor saints in Jerusalem
and he was urgent in emphasizing
the responsibility of converts to-
ward the needs that were brought
to their attention.The apostle laid down a plan
that anticipated by nearly two
thousand years the every-member
cavass and the weekly bringing of
contributions to the church. Upon
the first day of the week, he wrote,
Christians should lay aside the
part of their earnings that should
be consecrated unto God.Paul cited the example of a gen-
erous giving by the Macedonian
Christians, who had given above
all that he expected of them, and
more, beyond all that he thought
was their ability to give. He also
revealed the secret of their gen-
erous giving—they first gave their
own selves unto God. When a man
gives himself to God, there is noth-
ing that he will withhold from
God.But Paul, in urging the Cor-
inthians to give freely, also cited
the greater example of the Lord
Jesus who was rich but surren-
dered his kingly glory and became
poor that men might be rich.Caracul, used extensively in mak-
ing fur garments, is a tightly

Washington

"As it
Looks
From
Here"

OMAR BURLISON
Congressman
17th District

Washington, D. C., Aug. 17—
There are certain basic and funda-
mental freedoms to which every
loyal American is devoted. It is
inherent in us to defend the free-
dom of Religion, freedom of
speech, freedom of the press, and
freedom of assembly. These are
the freedoms and the liberty about
which we talk so much.

From 1945 to 1948 thousands of
Greeks starved to death while
fighting for similar freedoms. They
refused Communist food for the
surrender of their liberties.

On the other hand, there are
tens of millions of people in the
world who do not care for these
abstract freedoms, but only want
sufficient food and a roof over
their heads. Mostly they are people
to whom these things we call liber-
ty have meant nothing and have
no appeal.

There are all sorts of concepts
of freedom and liberty. Sometimes
we ourselves become confused as
to what it really is. We may con-
tend we have a right to do this
and that and the other, but usually
with a privilege goes responsibility.

Some people are most fearful
that our liberties will be jeopardized
if wire-tapping becomes legal
or if witnesses before investigat-
ing committees are limited in their
right to claim protection under
the Fifth Amendment. If this is
a surrender of any liberty which
we may enjoy, it seems to me we
should be able to forego this much
in order to protect ourselves
against those who would destroy
our freedoms completely.

In times of stress it has been
necessary for everyone to give up
to some degree a part of his liber-
ty. Economic controls during the
war, such as OPA and others, are
an example.

The personal freedom of the
loyal American is not limited by
tightening the laws against sub-
versive activities in our country.
A great many things have been
done in the name of liberty and
the claim to freedom, but the idea
of freedom may have a different
meaning among different peoples.

The people of Denmark claim
to have the greatest freedom of
anyone anywhere. Danish women,
for example, are permitted to re-
tain their maiden names after
marriage. Spinsteres are allowed
to call themselves "Mrs." A family
row is considered wholly a private
affair and cannot be interfered
with unless someone is seriously
injured or an outsider becomes
involved.

Reference to divorce is not per-
mitted in Danish newspapers.
Suicides are called "a sudden
death," and no mention is made
of the circumstances. On the other
hand, no Dane may let his hedge
grow higher than 5 feet 10 inches
without his neighbor's consent.

So, different people may have
slightly different ideas about what
constitutes freedom. In this coun-
try, which we like to describe as
the "Cradle of Liberty," it is sense-
less for us to sit idly by and let
subversives destroy us by claim-
ing their "rights" under the guise
of absolute liberty.

In the year 348 B. C., Demos-
thenes gave this advice: "While
the boat is undamaged, then is
the time for sailor and helmsman
and all on board to show unceas-
ing vigilance and prevent anyone
from upsetting it, either purposely
or accidentally. But when the sea
has overwhelmed it, all effort is
in vain."

While we still have time, we had
better give the FBI and other law-
enforcement agencies the strongest
possible tools with which to meet
the Communist menace in this
country.

Listen as the Redbird Rambles

By Carolyn Holford

LAST SATURDAY . . . the Red-
bird had the privilege of attending
a program which might be said
to mark a milestone in United
States military status. She and
the parent birds of the News Re-
view were out at Convoir to at-
tend ceremonies for delivery of
the last B-36 to the Air Force.
Compared to many previous air
shows and demonstrations, it was
rather unpretentious, and the num-
ber of people who heard, pre-
liminary talks and watched its
take-off was comparatively small.
Yet when one thinks about what
the observance meant, its impor-
tance seems to swell. Anyone who
listens regularly to Arthur God-
frey's radio and TV programs has
a speaking acquaintance with and
appreciation for the Strategic Air
Command, whose strength is large-
ly based on the B-36. This huge
bomber, the first production model
of which was flown August 28,
1947, has been a strong mainstay
for the U. S. in defensive warfare.
As long as its might serves as a
threat to communist nations,
then it has accomplished a high
purpose, even though this bomber
may never be used to its full ca-
pabilities in all-out warfare.

And every one of these planes
now in operation has been manu-
factured at the Convoir Fort
Worth plant, from the experimen-
tal models before 1947 until the
final one was built and delivered
Saturday.

DELIVERY . . . of the last B-36
is therefore a milestone.

When the Redbird spoke of com-
ing to work at Convoir, she was
chided with the remark that the
Fort Worth plant would have
nothing more to do after the B-36
contract was finished. She was
told that another newer bomber,
built by another aircraft plant
would take the place of the B-36.
But evidently the Air Force
doesn't concur in this opinion. All
of the earlier models were return-
ed to Convoir for modernization—
addition of jet engines, snap-
action bomb bay doors, and other
improvements. This program was
based on a decision that the manu-
facturer could rebuild its plane bet-
ter than some unspecialized
mechanic.

Delivery of this final B-36
means that B-36 and RB-36 wings
of the Strategic Air Command are
now fully equipped. B-36 bases
range from Maine to California and
from Washington to Puerto Rico.

From time to time, as new im-
provements are needed, Convoir
has a contract with SAC, through
San Antonio Air Materials Area,
to maintain the planes and over-
haul them every two years, as
needed.

No, Convoir hasn't said goodbye
to the B-36; it has merely wished
it bon voyage.

ANOTHER EVENT . . . of the
Saturday program included an op-
portunity for the public to inspect
the inside of an XC-99, which is
the cargo or transport version of
the B-36. Folks really took advan-
tage of this, and it took several
hours for all of them to go through.
When you see the inside of this
big "bird" and as you look out
the window at its wing span, you
can fully grasp its enormous size.
And as they used to say in the
early days of the Wright brothers,
you wonder if it will "ever get off
the ground." It is almost unbeliev-
able.

WHILE WAITING . . . for the
ceremonies to begin, the Redbird
and family were surprised to meet
up with a former Hico couple, Mr.
and Mrs. Paul Cason and their
son David. She is the former Betty
Adams.

It was nice seeing these folks
from home, who have been living
in Fort Worth for some time. He
is another Convoir employee.

BIRD TRACKS . . . are pretty
prevalent out in the department
inhabited by this bird. Actually it
would do a foreign agent virtually
no good at all to obtain records
out of here, if our office work is
any criterion of what goes on all
over the place.

There are several advantages to
working in a place like this. In
the first place, you get to be fin-
gerprinted. Then they have your
prints on record all the time you
are working here. (Actually there
was no sense in going to that
trouble in the Redbird's case, as
they could just as well have wait-
ed until she started to make out
ditto papers for running off copies.
Then they would have had all the
purple fingerprints they could de-
sire.)

Another advantage is that you
must have your birth certificate
in order to be employed here. One
little girl (about 18-ish) who was
interviewed here the day the Red-
bird started, said that she was very
much surprised to learn that her
birth-date was actually April 11,
and she had been celebrating the
22th all along. She had been born
at 11:45 p. m.

WE'LL NEVER KNOW . . . how
the following contribution got in
here:

"NOTICE—Two nice big tackle
boxes filled with expensive lures,
will exchange for dough bait for
carp fishing. Roy French and
Goodwyn Phillips." All she wrote.

Three Local Nurses Take State Board Test In Austin Monday

Three nurses from Hico were
among the more than five hundred
persons to take State Board Ex-
amination for Licensed Vocational
Nurses in Austin Monday, Aug. 16.
They were Mrs. Joan Keller, Mrs.
Oleta Roberson and Mrs. Elvena
Hicks.
To be eligible to take this ex-
amination, it is necessary to have
completed a twelve months course
in an approved training school
and to have had twelve months
experience in a hospital. These
three received their training at
Hico City Hospital.

TO THE PATRONS OF THE HICO POST OFFICE:

By the suggestion of the Dis-
trict Manager of Post Office Oper-
ations the Hico Post Office window
will be closed at 12:00 noon each
Saturday, starting the first Sat-
urday in September, September 4,
1954.

This is an economy plan which
is already being used in the major-
ity of the Post Offices in this
district.

The mail will be received and
dispatched as usual.

Humble TV Program To Feature Texas Roads, Little League Baseball

Texas farmers and ranchers en-
joy one of the largest and finest
farm-to-market road systems in
the nation, in spite of the state's
vast size.

Next week The Humble Com-
pany's TV program, Texas in Re-
view, will feature a film showing
the development of this fine road
system and what it means to the
economy of various sections of
Texas.

The program will also include
films of Little League baseball in
Brownwood and Teen Age baseball
in Pasadena.

Monday, August 23, Texas in Re-
view can be seen over KRLL-TV,
Dallas at 9:00 p. m., and WBAP-
TV, Fort Worth at 8:00 p. m.

Tuesday, August 24, the pro-
gram will be carried by station
KCEN-TV, Temple, at 7:00 p. m.

THE BAFFLES

By Mahoney

By 1963 when I retire, I expect
to have saved \$11,250 on the
Payroll Savings Plan.

HERE'S HOW
YOU CAN
DO IT, TOO

Here's what the Payroll Savings Plan
did for Bryan Holloman!

Mr. Holloman first registered for the Payroll
Savings Plan in April, 1942 while working in
the Norfolk Navy Shipyards for \$65.60 a
week. In 1944 he was stricken with rheumatic
fever. And it was then he first realized how
important it was to have a systematic savings
program to meet such an emergency. For it
paid all his medical bills. By 1951 he had
saved \$4,225 in Bonds. And now he is well on
his way to that \$11,250 for his retirement.

The Payroll Savings Plan makes you save money before you can spend it!

To join the Payroll Savings Plan all you do is go
to your company's pay office and sign up to have
a certain amount saved out of your salary each
payday. Sign up for as little or as much as you
like—it can be as little as a couple of dollars a
week. Then each payday, this amount is auto-
matically saved for you out of your pay check—
before you can get your hands on the money to
spend it—and invested in interest-earning U. S.
Savings Bonds in your name. The Bonds are then
turned over to you.

It's safe—it's simple—it really works—
and you won't even miss the money!

Payroll Savings is safe—for United States Savings
Bonds are as safe as America itself. It's simple—
for once you sign up all the work is automatically

done for you. It really works—because it makes
you save money, and at a good 3% interest. And
best of all—you won't even miss the money you're
investing, as you watch your savings grow.

Payroll Savings worked for Bryan Holloman
and it will work for you.

Today, join the Payroll Savings Plan where you
work. Or, if you're self-employed, join the Bond-
A-Month Plan where you bank. These Plans help
you consistently to save money, and at a good
3% interest!

How you can reach your savings goal on the systematic Payroll Savings Plan

	If you want approximately		
	\$5,000	\$10,000	\$25,000
Each week for 9 years and 8 months, save . . .	\$8.80	\$18.75	\$45.00
Each week for 19 years and 8 months, save . . .	\$3.75	\$7.50	\$18.75

This chart shows only a few typical examples of savings goals and how to reach them through Payroll Savings. You can save any sum you wish, from a couple of dollars a payday up to as much as you want. The important thing is, start your Plan today!

Mr. and Mrs. Jim D. Wright visited last week in Duncan, Okla., with her sister and brother-in-law, Mr. and Mrs. Herman Woodruff.

Miss Louise Blair visited this week in Brady with her aunt and family, Mr. and Mrs. W. R. Malone and Larue.

Mr. and Mrs. J. L. Stover and children, Mary and John of Teague spent the week end with her parents, Rev. and Mrs. J. H. Balldge.

Visitors during the week end at the home of Mr. and Mrs. S. E. Blair, Sr., were her sisters, Mrs. Anna Davis of Dallas and Mrs. Bertie Cox of Stephenville.

Mr. and Mrs. Tyrus King and Mrs. Jim D. Wright and grandson, Jimmie Cheek, spent Monday in an Angelo visiting their brother, V. Hall and family.

Mr. and Mrs. Fred Rainwater spent the week end in Fort Worth with their son, James Lindy Rainwater and family and with their daughter, Mrs. Emory Gamble.

Mr. and Mrs. W. I. Chenault of College Station spent the week end with his sisters, Miss Florence Chenault, Mrs. Ethel Lackey and Mrs. Sim Everett.

Dr. and Mrs. W. C. Selman, Jr. and children, Lin and Carla, and Billie Selman all of Dallas spent the week end with their parents, Dr. and Mrs. W. C. Selman.

Mr. and Mrs. N. H. Slater of Fort Worth are visiting in the home of Mr. and Mrs. Odie Petsick with Mrs. Petsick's father, J. S. Lamar, while the Petsicks are vacationing in Colorado.

Mrs. J. E. Slaughter spent last week in Fort Worth with her daughter, Mrs. Calvin Rightmer and family and with her son, Bruce Slaughter, who is employed at Montgomery Ward this summer. Bruce accompanied his mother home for a week-end visit here. Mrs. Slaughter also visited with her sister, Mrs. Roy Barnett and family in Fort Worth.

Mr. and Mrs. W. G. Phillips, Mr. and Mrs. Roy French and their grandson, Butch Keeney, spent last week on a fishing trip to Lake Whitney, where they stayed at the new cabins at Lakewood Harbor on King Creek. This is a new commercial in the Fred Owen development, operated by Mr. and Mrs. Donald Caudle and Mr. and Mrs. McGee Moore, all formerly of Hico. The site is north of the old route of Highway 22, on the Bosque county side of the lake. They were joined on the week end by Mr. and Mrs. Charles French from Midland and Mr. and Mrs. Curtis Keeney of Waco.

Mr. and Mrs. Ollie Davis and daughter Nancy, accompanied by her son, Donald, who is on 25-day leave from his AF station at Lake Charles, La., left Tuesday morning on a vacation trip which will be spent in part at Ruidoso, New Mexico. This was the maiden voyage for that deluxe trailer that has been occupying most of Ollie's spare time from his duties as local manager for Community Public Service Company. The compact unit will come in handy along the route of their travels, although time didn't allow finishing touches which will make it more sightly and convenient. Ollie's friends are anxious to know how road-worthy his brain-child will prove to be, and are looking forward to a full report upon their return to Hico.

Attending from Hico were Mr. and Mrs. Paul Neel, Mr. and Mrs. B. B. Gamble, Mrs. L. J. Chaney, Mrs. George Griffiths, Mrs. J. R. McMillan and Mrs. Bernell Jernigan.

MR. AND MRS. TOM LODEN CELEBRATE THEIR FORTIETH WEDDING ANNIVERSARY

Mr. and Mrs. Tom Loden celebrated their fortieth wedding anniversary last Sunday, August 15, at their home.

Included in the guests were their son, Tom H., and family from Lampasas; their daughter, Mrs. Edith McPherson and family from Stephenville; Douglas and Kitty Cox, Mr. and Mrs. T. J. Smithson and Tommie Jo, and Mrs. Etta Bills, all of Hubbard.

A picnic lunch was enjoyed by the happy gathering. CONTRIBUTED.

RESOLUTIONS OF RESPECT To the Memory of BRO. S. E. BLAIR JR. From Hico Lodge No. 477 Ancient Free and Accepted Masons

WHEREAS: Through the mysterious dispensation of the Supreme Grand Master of the Universe, our beloved and honored Brother Solomon Elbert Blair Jr. has been called from "labor" and has entered into the reward of the faithful, the thread of his valuable life has been broken, his manly spirit has winged its way to the merciful keeping of our God who gave it. The mystic cord by which we were bound together in fraternal fellowship is severed, and we, his fellow craftsmen, are left to mourn his untimely fate.

AND WHEREAS: His life was a veritable fountain of good and splendid achievements, and the influence of his noble character will flow along the stream of time like rippling waters—pure, refreshing and beautiful. Therefore be it

RESOLVED: That we offer our deepest sympathy to Mrs. Blair and the other relatives, in the loss of this, their loved one.

Resolved, secondly, that a copy of these resolutions be sent to the Hico News Review for publication; a copy given to the family, and a copy spread on the minutes of our lodge.

Fraternally submitted, FRED RED HARRIS BARTO B. GAMBLE ROLAND L. HOLFORD Committee.

J. B. OGLES IN ROTAN TO ATTEND SISTER'S FUNERAL

Mr. and Mrs. J. B. Ogle returned home Tuesday of last week from Rotan after attending funeral services on Sunday, Aug. 8, for her sister, Mrs. W. W. McNaron, who passed away on Saturday.

Mrs. McNaron, who had been ill for the past five years, is also survived by her husband of Rotan; one son, Beverly of Abilene; her mother and sister, Mrs. Hattie McWhirter and Miss Mable Donnell of Roby and one brother, M. H. McWhirter of Monahans.

Local Baptists Expected To Attend Associational Conference at Hamilton

Hico Baptists, along with Baptists from other cities in the Hamilton Baptist Association, will attend an associational stewardship-evangelism conference at the First Baptist Church of Hamilton on Tuesday evening, August 24.

Rev. R. Elmer Dunham, Dallas, supt. of city and rural missions, Baptist General Convention of Texas, will serve as team captain and be in charge of the conference. Dr. L. L. Morris, pastor of the First Baptist Church of Midland, will be the evangelism speaker, and the Rev. Ed Laux, pastor of the First Baptist Church, McGregor, will discuss stewardship. Floyd D. McCoy, Jr., minister of music at the First Baptist Church, Odessa, will be in charge of music.

The closing prayer will be given by Rev. W. L. Rodgers of Hamilton, associational evangelism chairman. Rev. Chas. N. Gilbert will serve as host pastor.

The evangelism-stewardship conference is one of 122 scheduled during August and September for members of the 3,512 Baptist General Convention of Texas churches and is a part of the Southern Baptist Convention's fall program. This is the first year that evangelism and stewardship have been combined in an annual emphasis.

During the conferences, plans and materials for the churches' fall observance of "Harvest Week" will be presented to pastors and other church leaders. "Harvest Week" will be held October 31-November 7 previous to the churches' adopting their annual budgets for 1955. An evangelism-stewardship book, "These Go Together," will be taught and evangelistic services will be held in the churches during the week of special emphasis.

Available for use of the churches through their district missionaries will be a color movie, "These Go Together," written and produced by the Convention's Public Relations Department and a color slide series, "Blocks for Building Better Budgets." The script for the slide series is narrated by Dr. L. B. Cobb of Dallas, stewardship promotion for Texas Baptists.

Miss Pool Completes Thesis on History Of Hamilton County

Miss Oran Jo Pool, who recently completed a 241-page seven chapter thesis on "The History of Hamilton County," will be a candidate for a master of arts degree in history from the University of Texas at the close of the summer session.

Miss Pool, an Odessa High School teacher, illustrated her thesis with early-day photographs. The daughter of Mrs. J. B. Pool of Hico, she received her bachelor of arts degree from Baylor University.

Last year Texas Baptists gave \$55,506,986 to their churches with more than \$7,000,000 being given to world missions. They baptized more than 60,000.

DO YOUR foods always turn out perfectly or do you think some of your cooking techniques a bit hazy? Check this list for tips:

Muffin and pancake batters should be beaten only slightly. If some small lumps are left in the batter, the resulting product will be more tender.

Are you going to mix a cake by one of the new methods whereby dry ingredients are blended with the shortening and liquids added all at once? Measure ingredients

RECIPE OF THE WEEK
Molded Vegetable Salad (Serves 10)
2 packages lime-flavored gelatin
3 cups hot water
2 cups thick soured cream
2 tablespoons vinegar
2 teaspoons salt
1 cup diced cucumbers
1 cup sliced radishes
1/2 cup sliced green onions
1/2 cup diced celery

Dissolve gelatin in boiling water; stir until dissolved. Chill in refrigerator until thick and syrupy. Fold in soured cream, vinegar and salt. Toss in vegetables. Turn mixture into oiled mold and chill until firm. Unmold on greens and serve with mayonnaise.

ahead of time and let stand at room temperature for about an hour. They'll blend more easily.

When making applesauce, do not peel apples since the skin contains vitamins and minerals. Apple skins are thin and will slip off easily when you strain the sauce.

Hull berries just a short while before serving. Before hulling, wash them thoroughly so berries don't become water-logged.

If you dislike scum forming on top of cocoa, beat the mixture when cooked with an egg beater.

'How Do You Stand' Is Query Not Altogether Related to Politics

Austin, Aug. 19.—The question, "How do you stand?" is being asked of voters all over Texas. When Dr. Henry A. Hollis, State Health Officer asks, it has nothing to do with politics but with your own personal health. An honest answer may start you on the road to better health.

Bad posture should be corrected because it may contribute to many physical ailments. When posture is poor, internal organs are shoved out of position, forcing them to operate under stress and strain. Nerves are restricted and remain tense. One part of the body that is out of position forces another part out of line, to compensate for the off-balance. This crowds and shoves the body organs out of place so that none of them can function effectively. For example, drooped shoulders flatten the chest and crowd the lungs and heart. This forces the diaphragm down, and pushes the stomach and other organs out of place.

When the lungs are crowded, the blood stream cannot receive a sufficient supply of oxygen. Without enough oxygen, you may tire easily, have indigestion and little energy. In fact, poor posture may interfere with many body functions. It may cause some of the complaints that distress otherwise healthy men, women, and children. So you can see that your general state of health and your capacity for happy and effective living are closely tied up with body balance.

It is important for children as well as adults to maintain good posture. Good body balance is a part of good health, just as are good nutrition, cleanliness, exercise, and sufficient rest. As a part of their general education in good health habits, children should be taught good posture. And of course, because children are such imitators, parents and teachers should set them a good example.

In work and play, be aware of your posture. Walk with a springy step. When you sit, sit straight—letting the back of the chair support your lower back. In sitting, standing and walking, make yourself as straight as you can. Hold your head up, chest up, abdomen in and your spine in a straight line. This may require effort and concentration at the beginning, but if you become posture conscious, you can make good posture a habit. And, remember, an attractive, alert appearance depends upon it.

DROUTH CROP LOSSES

A conservative estimate of losses due to the drouth on only two major crops would amount to more than \$139 million thus far this year.

About 75 counties comprising the heart of Texas could be termed critical due to drouth conditions. This area would follow a line from Grayson County on the Red River, south to Washington County, southwest to Wilson, northwest to Midland-Odessa and a portion of the plains.

This 75 county area generally produces approximately two million bales of Texas' annual cotton crop. About 500,000 bales in this territory have been lost to the weather this year due to lack of growth or premature openings. Figuring each bale worth about

\$250.00, this means a minimum loss of \$125 million in cotton alone.

Approximately 17 million bushels of Texas' average 80 million bushel grain sorghum crop is grown in this area. But the "critical" area has lost about half that crop, or about 8 million bushels. Using \$1.80 per bushel as a base figure, then the drouth has cost us about \$14,400,000 in grain sorghum losses.

About three million head of cattle normally graze in this 75 county area. The grass and pastureland is three-fourths gone due to lack of moisture.

It is impossible to accurately estimate this loss resulting from pasture damage, premature marketing of cattle and depletion of foundation herds but the figure would be tremendous.

"Little rain and no water" is becoming a familiar story to Texas. Inadequate moisture is almost a "normal" condition. Farmers and ranchers in many parts of the state are badly in need of some type of relief.

A grain and hay program has been inaugurated thus far to help combat the serious conditions. The next few weeks will tell whether the program is a success or if it was a case of "too little too late."

Traffic Signs and Signals Are Truly Signs of Life, Safety Officer Declares

"Traffic signs and signals truly are signs of life," Col. E. B. Tilley of Houston, President of the Texas Safety Association, and Services Advisor for the Gulf Oil Corporation, said today.

Col. Tilley was speaking in connection with this month's "Signs of Life" traffic safety program being conducted in Texas by the Texas Safety Association, the Texas Department of Public Safety and the National Safety Council.

"We are very happy to conduct this public service program," he said. "We should be particularly conscious of the importance of signs of life to traffic safety, because we must of necessity rely heavily on these signs to help us prevent accidents at highway-rail intersections and everywhere else."

He pointed out that while railroads have an immediate interest in two of the five basic sign shapes that are featured in the "Signs of Life" program, his organization—and all railroad officials—have a long range interest in all the signs of life.

"It's important that drivers develop the habit of recognizing and obeying all the traffic signs and signals that are designed to regulate, guide and protect them," he said.

"If a motorist is in the habit of obeying all the signs of life, it will help keep him safe at highway-rail intersections and everywhere else he drives."

"If every driver would develop this habit, it would reduce substantially the annual traffic toll which in 1953 totaled 38,300 fatalities," he said.

"That's why the the August slogan of the Texas Safety Association, the Texas Department of Public Safety, and the National Safety Council is such good advice," he said. "Know your signs of life."

FARM LEGISLATION: By a narrow margin the Senate voted down the farm price support bill reported by the Agriculture Committee and instead passed the "flexible" support bill favored by the Administration.

The committee bill, which I favored, would have maintained price supports on basic crops at 90 per cent of parity. The Administration proposal, which I voted against, sets these supports on a "sliding scale" of between 82½ per cent and 90 per cent of parity. To my way of thinking, the legislation simply means that when the farmer does not need help, he will be guaranteed 90 per cent of a fair price. When the farmer does need help, his income will be lowered to 82½ per cent of a fair price.

DANGEROUS THEORY: There is a basic assumption behind this "flexible" price support theory with which I cannot agree. It is the assumption that there are economic problems which can be solved by lowering the income of one segment of our population.

This seems to me a fallacious theory. I do not believe that lower income for Texas farmers will promote prosperity for residents of Texas cities any more than I believe that a low income for industrial workers promotes farm prosperity.

I believe firmly that prosperous farmers mean prosperous factory workers just as prosperous workers mean prosperous farmers. I believe also that prosperity in the fields and in the factories promotes the prosperity of business.

BLOW AT UNITY: It is unfortunate that the campaign waged by the Department of Agriculture on behalf of its farm program has been of such a nature as to divide the American people. It has turned—or sought to turn—city folks against country folks.

Farmers have been pictured as bloated plutocrats, driving into the city in their gold-plated Cadillacs to pick the pockets of the consumer. In the minds of many, the farmer has become a profiteer—a man who sells and sells at fantastic, exorbitant prices.

That is a result of the work of the high-powered press agents in selling the theory of "flexible" farm price supports.

NOT A TRUE PICTURE: We know in Texas that this is not a true picture of the farmers.

We know that our farmers have been hard hit by drought—by insect depredations—by falling prices. Everywhere you go in Texas, you find farmers deeply uneasy about the future—many of them convinced that the Agriculture Department has become their enemy instead of their friend.

The uncertainty with which they regard the future is certainly understandable.

SUMMING UP: It is my considered opinion, based on what I consider convincing evidence, that flexible price supports will not solve the problem of farm surpluses—will not mean lower consumer prices—will not mean prosperity.

I believe their immediate effect will be to lower farm income by taking away the floor upon which agriculture relies to prevent disaster and hardship. I believe their long-range effect will be to set a dangerous precedent which could be harmful to our entire national economy.

That is why I voted against the Administration bill.

FOOD DOLLAR: When the American housewife spends a dollar for food produced in this country, 56 cents goes for processing, marketing, and transportation charges. The farmer receives 44 cents, approximately 30 cents of which goes to buy tractors, trucks, plows, gasoline, and other supplies required for the modern farmer.

In other words, the farmer and his family have about 14 cents out of each consumer dollar for domestically produced food for their cost and investment.

The farmer's share of the consumer dollar has dropped in recent years and months with the decline in farm prices. Retail food prices have remained at about the peak levels of 1952.

WORK TO DO: As this is written, a number of important pieces of legislation are awaiting action by the Senate before adjournment. I am anxious to get home to Texas, of course, but I believe any bill affecting the lives of American people should receive just as careful consideration during the closing days of a session of Congress as at any other time.

My aim is to do the best job I can of representing the people of Texas in the Senate. I do not feel that a good job can be done too hastily. The last-minute rush must be allowed to result in sloppy and ill-considered legislation.

Soaring Treatment Costs For Polio Have Exhausted March of Dimes Funds

Iron lungs and other respiratory equipment have meant the difference between life and death for 1,000 polio patients so far this year and thousands more will need these breathing machines to keep them alive before the end of the year.

This was disclosed today by Dr. Kenneth S. Landauer, assistant medical director of the National Foundation for Infantile Paralysis, in explaining "one of the underlying reasons" behind the current Emergency March of Dimes campaign which will run until Aug. 31.

Dr. Landauer, revealing that the percentage of severely paralyzed patients had been increasing during the last few years, gave these two reasons for the rise:

1. Many critically paralyzed patients, who in former years would have died, now survive because of improved care and treatment.

2. Polio is attacking more adults and a higher percentage of these patients suffer severe paralysis.

"While many of the new polio patients requiring iron lung and other breathing aids this year will need them only for a few days or weeks, many will become long-term prisoners of their iron lungs. They will join the almost 2,000 respirator patients from previous years whose horizons are still limited to their six-by-three-foot machines. These polio prisoners must not waste away their lives dependent on mechanical breathing to keep them alive."

"Fortunately, improved techniques of treatment and rehabilitation have been developed—largely through March of Dimes grants—that now offer real hope of freeing the majority of such respirator patients. But it is an expensive process and more funds are urgently needed to do the job."

Dr. Landauer emphasized, "Soaring treatment costs for such long-term polio patients have done much to exhaust March of Dimes funds this year. This is a major reason why an Emergency March of Dimes must be held Aug. 16-31."

Boat Races Expected To Attract Crowds at Lake Whitney Sunday

Whitney, Aug. 14.—Biggest crowd since the opening of Whitney Dam is expected Sunday, Aug. 22, when Lake Whitney Association stages its second Lake Whitney Regatta.

Most of the best boat racers in the Southwest are expected to compete for \$700 in prize money. Early entries indicate a big field for the National Outboard Association-sanctioned event.

Heats are scheduled in the following classes: A, B and D Hydroplane; A, B and D Runabout, and C Modified. This program provides a full afternoon of racing, beginning at 1:30 p. m.

Racers will have an extra incentive to win at Lake Whitney. Presenting the prizes will be Miss Margaret Preston, the current Miss Lake Whitney, and runner-up in the recent Miss Texas Pageant.

Frazier Mullins, who runs Lakeview Camp, is chairman of the Association's boat racing committee. Mullins and his crew are working hard to make the Regatta the biggest event in the history of Lake Whitney.

A throng estimated at from 50,000 to 80,000 people attended the first Regatta March 4, 1951. Opening ceremonies for Whitney Dam were held in connection with the races, so the Association is shooting for 25,000 people at the Aug. 22 races.

This goal may appear to be an improbable mark, unless one considers an average of 10,000 people visited Lake Whitney daily in July.

If the Salt Hath Lost Its Savor, Doctor Tells Wherewith to Salt It

Austin, August 5.—There is little doubt that summer is here. If you don't think so, take a quick look at your thermometer or feel your shirt or blouse—chances are that it will be wet and salty with sweat.

Excessive sweating means the loss of body salt, and Dr. Henry A. Hollé, State Health Officer, advises the use of salt in drinking water as a means of avoiding heat cramps.

"Salt is a prominent constituent of sweat," says Dr. Hollé. "On days when the thermometer goes to 90 degrees or above, as it has recently, the body may lose as much as fifty grams of salt. Laborers, farmers, and even white-collar workers should be especially watchful of heat cramps."

Heat cramps are characterized by pains in the stomach, headaches, and sometimes nausea and vomiting. The danger comes because the loss of the salt may occur without the knowledge of the individual until the deficiency causes cramps or heat fog.

Salt tablets may be purchased commercially. If they are not available, a pinch of table salt will serve the same purpose. "Since milk contains more salt than water, drinking milk is an excellent method of replacing body salt lost through perspiration," Dr. Hollé says.

Cotton, Cattle, Peanuts Responsible for Increase In Texas Farm Revenue

Austin, Aug. 16.—Texas farmers' cash income exceeded \$703.5 million during the first six months of 1954, a rise of \$58,129 or 9 per cent from the \$645.4 million total for the same period last year.

The University of Texas Bureau of Business Research said increased revenue from cotton and cattle were primarily responsible for the overall increase. Cotton income showed a 35 per cent gain, from \$111.4 million in January-June, 1953, to \$150.7 million during the first six months of this year. Cattle income rose 22 per cent, from \$161.5 million to \$196.7 million.

Other commodities showing considerable increases in the year-to-year comparison included peanuts, up 115 per cent (the largest percentage gain reported) and grain sorghum, up 42 per cent.

Several products were below their 1953 totals for the first six months, but only one registered a decrease of more than 20 per cent—cottonseed, down 39 per cent. Fruit and vegetable income fell 20 per cent below last year, while milk and milk products were 17 per cent lower.

The Bureau reported a sharp decline in prices received by Texas farmers during June. Prices dropped to a level 6 per cent below May and 3 per cent below June, 1953. Crop prices were down 4 per cent for the month, with vegetables showing the largest decline, down 25 per cent from May. Other significant price decreases included feed grains, down 12 per cent; food grains, down 8 per cent; and potatoes and sweet potatoes, down 5 per cent.
