

Ford's longer, lower body style and wrap-around windshield, available on all models, is shown above in the Fairlane four-door sedan. The '55 Fords are available with Y-Block V-8 or I-Block Six power, and Fairlane models have dual exhaust as standard equipment. They will be introduced by Ford dealers November 12.

**Herrin Motor Co. at Stephenville to Show New Fords Friday**

Ford's Fairlane series—six distinguished new passenger car models named after the late Henry Ford's home—set the style pace for the 1955 Ford cars which will be introduced November 12.

Styled like Ford's new Thunderbird, the six Fairlane models are easily recognized by a sweeping chrome trimline which starts at the top of each front fender at the headlamp and curves downward—then extends horizontally along the side to the tail lights.

Ford, for the first time, is offering a choice of three new engines in its 1955 cars:

- A high compression Y-block V-8 engine of 272 cubic inch displacement and an 8.5 to 1 compression ratio.
- A powerful Y-block V-8 engine of 272 cubic inch displacement and a 7.6 to 1 compression ratio.
- An improved 6 cylinder I-block engine of 223 cubic inch displacement and a 7.5 to 1 compression ratio.

Dual exhausts, which provide extra power, are standard on all Fairlane V-8 and station wagon models.

Most outstanding of the new Fairlane models are the two Crown Victorias which are only 58.2 inches high—2.4 inches lower than the 1954 Fords. These hard-top models introduce a completely new styling idea—a chrome arch which extends over the top like a tiara. One Crown Victoria model has a transparent plastic roof over the driver's compartment while the other has an all-steel roof.

In addition to the two Crown Victorias, the new Fairlane series include a Sunliner convertible, Victoria, four-door Town Sedan and two-door Club Sedan.

Like all the new Fords, the Fairlane models have a flatter hood and longer rear deck. Hooded headlamps give the high fenders a forward-thrust look and rear fenders form a reverse angle above larger tail lamps.

Added to the beauty of the new Fairlane series is a big, curved, one-piece, wrap-around windshield with 1100 square inches of glass area and narrow, set-back corner posts which provide clear, unobstructed vision for driver and passengers.

The Fairlane models offer a broad choice of specially woven plastic, luxurious decorator fabrics and plain and woven vinyls created exclusively for the new Fords. The company's search for new materials covered the entire textile industry and 35 mills helped develop these new fabrics.

Ford also is presenting the widest choice of exterior colors ever offered. There are 13 single-tone and 36 two-tone colors.

Single tones include: raven black, banner blue, aquatone blue, waterfall blue, snowshoe white, pinetree

green, sea sprite green, neptune green, buckskin brown, torch red, goldenrod yellow, tropical rose and regency purple.

Two-tone combinations in which models of the Fairlane series are available are snowshoe white with any of the following colors: raven black, aquatone blue, sea sprite green, buckskin brown, regency purple, torch red, goldenrod yellow and tropical rose. Other two-tone colors are: waterfall blue and banner blue; neptune green and pinetree green; goldenrod yellow and raven black, and waterfall blue and aquatone blue.

Contoured seats in the Fairlane sedans are upholstered in metallic-threaded nylon with pleated bolsters in harmonizing color and door panels are decorated with modern trim motif.

The 1955 Fords have a completely new control panel which features a speedometer with transparent hood for daylight illumination mounted on the panel in the driver's direct line of vision and new round control dials for heat and temperature controls, radio and clock.

**Radio Broadcast On Saturday's Games Arranged by Humble**

The Humble Company will sponsor a live telecast of the Georgia Tech, Alabama game Saturday and broadcasts of four other football games. Three of the broadcasts will be Southwest Conference games and the other will be Texas Tech versus Tulsa.

The telecast of the Georgia Tech-Alabama game will start at 1:25 p. m. over WFAA-TV, Dallas; WRAP-TV, Fort Worth; and KCEN-TV, Temple.

Texas meets TCU in Fort Worth and Ves Box and Eddie Barker will be on hand to describe the action and color. Radio time will be 1:50 p. m. over WFAA-WRAP-570, Dallas-Fort Worth.

The Texas A & M-Rice game will be played in College Station. Dave Russell and Jerry Doggett will broadcast the play-by-play and color beginning at 1:50 p. m. over radio stations KRLD, Dallas, and KSTV, Stephenville.

From Fayetteville, Arkansas, the Arkansas-SMU game will be described by Kern Tips and Bob Walker beginning at 1:50 p. m. over radio station WFAA-WRAP-570, Dallas-Fort Worth.

Radio time for the Texas Tech-Tulsa game will be 1:50 p. m. John Ferguson and Jack Dale will be in Lubbock to broadcast the game over several West Texas stations.

**Hogs Top at \$20.00 And \$20.25 Monday**

Sharply higher prices were paid for butcher hogs at Fort Worth Monday on heels of the report of curtailed hog runs at Corn Belt points. The trade interpreted this to mean that there would be fewer surplus hogs in that area offered to Southwestern packers, and this resulted in advances of 50 cents to 75 cents per hundred Monday.

Good and choice butcher hogs topped at \$20 to \$20.25 and the off-weights, cold bloods, mediums, etc., sold from \$17 to \$19.75. Sows were fully steady at \$14 to \$18, a few choice lightweights at \$18.50.

The world's greatest builder of V-8's presents  
**THE TOTALLY NEW '55 FORD!**

with styling inspired by the Ford THUNDERBIRD

ON DISPLAY TODAY!

New FAIRLANE Series... The new Club Sedan, like all six models in Ford's new Fairlane series, features the new wrap-around windshield, new luxurious interiors and wide choice of stunningly new, single and two-tone exterior colors.

**Longest, Lowest, Roomiest...most Powerful ever built!**

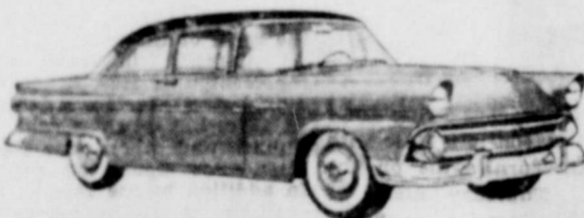

We invite you to see for yourself. And we tell you in advance you'll be amazed. For this new Ford is totally new—outside, inside, and in thrillingly different performance.

The long, low lines of the Thunderbird were its styling inspiration. Inside, you'll be greeted by rich, roomy luxury... by fabrics never before offered in a motorcar.

Mighty engines, mightier than in any Ford before—supply its exciting power. And each of Ford's three new engines offers the safe, split-second response of Trigger-Torque Power.

Your ride will be up to 15% smoother. Best of all, you'll find your kind of car, for there are 16 body styles in four fresh new lines.

When you come in, don't be surprised if you tell yourself: why look further—why delay—you just can't buy better than Ford.

New CUSTOMLINE Series... The Tudor Sedan (above) and Fordor offer a wide selection of new color and upholstery combinations. Like all '55 Fords, they have a new wider grille, new visored headlights and sturdier, extra-narrow pillar-posts for better visibility.

New STATION WAGON Series... The new 6-passenger, 4-door Country Sedan (above) is one of five new do-it-all beauties. There's also an 8-passenger Country Sedan, an 8-passenger Country Squire and a 2-door, 6-passenger Ranch Wagon and Custom Ranch Wagon.

New MAINLINE Series... Each of the three Mainline beauties offers the same engineering advancements, the same graceful contours and clean lines that distinguish all '55 Fords. Fordor Sedan is illustrated above.

**EXCLUSIVE TRIGGER-TORQUE POWER IN 3 MIGHTY ENGINES**

1. 162-h.p. Y-block V-8
2. 182-h.p. Y-block Special V-8
3. 120-h.p. I-block Six

- (1) The new 162-h.p. Y-block V-8 has a higher (7.6 to 1) compression ratio, greater displacement. And, like all '55 Ford engines, it has Ford's famous deep-block build... short-stroke design.
- (2) The new 182-h.p. Y-block Special V-8 (offered in combination with Speed-Trigger Fordomatic on Fairlane and Station Wagon models) features 4-barrel carburetion, dual exhausts and extra-high (8.5 to 1) compression ratio.
- (3) The new 120-h.p. I-block Six has a new higher (7.5 to 1) compression ratio. It's the most advanced six-cylinder power plant in the industry.

ALL WITH TRADITIONAL FORD ECONOMY

**PLUS ALL THESE OTHER BRAND-NEW WORTH-MORE FEATURES**

- ★ New Speed-Trigger Fordomatic Drive
- ★ New Turbo-Action Spark Plugs
- ★ New 10% Larger Brakes

**FAIRY**

By Mrs. Eunice Massingale

We received a heavy downpour of rain last Thursday afternoon which measured about one-half inch. Also a heavy frost which killed a lot of the vegetation, but due to light nights it did not completely kill in some areas.

We were sorry to learn that Rudy Oxley, ten year old son of Mr. and Mrs. Oxley of the Gum Branch community and pupil of the Fairy school, had the misfortune of losing a finger and suffering other cuts and bruises when the horse he was riding about noon Sunday ran under a guy wire of an electric pole. The child and saddle were pulled from the horse. The child stated that if he had let the horse have the rein he would have avoided the accident. He was carried to the Hico Hospital for treatment. We hope he will soon be fully recovered.

Mr. and Mrs. Odie Shaffer of Carlton visited a while with the writer Saturday morning.

Mr. and Mrs. Elzie Parks of Fort Worth visited Sunday with his mother, Mrs. M. E. Parks and other relatives.

Mr. and Mrs. Milford Miller and Ronald of Fort Worth spent the week end with their parents, Mr. and Mrs. A. J. Miller and Mrs. M. E. Parks and Audie.

We were sorry to learn of the death of Mr. Leonic Massingill of Lamkin, who passed away last Friday night week of a heart attack. Funeral services were held at the Lamkin Methodist Church at 7:30 p. m. Sunday, with burial in the Toller Cemetery at Lamkin. Mr. Massingill, who was 56 years of age, had been ill of a heart ailment for several months and had spent two weeks in bed only recently due to a heart attack. A very large crowd attended the funeral services, one party stating he sat on his front porch and counted 143 cars leave the church. He was married to Miss Johnnie Talley on November 18, 1920, at the Carlton Methodist Church, with Rev. C. E. Carter officiating. He was a stock farmer and rancher and had been a member of the Methodist church since 1924. Rev. J. B. Cole, pastor of the Carlton Methodist Church and Elder Len Dalton, pastor of the Primitive Baptist Church of Hamilton, conducted the funeral services. Surviving are his wife and their only child, a daughter, Mrs. Wayland Stephens and three grandchildren, Gayland Joy, Ricky Don and Brenda Gall Stephens, his mother, Mrs. Hester Massingill of Lamkin, two

brothers, Dee Massingill of Alameda, Texas and Bart Massingill of Big Spring. Our deepest sympathy is extended to his wife, daughter and other relatives in this time of sorrow.

Friends and acquaintances of Mr. Wayne Glibreath of the Hazeldell community were very sorry to learn that he is seriously ill in a Temple hospital. His wife and daughter Jean, are members of the Hazeldell singing class and are quite helpful in other singings over this and surrounding county singings and are greatly missed while away at Mr. Glibreath's bedside. At our last singing at Hazeldell two weeks ago, Mrs. George Page, wife of the president of the singing class, secured a piece of paper and pencil and asked that all singers and friends present sign it and it would be mailed to them. There was quite a list of names and good wishes dotted down. We hope his condition isn't as serious as was first thought and that he will soon be much improved.

Mr. and Mrs. Marvin Porterfield, who are at present residing in Abilene, spent Saturday night in Hamilton with her grandparents, Mr. and Mrs. Hovey. They came down to see her grandparents before their departure for Houston, where they will spend the winter with their daughter and family. Mr. and Mrs. Lester Smith, who are parents of Mrs. Porterfield, and who were also visitors with her parents during the week end coming up to take them back with them.

Miss Mary Ann Noland received honors at Kookon Field last Friday night as Football Sweetheart of the Hamilton Bulldog squad. She is the daughter of Mr. and Mrs. Floyd Noland of the Blue Ridge community near Hamilton and is a former pupil of the Fairy school. Congratulations, Mary Ann.

Mr. and Mrs. Frank Driver visited during the week end with her sister and family at Wichita Falls and also visited her mother, Mrs. Joe Webber, who is at present residing in the home. Mrs. Webber recently received a fall which injured her leg, when she stepped through a hole in the floor, where the old flooring had been removed prior to laying a new floor. She is past eighty years old and the wounds are not healing as properly as they should. Mrs. Webber formerly resided near Fairy and her many friends here will be sorry to learn of the accident and we hope she will soon be fully recovered.

Mr. and Mrs. D. E. Allison and Darrel and their daughter and husband, Mr. and Mrs. Wayne Pitt-

man, all of Dublin, and Mr. and Mrs. Carl Ray Sellers and Jimmie Don were dinner guests of the ladies mother, the writer, Sunday. Mr. and Mrs. Allison, the writer and sister, Mrs. Gladys Cox drove to Hico to attend open house at the Ben Wright home, honoring Mr. and Mrs. Wright on their golden wedding anniversary. They are former residents of Fairy.

Mrs. Oran Williford served a turkey dinner with all the trimmings Sunday, honoring her eldest daughter, little Miss Doran Gwen on her eighth birthday, which was Saturday, Nov. 6. The party, held from 12 noon until 4 p. m. was enjoyed by Doran Gwen and six of her little friends as follows, Mary Jo Clark, Mary Jo Gleason, Nelda Wood, Carolyn Sellers, Sandra Gardner, Glenda Jackson. The birthday cake was arranged in the center of the dining table on a lazy suzan. Plate favors, small bottles of perfume were arranged out of sight beneath the cake with ribbons attached to each. As the lazy suzan was turned, each guest pulled the ribbon at their plate, which in turn yielded their plate favor. After lunch the children enjoyed playing various games, serving of candies and other delicacies until the closing hour. Doran received some nice and useful gifts.

Thanks to all who have helped with the news in turning in drop box notes. We greatly appreciate your thoughtfulness and feel sure your relatives and friends appreciate hearing from you in this way.

Walter Porterfield is visiting at this writing with his sister and husband, Mr. and Mrs. Leslie Poyner of Durant, Okla.

Mr. and Mrs. W. E. Cunningham and Sherry went to Venus Saturday to attend a house warming at the new home of Mr. and Mrs. Bob Frederick. Mrs. Frederick is the former Miss Nelda Cunningham of Fairy. About 130 guests registered. They received a number of nice and useful gifts.

Mr. and Mrs. W. E. Goynne were in Weatherford Monday to attend funeral services for her brother, Mr. John Lowe, who passed away Sunday. Mrs. Goynne and daughters, Lynda and Grace also visited him a few days prior to his death. We extend sympathy.

The Fairy Baptist Church entertained Monday night with a supper and workers' meeting. Two visitors were present who showed a film of the life of Christ. A large crowd was present including visitors from Littleville, Agee, Hico, Hamilton and Carlton and probably others we failed to get.

Mrs. Emma Ogle visited Sunday afternoon with Mr. and Mrs. J. T. Abel.

IT'S THE LAW in Texas A public service feature of the State Bar of Texas

BANKRUPTCY PROCEEDING DISCHARGES DEBTS

There are always a certain number of families in the United States with serious financial troubles. At this time, the number is relatively few. To those few and to their creditors, this column should be of particular interest.

The principal reported causes which throw families into financial difficulties are: inflation and high taxes, inability to resist "impulse" buying combined with easy credit facilities, or other emergencies, or just plain bad judgment and mismanagement.

Some people in financial difficulty, when threatened with legal proceedings to collect outstanding debts, seek the relief offered them by federal bankruptcy laws.

The purpose of bankruptcy laws is to permit an honest but unfortunate or weak debtor to surrender or account for all his property for the benefit of his creditors and in exchange be discharged of his debts.

Any adult who is insolvent may become a voluntary bankrupt by having his attorney prepare for him a bankruptcy petition, together with schedules of his assets and liabilities, and then file the same in the proper United States district court.

After the debtor is adjudicated a bankrupt he is required to appear for examination as to his assets and has not violated any of the bankruptcy laws he will thereafter receive a discharge of his debts.

If he is granted a discharge of his debts, he has started a new financial life as of the date he filed bankruptcy. The assets which he thereafter acquires cannot be reached to satisfy the old debts, nor will creditors be permitted to sue him on the old debts.

Disincented debtors sometimes endeavor to gain advantages for themselves not allowed by the bankruptcy laws. In these instances, upon objections to discharge by creditors, they not only will be denied a discharge of their debts, but the courts will be prone to deal harshly with the offenders if they have violated the criminal laws.

The head of a family is entitled to claim as exempt any property which is exempt under Texas homestead laws, which in the ordinary case will be his home, household furniture, wearing apparel, the family automobile and tools of his trade or profession. However, if any of this property is covered by a mortgage or condition sales contract he must pay any balance due thereon, or the owner of such mortgage or contract may repossess.

Bankruptcy has a lasting effect upon a person's future credit and in the usual case causes the creditors to lose their entire debt. Many bankruptcies could be avoided if the "overloaded" debtor would make a timely effort to sit down with his creditors and work out plans for reduced payments over extended periods.

(This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

Because there had been no mention in the contract, of a cornerstone for the Texas State Capitol, Gur Wilke, the contractor, paid for it out of his own pocket.

**Texas Motorists Start Potential Waiting Line For Auto Inspections**

Texas, individualists that they are, have already started a potential waiting line at the State's automobile inspection stations.

Col. Homer Garrison, Jr., Director of the Texas Department of Public Safety, said today that the waiting line was shaping up now to exceed the inspection deadline next April 15th.

The Public Safety Director based his conclusion on the fact that auto inspections at mid-October were running more than 100,000 behind the figure for the first month of the 1953 inspection period. He said that undue waiting to secure a check of their vehicles may be averted by motorists if they will visit one of the 4,000 inspection stations at an early date.

"None of the 4,000 stations are too rushed to give you prompt attention at this time," Garrison stated, "but if the figures for the first month's operation under the new inspection period are any indication, we can expect long lines at most of the stations in April. This situation can easily be averted if motorists will visit a station in the near future and secure the annual inspection."

Garrison pointed out that members of the Texas Highway Patrol "handled some 12,000 violations of the Motor Vehicle Inspection Law" during the period from April 15th to September 1, 1954.

**Outstanding Games Of SW Conference on Humble TV Program**

Outstanding plays from three Southwest Conference games will be featured next week on Humble Oil & Refining Company's TV program, Texas in Review.

Kern Tipton, head of Humble's football announcing staff, will comment on exciting plays filmed during the Rice-Texas A & M, Texas-TCU and SMU-Arkansas games.

There will also be a feature film showing how the people of White Sandy Community near Huntsville worked together to provide themselves with rural telephone service; the Women's Garden Show in Wichita Falls; and the dedications of Southern Methodist University's new Administration Building; St. Mary's Seminary in Houston; and the Episcopal Theological Seminary of the Southwest in Austin.

Texas in Review can be seen Monday, November 15, on KRLD-TV, Dallas at 7:00 p. m. and WBAP-TV, Fort Worth, at 8:00 p. m.

Times for the program Tuesday, November 16, will be 8:30 p. m. over KCEN-TV, Temple.

**"EASY DOES IT"**

IF YOU know how to store foods properly, you can cut down on waste and save actual dollars and cents. Here are several tips worth remembering:

Leafy vegetables keep best with moist cold. Crisping pans are ideal for those vegetables which have been sealed in vegetable bags or moisture-proof wrappings such as aluminum foil or plastic bags.

Both fruit and vegetables should be washed before storage. Dirt contained in them may cause spoilage, even though the produce is refrigerated.

Keep milk cream and butter away from light before getting it refrigerated or you may lose

**RECIPE OF THE WEEK**

**Grape Bavarian Cream**

(Serves 6)

- 1 tablespoon unflavored gelatin
- 1/4 cup cold water
- 1/2 cup boiling water
- 1/2 cup sugar
- 1 can frozen grape juice
- 2 tablespoons orange juice
- 1 tablespoon lemon juice
- 1/2 cup heavy cream, whipped

Soften gelatin in cold water. Add boiling water and sugar and stir until dissolved. Stir in juices. Chill until thick and syrupy. Beat with rotary beater. Fold in whipped cream. Pour into individual molds to set.

some of the riboflavin in it. Use fresh milk for drinking and old milk for cooking.

Ground meats, fish and poultry keep nicely in ice compartment trays, but you should plan on using them as soon as possible because of their quick perishability.

Carefully washed milk cartons, cut in half, or paraffined butter cartons are good for keeping meats in the freezing compartment if you don't have enough ice cube trays.

**Command Post Exercise To Be Held at Fort Hood Early in December**

Active, Reserve and National Guard units from Arkansas, Louisiana, Oklahoma and Texas will participate in a Command Post Exercise labeled "Clover Leaf I" at Fort Hood, Texas, during the period December 4-5. Fourth Army Headquarters announced today.

Named for the Fourth Army emblem (a clover leaf) it is the first of a series of annual command post exercises for National Guard, Reserve and Active Army commanders and staffs. No troops will be involved.

Primarily a map exercise, the problem will accent staff planning, including intelligence, logistical considerations and requirements and command decisions concerning operations against an enemy employing modern weapons.

Also to be included in play of the exercise are actions to evaluate and neutralize enemy operations behind friendly lines. This difficulty was experienced in the recent Korean combat operations.

Clover Leaf I will be based on an assumed situation involving operation against Aggressor forces. Aggressor, as in all training exercises, is the name given the imaginary enemy. Play will involve defensive operations of the Fourth Field Army and will stress tactical employment of atomic and chemical weapons in defense against similar Aggressor weapons.

The exercise will afford commanders and staffs the opportunity to develop individual skills and techniques in staff planning and procedures and will provide extensive opportunity for the tactical application of and defense against modern means of warfare.

Clover Leaf I is one of several such exercises planned by the Department of Defense to achieve the degree of armed readiness necessary to meet the demands of national security. Office of the Chief of Army Field Force, Fort Monroe, Virginia, has overall responsibility for the conduct of training problems.

**Blackface Minstrel To Be Presented at Fairy Saturday Night**

A blackface minstrel will be presented in the Fairy Gym Saturday, November 13 at 7:30 p. m.

The minstrel, a full evening's program, will be sponsored by the Senior Class, and is divided into two parts. The first one is a rehearsal in the Coonville City Hall for a future program. There is singing, . . . popular, southern and blues dancing, Hillbilly Band and lots of jokes in the second part. There are "Negro Church Services" with Johnny Halle as Rev. Deuteronomy Snowball. Many interesting things happen in these services.

The cast of over 25 is composed entirely of Fairy School students and three teachers, and is under the direction of Mrs. Beattie Fitzhugh.

This is one of the first minstrels to be held in this section in many years, so be at Fairy this Saturday night at 7:30.

A small admission charge will be made.

**Duck Season Opens With 'Pretty Good' Hunting Predicted**

Austin, Nov. 8.—Texas duck and goose hunters should have "a pretty good" season, judging by advance indications, said the Executive Secretary of the Game and Fish Commission.

The waterfowl season opened in Texas at noon Friday November 5, to continue through January 3.

"Recent good rains in East Texas, and particularly along the Gulf Coast have provided a promising setting for the fall shoot," said the Executive Secretary.

He said reports from northern parts of the Central flyway indicated "a fair population of ducks and apparently some increase in geese, especially snow geese." He added that "there is no great abundance, but enough to justify the liberal Texas season of 60 days."

Observers in coastal areas were pleased with the recent rains.

"Came just in time, but we need more," said Wildlife Biologist J. R. Singleton at Winnie. "It had been pretty dry, and we were afraid lack of water in the marshes, where the birds feed, might prompt them to leapfrog Texas and go into Mexico and Central America," he added.

"There also was danger from marsh fires, and likewise concern that ducks and geese would concentrate around stagnant water and create the risk of extensive botulism. But, for the moment, this hazard has been dissipated, because of good coastal rains ranging up to 10 inches in the Coastal Bend area around Corpus Christi," he said.

Game Warden Tom Waddell at Eagle Lake said the recent rains have helped water and feeding conditions in Colorado County, which is noted for its concentrations of both ducks and geese.

Singleton, Waddell and others reported "a normal movement" of waterfowl from northern nesting areas into Texas.

Regulations are practically unchanged from last year. The duck limit is five per day, or ten in possession. The goose limit is five in the aggregate per day, or five in possession.

Shooting hours, after the opening day, are from one-half hour before sunrise until sunset. Guns must be plugged for a three-shell limit.

The Executive Secretary suggested that hunters check their game wardens or read their hunting digests and, above all, to be careful with firearms and "always get permission of landowners."

From the 25,000 acres of vegetable land which it owns, F. H. Vahlising, Inc. in Texas' Lower Rio Grande Valley, can load a carload of packaged vegetables every 12 minutes.
