#### FFA Boys To Sponsor Free Livestock Clinic Here Friday, Dec. 10

The free livestock clinic field against this disease" and urged day to be held at Hico on Friday. "every citizen to aid this fight by December 10, will be sponsored by Hico FFA Boys in conjunction with Howard Drug Company, according to a report this week from Harold D. Walker, vocational agriculture teacher at Hico High School.

The clinic will be held under the ivestock show barn at the City Park starting at 9:30 a. m. and free coffee will be served.

Through the courtesy of Howard Drug Company and the O. M. Franklin Serum Company, a group of livestock specialists will demonstrate the latest techniques in dehorning, vaccination, removal of and insect control on different aged animals.

The specialists will work with cal livestock and those having special case to be treated ar nvited to contact Bill Howard r Harold Walker in order to get the program line up. Sheep, goats and hogs are also eligible for demonstration purposes.

Many of these treatments can be done by the average farmer, rancher or dairyman and by learning a simple technique the livestock man may save many dollars over a period of time.

The sponsors urge attendance of the general public at this free clinic, as well as livestock owners. s the program will be interesting. We will feel fully repaid for our efforts to cooperate if we can assist our friends in learning how to do a better, more economical job in taking care of their live-stock," Mr. Howard declared.

Even though milk is not bringing Even though milk is not bringing what it used to, many dairymen will tell you they're still making a good living. They've done it by culling out a few of the lowest-producers and managing the rest for more milk per cow. Work is less and costs are smaller because there are fewer cows to milk there are fewer cows to milk and feed.

#### BUILD COW CONDITION TO GET MORE MILK

A good way to get more milk from your grain is by adding Cow Chow to it. Cow Chow costs only a few pennies a day more than the grain it replaces—but it does a wonderful job of building cow condition to get more milk.

From where I sit ... by Joe Marsh

#### Going-Going-But Not Gone!

Saturday they got set to auction off "Sis" Brown's house for nonpayment of taxes. Buck Stone was the auctioneer. Everybody who came to the auction knew that 'Sis" is a war widow.

When Buck began the bidding he said, "Anybody can bid. Just remember 'Sis' and three nice kids live here. Now who's going to start the bidding?"

There was silence, "Sis," standing in back, got the point. She wrong. reached into her purse for just about all the money she had in the world, "I'll bid \$75," she said,

"Sold," bellowed Buck and "Sis" had her home back.

From where I sit, Buck Stone used a helping hand instead of a gavel. It was real neighborliness. You know, even in something as small as respecting another's choice of beverage, a person can be neighborly. You might like buttermilk. I'm "sold" on a temperate glass of beer. And I can't "buy" anyone's telling me I'm

### Merrily you roll along with extra money rolling in! You're in for happier holidays when you own U.S. Savings Bonds How would you like to have a friend who added money to your bank account every day-whether you were working or playing? That's the feeling you'll have if you own U.S. Savings Bonds, for Bonds earn money for you every minute of every day. They never take a vacation. U.S. Series E Savings Bonds earn an average 3% interest, compounded semiannually. And they can go on earning it for as long as 19 years and 8 months! That means you can get back 80% more than you originally paid! There's a sure, simple way to save and earn money at the same time with U.S. Savings Bonds. It's the Payroll Savings Plan, and it will work for you. Just tell your pay office how much you'd like to save each week. It'll put the amount aside for you before you get your check. When enough money accumulates, it will buy and turn over to you a U.S. Series E Savings Bond. Why not sign up today? If you want approximately \$5,000 \$10,000 | \$25,000 If you want your interest as current income, ask your banker about 3% Series H Bonds which pay interest semiannually \$18.75 by Treasury check.

hole and the nail or screw will fit

When painting around windows, coat the panes of glass with soap paste. When painting is finthis solution may be washed off with clear warm water along with any paint flecks. Bamboo blinds which are a nat-

ural color can be painted the same

color as your room so they will match the walls. A coating of white wax such as is used to clean and protect your refrigerator or cabinets is excellent for Venetian blinds. It cleans and waxes them so they will not

catch dust easily.

President Eisenhower has approved a federal aid program of some \$8,500,000 to prevent surface water from flooding anthracite coal mines in Pennsylvania. The recommendation will go before the next Congress on condition the State of Pennsylvania appropriates a like sum and assumes responsibility for operating the project.

PROPOSED COTTON REDUCTIONS Cotton farmers will decide Dec. past season. The new quota is the

\$10.25 14 whether they want to accept very bottom figure allowed by \$11.03 the acreage controls proposed for farm law. \$15.59 the 1955 crop.

A minimum quota next year may In previous years, when farm- work a great hardship in areas ers were asked to choose between where cotton is the main cash lowered parity and unrestricted crop. In some sections of Texas production or a high parity level cotton is the primary agricultura and crop quotas, they have voted to accept the controls. They seem commodity. No other crop offers comparable income. As a result to feel that less cotton and a the gross profite from cotton can easonable assurance of a fair drop 15 per cent in those areas. price is the better deal. If they follow the same pattern this work hard to make the 15 per cent work hard to make the 15 per cent reductions "stick" in cotton plant-

The Secretary of Agriculture has ruled that the cotton acreage will be cut back 15 per cent in 1955. This means only 18,113,208 acres can be planted as compared with the 21.4 million acres allowed this

Are More Cattle On

Feed in Southwest? The suspicion is growing strongamong observers at the live tock market at Fort Worth that cattle on feed in the Southest are well in excess of the numers indicated by earlier estimates. In recent weeks word here is hat many mills processing cotton-bed are refusing to contract cotonseed hulls for future delivery cause of the current strong demand. They fear to contract for future delivery since they have been unable to pile up any re-

erves and are selling them as prayer fast as they are made.
It is reported that at many mills trucks stand in line for half a day

raiting to get a load. Experienced buyers and sales men at Fort Worth say, "Those ulls are going into livestock some where. Every time we have had this situation of fast disappearing cottonseed hulls it has developed that more cattle were being fattened than anyone suspected."

It is pointed out that no doubt a good many mother cows are be-

They expect more fat cattle in the first quarter of next year than earlier guesses indicated. Popular opinion is that many of the cattle on feed are heifers. Reason is that heifers most of the late Summer and Fall sold around \$4 or more under comparable steers. This "spread" made feedng heifers look like a good be to many even though when marke ed the heifers would not sell as well as fat steers. The additional margin between cost of heifers

against steers made them look like

ng wintered with some hulls as roughage—but this does not dis-pel the theory of the old Timers.

#### Post-Thanksgiving Cattle

a safer bet to make money.

Trade Starts Off Well There was the usual difference of opinion between salesmen and buyers at Fort Worth Monday, but when it was all over most cat tle and calves sold at fully steady to stronger prices. Mature fat steers, cows and high grade calves measurably higher. grade stockers were on hand and rder buyers indicated the supply

of high quality stockers was far short of their needs. Numerous loads of mature steers sold from \$21 to \$24, a few better cattle to \$24.50. Fat cows drew \$8.50 to \$11, some young cows of high yielding potential to \$12. Can

ners and cutters drew \$5 to \$8.50, bulls cashed at \$8 to \$12. Good and choice fat calves of all weights \$15 to \$18.50 with fancy baby beef types to \$19 to \$20 and above. Choice stocker steer calves and light yearlings sold from \$17 to \$20. Replacement cows

\$7 to \$12. Sheep Run Seasonally

Large; Lamb Top \$19.00 Both wooled and shorn lambs topped at \$18 to \$19 at Fort Worth Monday. Shorn lambs at the higher figure carried Fall shorn (about inch-and-a-half to two-inch wool) and some had No. 1 pelts (about five-eighths to one inch of wool) Stocker and feeder lambs drew \$12 to \$17, some mixed feeder and fat lambs at \$17. Shorn lambs in stocker flesh are hard to move

Slaughter ewes drew \$5 to \$6, and old bucks sold around \$4.

Yearling wethers cashed at \$10 to

\$15, some aged wethers drew \$7 to \$12, the latter for full wooled

Hogs Move To Market

In Far Larger Numbers In the past three weeks the movement of hogs to market at Fort Worth and all around the major market circle has much larger and last Monday the 12 major markets reported some

137,000 swine. At Fort Worth the top was \$18.25 to \$18.75, the lowest hog top here since December of 1952. This was week to 25 cents lower than last week's close. Sows sold weak to 50 cents lower at \$14 to \$17.

### WORDS And lest being human THOUGHTS

BUT LET'S FACE IT ...

#### Quail Season Prospects Described as 'Uncertain' By Game Commission

Austin, Nov. 29.-The Executive Secretary of the Game and Fish Commission said the quail season under the General State Law apparently will be an improvement over last fall but will be

vhat spotted.' statewide rom December 1 through January is expected to be particulary good in parts of north Texas and n south central Texas as well as

"The quail population seems to ave hit bottom during last year's xtreme dry weather. Executive Secretary. still is dry generally but in some parts timely rains came last spring nd summer and this should prouce improved conditions."

The bobwhite prospects improv so much in the Panhandle that ne time ago raised the daily nd possession limit from six and weive bird bags last year to ten this fall. The commission has regulatory authority over a tweny-eight county Panhandle brackt and thus is able to adjust seaas according to conditions.

The general state season ermined by Legislative Act. Reeneral interest in aiding propaga to Wildlife Biologist Dan ay of Buna who specializes in uail research.

"If we can get the folks interested and the drought breaks, it won't take long to restore bobquail," said Lay, 'because neir reproductive capacity when

wings for scientific study. who will either obtain the containers direct or through game wardens or wildlife biologists are asked to place one wing in the bags from each quail shot. The wings from cocks and hens should e separated. Location of the hunt nd date also are needed.

Limits under the General State Law are twelve quail per day and not more than thirty-six in posession. But limits as well as on dates vary in many localities. Details are contained in the Came Law Digests available through game wardens or license dealers. Daily shooting hours under the General State Law are from one-

half hour before sunrise to one

#### Humble to Broadcast SMU-N. Dame Game; Also 'Texas in Review'

half hour after sunset.

The SMU-Notre Dame game in Dallas will be telecast and broad-cast Saturday by Humble Oil & Refining Company.

by Tom Harmon, Jack Dres and Bill Stern beginning at 1:55 p. m. over WFAA-TV, Dallas; WBAP-TV, Fort Worth, and KCEN-TV

Kern Tips and Eddie Barker will bring the play-by-play and color beginning at 1:50 p. m. over radio stations WFAA-WBAP-570, Dallas-Fort Worth, KSTV. Stephenville, and other stations.

T-V PROGRAM NEXT WEEK Fascinating native Indian dances and the dying art of sand painting will be shown in a unique feature story next week on Humble Oil & Refining Company's TV program,

Texas in Review. The feature will trace similarities of the Southwest's traditional arts and crafts from ancient Indian days to the present. Films show how Dallas' Museum of Fine Arts traced such arts as painting, dancing, and crafts such as the silversmith's, which carry close relationships to the same ties in Aztec, Spanish, Old West and modern times.

Texas in Review can be Monday, December 6, on KRLD-TV, Dallas, at 7:30 p. m., and WBAP-TV, Fort Worth at 8:00

The program will be carried Tuesday, December 7, over KCEN-TV, Temple.
