NUMBER 87.

HERE IN HICO

By E. V. M.

For the past several months this department has been neglected to such an extent that the "better-half" has threatened to break off relations with the News Review if something wasn't done about it. So, in order to keep our best hand, and peace in the family we will strive to satisfy her every request and try one more time. The column has appeared so infrequently that, more than likely, the public hasn't had a chance to miss it.

Some weeks the shortage of space prevents the use of such nonsense, and other times we have been just plain lazy. Anyway, to get back on the good graces of the boss, here goes.

First off, we would like to take this opportunity to thank our merchants, correspondents, and contributors of news for their early copy this week which enabled the NR to be published a day early. Due to Armistice Day, which falls on Friday, our regular publication date, the paper is being printed early. Without the whole-hearted cooperation of all the people, this weekly task could have never been accomplished and chances are, subscribers would have been a day late in receiving their papers.

Most all of the business establishments will be closed Friday, but will be open Saturday with their usual assortment of bargains for the week-end shoppers.

As far as the NR is concerned, the doors will probably be closed Friday, but the force will be on the job as usual. If we have nothing else to do, guess we can come down and play with the new automatic press which was installed recently and is still so fascinating to us.

A little more on the serious side. Is Hico large enough to support a movie theatre? YES! Definitely so, but for the past two years, one would never think so by the local business has been at the local show.

Last week, due to circumstances beyond control, the management of the local theatre had to cut out the Tuesday, Wednesday and Thursday cash nights, in an effort to cut expenses to the minimum. This week, we are told, if business at the local establishment doesn't pick up, Hico could be without a theatre for the first time in 20 or more years. Yes, it's that serious.

The answer? We don't know, but most of the problems could be solved by your attendance at the good, wholesome movies which the management has booked in the past, and which they will continue to book as long as possible.

We do know one thing. If and when we should happen to lose our local theatre, then we will have problems with a capital "P."

Several months ago, Valley Mills had the same problem that faces the citizens of Hico right now. Their theatre closed due to lack of business, and the children of that town, not having anything to do, started going to Waco, McGregor, Clifton, and other places for their entertainment. The situation got so bad that the business men of the town got together and made arrangements to re-open the show, at a great deal of personal expense.

When no local entertainment is available people will invariably go where there is. That means driving 20, 30, 40, or even 60 miles to find recreation that we all must have, and when you have cars streaming out of town night after night, you are going to have accidents. And when you have accidents, people are going to be killed. Let's not let happen to us what happened to Valley Mills and other small towns. Let's support our local theatre and keep our youngsters at home.

Surely Hico is large enough to support one theatre. We feel that it is up to us, as citizens, to show our appreciation for this fine business establishment by attending the show often and regular.

Hico has always taken pride in supporting any business or organization which was good for the town, and we feel that the citizens will answer this plea, and that a theatre will continue to operate and thrive in our fair city.

Funds From P-TA Halloween Carnival Alloted to Teachers

At the November meeting at the high school auditorium Monday night, the Parent-Teacher Association voted in business session to give \$400 of the Halloween Carnival proceeds to the 16 teachers of the school, or \$25 per teacher, to be used for consumable and permanent equipment, to be determined at general faculty meeting. The group also agreed to pay the expenses of delegates to both state and district P-TA meetings, with appointment of the delegates to be made by the president, Mrs. Kyle Archie.

A \$40 health fund was set up and approved. Thirty dollars of the fund will go for a three-year supply of permanent health cards for all school children and ten dollars will be used to purchase

Local Dealers Attend Frigidaire Showing In Fort Worth Last Week

Between 1600 and 1700 dealers from four states got a preview last Monday in Fort Worth of Frigidaire's 1956 refrigerators, ranges, washers, driers and food freezers.

Public announcement on the new models will be made Nov. 16. The 1956 line was introduced to the dealers in a three-hour musical at Will Rogers Memorial Auditorium. A Broadway cast was in the show.

Principal speaker at the annual sales convention was C. J. Prashaw of Dayton, Ohio, range sales manager. A chuck-wagon luncheon in the Exhibits Building was held after the show.

Honored at the sales convention were 101 dealers who attained at least 100 per cent of their minimum 1955 sales goals.

Miss Louise Blair, S. E. Blair and Tyrus King of Blair's Hardware and Sporting Goods, attended the showing.

Neel Truck & Tractor Is First Place Winner In Recent Sales Contest

Mr. and Mrs. Paul Neel were in Dallas last Wednesday where they attended a convention of International Harvester dealers.

Mr. Neel was presented with a certificate and cash award for being the winner in Zone 7 of a three-month sales contest.

Zone 7 is comprised of 10 counties, with Hico being one of the smallest towns in the zone.

It Happened Here or Near

By E. E. DAWSON

Meet Bob Lovett! He is fifteen years old, rather tall, also rather thin, but strong in every limb and sinew. He lives near Cold Springs in San Jacinto county, some sixty miles northeast of Houston. A farm boy, having only the country school opportunities of the 1880's. One day his father said to him as they sat facing each other across the dining table, "Robert I have decided to make a doctor of you. You may prepare to go to Tulane University in New Orleans, and I will pay your expenses."

The father had always been used to making up his mind and telling others of his family what his will was, and that settled it. "But I don't want to be a doctor, father. I am going to be a lawyer." The father was shocked that a child of his would fail to instantly comply with his wish. He looked at the boy as if he could not comprehend what he was saying. The father at last spoke: "But I said you were going to be a doctor. I don't like lawyers." Again the son surprised his father by replying, "I'm sorry for that, father, but I have decided to be a lawyer." And the son unconsciously emphasized the "I". Then the father delivered the ultimatum to his independent son: "Then you can educate yourself."

I think the father was cruel in that attitude. Certainly he should have consulted the wish of the boy before planning a career for him. But the son took it in stride, and soon after packed his valise and started for a railroad that was being built from Houston to Shreveport, called the Houston, East and West Texas. Now the

first aid supplies. An additional fund of \$50 was set aside for traveling expenses of speakers, if such is needed.

Mrs. Alvin Casey, membership chairman, reported that paid memberships this year had reached 109.

Parent attendance awards went to the Seventh Grade, with 34 parents present and to the Tenth Grade, with 16.

Seventh Graders opened the program with a play in pantomime, "Women—the Root of All Evil."

Speaking on "The Home Sustains the School," Rev. Joe E. Taylor, pastor of the First Baptist Church, pointed out that the basic foundation of any civilization is the home, and that it is the home, rather than the school, that should train the child in the way he should go. "To build better schools and to build better nations," he said, "we must build better homes."

A social hour and refreshments in the luncheon concluded the meeting.

Community Public Service Co. Awarded 1st Place in Contest

For the third consecutive year, the fleet of Community Public Service Company has been awarded first place in its group of the Public Utilities Division of the National Safety Council's fleet safety contest. In addition, the local utility company was also a second-place winner in a passenger car division of the contest.

Announcement of the awards for overall safety performance of CPS drivers was made at the 43rd National Safety Congress in Chicago in late October.

Community's fleet, which includes 163 pickups and trucks, operated 1,880,577 miles during the 12-month contest period with only five accidents, a rate of only 21 accidents per 100,000 vehicle miles. Under contest rules, the slightest scratch or fender dent is considered a reportable accident.

In the passenger car division of the contest, Community employees operated 74 company passenger cars 1,468,833 vehicle miles during the 12-month contest period with only two accidents, a rate of only 14 accidents per 100,000 vehicle miles.

The fleet award was for first place in Group I, Public Utilities Division of the NSC annual contest. The plaque for second place in the operation of passenger vehicles was for Group I, Passenger Cars, Western Division.

Tigers Lose Season Finale to Meridian

Loss Gives Locals 6-4 Season Record; Third In District

The 1955 High School football team hung up their suits last Friday night, bringing to a close one of the most successful seasons in several years for a local team.

Out of a ten-game schedule the Tigers were able to ring up 6 victories, as compared to 4 losses. They defeated Gatesville State School, Strawn, Evant, Cranfills Gap, Oglesby and Tolar, while losing to Glen Rose, Blanket, Valley Mills and Meridian. In district play the locals broke even, with wins from Oglesby and Cranfills Gap, and losses to Meridian and Valley Mills, for a solid third place in conference standings. A pretty good finish in league action, considering the fact that the Tigers were picked to finish in the cellar.

In the Tiger's final game last Friday night, the locals took it on the chin to the tune of 40-18 at Meridian. Fans are offering no excuses for the defeat, but the Tigers were definitely "flat" for the first three periods and Meridian romped to a 33-0 lead before the locals found their usual form and exploded for three touchdowns in the finale to make the game a little closer. The Yellow-jackets have a good football team and will more than likely battle high-regarded Valley Mills right down to the wire to retain the championship they captured last year. The two teams play Nov. 18.

In the game last week Meridian scored two quick touchdowns in the first period and one in the second to post a 21-0 half-time lead. During the first two quarters the Tigers were able to manage only one 1st down, as Meridian's big line rose up and thwarted every offensive maneuver the locals attempted.

Meridian's Carey Von Tidwell, 150-pound scaback, had a field day for the Yellowjackets, as he scored 4 touchdowns on runs of 9, 1, 18 and 75 yards. Their other two scores were made by Dugger on a 1 yard blast, and by Allen, who rambled 2 yards. Billy Royal, 237-pound tackle, kicked 4 extra points.

The Tiger's first TD was made on a 55-yard pass and run play from Charles Hyles to Buddy Teague. The pass covered 10 yards and Buddy displayed his usual fine running form in scampering the remaining 45 yards to pay dirt.

Sherrell Kirk started Hico's second scoring drive with a fine 35-yard runback of a kickoff, to the Meridian 45. From the 45 Kirk made 25 yards to the 20, Needham picked up 5 to the 15 and then hit for 13 more to the 2, from where he carried over for the touchdown.

The third TD climaxed a 40-yard drive. Three pass completions, all from Hyles to Teague, kept the drive moving. The completions were good for 5, 16, and 28 yards, Teague taking the last one and racing to the Jacket 6 before being knocked out of bounds.

If the Tigers had played as well in the first 3 periods as they did in the last, the outcome would perhaps have been much closer. Playing their final game of High School football for the Tigers were Norman Norrod, Jerry Needham, Wayne Duncan and Wayne Chev. These seniors, along with the entire starting team, all the reserves, managers and coaches deserve a big hand for the fine performance and record made this year. A fine bunch of gentlemen, both on and off the field.

Girls' Basketball Team Will Play Meridian Friday, Nov. 11

The Hico High School girls basketball team plays Meridian, one of their oldest and strongest rivals, tonight, Friday, at the local gym. The "E" game will start at 7:15 with the main attraction to follow. Meridian always fields a strong team and this year is no exception to that rule. In their only game to date, Meridian clobbered Morgan 46-20.

The Hico girls showed much improvement from last week, but lost to Tolar 50-41 Tuesday night

Lord's Acres Helps Building Fund At Hico Baptist Church

A Acre-for-the-Lord project started last spring by the Brotherhood of the First Baptist Church of Hico, has netted \$300 for the church's permanent building fund. The Brotherhood rented 40 acres on the Carlton road a mile south of town, planted the entire plot in hedges, and placed F. E. (Pappy) Stone in charge of operations. Seed, labor and gasoline were donated. The men paid for rent and harvesting.

The profit brought the fund, begun only this year for the new church building, up to \$495.

New Officers Elected At First Meeting Of Fairy F. H. A.

Fairy F.H.A. chapter held its first meeting on October 3, 1955, at 7 p.m. in the homemaking cottage.

The new officers for the year took charge. These officers are as follows: President, Lera Jane Blakley; vice-president, Frances Thornton; secretary, Kay Gordon; treasurer, Doris Smith; Historian, Linda Sorenson; reporter, Gay Gordon; song leader, Martha Hakes; and pianist, Patsy Danbee.

At this meeting we elected our chapter heart-throb, Harry Thornton, and our chapter mother, Mrs. A. B. Clark.

At our next meeting we will initiate the five new members: La Rue Gardner, Ada Thornton, Anita New, Darlene Clark and Marie Stone.

FAIRY

By Mrs. Eunice Daniel

We received another cool northern Sunday with cloudy skies throughout the day. Rev. Duval filled an appointment at the Baptist Church and he and his wife and two children

were luncheon guests of Mr. and Mrs. Audie Clark and daughters.

Mr. and Mrs. Sid Dickerson of near Hico visited Sunday with his sister, Mrs. Brittle Little. She accompanied them home for a few days visit.

Cabert Danel left last Thursday afternoon for Fort Worth from there he was moving his mother and brother Edd, to Tucson, Ariz. He is expected home Tuesday of this week.

Mr. and Mrs. James Abel of Fort Worth spent the week end with their parents, Mr. and Mrs. Walter Abel and Billy and Mr. and Mrs. Audie Clark and family.

The writer and granddaughter, Carolyn Sellers were shopping in Dublin Saturday and while there visited in the home of our daughter and aunt, Mr. and Mrs. D. E. Allison and Darrel.

Mr. and Mrs. Charles Abel of Fort Worth and Thomas Abel of Dallas spent the week end with their parents, Mr. and Mrs. Walter Abel and Billy.

Misses Martha Hanes and Ada Beth Thornton were Sunday guests of Misses Shirley and Darlene Clark.

Mr. and Mrs. Carl Ray Sellers, Carolyn and Jimmie Don and the writer spent Sunday in Dublin visiting in the home of our daughter and sister, Mr. and Mrs. D. E. Allison and Darrel. Other guests of the Allisons were their daughter and husband, Mr. and Mrs. Wayne Pittman, who were spending the week end with their parents.

Mr. and Mrs. Waynand Allison and Johnny Wayne of Baytown came in Sunday for a few days visit with his parents, Mr. and Mrs. Edd Allison and other relatives.

Mr. and Mrs. Otto Jordan and daughter, Mrs. Kenneth Webb and two sons, all of Cleburne visited Sunday with their father and grandfather, Uncle Bob Parks.

Mr. and Mrs. Ralph Spencer and two little sons of Lubbock and Miss Daphne Hoover of Abilene spent the week end with the ladies' parents, Mr. and Mrs. E. M. Hoover.

Mr. and Mrs. Marvin Porterfield have been visiting in Houston for

the past several days with her parents, Mr. and Mrs. Lester Smith and daughters and his sister and family, Mr. and Mrs. Bob Hurt and daughters.

Visiting members at the Church of Christ Sunday were the Musick family who have moved to the Swartz place on the Leon river. Mr. Frank Wolfe and sister, Mrs. Daisy Henderson of Woodson were also visitors.

Audie Clark and Carl Ray Sellers and this scribe have been doing a little remodeling and redecorating in our home. Enlarging, sheet-rocking and texturing our living room and also some cabinet work and other conveniences added to the bath room.

Since we just learned today, Monday, that the paper would be printed early this week due to Armistice Day Friday, our news may seem shorter than usual and too, the public not knowing of the early mailing date there will probably be no drop box news.

W. E. Goyne and family spent the week end at their home here and attended church at the Methodist Church. They returned to Morgan Sunday afternoon for open house at the new school building just completed. Mr. and Mrs. W. E. Cunningham of Fairy visited with the Goynes Sunday afternoon and attended the open house at the school there.

Mrs. T. L. Betts is leaving Tuesday of this week for Garden Grove, California for a visit with her son, Mr. and Mrs. Joe Betts and daughters.

Mr. and Mrs. Otis Dansby and family visited Sunday with Mr. and Mrs. John Coleman and family of Gentrys Mill community near Gustine.

Don Tooley and Steve Ogle of Hico spent Saturday night in the W. E. Goyne home.

Mrs. Audie Clark and Mrs. Arnold Gleason carried four of the Fairy 4-H girls to Winters last Saturday for the regional meeting of the 4-H club members. Those making the trip were Shirley Clark, Gay Gordon, Lera Jane Blakley and LaRue Gardner. They reported 750 members present.

Mrs. Harvey Little of Oklahoma City visited last Thursday and Friday with her mother-in-law, Mrs. Brittle Little. She came down with her nephew, Joe Turner, also of Oklahoma City. They were here to visit their sister-in-law and mother, Mrs. Henry Turner of Stephenville, formerly of Carlton, who suffered a severe heart attack early last week. She has been a patient in the Dublin hospital but was expected to be released the last of the week.

CHRISTIAN HOME-MAKING

By J. B. TOMLINSON, Minister Hico Church of Christ

Here and there in our New Testament will be found various admonitions which when faithfully followed will make the home what God designed that it should be. Sometimes we find people so concerned with the views and opinions of men relating to home-making that it would appear they have lost sight of the fact that the Spirit of God has offered some basic, and inerrant teaching on this subject.

"Husbands love your wives even as Christ loved the church." The husband occupies the place of chief responsibility in home-making. He is the head of the home not by personal choice, nor by choice of others, but by appointment of God. Love is the sweetest of all words. In showing daily, continual, self-sacrificing love for his wife, the foundation of the Christian home remains secure.

"Wives, be in subjection unto your own husbands as unto the Lord." In this simple, forthright utterance of the New Testament lays down another important rule for home-making. In order to accomplish some good end, oftentimes one person must subordinate himself to another. Christ subordinated himself to the Father in order to effect a plan for human redemption.

"Children, obey your parents." We seem to be living in a day when this rule for home-making is being grossly neglected. Our war-born children are filled with nervous tension, and frequently manifest the spirit of rebellion. Acting within reason, parents should demand obedience on part of their children. Children who persist in disrespect toward parents are destined to many bitter consequences.

"Fathers, provoke not your children to wrath." Disciplining of children is never an easy task. It calls for careful study and patience. Parents may err in completely overlooking their child's viewpoint concerning a matter. Christian parents will oftentimes feel the need of praying to God for wisdom to direct them in the disciplining of their children.

THE BAFFLES By Mahoney

COUNTY AGENT REPORTS

By E. R. LAWRENCE

The A & M College has made some important changes in their poultry house plans the last few months. Many of you are planning on building new houses will be interested in these new changes. One of the changes in the plans is that one set of blue prints will do for most any size house needed. All that is required is to make the house longer.

The college is recommending that all broiler houses be 30 feet wide and as long as needed. Their recommendations for cage houses are 24 feet wide and as long as needed. Either of these houses can be used for floor laying if desired. I have a few of these new plans on hand and will be glad to give them to you when needed.

THRILLS, SPILLS AND CHILLS are just around the corner for circus lovers. Fort Worth's Moslah Temple Shrine Circus will present its version of the "World's Greatest Indoor Circus," November 18-27. There will be matinee performances on November 19, 20, 24, 25, 26 and 27. Houston P. Hutchens is chairman of the big show which will play its 10-day run under the "Big Steel Top" at Will Rogers Memorial Coliseum. There are acres of free parking. And there will be fun for all among the dazzling acts including: Chet Juszyk and his 11 African lions, Miller's elephants, Theron's Comedy Group, Jack Joyce's Desert Taxis, Liberty Horses, The Three Sidneys, aerial queens, wizards of the wire, capering canines, daredevil flyers, performing pachyderms and laugh provoking clowns.

IT'S THE LAW in Texas

HOW TO MINIMIZE RISKS

Whenever you are asked to sign something, your signature should be a warning signal that in some way you may become legally obligated by what you sign.

Usually you are asked to sign something as a result of a business transaction, such as a contract, a receipt, an order, a release, an option, a mortgage, or a deed. For your own protection you should clearly understand what you sign, why you are signing it, and what the consequences may be. It is rarely possible for a person who has signed a document to avoid its legal effects.

You can decrease your legal risks by always taking these precautions before you sign anything:

Know what you are signing and what the document contains. Understand clearly what it means. Don't be confused by its title—a "statement" may be a release of all your claims, or a "contract" may be a negotiable promissory note. "Co-signing" a note may result in your having to pay it.

Read everything in any document. Clauses in fine print may be important. Remember, too, that oral promises not included in writing may be unenforceable. Take nothing for granted.

Check and verify the document. Be sure the dates, prices, names and conditions filled in are correct. You are bound by what it says, not by what you thought it said.

Ask questions. Inquire about conditions and items of importance to you. Don't sign unless you understand what it means. Language clearly stating what you want can be inserted. If large sums are involved, consult with your attorney.

Retain a copy. Be sure the proper persons sign. Request and retain a copy. Record it, if necessary with the proper public official.

Like your fingerprint, your signature is unique. No one else has one exactly like it. Only you can sign it, and affixing it may set into motion events of great legal consequence. Treat it with the importance it deserves, and do not bestow it carelessly. If in doubt, seek information and advice.

(This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

The Registered Beef Cattle Breeders of the county had their annual show last week and they are due lots of praise for the quality of cattle they had on exhibition for the two days of the show. This organization has been operating for about six or seven years and it is remarkable how it has improved the quality of the cattle raised by its members. Not only has it done this, but nearly every member of the organization has improved in the management of his herd. As these men improve their cattle, and local people buy breeding cattle from them, the cattle of the entire county improves.

The amount of winter grazing received from small grains depends in a large measure upon the management practices used. Give the young plants time to develop a good hardy root system before turning in livestock. The plants should be at least six inches tall before they are grazed. Their root systems will be developed to the point that grazing stock will not damage the stand too much by pulling up the plants. Rotation gives the most efficient use of the forage produced by fast growing small grains. Portable electric fences serve well in rotation grazing because they are cheap and easy to move. This might sound foolish but the College specialists recommend that small grains be mowed if they get ahead of the cattle from favorable weather conditions. Two reasons are given for this—to prevent early booting and reduce the chances of winter killing. Usually small grains when furnishing good grazing are too watery and cause livestock to scour badly. This condition can be overcome by feeding some dry hay until the moisture content of the plants is reduced.

George Melde, 4-H Club boy of the Aleman club, is planting a small grain demonstration. George will plant two replications with each having eight varieties. Wheat and oats and barley of various varieties are being planted with seed being furnished by the Texas Agricultural Experiment Station.

I'd like to warn stockmen again that we are in a dangerous time as to grazing fields that are damaged by frost. Frosted fields can be grazed from five to ten days after they have been damaged.

The USDA reports that an extra pig or two per litter resulted when the diet of the mother sow was supplemented with an antibiotic during her gestation. The extra pigs were due to the birth of more live pigs and better ability of the pigs to survive until weaned.

Telecast of Arkansas-SMU Game Week End Football Feature

Highlighting Humble Oil and Refining Company's football coverage for Texans this week will be a live telecast of the SMU-Arkansas game. In addition there will be statewide broadcasts of the SMU-Arkansas, Rice-Texas A & M, Texas-TCU games and a West Texas network broadcast of the Texas Tech-Tulsa game.

Time for the SMU-Arkansas telecast will be 1:45 p.m. Kern Tipte and Alec Chesser will describe the action and color from the Cotton Bowl in Dallas.

Broadcasting of the SMU-Arkansas game will start at 1:50 p.m. Dave Russell and Colt Butler will bring the game over KGKO, Dallas, 1480.

The Rice-A & M game will be broadcast from Houston by Bob Walker and Eddie Hill. Radio time will be 1:50 p.m. over KRLD, Dallas-1080, and other stations.

From Austin, the Texas-TCU game will be described by Ves Box and Dave Smith. Starting at 1:50 p.m., the game may be heard over WFAA-WBAP-820, Dallas-Ft. Worth.

Mrs. Robert Jackson Hostess To Review Club Last Thursday

Members of the Review Club met at the Hico Homemaking cottage on Thursday, Nov. 3. Mrs. R. B. Jackson was assisted as hostess by Mrs. Rosellen Davis and Sandra Aycock, Valerie McFadden and Virginia Jones of the Homemaking department.

The program for the year, "President's Ladies," continued with interesting biographies of Louisa Adams and Dolly Madison given by Mrs. W. M. Horsley and Mrs. Bryan Angell.

The biographies revealed the childhood, education, and years of public characters and methods of shouldering the great responsibilities as president's wives.

Mrs. Odie Petsick, president, presided at the meeting.

Delicious refreshments were served to the following: Meses. O. C. Cook, W. F. Hafer, B. J. Jernigan, M. I. Knudson, Marvin Marshall, Morgan Garrett, E. H. Randals, Lusk Randals, Truman Roberts, Morse Ross, Wayne Rutledge, Joe B. Taylor, L. J. Wood, L. N. Lane, J. W. Fairley, and members on the program.

The next meeting will be Nov. 17 in the home of Mrs. Truman Roberts with Mrs. Joe B. Taylor in charge of the Bible Day program.

GOLDEN WEDDING

A beautiful golden wedding celebration took place last Sunday afternoon at First Baptist Church, Meridian. The couple was Mr. and Mrs. C. M. Pumphrey who live between Meridian and Iredell. Pastor Gordon Bays gave an eloquent statement of the significance of the occasion and gave the renewal of the vows, and Rev. E. E. Dawson led the prayer. In the banquet room all the people of the church-filling crowd shook hands with the celebrants and viewed the many beautiful gifts and partook of the delightful refreshments and enjoyed an hour of fine fellowship. A high percentage of the attendants at the event were from Hamilton county.

CALIFORNIA VISITORS

Glen Daugherty of Whittier, California and Mr. and Mrs. E. H. Pope of Pasadena, California visited the past week in the home of Mr. and Mrs. E. W. Daugherty, Caressa Newlin and Mrs. Ora Routledge and Mr. Routledge. They drove their brother, Glen Daugherty to Carter Field at Fort Worth Sunday from where he took a plane home.

Mrs. Hershel Sherrard Hostess Friday To Garden Club Members

The Hico Garden Club met at the home of Mrs. Hershel Sherrard last Friday, Nov. 3, for their November meeting.

Each room of the lovely home was made more attractive by flower arrangements made by the hostesses.

The subject of the program was Gladioli. Mrs. Steve Parks presented a talk on gladioli and their culture.

Plans for the Christmas outdoor lighting and the Spring Flower Show were discussed.

Hot punch and fruit cake was served by the hostesses, Mrs. Sherrard, Mrs. Fred Rainwater and Mrs. A. M. Corbett.

Mrs. R. L. French Hostess to South Hico H. D. Club

The South Hico Home Demonstration Club met in the home of Mrs. R. L. French for an all-day meeting on November 3.

Mrs. Bessie Brown of the Liberty club gave a very interesting demonstration on various things, such as the making of beads, ear-screws, and the one demonstration that was enjoyed most of all was the making of gloves. These were made of cloth material and crocheted. They are nice looking, and well fitting. Paper craft was also given.

At noon a delicious meal was served to all present. Mrs. Maye Gandy led in prayer. The next meeting will be with Mrs. Woodie Garner on November 17, at 2 p.m. The agent, Miss Wilshire, will be with us at this time.

BACK IN THE GOOD OLD DAYS

When we boys came to town astraddle old Prince's back, we would stay 'round town until a little late at night. It would be cold, and someone would say, "Let's go by the City Hall and warm up before we start home." Well, after we warmed and chatted with the nightwatchman a while, we would straddle old Prince and home we would go. That was before World War I.

Well, we managed to get a Model T, and you know a T. They would run when everything was in their favor. Well, to town we would go, and chances are it would go dead right in a chug hole on Main Street. Someone would say, "Go around to the City Hall and phone Bud to come and get us. We were always welcome at the City Hall. But time changes everything."

Now we have good cars, paved streets, nice homes, good warm beds, plenty to eat, good warm clothes. But no City Hall to go when we get stranded and want to phone Bud to come and get us. Out of town people coming through and have a wreck or car trouble. Where can they go and stay warm until we can get the car fixed? No place to go. The City Hall is locked up. They have to hang around some all-night service station until morning.

Citizens of Hico, Texas, wake up. Let out of town people know they are welcome by showing them courtesy by having the City Hall open at all times, with a warm fire and a local telephone at their convenience.

Courtesy pays off always! A Citizen of Hamilton County. A taxpayer and a believer in convenience and courtesy for everyone.

PERSONAL MENTION

Show your guests the courtesy of mentioning their visits in the paper. Just call 132 or drop a post card to the News Review with your visitor's names, or whatever social event you have recently had. We are always happy to have the local news of every event.

colored flesh. It weighs three to five pounds. Also available is the Butternut squash. A relative newcomer, it is light yellow color, bell shaped with a round seed cavity in the base. It tapers to a small, fairly long straight neck. Baked, plain or stuffed, winter squash will add variety and nutrition to your meals.

A large percentage of home fires start by burning trash. A good trash burner helps insure the safety and beauty of your home. For convenience, locate the trashburner near the kitchen, but far enough away for safety. It does not have to be large, if trash is burned every day or two.

For materials that won't burn—bottles, tin cans, etc., place a large fly-tight, water-tight garbage can near the trashburner. Sparks fly easily, so cover top and front of the trashburner with one-fourth inch wire mesh. It should be surrounded by shrubs that will not burn easily. Locate at least 12 feet away from buildings. Make sure the clothesline is well out of range, too. Plans for building your own Mortarless Trashburner are available here in the Extension office.

Experience has shown that progress toward improving a community can be made where there exists a spirit of cooperation and a will to do and share with neighbors. Community organization is a must in rural communities because of the fast changing of modes and patterns of life due to fewer farms and farm families.

CLAIRETTE

By Mrs. Lucile Mayfield

A good crowd attended the Quarterly Conference and dinner Sunday at the Clairette Methodist Church. Dr. C. C. Sessions of Gatesville preached at the morning services. Dinner was served at the lunch room at the school building.

Mr. Joe Salmon, who has been in Dallas for some time with his daughter, Mrs. Ethel Hansen, is at home for a few days. His daughter came home to stay with him.

Mrs. Jessie Lee, who makes her home with her children in West Texas, is here visiting relatives and friends for a few days.

Mrs. Cliff Little and sons of Fort Worth spent last week at the home of her parents, Mr. and Mrs. Fieldon Haley, helping to take care of a new brother, born Nov. 1 to Mr. and Mrs. Haley. They will call the new baby Curtis Lynn.

The Busy Bee Club met last Thursday afternoon with Mrs. Betty Christian. Mrs. Lucile Mayfield served popcorn balls to the members and children, in order to get back into the club after missing three in succession. The members drew names for Christmas. The next meeting will be with Mrs. Bill Christian.

Mrs. Jossie Alexander was hostess to the Home Demonstration Club Friday afternoon. Two new members joined the club. They were Mrs. Von Scott and Mrs. Marvin Rush.

Mrs. Willie Wolfe of Dublin visited Saturday with Eunice and Nola Lee.

Mr. and Mrs. Bill Head and Mary Gail moved last week south of Clairette, to the place known as Sonny Christian place.

Mr. and Mrs. Gene Cornelius and family of Austin passed the week end with Mr. and Mrs. Lee Marshall.

Friends here of Mrs. Mary Earll of Center, Colo., are sorry to hear

that she is ill. News reached here Thursday of last week from her daughter, Mrs. Maude Dunbar. Mrs. Dunbar stated the mountain ranges around the San Luis Valley were peeked with snow. The potato harvest is over there, and the farmers did not make as many No. 1 potatoes as usual and they were not getting a good price for them right now.

Mr. and Mrs. John Noland and Mr. and Mrs. H. K. Self spent Sunday in Fort Worth with their ones and families.

Are All Cold Remedies Alike?

No! For example, 666 is the wide-activity medicine, which combines 4 of the most effective, widely-prescribed drugs known, to relieve all cold miseries sooner. 666 is more potent and gives positive, dramatic, rapid relief from miseries of all kinds of colds. That's why 666 is unsurpassed in effectiveness. Try it.

No other cold remedy can match 666 liquid or 666 Cold Tablets. **666**

more miles per quart!

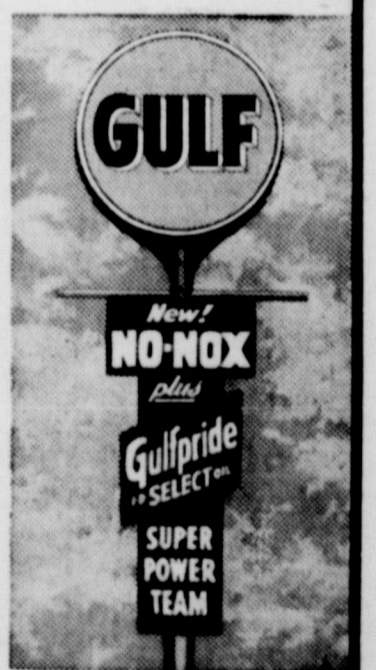

Gulf No-Nox burns clean

Here's proof: Note the black deposit on plate at left, caused by the "dirty-burning tail-end" of gasoline—the part Gulf refines out in making New Super-Refined NO-NOX. But see how clean new NO-NOX leaves the plate at right. Now—in your own new 1956 car—see how clean-burning NO-NOX can give you more miles per gallon in the short-trip, stop-and-go driving you do most.

Gulfpride Select works clean

Here's why: Most conventional oils are refined only to the stage shown in A. But New Gulfpride Select is further refined by the Alchlor Process—removing up to 15% more of the carbon-formers, in B... C contains the new super-refined oil that gives you more miles per quart because it has natural viscosity (body)—contains no artificial thickeners that break down in service.

A MOUNTING FIGHT AGAINST THE PINK BOLLWORM

More Texas farmers than ever before are rallying against the worst of all cotton insect pests—the pink bollworm.

The Plant Quarantine Division of the Texas Department of Agriculture has had excellent cooperation with growers during this season.

In areas of the state where infestation has not been sufficient to force stalk destruction deadlines, many people have asked for voluntary plow-up dates. In the control zones of extreme southern and southeast Texas where infestation is most serious, stalk destruction deadlines have all been met with very little discussion, and good cultural practices are being followed.

VALLEY ESCROW PROGRAM SET UP

In four Rio Grande Valley counties where the pink bollworm menace is a serious threat, cotton farmers recently voted 2 to 1 in favor of an escrow program designed to assure compliance with stalk destruction rules.

Under terms of the program to become effective during the 1956 season, cotton farmers in Hidalgo, Willacy, Cameron and Starr counties will post \$7.50 for each bale of cotton ginned to be put in the meet the cotton stalk destruction escrow fund. Growers who fail to deadline will be required to pay for plow-up of their fields from

the escrow fund, in addition to penalties previously prescribed by law.

The First National Bank of McAllen, successful bidder to hold the multi-million dollar escrow fund, will return all money remaining in escrow to the growers 30 days after the plow-up deadline. The only deduction will be 6 cents per bale to the bank for salary, material and service costs.

I am personally very pleased to see this exerted effort being put forth by our Valley farmers to make their cotton insect-free.

NEW INSECTICIDE DEVELOPMENTS

Experiments with a new chemical which promises to be even more effective than DDT in combating the pink bollworm are being held on test plots over the state.

The new chemical, Bayer No. 17147, is also believed to be effective against the boll weevil, whereas DDT is successful against pink bollworms only. It is also probable that fewer applications of the Bayer phosphorous compound would be necessary than the periodic treatments required when DDT is used.

With such intensive research on insecticides, compliance with our vital pink bollworm control regulations, and—most important—the full cooperation of Texas farmers, this threat to a major Texas cash crop will eventually be ended.

survey committee of the American Feed Manufacturers Assn. received in Fort Worth last week called for continued high level feeding and meat production.

The committee of experts from agricultural colleges all over the country included such authorities as Dean Darlow, Oklahoma A & M and Dr. I. W. Rupel of Texas A & M.

They predicted cattle population and feeding about the same next year as in this one. This Fall's crop was 11 1/2 per cent above a year ago, and a one per cent gain in 1956 Spring pigs was seen. Broiler production next year will be up 6 per cent. Turkey production will be up 5 per cent. Milk production will be up slightly, dairy cow population up 1 per cent. Sheep production will continue to rise, especially because of more farm flocks. Laying hens will average 3 per cent lower this year. Period covered by these findings is October 1, 1955-September 30, 1956.

Seven Special Stocker & Feeder Sales Planned.

The "new look" in stocker and feeder sales developed at Fort Worth this year was so successful that seven extra events are planned by the Fort Worth Livestock Market Institute in cooperation with the Texas Aberdeen-Angus Association and the Texas Hereford Association during 1956.

New departure will be distributional sale of cows and pairs slated for April 13 at the stockyards. There will be three classifications in this event: 1. Herefords, or predominantly Hereford; 2. Aberdeen-Angus or predominantly Angus; 3. Mixed breeds or other breeds such as Braham, Shorthorn etc.

At the meeting Friday there was some fun as Secretary Henry Elder of the Texas Hereford Association and Fieldman Mill Miller and Secretary Glen Toole of the Texas Aberdeen-Angus Association tried to decide which classification the "black-whitefaces," or the Angus-Hereford crossbreeds would fit into. Both claimed if they were "good ones" they belonged to their breed, and if they were "sorry" they belonged to the other fellow. Actually, they will go into the classification designated by their owner.

Other dates selected for stocker and feeder sales at the markets were: for Herefords or predominantly whitefaced cattle, May 11; June 22; September 21; and October 19.

The Blacks will have stocker and feeder sale dates on July 13 and September 7. Dates chosen were as near as possible to dates both groups had this year, except the May Hereford sale which was set in at the request of cattle buyers

needing cattle for shipment to Northern grass.

Fed Steers Sharply Lower; Cows Generally Steady.

Movement of cattle and calves was again of moderate proportions at Fort Worth Monday, but Northern markets and the Cornbelt reported heavy runs of cattle and hogs and fat cattle weakened. At Fort Worth slaughter steers and yearlings were weak to \$1 lower. Cows and bulls ruled steady with last week's close. Calves were about steady, with high grades and culls firm, and the between grades weak.

Comparative prices: Good and choice slaughter steers and yearlings \$17-20; odd head higher; common and medium \$10-16.50; fat cows \$9-11 and canners and cutters \$6-9.50. Bulls \$9-12; odds to \$12.50. Good and choice slaughter calves \$15-17; cull, common and medium \$8-14. Stocker steer calves \$19.50 down; stocker steer yearlings \$18 down; stocker cows \$8-12.75, latter price for springer cows and a few with baby calves, the cows averaged 930 pounds at \$12.75, the calves about 100 lbs., brought \$20.

Hog Top \$14.00-14.25 at Fort Worth Monday.

Another day of more than 100,000 hogs was chalked up by the 12 major markets Monday. At Fort Worth prices were steady to 25 cents lower on butchers and packing sows. Top hogs sold for \$14.00-14.25; and sows at \$11.00-13.50.

Slaughter Lambs 50c Lower; Other Classes Steady.

Good and choice fat lambs drew \$17 to \$17.50 at Fort Worth Monday, and cull to medium kinds drew \$10 to \$16. Stocker and feeder lambs sold from \$14 to \$16. Fat yearlings drew \$16 down. Old wethers drew \$7 to \$12. Slaughter ewes sold for \$5 to \$6.

Fort Worth Market Open On Friday, November 11.

It was announced Monday that the market at Fort Worth would be open as usual Friday for buying and selling livestock.

Big Meat Production Next Year Predicted.

IT HAPPENED—
(Continued from Page 1)

Pacific and the Southern Pacific. Mr. Harriman called Robert S. Lovett to New York as his assistant, and when Harriman died in 1909, the big question in railroad circles was, "Who will succeed Harriman in this responsible position?" The mantle fell on Robert S. Lovett. And he became the master-mind of a twenty-five thousand mile dual system, and with a voice in the control of another twenty-five thousand miles of rails, worth five billion dollars.

In 1910, soon after Mr. Lovett took over that mighty responsibility, I was in New York City with a group of Texans, among whom was the Rev. E. L. Compere and his wife of Dublin, a Baptist minister. Mr. Compere had been pastor of the Lovett family, and the Lovetts had them to dinner while we were there.

This is a wonderful story of what a boy can do if he has the will to work to carry out his ambition. Poverty may even season him for hard work and responsibility that would overwhelm a softer fellow who had it easy in his boyhood.

DISTRICT III FHA MEETING

Early, very early, Saturday morning, November 5, Mrs. Rosellen Davis, Jerre Dunklin, District III Sergeant-at-Arms, Valerie McFadden, Virginia Jones, Linda McLendon, Margaret Parks and Jean Clark, voting delegate, began their trip to Winters to attend the District III FHA meeting.

The trip proved to be entertaining despite sleepiness. After a breakfast of raw doughnuts in Brownwood, they arrived in Winters about 8 o'clock. Mrs. Davis and Jerre Dunklin were in charge of decorating the stage.

Some six hundred girls registered and the program began at 9:30. Nancy Fay, District III president, served as presiding officer for the program. Short speeches of welcome, greetings and response were presented by the Winters Superintendent, James Nevins,

Mayor George Poe, and Johnnie Mae Taylor. The guest speakers were Linda Terry, former president of District III, and Dr. Guy Newman, President of Howard Payne College.

Linda Terry carried out the theme, "Ten and Then," by reviewing the presidents and meetings for the past ten years. Dr. Newman's topic was "If I were Sixteen Again." Both speakers held the interest of everyone.

After lunch, the House of Delegates met in the high school building and elected District III officers for the coming year.

Barbara Gregory of Hamilton, vice president, had charge of the afternoon program. The girls were entertained by a circus parade put on by girls from several different schools.

The new officers were installed to their offices. All officers were dressed in white with corsages of red roses. The old president presented her gavel to the new president. Each out-going officer received a red rose in the installation ceremony.

After the installation of the officers, another enjoyable meeting was adjourned. The trip home was somewhat shortened by jokes, giggles and reviewing the meeting. Pleasant though the meeting was, home still seemed better.

NEW ROOM MOTHER FOR SENIOR CLASS

Upon the withdrawal of Margo Battershell from the Senior class, Mrs. J. D. Partain asked to be relieved of her duties as senior home room mother.

In her place, Mrs. P. C. Clark, mother of Jean, has been elected.

CARLTON

By Mrs. Fred Geye

Mr. and Mrs. Daymond Burnett of Amarillo spent Monday night with her mother, Mrs. Jessie Finley. They were here to attend the funeral of his mother, Mrs. Bill Burnett of Dublin.
