A Word of Appreciation

At this season when everyone pauses, bows his head, and gives thanks for his many blessings in spiritual life, food, clothing, shelter and a happy family life, we wish to add our thanks to the many friends who have helped our institution grow and be of better service to our community.

We are thankful for the continued patronage of our old customers and for the many new accounts that have been opened in recent months and years.

And our thanks would not be genuine and complete without thanking the Almighty for the blessing of freedom and religious worship and speech. May all of us enjoy this privilege forever.

Day of family get-to-gethers, fun and THANKSGIV

> Yes, Thanksgiving is a day for family-get-togethers, good fun and reverence. Although they had little by comparison, the little band of Pilgrims attended divine worship and gave thanks before sitting down to the first Thanksgiving meal with their Indian friends.

This Thanksgiving and every day let us give thanks, each in his own way, for the many gifts which many of us in rich America take for granted.

So that our staff may spend Thanksgiving with their families we will be closed throughout the day.

Junior Turkeys - Country Baked By Marie Gifford

"Old-fashioned cooking is still the best." You'll agree with this familiar saying when you roast your Junior turkeys as Grandmother used to-by Country Baking them.

Broad-breasted, meaty Junior turkeys weigh only 4 to 9 pounds when they're just right for eating, so they make a perfect choice for the average family. To determine the size to buy, allow about a pound, dressed weight, per person for each serving.

You may purchase these turkeys fresh-iced or quick-frozen, fully dressed, ready to stuff, truss and pop into the oven. To stuff these birds in a hurry, use the new already prepared herb-seasoned stuffing found in cellophane packages on your grocery shelf.

found in cellophane packages on your grocery shelf.

Because these birds have all white feathers, there are no troublesome dark pin feathers to remove. The semi-covered Country Bake method keeps the meat moist and protects the very thin skin of this

method keeps the meat moist and protects the very thin skin of this special breed of birds from becoming dry and hard.

To Country Bake your turkey, place the already stuffed bird breast up on a rack in a roasting pan. Brush with ½ cup melted butter or margarine. Brown in a preheated (500°F.) oven for 20 minutes or until lightly browned. Baste turkey with the drippings.

Cover with the lid of your roasting pan or with a piece of heavy duty aluminum foil crimped tightly to the edges of the pan. Turn the oven down to 325°F, to finish baking, allowing approximately the time indicated below.
