

THE BAFFLES By Mahoney

FAIRY
By MRS. EUNICE DANIEL

A cool front blew in late Sunday which dropped temperatures greatly. Only a slight trace of rain accompanied the front here, however good rains were reported at Glen Rose and other points.

School bells will soon be ringing again for our youngsters. We haven't learned the opening date but hope to give you a report in next week's news. One of our faculty members, Junior Jones, resigned to take a position near Dallas, to be with his parents, Mr. and Mrs. Irvin Jones of Lanham, who are moving there for the coming school term. Frank Bonner has been secured to fill this vacancy.

Ralph Spencer and family while there. Mr. Sellers' parents, Mr. and Mrs. N. S. Sellers, who had been visiting the past few weeks in the Anglin home accompanied them home.

Cabert Daniel, accompanied by his son, Billy, of Fort Worth, left Friday night for Corpus Christi where they joined their two daughters and sisters and families for a fishing and outing. Mr. Daniel is expected to return home Tuesday or Wednesday. Billy will remain and return home with his sisters and families.

A revival meeting will begin next Sunday morning, August 26 at the Methodist Church. Rev. Wesley Jones, pastor of the church, will preach Sunday morning, with Rev. Morgan Garrett of Hico officiating the rest of the meeting. Rev. Jones will direct the singing. All have a cordial invitation to attend these services.

We were very sorry to learn of the death of Mrs. John Little of Johnsville. The Little family formerly lived in this community. We extend deepest sympathy to the bereaved family.

Mrs. Cecil Parks and children of Fort Worth spent Thursday in the home of her uncle and aunt, Mr. and Mrs. Ovie Clark.

Mrs. Edna King is here for an extended visit in the home of her son, Mr. and Mrs. Carl King and Lynn. She accompanied Mrs. Chester Wood and children home, who had been visiting the past week in Hallinger with relatives and friends. Mrs. Woods states that the temperatures were much higher there and that it is awful dry and scarcely no crops at all made.

Most of the maize has been combined and has made a fair yield considering the dry weather. Some farmers are baling hay. Cotton is looking good and promises a fair yield also. Some are going to have to plow up part of their crop. This looks bad indeed when the crop is practically made and appears to be the best cotton crop in several years. With cotton thread at 10 cents for 150 yards, seems we don't need to be plowing up cotton.

Mr. and Mrs. Scott Blakley and Lera Jane were visitors last Sunday week at a house party in the home of his sister and husband, Mr. and Mrs. Bill Bridges of McGregor. The occasion was in honor of Mr. Bridges birthday. Other guests were Mr. and Mrs. Archie Bridges of McCamey and Mr. and Mrs. Jack Bridges and daughter of Beaumont.

Mr. and Mrs. Jerry Todd were

Keith Streater, son of Mr. and Mrs. Garlon Streater of the Lanham community, was injured seriously last Saturday week when the horse he was riding became frightened. He is reported to be recovering satisfactorily.

Miss Barbara Jean Guinn, daughter of Mr. and Mrs. Edward Guinn of Fort Worth, and Derwood Brooks, son of Mr. and Mrs. Brooks of near Fairy, were married last Wednesday week at Fort Worth. Mr. and Mrs. Clarence Bullard and son Don attended. Sorry we have not been able to secure a more complete account of the event. The Guinn family have resided in the Fairy community for several years, and moved to Fort Worth only recently. The newly-weds are former pupils at Fairy school. Their many friends wish for them much happiness and prosperity through life.

Mr. and Mrs. Jess Fulton were in Stephenville Sunday to visit Mrs. J. McVickers, who is a patient in the Stephenville hospital. She underwent major surgery last week and has been very sick. Mr. Fulton gave blood for her while there. We hope she will soon be able to be on the road to recovery.

Billy Daniel of Fort Worth, who is employed by the O.K. warehouse packing company, stopped for a short visit with his father, Cabert Daniel and wife last Wednesday night. He was on his way to San Angelo with a load of furniture for the company.

Mr. and Mrs. Carl Ray Sellers, Carolyn and Jimmy Don visited from Saturday until Monday at Lubbock in the home of his sister, Mr. and Mrs. John Anglin. They also visited in the home of Mrs. Sellers' cousin, Mr. and Mrs.

W. E. Petty, Former Hico Resident, Injured in Car Accident

Wallace E. Petty of 2601 First Street, Brownwood, suffered minor cuts and bruises recently when his car left the pavement on US 377 some three-fourths mile south of Brownwood. Mr. Petty was a former Hico resident.

Highway patrolman H. G. Palmer, who investigated, said Mr. Petty became ill and fainted while driving. His 1931 Studebaker sheared a telephone pole in half, knocked down two highway signs, ran through five fences and jumped an irrigation ditch before stopping.

Damage was estimated at \$300 to the car and at \$50 to other property.

He was taken to Memorial Hospital in Brownwood for examination.

Three Interesting Features Filmed On Texas In Review

Football, quarter horses and range improvement will be highlighted next week on the Humble Company's TV program, Texas in Review.

The Southwest Conference Football Officials' Association met recently in Houston to discuss rules changes for the rapidly approaching season. And on the same day Southwest Conference football announcers attended a unique school taught by the Rice Institute coaching staff. Purpose of the school was to instruct the announcers how to accurately identify and describe various plays and formations that may be used in conference play this year. What went on at these meetings will be featured.

From Hardin-Simmons University in Abilene will come a report on the annual meeting of the Southwest Athletic Trainers' Association. Illustrated will be ways trainers care for athletes and help prevent injuries.

Films of the Four-State Quarter Horse show at Texarkana will show some of the finest quarter horses in the world. Included will be pictures showing quarter horses being used on ranches.

How the range improvement program of the Hill Country Association of Soil Conservation Districts pays off for ranchers will be shown on the same program. Viewers will see excellent pictures of the before and after effects of range improvement practices.

Stephenville NFLA To Hold Directors Meet

Directors of the National Farm Loan Association of Stephenville, have set Sept. 10, 1936 as the date for the annual members' meeting to be held in the Stephenville Recreation Hall. Ferrel Little, secretary-treasurer, has announced.

A program is being planned with the hope of having one of the most interesting and well attended meetings in the history of the association.

Texas has a total of 124 NFLA offices rendering loan service to farmers and ranchers. The Stephenville office serves Erath County and Lapan Independent School District in Hood County.

Former Hicoan, Robert G. Hughes, Expresses Thanks

The following letter, written to Joe Guyton from a former Hico man, is being published in the interest of local readers. The letter is self-explanatory:

Dear Joe:
Elva and I want you to know how much we appreciate your help in persuading Hicoites to give me such a fine vote. We are very happy about that. I gave Hico as much publicity as possible and even though the radio announcers called it "Heeko", I did my best. We would like for the News Review to thank the voters for us and maybe if you showed the Editor this letter he would.

We would like for you to come see us sometime—at any rate you could write once in a while.

Give our best regards to those who remember us.

Your friend,
ROBERT G. HUGHES,

SOCIAL SECURITY FIELD REPRESENTATIVE WILL BE LATE IN ARRIVAL ON VISIT

The field representative of the Waco Social Security Office will be late for his scheduled appointments in Gatesville and Hamilton. This is due to training sessions which are being held each morning from 8 to 9 in the Waco office.

Al Bracken, district manager, announced today that these temporary measures are being taken to enable the staff to give better service to the public by familiarizing themselves with recent changes in the law. Doors to the Waco office will be closed to the public until 9 a.m. Monday through Friday.

LARGER HIGHWAY PROGRAM STARTED

Expanded highway building under the new federal program is off to a fast start in Texas.

In the first tabulation since U. S. aid bill passage, the State Highway Commission received low bids totalling a whopping \$18,494,446. Of this amount, some \$5,847,678 was represented by six bids for improvement of federal interstate routes.

Miss Melba Chew of Blackwell returned home Saturday after two week's visit with her grandparents. Mr. and Mrs. Virgil Chew and other relatives.

Holstein-Friesian Association Will Hold Show & Sale at Dublin

The Holstein-Friesian Association of Texas is sponsoring a Black and White Show and Sale to be held in Dublin on September 7th and 8th. The Black and White Holstein cow has come to mean much in Texas, the Big Cow for the Big State, because of her ability to adapt herself to dry lot feeding and thus be able to continue to produce during this drought period.

One of the finest Holstein shows to be held during the entire year will be held on Friday, Sept. 7, as the "starting point" for the fall show circuit. Most of the leading breeders in the State will have their top show herds there at this time. 60-75 head are anticipated. Much emphasis is being placed on a junior show at which time the very coveted ribbons from the Holstein-Friesian Association of America will be presented. A Junior Judging Contest will be conducted along with the show under the sponsorship of Dr. W. W. Reed of Tarleton State College. This will give an unusual opportunity for the junior judging teams to judge from among the best show cattle of the state—some of which have won blue ribbons in

the biggest shows in the country. To meet the ever increasing demand for good registered Holsteins, the Association will present a Black and White Sale on Saturday afternoon at 1 p.m. There will be some 45 registered Holsteins auctioned at that time. Most of these will be fresh or heavy springing cows in order to help dairymen meet their fall base. There will also be a few Club heifers plus a very few choice bulls. On Friday night a meeting to "talk Holsteins" will be held. This will also include a parade of champions from the show.

NOTICE TO BIDDERS

Sealed Proposals for the purchase and removal of Building No. 524 at Tarleton State College, Stephenville, Texas, will be received by the President of Tarleton State College until 10:00 a.m., September 6, 1936, and then publicly opened and read.

Building No. 524 is a one-story frame building consisting of approximately 2,100 square feet. Proposal forms and detail information may be obtained at the Office of R. G. Fanning, Business Manager, Tarleton State College, Stephenville, Texas.

All bids received will be retained by Tarleton State College and will not be returned to the bidders. 16-2c.

Now is the time

★ **TO SAVE SENSIBLY—**

★ **AND MAKE PROSPERITY**

★ **PAY OFF FOR YOU!**

TODAY, we people of America are riding high on the greatest, longest ground swell of prosperity this country has ever known. Total national income over \$300,000,000,000.00! Total national product—the value of goods and services produced—\$381,000,000,000.00!

It's wonderful! And it can continue—if we handle this prosperity with common sense. If each of us, as an individual citizen, manages his own financial affairs with care.

One of the most important things to do is to save sensibly—now. Right now, when your earning power is at a peak, put something away for yourself every payday—systematically. The best way is to sign up for U. S. Savings Bonds through the Payroll Savings Plan where you work. This automatically does your saving for you. As little as \$3.75 a week will give you over \$1000.00 cash in just 5 years. Another way is to buy Bonds regularly where you bank. A Bond a month, at \$37.50, in 9 years and

8 months builds to \$4,913.40! Make yourself do it today—you'll thank yourself tomorrow!

Here are three reasons why U. S. Savings Bonds should be an important part of your investment program. *They are safe*—your principal is never subject to market fluctuation. *They're sure*—Bonds pay an average of 3% per year, compounded semiannually when held to maturity (9 years and 8 months). And they can go on earning 3% for another 10 years after that. *They're liquid*—you can always cash them, if you have to, after you've held them for two months.

Treasury Secretary Humphrey said, (on June 24, 1935), "We believe at this time of great prosperity that all of us—Government, business, and individuals alike—should exercise self-restraint in the use of public or private credit and the accumulation of debt." Let's apply his words to our private affairs—and preserve this prosperity for ourselves and our children!

For your prosperity, and America's,

100 — invest in U. S. Savings Bonds!

Bridal Shower Honors Miss Katherine Sparks

A miscellaneous bridal shower complimenting Miss Katherine Sparks, bride-elect of Walter Anglin of Dallas, formerly of Hamilton, was held in the home of Mr. and Mrs. M. V. Knapp of the Olin community, Saturday evening, August 18.

Hostesses for the occasion were Mrs. Harmon Trammell, Mrs. Lonnie Gray, Mrs. J. H. Rodgers, Mrs. Wallace Halle, Mrs. Murrell Ables and Mrs. Knapp.

Miss Kay Knapp received the guests, who were then registered by Miss Gwendolyn Gray and Miss Virginia Rodgers.

Guests were served fruit punch and cake from a table laid with a white linen cut-work cloth on which was centered a white latticed arch, entwined with fernery and red roses, under which stood a miniature bride and groom. White satin ribbons with the inscription, "Katherine and Walter", in silver, completed the centerpiece. The red

punch service set and vases of red verbenas and fernery, placed at vantage points throughout the reception rooms, carried out the red and silver motif.

Sixty guests registered, and many lovely gifts were presented to the honoree, who will be married Saturday evening, August 25, in the First Methodist Church at Hico.

Haile Family Reunion Held at Hico Park

Members of the family of the late Mr. and Mrs. J. N. Haile of the Gum Branch community met in the Hico City Park, Sunday, August 12, for their reunion. A basket lunch was served at noon.

The group voted to make the gathering an annual event and selected the second Sunday in August each year for the meeting.

Present were Mrs. Ada Gordon and daughters, Edna and Irene, Miss Etta Haile, Jack Haile, and C. H. Haile, all of Fort Worth; Mr. and Mrs. Wiley Trammell and son, Reginald, and Miss Olga Schmidt, all of San Antonio; Mr. and Mrs. James R. Kindness For Desperation . . .

By MORGAN GARRETT

Henry David Thoreau, noted American naturalist, who lived from 1817 until 1862 once made this statement: "Most men lead lives of quiet desperation." Most people, young and old, know what desperation is from their own experience. Desperation comes to the high school boy who loses a sweetheart that he deeply loves. Desperation comes to the business man when he has a serious business set-back. Desperation often comes to people when loved ones are lost to death, especially when death is unexpected. Desperation comes to the person who indulges in any form of sinful conduct. Desperation often comes in such a way that we are not just sure what has caused it. Though we cannot put a finger on the cause, we know the heavy heart and discouraged mind that it brings. Every ill has its remedy. Desperation is best treated by kindness. Since most people handle their feelings of desperation quietly, we may not be aware of the times the people around us feel desperate. Therefore, we do well to practice kindness all the time. Kindness never hurt anyone, and it has saved the day for many a desperate person. Be kind to everyone you meet everyday, and much desperation will be erased from the world because of your kindness. A prominent Methodist minister of the Southwest Texas

Conference tells this story of an experience he had a few years ago. One day he went into a barber shop in one of the San Antonio hotels. He sat down in the barber's chair and asked for a shave. The barber went to work and gave him an unusually good shave. The razor glided over the preacher's face smoothly and soothingly. When the preacher got out of the chair and paid the barber for the shave he told him that it was the smoothest, most comfortable shave he had ever had. As the preacher walked to the door the barber walked with him. The barber then told the preacher that he had transformed the day for him with his words of kindness. He said that he had waked up that morning with a great sense of depression, and that everything looked impossible and discouraging. Somehow, in these words of appreciation and kindness, the barber had been able to see through his clouds to the clear sky.

Your little deeds of kindness and words of kindness can have this kind of effect on other people every day. Remember the words of God, spoken through the Apostle Paul, and recorded in Ephesians 4:32. Be ye kind, one to another, tenderhearted, forgiving one another, even as God for Christ's sake hath forgiven you. As you practice this habit of kindness every day, you will be giving healing to many desperate hearts.

"Proposed Constitutional Amendments to be Voted On at an Election to be Held on November 6 1955"

HOUSE JOINT RESOLUTION NO. 23 proposing an amendment to Article VIII of the Constitution of Texas so as to provide that the Commissioner of Public Safety may levy whatever sums may be necessary for general fund purposes, permanent improvement fund purposes, road and bridge fund purposes, and for the purchase of bonds for the One Hundred Dollars (\$100) valuation in any one (1) year, and providing further that the Commissioner of Public Safety may incur any outstanding bonds or other obligations, providing for the necessary sinking fund and terms of the necessary sinking fund, and for the necessary purposes and publications.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 9, Article VIII of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 9. The State tax on property, exclusive of the tax imposed to pay the public debt, and of the taxes provided for the benefit of free schools, shall not exceed thirty-five cents (35¢) on the One Hundred Dollars (\$100) valuation in any one (1) year for general fund, permanent improvement fund, and bridge fund and for the purchase of bonds for the One Hundred Dollars (\$100) valuation in any one (1) year. Once the Commissioner of Public Safety has levied the annual tax rate, the same shall remain in force and effect during that taxable year, and the Legislature may also authorize an additional annual ad valorem tax to be levied and collected as a condition to receiving such other proceeds, providing, however, that this section shall not amend, alter, or repeal Section 63 of Article 16 of the Constitution of Texas as adopted November, 1954, or any enabling legislation passed pursuant thereto, providing for the necessary sinking fund, and for the necessary purposes and publications.

for the further maintenance of the public roads provided, that a majority of the qualified voters of this State shall be held for that purpose shall vote such tax not to exceed fifteen cents (15¢) on the One Hundred Dollars (\$100) valuation of the property subject to taxation in such county. And the Legislature may regulate the local laws for the maintenance of the public roads and highways, without the local law required for special local laws. This section shall not be construed as a limitation of powers delegated to counties, cities or towns by any other Section or Sections of this Constitution."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1955, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment empowering the Commissioner of Public Safety to levy whatever sums may be necessary for general fund, permanent improvement fund, and bridge fund and for the purchase of bonds for the One Hundred Dollars (\$100) valuation in any one (1) year and so long as the Commissioner of Public Safety does not incur any outstanding bonds or other obligations.
"AGAINST the Constitutional Amendment empowering the Commissioner of Public Safety to levy whatever sums may be necessary for general fund, permanent improvement fund, and bridge fund and for the purchase of bonds for the One Hundred Dollars (\$100) valuation in any one (1) year and so long as the Commissioner of Public Safety does not incur any outstanding bonds or other obligations.

Sec. 3. The Governor of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

SENATE JOINT RESOLUTION NO. 5 proposing an amendment to Section 45b, Article III of the Constitution of the State of Texas, amending Section 45a, Article III of the Constitution of the State of Texas, and authorizing the necessary changes in and revision of the Teacher Retirement System of Texas; providing that this section shall not amend, alter, or repeal Section 63 of Article 16 of the Constitution of Texas as adopted November, 1954, or any enabling legislation passed pursuant thereto, providing for the necessary sinking fund, and for the necessary purposes and publications.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 45a of Article III of the Constitution of the State of Texas be amended so as to read as follows:

"Section 45a. In addition to the powers given the Legislature under Section 45, Article III, it shall have the right to levy taxes to establish a fund to provide retirement, disability and death benefits for persons employed in the public schools, colleges and universities supported wholly or partly by the State; provided that the amount contributed by the State to such fund each year shall be equal to the aggregate amount required by law to be paid into the fund by such employees, and shall not exceed six percent (6%) of the compensation paid each such person by the State and shall be used for the purpose of providing retirement benefits for any such person who has not received his compensation benefits and to whom such person retires before attaining the age of fifty-five (55) or commencing his service under the retirement plan, and shall be used to refund of money paid into the fund.
"The Legislature may authorize all moneys coming into such fund to be invested in bonds or other securities of institutions of the United States, or of this State, or any county, city, school district, or other municipal corporation or district of this State; or in such other securities as are now or hereafter may be permitted by law as investments for the Permanent University Fund; or in such other securities as are now or hereafter may be permitted by law as investments for the Permanent School Fund of this State provided a sufficient sum shall be kept on hand to meet periodic payments from such fund under such retirement plan, as may be provided by law, and provided that the recipients of such retirement fund shall not be eligible for any other State pension, retirement or other fund of the State of Texas, unless such other State pension or retirement fund, contributed by the State, is released to the State of Texas as a condition to receiving such other proceeds, providing, however, that this section shall not amend, alter, or repeal Section 43 of Article III of the Constitution of Texas as adopted November, 1954, or any enabling legislation passed pursuant thereto.
"FOR the constitutional amendment empowering the Legislature to revise the existing Teacher Retirement System and to broaden the benefits to employees of public schools, colleges, and universities supported wholly or partly by the State, authorizing that the State's contributions for such purposes shall equal contributions by such employees and providing that they do not exceed six percent (6%) of the compensation paid each such employee by the State or school district or the sum of Five Hundred Dollars (\$500.00) for each year for any such employee, and the eligibility of such employees for retirement benefits and providing the manner of investing money accruing to the retirement fund."
"AGAINST the constitutional amendment empowering the Legislature to revise the existing Teacher Retirement System and to broaden the benefits to employees of public schools, colleges, and universities supported wholly or partly by the State, authorizing that the State's contributions for such purposes shall equal contributions by such employees and providing that they do not exceed six percent (6%) of the compensation paid each such employee by the State or school district or the sum of Five Hundred Dollars (\$500.00) for each year for any such employee, and the eligibility of such employees for retirement benefits and providing the manner of investing money accruing to the retirement fund."

Sec. 2. Each voter shall mark not one of said choices on the ballot having the same appearing on the ballot provided a majority of the votes cast in favor of said amendment, the same shall become a part of the State Constitution and be effective from the date of determination of such result and the Governor's proclamation thereof.

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and shall have the same published as required by the Constitution and laws of this State.

SENATE JOINT RESOLUTION NO. 2 proposing an amendment to Section 45b, Article III of the Constitution of Texas, so as to change the membership of the Veterans Land Board, so that the total amount of bonds for the purchase of land to be issued by the Veterans Land Board shall be increased to Two Hundred Million Dollars (\$200,000,000) and providing for the issuance of such bonds or obligations and the conditions relating thereto and the use of the Veterans Land Fund for the purchase of land for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 45b, Article III of the Constitution of Texas, be amended so that the same will hereafter read as follows:

"Section 45b. There is hereby created a Board to be known as the Veterans Land Board, which shall be composed of the Commissioner of the General Land Office, and two citizens of the State who shall be appointed by the Governor with the advice and consent of the Senate. The Governor shall biennially appoint one such member to serve for a term of four years under this section to be for terms of two and four years, respectively, and all such member appointments to be according to provisions of this section. One such appointive member shall be well versed in veterans' affairs and the other such appointive member shall be well versed in financial affairs. The Commissioner of the General Land Office shall act as Chairman of the Board and shall be the administrator of the Veterans Land Program under such terms and restrictions as may be now or hereafter provided by law. The compensation for the appointive members shall be as fixed by the Legislature, and such shall constitute a part of the salary of the Commissioner of the General Land Office. The Board may issue not to exceed Two Hundred Million Dollars (\$200,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans Land Fund, and the bonds shall be issued by said Board as an obligation of the State of Texas in such form as may be necessary, and the terms as are now provided by law or as may hereafter be provided by law; provided, however, that said bonds shall bear a rate of interest not to exceed three percent (3%) per annum, and that the same shall be sold for not less than par value and accrued interest.
"In the sale of any such bonds, a preferential right of purchase shall be given to the administrators of the various Teacher Retirement Funds, the Permanent University Funds, and the Permanent School Funds; such bonds to be issued as needed, in the opinion of the Veterans Land Board.
"The Veterans Land Fund shall be used by the Board for the sole purpose of purchasing lands suitable for the purpose hereinafter stated, situated in this State, (a) owned by the United States, or any governmental agency thereof; (b) owned by the Texas Prison System, or any other governmental agency of the State of Texas; or (c) owned by any person, firm, or corporation, providing, however, that this section shall not amend, alter, or repeal Section 43 of Article III of the Constitution of Texas as adopted November, 1954, or any enabling legislation passed pursuant thereto, providing for the necessary sinking fund, and for the necessary purposes and publications.

IT'S THE LAW
in Texas

A public service forum of the State Bar of Texas

A JUROR'S CREED

Most of us want to do our civic duty but we hate to break up the pleasant routine of living. Sometimes we shirk our civic duty to vote. Sometimes we exert every effort to avoid jury service. Perhaps we do these things because we don't value our freedoms enough, because we haven't had to pay for them through hardship and suffering.

Instead of a sacrifice, jury duty is a privilege enjoyed by the free citizens of our country, giving us an opportunity to participate personally in the administration of justice.

Here is a creed which we might do well to read when the call to jury duty comes our way:

I am a juror.
I am a seeker after truth.
I must listen carefully and with concentration to all the evidence.
I must heed and follow the instructions of the court.
I must respectfully and attentively follow the arguments of the lawyers, dispassionately seeking to find and follow the silver thread of truth through their conflicting assertions.
I must lay aside all bias and prejudice.
I must not be led by my intelligence and not by my emotions.

I must respect the opinions of my fellow jurors, as they must respect mine, and in a spirit of tolerance and understanding must endeavor to bring the deliberations of the whole jury to agreement upon a verdict, but

and in my conscience, I believe to be untrue.

In fine I must apply the Golden Rule by putting myself impartially in the place of the plaintiff and of the defendant, remembering that although I am a juror today passing upon the rights of others, tomorrow I may be a litigant whose rights other jurors shall pass upon.

My verdict must do justice, for what is just is "true and righteous altogether," and when my term of jury service is ended I must leave it with my citizenship unsullied and my conscience clear.

—Judge John H. Flanigan, Carthage, Missouri.

HUMBLE RESEARCH presents to the motorists of Texas the world's finest automotive gasoline . . .

This new gasoline is designed for the growing number of automobile engines with very high compression ratios, and for cars that tend to knock on "premium" gasolines. In many cars, it is the only gasoline that will give you knock-free performance.

It has the highest octane rating of any automotive gasoline in town—the highest by far.

But octane rating is only one performance quality. Other improvements match Golden Esso Extra's increase in octane rating; this new gasoline also sets new quality standards for quick starting and fast warm-up, for protection against vapor-lock, for minimizing engine deposits, for maximum acceleration, for protection against gum formation, for long mileage and maximum power.

It is the finest gasoline Humble has ever made—its performance rates it "premium over premium."

If yours is a car with a very high compression ratio—if your high compression engine tends to knock on "premium" gasoline—fill up with Golden Esso Extra at the golden pump under the Humble sign. You'll save the extra cost through performance, operating economy, and added gasoline mileage.

Humble provides all three grades: Golden Esso Extra—premium over premium; Famous Esso Extra—premium; Humble Motor Fuel—regular.

Thus: you pay only for the quality your car requires.

Those whose cars require Golden Esso Extra quality will find it profitable to pay more for this new gasoline.

For others, Humble Motor Fuel sets the pace for performance and mileage among the "Regulars." It is the only regular gasoline in Texas that contains a patented solvent oil to keep your engine clean.

Golden Esso Extra is for cars with very high compression ratios. But there are hundreds of thousands of automobiles in Texas that give perfect performance on Humble's famous Esso Extra gasoline, and there are others that perform well on regular grade Humble Motor Fuel.

Use and pay only for the gasoline your car requires . . . You'll find it under the Humble sign.

DROUGHT WATER RATIONS FOR LIVESTOCK

A major problem facing many Texas livestockmen in the face of prolonged drought is that of providing and maintaining sufficient water to keep their herds going. Even the problem of feeding emergency rations is not generally as serious as a dwindling water supply, although the two go closely in hand.

Recent studies on livestock water intake, designed to help the stockman know more nearly how to gauge his water supply, may be of considerable help in borderline areas where water is neither plentiful nor too short to sustain animals.

Factors most closely affecting animal water consumption are feed and weather. Livestock naturally require more water in warmer weather, and also take in water in near-direct proportion to the amount of feed consumed.

In a pinch, the stockman's best chance of cutting water rations in half is simply halving the feed allowance. This would have to be done gradually and with particular care to see that the animals lose no weight but at least maintain that which they already have un-

til the emergency period is ended. Never, in the case of lactating cows, should the feed-water cut-back be used if possible, since it would result in a production decline that might not be regained during the milking period.

Cutting feed allowances of steers in fattening lots to conserve water is usually safe, although a sharp reduction may mean a long time required to get them back on full feed once the water shortage is over.

The following illustrations show how water intake can vary with feed and air temperature differences:

A 1,000-pound animal on maintenance rations—neither gaining nor losing weight—will consume 4 gallons of water a day when the temperature is 40 degrees, 6 gallons at 70 degrees, and 9 gallons at 90 degrees.

The same animal gaining the normal pound-a-day on the range requires 7 gallons of water a day at a temperature of 40 degrees, 10 gallons at 70 degrees, and 17 gallons at 90 degrees.

With such information at hand, the stockman with a water problem might overcome some of his troubles at a time when saving his herd is imperative.

Young Stuart Spencer, 6, looks a little woebegone, while Becky Pierce, 8, seems a little irate, as Miami policeman, Dave Shulman prepares a parking ticket on the flashy little car. This scene might be repeated years from now when the kids are grown up, for the car in question is an exact miniature working model of Pontiac Motor Division's famous dream car, the "Club de Mer." The miniature really runs—on battery power, and is currently being shown around the country in conjunction with the 1956 GM Motorama, where its big brother, the "Club de Mer" is attracting thousands of eager sports car enthusiasts to the Pontiac exhibit.

PRINTING WORTHY OF THE OCCASION

THE HICO NEWS REVIEW

BE SURE TO INCLUDE BETTER LIGHT for HOME STUDY

Good study light helps prevent eyestrain and fatigue... makes homework less tiring... helps build good study habits that lead to good grades. For best light for home study, see that your child's study lamp is equipped with at least a 150-watt bulb. The lamp should be tall enough to spread light over the work area and should be equipped with a diffusing bowl to soften the light and prevent glare. If the lamp has no diffusing bowl, use a 150-watt white indirect bulb which has its own built-in diffuser. See your dealer or our office for help in planning good study lighting... now!
