A plan was suggested and is being investigated whereby mail could be dispatched daily from the

Hico Exes Hold Fifth Annual Homecoming Last Week

Hico ex-students held their fifth annual homecoming Saturday, Sept. 29, at the school cafeteria, with a general visitation and business session from 5 until 6:30.

New officers were elected at the business session for the coming year. Officers named were Mrs. Alvin Casey, president; Miss Carolyn Holford, vice-president; Mrs. E. V. Meador, secretary-treasurer; E. V. Meador, publicity chairman; and Grady Brown of Houston, program chairman.

It was also decided to have a dinner next year, with reservations being made well in advance. The dinner was dropped from the program this year due to lack of interest.

Also a nominating committee is to be chosen by the president to nominate and contact new officers in advance before the homecoming.

Many ex-students were present for the activities, which included a football game between Hico and Evant, and a dance afterwards at Bluebonnet Country Club. Plans will be made well in advance next year, and an attempt will be made to have one of the best homecomings Hico has ever had.

Mr. Edgar Bradley, band director, had charge of half-time activities at the game Saturday night, which included the crowning of the football sweetheart, Miss Jerre Dunklin.

Tigers Tackle Tolar In Game Here Friday Night

Hico will be seeking to get back on the winning side tonight, Friday, when Tolar invades Tiger Stadium for a game at 8:00 o'clock. To date, the locals have one victory to show for their efforts this year, compared to 3 losses. Not too much is known about the Tolar eleven, but some reports are that they have a small team capable of upsetting some of the higher respected teams which are on their schedule.

The game was originally scheduled to be played at Tolar, but due to the fact that Tolar's field will not be ready in time for the game, a last minute change in schedule occurred.

The Tigers lost another scheduled game this week when Oglesby, a district member, cancelled the remainder of their schedule due to injuries on the team. They were short on personnel to begin the season, and the loss of other key players last week forced them to cancel the schedule.

EVANT SPOILS HICO'S HOMECOMING

A vicious band of Evant Elks stormed into town last Saturday night and defeated the Hico Tigers in a game played before a large Homecoming gathering at Hico Stadium.

The penalty and fumble marred game was played before one of the largest crowds ever to witness a game in Tiger Stadium.

The large and experienced Evant team lost no time in rushing to a 13-0 first quarter lead, and then added another counter in the third and fourth periods to post their 26 points. However, Hico wasn't exactly idle in those periods, scoring once in the second quarter, and adding two more counters in the final stanza to make the game very close, with a final score of 26-19.

Evant's first touchdown was set up by a Tiger fumble early in the game—the locals' first of five for the night—and two plays later the Elks had a 7-0 lead. The fumble gave Evant the ball on Hico's 8 yard line. Hico was unable to move after the kick-off, and Evant took the punt on their own 42, and promptly moved the 58 yards in 11 plays to go ahead in the ball game 13-0.

Hico had a scoring opportunity early in the second period when they pounced on a fumble on the Elk 24, but after working down to the 12 the Evant line rose up and held them on downs and took over at that point. A penalty set the Elks back to the one yard line, from where they punted. Sherrel Kirk took the punt on the 30 and ran beautifully to Evant's 7 yard line. Carey McKenzie made a perfect key block paving the way for Kirk's run. On the next play, from the 7, Buddy Teague, running with great power and speed, swept the left end for the touchdown. Try for point was no good and Hico had narrowed the gap to 13-6. Evant penetrated to the Tiger 14 yard line in this same period before relinquishing the ball on downs.

On the kick-off opening the second half Hico recovered the ball at the Evant 25. Four plays failed to make sufficient yardage for a first down and Evant took over on their own 18. Later in the same period Evant recovered a Hico fumble on the Tiger 46, and promptly covered the needed yards for the touchdown that pushed the score to 19-6.

Early in the final period the Elks came to life again with a 69-yard scoring march that boosted the score to 26-6.

The Tigers really came to life in the final minutes of the fourth stanza, and with the aid of two consecutive roughing penalties against Evant scored their second TD on a tremendous run from 15 yards out by Teague. Point try was no good and Evant still had a comfortable 26-12 lead over the Tigers.

The final touchdown in the game was scored in the last seconds on what proved to be the outstanding play of the evening. Hico recovered an Elk fumble on their own 45, and on the first play after recovery, Carey McKenzie, who had been shifted to quarterback early in the game, faded way back and uncorked a pass to Teague who took the ball on the Elk 40, evaded several tacklers at that point, reversed the field and stormed the remaining yards to the goal line. The pass and run play covered 55 yards and after Kirk had banged his way for the extra point, brought score to a respectable 26-19, as the ball game ended.

Don't forget the game tonight at Tiger Stadium with Tolar, beginning a 8:00 o'clock.

It's Time To Pay Poll Tax Again

It's poll tax time again. The payment of poll taxes for 1957 began Monday, October 1, at County Tax Assessor-Collector Wood's office in Hamilton.

Payments are expected to lag considerably due to the fact that no major elections on the agenda for next year.

Wood stated that he would be in Hico in the very near future as a service to local tax payers, and would be glad to take any and all poll taxes.

Poll tax payers will be eligible to vote in any election during 1957, which could include some of importance to everyone.

Fairy Tigers Defeated By Mullen; Play At Iredell Thursday

The Fairy High School Tigers will meet Iredell's six-man football team on Iredell's field Thursday night, October 4, in their first conference game of the season.

Both teams played practice games last Thursday, with Fairy losing to the Mullen Bulldogs at Mullen, and Iredell, on their home field, winning an easy victory over the Venus High School team.

Coach Billy McClure's team was held to a single touchdown at Mullen by the Bulldogs' hard hitting line and an exceptionally efficient passing attack.

According to game statistics, the Tigers' aerial attack was more successful than the final score of 6 to 33 seems to indicate, as Quarterback Larry Gardner completed six of the 12 passes that he attempted. Halfback Robert Barnett made Fairy's lone touchdown. James Ray Streater, Joe Knapp, and Dennis McAdams played an exceptionally good all around game.

The Tigers and Bulldogs are scheduled to clash again on November 8, in an afternoon game on Fairy's home field. This game too, will be a non-conference match.

From the road up, 1957 Fords are a complete departure from previous models. They will be unveiled by Ford dealers in 19 body styles, of which this is the four door Victoria, a member of the new "Fairlane 500" series. Fairlane models are nine inches longer and four inches lower than their 1956 counterparts. Though the new models are lower, interior headroom is as great as last year, since the car's chassis and floor are re-designed for a lower center of gravity.

FAIRY

By MRS. EUNICE DANIEL

We were sorry to learn of the death of George Simons of Cleburne, who passed away last Saturday. Funeral and burial services were held last Sunday at Cleburne. The Simons family formerly resided here. He was a brother of the late Mrs. Clair Brunson of Fairy. We extend sympathy to the family and other relatives.

Our weather news remains the same, hot and dry. Although temperatures have dropped slightly since light rains have fallen in some adjoining counties.

Mrs. Chester Wood, Mrs. B. A. Gleason, Mrs. Winford Gardner, Mrs. Maurice Fields and Misses Jimmie Gordon and Patsy Dansbee were joint hostesses for a wedding shower Saturday night at the school gym honoring Mr. and Mrs. Roy Ables, who were married recently. Mrs. Ables is the former Miss Shirley Clark. Refreshments of home baked cake and punch was served to some seventy-five guests. The men folks enjoyed diversion of 42. They received a nice assortment of nice and useful gifts, which were opened and passed to the guests for inspection.

The writer carried our sister, Mrs. Gladys Cox to the Hico Hospital Monday afternoon for a few

days stay for a checkup. We hope she will soon be feeling much better and able to return home.

We were sorry to learn Sunday that Sid Dickerson of near Hico is a patient in the Hico Hospital. We hope he will soon be able to return home.

The writer visited a while Sunday afternoon in the homes of Mr. and Mrs. Elmer Giesecke and her mother, Mrs. F. M. Holland of Duffau. Mrs. Giesecke was a school mate of the writer at Duffau, more than a half-century ago. Mrs. Giesecke recently underwent surgery at the Hico Hospital.

Recently on a "Queen for a Day" television program with nurses only as contestants, one nurse asked for a human skeleton in order that she might be better prepared to instruct student nurses. She failed to be elected queen but was a runner-up. A party from the Gatesville Reformatory phoned in to the program that they would donate a skeleton to the nurse. Skeletons are manufactured there and we thought it very thoughtful of them to make the donation.

We were sorry to learn that Mr. and Mrs. J. D. Whitaker of Hamilton lost all of their household furnishings and most of their

clothing by fire about 1 a.m. last Wednesday in Hamilton. They were living in a dwelling owned by Mr. Voges, which partially covered by insurance. The Whitaker family were in West Texas at the time of the fire, and carried no insurance. Firemen extinguished the blaze but only charred remains were left standing. J. D. was a son of Mrs. Carl Whitaker of Hamilton who formerly resided here, and is also a nephew of Dewey Massingill and brother of Mrs. Otis Dansbee of Fairy.

Mr. and Mrs. Glenn Arrant and baby of Fort Worth spent the week end with their parents, Mr. and Mrs. Ted Arrant and Mr. and Mrs. W. E. Cunningham.

Jackson and Mrs. Lester Timmerman were joint hostesses for a pink and blue shower at the home economics room last Friday afternoon honoring Mrs. J. T. Leonard. Some 30 ladies were present. White cake squares with pink rosebuds decorations and fruit punch was served as refreshments. She received a nice assortment of nice and useful gifts.

The following item of news was received too late for last week's letter, since it was addressed to Fairy and was a day later reaching us. We mail in our news letter about 11:15 to 11:30 each Tuesday morning. So in writing in please address us Mrs. Eunice Daniel, Rt. 3, Hico, phone 1102.

A fashion headliner this fall is the cotton tie-print, setting the trend toward smaller fabric patterns. Matching separates by Korday are made from Everglaze cotton in a tie-print pattern. Quilting distinguishes the wide skirt from the blouse.

Mrs. M. E. Jackson was honored with a pink and blue shower last Tuesday afternoon at the home of Mrs. J. J. Jones Jr. Members of the H. D. Club served as hostesses. Refreshments were served to a large number of guests. She received a nice shower of useful gifts.

BAND NEWS

The Hico Tiger Band lost about eight members from last year but have increased by several additions this year. There are about 30 members in the band which is under the direction of Mr. Edgar H. Bradley.

The new members are Kendall Hamrick, flag bearer, Bonnie Brown, Clara Hyles and Harold Lackey, trombone, Robert Reed, Nita Dunigan, coronet, Aron Naul, bass horn, Anna Lee Luckie, bass drum, Maxidene Luckie and Roy Bright, snare drum, R. E. McClure, saxophone, Linda Reed, Kathy Garrett, clarinet, and Douglas Kilcrease, bass horn.

At the homecoming game last Saturday the Hico Tiger Band performed at the half, when they crowned the Football Sweetheart. They marched from the south end of the field to the north, coming back to the center and making the letters "H I C O." After playing "I'm Looking Over a Four Leaf Clover," they formed a crown leaving the base open for the sweetheart to be crowned.

F. F. A. INITIATION

The FFA boys (along with Mr. Walker) held their annual FFA Initiation on Monday night, Sept. 2. After cases of rotten eggs were thrown between the freshmen, along with other amusing activities such as sack races and carrying nice little tubs of cold drinks (by the way, Flash, were they hot enough?) Several of the boys made it fine, some barely survived, some showed a little

frailness, but as far as we know Wayne Rutledge had no calls. All of the Freshmen were reported to say, "Just wait until next year."

Really, it was thoroughly enjoyed by all (exceptions to the above of course).

H—H—S JUNIOR HIGH SCHOOL PEP SQUAD

The Junior High Pep Squad leaders were elected last week. They are Kay Yocham and Loyette House from the eighth grade; Margaret Warren from the seventh grade; Anita Mayfield from the sixth grade. The pep squad has 38 members this year. Mrs. Joe B. Taylor is the sponsor.

We're proud of our Junior High football team. We played Evant Tuesday night and won 12-7. Good luck with your next game, boys.

Say, Mr. Keeling, did you get left Tuesday night?

FOOTBALL SWEETHEART

Following the tradition of many years the Hico Tigers elected a football sweetheart for the year. Their choice for this year is Jerre Dunklin. The runners-up were Reggie Ellis, Linda McLendon and Linda Driver. During the half-time ceremonies of the Homecoming game, Jerre, attired in a dark grey suit with black accessories, and the runners-up were escorted onto the field by members of the football squad. Reggie Ellis was escorted by Buddy Teague, Linda McLendon by Sherrel Kirk, and Linda Driver by Gary Duncan.

Don Tooley presented the sweetheart with a lovely bouquet of mums and Charles Stipe set a beautiful crown of silver with red hearts upon her head. Each of the runners-up was presented with a corsage of mums by her escort. Mike Reeves was the crownbearer, and Diane Dunlop, the flower girl.

H—H—S HAVE YOU GOT THAT SPIRIT?

Have you got that school spirit? I hope you can answer truthfully, "Yeah, Man," but I know that many of you cannot. Some of you have never spoken a word of loyalty for your school.

Do you always proudly stand up for your school?

Do you yell your lungs out for "our side" at football games and other sports events? If you can answer "yes" to these questions, we need more people like you around.

At football games do you think it makes the team feel good when, no one is yelling for them? Just put yourself in the place of a boy out on the gridiron. If there was yelling from your grandstands you would be convinced that nobody cared whether the game was won or lost, so you play just halfheartedly.

There are 100 and some odd students enrolled in our high school, approximately 50 of them girls. How many girls are in the pep squad. Sometimes, with luck, we have a whole dozen girls who yell now and then for the team. It is beyond me why more girls

don't join the pep squad. Come on girls, let's show a little bit of school spirit! Also you boys who don't play football could yell for the team. It isn't "sissy" to support your school.

H. H. S. has never abounded in school spirit, but it seems to have completely disappeared this year. Let's start right now showing some of that good old school spirit that boosts a team's morale and the school's reputation.

Have you got that SPIRIT? Yeah, man!

H—H—S SPOTLIGHT

Monday night I heard some commotion coming from the school house as I ventured up to see what was happening. I found the new FFA boys and the FFA girls were being initiated. I guess I should have flashed my spotlight around some more so I could have seen who got the cookies.

After I left the girls' initiation I went to see how the boys were taking it. But before I got there I saw about five girls running across fields and climbing fences. I never did find out who they were; they just went too fast. Say, girls, did you find what you were looking for? I was so tired from running after those girls I just gave up and went home.

Tuesday night as I flashed my spotlight around I saw lights at the school house. As I approached I found the lights were from the Youth Center. Everyone seemed to be having lots of fun.

In the show Tuesday night I saw Buddy A. Bootsie Watkins. Say, "eat man" where were you going after the show?

Friday night I saw only a few kids in town. Since we didn't play our football game until Saturday I guess everyone was home getting a lot of rest. I saw Linda Mc., Sherrel K. in the show, plus a good many other kids without dates.

Saturday was the big night for everyone. We played our homecoming game with Evant. We're sorry to say we lost the game 26-19. But anyway boys, we all thought you played a real good game, especially in the last quarter. During the half time our football sweetheart was crowned. The lucky girl this year was Jerre Jean Dunklin. Say, Jerre, what did you tell Charles when Bonnie wanted to take another picture?

As I flashed by spotlight in the mid-night show I caught sight of Charles T., Kay J., Buddy T., Reggie E., Jerre D., (Charles' sweetheart) Charles S., Bonnie J., James D., Andy L., Kendall H., Carey Mc., Janice T., Louise B., Gerald H., Carolyn P., Butch E.

At the dance the only ones I saw were Linda Mc., Sherrel K. and Peggy Ables. Did you all have a lot of fun kids? Those I saw riding around were Margaret P., Charles H., Jo Ann N., Alton R., Wanda C., Don T., Joe C., Valetta H. What was the matter with everyone Saturday night. It seems right after the mid-night show was over everyone went home. Did that show scare everyone too much to stay out very late?

Sunday afternoon at Stephenville in the show I caught sight of Myrna M., Carol F., Bonnie J., James D. How did you all like Marilyn Monroe? Riding around town I saw Ross B., Valorie Mc.

Sunday night I saw Peggy A., Le Roy K., Linda M., Shirley K., Margaret P., Jerry N., Mr. and Mrs. Raymond Lane, Bonnie J., James P., Judy M., LaVon P.

Since I had some lessons to get I went home early and didn't get to see everyone.

H—H—S ELEMENTARY ASSEMBLY

A new feature for Elementary School will be an assembly program given once each month.

On Friday morning, Oct. 5, at 8:30 the Fourth Grade will present the first of this type program. The boys will be featured in a western play, "Cowboys and Vaqueros." After a safety number in observation of Fire Prevention Week, Mr. Bradley will direct group singing. Parents and visitors are cordially invited.

Mr. and Mrs. O. J. Zscheische of Hamilton are the parents of a daughter, Katherine Marie, who arrived Sept. 25 at Hico Hospital.

Curtis Dale Townsend is the new son of Mr. and Mrs. J. F. Townsend of Hamilton. The infant arrived at Hico Hospital Sept. 25.

Mr. and Mrs. C. E. Carr of Stephenville have announced the arrival of a little girl, Donna Beth, who was born Sept. 25 at Hico Hospital.

TITLE CHECK ESSENTIAL IN BUYING HOME

Thinking of buying a new home? How will you know whether you are receiving a good title to the property you purchase? The safest method is to have a title examination made—that is, a careful study of the abstract and other title evidence.

Here are a few of the common sources of trouble in real estate transactions to show why the minor expense of a title examination is justified. Many persons sign "earnest money contracts" believing that they are mere receipts with no serious implications. In reality they may specify, among other things, the kind of title you must accept.

A "warranty deed" from a responsible seller is comforting to have but it is a poor substitute for a careful title examination. A warranty deed does not guarantee a marketable title.

Moreover, serious title defects may not come to light until long after the seller on a warranty deed has moved to an unknown address, or is bankrupt. Even if he is available a good title is much better than a law suit.

The fact that the seller has possession of an "abstract" does not mean that he owns the property. An abstract is only a history of a title. Possession of an abstract no more indicates ownership of land than possession of the his-

WALNUT SPRINGS SETS HOMECOMING DATES

The first Homecoming of former students and teachers of the Walnut Springs High School has been scheduled to be held on Saturday, October 13, beginning at

4:30 p.m., at which time a permanent organization will be perfected.

The committee in charge assures all who attend plenty of enjoyable entertainment. It is desired that a large number be present, and all ex-students are requested to contact their former schoolmates and make a date to meet them in Walnut Springs on this memorial occasion.

Some purchasers of land feel safe because the title is being examined at the time of purchase by an attorney for the mortgage lenders. This seems logical but is a dangerous theory. Mortgage lenders are sometimes willing to accept less than good record title as security. This is sound business for them because, among other reasons, the chances are that the mortgage will be paid off so that no expense in perfecting the title would ever need be incurred. It is risky business for you when you are putting your life savings into the purchase.

These are a few of the reasons why a title examination is an important safeguard to you. When it is completed, the attorney gives you a written opinion stating his conclusions as to who owns the land, the defects in or charges against such ownership, and the requirements to be met if any, to make good record title.

Off-hand this may seem a simple operation. In fact it is not. It requires the interpretation of numerous deeds, mortgages, wills, court decrees and other instruments; the consideration of the order in which transactions and events affecting the title occurred; and the application of statutes and court decisions to the various situations disclosed in the abstract.

"School-Day Pancake Treat!"

"I had monogrammed pancakes for my breakfast!" Now there's a fine, early-morning boast for a child to make on a rainy day! And it's a helpful boost in rousing the children's interest in school-day breakfasts on those mornings when it seems just plain impossible to get them ready for Spelling and Arithmetic! As a special plus to the initial hotcakes, offer this delicious Apricot Maple Sauce — easy to make, and something to keep on hand for just such occasions. (Good on ice cream too, by the way!)

The "monogram" trick: Pour a thin stream of batter from the tip of a large spoon onto the griddle to form initial... remember, make initial backward! A little "practice makes perfect" in no time! Immediately, pour more batter over initial as for a regulation pancake. When you flip the cake, initial will be right side up... a nicely browned "P" for Peter—and just let Eugene or Alice dare to claim it!

APRICOT-MAPLE SAUCE
 3/4 cup maple-blended syrup
 1 tablespoon butter
 1/4 cup apricot nectar

Simmer syrup for 1 minute. Add butter and apricot nectar. Serve warm on pancakes. Makes 1 cup syrup. (ANS)

Ike Better Democrat Than Adlai, Says Supporter

A bunch of us were standing around talking the other day, and the talk got around to politics like it usually does. Some of the boys said they'd voted for Ike in '52 and were going to do it again; some of them said they'd always voted the Democratic ticket straight and always expected to—you know how it goes around a little Texas town.

One fellow said something that made the rest of us stop and think. He said he was a Democrat, sure—always had been, and his father and grandfather before him. And he always felt like he had to vote for the best Democrat in the race, which he was going to do this year.

"And that means," he said, "that I'll have to cast my vote for Ike Eisenhower. He's a better Democrat, by my definition of a Democrat, than that other fellow ever will be."

And besides that, he said, Ike kept his promises to Texas and Texas ought to return the favor by keeping Ike.

You know, he might have had something there. "Gratitude" is one of the greatest words in the English language, and we all like to think of ourselves as being grateful when people do something for us. Like I heard a man say one time: "Texans are people who never forget anything that is done TO them—or FOR them." That's the way we think of ourselves, and it's about right.

This Eisenhower man pointed out that Ike promised to give the Tideland back to Texas, and he kept that promise; he promised to do his best to close out Mr. Truman's war in Korea, and he kept

that promise, and he promised to give us a government in Washington that we could be proud of, because it was clean and honest and efficient—and, in this man's opinion, he had kept that promise.

"I know you're reading and hearing a lot of stuff to the contrary," he told us, "coming from Brother Stevenson and Brother Beaufauer and the rest of the politicians on the other side. That's politics for you. Everybody expects them to jump on Ike every way they can, and I guess they'll keep on doing it right up to Nov. 6. But the American people are smarter than some politicians give them credit for being, and before they vote they're going to sit down and ask themselves this question:

"Remembering 1952, when our boys were dying in Korea and the newspapers were full of talk about mink coats and Communists and corruption in Washington—now, be honest about it: If you could, would you go back to 1952 and start over with Adlai Stevenson instead of Dwight D. Eisenhower?"

This man said he wouldn't, and come to think of it, I wouldn't either. As a matter of fact, I think Ike has made us one of the best presidents we ever had. If we had to go to war, I'd certainly rather have him at the head of our government than any other living American. But even more importantly—I'm convinced he is the best man to keep up OUT of war.

That's why I still like Ike—better than ever!

Yours truly,
Tex

HOW TO REDEEM SOIL BANK CERTIFICATES

Redemption of soil bank certificates, an important item to many Texas farmers, has been explained by the United States Department of Agriculture. Under certain circumstances, the certificates will be worth a little more than face value. But mostly, they are on par. The soil bank chits earned by farmers for reducing acreages of wheat, corn and rice will be valued at 105 per cent of their cash value when exchanged for grains in the Commodity Credit Corporation inventory or when used to redeem grain they have put under price support loans. This is a minor "give-away" to farmers,

themselves, in order to reduce politically hot surpluses. For exchange purposes, the value of the CCC-owned grain will be set at the current support price for the grade, class and location

for the grade, class and location also be redeemed for cash at 100 per cent of face value.

CCC-owned grain will be available through warehouses operating under the Uniform Grain Storage Agreement. The grain will be delivered at local warehouses or terminal elevators but CCC will not supply grain at locations other than where it has stocks. In other words, no cross-country movement of grain into an area where it is not grown.

Wheat certificates may be exchanged for wheat, barley, rye, oats, or grain sorghums—but not for the other two basic grains, corn and rice. This limitation applies to corn or rice acreage reduction certificates. Rice chits cannot be swapped for corn or wheat, and corn chits will not get rice or wheat. Grains will not be available during harvest periods. CCC officials point out, CCC will not exchange a particular grain for certificates during the harvest season for that grain in the area. This harvesting limitation will also apply to redemption of grain under loan by use of certificates.

By E. E. DAWSON

George Powledge has been telling me a good while of an ancient cemetery on his farm. It is located in a bunch of wild china saplings just back from the west edge of his field where he joins the Cox farm. So last Saturday he and I visited the place and undertook to decipher some of the inscriptions on the headstones, which are simply of native rock, and the letters and figures are crudely cut with some instrument that did not make them too easy to read. But we finally got it all translated into English.

The principal headstone is still standing upright and is about two feet wide and perhaps three feet, maybe more, in its height. Here's how the inscription reads:

WILLIAM RICE

Born December the 25th, 1776
Died January the 28th, 1881

Thus it reveals that he was eighty-five years, one month and three days old. The story of the start of the cemetery that was told the Powledge family was

It came into possession of the farm was that the old man was killed by the Indians as he and his family were moving west. Within a stone's throw is the site of an ancient Indian village, and numerous relics in time have been found there. Several skeletons have been dug up there, and it was revealed that they were all buried in a sitting position. With the bones of one of the skeletons, still clasped by the bones of the hand, was a tomahawk. Great numbers of arrow heads have been found at the site, and several rubbing stones with which the Indian women ground their corn and made usable meal of it. I have one of those rubbing stones given me by Bill Loeth.

On another stone that lies flat and is broken into three sections, is an inscription that states:

MENESSA ANN EDWARDS

BORN JUNE 18, 1864

DIED, 1864

We could not be sure about the date of the death of the baby, but it seemed to be July. Thus it was of very brief life. No doubt without the care of a doctor. One can easily imagine the sorrow that reached that grave side nearly a hundred years ago.

In all there are anywhere from a dozen to twenty graves in the little cemetery, and nobody seems to know anything about it and the people buried there, except the story of the man whose burial started it the year the Civil War got underway. But think of it: The man was born the year the Declaration of Independence was made, 1776. It certainly would be interesting to know about the ancient traveler, where he was from, where he was headed, just how his death occurred, with whom he traveled, how many were in the wagon train. Evidently an ancient caravan route went right up the river from Hico that was used by Indians and whites alike.

The reason for the location of the Indian village at just that place was the big spring that used to be boiling out of the river's bank there. Indians and whites alike had their villages and homes near sources of water. You could account for every early settler's selection of a site for his home if you knew where all the springs used to be. Alas, only a few of the bigger springs are left. The water problem has always been a main item in settlements, and is the biggest problem confronting Texas now, and likewise a considerable portion of the United States.

Go out and have a look at the ancient cemetery one of these days. These old burial spots need to be preserved. And one cannot help dropping a tear in memory of the pioneers whose bones rest underneath the sod at those places. God rest their souls.

Controlling Anger . . .

By MORGAN GARRETT

Uncontrolled anger damages our relationship with others. When personal relationships are broken by expressions of anger a lot of time and effort is required if a good relationship is to be restored. Uncontrolled anger damages us directly. Doctors tell certain people with heart trouble never to get angry. Why? Because it causes a drastic rise in blood pressure and pulse rate that can kill them. Although it will not kill most of us to be angry it can be harmful to us, especially if we permit ourselves extended periods of anger. God gives us some good directions concerning anger.

First, don't go around with a chip on your shoulder. If you do someone will knock it off. They may not intend to knock it off. They may not even be aware of offending you when the offense takes place. But it just naturally happens to you when you have a chip on your shoulder. God says in Romans 12:17 "If possible, so far as it depends upon you, live peaceably with all." This is the opposite of living with a chip on your shoulder. If you determine to live peaceably with all and refuse to look for offenses from others you will find anger diminishing as a thing that keeps your relationship with others in a bad condition.

In the second place, don't let anger control you when it does come. Do not practice trying to get revenge. This adds fuel to the fire. One offense is not corrected by a counter-offense. God says to us again in Romans 12:19, "Be- loved, never avenge yourself, but leave it to the wrath of God." Instead of giving way to anger and causing controversy by seeking vengeance do as God suggests, "Do not be overcome by evil, but overcome evil with good."
