HICO, TEXAS NOVEMBER 9, 1956.

IT'S UP TO US . . . Yes, it's up to all of us-residents of Hico, Stephenville, and the Bosque Watershed District-to go to the voting boxes throughout the designa 'ed areas and put a firm stamp of approval on the proposed North Bosque Water Control and Improvement District. The electio faces voters Saturday, November

Unless the citizens of the proposed district do approve this issue, then we can all look forward to the Spring floods which have occurred with such regularity in the past 7 years. Three times during this period, Hico, Stephenville, and farmers and ranchers along the Bosque River have suffered devastating losses by the rampaging flood waters. And it's sound reasoning that it can, aid will, happen many times more u'-less we, the people, do something

The time for us to act is nownot put the issue off another month or year-if we ever "xpect to save our water and land through this proposed program. And a program of this type is the only salvation to the citizens of

### **Bond Vote Tentatively** Set Dec. 6th

Dates for voting on the proposed \$150,000 Hamilton County Hospital bond have been tentatively set for Thursday. December 6, according to County Judge Eugene Tate.

Judge Tate stated Tuesday that if everything was in readiness by the middle of this month, that the vote would be called for that date.

A formal petition, signed by 738 citizens of the county, was presented to the County Clerk two weeks ago, calling for an election for the purpose of issuing \$150,000 in bonds to build a county hospital.

CREEP FEEDING PROGRAM

BUILT BY EXPERIENCE

Purina fed 2,800 cattle to

develop Creep Feeding Plans

When you feed your calves on one of Purina's Creep Feeding

Plans you are getting the advantage of years of field research. These tests proved that it pays to creep feed calves the Purina way.

Tests were run on calves of various qualities and breeds and in

all parts of the country. They averaged only 153 days in length.

. More beef to sell-creep fed calves averaged 391/2 pounds

Hico Feed & Hatchery

Tests proved creep feeding paid off these 3 ways:

• Upgrading - 34% more Choice and Good calves.

· Extra cow condition-Cows with creep

Yes, it pays to creep feed calves. And it pays

to follow a plan that has been thoroughly

tested and proved-like Purina's. Next time

Suddenly you know how modern a range should be-

flame-fast QaS ranges alone offer faster all-around cooking!

you and your family want it! Just a touch of your fingers and you have any heat you want instantly...a low simmer or a high boil flame. That's because gas, and only gas, has a flame that is instantly hot. Unlike electric range elements, gas range top burners don't need a time lapse to accumulate and create heat. No wonder smart women say that faster, truly modern cooking is cooking with flame-fast gas.

You don't have to wait around with gas! Dinner's ready when

DON'T BE FOOLED. For what it costs you to cook electrically for ONE year, you can cook for more than FOUR years with modern flame-fast gas!

SAFEST COOKING EVER! American Gas Association seal assures reliability. Fire insurance statistics prove gas is safer. SIZZLING TRADE-INS NOW on your gas or electric range. Cook modern—change today to a new ultra modern gas range.

Jeas Fullingim about one of those raids. The Fullingim place was ing. some six miles from Decatur and was well hidden in a grove of The Fullingims had not been bothered by Indians up to that time. It was a hot night and the baby of the family was so fretful that it kept the mother awake. Mrs. Fullingim waked the husband and told him she heard horses, but Uncle Jess was full of sleep and as he listened he did not hear anything, so went back to sleep. But the wife was right; her spouse a second time, and this time he could plainly hear norses crossing a flat rocky wash some distance from the house. He got into his clothes quickly and

Two men were staying with Incle Jess, one being Jim Gray, ais hired man, and the other returning from California and was a guest. They were both awake and up and listening to the The Indian leader was and was riding a paint pony. Uncle Jess admits that he was really scared. The party was travelling at an angle that would bring them pretty close to where Uncle Jess and the other two men stood.

What were they to do? Uncle Jess had an old gun that he had smuggled past the Federal forces that were holding the South down then, and Matt had a rusty cap and ball pistol that he had brought to against such a party, all of whom were too evidently armed? aised it to get a bead on the eader, but Matt grabbed the barhief turned and got the whole

long until a posse of pioneers came by in pursuit of the Indians, but it was not numerous enough to safely attack the Indians. So they kept after the raiders but did not get close enough to them to endanger themselves, and the Indians got to the Red River and back into Indian Territory with their loot.

There is a lot in the special edition that would interest you perhaps. So why not borrow it from Wiley and read a bit of it? But if you do borrow it, remember to return it-which is much against the rules of a lot of folks who borrow things to read, even books.

### County Tax Collections Reach Halfway Mark

More than half of the taxes of the 1956-57 tax roll were collected during the month of October, Billy G. Wood, county assessorcollector, reported,

A total of \$107,107 was paid into the county's treasurer during the 30-day period, which is 51.84 per cent of the total. Collections through October of 1955 were slightly lower, with only 51.37 per

Wood said he issued 501 poll tax receipts during the past month compared to 640 issued in October
