12 Million Pounds of Grain Asked for By Stockmen

During the four month period through October 31, 1956, Texas farmers and ranchers eligible under the emergency feed grain and roughage programs, received assistance in the purchase of 1,443,867,646 pounds of grain and 1,374,170 tons of roughage. Walter T. McKay, Farmers Home Administration State Director announced last week 91,787 applications for grain assistance and 37,405 applications under the roughage program were processed during this period.

In Hamilton County, 1,043 applications for 12,128,000 pounds of grain and 295 applications for 7,012 tons of hay have been processed.

The emergency feed grain and roughage programs are meant to help established farmers and ranchers, who are primarily en-

gaged in farming and ranching, to maintain their basic herds of cattle, sheep and goats, if their circumstances are such that this assistance is needed, McKay said.

Robert Wells of the Meridian FHA office advised the News Review this week that freight reduction certificates must now be obtained through the County Judge of the farmers or ranchers respective county. In the past the FHA office has been issuing these certificates. The reduction is good for one-half the cost of freight on hay and roughage.

75 per cent of these grains through a Government subsidy of \$1.50 per hundred weight. The Federal Government bears the full amount of this subsidy. In addition to the emergency feed grain assistance, eligible applicants are helped to buy hay or other approved roughage to maintain their basic herds. Under this program applicants receive a Federal subsidy of \$7.50 per ton of roughage actually bought.

Regulations that guide FHA county committees in the review of applications provide that applicants will not be certified if they are financially able to obtain the necessary feed for their basic herds without difficulty and can continue their normal farming and livestock operations. It is not expected that applicants will exhaust their total resources, including credit, before they can be certified for this assistance, McKay advised.

"However", McKay added, "the fact that the purchase of feed at regular prices may not be profitable to the applicant is not sufficient to qualify him for assistance. It must be determined in every instance that an applicant is primarily engaged in farming or ranching and that this is his main source of income. A nominal portion of his income from other sources would not necessarily disqualify the applicant. The overriding factor in determining the eligibility of any applicant is his financial ability to obtain the feed necessary for his basic herds and carry on his operations without serious difficulty is not eligible for this assistance."

Under the present designation applications may be filed through Dec. 3, 1956 for a supply of feed grain and roughage to carry basic livestock herds through Dec. 31.

Mrs. Bill Boyd and children, Betty and Bobbie, spent the week end in Fort Worth with her parents, Mr. and Mrs. W. B. Singleton and daughters.

NEXT WEEK'S PAPER TO BE EARLY

Hico business houses, along with the school, will observe Thanksgiving November 29. All business establishments, including the bank, will be closed on that date. However the post office will be open, and mail deliveries will be made as usual. The postal employees throughout the nation observed Thanksgiving on Nov. 22, in keeping with a Federal directive.

The News Review will be published one day early instead of the customary two days early, and will be put in the mail Wednesday, to enable the staff to take the holiday. Correspondents and other news contributors and advertisers please take note and have copy in as early as possible.

WAYNE CHEW VISITS PARENTS HERE RECENTLY

RDSN Wayne Chew has returned to Charleston, South Carolina following a two-week leave here with his parents, Mr. and Mrs. Vernon Chew.

Wayne has recently completed a course in radar at Treasure Island, San Francisco, Calif., and reported to his ship, the U. S. S. Crow at Charleston.

Granbury Man Found Dead Near Hico Tuesday Night

Clive D. Martin, 50, wool and mohair dealer from Granbury, died Tuesday night in his car near the ranch known locally as the I. Comer place.

Death was believed due to a heart attack.

A Barrow-Rutledge Funeral Home ambulance conveyed the body to Hico.

The body was discovered by Garland Parker, who lives nearby.

Unity Baptist Church Calls New Pastor

Rev. S. M. Drake has been called to the Unity Baptist Church as pastor.

Rev. Drake has pastored a number of Baptist Churches in the Hamilton County Baptist Association in previous years. He was Chaplain in the State School for Boys at Gatesville in 1944.

Bro. Drake was also pastor of the Oak Hill Baptist Church, Austin. His last pastorate previous to this call was First Baptist Church in Balmorhea.

Bro. Drake has extended an invitation to all to worship at the Unity church.

Fairy Defeats Jonesboro In Final Game of Season

The Fairy High School Tigers closed a sparkling 1956 football season with a 35-0 victory over the Jonesboro Eagles at Hico Stadium last Thursday night.

With a cold norther blowing, spectators shivered in the stands throughout the game, but Fairy's spirits were high both on and off the gridiron. Members of the pep squad were positively jubilant, and nobody suffered even a minor injury.

At half-time both the Jonesboro and Fairy teams paid special tribute to their football sweethearts. The Eagles honored Miss Marsha Watson as their queen; and the Tiger honored Miss Lera Jane Blakley, a Fairy senior.

The Tigers gave a superb demonstration of team work; and the running, passing, blocking and tackling were good and hard throughout the game. Robert Barnett and Larry Gardner, as backs, showed themselves to be field generals of the first order. Gardner also scored three of Fairy's five touchdowns and completed five of seven passes that he attempted.

Barnett scored one touchdown and Robert Rachuig, one.

Extra points were made when Rachuig caught a pass for a count of one, and Joe Knapp made two drop-kicks for four extra points.

Dennis McAdams, Knapp, Rachuig, Barnett, and Gardner seemed to be everywhere at once, and played outstanding football both on offense and defense.

Other Tigers who pulled a great deal more than their own weight in this final game of the season

were Billy Streater, Don Halle, Frank Fields, Harlan Wood, Duane McAdams, Harry Thornton, and James Streater.

Coach Billy McClure summed up the season thus: "It has been a season of blood, sweat, and tears, but one I think the boys will favorably remember for some time. The season has been fairly good as far as wins and losses are concerned, a good year as far as playing ability is concerned, but it has been a great year in respect to the team's moral, loyalty, cooperation, and sportsmanship. We appreciate the splendid cooperation and efforts of the student body, the faculty, the school board, and the community as a whole, in making the season what it has been in football."

Statistics on the season show the Tigers to have scored a total of 228 points in nine games against their opponent's 229 points. Fairy won 56 per cent of the game played. More important than points or percentages, however, Fairy closed its 1956 season with a hard hitting unified team that will set a precedent for future teams to live up to.

Three Tigers were playing their last high school game in this final match of the season, Gardner, Rachuig and Dennis McAdams are 1957 quads. Billy Wayne Harris, manager for the Tigers, is also a senior, and his work during the season will be a challenge to whoever takes on the job of manager for next year. Bobby Jack Parker, also a senior, has been Harris' assistant.

Besides the thrilling action in the game itself, Tiger boosters were treated to a beautiful spectacle when the Fairy pep squad, directed by Mrs. W. B. Hill and Mr. Frank Bonner, gave a short precision drill and then formed the letter "T" on the 40-yard line, facing the home stands. As the strains of "The Sweetheart of the Tiger Team" floated up from the field, co-capt. Larry Gardner presented the traditional bouquet of white chrysanthemums to Miss Blakley as the Tigers' sweetheart, and co-capt. Robert Barnett did the honors for pep squad mascot little Miss Lynda McClure by presenting to her a miniature replica of the bouquet given to Miss Blakley.

Jan Halle and Patsy Dansbee, Fairy seniors, were flag bearers for the pep squad.

Besides Misses Blakley, Halle, and Dansbee, two other Fairy seniors marched with their pen pals for the last time in Thursday night's performance. They are Doris Smith, senior cheer leader, and Sue Todd, generally accepted at Fairy as the "most agreeable student on the hill."

Donald Tolliver, Fairy senior and co-editor of the school annual for 1957, in describing the game said, "We're going to put all of it in the annual to remember always."

Water District Board Sets Up Organization Last Week

The newly elected board of directors of the North Bosque Water Control and Improvement District, which was given an overwhelming approval of the voters in the watershed on Nov. 10, held its first meeting since the election last Thursday to canvass the vote and institute formal organization of the district.

The official count for the election showed 1,257 voting in favor of the district and 13 opposed.

Fred McCleskey, president; L. B. Howard, vice-president; C. C. Winters and Henry Clark, both of Stephenville, and T. A. Rands of Hico were officially declared as elected to the five positions on the board.

Bill Hamilton and Clarence Crow of Dallas, and Marion Porter of Stephenville attended the meeting. Hamilton has been handling the detail work of setting up the district.

President McCleskey stated that as soon as some necessary details have been cleared in setting up the district, the board will make formal application to the State Soil Conservation office in Temple for planning assistance on the watershed protection and flood prevention project for the river.

Porter estimated that it would be several months before planning work on the project could be started.

After the planning work is completed by the Soil Conservation Service the district will secure easements for the sites of the proposed dams.

The board has expressed the opinion that it will have very little trouble in securing the easements for the different structures as the landowners recognize the many benefits derived from this work, both in the conservation of the soil and water and also from the standpoint of future use of the stored water for irrigation purposes. — Stephenville Empire-Tribune.

Hamilton Rites Held For Willis J. Jernigan Last Friday Afternoon

Services were conducted last Friday afternoon, November 15, for W. J. Jernigan, 81, at the Bob Riley Funeral Chapel in Hamilton with Rev. Joe B. Taylor of Hico officiating. Burial was in the Hamilton I. O. O. F. Cemetery.

Mr. Jernigan, who passed away at Hico in the home of his son, Bernell Jernigan, had been a resident of Hamilton for a number of years previous to his moving to Hico eight months ago.

Survivors are his widow; one daughter, Mrs. Stella Hedgpeth of Fort Worth; one son, Bernell Jernigan of Hico; one sister, Mrs. Rosa Darough of Verden, Okla.; one brother, Floyd Jernigan of Bredas, Texas; and four grandchildren.

Pigeon Owner Sought By Hico Man

Kyle Archie, who farms about two miles south of Hico, is seeking the owner of a pigeon, apparently a racing homer, which settled down among his chickens Monday.

Leg bands worn by the pigeon carry the numbers CLB 105 AU 56 and G 6625.

Archie said other pigeons flying with the bird were fired on by hunters, and that one or more of the pigeons were killed.

Sunday Rites Held For Lufelona Co. Resident, Sid F. Dickerson, 73

Final rites for Sid F. Dickerson, 73, were conducted Sunday afternoon at Barrow-Rutledge Funeral Chapel, by Bro. Stanley Giesack and Bro. J. B. Tomlinson. Burial was in Hico Cemetery.

Mr. Dickerson, who passed away November 17 at his home near Hico, was a lifelong resident of Hamilton County. He was born May 26, 1883.

Survivors include his widow, Mrs. Myrtle Dickerson; one stepson, H. K. Cox of Almagordo, N. Mex.; two sisters, Mrs. Maude Strong of Hondo and Mrs. Brittie Little of Fairy; three brothers, W. J. of Atlanta, Ga., E. E. of Fults, Mo., and Pete of Phoenix, Ariz.; and two grandchildren.

Serving as pallbearers were Chester Land, Chris Lawson, Milford Miller, Tom Betts, Grady Little and H. L. Little.

Fire At CPS Company Causes Considerable Damage Sunday

A fire, which broke out late Sunday afternoon at the plant of Community Public Service Company, caused an estimated \$2,000 in damage.

Local manager O. L. Davis reported 7 new electric ranges were completely destroyed.

The fire was contained to that particular section of the plant where the stoves were located.

Local volunteer firemen quickly answered the call and controlled the blaze before more serious damage could be done.

William Eubank, FN, who enlisted in the Navy a year ago, is here visiting his parents, Mr. and Mrs. Dewell O. Chew of Rt. 6, Hico on a thirty-day leave. Young Eubank has recently returned from a six-month cruise in the Pacific. He is a former student of Hico High School.

Deer Hunters Bring Back Varied Reports of Success

Varied reports have been forthcoming since the last of the week as the deer hunters began arriving back home. Some of them had good stories to tell while others looked kinda disgusted and remarked, "I missed!"

First report received was from Morgan Garrett, who hunted this year near Round Mountain with a party of Dallas hunters. Morgan admitted that the deer were too elusive and he missed the only buck he saw. Four of the men in his party bagged their deer.

Fred Jaggars, Orville Ogle, Pete Norwood and Pete Keller have spent most of the week at their lease near Chalk Mountain, and have had pretty good luck. Orville brought down a nice 10-point buck Monday afternoon, the first of the party to kill his game. Thursday morning Fred Jaggars killed his first deer of the season when he brought down a 7-pointer early. The two Petes are still trying for their kill.

Several deer have been brought to the local locker plant that were killed near Hico. Clifford Mackey and Clarence Jackson brought in a 4-point buck which was killed on the Guyton place near Chalk Mountain last Saturday morning. When pinned down Jackson finally admitted that Mackey wielded the gun which killed the deer.

According to reports received by the NR, Andy Hutton brought in the prize deer of the season Wednesday afternoon. Reports were that the buck weighed 135 pounds, field dressed.

turned home Monday afternoon with the sad, sad story.

Bill Boyd and E. V. Meador hunted the first three days with a party of six other men at their lease on the Clarence Kothmann ranch near Mason, and reports from this party were fair. Bill knocked down a 4-point buck at approximately 10:30 the first morning, and bagged an 8-pointer at 5 o'clock the second afternoon to fill his limit. Buck killed a 7-pointer—the first deer he ever killed—at 6:00 the first morning, and missed another buck the same morning. Bob Brady of Irving also bagged a six-point buck the first day, hunting in the same party. Others in the party included Sid Collie and Jimmie Branam of Fort Worth, John Ball of Arlington, Al Brady of Dallas, and Charlie Witchell of Irving.

Local hunters who kill their deer are invited to drop by the NR office and tell their story.

FOOTBALL SWEETHEART — Miss Lera Jane Blakley was crowned Sweetheart of Fairy High School's football team last Thursday night in halftime activities of the game between Fairy and Jonesboro at Hico Stadium. UNDER THE "BIG STEEL TOP"—at Fort Worth's Will Rogers Coliseum the annual Moslah Shrine Circus will open on November 23 for a 10-day stand. There will be matinees on November 24, 25, 29, 30 and December 1 and 2. Among the outstanding acts of the all-professional show—the biggest circus today—will be: The Zachinis and their triple-cannon act; Pat Anthony and his African Lions; Clauson's Bears; Ely Ardelt and Great Bersoni and his unicycling. Dr. B. W. Garrison, circus chairman, says this year's show will surpass all others in thrills and fun. Reserve seats are on sale at Fort Worth's Hotel Texas. There are acres of free parking space.

Step into the wonderful world of AUTODYNAMICS!

It unleashes a hurricane of power!

It tames a tornado of torque
It breaks through the vibration barrier
It is swept-wing mastery of motion

There are many fresh and exciting discoveries awaiting you in the wonderful world of Autodynamics. But none is more exciting than the exhilarating performance you'll experience behind the wheel of a Swept-Wing Dodge.

This low-slung beauty takes off like a scalded cat, rips over hills like a hungry cougar, whips past slow-moving traffic like a gunshy jackrabbit. At your command is a mighty new aircraft-type V-8 engine with up to 310 hp.

And this Swept-Wing Dodge introduces such important advances as Push-Button TorqueFlite that packs a 1-2 punch. Revolutionary new Torsion-Aire that sweeps you along in a "Realm of Silence," masters curves with race car torsion bar suspension. New Total-Contact Brakes — the greatest in the industry!

This is Autodynamics . . . where everything is new from road to roof. It's all yours in a lithe, lean master of motion only 4 1/2 feet high. You have never seen, felt, owned anything like it.

BEARING BURDENS . . .

By MORGAN GARRETT

Every life must carry burdens. Our only choice is that of which burdens we will carry. Some burdens bring weariness and discouragement. The burden of guilt from sin is a heavy load that takes everything out of us. The burden of anxiety is a heavy load that produces nothing. There are other loads that produce weariness but also produce a sense of happiness and well-being. The guide to bearing this kind of load is found in the Bible.

In the first place we read, "Every man must bear his own burden." (Galatians 6:5). The world has no significant place today for a cry-baby who will not carry his own burden without whining. Sometimes our situation is not the most fortunate, and we seem to have more than our share of difficulty. Even then we are not excused from bearing our burdens graciously and courageously. George Washington Carver was born a negro, and his parents were slaves. He became an orphan at an early age. His road was never an easy one to travel. But he carried his load with courage and grace. He achieved greatness by finding countless uses for the peanut. The person who earns a living today from raising peanuts owes a great debt to George Washington Carver who has made it possible for the peanut to be a major crop in the United States

today. Whatever your lot may be in life you are instructed in the Bible to bear your own burden with courage and graciousness.

A second guide to bearing burdens is given in Galatians 6:2. We read, "Bear ye one another's burdens, and so fulfill the law of Christ." A person who bears only his own burden becomes lop-sided and self-centered. One of the greatest needs of many people today is to have a friend who will help them bear the loads of the heart such as disappointment, sickness, tragedy, and other things that discourage. Just to have someone who cares and will listen as we tell of our burdens helps us. Bearing each others burdens brings strength to both. A father taught his sons the strength that comes from such unity by giving each a small stick which they found could be broken easily. When the sticks were bundled together, however, none of the sons could break the bundle. Life's burdens will not break us and the friends we know if we will bear one another's burdens.

Finally, the Bible says, "Cast thy burden upon the Lord." (Psalm 55:22). If we will carry to God the burdens of our hearts which seem too heavy for us to bear, He will help us carry them. He gives us greater strength. He gives us inner peace by sharing our loads. After we have done what we can each day, and there remains much that could be done,

and needs to be done, we can do one of three things: We can become calloused of heart, or we can go crazy, or we can cast our burdens upon the Lord and live at peace with His help.

If you will take care of the burdens of life according to these directions from the Bible you will find life a meaningful thing.

Linda Duncan Observes Ninth Birthday With Party Saturday

Linda Duncan celebrated her ninth birthday Saturday afternoon, Nov. 17, from 2 to 4 o'clock with a birthday party at her home.

Various games were played, directed by Mrs. Charles Goughly, and candies and bubble gum were given as prizes.

Following the opening of gifts, refreshments of chocolate cake and cold drinks were served to the guests.

Present were Joan Moon, Steve Knudson, Vicki Keller, Claudia Hafer, Dianne Jaggars, Pamela Tomlinson, Kay Tooley, Judy Jameson, Glenda Ogle, Donna Kay Morgan, Sandena Hicks, Charles Jr. and John Goughly, and Mrs. Ernie Lester.

Miss Jean Clark, student at ACC, Abilene, visited her parents, Mr. and Mrs. P. C. Clark last week end. She was accompanied home by three classmates, Marita Nelson, Marylin Murdock, and Louise Neville.

Busy Bees Have Meeting Tuesday Afternoon

The Busy Bee G. A.'s were called to order Tuesday, Nov. 13, by Linda Stone, president. The Watchword and Star Ideals were repeated by the group. The songs "Rescue the Perishing" and "We've a Story to Tell" were sung by the 14 members and 5 visitors present.

We were certainly happy to have these visitors and would like to invite all the girls of Junior age to attend.

The girls spent their time studying their Forward Steps and comparing their old and new manuals.

The counselor, Mrs. Archie, told us a most interesting story about a rich man who had forgotten to thank God for all of his blessings and to honor him. After reading scriptures, we were dismissed with a prayer and served refreshments. We owe our thanks to our counselor, Mrs. Archie, for the refreshments.

REPORTER.

Miss Jimmie Jackson left last week for Fort Worth where she has employment.

Methodist Youth Enjoy Chili Supper And Social Nov. 15

Last Thursday night, Nov. 15, twenty four young people and seven adults enjoyed an evening of food and fun at the MYF "Chili Supper and Social." After a meal of chili, beans, and other good things to eat, all the young people enjoyed an hour and a half of fun led by Rev. Frank Leach, director of the Wesley Foundation at Tarleton. Many of those present said they had the most fun they ever had.

Sunday night the youth assumed the role of service as they led in the evening hour of worship. Andy Lackey was the leader of the service. Buddy Teague brought the youth sermonette on the subject, "Humility." Kendall Hamrick read the scripture and the prayer was led by Lynda Reed. The youth and junior choir sang "Christ Receiveth Sinful Men" as special music. After the worship hour the youth spent a happy hour at the home of Mr. and Mrs. A. H. Lackey. While at the Lackeys the youth sang happy birthday to their aging pastor and presented him with a lovely birthday gift.

On Monday night four young people from Hico attended the North Gatesville Sub-District meeting in Meridian. After a program on the problems involved in race relations was presented by the Meridian Church, Andy Lackey, sub-district president presided over the business meeting with efficiency and dignity. Those attending from Hico were Andy Lackey, Kendall Hamrick, Virginia Jones, Mary Frances Shook, and the pastor.

Fifth Grade Enjoy Studying Famous Living Americans

The fifth grade pupils of the local elementary school are finding that studying can be very interesting and lots of fun in their studies of famous living Americans.

Each member of the class chose the famous person that they would like most to write to and as a result each morning for several weeks they were all rushing to the post office and returning with letters from such important personalities as the President of the United States to Texas' own J. Frank Dobie. As Mrs. Clarence Watson, fifth grade teacher said, "I wish that a camera could have caught the joyous expression and

the star-like eyes of each child as he or she announced to the class, 'I got my letter!'"

In response to their letters asking for autobiographical material, they have received pictures from Price Daniel, Governor Allan Shivers, Sam Rayburn, Walt Disney, Herbert Hoover, Adlai Stevenson, Richard Nixon, J. W. Edgar, commissioner of education, President Dwight D. Eisenhower, Estes Kefauver, Jesse James, state treasurer, Mrs. Franklin D. Roosevelt, John N. Garner, J. Edgar Hoover, Billy Graham and J. Frank Dobie.

Hoover sent his memoirs, a 15-page profile came from Walt Disney, the president sent material about his official duties and his cabinet with his autographed picture. J. Frank Dobie enclosed a snapshot of himself smoking his pipe with a note enclosed, "I still walk and smoke my pipe." Billy Graham sent two documents suitable for framing, "The Declaration of Independence" and "The Bill of Rights."

Mrs. Watson explained that the study unit combines Social Studies and Language Arts and the experience has been wonderful, as well as very educational, for the children.

Baptist Sunbeams Meet Tuesday at Church

The Sunbeams met Tuesday, Nov. 20, with 9 members present. We had two new members today which made 11 present. Only one member was absent. We hope she can be with us next time. The new members are Leslie and Allen Royal.

We all brought fruit and made a basket to take to Mrs. Edith Radcliff, who is a shut-in. We sang two songs for her, and Barbara Anderson led our closing prayer. This was our Thanksgiving offering.

Back at the church Mrs. Anderson told us a Japanese story. Mrs. McClure taught us a new prayer.

We sang and then had a closing prayer where everyone told what they were thankful for. Refreshments were served.

PIG IN THE PARLOR
Modern pork production has reversed the old truism, 'You can't raise a pig in a parlor.' Apparently you can! And at a neat profit, too!
Southwestern hog feeders are showing interest in a recent housing and management practice that involves a "pig parlor" believed far superior to pens and wallows. The method calls for fattening of hogs in low-cost, shed-type buildings erected on concrete slabs.
This development approaches the broiler producer's concept of putting production on efficient assembly line basis. The idea makes it possible to market as high as 300 head of hogs a year with a minimum investment in money and labor, yet get maximum returns.
A group of hog pioneers came up with the parlor idea, starting with a large group of pigs on concrete. According to studies of the Ralston Purina Company, the first 32 hogs marketed from a "parlor" returned a labor profit of \$6.32 per pig in 45 days on a 16c market.
A parlor 30x22 feet can handle 50 pigs weighing 60 to 80 pounds. Maximum efficiency of investment labor and feed is claimed with a turnover ever 60 to 70 days. The cost of the parlor including equipment was about \$400 in the experimental locations.
Feeders who have used the parlor system believe that their hogs show better carcass yield in addition to these stated advantages. Quick turnover or investments, fewer disease problems, ease of adaptability to either hot or cold weathers, and higher daily gains.
Texas hog raisers may want to investigate this method of production, in view of the high competition for the consumer dollar. In addition, current hog prices call for low production costs in order to make a profit.
Information concerning "pig parlors" may be obtained by writing to John C. White, Commissioner, Texas Department of Agriculture, Austin.

**WARNING---
DANGEROUS TAX**

WHAT IS THE ACTUAL COST OF THE PROPOSED \$150,000.00 BOND ISSUE?

Interest will be not less than	\$153,750.00
Principal	\$150,000.00
Total Minimum Cost	\$303,750.00

DOES THAT LOOK LIKE A MEASLY \$150,000.00?

It's going to cost you 12c per hundred—Better think twice before voting for more taxes!

WILL IT COST MORE THAN THE 12c?

Definitely yes; the Texas Hospital Association estimates that the average cost in this part of Texas for maintaining a patient in a hospital per day is in excess of \$14.00. Average charge for present hospitals is \$8.00. That is all that can be charged. YOU, Mr. Taxpayers will pick up the check for the difference in a MAINTENANCE TAX. On a 20-bed hospital this will average \$25,000.00 per year. This is three times the cost for the Bond and interest. Therefore—

MAINTENANCE TAX	36c per hundred valuation
Bonds and Interest	12c
TOTAL	48c or 70% increase in YOUR COUNTY TAXES.

HOW ARE COUNTY HOSPITALS OPERATED?

Political patronage—Yes, even involving the care and attention which you expect your LOVED ONES to have while ill or afflicted. Will it be inefficient and lax? Yes, it usually will be. High wages and inefficiency, but what can you do about it? NOTHING. This election gives the Commissioners Court unlimited power in this respect. Our PRES-ENT COURT, I'm sure would not do this, but what about later years when this POLITIC-AL PLUM is ready to pick. Will we have as conscientious a group as we have now? It will then be too late.

WHAT IS PROPOSED FOR YOUR MONEY?

If you are for this issue, you had better stop and think: What has been proposed, what will your money BUY? You do not have any assurance that there will be one, five, ten, or no beds. This is a specialized field of planning and building, and not a wild fantasy. YOU ARE HANDING OUT A BLANK CHECK AS TO LOST & WHAT YOU ARE TO GET.

WHAT HAVE THE PROPOSERS OF THIS ISSUE DEMONSTRATED?

\$5,000.00 has been spent on three elections trying to overcome your BETTER JUDGMENT, in hopes that they can have \$150,000.00 to spend as they please, no Strings Attached, and a Blank Check Signed by all the Taxpayers of Hamilton County, for anything else which their fantasies may dream up. Quite Liberal With YOUR Money.

POSSIBLE FEDERAL AID?

The records of this shows that the extra cost of any structure is increased in proportion to the amount of money received. Bulkiness and restrictions and added cost offset anything to be gained. The records show that only those building institutions of 1/2-million dollar structures can use this aid effectively. Borrowers from this fund have been passing it up according to the records. Of course, this would not DECREASE your County Hospital or Maintenance taxes and does increase your Federal taxes.

Have you checked to see who proposes to saddle you with this debt which you will be paying on the balance of your life?

The Petition signed is on record at the County Clerk's office in the Court House at Hamilton, Texas—These are Public Records and you may inspect them at your pleasure. Why don't you see for yourself?

Photostat pictures of all names on this petition are available for your inspection.

HOW CAN THIS BE DEFEATED?

1. Each and every voter must vote.
2. Talk to your neighbors and be sure they understand the issue.
3. Organize your community into a group to defeat this issue and see that all vote.
4. Let your Commissioner and County Judge and other elected County Officials know that you are against such an issue. Yes, even your grocer, filling station man, and other people with whom you do business.

YES—LET EVERYONE IN HAMILTON COUNTY KNOW THAT YOU ARE AGAINST IT

(PAID ADV.—HAMILTON COUNTY COMMITTEE FOR BETTER GOVERNMENT.)

FAIRY

By MRS. EUNICE DANIEL

All were very sorry to learn of the death of Mr. Sid Dickerson of near Hico who passed away early Saturday morning after several years illness. Mr. Dickerson spent most of his life in this community and was a brother of Mrs. Brittle Little of Fairy. Sid was a close friend of our parents and stayed in our home quite frequently while working for our father. He was a good man, fair and honest in all of his dealings with his fellowman. Many from here attended the funeral services at Hico Sunday afternoon. Our sympathy is extended to the bereaved wife and other relatives.

Our sister, Mrs. E. M. Hoover received a phone message from our niece, Mrs. Lester Smith of Brady Wednesday of last week informing her of the death of her brother, Grady Enger, also of Brady, who passed away about 10:40 Tuesday night. Grady was the eldest son of the late Otto Enger, and Mrs. Myrtle Enger of Brady. Grady had been a semi-invalid for several years due to a heart ailment and arthritis although he was able to be up and down most of the time and could drive his car some. He had undergone surgery about 2 months ago on one of his knees. The operation was thought to be successful. However, it was thought in stopping the drainage at the knee, it collected around his heart which caused his death. He was born at Fairy August 13, 1910, being 46 years and three months of age. Funeral services were held last Thursday afternoon at 1 o'clock at the Wilkerson funeral chapel in Brady, with the minister of the Church of Christ officiating. Burial was in the Brady Cemetery. He was baptized into the Church of Christ at Fairy in August, 1926. Surviving are his mother, Mrs. Myrtle Enger, a sister, Mrs. Lester Smith and family, all of Brady. A brother, Dorsey Enger and wife of Corpus Christi; three children, Grady Enger Jr. of Carlsbad, N. M., James Mark and Madalyn Enger of Austin. Grady had suffered greatly the past six years. His suffering has now ended and he is at rest. Grady had been very thoughtful of his mother since the death of his father in 1938, looking after her needs. He will be greatly missed. Our deepest sympathy is extended to our dear sister and family in their sorrow. May they look forward to a brighter day where there will be no sorrow and goodbyes.

Those from this section attending the Enger funeral services were Mr. and Mrs. E. M. Hoover, Mr. and Mrs. Carl Ray Sellers, Mr. and Mrs. Cabert Daniel and Mrs. Gladys Cox, all of Fairy; Mrs. A. L. Newman of near Hico, Mrs. V. H. Heyroth, Clifton, Mrs. D. E. Allison, Dublin, and Mr. and Mrs. Johnnie Anderson of Stephenville. Mr. Hoover and Mr. Daniel served as pallbearers.

Mr. and Mrs. Harvey Little and all of their family except one son and family, Mr. and Mrs. Paul Little and daughter of Oklahoma City, Walter Dickerson and daughter of Atlanta, Ga., and C. D. Dickerson of Cleburne visited during the week end with their mother, sister and aunt, Mrs. Brittle Little. They were here to attend the funeral services of their uncle and brother, Sid Dickerson.

We were sorry to learn that Dr. C. U. Baize of Gatesville has been a patient at the Brooks hospital in Lampasas due to surgery. We hope the operation is successful and he will soon be able to return home. Dr. Baize, who operates a chiropractor clinic in Gatesville is well known here.

Mr. and Mrs. Carl Ray Sellers and family visited Sunday in the home of her sister, Mr. and Mrs. D. E. Allison of Dublin to be with the Allison's daughter and husband, Mr. and Mrs. Wayne Pittman remained for a few days visit while on vacation from her duties.

Mr. J. McVickers informed us last week of the death of his brother, Mr. R. D. McVickers of Dibal who passed away in his sleep October 29. He was a night watchman and had been on duty until 12 midnight and was thought to have passed away about 2:30 a.m. that night. He was about 70 years of age. Mr. McVickers attended his brother's funeral which was held at Nacogdoches the following day. Mrs. J. McVickers was visiting at the time with her daughter and family at Wichita Falls while recuperating from major surgery recently. She and her husband made a trip down there

recently since her return home, to visit relatives at Dibal. Mr. and Mrs. H. O. Richardson and Jerry visited Sunday afternoon with Mr. and Mrs. Herman Sills of Whitney. Mr. Sills, who recently suffered a heart attack, suffered a second attack early last week but glad to report him able to sit up in his chair, but can't be up any. We hope he will soon be much improved. The Sills family formerly resided at Fairy.

We have been informed that Mr. and Mrs. Coy Parks have purchased a home in Stephenville and are making arrangements to move there soon. The family who have rented or leased the Parks farm attended church here Sunday at the Church of Christ. They have four children, most of which are school age.

Mr. and Mrs. W. N. Bridges of McGregor and his sisters, Mrs. Pearl Stewart and Mrs. Edna Bolding, also of McGregor, visited relatives and friends here Sunday, while here to attend the funeral of Mr. Dickerson who was a former neighbor of the Bridges family. Quite a number in our community have been ill of colds. So far, this scribe has escaped the malady.

Mrs. J. L. McCoy received a message last Friday that her sister, Mrs. L. A. Fugate of Mineola had passed away. The McCoy's son-in-law, Scott Blakley, carried them to Fort Worth Friday, where they joined their daughter, Mrs. Gerald Licett of Fort Worth who carried them to Myrtle Springs, near Terrell where the funeral service and burial was held. Mrs. Blakley and daughter, Lera Jane attended the funeral on Saturday and brought her parents home. Mrs. Fugate had visited

- Q-Can you give me the average salary of school teachers in the nation? A-The Tax Foundation has recently conducted a survey and finds that average beginning salary of teachers with a college degree in cities is \$3,115 with the average maximum with a Doctor's degree is \$5,805. Generally the lowest salaries are in the south and in rural areas salaries are generally below the averages.
Q-Has the "Oil for Education" bill been introduced in the Senate? A-Yes, by Senator Lister Hill, Alabama, and 35 other sponsors, including 30 Democrats, five Republicans, one independent. It would earmark royalties on publicly owned oil reserves in the continental shelf for educational purposes and asks \$1 billion for emergency relief in construction funds.
Q-What was the first state to ratify the constitution? A-Delaware on Dec. 7, 1787. Next in order came Pennsylvania, New Jersey, Georgia, Connecticut, Massachusetts, Maryland, South Carolina, New Hampshire, Virginia, New York, North Carolina and then came Rhode Island, May 29, 1790.
Q-What day is observed as Pan-American Day? A-April 14. It was on that date in 1890 when the first international conference of American states met in Washington and formed the Pan-American Union.
Q-May newspapermen attending the President's press conference quote him? A-No. Only when the President gives direct permission. Otherwise they are limited to indirect quotations.
Q-Why do members of the Senate address the Vice President as "Mr. President"? A-Because the Vice President is technically the president of the Senate.

here. We extend sympathy.

The writer and husband spent Sunday in Fort Worth visiting in the home of Mr. Daniel's daughter, Mr. and Mrs. Marty Haire, and attended an early Thanksgiving and Christmas dinner in honor of Mr. Daniel's son, Billy, who is leaving next week for the service. A turkey dinner with all the trimmings was served at the noon hour and the family presented their Christmas gifts to Billy. Those present were Mr. Daniel's children and families, Mr. and Mrs. Cal Lowery, Lu Ann and Cal Jr., Mr. and Mrs. Marty Haire Jr. and his parents, Mr. and Mrs. Marty Haire Sr. and a granddaughter, the writer and husband, and the honoree, Billy Daniel. Our sister, Mrs. Gladys Cox, accompanied us and visited in the home of her sister-in-law, Mrs. Virgie Sitton and son, David Sitton and

family.

A three-act comedy play entitled, "Grandad Goes Wild" will be presented by the Junior class of Fairy High School next Saturday night. All have a cordial invitation to attend. Mr. and Mrs. Johnnie Anderson of Stephenville visited a while Monday night with Mrs. Brittle Little. They were on their way home following a visit with her aunt, Mrs. H. R. Brummett at the Clifton Hospital. Mrs. Brummett, who was critically injured in a car wreck early in October, may be able to return home this week end if she doesn't have to undergo surgery for a gall bladder ailment.

Mr. and Mrs. Milford Miller and Ronald of Fort Worth were here Sunday to attend the funeral of Sid Dickerson. Milford served as a pallbearer.

Members of First Methodist Church are engaged in an attendance contest in the Sunday School. A point system is used to determine the winner each month.

At present the Three T's class is in the lead, but the Juniors are close behind.

Other classes that are also close enough to the leaders to be possible winners for the month are Nursery, Helping Hand, Men's Bible, Primary, Intermediate, and Senior.

Attendance next Sunday morning in Sunday School will determine which of these classes will win the cup for November, and a large attendance is expected.

IREDELL SAILOR SERVING AT CALIFORNIA BASE

Charles A. Franklin, aviation Electronics technician second class USN, is serving in the Electronics Department of Utility Squadron 3 at the Brown Field Naval Auxiliary Air Station, Chula Vista, Calif.

He is the son of Mrs. Willie E. Franklin of Iredell, and husband of the former Miss Theima Young of Corpus Christi.

Utility Squadron 3 maintains and flies bright red colored aircraft called "Drones," which may be flown pilotless by radio-control, or manned by pilots for training, as desired. When flown pilotless, the Drones are radio-controlled from ground stations in their take-offs and landings, and from piloted aircraft accompanying them in flight.

Franklin attended Mosheim High School before entering the Navy in July, 1942.

It Happened Here or Near

By E. E. DAWSON

In a volume of questions and answers prepared by an outstanding editor in American religious journalism, and now collected in book form and classified, are great numbers of questions that forever recur. As one reads these questions and recalls how many times some of them have been asked him, he comes to the conclusion that most folks have a lot in common, even in the matter of their perplexities. The questions are about Bible phrases, doctrines, usages of churches, spiritual problems of individuals, social problems child care, dress and any number of other questions.

But the one question that intrigued me most was one that reads: "Do you know of any way in which I can secure Jordan water for baptismal purposes?" The editor does not answer the question, nor make any comment on it; he simply gives an address. Of course he could not make any comment in the columns of the magazine he edited at the time the question came to him, lest he offend some reader.

But if I had been asked that question privately I think I might have given the brother somewhat of an answer, whether acceptable or not. If I should answer the question, I would say something like this:

"Get you a good dependable truck of medium size, have a tank of about a thousand-gallon capacity put on it; drive up to some east coast port, preferably New York, and ship the truck tank to an European port, or if opportunity afforded, to a Mediterranean port; there unload it. If at an European port, you would have to reship it to some Asia Minor port for unloading. If you were able to avoid the present conflicting forces in the Middle East, take a road to Jerusalem, which would not be very easy. From that city you would have some trouble getting past the Jordanian border guards, but by a little politics and some money you might make it after some delay. Then head for the Jordan river just about due east of Jerusalem. No doubt you would enjoy the scenery. In due time you would pass Jericho and come to the ford on the Jordan where Joshua and Caleb lead the Israelites across that dangerous crossing in time of flood. Somewhere in that vicinity, according to tradition, you would find where Jesus was baptized, and be in a proper place to fill the tank on your truck. No doubt you would have to employ a lot of native men to form a bucket brigade and carry the water uphill to the truck, and you would be out a modest outlay of funds for the service. Now it would be necessary to provide against leakage and evaporation of the water in the tank, but you might be able with due diligence. The long trek home would take a good deal of time and ingenuity that you did not experience on the way over. But a determined man might make it.

"It would be necessary to allow quite a spell of time for all the journey going and returning, but no doubt in due course of time

you would arrive at an American port, and soon be happily on the way back to your native heath. Arriving at home, then the problem of storing the water against the time of using it would confront you. You would need to store it in an air-tight reservoir and put some kind of film on the surface of the water to keep down evaporation, but science has come up with just such a preparation. Then after using for the desired baptismal service, if you would have to be pumped out of the baptistry into the reservoir for further use.

"A thousand-gallon tank was suggested at the outset because the average baptistry will hold about that much water; that is, enough to submerge a body in."

So that's about the advice I would give the one who asked the question. He probably would reply, "You mutt, I could have reasoned all that out without any advice. What I was thinking of was getting it by mail." Whew! That would be some problem to ship a thousand gallons of water by mail. Why it would take at least four thousand quart bottles of water to afford enough for a baptismal service in a baptistry. And think of the postal expense! But maybe after all it would not be as expensive as the truck trip. I just can't figure out all the details of such an order.

But here is a question that also occurred to me: What is there about Jordan water that makes it so much more desirable than just common American stream-or-well-water? It's all just H-two-O, I suppose. Well, maybe the questioner is having some experience with Lake Texhoma water that is strongly impregnated with salt, and his baptismal candidates find it objectionable. Could be. In that case, he could come to one of our local communities where the water is free from the objectionable mineral content of Lake Texhoma water.

Next week: "How to Get Along With Your Wife," what Dorothy Carnegie says about it in "Don't Grow Old—Grow Up." Husbands are warned in advance.

COUNTY AGENT REPORTS

By E. R. LAWRENCE

Modern breeding and new feed mixtures in commercial broiler production has resulted in three pound broilers in eight weeks. The Poultry Science Department of A & M College has done some research on management problems of broilers and one of these is feeder space requirements. 2,182 birds were supplied varying amounts of feeder space to nine weeks of age. During the first three weeks of age the birds were given .75, 1.0, and 1.5 linear inches of feeder space respectively using chick size feeders. During the 4th week the feeder space was doubled and the feeders were changed to the "broiler" type. The results show that broiler chicks receiving 1.5 linear inches of feeder space to four weeks of age and then increasing to 3.0 linear inches for the remainder on the nine weeks growing period were .04 to .15 pounds heavier at nine weeks than similar groups of birds receiving smaller amounts of feeder space.

In 1948 it took 15 pounds of feed to finish off a broiler weighing 3 and a half pounds to 3 and three-quarters, whereas 8.3 pounds of feed are required to produce the same chicken under the present system of management, feeding and breeding in 1956. This is a reduction of almost 50 percent in the amount of feed required to finish the marketable product.

For several years there has been much discussion about the need for some kind of egg legislation. This discussion has been entered into by individuals in all segments of the egg industry. Some have been wholeheartedly in favor of constructive legislation, some have been favorable but not actively participating, some have been passive so far as their interest is concerned, and still others have been opposed to any kind of egg legislation.

In the past few months representatives from many segments of the industry such as producers, egg buyers, wholesalers, hatcherymen, feed dealers, feed manufacturers, egg retailer, and Texas Farm Bureau and the office of the State Department of Agriculture have met several times, and have written a bill to be presented at the next session of the Texas Legislature. This is the bill:

CHILL CHASER

This toasty warm outdoor jacket of cotton poplin is designed to chase the chills away. The water-repellent coat, with its parka hood, has an alpaca lining. Leather buttons contrast with the four popular colors of sand, white, black, and light blue.

turers, egg retailer, and Texas Farm Bureau and the office of the State Department of Agriculture have met several times, and have written a bill to be presented at the next session of the Texas Legislature. This is the bill:

AN ACT regulating the handling the sale of eggs within this State; placing administration of the Act in the Commissioner of Agriculture; providing for the establishment of standards of size and quality of eggs and for the grading and labeling of eggs, providing for the licensing of egg retailers, dealers, wholesalers, processors and brokers and for payment of license fees; providing for certain exemptions; prescribing offenses and penalties; providing for financing the program and making appropriations therefor, making other provisions relative to the administration and enforcement of the Act; providing for severability; and declaring an emergency.

Baked Russett Potatoes are Harvest Treat

It's harvest time, and meal planning is fun with so many choice fresh vegetables and fruits available and now is a good time to treat the family to its favorite baked potatoes. Growers in Washington State report that the new crop of those famous Russet bakers are plentiful in the markets, crisp and fresh and at the peak of their eating goodness. Washington Russets, according to potato experts, are the best of the bakers because they are grown in volcanic soil and are so high in minerals, with a delicious, mealy fluffiness—a perfect accompaniment with any kind of meat, poultry or fish. Serve right from the oven with a generous pat of butter or scoop out and stuff as directed below.

FOUR DELICIOUS STUFFINGS FOR BAKED RUSSET POTATOES

Allow 1 Washington Russet for each serving. Wash. Scrub gently with vegetable brush. Rub with butter, bacon fat or shortening. Cut thin slice off each end or cut 2-3 gashes with sharp knife to allow steam to escape. Bake in moderately hot oven (400° F.) 45 mins. to 1 hour. When soft to the touch, remove from oven. Cut in half lengthwise to make two shallow shells or cut off a slice from top to make one deeper shell. Scoop out potatoes and mash or press thru ricer. Add hot milk, butter and seasonings and beat until fluffy.

Cheese Stuffing: Pile fluffy mashed potatoes lightly into potato shells. Sprinkle with paprika and grated American or cheddar cheese. Return to oven or place under broiler for few minutes to brown.

Chive Stuffing: To filling for 6 potatoes add 1 to 2 tsp. finely chopped chives.

Mushroom Stuffing: To filling for 6 potatoes add 1/2 cup chopped or sliced, sautéed mushrooms and 1/4 tsp. Worcestershire sauce.

Pimiento Stuffing: To filling for 6 potatoes, add 3 tpsps. finely chopped parsley and 1 tsp. finely chopped pimiento.
