new, easy, low-cost way to fatten hogs-**Purina Pig Parlors**

Purina Pig Parlors are designed to hold 50 feeder pigs, of 40 to 70 lbs., until they reach market weight. Parlors consist of a sloping concrete floor, fencing, a roof, three automatic waterers and a 10 to 16 hole self-feeder. That's all! Can be built for about \$400. Has many advantages over other feeding methods:

1. Easy to operate—little

2. Easy to keep records. Small investment. I. Fast turnover of

This is the modern way to raise hogs. You buy your hogs, put 'em in the Paror, give 'em plenty of a good Purina ration and fresh water-then stand back and WATCH 'EM GROW! Almost before you know it you'll have a trailer load of sleek, fat hogs ready for market.

5. Regular cash crop.

7. Few disease problems. 8. Produces a quality hog fast—and at low cost.

6. High deily gains.

On a \$17 hog market you should make from \$5 to \$8 per hog on the Purina Plan.

COME SEE US. Let us tell you more about Purina Pig Parlors. We have plans to show you how to build your parlor step-by-step. We can help you in locating pigs at the right price, too. Be among the first in this community to have Purina Pig Parlors.

Officially, Texas' 55th Legislature now is in the history books. But the real story comes within the next few months when hundreds of new laws take effect.

They'll change people's livesa little bit or a lot. Voter reaction to these changes will provide grist for the 56th session and determine how many 55th legislators will survive for the 56th.

Biggest issues of the past five months were water, segregation, makers did:

New Salmon-Noodle Casserole With Onion Soup Mix

CASSEROLE COOKERY need not be distinguished only as a means of using up leftovers. It holds a rightful place in the creative world of culinary art. A good example of this is a Salmon-Noodle Casserole that is a gourmet treat yet decidedly

inexpensive in spite of some elegant ingredients The unique flavor is contrived by mixing sour cream and a package of onion soup mix toegther. The notable advantage of using this combination in cooking is that the sour cream will not curdle even in such recipes as one calling for pot roast to

be simmered in the mixture for up to three hours. Thus you will find that the "dip" will insure a successful as well as flavorful casserole. The delicate flavors inherent in the onion soup mix enhance the bland taste of the salmon and the noodles. You will find this casserole a fine feature for a buffet supper party.

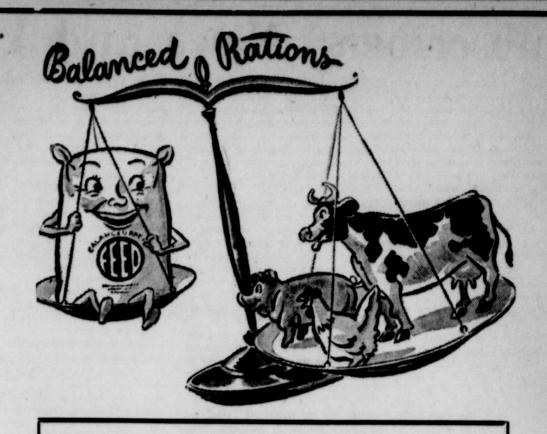

SALMON-NOODLE CASSEROLE

8 oz. medium-wide noodles 2 cups "California Dip"

1 cup cream 1 lb. can salmon (2 cups) Heat oven to 375° F. Cook noodles according to package directions; drain. Mix "California Dip" and add cream to it. Combine cooked noodles and chunk size pieces of salmon; mix with

the liquid. Turn into a 2 quart casserole and bake 20 minutes.

Makes 8-10 servings. California Dip:-Combine 1 pint sour cream and 1 package onion soup mix just as it comes from the package. For one cup of mix use ½ pint sour cream and 3 tablespoons (½ package) well-

Open Meeting of AA Group Slated Friday At Firemen's Hall

The Fort Worth group of Alcoholics Anonymous will have charge of an open meeting to be held in Firemen's Hall at 8 o'clock Mrs. Frank Fallis, Fort Worth Friday night, May 31. The general public is invited.

This will be the same program that was slated in April but postponed because of flood conditions. You will hear a man of 82 and another of 32 years of age tell their experience with alcohol.

Anyone that has never attended an AA meeting should avail themselves of this opportunity.

Free coffee and cake will be served. No collection or admission will be made.

HERE IN HICO-

to East Texas and the Pincy woods country, such as they have around Tyler. is always considered a treat. Personally we preier the area around Hico, but a trip to East Texas is always a treat 'Had Mr. Dozier been through this country, say last Spring, then he could have told an entirely different story. Instead of the beautiful flowers and scenery, all one could see was parched pastures, dying trees, and poor cattle.

END OF AN ERA . . . Another era came to an end this week with the razing of Kight Gin. Used to be when Hico was one of the major cotton producing areas in the state, but in the last few years only a few bales have been ginned locally. The Leeth Gin was razed last year, and with the passing of the Kight plant, old King Corton gradually is being replaced with other modern day crops.

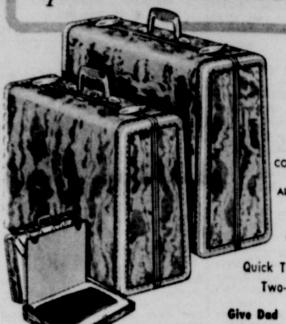

FIRST GAME . . . The first games of the summer baseball program will be played tonight at tire local field. In our opinion, too much emphasis cannot be put on the program, and we can all lend a helping hand by attending these Mrs. W. T. Morgan, Little River tainly encourage the youngsters to continue throughout the season.
