

At a meeting of the Texas Soil Conservation Board on priorities" for awarding watershed planning, four watershed districts were awarded the top places, according to a letter to Fred McCleskey, president of the Upper Bosque Water Control and Flood Prevention District from A. C. Spencer, executive director of the board.

Number one priorities were Tehuacana Creek near Waco and Lankford Creek near Arkville (these two projects are to be worked concurrently). The other two districts get-

Thirteen districts were considered by the board after the statewide inspection made by them. The Upper Bosque Watershed Improvement District was included in the 13 considered. At the public meeting held in Stephenville Sept. 13 an overflow crowd at the Erath County courthouse presented a very good case as evidenced by the attendance and fine testimony of the people in the district.

As Spencer pointed out in his

letter, treatment of the land above the proposed structures as well as the general soil conservation practices were among the principal consideration given to each project.

Although disappointed in not being included in the first projects to be considered, water district officials are renewing their efforts in the work in the district. Special consideration will be given to placing soil conservation on the land in the district and especially on the land above the proposed structures in the watershed.

McCleskey, head of the district which extends from Huckabee and Lingleville on the north down the Bosque River to near Iredell, told a Stephenville Empire reporter that "We are determined to work even harder now and we know what we have to do in order to qualify for a project."

And Mr. Spencer said in his letter: "Your project is still among the top group in Texas."

Spencer's letter is as follows:

Dear Sirs:

At a meeting of the State

Soil Conservation Board held on September 20 priorities for watershed planning were set as follows:

No. 1 Priority: Tehuacana Creek near Waco, and Langford Creek at Clarksville, Texas. (These watersheds are to be worked concurrently).

No. 2 Priority: Caney Creek at Ector, Texas in Fannin County, and Plum Creek near Lockhart.

These four watersheds were selected from a group of 13 watersheds in which public hearings have just been con-

cluded. The fact that your watershed was not one of the four selected does not in any way indicate that you did not have a good project. Competition was extremely keen.

The major weakness in most of the watersheds has been the percentage of farm and ranch land under basic agreement with the local soil conservation district and the percentage of conservation treatment that has been applied to the land above each structure. Your project is still among the top group in Texas.

You will be considered when

additional priorities are set. In the meantime particular stress should be placed on the application of conservation practices on the land and securing additional basic agreements with your soil conservation district.

We wish to express our appreciation to you for the many courtesies shown the members of the State Soil Conservation Board during the recent hearings.

Sincerely yours,
A. C. SPENCER
Executive Director

HICO, TEXAS SEPTEMBER 27, 1957

NUMBER 21

meeting of all rural telephone subscribers now being served by the States and by sub-owned lines will be held Monday night, Sept. 1, at the Firemen's Hall in Hico, starting at 8 o'clock. Millard Oates, Tyler, special representative of the company, and Art Anderson of Asheville, district manager, were in Hico this week making arrangements for the meeting, which they deemed "very important" for all subscribers who would like telephone service after the completion of the dial system for Hico.

The main purpose of the meeting will be to work out details prior to installing new lines to service the rural patrons. Persons in this area will remember that the Hico City Council gave the company authorization to build a complete new telephone system for the town last February, and work has been progressing steadily since that time.

The two visiting officials pointed out the completed building as one nearer to final completion, and stated that some of the equipment already arrived, with the major portion to start arriving in Hico early after the first of the year. Final completion and cut-over of the system is expected to take place by mid-summer.

In making the announcement of the meeting Mr. Oates stated that the new system will provide sufficient service in the rural areas by fully selective ringing. Only the telephone that is called will ring on any rural party.

He further said, "Present party subscriber-owned lines and telephones will not operate on dial system. All present subscribers and all other people interested in

first-class modern telephone service in the Hico area are urged to attend this meeting."

"Plans must be made now in order that actual construction may be started soon after the first of the year. Interest manifested at this time by both present subscribers and others who may desire this service will determine what lines can be built," the official said.

All persons who reside in the rural area are urged to be present at the meeting Monday night, and also to pass the word to other interested parties who may not know of the meeting.

Friday Is Vaccination Day At Fairy

Dr. George Tolbert, veterinarian from Hamilton, will be at Fairy Public Schools Friday, Sept. 27, at 1:30 p.m. to vaccinate dogs and other pets against rabies.

The charge will be \$1.25 for each animal.

HOME DEMONSTRATION CLUBS WILL SPONSOR BAKE SALE OCTOBER 12

Members of the South Hico and Fairy Home Demonstration Clubs will sponsor a Bake Sale, Saturday, October 12 at Herrington's Grocery.

Members of the two clubs stated that they would have a plentiful supply of baked goods for sale that day.

ATTENDS MEDICAL MEETING

Dr. and Mrs. W. F. Hafer were in Dallas Monday where Dr. Hafer attended a medical meeting which was held in Hotel Adolphus.

Members of the Hico School Board adopted the 1957-1958 school year budget at their meeting Tuesday night.

The budget, which includes all phases of operation of the local plant, was set at \$94,079.000 for the year. The expenditures lists everything down from teacher's pay, to mops and brooms. The receipts are derived mainly from the Foundation Fund (state aid), with other receipts being derived from local maintenance tax, Federal school lunch room fund, and other smaller appropriations.

A big business - - - this school of ours.

Industrial Meeting Slated Tuesday Night At School Cafeteria

A meeting, which has been scheduled for Tuesday evening, October 1, has been arranged under the sponsorship of the Hico Civic Club, with Mr. L. S. Paine, Research Economist of Texas A & M College, Hico, Stephenville and Dublin will cooperate in a joint survey of this area for possible industry.

The meeting will be held at the school cafeteria at 7:30 p.m. and dinner will be served. All persons from the Hico Club and others interested are urged to make plans prior to Tuesday, in order that club officials may know how many to prepare for.

The meeting will be mainly for the purpose of laying ground work for a future survey of this type, and to determine if enough interest is available to follow through with the plan.

Mr. Paine is an expert in his field. Leaders from the Dublin and Stephenville civic clubs are being invited to attend the meeting, and several representatives from these two towns are expected.

A. & M. College will make the survey free of charge when as many as three towns are participating.

Miss Judy Holladay, daughter of Mr. and Mrs. George Holladay of Hico, was among the nine daughters of dairy farmers to compete in Austin for the title of "Texas Dairy Princess" Sept. 18-19, The winner, who was Miss Barbara Frasher, 20-year-old Baylor senior and daughter of a Gainesville dairyman, will compete in the American Dairy Princess Contest in Chicago October 11-13.

Miss Holladay participated in a whirlwind round of radio and television appearances and speaking engagements. She appeared on two television programs and toured the offices of the American Dairy Association of Texas. She spoke at a dairy luncheon and was interviewed by a panel of experts, who judged in the contest, on knowledge of dairy business, appearance and charm.

Five-Day Revival Slated At Iredell Church

A five-day revival, which will begin Monday, Sept. 30, and continue through Friday, October 4, was announced this week by the Church of Christ at Iredell.

Services will be held daily at 7:30 p.m.

Bro. Ray Crook, former minister of the church, now of Shamrock, will deliver the messages.

Everyone has been extended a cordial invitation to attend these services.

The Iredell school will have their annual homecoming on Saturday, October 19, according to an announcement this week. Registration will begin at 1:00 p.m.

Other activities on the program will be an amateur program at 6:45 and a football game between Iredell and Strawn at 8:00 p.m.

All Iredell ex-students have a cordial invitation to attend.

Meeting in regular session Tuesday night of this week, members of the Hico School Board discussed the possibility of a major remodeling program for the High School building. Architect plans have been received by the local board at no cost to the school, and estimates have been made. Total estimate on the program is \$55,000.

Two bond lawyers of Fort Worth met with the board Tuesday night and explained to members the details of voting a bond for this issue and the cost to taxpayers. Based on the present valuation, the lawyers pointed out that a tax increase of 15 cents on the one hundred dollar valuation would be required to retire a bond of approximately \$55,000. The increase would up the local tax rate to \$1.55, instead of the present \$1.40.

Plans for the remodeling program would include removing the upper story from the present structure, which is now used as an auditorium, and building a new addition directly north of the present structure which would serve as an auditorium, with space for offices, rest rooms, and one classroom. The new portion would seat 100 persons.

Other improvements to the old structure would be a complete new roof and ceilings, a new outlay of all-steel windows, new doors plus other repairing and renovations.

Still looking for the opponent's goal line, the Hico Tigers will attempt to break the three-game losing drouth in another home game, to be played at the local stadium tonight, Friday, at 8:00 o'clock. This time the opposition will be furnished by Tolar, a class B team from Hood County, which reportedly has one of the best teams ever fielded by the school.

This will be the third meeting of the two teams, and Tolar will be looking for revenge for the losses suffered at the hands of the Tigers in the previous games. On the basis of the two teams' showings this season, the visitors will more than likely be established as favorites in the contest. The Tigers are winless for their three games played to date, while Tolar has one win, a lose, and tie to their credit. They have a strong group of lettermen returning, and will certainly field the more experienced team.

However, Coaches Taylor and Hall have shuffled the Tiger lineup considerably this week in an effort to find the scoring punch. Moving Gary Duncan to quarterback from halfback, shifting Buddy Ables from quarterback to fullback, and running Bobby Boone and Royce Samford at the halfback slots, the coaches hope to hit upon a combination which will produce more effectiveness in the running department. Boone is the big

never get rolling enough to seriously threaten to score.

Starting the game the Hico lads looked as if they would play the Blanket boys to a standstill. Blanket received and were forced to kick on the first series of plays due to some aggressive defensive play by Hico. However, after the kick, Hico couldn't go and had to return the kick. Blanket threatened for the first time in the game on the ensuing series of plays when they moved to the Tiger 17, but the locals again denied the visitors and held at that point.

Three running plays from the 17 netted Hico only five yards and the attempted kick was blocked, and Blanket was in business on the Tiger 19. Three plays later and Fred Edgar, a bright spot for the visitors all night, had scored the game's first TD from the 12 yard line. Point try was no good and Blanket had a 6-0 lead. Blanket had one other scoring opportunity in the first period when they recovered a Tiger fumble on the first play after the kick-off. However, Hico stopped this drive with a fumble recovery of their own to hold the score at 6-0 going into the second period.

Blanket's second TD came shortly after the start of the second quarter when they again recovered a Hico fumble at the 41. They scored seven plays later when Teague bulled in from 2 yards out

Tuesday night, October 1, at 7:30 in the Fairy gym there will be an election held for the purpose of naming a supervisor for Subdivision No. 4 of the Hamilton-Corvett Soil Conservation District.

At the present time Bill Lackey is the supervisor. However Bill is moving from the county and will not be available for the position.

To be eligible to vote or hold office as a soil conservation district supervisor a person must own agricultural land within the subdivision where the election is held. He (or she) must live in a county all or any part of which is in the soil conservation district. The voter must have attained the age of 21 years. No poll tax is required.

Under the community property laws of Texas the wife of a landowner also owns land and is entitled to vote or hold office.

A good program has been arranged and will be given immediately following the election. The program is one which all farmers and landowners will enjoy. There will also be ice cream served to everyone.

The area covered by subdivision No. 4 is that comprising the communities of Lanham, Fairy, Cranfills Gap, Hico, Olin and Carlota.

Several members of the Hico FFA Chapter entered livestock in the annual Dublin Fall Fair last week.

Gail Christian won Grand Champion with his Scramble heifer, won at the Houston show in February. Gail is planning on showing the heifer at the Fort Worth show, and he will enter the calf in the Houston show. He has a good prospect for winning top honors any place he shows.

Pat and Mike Lackey had the Grand Champion Bull of the Dublin Show, and Pat also had the Reserve Champion heifer. Pat and Mike will have their Hereford heifer and their Charbray heifer at the Houston show.

The adult farmers of Fairy asked to meet at the agriculture building at Fairy Schools, on Monday night at 7:30 o'clock.

Martin Schrank, vocational agriculture teacher, will have a discussion on the treating of oat seed before planting. All are welcome to attend.

YOUTH CENTER TO BE OPENED FRIDAY NIGHT AFTER FOOTBALL GAME

The Hico Youth Center will be opened Friday night, September 27, following the football game with Tolar. Sponsors will be the Senior class.

Refreshments will be served.

By HARLAN WOOD

The Fairy Tigers and Flat Jacks clashed on Fairy's home field on Thursday afternoon Sept. 19 in Fairy's second game of the season. Fairy won 41-0 in a fast moving game, although it was hot weather.

Fairy received the kick off, and four plays Harry Thornton scored from the ten yard line. Joe Knapp's toe added the extra points to make the score 8-0.

Water in the first period James Streater scored from the 8 yard line. Attempt at conversion was good and the score was 14-0.

Other players who scored were Bert Barnett, Harry Thornton, Billy Streater. Joe Knapp converted once more and passed for also a touchdown to his credit.

The Fairy boys turned in some block which proved to be the one needed for scores.

Each Billy McClure said he was very well pleased with the offense the team showed and that the boys played a fine style of defense, with outstanding defensive coming from Lynn King, Jerry Jones, Don Haile, Harlan Wood and Robert Barnett.

Every sparkling performance of offense was also turned in by the team boys: Roy Thornton, Billy Streater, Charles Oxley, Dan Haile and Tommy Walker, who are eager to show their ability to play the game.

Fairy's next scheduled game was played at Sidney Thursday night. Each McClure who has seen Sidney play this year, says the Tigers will get a real test when they meet

the Comanche County team, but from all indications, Fairy will be ready for them.

The remainder of the Fairy schedule is as follows, all games to be played at 7:30 p.m.:

October 3, Iredell, there
October 10, Gordon
October 17, Carlton, there
October 24, Walnut Springs, there
October 31, Turnersville
November 7, Strawn at Hico
November 14, Jonesboro at Hico

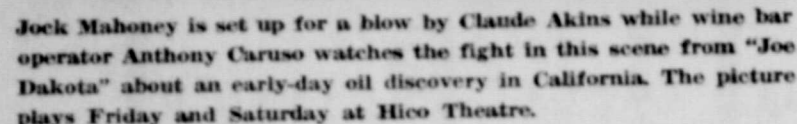

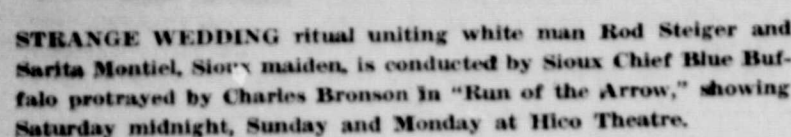

FAIRY TIGER ROSTER

Name	No.	Wt.
Don Barnett	11	125
Robert Barnett	69	163
Frank Fields	35	130
Danny Haile	88	90
Don Haile	99	150
Jerry Jones	77	125
Lynn King	46	141
Joe Knapp	57	143
Duane McD Adams	44	164
Charles Okley	22	113
Roy Stone	00	130
Billy Streater	36	137
James Streater	56	144
Keith Streater	24	90
Harry Thornton	37	157
Roy Thornton	33	105
Allen Trigg	58	160
Tommy Walker	55	146
Harlan Wood	67	145

Managers of the team are Perry Harris, Erman Jackson, Glenn McD Adams, Royce Prater and Billy Haile.

Coaches are Billy McClure and Kirby White.

The Fairy Kitten roster lists the following members: Don Bullard, Jerrel Bullard, Max Haile, Johnny Jones, Rudy Oxley, Tom Thornton and Ray Turner, with Jerry Richardson as manager.

Hollywood again demonstrates its capacity for creating matchless adventure entertainment, this time with the new movie spectacular, "Run of the Arrow" which plays Saturday midnight, Sunday and Monday at the Hico Theatre. In addition to blistering action and some of the most magnificent Western scenery ever filmed in Technicolor the film gains vitality through superlative performances by its stars, Rod Steiger, Sarita Montiel, Brian Keith and Ralph Meeker.

Seiger plays the "Yankee-hating" ex-Confederate soldier who decides to keep on fighting the United States after Lee's surrender. In order to do this he goes West, renounces his white antecedents and, through marriage to an Indian girl, becomes a blood-brother of the embattled Sioux.

First, however, the former rebel survives a life-of-death race across the desert to win dubious redskin respect, and it is this savage ritual called "Run of the Arrow" from which the film derives its title.

Following the stark vicissitude, action expands to encompass the movement and final plight of a U. S. Army expedition that has violated frontier boundary agreements with the Indians.

Lovely Miss Montiel gives a standout portrayal of Steiger's Pocahontas-like bride.

Engrossing originality as well as action and excitement are the qualities that give distinction to "Joe Dakota", the Universal-International frontier drama in color co-starring Jock Mahoney, Launa Pattern, Charles McGraw and Barbara Lawrence, which plays Friday and Saturday at the Hico Theatre.

The locale is a frontier town but it's on a frontier that has rarely been explored in motion pictures. The town is in Central California, the year is 1876, but the town is not a gathering place for either cattlemen or sheepherders. It has no gamblers, no dance hall girls, no bandits, no gunslingers.

It's a community of farmers and blazing drama comes to it with the discovery of oil in the vicinity. The discovery brings to the surface all the worst in the natures of the townsfolk, but they are essentially decent people and when the results of their greed are powerfully impressed upon them by the character played by Mahoney they take

a dramatic way of proving their remorse for their misdeeds.

Maheony is at his virile best in portraying a former captain of a cavalry troop who comes to the town in response to an appeal from an old Indian who had been one of his troopers and then discovers that before his arrival the old man has been lynched. With a minimum of heroics but plenty of courage he uncovers and shames the townsmen with the proof that the old Indian was a victim of a devious plot to get possession of his oil-bearing land.

In her first adult dramatic role Launa Patten demonstrates that she rates a place among the most intelligent, sensitive and skillful of today's crop of young leading ladies.

With his rough-and-ready exterior, McGraw is particularly effective as a sly, smooth, slick villain who would rather win by persuasion than fighting but is ultimately forced into one of the most furious battles ever seen on the screen. Miss Lawrence, as a girl

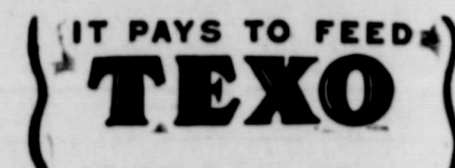

who has been completely taken in by the wily McGraw, gives the highly competent performance that is characteristic of her.

You need not wait any longer for cold weather. Bring in that hog now to us—We'll slaughter it—process it just the way you want it for top eating enjoyment!

Bacon . . . Hams . . . shoulders, cured the way you like them best. We're equipped to cure meat with the most modern packing processes.

YOU WILL LIKE too, the way we cure sausage . . . the way we properly age all beef and pork cuts . . . slice it . . . wrap it, and put it in your locker.

IREDELL ITEMS

By MRS. C. A. MITCHELL
J. PHILLIPS RITES HELD
SATURDAY

Wilburn John Phillips was born July 9, 1891, the son of the late John Clark and Martha Phillips. He was married to Ida Mae Cunningham August 17, 1909. He passed away Sept. 21, 1957 in the Stephenville Hospital after a long illness. To this union were born four children, who are: Rupert Phillips, Greggot, Rance Phillips of Iredell, Mrs. Frances Boyett of Stephenville and James Phillips of Angelo. Other survivors are: widow; seven grandchildren; two sisters Mrs. Agnes Weeks of Dallas and Mrs. W. D. Terrell of Stephenville; two brothers, Lee and Rueben Phillips of Iredell. Funeral services were held Sunday afternoon at the Iredell Meth-

odist Church at 3 o'clock, conducted by Rev. George Cassis and Rev. Charles Rice. Burial was in New Iredell Cemetery, under the direction of Barrow-Rutledge Funeral Home of Hico. Pallbearers were Howell McAden, Frank and W. J. Cunningham, Billy Joe Fouts, Glenn and Olin Stephen.

Among the out of town relatives attending the services were: Dr. and Mrs. Vance Terrell Dr. Jim Terrell, and Mrs. Will Terrell, Mr. and Mrs. Miller and daughter Mrs. Wilda Mitchell all of Stephenville; Mrs. Agnes Weeks, Mr. and Mrs. Terrell Weeks, Mr. and Mrs. Tom Hurt, all of Dallas; Mr. and Mrs. Keggy Anderson of Fort Worth; Mrs. Grace Ratliff of Wichita Falls.

We extend deepest sympathy to the family.

Mr. and Mrs. Roy Davis and Ronnie of Fort Worth spent the week end with his mother, Mrs. Juanita Davis.

Mrs. Sallie French is a patient in the Hico Hospital, but is some better.

Mrs. Virginia Craig was a patient in the Meridian Hospital last week, after undergoing an appendix operation. She is back home now doing fine.

Mrs. Nannie Yowel of Hedley spent ten days recently with her aunt, Mrs. Sue Turner and Mrs. Emily Schumacher.

Mrs. Geraldine Worth and two sons of Walnut Springs visited Mrs. Sue Turner Sunday.

Mr. and Mrs. Frank Turner of Dallas visited his mother, Mrs. Sue Turner and sister, Emily, last week.

Mrs. LaVerne Smalley of Fort McPherson, Georgia is visiting her parents, Mr. and Mrs. T. B. Barnhill.

Dr. Oran Stephens, district superintendent of the Gatesville district, preached at the Iredell Methodist Church Sunday morning, and held the conference after the dinner hour.

Mr. Willie Hefflin of Chico, Calif. visited relatives here last week.

Mr. and Mrs. Earl Daniel of Porterville, Calif. visited her mother, Mrs. Myrtle Duncan last week.

Mr. and Mrs. H. M. Shelton of Monahans are visiting her sister, Mrs. Tim Loughlin. Mr. Loughlin is not doing so well at this time.

Miss Susan Fletcher of Waco, T-Sgt. Thomas L. Woody, A2c Ralph Fate and A2c Bill Dasse of Dyer Air Force Base, Abilene, spent the week end with Mr. and Mrs. Homer Woody and Miss Nancy Keene.

Mr. and Mrs. Ervin Sanders spent several days in Fort Worth with relatives last week.

Mr. and Mrs. Weldon Josey of Fort Worth are visiting her parents, Mr. and Mrs. Luke Koonsman.

Mr. and Mrs. Babe Murphy and children of Big Spring spent the week end with her sister, Mrs. Vada Howard and family.

Mrs. Zella Manness spent the week in Fort Worth with her daughter, Mrs. Sam Clark and husband.

Mr. and Mrs. A. F. Blakley of Fair visited Mr. and Mrs. Pete Musick and George Sunday.

Mrs. Myrtle Duncan visited her daughter, Mrs. Elsie Cudd and family in Weatherford last week.

Mr. Arnel Haughtin of Glen Rose and Mr. and Mrs. Irvin Martin of Burleson visited Mr. and Mrs. T. M. Tidwell Friday.

Mrs. Janie Woody and Miss Nancy Keene were in Waco one day last week.

Mr. and Mrs. Charlie Tidwell had a family reunion at their home. It was the first time in 17 years that all the children were there. Those present were: Mr. and Mrs. Coleman Newman of Port Angeles, Wash.; Mr. Harry Tidwell of Morrison, N. J.; Mr. Bob Tidwell and Mrs. Leon Roberts and son of Waco; Dr. and Mrs. D. D. Tidwell and family of Brownwood, and Mr. and Mrs. Bob Grant of Stephenville.

Mrs. Ruth Guyers and son and Miss Vera Patterson, Mr. and Mrs. Dub Newton and daughter of Meridian visited Mr. and Mrs. T. M. Tidwell Sunday.

Mr. and Mrs. J. W. Word and Steve Wayne of Fort Worth visited relatives here over the week end.

Mr. Ollie Wilkerson of Cisco was a visitor here Monday.

Mrs. Sadie Carter, Mr. and Mrs. E. H. Brown and Cynthia, and Mr. A. W. Brown Sr. of Dallas visited Mr. and Mrs. C. A. Mitchell Saturday.

Mrs. Roy Mitchell and David of Garland spent the week end with her mother, Mrs. Cora Little.

Iredell Baptist Church

CHARLES RICE, Pastor
JOHN TRUEBLOOD, Music Dir.

The Royal Ambassadors are meeting each Friday at 3:45. All the boys of the community are invited to attend.

The R. A.'s will be the guests of Baylor University at the Baylor-Arkansas football game on October 12. Boys who would like to go are urged to attend the meetings on Friday.

There were thirty-five young people at the after game fellowship following the football game with Gustine last week. The cheer leaders led the group in several yells and in singing. The ladies of the church served refreshments to all present.

New officers were elected by the church last Sunday evening. Congratulations to the nominating committee on the good job they did.

HOMERALLOWS...

Somebody told the story: A romancing young writer wrote a nine-page letter in long hand to the editor of a newspaper. The editor couldn't read the letter even though he used all the patience and skill that newspapermen have.

The letter was thrown in the waste basket. In the meantime the writer was busy calling people's attention to a piece he would have in the paper. He could hardly wait until the paper came out and of course the article was omitted. The writer's vanity was completely touched.

He denounced the newspaper in no uncertain terms in not being able to recognize a literary gem.

But the editor being a wise and good soul like all editors I have known (incidentally I have known many editors and generally speaking they know how to distinguish the grain from the chaff) and in their hearts they mean well and try to give their fellowman a helping hand here and there along life's pathway.

Two Hico Brothers Injured in Accident

Two brothers were injured in a car-truck collision on the Leon River bridge about a mile north of Jonesboro on Highway 36 at 8:45 p.m. Friday.

Highway Patrolman Bill Cooksey identified the injured as Samuel F. Salyer, 75, and Glenn K. Salyer, 64, both of Hico.

Cooksey said Samuel Salyer was taken to Coryell County Memorial Hospital in Gatesville. He said their injuries did not appear serious.

The truck driver was unhurt.

The highway patrolman said the collision blocked traffic across the bridge for about two hours.

The Salyer brothers are residing with their sister, Mrs. Guy Aycock, in Hico.

WILLIAM FREDRICK FUNK III

Mr. and Mrs. W. G. Funk of Fort Worth have announced the arrival of a son, William Fredrick III, who made his arrival September 17 in a Fort Worth hospital. The young man weighed nine pounds and 10 ounces on arrival. Maternal grandparents are Mr. and Mrs. Fred Rainwater of Hico. Mrs. Funk is the former Elva Jo Rainwater.

SON FOR BROWNS

Mr. and Mrs. Grady Brown of Houston are proud parents of a son, who arrived September 7 in a Houston hospital. He has been given the name of Stephan Grady. Paternal grandparents are Mr. and Mrs. W. H. Brown Sr. of Hico.

A daughter Karen Arlene, was born September 12 at Hico Hospital, to Mr. and Mrs. John Henderson of Stephenville.

Mr. and Mrs. George Gillentine of Dallas are announcing the birth of a son, George David, who arrived Sept. 20 at Hico Hospital.

Mr. and Mrs. K. M. Hopson of Walnut Springs are proud parents of a son, who arrived Sept. 23 at Hico Hospital. The new arrival has been named William Charles.

DUFFAU

By MRS. PASCAL BROWN

Mr. and Mrs. Preacher Bowie and children of Killean visited with Mr. and Mrs. George Bowie Saturday.

Mr. and Mrs. P. D. Ash and Dale of Stephenville visited with Mr. and Mrs. Pascal Brown and family Saturday.

Bro. Milton Copeland of Abilene and Dana Horn of Wichita, Kansas were dinner guests in the home of Mr. and Mrs. Elmer Giesecke and family Sunday.

Mr. and Mrs. Roswell Martin and Debbie of Stephenville spent Sunday with Mr. and Mrs. Stanley Roach.

Mrs. Harding, Mrs. Holt and Mrs. Pritchard attended the South Hico H. D. Club meeting Thursday.

Mr. and Mrs. O. M. Evans spent the week end at Possum Kingdom Lake. They were met there by her brother of Brownwood.

Mr. and Mrs. Junior Burgan and daughter, Vicki Lyn of Hamilton visited with Mr. and Mrs. Earl Shaffer and family.

Visitors in the home of Mrs. W. C. Fouts over the week end were Mrs. J. E. Meisenheimer of Stephenville, Mrs. Grady Samuelson of Fort Worth and Mrs. Deffie Nix of Glen Rose.

Mr. and Mrs. L. T. Witt visited Mrs. J. M. McNeill of Stephenville Sunday.

Wilburn John Phillips, Long-Time Iredell Resident, Passes Away

Wilburn John Phillips, 66, Bosque County farmer for many years, was buried in the New Iredell Cemetery Sunday following funeral services in Iredell Methodist Church. Rev. Charles Rice and Rev. George Cassis Jr. officiated.

Mr. Phillips, who passed away Saturday in a Stephenville hospital following an illness of a year, was a native of Bosque County and had lived there most of his life.

He is survived by his widow, Mrs. Mae Phillips of Iredell; one daughter, Mrs. H. L. Boyett of Stephenville; three sons, Rupert L. Phillips of Greggton, Rance Phillips of Iredell, and James Phillips of San Angelo; two sisters, Mrs. Agnes Weeks of Dallas, Mrs. W. D. Terrell of Stephenville; two brothers, Lee Phillips and Reuben J. Phillips, both of Iredell; and seven grandchildren.

Burial was under the direction of Barrow-Rutledge Funeral Home of Hico.

CARD OF THANKS

From the depth of our hearts we thank all the many friends who were so kind to us during the long illness and following the death of our loved one. We are so grateful to those who were so generous in their expressions of sympathy, for the beautiful floral offerings, and for every kind deed and thought.

Mrs. W. J. Phillips & Children.

Cranfills Gap Services Held For Mrs. Fields

Funeral services were conducted at 1:30 p.m. Wednesday for Mrs. Sarah Nettie Fields, 86, at her home in the Norse community near Cranfills Gap, and at 2 p.m. in St. Olaf Lutheran Church at Cranfills Gap. Rev. Enir Jorgenson officiated at the rites, with Barrow-Rutledge Funeral Home of Hico in charge of arrangements.

Mrs. Fields, who was born in Bosque County and had resided there all of her life, passed away September 24 in Hico Hospital, following an extended illness.

She is survived by two daughters, Mrs. Maggie McAdams of Hale Center and Mrs. Aggie Worrell of Austin; five sons, Otto Fields of Moody, Clarence Fields of Cranfills Gap, Maurice Fields of Fair, Ovie Fields of Hale Center, and Reuben Fields of Cranfills Gap; and 24 grandchildren.

CONGREGATIONAL CHURCH TO MEET AT GORMAN SUNDAY

The Hico Congregational Methodist Church will not have morning services here Sunday, Sept. 29, to enable the members to attend the Fifth Sunday Rally at Gorman to hear Sister Willie Mae Ross of Dublin preach.

It has been announced that dinner will be served on the church grounds at Gorman Sunday noon.

Regular church services will be held at the Hico church Sunday evening.

MILLVILLE CEMETERY WORKING SLATED WED.

A cemetery working, which will start at 8 a.m., will be held next Wednesday, Oct. 2, at the Millerville Cemetery, according to an announcement this week by Johnnie Howerton. All persons interested in the upkeep of the cemetery are urged to be present.

United States of America as a government in the beginning was founded by highly intelligent and patriotic white men, its purpose to secure liberty and justice to their descendants and those men, if they could look back and see the mess that is in Washington at the present time, a motley crew. Clayton Powell, a negro giving orders to the President telling him what to do about integrating the schools.

I feel somehow that the white man is doomed. He hasn't understood yet that in order to hold the position as leaders of the world, all white people will have to combine and quit fighting each other, because you think one thing about him and think another while we fight. The negro will get off with all the power that he needs to control the situation.

E. A. WILLIS.

Heart O' Texas Fair Boosters Visit Hico Last Thursday

Hico was visited last Thursday by a busload of Wacoans who were here to extend an invitation to the Heart O' Texas Fair. The trip was sponsored by the Waco Chamber of Commerce Good Will Committee.

The fair opens Steurday, Sept. 28 with a big parade through the Waco downtown business section and the first performance of the world's championship rodeo will be held that night in the Coliseum, second largest in the state. U. S. Senator Ralph Yarborough will officially open the rodeo.

Many free attractions will await the visitors to the fair: "Atoms for Peace," Armed Forces exhibit, big barns filled with prize livestock, Women's Department, a high dive on the Midway, entertainment on the outdoor stage, cooking demonstrations, style shows and antique auto show.

The rodeo, starring Eddie Dean, will be presented the first five days: "Biggest Show of Stars of '57" headlined by Fats Domino, will be given Thursday, October 3, and on Friday, October 4 the attraction will be "Fun Follies of 1957" including Jim Lowe and Homer and Jethro.

spent the week end in the home of
his parents, Mr. and Mrs. Avery
Coffman.

On the Home Range

By MRS. VIVIAN BLAIR
Home Demonstration Agent

BACK TO SCHOOL

Getting youngsters dressed for
school is a hurry-up affair in many
families. Time is important but
so is training the child to become
independent, responsible and neat
in dressing himself and caring for
his clothes.

Here are some tips that will help:

1. Help children arrange their
school clothes separately from par-
ty, church and miscellaneous
clothes in their own closet.
2. Encourage them to arrange
matching socks, ribbons and ties on
hangers with dresses or shirts.
3. Encourage them to plan what
they will wear each day the night
before, to make sure everything is
ready to go in the morning.

FREEZING DOVES AND OTHER GAME BIRDS

Are there hunters in your fami-
ly. Now is the time to stock the
freezer with a fresh supply of
doves and other game birds.

It's a simple process. Draw birds
as soon as possible after they have
been shot. If there isn't time to
do a thorough job of cleaning and
dressing, remove the craw and in-
testines. Chill promptly.

Plucking the birds is preferable
to skinning them. Skinning causes
dryness and some loss of flavor.
Wash birds thoroughly before pack-
aging.

Wrap individually in moisture-
vapor-proof material. Cellophane,
aluminum foil, phlofilm and dif-
ferent kinds of laminated wrapping
papers are satisfactory. Seal with
freezer tape. Label with name and
date.

To maintain top quality, store
birds at 0 degrees F. or below. From
six to nine months is recommend-
ed storage period. Thaw birds be-
fore cooking.

If you are interested in combin-
ing a good bargain, good eating
and ease in preparation, September
is the month to use more peanut
butter.

Peanut butter is included on the
U. S. Department of Agriculture's
plentiful food list for September.
It is a good teammate of other
USDA plentiful food listings. Fruits,
milk and cream, salad dressings,
fresh vegetables, lemons or limes
... they all mix well with peanut
butter.

Here are three simple recipes
for uncooked peanut butter salad
dressings. Serve with fruit salad.
(This might be one way to include
more fruits and vegetables in the
diet of that family member who
usually does not eat enough of
them.)

1. Blend one-third cup peanut
butter with two-thirds cup of your
favorite salad dressing. Serve with
fruit salad.

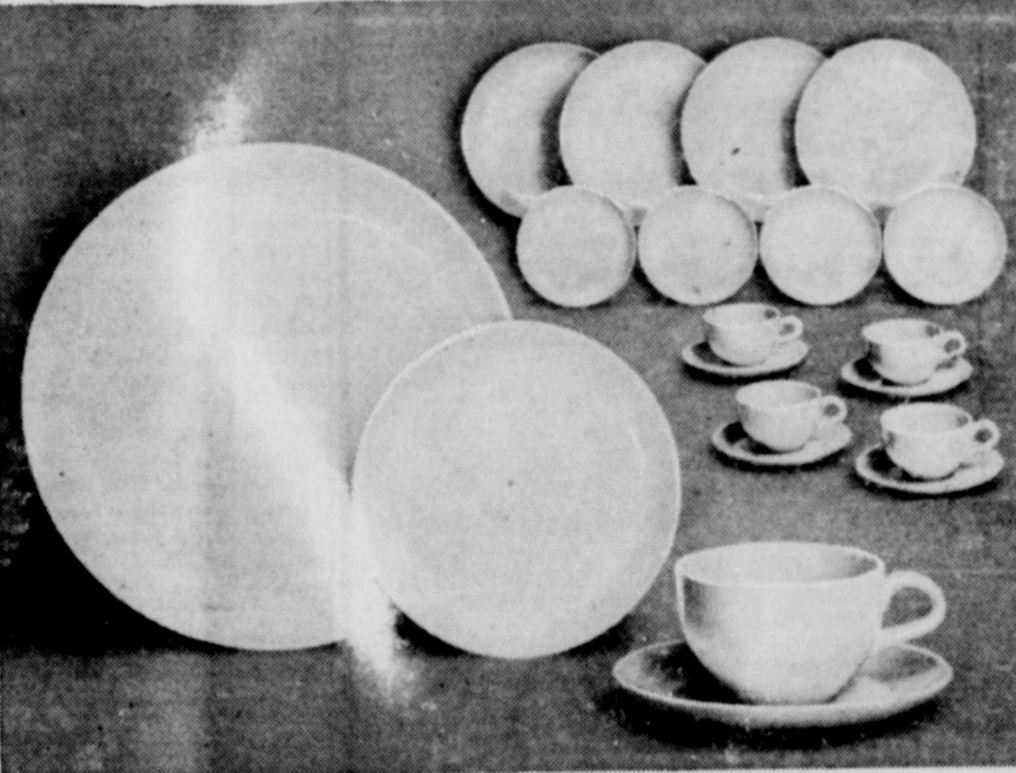

2. Combine one-half cup peanut
butter with one-half cup milk or
cream, one-half teaspoon salt, two
teaspoons sugar and three table-
spoons lemon juice. Mix well. Good
with any mixed vegetable salad.

3. Combine 6 tablespoons peanut
butter and two tablespoons sugar.
Add one-half cup milk or cream,
two tablespoons vinegar and one-
half teaspoon salt. Beat until
smooth. Serve with fruit salad.

Peanut butter is made in several
grinds. The usual types are coarse
or chunky, medium and fine. Most
peanut butters are ground roasted
peanuts, plus salt. Some have been
mixed with an oil that keeps them
from separating. In these recipes,
any kind of peanut butter that you
like may be used. For a smooth
texture, use a fine grind, of course;
for an interesting "broken nut" ef-
fect, use a coarse grind.

FAIRY

By MRS. EUNICE DANIEL

Residents of this section are very thankful for one of those so-called million dollar rains, which we received Saturday night. Rain fell slowly throughout the night. Most reports show an average of some two and a half to three inches, which seems to have been pretty general over this and surrounding counties.

We just learned recently that the A. E. Howard family had moved to Yuma, Arizona some time in May or early June, where they are farming. Their farm home here is vacated, as are many farm homes over the county. We regret to lose them, and hope for only a while. They were attentive members of the Methodist Church here and we know their presence is greatly missed.

Mrs. Scott Blakley returned home Monday from the Hico Hospital after a week or more stay for treatment of an allergy from which she has been suffering for several months. She is improved and we hope she will continue to do so.

Mr. and Mrs. Carl Ray Sellers, Carolyn and Jimmie Don visited Sunday afternoon in the home of his brother, Mr. and Mrs. Dewey Sellers of near Hamilton.

The writer was in Meridian Monday where we were a patient at the clinic for medical aid of an injured foot, due a nail pierce we received more than seven weeks ago. X-ray pictures showed the nail had passed through the bone of the toe near the joint adjoining the foot. After two weeks treatment for bone infection we will return for further x-rays and examinations. At least it is a peace of mind to know why we had not recovered from the injury.

Mrs. Raymond Jones visited Tuesday in the home of her brother, Mr. and Mrs. Carl Ray Sellers and family.

The only birthdates we have listed for this month are: The late Mrs. Lucy Burden, Sept. 22, and Cal Lowery, Fort Worth, Sept. 17.

We learned just recently of the marriage of Miss Wanda Howard of Fairy and Bobby Joe Bullard of Hico who were married June 10. Wanda is the daughter of Mr. and Mrs. A. E. Howard of Yuma, Ariz. and Bobby Joe is the son of Mr. and Mrs. Asa Bullard of Hico. They are making their home in Hico

where Bobby Joe will finish his senior year of school work. A wedding shower honoring Bobby and Wanda will be held at the Fairy School gym this Friday night, Sept. 27. All have a cordial invitation to attend.

We believe we have overlooked making mention in our newsletter of a recent donation of \$5.00 for the Fairy cemetery, which was left with W. E. Goyne by Miss Ruth Hartgraves of Houston. We sincerely thank Miss Hartgraves, who is a daughter of the late Mr. and Mrs. Frank Hartgraves.

Mrs. Wesley Jones and baby and her parents, Mr. and Mrs. N. S. Sellers of Hamilton visited last Tuesday in the home of their brother and son, Mr. and Mrs. Carl Ray Sellers and family.

Dr. Tolbert, veterinary of Hamilton will be at the agriculture building at the Fairy school Friday, Sept. 27 at 1:30 p.m. for the purpose of vaccinating dogs and other pets for rabies. The cost will be \$1.25 per head. There has been a number of cases of rabies reported over this and surrounding counties and vaccination of pets is the only safe measure to take. This scribe had to take the rabies serum in 1934 when bitten by a cat we had owned for some 13 years. The cat was evidently bitten by a rabid skunk, stray dog or other vermin. It is surely no fun to take the serum and every precaution should be taken to avoid such risk. So please tell your friends and neighbors and be on hand Friday with your dogs and other pets and take advantage of this opportunity.

Mr. and Mrs. D. E. Allison of Dublin visited a while Sunday night in the home of their parents, Mr. and Mrs. Ed Allison, the writer and husband, Mr. and Mrs. Cabert Daniel and Mrs. Allison's sister, Mr. and Mrs. Carl Ray Sellers and family.

While in Meridian Monday we visited a while with our dear friend, Mrs. Dru Cooper. She is still quite active despite her advanced age and still enjoys the sport of fishing. She says she doesn't like to eat them, but likes to catch them and give them to friends. While we were here a friend came over and got a part of her last catch.

On our way home from Meridian we stopped in Cranfills Gap for a

short visit with Mrs. Benny Jensen, the former Alma Enger. Finding her gone we walked across the street to a neighbors, thinking we might find her there. Two ladies who were visiting there with the lady of the house, who was ill in bed, told us they thought Mrs. Jensen and her husband had gone fishing with relatives. The lady in bed recognized this voice of ours and asked us to come near her bed, and to our surprise we found ourselves talking to another dear friend and former Fairy girl, Mrs. George Oglesby, the former Miss Wallace Stewart. We were very sorry to learn Wallace had been ill of a heart ailment for several months and her husband had a bad heart attack a year or more ago and they had quite a time, since they only have one child, a married daughter living in California. But she stated that the Cranfills Gap people had been so good to them. While we were there one of the visiting ladies carried their washing home with her. Wallace was quite jolly and talkative, in fact we reminded her several times we were afraid she would exert herself too much, but she stated she could talk now, but couldn't for some time when she first had the attack. Well, too bad we are so busy in this life we can't meet old friends and acquaintances more often. We enjoyed our short visit with her so much and hope to visit her again. Before our departure Mrs. Jensen and her husband returned and she came over and we gave her a report of our sister, Mrs. Myrtle Enger and family of Brady.

Mrs. Curby Ammons had a stroke Sept. 14 and passed away Sept. 15 at Amarillo. She was the sister of the late Forest Kavanaugh. She had lived here in her early life.

Mr. and Mrs. Glenn Arrant and baby visited during the week end with their parents, Mr. and Mrs. Ted Arrant and Mr. and Mrs. W. E. Cunningham.

Mr. and Mrs. Texie Allison of Fort Worth spent the week end with their parents, Mr. and Mrs. Ed Allison and Mr. and Mrs. Robert Streater and sons, also at Dublin with Mr. and Mrs. D. E. Allison and Darrel.

Joe Wuemling, son of Mr. and Mrs. H. D. Wuemling, is employed at the H. & B. Food Store in Hico.

CLAIRETTE

By MRS. LUCILE MAYFIELD

A good rain fell here during Saturday night and Sunday. The rain gauge at this correspondent's home was over an inch.

Mrs. Zodie Motley of Dallas visited recently with Mr. and Mrs. John Willis.

Several attended the football game at Hico Friday night between Hico and Blanket.

Mr. and Mrs. Don Carter and family of Leanders and Mr. and Mrs. Bill Carter of Fort Worth visited Mr. and Mrs. Zeph Carter over the week end.

The Home Demonstration Club members had a supper and party Tuesday night at the school building.

The Busy Bee Club members met with Mrs. Bill Christian last Thursday. The members embroidered pillow cases for Mrs. Christian. Mrs. Lucile Mayfield made and served popcorn balls as her duty to be reinstated in the club after missing 3 times in succession. Mrs. Christian served a refreshment plate to the members. Next meeting will be with Mrs. Zenith Johnson.

Mr. and Mrs. Johnny Haley and son of Fort Worth spent Sunday in the Fieldon Haley home.

Mr. and Mrs. Mike Smith visit-

ed in Austin Sunday.

Mr. and Mrs. James Edwards and daughter of Dallas spent the week end with Mr. and Mrs. Jim Edwards.

John and Thurman Alexander visited their sister, Mrs. Lon Austin of Benton, Arkansas the past week.

Mr. and Mrs. L. L. Jones of Dallas and Miss Joan Rush of Austin spent the week end with their parents, Mr. and Mrs. Marvin Rush.

Mrs. Zena Havens and Mrs. Reba Carter visited Friday with Mrs. Marvin Marshall in the Hico Hospital.

Mrs. Marvin Rush returned home Thursday from a visit at Duncan, Arizona with her aunt, Mrs. Laura Davis. Her mother, Mrs. Lillie Webb of Odessa, and two aunts, Mrs. Minnie White of Paris and Mrs. Annie Strain of Dallas, also accompanied her, and enjoyed the reunion together.

COUNTY AGENT REPORTS

By E. B. LAWRENCE

Raymond Krueger, Jr., Aleman 4-H Club boy, started mowing his pasture last week as one of his 4-H demonstrations. Pasture mowing is a good practice where it can be done. Broom weeds are bad and this is a good time to mow them. By mowing now, a seed crop is destroyed which helps keep down weeds in following years.

Dr. C. B. Cathey is using something new on his stack of hay. He has a big hay shed but it would not hold all his hay so part of it was stacked in the open. This is covered with a plastic sheet that gives it good protection from the weather. Special plastic sheets are being made for this and also for covering trench and bunker type silos. Using care in removing the cover, it can be used again. One of the objections to the use of too light a plastic is that stems are apt to punch holes in it and cause it to leak.

About a month or so ago, E. B. Stiles treated some mesquite bushes and old trees on his place just in front and around his home. A check on this the other day showed he had gotten a good kill and the trees are still dying. He used kerosene on them. Kerosene is still a good material to use for the control of mesquite and the results depend a lot on the amount of the liquid that is used on each tree. During the hot dry part of the year is one of the better times to use kerosene. Mesquite can't be completely destroyed I don't think, and from time to time, pastures are going to have to be re-worked for their control.

Hugh Parrish has a calf that

was born at seven months. About the only way I know to describe it is that it is just downright cute. It is normal in every respect but it is surely a tiny thing. As far as I can remember it is the first one I have ever seen. I understand that this happens once in awhile but is not too common.

Turkey producers in the United States are raising about 5 per cent more turkeys this year than last; and Texas growers are raising 6 per cent more. Storage holdings are very large. On June 30, 1957, storage stocks amounted to 91 million pounds compared to 36 million pounds on the same date last year and compared to a five-year average of 51 million pounds. Storage stocks are up about 153 per cent. In June prices received by producer averaged 23.4 cents per pound compared to 29.1 cents in June of 1956. This is a 20 per cent decrease.

Sell turkeys when well fleshed and finished. Remember that the cost of feed is great to put a pound of weight on a bronze turkey hen weighing 14 pounds and a tom weighing 26 pounds. Research indicates that it will take, on an average, about 10.5 pounds of feed to put the fifteenth pound on a bronze turkey hen and about 8.5 pounds of feed to put the 27th pound on a bronze turkey tom. Although the light weight varieties will vary from the above figures, it is also costly. In addition to the high feed costs, there is always additional labor and the chance of mortality along with the possibility of a drop in price.

CARLTON

By MRS. FRED GEYER

ESTHER SUNDAY SCHOOL CLASS HAS SOCIAL

The Esther Sunday School Class of the Baptist Church held their quarterly social Saturday afternoon in the annex of the church.

They were entertained with scripture reading, songs and prayers. The refreshments consisted of ice cream, cold drinks and cookies.

Members present were Mrs. May Rudd, Mrs. Maggie Whitehead, Mrs. Lilla Byrd, Mrs. Emmett Luker, Mrs. Valley Bowden, Mrs. Ettie Basham, Mrs. Carrie Geyer, Mrs. Charley Roberts, Mrs. Cliff Gibson, Mrs. Della Proffitt, Clemmie Thetford, Mrs. John Stockton, Mrs. Virginia Mullins, Mrs. Mazie Coneley, Mrs. Grace Fine, Mrs. Noah George and Mrs. Myrtle Hyles.

GENE SHARP-DORIS LUNSFORD UNITED IN MARRIAGE

Gene Sharp and Miss Doris Lunsford were united in marriage last Saturday night in Hamilton.

The groom, a 1957 graduate of Carlton High School, is the son of Mr. and Mrs. Sam Sharp, and the bride, a student in the Carlton school, is the daughter of Mr. and Mrs. L. H. Lunsford.

This correspondent has been unable to learn where they plan to make their home.

Two inches of rain fell in Carlton and vicinity Saturday night, followed by a cool norther.

Mrs. J. H. Tull and daughter, Mrs. Lillie Anderson returned home Sunday after a week's visit in Abilene with her son, Dr. Raymond Tull and family.

Mrs. Rance Sowell underwent a major operation Friday in the Gorman Hospital, and is in a serious condition.

Freddie Self, son of Mr. and Mrs. Dow Self, is a patient in the Hico Hospital suffering with a knee injury received last week playing football.

Miss Virginia Thompson, a student at Howard Payne College,

spent the week end with her parents and brother, Mr. and Mrs. Bill Thompson and Roy.

Mr. and Mrs. Billy Byrd of Fort Worth visited Sunday with his mother, Mrs. Lilla Byrd.

Mrs. P. W. Jones left Wednesday for her home in Quanah after a two-week visit with her sister, Mrs. W. H. Vick.

Mr. and Mrs. Otis Massingill and children of Hamilton visited last week with his parents, Mr. and Mrs. Troy Massingill.

Mrs. Mamie Ewell of Jayton was a visitor the past week with her cousin and husband, Mr. and Mrs. Montie Walton.

Mr. and Mrs. Milton Whitehead were afternoon visitors Sunday in Hamilton with their daughter, Mrs. Loys Landes and family.

John Walton left Wednesday for Lubbock to enter Texas Tech college.

Jack Massingill and family of Hamilton spent the week end with his parents, Mr. and Mrs. Troy Massingill.

Mr. and Mrs. Don Thompson and daughter, Angela, of Snyder spent the week end with their parents, Hob Thompson, and Mr. and Mrs. Bailey Sharp.

Dock Finley and Enos Fine visited Saturday at the Gorman Hospital with Mr. and Mrs. Rance Sowell Sunday visitors from Carlton with Mrs. Sowell were her pastor, Rev. John Trotter, Mr. and Mrs. Jess Reeves and Mr. and Mrs. J. W. Jordan Jr.

Mrs. Hob Thompson left last week for Pineville, La., to be with her daughter, Mrs. W. L. Drott Jr. and her husband, who are entertaining a new baby daughter, Candice Sheen, born last week, weighing 7 pounds and 7 ounces. She has a two-year old brother, Lewis, who has been here several days with his grandparents. He returned back to his home with his grandmother, Mrs. Drott is the former Miss Shirley Thompson of Carlton.

ALEXANDER

By MRS. ALICE WILSON

A large crowd attended church here Sunday.

Mr. Grover Rusk was operated on at the Veterans Hospital at Marlin Thursday, and is doing fine. His many friends wish him a speedy recovery.

A pink and blue shower for Mrs. Fred Cooper was given Thursday afternoon in the home of Mrs. Carroll Johnson.

Mr. Leon Lewis and sister, Mrs. B. B. Poe is visiting at Stephenville with Mrs. Emma Jane Peek.

Mrs. Mae Rusk and children moved to Stephenville Monday.

Mrs. Hill has returned from the Hico Hospital. Her many friends wish her a speedy recovery.

Alice Wilson visited her mother at the Stephenville Hospital Sunday.

IT HAPPENED HERE OR NEAR—

Readers Need Not Worry About Favorite Comic Hero, They Always Come Through

By E. E. DAWSON

A certain housewife gets somewhat upset when one of her favorite cartoon characters gets into a tight spot and she cannot see how the character will ever get out of the dilemma alive, or in honor, if he does survive. Perhaps the good housewife loses some sleep in her concern for such comics characters.

We pause to observe that really the so-called comics pages in the daily newspapers should be given another name. Most of the cartoon strips are not comical at all. It is only once in a while that something really funny appears in them. They are simply brief pictorial dramas. Usually there is a continuity in them so that days or weeks may be consumed in a single incident in the strip shown daily.

The housewife is assured by her friends, or members of her family, that the hero, or heroine, will come out all right for the cartoonist has to keep his characters going, or his strip would lose the interest of the readers and then he would go into bankruptcy. The author always knows what will come next and how his man or woman will come out on top.

So if you have been too anxious about Smiling Jack or Skeezix or Juliet Jones or Buz Sawyer, just remember that he has to come out all right, unless the cartoonist is going out of business, which just does not occur.

It occurred to this writer the other night when he was supposed to be sleeping that there is a strong parallel between the cartoonist and his characters, and God and His characters; we men and women and kids. A great Apostle once said in one of his letters "we know that all things work together for good to them that love God." Those that love God are the characters, or heroes, that God is using in His eternal plans. Since they are so important to Him, He is going to keep them and will so harmonize all things that occur in the lives of His characters that all those things turn out for the good of them. God has eternal purposes and the accomplishment of those purposes are tied to His children.

DEAF MAN ENDS HIS YEARS OF SILENCE WITH NEW INVENTION

Peoria.—(Special)—A remarkable hearing aid using a newly-developed transistor the size of a pin head now gives nearly perfect hearing to the deafened. The aid costs practically nothing to operate yet it is so powerful the very deafened hear clearly. There is no cord or button in the ear and when in use is practically invisible. It is the greatest advancement in hearing-aid history.

It is suggested, if interested for yourself or a friend, to write to Tonemaster Manufacturing Company, 128 South Monroe Street, Dept. 0000, Peoria Illinois and he will be glad to send information at no cost or obligation to you.—Adv.

dren. Of course He is going to have things turn out right for them.

Take the case of that most popular character of Biblical history, Joseph. First, he is betrayed by his own brothers, and sold into Egyptian slavery. As you visualize him tied to a string of other slaves and herded down the long highway toward Egypt you may well wonder how he will ever get out of such a fix. God knew all along how He would bring him out of the dire situation.

In the household of Potiphar, Joseph was soon in a responsible position and one the way up. Then an evil-minded woman tried to seduce him and failing in her purpose, told a monstrous lie on him that

took him to prison for years. How will he ever get out and on the way up again? God is keeping up with the drama and in due season not only has Joseph released, but exalted to a high state position. The cartoonist could not excel, nor even equal, that marvelous reversal of bad conditions and bring his character into such a place of glory. But God did.

Now permit a bit of preaching. You are God's man or woman, or young person, boy or girl. God has purposes for your life. Nothing escapes His attention. Just trust Him and do your best and He will see that things harmonize and dovetail and turn into profit for His man or woman or youth. He will never let you down.

By HUGH WILLIAMSON

Creatures of the outdoors are like people. Basically they need only two things to thrive: food and water.

Of course, man yearns for more than the bare necessities—he plays around with his automobile, cameras, books, stamps and whatnot. The game and fish have not thus fared under their lives.

If they have plenty to eat and a good place to hide from their enemies, they get along. Take the recent whitewing season for example.

The whitewing dove was a disappearing bird until the Game and Fish Commission took over. The Commission's first action was to close the season on these birds.

Then a tract of about 200 acres of brushland was acquired, assuring cover for the whitewings. Result is that these doves have come back in such numbers that, during the past open season, whitewing shooting in South Texas was described as a "hunter's paradise."

Just now the Game Commission people would like to buy some more brushland acreage, to give the whitewings an additional guarantee that farmers will not plow up the whole of South Texas and leave doves without a bush to nest in.

If that can be done, and if we can get enough rain to provide forage for the birds, there is likely to be good whitewing shooting from here on out.

Mourning Doves, Too.

Still talking about food and cover, consider the mourning dove. This year, the dove shooting has been good, generally, because spring rains provided the grass and brush that birds look to for food and hiding places.

Incidentally, dove hunting begins in the South Zone October 1, and

your chances are very good, provided there is enough cool weather to prompt the birds to migrate in that direction.

Long familiar is the regulation that shotguns must be plugged to hold not more than three shells, but violators of this rule are still being arrested frequently by wardens.

And, one more reminder, don't forget your license.

Food and cover for deer and turkey have been exceptionally good this year. Grass is growing where there has been no grass in years.

Fish Are Prospering.

Fresh water fish are prospering now because of a very favorable food and cover season.

Spring rains washed food into the lakes and streams, and raised the water levels.

Banks went under water during flood time and gave the fish more spawning grounds, including a lot of wooded and brushy area. Result is a great spawning year for black bass, white bass and crappie.

The little bass are almost keeper size now. Come February and March, they will be about 12 inches long and weigh about a pound.

There is no problem about overpopulation, because the fisherman will reduce the number of bass when this bumper crop of fish start taking lures early next year.

More Fishing Holes.

Good and improving fishing places are farm and ranch ponds that have been properly stocked. There are more of these, now that ponds, once dry, were filled by this year's rains.

It's amazing the quantity of fish that can be taken from these small bodies of water. Some ponds, only an acre in size, have yielded three

to four hundred pounds of fish in a year.

That means sport and food, not only for the family living on the place, but also for their friends.

The Game Commission has a booklet on how to use stock tanks and farm ponds for fish. It tells how to build and stock these ponds.

A Few Quickies.

Don't shoot racing pigeons. That's another fellow's sport: he spends a lot of time and money breeding and training his birds. Besides, there's a state law against killing or molesting carrier pigeons.

Pfueger announces a new bait casting reel. It's called the "Trusty." Weighing only five and a fourth ounces, this reel has a smooth anti-backlash, sliding click, and jeweled oil cups. Made of aluminum alloy, the Trusty has a handsome anodized cap, front and back plate. The reel has a 4 to 1 gear ratio and holds 175 yards of 15-pound test nylon line.

Dr. Robert Ladd of Chicago had the experts scratching their heads at Port Aransas. In addition to 40 mackerel and two kings he caught something that measured six feet, six inches. Some said it was a marlin, others said no. Scientists finally identified it as a spearfish, most rare. Only spearfish caught on rod and reel off the Texas Coast.

Psychological item: Maybe you take more fish when there's a limit on them than you would otherwise. If you go for crappie, for example, you want to boast about a limit string of 25. If it were not for the limit you might be content with say, 15. Game management people know there are plenty of crappie and that they need to be thinned

IT'S THE LAW
in Texas
A public service feature
of the State Bar of Texas

NEW LAW AFFECTS ELECTRIC CO-OPS

Under some conditions inhabitants of cities and towns can avail themselves of the services of rural Electric Co-operatives according to a law passed by the Fifty-fifth Texas Legislature.

As the name implies, these Co-ops are made up of customers and furnish services to their members on a cooperative basis. Persons residing in rural areas and unable to obtain electrical service from public utilities or municipally-owned plants have been able to purchase electricity through such co-ops for a number of years. However, there has been some argument about non-rural customers.

Sometimes rural areas served by a Co-op become non-rural, due to annexation by an incorporated city or town. Electric Co-ops have usually continued to serve existing customers, as well as others desiring service, within these annexed areas. But their authority to serve these people became questionable when in a recent law suit the Supreme Court of Texas indicated that such a practice might be illegal.

This decision led to the action of the Legislature in passing House Bill 547, amending our laws pertaining to Electrical Co-ops, as a precautionary measure. The Co-ops are now authorized to engage in rural electrification by any one or more of the following methods:

If an area (rural or non-rural) being served by a Co-op is annexed by an incorporated city or town in which central station service is supplied by the municipality or by a public utility located there, the Co-op can continue to serve those persons who were members on the date of annexation.

Persons in such an area who were not members on the annexation date may become members of the Co-op and thereafter receive service, if they cannot get electric service otherwise, through the municipality or a public utility.

Further, even though central station service is now available, persons living in an incorporated or unincorporated city or town (rural or non-rural) who have been receiving electricity from a Co-op can continue to avail themselves of Co-op service, provided central station service was not available to them when they began to purchase from the Co-op.

In addition, as in the past, Co-ops may furnish electric service to persons in rural areas who are not receiving central station service.

The Co-ops have always been authorized to furnish wiring facilities and electrical or plumbing equipment to their members in addition to electricity. House Bill 547 continues this authority and extends it to cover persons in annexed areas who are authorized to receive electrical service.

D. E. Bulloch was in Dallas Tuesday booking movies for the Hico Theatre.

out. So go ahead and take your limit if you can. Brag about it, too. That's part of the fun.

I'm thinking about next Spring, too; about getting out there on the

lake with a Coleman lantern on the boat. On a lot of Texas lakes, in April and May, there will be communities of these boats, with the rays of Coleman lanterns directed into the water.

attracting insects, the bass, attracting shad, and the bass, attracting white bass. My favorite fish.
