Hico at Meridian Tonight In Final Game of '57 Season

\$689.91 Netted by P-TA in Annual Halloween Carnival

Net proceeds of the annual Halloween Carnival amounted to \$689.91, Mrs. Milton Dunlop, general chairman, reported at the Parent-Teacher Association meeting Monday night. Upon recommendation of the executive committee, members approved expenditures of \$360, as follows: \$50 for additional swings on the elementary school playground, and \$10 (or less as needed) for the replenishment of sick room supplies and \$300 for essentials. The latter sum provides for youth center utility bills, insurance, room count awards, P-TA refreshments, and all incidental expenses. Other expenditures will be considered at the next meeting.

The Fifth and Tenth Grades won the parent attendance awards.

After a Thanksgiving skit by the Fifth Graders, directed by Mrs. Clarence Watson, the guest speaker, I. L. Lasater, professor of education at Howard Payne College and a former Hico superintendent, was introduced by Mrs. Wayne Rutledge. Speaking on "In the Know (Behavior Patterns at Various Levels)," Lasater said that "plain good raising" is the best guidance for a child.

"It is important that each child have some responsibility, something to contribute to family life," the speaker continued. "Each boy and girl deserves a good home to be a part of, a place to be clothed, to be fed, and to be loved. A great struggle is going on for the indoctrination of our minds, and the demand for persons' minds is going to become more acute all the time. So our children should be imbued with certain principles in order to be able to withstand indoctrination. Our challenge and duty as teachers and parents is to instruct our children with these principles," Mr. Lasater concluded.

Refreshments were served in the lunchroom after the program.

Mrs. Johnson Opens Beauty Salon Here

Mrs. Leland Johnson is announcing this week the purchase of the DeLuxe Beauty Shop from Joan Needham, and has renamed the business Myrtle's Beauty Salon.

Mrs. Johnson, who for the past several months has been employed at Judy's Beauty Shop, received diplomas from Isabell's University of Beauty Culture in Personality and Charm, Four-Way Styling and Cutting and Cosmetology. She has also installed a Reduce-O-Matic reducing machine for the convenience of her former and new customers.

STORES TO CLOSE MONDAY, NOV. 11

Most Hico merchants will observe Monday, November 11, as a holiday by closing their places of business in observance of Veterans' Day. The holiday is one of seven sponsored by the Hico Civic Club.

First Home Game of Basketball Season Due Tuesday Night

The 1957-1958 basketball season will open in Hico next Tuesday, November 12, when Dublin comes to town for a pair of girls games with the local team. The "B" game will start at 7:00 p.m.

The Hico girls officially opened the season with games at Dublin on November 7.

Early season games for the Hico girls have been scheduled with Meridian and Pottsville. The Hico boys team will play their first game on November 22.

Hico knows nothing about the strength of the Class AA Dublin team, but hope to give them a real battle. This will be the first meeting of these teams in several years. Meridian is an old rival. They won their district title the past two seasons. In the last meeting of the teams two years ago Hico won by a small margin. Pottsville's bi-district champions beat Hico Hico twice last year and also won the Hico Invitation Tourney.

After a siege of the flu a few weeks ago the Hico girls settled down to serious work getting ready for the first game. Spirited competition was evident as the girls tried for one of the new uniforms and a spot on the squad of fourteen. New uniforms have been purchased for both the boys and girls. The girls suits are white, trimmed in red and blue. The boys suits are red and blue.

The Hico teams will work hard to merit the support of the community. Be at the game Tuesday.

Jackets Considered 'In' For District Championship

With little chance for a berth in the play-offs, the Hico Tigers will close the 1957 football campaign tonight, Friday, when they travel to Meridian to take on the Yellowjackets of that city in a game starting at 7:30 p.m. The Yellowjackets will be heavily favored to clobber the Tigers and gain the play-off berth awarded the district champion. Meridian has a clear shot at the championship, having beaten Valley Mills 13-0, and last week clobbering the Cranfills Gap Lions 28-0. The Yellowjackets have the best team, and by all rights should wait into the play-offs without too much difficulty.

The locals, plagued by injuries all year, could make the game interesting with a peak performance, but nothing shy of an all-out effort can phase the Jackets, who are big, have ample speed, and have the desire to capture their second consecutive district crown.

The injuries on the Tiger team have definitely slowed the locals in previous games. The team has not been at full strength in any game this year, having lost Senior back Van Hooper in the second game with a broken arm, seeing Junior quarterback Gary Duncan go out in the third game with a broken foot, followed by lineman Rosy Vinson with an injured foot, and the ineligibility of Red Wagner. Capt. Buddy Ables has been slowed all year with bad knees, and big Royce Samford also hobbled with a badly sprained ankle. Royce went out at half time in the game last week, and will not suit up tonight. Neil Ellis was also sick the first of the week, and was a doubtful performer.

There you have the major portion of a group of boys who were counted on to carry the team this year.

The game tonight marks the end of an eight-game regular season slate, plus two "B" games worked in by Coaches Taylor and Hall. Overall the record reads two wins, one tie and six losses. Game time at Meridian will be 7:30 p.m., and a good crowd of Hico fans are expected to follow the Tigers to witness the final game.

LOSE TO VALLEY MILLS

Last week the spooks and goblins took their toll over the locals and the Eagles from Valley Mills rolled into town and ran up a one-sided 35-6 score over the Tigers. In comparison to the game the week before against Cranfills Gap, the Tigers were flat on their faces all night. Early in the game they looked as if they might make a game of the affair but the Eagle's superior strength overcame whatever hopes local fans might have had for a Tiger win.

Valley Mills started their scoring in the first quarter with one marker, racked up two more in the second to take a commanding 21-0 lead at half time, and came back with single counters in each of the final two periods. The Tigers scored their lone marker in the final stanza.

Hico received the opening kick-off, Samford taking the ball on the 20 and racing out to the 46 before being downed. Bobby Boone carried three consecutive times and racked up gains to the Eagle 41. Buddy Ables picked up 6 more to the 35, and on the next play a Tiger fumble, one of many by the locals in the game, wiped out the threat.

Valley Mills took over after the fumble and moved to the 45 before losing the ball via the fumble route. Hico couldn't move and were forced to punt. After the kick Valley Mills was unable to make the necessary yardage and were in turn forced to punt.

After an exchange of punts the Eagles came out passing, which led to their first score. A long heave which was good for 55 yards produced the Eagle's first TD.

A Hico fumble early in the second quarter led to the next TD for Valley Mills. They recovered a Hico fumble on the Tiger 47, and 10 plays later they had upped the count to 14-0. Their third score came shortly after the kick-off when a Tiger pass was intercepted on the first play, at the 50 yard line. It took

All Amendments Carry Local Box

Little interest was shown in the Constitutional Amendment election held Tuesday of this week. A total of 121 votes was recorded in the local box, which was presided over by A. A. Brown, with the assistance of L. N. Lane, Mrs. Marvin Marshall and Mrs. L. J. Chaney.

The voting went as follows:
State Employee Retirement: 79 for, 40 against.

Old-Age Assistance: 103 for, 17 against.
Water Proposal: 85 for, 29 against.

State-wide, the three amendments carried by a large majority.

TURKEY SUPPER AT STEPHENVILLE TUESDAY

World War I veterans of this area are invited to attend a turkey supper at Stephenville Tuesday night, November 12.

The supper will be held at the V. F. W. Hall and will start at 6:30.

Joe Coffman, student at the University of Texas, was a week-end visitor in the home of his parents, Mr. and Mrs. Avery Coffman.

Fairy Has Inside Track to District 14-B Championship

The Fairy Tigers and the Turnersville Buffaloes clashed in Meridian last Thursday night with the Tigers' growl becoming louder in the district race by defeating the Buffaloes 47-25. Until last week the Tigers had been considered kittens in the district race, but when mighty Walnut Springs fell under the powerful paw, it became apparent that there was more than one contender for district honors in 14-B this year.

Then with Jonesboro being defeated by Walnut Springs last Thursday night, Fairy remained as the only undefeated district team. This week finds Jonesboro meeting Turnersville at home.

Word was received early Thursday morning that the 6-man football game between Fairy and Strawn, scheduled for Thursday night at Hico Stadium, had been cancelled due to a flu epidemic. Fairy was declared winner 1-0 by virtue of a forfeit. Next week Fairy engages Jonesboro at Stadium.

In the Turnersville and Fairy game last Thursday night Fairy won the first option and elected to receive. The kick off was outside and Fairy got the ball on their own thirty yard line. On a drive of 50 yards covered in some five plays Harry Thornton cleared behind his blockers and scored the first touchdown. The extra point pass by Joe

Knapp to Robert Barnett was good and Fairy led 7-0. After the score Fairy kicked off to Turnersville, and they failed to make necessary yardage for a first down and kicked on fourth down. A short time after this kick while Fairy had the ball, Robert Barnett broke loose on a 62-yard scamper for a TD. Joe Knapp's extra point kick was blocked, and Fairy had a 13-0 lead which stood at the end of the first quarter.

Only in the second quarter after Fairy had kicked off, the Buffaloes' Don Jones scored on a long 61-yard run, but the extra point try failed, leaving the score 13-6. Turnersville then kicked off to Fairy with the ball going outside. Fairy took over on their thirty yard line, and minutes later Barnett climaxed the drive with a 12-yard run to paydirt. Then Harry Thornton added the extra point on the ground, giving Fairy a 20-6 lead. Fairy kicked off to Turnersville and held them deep in their own end of the field, until finally Lynn King trapped the ball carrier behind his goal line, giving Fairy a safety and two more points for a new score of 22-6. In the last minutes of the second quarter Turnersville went to the air in a drive to

WHY?

(Taken from the "Rambler", Carlton School paper).

Several Carlton school children were heartbroken this week over the loss of their pets by one of the most vicious criminals in existence—the dog poisoner.

We say criminal because dog poisoning is against the law—we say vicious because only a vicious person would bring about such an agonizing death for an unsuspecting animal—his or anyone else.

A dog poisoner is a potential murderer. How does he know that a small child won't pick up the morsel of food containing the poison and die as quickly and painfully as the dog. Small children have no awareness of dirt or danger. They have been known to put everything from straw to earthworms in their mouths. Why not a morsel of poisoned food found on the ground that looks good to eat?

Why does he put out poison in the first place? Does he get some twisted pleasure out of killing? If somebody's pet annoys him why does he not have the courage to come forward and tell the owner instead of seeking a stealthy revenge that can bring nothing but bewildered heartache to an innocent child or lonely person who has borne the loss? If pests and not pets were the intended victims, why is he so cruelly careless? Does he not care?

If you know a dog poisoner you know a potential murderer whose next victim may be a human being. It is up to you to turn him in to the law and, perhaps, prevent a tragedy.

(During the past week seven dogs have died in Carlton from poisoning, and some of the residents are becoming more alarmed each day).

Pepper Lover Tells Story Of Early-Day Life in Area

By E. E. DAWSON

Here is a story by Tom Caulfield, staff writer on the Waco News-Tribune, that is worth retelling. It is a part of his story of a fellow in Waco, named A. J. Owens, believe it not, who is a pepper lover. Imagine that! He raises peppers of sixteen varieties in his front yard and gets lots of satisfaction out of his hobby. Now Owens was born on a farm near Waco sixty-eight years ago, but emigrated to Comanche County when a lad. Here is his story as told in the News-Tribune of October 18, 1957. Really an interesting story:

"Moved to Comanche County in a covered wagon and drove the cows on foot. It took about four days.

"We moved on the Masingill place, a few miles from Lamkin. Mandy Howard was the wife of

Uncle Bill Masingill. She was the one the Indians got after. They had her hemmed in but she made her horse jump a 5-foot rock fence and outran them and got away.

"A lot of rock fences are still there. We boys would run rabbits in them and then tear a hole in the fence to get the rabbits.

"Uncle Bill told me about the last Indians he saw around there. Two braves came and tried to steal some horses. He got after them and one rode under a tree. A limb pulled him off his horse and so they got away. The other one got away.

"We made a good wheat crop, hauled it to Hico, and traded it for flour. We let Mr. Wieser at the mill have the wheat and when we needed more flour would go to the mill and get it.

"I got my first long pants at Pet. Bros. store at Hico.

"Went when I was 17 years old and worked on a ranch in Floyd County, was on round-up with the Matador outfit. We got over 6,000 head together in one bunch. I was representative for the Tree outfit in Floyd County.

"One winter I decided to trap;

got another boy; we had a tent on the Colorado in Mitchell County. Shot a wolf with a .22 rifle at 125 yards and killed it.

"One morning went to the traps, there was a hole and a pile of dirt near one. The trap was tied to a stub. When I started to see what was in the hole a big pole cat jumped at me. He was caught by the front foot, so when he hit the end of the chain he broke a-loose from the trap.

"His hind feet hit me in the face. When he hit the ground his head was pointed away from me so he ran into the sage brush and got away while I stood there like a fool; never did think to shoot. But I got him later.

"At Plainview I cooked for a thrasher crew of 33 men.

"Spent two years in the Army. "About 12 years ago came to Waco, never could get ahead; finally I got enough money to buy a house. Now I have a few other houses."

We are indebted to Mrs. H. V. Hodges for the paper containing the story. Later we shall use some more of neighbor Owens story and it too, is interesting.

we always felt that this was one of the finest additions to our town that has ever been made, and would certainly see the establishment get that it deserves.

Such a nice group of kids we have here. Some of the grown-ups do not agree after Halloween, but we still believe we have one of the finest groups of youngsters that can be found anywhere. Two weeks ago, Mrs. Alvin and Mrs. Alvin were sponsors of the Youth Center and all of us agreed that they were exceptionally orderly. About eleven o'clock, the word from the sponsors, we knew that it was time to close the Center, and they promptly

"THE SPIRIT OF ST. LOUIS," hailed by critics as one of the most outstanding motion pictures ever produced, plays Sunday and Monday at Hico Theatre. Jimmy Stewart stars as "Lucky Lindy" in the film.

VENUS CREATURE! Human beings are helpless against a terrible beast from outer space in "20 Million Miles to Earth," science-fiction thriller starring William Hopper and Joan Taylor. The film is part of a double feature program Friday and Saturday at Hico Theatre.

Sunday & Monday—

"The Spirit of St. Louis," a dramatization of Charles A. Lindbergh's historic transatlantic flight, shows Sunday and Monday at the Hico Theatre.

In Cinemascope and Warner Color, the Leland Hayward-Billy Wilder production for Warner Bros. is based on the book by Lindbergh, who spent more than 14 years in preparing his fantastic adventure story for publication.

With James Stewart in the starring role, the picture was filmed over half the world on a location tour that took the company almost 20,000 miles for air and ground shots. It tells the story of the young Lindbergh's daring flight, alone and non-stop, from New York to Paris in 1927, an achievement that opened up the skyways for modern aviation.

For Stewart, the role of Lindbergh is a highspot in his distinguished career.

Gene Barry and Valerie French are shown in a scene from the film "The 27th Day," part of a double feature program Friday and Saturday at Hico Theatre.

Mr. and Mrs. Carl Ray Sellers and baby, Janice, visited last Friday in Dublin in the home of her sister, Mr. and Mrs. D. E. Allison.

All enjoyed the school Halloween Carnival at the gym last Friday night. There was very good attend- ance considering the inclement weather, colds and flu in the community.

Miss Lera Jane Blakley, who is attending TCU at Fort Worth, spent the week end with her par- ents, Mr. and Mrs. Scott Blakley. She attended the Halloween Carni- val here Friday night and enjoyed meeting many of her school friends again.

Mr. and Mrs. Raymond Jones and family of Lanham visited a while last Sunday night in the home of

her brother, Mr. and Mrs. Carl Ray Sellers and family.

Mr. and Mrs. Scott Blakley and Lera Jane, and Max Lamb of Flat, Mr. and Mrs. Leslie New and Ani- ta attended the TCU-Baylor foot- ball game at Waco Saturday.

Mr. and Mrs. E. M. Hoover spent last Sunday in Breckenridge in the home of Mr. and Mrs. M. L. Spencer. They were met there by their daughter and family Mr. and Mrs. Ralph Spencer and small sons, Don and Dickie of Lubbock. The Hoovers were accompanied to Breckenridge by Miss Lola Fields and Mrs. Birdie Slaughter of Ste- phenville. Mrs. Slaughter spent the day visiting in the home of her son and family, and Miss Fields spent the day in the Spencer home. They reported rain all the way, both going and returning.

Birtadays for November which we have in mind are Mrs. Edwin Seilheimer, Nov. 2; Audie Parks, Nov. 6; Billy D. Blakley, Nov. 12; James Dudley Richardson (deceased) and Mrs. Fannie Adams, Nov. 18; Cabert Daniel, Nov. 23; and Cal Lowery Jr., Nov. 24.

We are very sorry that bad weather has again stopped all work at the cemetery. As for this scribe, we would have had to have been off duty regardless, since a good case of flu overtook us Wednes- day of last week. It was a beauti- ful day and we went down and worked about an hour and a half, even though we did have some temperature and were beginning to feel pretty bad. We worked off most of the Bill, Ike and Allie Shep- herd lots before dusk overtook us and spent most of Thursday and Friday in bed nursing this flu. We hope to be able to be back on the job as soon as the weather permits and have the promise of some more help.

Carolyn and Jimmie Don Sellers are ill with colds at this writing.

We mentioned recently that T. L. Betts was about the luckiest guy we knew of in that he got most of his cotton pulled before recent rains. But his neighbor, Carl Ray Sellers, could be classed a lucky guy, in that he got his 13 acres of cotton pulled a few hours before it begin raining again. He got 7 bales off the 13 acres and had got some grain sown.

Ducks and geese are here! The hunting season opens one-half hour before sunrise on Friday, Novem- ber 1. Duck season ends Jan. 14; goose season Dec. 30. All shooting must end one-half hour after sun- set, daily.

This is the real beginning of Fall, football notwithstanding. When those honkers pass over in for- mation, we know winter is just around the corner. It won't be long until the frost is on the pumpkin.

If you are a novice at duck hunt- ing there are a few fundamentals you should know.

First, you must get your hunt- ing license, which costs \$3.15. Next, get your Federal duck stamp, which costs \$2, and attach the stamp to the license. If caught without these you are out of luck.

Still another law is just as im- portant. You must have your shot- gun, not larger than 10 gauge, plug- ged to hold not more than three shots. And don't shoot from a motor boat. That's against the law.

With these rules complied with you may kill five ducks and six geese a day. You can have 10 ducks, but only six geese, in your possession at one time. You also can kill 10 coot and eight Wilson's snipe in one day. Possession is one day's bag.

If you are doubtful about any provision of the shooting regula- tions, consult your local game warden. He'll give you all the help you need.

Despite rains and changing weather there still is a large dove population in the South Zone of Texas. Warden reports from most of the South Texas counties, indi- cate the doves are fat and fully feathered now. Dove hunting sea- son in South Texas does not close until Nov. 17, except in the valley counties where there was a three- day white wing season. In those counties the season will close Nov. 14.

then will be used for early stock- ing of one trout stream in the state.

True Reporting?

How well do you know the camp operator where you fish?

I know all kinds. There's the fellow who always tells you fish- ing is great, people have been catching limit strings of all kinds, come on out, boy, don't miss a gold- en opportunity.

A while back, Outdoor Editor George Kellam of Fort Worth Star Telegram got suspicious of all this noise. He checked with fishermen on the camp operator's report.

One couple, who reportedly snagged 5 crappie and three nice blacks, told Tellam they fished two and a half hours and caught zero. Another pair of anglers, given credit for 30 crappie, said they were just sightseeing and didn't even douse a minnow. Still another twosome who, according to the camp operator, caught limit strings, said they fished 11 hours and didn't get a bite.

There's no law against this tale- telling, but it should come under the head of false advertising, and any camp operator who is guilty of it should be avoided.

But, when you find an honest operator, and there are many of them, stick with him.

A Few Warnings.

A word of warning. Be sure when you take your outboard motor off the boat now, that it is properly drained. Water left in the motor might freeze and crack the cylin- der.

Also remember, it is getting dark earlier each evening and will con- tinue to do so until mid-December. This means on your return to camp you should start early enough to get in before dark.

Which reminds us that Justrite has made a new lantern, especially for fishermen. It is boxed in a container, which permits its being carried in the tackle box fully pro- tected. It is a powerful beamed spotlight, something fishermen have been needing for a long time.

Shooting Preserves.

More hunters each year are tak- ing advantage of shooting pre- serves to get their quail and pheas- ants. Texas now has several of these preserves. They are stocked with pen raised birds. The land- owners permit shooting for fees. Some of them charge by the day. Others by the birds killed. In either event the total cost of a hunt with a bag limit filled might be less on one of these places than you would expect.

Game wardens and in most in- stances sporting goods stores, know where there is one of these pre- serves close to you. Check into it.

Year 'Round Fishing.

Rains of the past week have muddied most of Texas streams. Top-water fishing has been badly affected. With deep-running plugs some bass have been taken from the lower depths.

There'll be rapid turnovers in the lakes now with the advent of cool weather. After settling there should be some excellent top-water fish- ing again. Meantime sandies and crappie are being taken in great numbers in most of the lakes.

Texans are lucky that they can fish throughout the year. In fact some of the best crappie and sand bass fishing is during the months of December and January. There was a big natural spawn of both this year.

Speaking of spawn, the New Hampshire Game department right now is engaged in artificially producing trout. Through manipula- tion of artificial lights the biolo- gists have been able to take 478,000 eggs from 369 female trout, three months in advance of the natural spawning season. These baby fish

CARD OF THANKS

Words seem inadequate when we try to express our thanks for the many deeds of kindness shown us at the loss of our loved one, John Marvin Turner. We are truly grateful to everyone who was so kind to us.

F H A NEWS

Mrs. Burwell, home economics teacher, and Letha Churchill, homemaker, attended the District III, Area IV FHA meeting Saturday at Hamilton. The theme of the meeting was "FHA: Key to the Future." The speaker, Mr. Louie E. Throgmorton of Dallas, brought out and placed much interest on the importance of the future home-makers as a home-builder as well as wife and mother.

The FHA Chorus from Miles entertained before lunch, and after lunch more entertainment was enjoyed including a musical combo from Hamilton.

This meeting was the last district gathering to be held, since in the past, they have been considered inconvenient and of no particular valuable use. Attendance was low due to the outbreak of flu over the district.

H H S YOUTH CENTER

It can truly be said that the "joint was jumping when the cats began to jive." Wallflowers were slowly weeded out and a mass "Paul Jones" was in session. The students wish to thank Bro. and Mrs. Morgan Garrett and Mr. and Mrs. Jim Jameson for sponsoring a magnificent fellowship after the football game Friday night. Everyone enjoyed themselves immensely, and we are all hoping that another such session will be made possible shortly.

Seven of the girls who received a white suit also received a red suit. The girls also elected their captains for this year. They are Reggie Ellis and Linda McLendon. Both girls are senior students this year.

The girls play their first game Thursday night at Dublin. There will be two games, an A and B. The girls are inexperienced but determined, and we know they will go far.

LAST HOME FOOTBALL GAME

Friday night, November 1, marked the date of the last home football game. It was the last home game permanently for a few seasons.

Senior boys who played football are Lee Flowers, Joe Knight, Don Tooley, Kent Burgan, Jimmy Robinson and Van Hooper.

Seniors in the band who witnessed their last home game are Ginger Jones, Joan Boone, Letha Churchill, Harold Lackey, Verne Horsley and Reggie Ellis. Senior cheerleader this year is Linda McLendon.

The half-time activities were presented by the Tiger Band, and the Tiger Kittens. The band formed an octagon and the pep squad made a T formation in the center of this. The football queen, Miss Linda Driver, was presented a large bouquet of white flowers by co-captain Van Hooper. They stood at the base of the formation as the band played "Symbol of Honor" under the direction of Drum Major Reggie Ellis.

Little Miss Sherry Wolfe, mascot of the band, served as flower girl.

November 8 will end performances of the band and pep squad at football games for this year.

H H S SPOTLIGHT

The old Spotlight is beginning to get a little rusty but we bought some new batteries and finally managed to get it to burn.

As we cast its beam Thursday night after the Halloween Carnival it fell upon many kids but few couples. We did find Lee F. and Linda H. Gary D. and Reggie E. Joe K. and Carolyn P. Van H. and Nelda W. Morris R. and Shirley G. Linda M. and Sherril K. Charles T. and Anna Lee L. Jimmy D. and Dianne H. Wayne W. and T. Harlon K. and T. What's their names boys?

Mariletha C. and Johnny D. Kendall H. and Jeff H. Jean A. and Max B. Joy L. and Wayne H. were also seen.

Friday night after the entertainment at the Youth Center, dragging main were Lee F. and Linda H. Buddy A. and Judy M. Steve O. and Shirley G. Morris R. and Reggie E.

There were very few couples seen Saturday night. Among these were Rosy V. and Linda D. Judy G. and Charles S. Reggie E. and Buddy T. Billy B. and Kay Y. Linda H. and Lee F. Kendall H. and Scotty J. Although there were very few couples, there were a large number of boys in town. What happened to the girls? By the way, what took place out at Honey Creek, boys?

After the carnival, many pranksters were out on the prowl. However, there seemed to be little destruction. I wonder how that sign got painted on main street? Evidently Mr. Jackson wasn't watching.

I'll bet someone really had a hard time pushing that trailer up the hill.

If you happen to drive by Mrs. Angell's you can see that her yard is completely "decorated" with cans.

It has been rumored that Mr. Cook has a horse. The reason for this rumor is the fact that he has a bale of hay in his yard.

If anyone had driven by the school Friday morning they would have seen several high school students cleaning up the "mess" that they had helped to make the night before.

It was very evident that all who participated had a good time without doing too much damage.

A. J. (Andy) Jordan, Longtime Area Resident, Buried Here Saturday

Funeral services were held Saturday afternoon at Barrow-Rutledge Funeral Chapel for Andrew Jackson (Andy) Jordan, 85, retired farmer, who passed away at his home here Thursday night after a long illness. Elder Mitchell Lykins of Hamilton and Rev. Morgan Garrett officiated, with burial in the Hico Cemetery.

A native of Blooming Grove, Mr. Jordan moved to this vicinity in 1916 and had resided in Hico since 1938. He was a member of the Primitive Baptist Church.

He is survived by his widow, Mrs. Nora Jordan of Hico, three daughters, Mrs. Frank Stidham of Fort Worth, Mrs. Buck East and Mrs. John Goughly, both of Hico; three sons, J. D. Jordan of Cisco, L. J. Jordan of Petersburg, and R. R. Jordan of Abilene; two brothers, L. J. Jordan of Hico and B. C. Jordan of Tyler; 10 grandchildren and 16 great-grandchildren. All of his survivors were present for the services, with the exception of one great-grandson.

Serving as pallbearers were the following grandsons: R. D. Jordan, A. L. Jordan, Charles Goughly, Bob Flippin, Doyle Hiser, Ray Keller, Wendell Burden and Dwayne Jordan.

CARD OF THANKS

We wish to express our thanks and appreciation to Dr. Hedges, to all of our friends, neighbors and relatives for their kindness and assistance during the illness and death of our loved one. We are grateful for the food and beautiful floral offering; for the comforting words of Elder Mitchell Lykins and Rev. Morgan Garrett; and to Barrow-Rutledge Funeral Home for their courteous service.

CLAIRETTE

By MRS. LUCILE MAYFIELD

A shower of rain fell here Saturday afternoon, and on Sunday a good slow rain fell. Total amount recorded here up to Monday was 2.3 inches, and was still raining.

Mr. and Mrs. Kenneth Harvey of Freeport have a new baby girl, born October 31. His parents, Mr. and Mrs. Roy Harvey, reside in Clairette.

Mr. and Mrs. Mike Smith went to Dublin to visit relatives recently and also visited a cousin, Mrs. Lois (Jones) Wamac of St. Centro.

Bill Basse, A-2c Ralph Tate and A-2c Ronnie Davis of Dyess Air Force Base, Abilene, spent the week end with Mr. and Mrs. Homer Woody and Nancy Keene.

Miss Nancy Keene will enter nurses training at the Stephenville Hospital Monday. Her aunt, Mrs. Homer Woody, went with her to Stephenville.

Bobby Jack Wilson of Wickett spent the week end with his mother, Mrs. Lorena Wilson.

Mr. and Mrs. Bill Prince of Fort Worth visited her aunt, Mrs. Sue Turner Saturday evening. She was the former Delia Schank.

Donnie Cooper of Fort Worth spent the week end with his parents, Mr. and Mrs. Fletcher Cooper.

A pink and blue shower was given Monday afternoon at the Educational Building, honoring Mrs. George Cassis, by the WSCS. It was also her daughter's birthday, who was one year old. They received many nice gifts. Mrs. Chubby Howard of the Church of Christ presented her with a gift of which she was proud. A social followed the party.

Calif. Several here will remember Lois, as she used to visit at Clairette when a girl with her father, the late Rev. Alexander, who was pastor of the Congregational Church for several years.

Mrs. Elsie Behrens received word that her daughter, Mrs. Alice McCullough of Minden, La., has a new baby son, born October 11.

Mr. and Mrs. Reuben Jones of Dublin visited Friday afternoon with Mr. and Mrs. Mike Smith.

Mrs. Dorothy Reed of Fort Worth visited last week in the Herman Roberson home.

Mr. A. J. Jordan of Hico, father of Mrs. John Golightly, passed away Thursday night at his home after being ill for some time. Funeral services were held in Hico Saturday afternoon. Burial was made in Hico Cemetery. Several from here attended the funeral services.

Mr. and Mrs. Herman Moody of Westbrook spent the week end with Mr. and Mrs. Dick Bishop.

Mr. and Mrs. James Edwards and daughter of Dallas visited over the week end with Mr. and Mrs. Jim Edwards.

Mr. and Mrs. Rupert Phillips,

Larry and Sarah of Longview were week-end visitors in the home of her mother, Mrs. Dona Wolfe.

Mr. and Mrs. Truman Noland and family of Fort Worth spent the week end with Mr. and Mrs. John Noland.

Several attended the Halloween Carnival in Hico Thursday night. Fieldon Haley was nominated in the 9th grade as King candidate.

Mr. and Mrs. Ira Noland of Edden visited one night last week with Mr. and Mrs. John Noland.

Farmers Make Efficient Use of F H A Loans

Farm families in Hamilton County, who are using credit obtained through the Farmers Home Administration are making efficient use of the funds, according to a report by the agency's county supervisor, A. J. Spence Jr.

Many farmers are using the loan funds to obtain higher grade livestock including dairy animals, to improve their pastures, to buy proper types and amounts of fertilizer, to purchase necessary farming equipment and to finance similar steps toward better farming.

The Farmers Home Administration provides loans to farm better buy or improve farms, build or repair farm buildings and fences, improve soil and water conservation practices, meet emergency needs, or take care of certain refinancing problems, Spence said.

Farmers Home Administration credit is supplied on the basis of supplementing credit from other sources, he explained. The loans are available only when other lenders are not in position to supply the credit the farmers need to get the greatest possible returns from their land and family labor resources.

The average time taken by farmers in the county to repay their loans for farm operating purposes and to reach the point where they can obtain the credit they need from conventional lenders, is approximately five years, Spence said.

Before a loan is closed, the agency and the applicant plan ahead to make sure that every loan will be repayable from planned income.

In addition to credit, farmers with the loans receive necessary aid with farm and home management problems and in keeping records that help them to keep their farm business on a sound financial basis.

COUNTY AGENT REPORTS

By E. B. LAWRENCE

Concrete tilt-up construction is a new development that can be a big help to farmers in constructing farm buildings that are durable yet low in cost. Tilt-up construction is a method of building erection which involves the casting of concrete panels on a carefully prepared sand bed or on a floor previously cast at the building site. These panels are tilted into a vertical position to form the building walls and, by means of concrete pilasters, are connected together to give the rigid construction necessary for a permanent farm building.

This construction requires no skilled labor. Two men can handle any phase of the work. Form materials can be used for other purposes, after the completion of a tilt-up structure.

A recently released Texas Agricultural Experiment Station bulletin, "Concrete Tilt-Up Construction on the Farm," gives much helpful information on this new development. It contains sections on panel sizes, strength of panels, weight of solid panels, equipment for handling, casting procedure, erecting procedure, stabilizing the wall panels and a discussion on the time, labor and materials required. This bulletin may be obtained from the office.

Don't forget that December 15 is the deadline for plowing up cotton stalks under the pink boll worm regulations for Hamilton County.

It won't be too long before it will be tree planting time in the county and from the amount of moisture we have at this time, it looks as though it might be a good winter to start a home orchard. Several years ago we had a very early freeze in the fall and a very late freeze the following spring. These two freezes just about wiped out the fruit trees in the county. Since then winter plantings of fruit trees have been very disappointing as most of them failed to live through the hot dry summers. Nearly every farm has a place where a few fruit trees could be grown. So why not start a home orchard this winter?

Here are some points that will help you get your moneys worth: 1. Plant adapted varieties for

By John C. White, Commissioner

CULTIVATED GRASS

Cotton and grain sorghums are major money-makers in the Texas Panhandle but a third commodity looms on the horizon whose possibilities are just now being explored.

That commodity is cultivated grass.

A few farmers have been reaping large profits from grass as a seed crop. Indian grass grown on a farm near Morton produced 12,500 pounds of seed on 14 acres which sold for \$1.25 a pound in 1955.

Two acres of Blackwell switch grass in Hockley County threshed 400 pounds of seed at \$1.25 per pound, grossing \$250 an acre.

These, and other trial plots, point up the fact that grasses may soon become an important part of every crop rotation. Although the price of \$1.25 per pound will not hold up long with successive good crops, those few far sighted farmers gambled on grass and it has paid off handsomely.

In spite of the high prices, the growers had no trouble selling all

the seed raised. From a total of around 800 acres in grass seed production in the Panhandle during 1956, the acreage is expected to increase by leaps and bounds.

Most growers agree that the price of seed will nose dive after a few more big crops. This may be a left-handed blessing for all concerned, however.

At present, the cost of buying and broadcasting this seed on over-grazed rangeland can run as high as \$15 per acre. For many ranchers today, this cost is prohibitive. Cheaper seed of good quality will be in even greater demand than at current price levels, however.

Some growers have proved that grass will fit into money-making rotations. A farmer may grow a seed crop and get several months

grazing as well. He can graze the grass in summer, pull off livestock and make a seed crop. Or he can make a crop, water heavily and have good grazing all through the winter.

Most plots of grass were in the irrigated sections of the High Plains. The growers plant the grass seed in a small ridge, cover it very shallow and irrigate. Previously, plantings in the bottom of furrows proved only moderately successful since even light rains would wash the dirt and bury the seed too deeply.

Grass farming is sound, profitable, and will bring the soil back to its original fertility. The days of fabulous profits may be numbered but the prediction is that grass will spread year by year over many parts of the country as a money crop.

FAIRY FOOTBALL

ward the goal, but the Tiger's Billy Streater intercepted one of the passes and behind the blocking of several, with Joe Knapp giving the final nudge, scored standing up. Robert Barnett added the extra point on the ground, to bring the score to 29-6 as the first half ended.

As the second half started, Fairy was kicking off to Turnersville. The kickoff went into the end zone and the ball was put in play at the 15 yard line. After two plays Turnersville was on the march, and after two first downs and with a fourth and eight situation facing them Jerry Olson out-maneuvered the defensive halfback and took a pass and raced 11 yards to score for Turnersville. The score then stood at 29-13 after the extra point.

Turnersville kicked off, and when Barnett received the kick he fumbled and Turnersville recovered, but in two plays Fairy's alert defensive line picked up a loose ball, and Fairy took over on their own 25 yard line. After one successful pass, Don Haile caught a toss from Harry Thornton and then wiggled his way through three Turnersville defenders for 20 yards and a score. The pass for the extra point failed and Fairy led 35-13.

Shortly after the kickoff by Fairy, Olson of Turnersville again scored on a short run of 15 yards to bring the score to 35-19.

After this, the play settled down to a mid-field battle. With the ball on the 10 yard line of the Tigers, Olson broke to the 3 yard line where he met some white jerseyed boys of the Tiger team who halted him instantly, but on the next play he carried over for the score which narrowed Fairy's lead to 35-25. After an out of bounds kickoff Fairy took the ball on the 35-yard line and on a six yard pass play, Thornton hit the line where three of the Fairy blockers opened up a hole and cleared Thornton for a 43-yard scamper to the goal and a touchdown. Try for point was no good and Fairy led 41-25.

Late in the game, after some good defensive plays by both teams, Fairy found themselves receiving a punt on fourth down. Thornton broke loose behind good blocking

and went 60 yards to score for Fairy, widening their lead to 47-25. Shortly after the kickoff Fairy's defensive team had pushed Turnersville back close to their 30 when

Tommy Walker snatched a Turnersville pass and brought it back 4 yards before being stopped from behind. This gave Fairy the lead, and they ran out the clock to end

the game by a final score of 47-25. Other Tigers who played and had were Lynn King, Robert Barnett, Jerry Jones, Allen and Harlan Wood.

TIGERS LOSE

The Eagles only three plays to cover the distance with Sockwell going the last 19 steps to pay dirt. That left the score 21-0 at halftime.

Valley Mills received the second half kickoff and 9 plays later had racked up their fourth score for the night.

Late in the third period Billy Booth intercepted an Eagle pass at the 50 and ran all the way to the goal only to have the run nullified by a penalty. However Hico retained possession at the Eagle 28.

Ables passed to Doyle Crews for 12 yards to the 16 yard line, from where the third quarter ended.

Starting the final stanza, Boone made eight yards to the 8. Ables got two more to the 6, and two other jabs at the line by Ables produced the lone Tiger score.

Valley Mills took the ensuing kickoff and marched for the final score of the night, making the counter on a 32-yard pass play. The game ended soon after with the Eagles again knocking at the Tiger Den when time ran.
