New Jewelry Store Plans Formal Opening Saturday, May 31st

Formal opening of Hico's new jewelry store, Mickey's Jewelry, will be held Saturday, May 31. The new store is located in the building formerly occupied by attorney Truman E. Roberts.

Mickey Maguire, who has operated a jewelry business in Arlington for the past 24 years, is owner of the store. He still maintains his Arlington business. Mr. Maguire is very experienced in the art of watch repair, having followed the profession since 1921.

Drawings will be held at 4 o'clock Saturday afternoon for two ladies' diamond rings, one valued at \$80.00 and the other at \$45.00. Persons registering for the rings do not have to be present to win. Several other prizes will be given away absolutely free, with nothing to buy and no obligation.

A former Hico girl, Nelda Calder, daughter of Mr. and Mrs. R. L. Calder, was trained in the jewelry profession by Mr. Maguire, and is presently employed in the Arlington store.

Since coming to Hico three weeks ago, Mr. Maguire has been active in the Civic Club, and First Methodist Church, where he is a member of the choir.

RECEIVES DEGREE FROM A & M COLLEGE

College Station, May 28.—Dennis Ray Stipe of Hico received his baccalaureate degree in agricultural engineering at the May 24th graduation at Texas A & M College.

Stipe is the son of Mr. and Mrs. Ray Stipe of Hico. Mr. and Mrs. Stipe and Mrs. Henry Mackey attended the exercises.

Lackey Bros. Feed Mill Appointed District Jobber

Lackey Bros. Feed Mill has been appointed District Jobber for Nutrena Feed Co., and are now equipped to handle Nutrena feeds in both sack and bulk form.

Dealers in an immediate seven county radius will be served by the local feed mill. These counties are Mills, Comanche, Erath, Hamilton, Bosque, Somervell and Coryell.

Lackeys have erected six new bulk tanks at the old cotton oil mill, which will serve as the district warehouse. They have also purchased a bulk tank truck with an auger unloader that will be used locally as well as for hauling feed for other dealers. The bulk feed will be shipped in by railway from Wichita Falls.

Included in the expansion program at Lackey Bros. is the completion of a private office at the mill for bookkeeping and conferences.

A grand opening is planned at a later date.

RUN-AWAY TRUCK—Shown above is the large truck and trailer which the driver lost control of last Thursday morning when the brakes failed on the heavily loaded rig. The truck was carrying a heavy hole digger. Driver of the truck, Pete Dabney of Fort Worth, was uninjured. Dabney stated that the braking power of the truck was completely gone when he attempted to slow down at the intersection of Highways 220 and 6. He considered himself lucky to get across the busy intersection without hitting another car. The truck traveled on past Community Public Service power plant, jumped a culvert on the north side of the railroad track, barely missing a train which was in the process of switching, and coming to rest in the ditch on the south side of the culvert. The truck and load was badly damaged.

SGT. DONALD BERNA

Sgt. Berna Competing In Marine Corps Rifle And Pistol Matches

San Diego, Calif.—Competing in the Marine Corps Western Division Rifle and Pistol matches at San Diego, is T-Sgt. Donald R. Berna, son of Mr. and Mrs. E. A. Berna of Hico, and husband of the former Miss Barbara Rodgers of Hico.

Sergeant Berna is a veteran of 12 years service with the Marine Corps.

The matches, which were held May 12-17, determined the best marksmen from Marine units west of the Mississippi, including those stationed in Japan and throughout the Pacific.

Winners of the division matches will compete in the All-Marine tournament at San Diego June 2-7, to shoot for positions on the team representing the Marine Corps in the National Matches at Camp Perry, Ohio, in the fall.

Funeral Services Set Thursday Morning for Phillip Adkison, 82

Funeral services will be held Thursday morning at 10 a.m. for Phillip Adkison, 82, who died Tuesday in Newsom Rest Home in Hamilton. Services will be conducted at Barrow-Rutledge Funeral Chapel with Rev. Dwight Lusk officiating. Burial will be made in the Preacher Cemetery near Olin.

Mr. Adkison, who was a retired farmer, was born in Hamilton County and had resided in the county all of his life.

GROCERY STORES TO REMAIN OPEN FRIDAY

All of Hico's grocery stores, Herrington's, Sherrard's and H. & B., will remain open this Friday, May 30th, which is Memorial Day.

Most of the other merchants in town plan to close, including the bank, and post office. There will be no rural mail or window service that day.

The Pastor and the Church

By E. E. DAWSON

As a TV showing, a pastor being transferred to a new church. His successor came to the new pastor came to the church property, he was asked a bit by what met his arrival. The building looked down and the church lawn clutter of odds and ends of rubbish. It looked desolate.

Meeting his predecessor at the pastor's quarters, the pastor's appearance was so dismal that he introduced himself. The talk of the two men was long. The retiring pastor said that everything was to rack and ruin and he was glad indeed to be transferred to another situation. Conditions had run down until to operate the church had almost to the vanishing. The soil about the buildings sterile nothing would grow. Much like living in a desolate.

The newcomer had a memory of beautiful grounds about the when a kinsman of his had been pastor there and had it a veritable paradise of while large congregations the church at all worship. How different things were. It was enough to depress him. But he reasoned that the place was beautiful and attracted great numbers of people. It might again be made a place to attract people, the reason for a church.

A short while after the new pastor took over, he had a gift of the estate of a person who recently died that amounted to about fifteen hundred dollars. At the same time a came to the pastor and

told him of his boy who was a hopeless cripple unless something radical should be done to help him recover. The pastor asked for all the details of the case, and what could be done and where. The father confessed the situation looked very hopeless to him because he had no funds with which to have the boy treated. In a western city was a surgeon who was famed for his work at rehabilitating cripples. If he had money sufficient, the boy might be brought back to health and normal life. But, alas, there was no money. The pastor thought rapidly and then offered to give his recently acquired legacy for the boy's treatment. The father demurred. But the pastor insisted and the money was accepted. The boy was treated and in due time recovered and faced a life of hope. It took all the pastor's legacy, but he was happy to have done what he did.

In the meantime the pastor had started the work of rehabilitating the church and the grounds about it. It was a tremendous job, but he worked every spare moment at it. The father of the recovered boy worked in a fertilizer plant in the city, and when the pastor confessed to the grateful father one day that he really needed some efficient fertilizer, but lacked funds to purchase it, the father found a happy idea. He asked the mill manager if he might have the daily sweepings off the floors. The request was granted. The father at night took the fertilizer to the church yard and put it on the flower beds. Soon they were blooming in great luxuriance. The beautiful grounds, along with the cleaned up church buildings attracted the attention of the citizenry. People began to attend the services

in increasing numbers. They looked in amazement at the flowers. And then they came to the conclusion that a miracle had occurred. And they gave the pastor credit for the miracle. He disclaimed anything miraculous. Then the father appeared on the scene again and confessed what he had done at night with the fertilizer in the matter of the floor sweepings. Finally the people were convinced that it had been no miracle of supernatural character, but that a miracle had been accomplished by the hard work of the pastor, plus the fertilizer. Great crowds attended every worship hour of the church. The fun that had run down so depressingly, rose to an unheard of high. The church was enjoying a new day.

The drama appealed mightily to me, for I have always believed that the church ought to be the most spot in the community. And it can be if the pastor has any serious desire to make it that. But if he just sits in his home or study and never dreams any dreams of beauty, things will go down toward the vanishing point and people will lose interest and cease attending and finances will fail as a spring in drouth. I have seen it again and again in churches of my own faith. Indolent and supercilious pastors, who just sit and fail to work, help toward dismal failure.

In every pastorate I ever held I have sought to beautify the church buildings and grounds and grow flowers and shrubs, and it has always paid off handsomely. And every time I visit a church I have served I see some of the things I have done have been preserved and cherished, and I feel repaid for all it cost me in toil and dollars.

Washington, D. C.—On every holiday the city papers carry running reports of traffic accidents with every issue. The radio and television give an account of accidents every hour, starting the evening before a holiday and continuing until midnight at the close of the holiday period.

Memorial Day, on this Friday, May 30, will be no different. Statistics will be accumulated from 5 o'clock on this Thursday, the 29th, until midnight Sunday, the first of June.

The greatest automobile race in the world will be run in Indianapolis, Indiana on Memorial Day. It is the 500-mile circular track race. But not all the races will be run in Indianapolis. Some of them will be bumper on bumper on the crowded highways across the nation.

The fact is, the race goes on every day. Especially here in Washington, they are run from about 7:30 to 9:30 in the morning, and from 4:30 to 6:30 in the evening.

At places where there is a traffic light every block you see them jockeying for position at the starting line. The race continues for a block, and after the darting out of a traffic lane to a vacant spot at the intersection, the front of the car goes down five inches and the back comes up the same distance. The next start sees the rear end settle and the front end raise up, and the race is on.

Most men are gentlemen and most women are ladies until they feel a steering wheel in their hand, and then some lay common courtesy aside.

The fact remains that according to the experts there are fewer accidents today than before World War II. Traffic deaths in 1957 were 1500 below the 40,000 total for 1941.

Mr. Karl M. Richards, Secretary of the Highway Policy Committee of the Automobile Manufacturers Association, gives some rather revealing facts established by research.

He says it is not true that traffic fatalities are increasing. He points out we have twice as many vehicles traveling twice as far as we did in 1941, but fewer accidents.

According to Mr. Richards, there are three principal elements in traffic safety. They are the vehicle, the road and the driver. Unfortunately, the driver has made less progress than the other two.

The major factor in reducing accidents is safer automobiles. It seems many people have the mistaken idea that increased horsepower means greater speed. According to the engineers, the horsepower has nothing to do with speed, but rather the reserve power needed to handle a car properly. In other words, horsepower and speed are not the same thing at all. The fastest stock cars on the market are built in Europe and have low horsepower.

In 1941, 20 persons were injured per 100 traffic accidents. Today, injuries are 14 per 100 accidents. Although horsepower has more than doubled in the average automobile since 1941, very little change has taken place in its top speed capacity.

Better lights, better vision, power steering and power brakes have added safety to the automobile.

It is also a mistake to assume that speed and law violations are the cause of most accidents.

Actually, according to the experts, the evidence is overwhelming that the vast majority of traffic accidents occur at legal and moderate speeds. A National Safety Council study of 685,000 accidents shows nearly 9 out of 10 happened at speeds below 40 miles per hour. Even in fatal accidents, the Council reports, 4 in 5 drivers involved were obeying legal speed limits. This is certainly not to encourage speed. Rather it shows the importance of alertness, skillful driving and full attention to the job.

Numerous other figures have been developed by the National Safety Council. To mention only one, percentage-wise our safety record is better than it was when the horse and buggy ruled the highway. The record for 1909 shows 30 deaths per 100 million horse travel miles. This is some five times as high as our present motor vehicle fatality rate.

This last is difficult to believe, and many of the other conclusions are amazing, but that is what they say.

The fact remains that everyone is in danger when the nut behind the steering wheel is the biggest one on the car.

Wednesday Club Meets In Knudson Home

The home of Mrs. M. I. Knudson was the scene of a meeting of the Wednesday Afternoon Bridge Club last week.

Mrs. Knudson had her home beautifully decorated with arrangements of roses and gladioli. Preceding bridge play a dessert was served.

Guests for the afternoon were Miss Mettie Rodgers, Mrs. J. W. Fairley and Mrs. E. H. Rands Jr.

Members present included Mrs. Bill Howard, Mrs. W. F. Hafer, Mrs. Odie Petsick, Mrs. H. V. Hedges, Mrs. Harry Hudson, Mrs. H. E. McCullough, Mrs. May Bates, Mrs. Morse Ross and Mrs. Bill Stearns.

High score was held by Mrs. McCullough. Miss Rodgers won second high.

Mrs. W. J. Risenhoover and Mrs. Arthur Burden were in Dallas Monday on business.

Week end guests in the home of Andrew McFadden were his brother and wife, Harvey McFadden and children, Judith and Harvey Jr., and two nieces, Ruth and Jan McFadden, all from San Antonio. Sunday visitors in the McFadden home were Mr. and Mrs. W. D. Huffman and children and Tamie Wilson of Clifton.

Mrs. Edith Van Patten of Pangburn, Arkansas, arrived last week end to spend the summer with her parents, Mr. and Mrs. W. H. Brown.

Week-end visitors in the home of Mr. and Mrs. Robert Simpson were Mr. and Mrs. Gene Simpson and Lester Simpson of Fort Worth.

Mr. and Mrs. Bob Shroyer of Rosebud visited this week in the home of her family, Mr. and Mrs. Wayne Rutledge and Bill, enroute to Denton where he will enroll at North Texas State College for the summer semester.

Mrs. Ramage Entertains Friday Bridge Club

Mrs. Jimmie Ramage entertained with two tables of bridge last Friday afternoon when members of her club met.

The hostess served a dessert plate to her guests during the afternoon.

Members present included Mrs. Ray Jones, Mrs. Harold Walker, Mrs. G. K. Lewallen, Mrs. Sandy Ogilvie, Mrs. Sarah Reeves and Mrs. E. V. Meador. Mrs. M. I. Knudson was guest of the club.

At the conclusion of play, Mrs. Cheek held high score and Mrs. Knudson held second high.

FORMER RESIDENT VISITS

Joe Patrick of Houston, a former Hico resident, was here Monday en route to Lubbock. Mr. Patrick, who is a pressman with the Houston Chronicle, grew up in this area.

Mr. and Mrs. Ray Keller and children, Vicki and Curtis, visited Sunday in Clifton in the home of Mr. and Mrs. Wendell Burden and children.

Mr. and Mrs. Alvin Casey, Barbara and Jerry, spent the week end in Fort Worth in the home of Mr. and Mrs. Sonny Casey.

Mrs. Bessie Hubbard of Dallas and A. B. Barrow of Abilene were visitors with Mrs. Geo. Stringer during her recent illness.

Mrs. W. B. Hines of Corpus Christi was a recent visitor in the home of her parents, Mr. and Mrs. J. P. Owen. While here they all visited in Gatesville, Mosheim, Seymour and Pottsville.

Mrs. Ludie Hudson of Dallas and Mrs. Jane Stromberg of El Paso have been visiting the past week in the home of their sister, Mr. and Mrs. H. H. Ramage. They all visited in Austin during the week end with Dr. and Mrs. Al Vickers and family. The Vickers were in the process of moving from Giddings to Austin where they will reside.

Mr. and Mrs. C. L. Spinks of Midland were here last week to attend graduation exercises for their daughter, Sue. Sue has been residing with her aunt, Mr. and Mrs. Chock Little and Joy. They also visited in the home of her mother, Mr. and Mrs. R. E. Burnett and other relatives and friends. Sue returned home with them.

Mrs. Nettie Meador, Mrs. Sarah Reeves, and Mike visited Sunday in Waco in the home of Mr. and Mrs. J. P. Simpson. Mrs. Meador plans to visit in Victoria with her daughter, Mr. and Mrs. Paul Wren, before returning home.

READ THAT LABEL

In our Home Demonstration Clubs in the county we have been doing some study on label information. With fabrics changing almost daily the only way that we can be informed is to depend on a good label. There are so many blends of fabrics today that it is impossible to identify in any other way. Labels on other items are most important too.

Every word describing a food, a drug, a cosmetic or a medical device is important in protecting you and your family. It will guard against buying an inferior product, misusing a good one, falling for dangerous quackery, or unknowingly using a substance harmful to health.

The label on a can or package of food must be completely truthful. The wording must not be misleading. Manufacturers are required to list their names and place of business of the label.

Net contents of a can must be stated in common units of weights and measures. Sometimes the size of a can may be misleading, so standards of "fill of container" have been set up. Under this law a can of peas containing too large a portion of liquid must be labeled "below standard in fill."

A standard quality and a standard of identity have also been set up. Under the quality provision, canned tomatoes that are not red enough, peaches that are bruised, peas that are overmature must be labeled "below standard in quality."

Should you feel that you have fallen victim to an illegal label complain to your local health department. It will notify F.D.A. inspector if federal law is involved or act directly if the product is made and sold within the state.

Meanwhile, keep reading labels carefully before you buy. It's good business.

PERSPIRATION STAINS IN DARK COTTON

Cool dark cottons are popular for summer wear in many parts of the state. Many warm weather dress styles are not cut to be worn with dress shields, so perspiration stains and discoloration of dark colored clothing sometimes result. These suggestions from U. S. Department of Agriculture textile chemists will deal with these stains on washable cottons.

The fresher the stain, the better your chances for removing it. Pressing a dress that is even slightly stained may set the stain and cause more discoloration. First try washing the stain thoroughly in warm water, rubbing soap or synthetic detergent well into the stain. If the fabric has discolored, try sponging a fresh stain with a little vinegar and water solution; for an older stain try a little ammonia and water. This may help restore the color. Rinse thoroughly.

Save any tags on ready-to-wear and yard goods and read carefully. Some dark cottons carry a label stating that the dye is fast to perspiration. Other labels give facts about both the fabric and its finish that will be helpful when you need to remove a stain at home.

IT'S BERRY TIME

Whether you eat them in preserves, on ice cream, in pie, a short cake, or fresh with cream and sugar, it's berry time.

Why not freeze some strawberries or dewberries now while they are in season to enjoy later during the nonproductive months. Firm, fully ripe red berries are best for freezing. They may be packed in sirup, in dry sugar or packed without sweetening. However, they have a better texture and flavor if sweetened.

You may get a copy of the bulletin "Frozen Foods," for specific instruction on freezing berries and other foods. They are available in my office.

ATTEND GRADUATION FOR GRANDSON

Mr. and Mrs. A. A. Brown have returned home from San Angelo where they attended commencement exercises for their grandson, David Horton, who graduated from San Angelo High School. They also visited in the home of their daughter and children, Mrs. Mary Horton, Margo, Ralph and David.

Mrs. J. C. Prater and Margaret Ann visited last week from Thursday until Sunday in Fort Worth in the home of her son and family, Mr. and Mrs. Harold Prater and children.

Mrs. Rands Installed As President of Wesleyan Service Guild

Mrs. E. H. Rands Jr. was installed as president of the Wesleyan Service Guild in a ceremony Tuesday evening performed by Miss Louise Blair, when the Guild was entertained in the home of Mrs. Geo. Griffiths. Other officers named for the coming year are as follows: Miss Blair, vice president; Mrs. Griffiths, recording secretary; Mrs. Louise Angell, secretary of promotion; Mrs. G. R. Lackey, treasurer; Mrs. Morgan Garrett, coordinator; Mrs. Watt Ross, spiritual life; Mrs. Jim Carmean, missionary education; Mrs. Tom Strepy, christian social relations; Mrs. Andy Hutson, supply work; Mrs. S. W. Everett, membership; Mrs. E. V. Meador, publicity; Mrs. Everett, literature and publication; and Mrs. Lackey, finance.

Mrs. Rands presided at the business session that was followed by the pledge service program, "The March of Mission Dollars." Mrs. Everett had charge of the program and was assisted by Mrs. Griffiths, Mrs. Angell and Mrs. Meador, who enacted a one-act play.

Mrs. Griffiths served delicious refreshments at the conclusion of the meeting to nine regular members, and two new members, Mrs. Ray Cheek and Mrs. G. M. Bullard.

Homecoming Service Planned by Clairette Baptist Church

The Clairette Baptist Church will have a Homecoming Service Sunday morning, June 1, in connection with the annual Clairette-Alexander Homecoming. All ex-students are invited to attend Sunday School at 10 o'clock and the morning worship service at 11:00 o'clock.

During worship service Rev. Cecil McIntire, former resident of Clairette, and presently pastor of the Elmwood Baptist Church in Abilene, will be preaching. Ex-student, James Wadlington of Fort Worth will be leading the singing. Rev. Roline Chaney is pastor of the church.

NEW DAUGHTER

Mr. and Mrs. Melvin Ables of Fort Worth have announced the arrival of an eight pound, 10 ounce daughter, Melanie Jean, who arrived May 13.

Mr. and Mrs. Murrell Ables of Hico and Mr. and Mrs. J. N. Jones of Whitney are grandparents. Great-grandparents are Mr. and Mrs. Pedro Jones of Lanham and Mr. and Mrs. G. R. Ables of Hico.

Miss Kendall Hamrick Nominated for English Achievement Award

Final nominations have been made for the new high school English Achievement Award program, sponsored by the National Council of Teachers of English. The local nominee for these awards is Kendall Hamrick, daughter of Mr. and Mrs. H. D. Hamrick.

The aim of this Awards program, which is being sponsored in all 48 states, is to grant recognition to the nation's outstanding high school seniors for excellence in English. The students are nominated as juniors, and the Awards are made when they are seniors. The writing and the awareness of literary and communication techniques of each nominee will be judged by local state committees, and final Award winners will be chosen by the National Council and will be announced in January. The winners will receive recognition from NCTE and its 142 affiliated organizations, as well as in their own schools, and will be recommended to colleges as good candidates for scholarships.

Founded in 1911, the NCTE is a professional organization of teachers of English at all school levels. Currently the Council's membership-subscription list is more than 45,000.

Mr. and Mrs. Paul Cason and children of Fort Worth visited the past week in the home of his parents, Mr. and Mrs. J. J. Cason, and other friends and relatives here.

Mr. and Mrs. W. H. Brown Jr. and children of Fort Worth spent last week end with his parents, Mr. and Mrs. W. H. Brown Sr.

Merit Tests Taken By 13 Local Students

Thirteen Hico High School juniors participated in the National Merit Qualifying Test given throughout the nation on April 29. More than 300,000 high school juniors took the test and the top 10,000 will take final tests in August.

Outright scholarships will be given 1,000 students with the highest grades, and the majority of the other 10,000 finalists being given a scholarship to some college.

Jerry Hamrick, a student at Tulane University, was among the scholarship winners two years ago. The final results will be used by local schools as a guidance service for all students in their senior year.

Local students taking the tests were Kendall Hamrick, Winfred Vinson, Geoffrey Holladay, Roland Sherrard, Kay Jameson, Anna Lee Luckie, Bobbie Mayfield, Ronnie Hathcock, Gary Duncan, Buddy Ables, Robert Chandler, Morris Risenhoover and Gail Christian.

FUNERAL SERVICES HELD AT HAMILTON FOR MR. OSCAR BERRY

We were sorry to learn of the death of Mr. Oscar Berry of Hamilton, who passed away last Thursday afternoon at 2:30 at the Clifton hospital. Mr. Berry had been in ill health for some two years or more of a heart ailment.

Funeral services were held at the Riley funeral chapel in Hamilton with Minister of the Reagan Street Church of Christ officiating. Burial was in the IOOF Cemetery at Hamilton.

Mr. Berry was born in Bell County on April 11, 1886. In early manhood he was married to Miss White, and to this union five children were born, four sons and one daughter. He is also survived by two sisters, Mrs. Mittie Dickerson of Atlanta, Georgia, and Mrs. Head of Killeen, and several grandchildren. The bountiful floral offering and comforting message by the officiating minister bore tribute to the life he had lived. Mr. Berry enjoyed good gospel singing and attended the regular Sunday afternoon singings until his failing health overtook him. He very frequently accompanied the writer and the A. H. Sumerfords and we have surely missed him since he has been unable to attend, but we hope to some day join him again where there will be no sad parting and disappointments.

Mr. Berry was the father-in-law of Mrs. Stanford Berry, the former Velma Sills of Fairy. Our deepest sympathy is extended to those bereaved in his passing.

We were also very sorry to learn of the passing of Mr. Homer Jacobs of Stephenville, when we met our brother-in-law, Oscar Jacobs on the street there Saturday telling us of the death of his brother. Funeral services were held at 2 p.m. Saturday at the Trewitt funeral chapel in Stephenville. We went to the funeral home while there since we were unable to remain for the service. Mr. Jacobs was 64 years of age and is survived by his wife and several children. Also several brothers and sisters whom we extend deepest sympathy.

The latest report from the bedside of Irvin Jones, who suffered a heart attack recently was that he is thought to be some better but still unable to have visitors. His brother and wife, Mr. and Mrs. Leota Jones and other relatives were up to see him Saturday. We hope to hear that he is much better soon. Mr. Jones was teaching at DeSota, but resides in the Lanham community, and is in a Dallas hospital according to reports. He is expected to be confined to bed for some ten weeks.

Miss Martha Hanes of Dallas spent the week end with her parents, Mr. and Mrs. Frank Hanes and Mike.

Our school closed last Friday with a barbecue and basket lunch at noon. A large crowd was present and all enjoyed the program and get-together.

Mrs. D. E. Allison and daughter, Mrs. Wayne Pittman and Karen of Dublin visited last Thursday in the home of their sister and aunt, Mr. and Mrs. Carl Ray Sellers and family.

Waynand Allison of Baytown visited several days last week with his parents, Mr. and Mrs. Ed Allison.

Mr. and Mrs. Melvin Ables are the proud parents of a little daughter, born May 13. She weighed 8 pounds and 10 ounces, and has been christened Melanie Jean. Mrs. Ables is the former Margie Jones. Paternal grandparents are Mr. and Mrs. M. M. Ables of near Hico, and maternal grandparents are Mr. and Mrs. Neal Jones of Whitney.

Mr. and Mrs. Calvin Anderson and family of Grand Prairie visited during the week end with their

parents, Mrs. M. C. Anderson of Hamilton and Mr. and Mrs. Frank Driver of near Fairy, and also visited a while Sunday in the home of Mr. and Mrs. Frank Hanes and Mike.

The writer attended singing at Lamkin last Sunday afternoon, accompanied from Hamilton by Mr. and Mrs. A. H. Sumerford. Lamkin has taken over the fourth Sunday, formerly used by the Assembly of God Church at Hamilton. After singing hours we visited at the Willeford home with friends.

Mrs. A. R. Hoover of Hamilton spent from Monday until Tuesday in the home of her son, Mr. and Mrs. E. M. Hoover.

All faculty members of the Fairy School were retained for the coming year.

We have been having real summer weather for the past week. Farmers have been taking advantage of the rainless weather, finishing up the remainder of their row crop planting. Grain is ripening fast and seems the grain harvest is just around the corner. In fact we noticed some combining Saturday near the Leon River.

Those from here attending funeral services for Mr. Oscar Berry Saturday in Hamilton were the writer and Herman Sills. Other members of the Sills family were also over at the funeral home Friday afternoon. Mrs. Sills is employed at the Meridian hospital.

We did not get as many lots worked at the cemetery last week as we wanted to, as Mr. Brunson only got to work a few hours Tuesday afternoon, and had to go to plowing. However this scribe stayed on the job as much as

possible and worked the following lots: Will Jones, Henry Burden, Clyde Pittman infant, Hart-graves child, Joe and Minnie Abel, and other Abel lots adjoining, and W. F. Tyler lot. Johnson grass was cut on a number of lots. Most of the cemetery was also mowed.

We have not got to work this week due to doing a little catching up with mowing, hoeing the garden, the wash and other home chores, but hope to be able to work a little each day there the rest of the week, beginning Tuesday. We're writing a party at Carlton in regard to working some, as Mr. Brunson was at our home today and doesn't know just when he can come back to work. Please bear with us. We will get to other lots as soon as possible.

Our thanks to Mrs. Martha Burnett of Hico and her daughter, Mrs. Lucille Spinks of Midland for a donation of \$1.00 each for the cemetery fund, handed us last week while visiting at the cemetery, and also to C. M. Broyles for a donation of \$5.00, and a \$7.00 donation by Bill Lackey of San Antonio who left a check with Mrs. Brittle Little. We appreciate your thoughtfulness.

The donations of our ever faithful donors have provided the funds to keep our cemetery worked thus far and we appreciate your thoughtfulness so much.

We gave the address of Bill Abel, who had sent us a nice donation last week as Texas City. It should have been League City. We worked off Mr. Abel's parents lot Tuesday afternoon as our first lot for the afternoon. After Mr. Brunson had to quit we took over the mower and run it the rest of the week. It has been so hot this scribe can't work all day but puts in a few hours early and late.

We feel sure all are glad to see mills turning as it has been still for several days and some were

out of water. Please keep in mind our ex-student reunion to be held at the Fairy School on Saturday, June 14, beginning at 5 p.m. Help us to circulate it by telling your friends and relatives.

SALES TAX A THREAT TO TEXAS FARMERS

Much in the air these days is a word that turns stale the sweetest Texas spring breeze—taxes.

Consensus of opinion among many is that Texas governmental costs are rising above state revenues to such a degree that some new form of taxation will inevitably be the top order of business for the next legislature. And, sadly for the Texas farmer, the fashionable turn of tax talk lately has been for a type of general sales tax.

Any type of sales tax would impose on Texas farmers and ranchers a greater hardship than on almost any other occupational class. And they are the very people who can least afford it.

Farmers and ranchers must invest more money to produce their narrow profit margin than practically any other business, and most of their purchases are at the retail level where sales taxes normally occur. Regular purchases of every farmer and rancher on such essential items as feed and seed, farm implements, machinery and building materials could run

up a staggering tax bill—staggering enough, in fact, to deal the final blow to already - squeezed farm profits.

In addition to the burden of taxes paid on everything they have to buy to produce a crop and make a living, our farm people would also suffer along with everyone else on taxes paid out for normal living expenses.

Taxation which discriminates against a working class of people is unfair taxation.

Times are trying enough for rural people as evidenced by continued migration away from the farms. With mounting federal taxation besetting farms on one hand and rising production costs cramping them on the other, surely they must be spared an additional and unnecessary blow at the state level.

San Angelo Rites Held for Former Old-Time Resident

Funeral services for Howard B. Cox, 80, retired ranchman and first mayor of Stanton were held April 12 in Emmanuel Episcopal Church in San Angelo. Burial was in Fairmount Cemetery.

Mr. Cox was a former Hico resident.

He died following a heart attack in his Hotel Cactus suite.

Mr. Cox was born on a plantation near Baldwin, Miss., Jan. 1, 1873, and came to Hico and settled on a farm seven years later. He attended public schools here and at the age of 15 became a cowboy for the old L-7 outfit, owned by W. M. Connally and Son in Hamilton County.

Mr. Cox was married at Comanche on Aug. 10, 1901, to Alma

Meadows. Mrs. Cox died in 1936. Mr. Cox first came to San Angelo in 1897, working briefly for the old Cleora Smith Lumber Co. In 1898 he enlisted in Company E, 3rd Texas Infantry, for service in the Spanish-American War. He was mustered out of the service in the same year.

He owned, at the peak of his career, 300 cattle, 6,000 sheep, and 1,500 goats. Mr. Cox and the late W. D. Mitchell of Marfa were among the oldest Palomino breeders in the nation. At the height of his Palomino breeding activities he owned 150 Palominos and Quarter Horses.

First President.

The Texas Palomino Assn. was organized in San Angelo in 1939

and Mr. Cox became the first president. In 1941 he wrote the bylaws for the national organization, became its vice president and historian and later its third president.

In 1907 Mr. and Mrs. Cox moved to Stanton where he bought and sold farms and land for Higginbotham Brothers on a commission basis. In those days, livestock was running at large in the streets and Mr. Cox helped organize a chamber of commerce and launched the drive to incorporate the town and enact a stock law. Mr. Cox was elected the first mayor. He also served as school trustee, but left before his term expired, moving to Crystal City.

There he bought a lumber yard interest, but after two years moved to Cleburne. He moved to Barnhart in 1918, organizing lumber yards there and at Big Lake and Ozona. He later sold two of them

to the West Texas Lumber Co. of San Angelo.

Organized Bank.

He helped organize a bank at Barnhart, later merged with another at Rankin. He was elected commissioner from the Barnhart precinct and went into office in 1917. That term was interrupted by a move to Ozona.

He became a partner in several of the S. E. Couch enterprises, the Ozona Hotel Co. and was in the lumber and hardware business. He also branched into ranching, buying 15,000 acres known as the Live Oak Ranch in Crockett County. While at Cleburne he had traded for 2,500 acres in Reeves County, later leased to some of the major oil companies over a period of years.

He purchased the Mt. Livermore Ranch near Marfa in 1927, which comprised 15,296 acres.

Mr. Cox was named to the office of Price Administration board in San Angelo during World War II. He helped organize the Highland Hereford Sales and Rodeo, serving as president for two years. He served by appointment as land surveyor in Gaines and Martin Counties in 1908 and 1909.

He was president of the Business Men's Bible Class, a non-denominational unit, and a member of the Episcopal Church.

He retired about 1930, but engaged in ranching operations on occasion.

Survivors include Mrs. Alma Cox Mahon of De Leon, a niece, and Murray Cox of Abilene and Mrs. James Marberry of Midland, both cousins. Mr. Cox had two sons, both of whom died in infancy.

He was a brother-in-law of Mrs. Laura A. Cox and Willie Thompson Cox.

COUNTY AGENT REPORTS

By E. R. LAWRENCE

A short while back, an FFA ring was found at the stock show barn at the old fair grounds and turned in to me. If any of you know of an FFA boy who has lost it, will you tell him to let me know and I'll get it to him.

Now is a good time to go over your cotton spraying machinery and get it in working shape. Clean out the nozzles, replace old broken lines, check the pump and see that the entire piece of equipment is in shape to work.

Lots of hay is being cut at this time and I believe we are cutting more oats for hay than we have in some time.

Bill Stearman, Fairy, and I went over to Cleburne last Friday for the day to attend the field day of the Pioneer Performance Testing Association. This group of cattlemen who are checking the weaning weights of their calves, grading them and then making their selections for those they are going to keep in their breeding herds.

The cows of the calves to be worked were in a small pasture and those attending the field day were given a chance to work through the cows and pick out those cows that would produce or

had produced the best calves. Of the many many good cattlemen present, none were able to pick the cows that had produced the better calves. Performance testing is something that is gaining over the nation and many calf buyers for northern feeders are asking for these kind of calves but they can't find them in very large numbers.

It is known that some cattle, no matter how well fed, will not gain more than one to one and a half pounds per head per day. Too, it is known that this is bred into the cattle as the breeding program goes along. By checking calves at weaning age or time, the better gaining ones are located and these can be retained in the herd for future breeding cows.

As the calves are weighed and come off the scales, three stockmen grade them according to grades of fancy, choice plus, choice, choice minus and good. Weights and grades are tabulated on a form and the weights adjusted to 205 days of age for each calf. From this information the breeder makes his selections for keeping and culling.

Stearman is getting ready to do this on his next set of calves and follow it from then on.

The program is not too much trouble to carry on but the stock raiser does have to mark each calf and its mother so they can be matched at weaning time. And too, he has to keep the date the calf was dropped as the age of the calf has to be known at weighing time.

I've mentioned several times about the use of some of the new insecticides that we are using from time to time.

I have not meant to scare any one about them but do believe we should all use the precautions as given on the container any time we spray or dust. They are safe to use when used as directed by the manufacturers. It is when we get careless that they are dangerous.

CARD OF THANKS

We wish to express our sincere appreciation to all of the doctors, nurses and entire Hico City Hospital personnel for their wonderful care and attention while Larry was a patient in the hospital.

Mr. and Mrs. Neil Price.
