Plans Progress For 72nd Reunion; Date Set for Booster Trip

Plans are progressing daily for the 72nd Annual Old Settlers Reunion, dates for which have been set for July 30 and 31, and August 1 and 2.

Reunion Manager Harold Walker announced this week that the annual Booster Trip would be held Thursday, July 24th, the week before the celebration formally opens. Plans are being made to have a large group of local business men accompany the caravan, which will stop at all towns in this immediate area. A full schedule of towns and time of visits will be given at a later date.

Walker also reported on the entertainment which has been lined up for the four nights. Wednesday night, first day, is still open, but will probably be filled within the next two weeks.

On Thursday night, Walker has commitments from The Stroud Sisters and Johnny Duncan, a group of entertainers from Dublin

who have made quite a name for themselves in the entertainment field. The Stroud Sisters are a quartet that has performed at Hico before, and who have made several records. Duncan has also been credited with several records, several of them best sellers.

Friday night is the traditional time reserved for square dancing, and dancers from several surrounding towns will be invited to attend. Members of the Bluebonnet Square Dance Club of Hico will perform.

Saturday night, final day of the event, is reserved for the traditional Old Fiddlers Contest, which has proven so popular in the past. Invitations are being sent out to every old fiddler who has performed here before, and a full slate of entertainment is in store.

Also on Saturday night drawings will be held for the valuable merchandise which will be given away by local merchants who have purchased display booths during the Reunion. In the past several hundred dollars worth of merchandise has been given away.

Walker reported this week that all but eight of the display booths had been placed, and any merchant or individual desiring space should contact him at once. All of the 28 spaces are expected to be sold before the starting date.

Hico Civic Club took over operation of the Reunion Association this year after the resignation of Weldon Pierce as manager. All proceeds derived from the celebration will go toward the betterment of the town, and will be used for the many worthwhile projects of the club.

The cold drink concession, which has been operated by the club for the past several years, has been donated to the Hico Volunteer Fire Department, who will use funds from the concession for the welfare of the department, and for the Firemen's Retirement Fund.

Several other phases of entertainment are in the talking stage at this time, and further announcements will be forthcoming on these.

SEALS RETURN FROM FLORIDA VACATION

Mr. and Mrs. Roy Seal have returned home following a two-week vacation to Florida and Oklahoma. They were accompanied to Florida by their sons, Don and Dan, where they visited Mr. and Mrs. A. H. (Red) McCook in Bruce, in Oklahoma they visited in Okmulgee with Mr. and Mrs. D. E. Sweeney.

Funeral Services Held Last Thursday For Mrs. Koonsman, 87

Funeral services for Mrs. Elizabeth Koonsman of Waco were held at 3 p.m. last Thursday, June 12, at Stephenville Church of Christ, Minister Ralph Starling officiating. Burial was in Hico Cemetery.

Mrs. Koonsman died June 11 in a Waco hospital. She would have been 88 Thursday.

She was born in Mississippi and moved to Erath County when she was 16. She was the widow of Stephenville ranchman, Will Koonsman, and had lived in Waco for the past 15 years.

Survivors include five daughters, Mrs. C. G. Alexander, Mrs. Louie Howerton and Miss Faye Koonsman, all of Waco; Mrs. Betty Warren of Stephenville; and Mrs. Stella Webb of Long Beach, Calif.; five sons, Edward Koonsman of Iredell; Homer Koonsman of San Jon, N. Mex.; Charles Koonsman, Raymond Koonsman, and W. H. Koonsman, all of Stephenville.

LOCAL MAN SERVING ABOARD NAVY DESTROYER SHIELDS

Portland, Oregon.—William L. Eubanks, fireman, USN, son of Mr. and Mrs. Dewell O. Chew of Route 6, Hico, aboard the destroyer USS Shields, visited Portland, Oregon, for the 50th annual Rose Festival during June 11-15.

Participating ships were open for general visiting, and crew members took part in festival sports and social events as the guests of the City of Portland.

Mr. and Mrs. Raymond Lowe and son, Mike, of Conroe visited here the past week with relatives and friends.

Home Town Club Has 11th Annual Meeting Last Thursday and Friday

The Hico Home Town Club members, who returned on June 12 and 13 for their annual get-together, proved once more to the present Hico citizens their true feelings about their old home town and friends here.

After an informal meeting on Thursday afternoon at Bluebonnet Country Club, where greetings of old friends took place and where a picture of the entire group was made, they left to meet again at eight o'clock that night for the banquet, held in Fellowship Hall of First Methodist Church.

The master of ceremonies for the banquet and program following was Herbert Sellers. Since the general theme for this occasion was reminiscent of former school days, he called the group together by ringing an old-fashioned brass school bell. Several other bells, slates, and various early school books, including an old blue-back speller, were used as decorations on the long banquet tables. The flowers on the tables sent by Charlie Wiseman and his wife, who were unable to be present, were later given to Adah Ridenhower Jackson and Fannie Wood. Constance Allen gave the

invocation. The members were grateful to the ladies of the church for the delicious food and their efficient service, and to Herbert Sellers and Ernest Barrow, who paid for the dinner.

Following the meal, Mr. Sellers formally welcomed the group, and Quata Woods responded. Then, along with the recognition of former members who are now gone, a special tribute was paid by Mary Overall Conley to William F. Hooker, whose death has occurred since their last meeting.

With the members standing for the singing of "Auld Lang Syne," guests present for the first time were welcomed by the singing of a parody on "Happy Birthday."

Each expressed joy at being present.

Brief talks on "What Happened—When, Where, and How" were given by Fettle Weaver Yager, John W. Tabor, Ernest Barrow, and Adah Ridenhower Jackson, after which Laura Alford Cox and Thoma Rodgers, accompanied by Laura Tabor Burris, sang a duet, "Way Down Upon the Bosque River."

The lyrics are as follows:

Way down upon the Bosque River
Is our "Home Town";
It is the city of our school days,
And so in June we come down.

All up and down the whole creation
We live apart,
Still longing for the scenes of
school days
That are so dear to our hearts.

CIVIC CLUB MEETS WEDNESDAY NOON

Members of Hico Civic Club will meet in regular session Wednesday, June 25, at Kirkland's Cafe. All members are urged to be present at this very important club meeting.

Chorus
All the lessons we worked hard on,
Through those years in school,
Taught us to be much better pupils
And live the Golden Rule.

Chorus
Oh, dear schoolmates, aren't we happy
To be here this year
In this our "Hico Home Town" meeting
And renew friendships so dear?

After a resolution was passed expressing regret that the founder of the club, Alsey Alford of Loving, New Mexico, could not be present, the group stood, joined hands, and sang "God Be With You Till We Meet Again." Along with the ten year growth of the club—from eight members to over fifty—enthusiasm has mounted with the years.

Those from out of town attending the festivities included Quata Woods and her mother Mrs. Ella Woods, Fettle Weaver Yager, Clara Weaver Burnsides, Constance Allen, John W. Tabor and wife.

IT HAPPENED HERE OR NEAR—

Kids Have Answer for Everything

By E. E. DAWSON

I like kids. I mean these diminutive beings that human beings beget and rear, and not the offspring of goats. All kids interest me, male and female, fortunate and unfortunate, rich and poor. And they pull off many a good one that will make you laugh and give you a lift and maybe an idea. Here is a list of very short stories that I have accumulated about kids. I imagine you will enjoy them just as I have.

A first-grade little girl was home from her first day at school. Her daddy was teasing her a bit and asked, "Well, did you learn anything, today, honey?" he asked. "No," she replied, "I've got to go back tomorrow." Of course she did not realize how many tomorrows she would have to be going back in the matter of accumulating knowledge.

Among the stories told of the Bronte sisters, Emily and Charlotte, English writers of lasting fame, is this one told of Emily. The father of the Bronte sisters was a clergyman. One day when Emily was about eight years old, the father was explaining the scenery out on the moors, and wishing to impress upon the child the renewal of the earth with new growth, asked, "What is here which was not here a hundred years ago?" And little Miss Emily promptly replied, "Me."

In the Museum of Natural History in New York City, a father was explaining the evolution of the horse's hoof to his young son. The little boy grew restless, and tugged at his father's sleeve and said, "Daddy, turn off your mind. Let's go see the whale." I suspect you feel that way about some speakers you hear sometimes that get started telling about some-

thing that does not interest you and you wish they would turn off their minds.

A child's remark makes us raise questions about ourselves and about our church. A little girl walking along the beach at the seashore accidentally stepped on a crab. Her mother asked whether the crab was dead. The little girl

First Methodist Church Schedule Changed

Members of the official board of First Methodist Church voted Tuesday night to change the starting time of the Sunday School from 10 a.m. to 9:45 a.m.

Morning worship will commence at 10:50 under the new schedule. Members are urged to take notice of the new starting time, which will be in effect Sunday, June 22.

replied, "It is nearly alive." Well, you've seen churches that were "nearly alive" but likewise altogether dead, lifeless.

And here is a child's fairy tale that is loved by children. It is entitled "The Enchanted Penny." It tells of a penny of magical properties, so that every time the penny was spent, another appeared in its place in the purse. A person could spend it over and over and always have a penny in his purse. Alas, I never had an enchanted penny. When I spent one it was gone for good.

A boy in grammar school was writing an examination in the physiology class. To the question, "What are the principal parts of the eye?" he answered, "The principal parts of the eye are the mote and the beam." You can say one thing for that boy, he had read some of the Scriptures. But as a matter of actual fact, he was not so far wrong, for everyone of us have at least a mote in an eye, and we suspect some of have a beam of considerable size that limits our vision.

And here is the final story, which we quote as we read it. "A few years ago newspaper dispatches described a boy who had had an operation for an unusual derangement of the eye. His trouble was that he saw the world upside-down. The papers reported that the operation resulted in normal vision. In a figurative sense many people see the 'world upside down.' The important things that ought to be at the bottom of our concern are on the top, things like wealth, prestige, power. The important things, moral character, unselfishness, religious devotion, which ought to be on top, are on the bottom of their interest."

Former Lanham Resident Passes Away At Lampasas

We were very sorry to learn of the death of Mrs. Buster Hendrix, who passed away last week in a Lampasas rest home.

Mrs. Hendrix was a former resident of the Lanham community and was the former Ida Streater.

Funeral services were held last Wednesday morning at 10 o'clock in Hamilton, with burial in the IOOF Cemetery.

Mrs. Hendrix was born Sept. 4, 1882 in Bell County. She was preceded in death by her husband,

who passed away last year, and one daughter. She is survived by four daughters, Mrs. C. Waters of Brownwood; Mrs. Gayle Ripley of Lampasas; Mrs. Amyle Fuqua of San Antonio; and Mrs. Kathleen Ammons of Johnson City; four sons, C. K. of Thordale; T. E. of Houston, Price of Westbrook; and G. P. of Winters; 14 grandchildren and 9 great-grandchildren; four sisters, Mrs. Docia Leonard of Meridian; Mrs. Ruth Manning of Fort Worth; Mrs. Cordia Herring of Abilene; and Mrs. Minta Crosby of Fort Worth.

Mrs. Hendrix was an aunt of J. T. Leonard of Fairy. Our sympathy is extended to those bereaved in her passing.

Fairy Ex-Student Reunion Declared Huge Success

The ex-student and faculty member reunion Saturday night was a great success, with some 350 to 400 present. However, most were those from the year 1920 and up, with only a few present from the early 1900's. These were W. E. Goyne, Elmer Jones, Lee Adams, Mrs. Grace (Purdum) French of Hico, Mr. and Mrs. E. M. Hoover, Roscoe Purdom of Stephenville, Mrs. Mamie Leath Appleby of Meridian, and the writer.

We hope to have more of the early 1900 students present for our next meeting, although most of the faculty members have passed away.

Prof. Hanes, supt. of the Fairy School, and D. E. Allison of Dublin had charge of the program. Mr. Hanes gave the welcome address, and Robert Rachui gave the invocation.

Election of officers followed, with D. E. Allison of Dublin being elected president, Robert Rachui, vice president, Miss Dorothy Streater, secretary, and Mrs. Lucille Brummett, reporter.

After the election a screening of the attendants for the oldest ex-student of Fairy and the seven consolidated districts was held. These districts are Agee, Willow Grove, Mt. Pleasant, Dry Fork, Gum Branch, Long Point and Falls Creek.

W. E. Goyne was the oldest ex-student of the Fairy school present, his first attendance dating back to 1896. Mrs. Britt Little, who was unable to attend, is the oldest ex-student of the Fairy school still living as far as is known. She attended the first school at Fairy, taught by Capt. Battle Fort in the year 1884.

Walter Porterfield was the oldest ex-student present from the Long Point school; Frank Driver of the Willow Grove school; Ed Allison of the Mt. Pleasant School; Frank Griffith of the Falls Creek school; Mrs. Ruby Brummett, ex-teacher of the Gum Branch school in 1938; Mrs. Lester Smith of the Lanham school in 1918. All of the above were awarded awards. Also Mrs. Ed Allison, who had perfect attendance for the first three weeks of the first school term for her son, Texie, who seemed to have to have mother along until he got started off.

Ex-teachers present, whose names we received were Mrs. Bonnie (Chumney) Parks, Mrs. Lucille Brummett, Mrs. J. J. Jones Jr., Mrs. W. E. Goyne, Mrs. Wilma (Carraway) Gaskey, Meridian, Mr. and Mrs. Tommie Harper of Goldthwaite and Boyd Lowry of Liberty Hill.

Mrs. Ruby Brummett represented Gum Branch where she taught

meeting and program was enjoyed by all present.

A birthdate which we have overlooked giving was that of our little great-granddaughter, Karen Pittman of Dublin, who celebrated her first birthday Monday, June 16, with a party at her parents' home.

Mr. and Mrs. Carl Ray Sellers and Janice visited Sunday afternoon in the home of his parents, Mr. and Mrs. N. S. Sellers of Hamilton.

Mr. and Mrs. H. O. Richardson and Jerry visited Sunday in the home of her sister, Mr. and Mrs. Lawrence Adams of Hamilton.

The following visited with relatives here during the week end and attended the ex-student meeting at Fairy.

Mr. and Mrs. E. L. Parks and daughters and Mr. and Mrs. Milford Miller and Ronald of Fort Worth visited with their mother, Mrs. M. E. Parks and Audie.

Mr. and Mrs. Luskie and children of Dallas, Mr. and Mrs. Fred Duncan and baby of Irving, and Mr. and Mrs. Sidney McKandless of Fort Worth visited with their parents, Mr. and Mrs. Olga Duncan.

Mrs. Reubin Anderson and daughter, Thelma, Mr. and Mrs. Elton Massengale and Mrs. Maggie Colson visited in the H. R. Brummett and Jud Massengale homes.

Mr. and Mrs. Dalton Driver visited in Frank Driver and H. H. Wolfe homes.

Mr. and Mrs. Morton Jameson and family visited in the L. V. Houser home.

We feel sure many others visited in Fairy homes which we failed to record.

Mr. and Mrs. W. E. Goyne spent Saturday night at their home in DeSota and attended a family reunion at Kennedale on Sunday.

They also visited with Mr. and Mrs. Irvin Jones while at DeSota and report Mr. Jones to be recovering nicely from a recent heart attack.

We have much cooler temperature Tuesday following showers received late Monday, after a day of hot humid temperatures.

We also received light showers Sunday afternoon, making a total of around an inch of rain which will be very beneficial to row crops. More showers are predicted for the week.

Mr. and Mrs. Harvey Little of Oklahoma City spent the week end with his mother, Mrs. Britt Little. Their daughter and family, Mr. and Mrs. Herbert Ward, Lyn-

ette and Eddie of Oklahoma City also visited a while Sunday with their grandmother. They were here to attend a family reunion of Mrs. Ward's relatives at Clair-ette.

Mr. and Mrs. Gonzales Rivers and son of Salisbury, N. C. are visiting her parents, Mr. and Mrs. Walter Abel and other relatives during their vacation.

Bill Abel and nephews, Billy and James Abel, made a vacation trip to Atlanta, Ga., Birmingham, Ala., and many other points of interest recently. They visited the Gen. Grant Museum at Atlanta. It had been 62 years since Bill had been here and stated there was quite a change. They also visited at Eastaboga, Ala. with relatives of James' and Billy's mother, Mrs. Walter Abel.

The writer attended singing at Warren's Creek Sunday afternoon and also visited at the Williford rest home with friends.

The writer was a business visitor in Stephenville and Dublin last Friday.

Nona Brunson worked last Thursday morning finishing up the rest of the lots on our list. These were two Proffitt lots, Parker lot, Ellis Adams, Akin, Henry Burdard lots, Joe and J. T. Abel lot, and the Audry Pitts grave. While at the rest home Sunday we met Mrs. Kate Edwards who handed us \$5 for the cemetery fund. Mrs. Edwards is the former Mrs. Kate Hail Litch. We appreciate Mrs. Edwards' thoughtfulness in the interest of the local cemetery.

Mr. and Mrs. Louis Abel and Miss Gwen Jackson of Grand Prairie spent the week end with their parents, Mr. and Mrs. J. T. Jackson and other relatives.

To the Editor

Dallas, Texas

Dear Mr. Meador:

Enclosed is a check for three dollars for which please renew my subscription for the Hico News Review for one year and send me five extra copies of the issue that contains the writeup of the Hico Home Club meeting held in Hico on June 12 and 13. My mother, Mrs. A. J. Woods, and I attended this meeting. I called at the Review office to renew the paper in person, but read in the home paper upon my return to Dallas that you and Mrs. Meador were attending the State Press Conference in Dallas.

Sorry to have missed you. Sincerely,
Quata Woods.

Las Vegas, Nevada

Dear Bette and Buck:
Just 10 years ago we were graduating from high school; where has the time gone?
Do so enjoy the paper and thanks for sending it even though the subscription had expired. We look forward to Mondays when it usually arrives. Enjoy reading your views even though we disagree on the segregation issue.

Thanks again for allowing us to be on your mailing list. If ever out our way, stop for a visit.

Sincerely,
Janelle Dowdy Loden.

Pottsville, Ark.

Dear Buck:
Guess you thought I wasn't going to send you any money. We sure want to keep the paper com-

ing. We have been awfully mixed up since Dad passed away. It sure was a shock but still we have so much to be thankful for. Daddy was a good Christian and he didn't have to lie and suffer.

Hope everyone is doing alright around there. I don't guess we

will get to make it down summer. All you people will come up and pay us a visit. Well, keep the news rolling we really enjoy reading about people there.

Your friend,

Derrell

Carlton Graduates of 1937 Hold Reunion June 7th

The Senior Class of 1937 met at the Carlton High School, Saturday, June 7, at 7:30 p.m. for a class reunion.

The invocation was given by Rev. Charles Becton, pastor of First Baptist Church.

Kenneth Brimer, class president, served as master of ceremonies. Roll call was given by Mr. Vernon Baker, supt. of Carlton schools after which each member of the class introduced their families.

Mrs. J. D. Moring read the class prophecy of 1937. Then each member of the class gave a brief history of their life since '37.

Kay Funk, daughter of one of the graduates, played two numbers on the piano. Then a brief intermission, in which punch and cookies were served to a host of friends and relatives, with Mrs. Brimer and Mrs. Fine assisting at the serving table.

Special music was rendered by Miss Kathryn Lackey. After the intermission a poem, "The Girl in the Moon" was given by Homer Cozby, also author of the poem. A short travel movie was shown by Loyd Funk.

The benediction was given by Thompson.

Iredell Baptists Commence Building Program This Week

Construction of the new educational building at Iredell Baptist Church will begin immediately. The church in regular conference Sunday night told the building committee to complete the new addition as soon as possible.

Mr. Harlon Lynch has been hired as building supervisor and will be in charge of construction. Volunteer labor will be employed; the men of the church plan to do the major part of the work.

The new building will extend 70 feet west of the existing structure, being joined to the present educational building. Four new departments will be housed in the building, providing new facilities for children and young people ages 4-16. The plans call for a new kitchen and for a dining-fellowship area that will seat 100. A covered porch will run the length of the new structure and will permit entrance from the outside to every room in the building.

The present building will house the nursery, for children under three, the young people's department, ages 17-24, and the adult department, 25 and up.

Leveling and laying of the foundation will begin within the week. Any who wish to volunteer labor for the building should see Mr. Lynch or Charles Rice, pastor.

NEW SMALL CANNED HAM

Ham is a favorite of homemakers for serving guests and it is so convenient to have on hand for unexpected company.

Small canned hams, many of them imported, have been on the market previously. These hams have been fully processed at a fairly high temperature.

To avoid this problem, a way was found to process the new small canned hams safely at lower temperatures.

Processing of these hams is just the beginning. They should be popular with those who like the convenience of ready-to-serve boneless hams but find the 6-pound hams too large.

CHECK LABELING ON MAN-MADE FIBERS

Fabrics of man-made fibers rate high in popularity with today's homemakers. Their so-called easy-to-care-for qualities are in great demand.

Here are interpretations from manufacturers of labeling terms often used with reference to these fabrics:

- 1. Wrinkle-resistance, a term often used, should not be confused with wrinkle-proof.
- 2. There is a difference between permanently and durably pleated fabrics.
- 3. Altering nylon fabrics may present some problems.
- 4. Fabrics of man-made fibers are often labeled as moth-resistant.
- 5. Directions for pressing are often misinterpreted.

RECIPE OF THE WEEK

COOL CUCUMBER MOLDS

1 package lime flavored gelatin three-fourths cup boiling water one-fourth cup lemon juice or vinegar 1 teaspoon onion juice or grated onion 1 cup sour cream 1 cup finely chopped or shredded cucumber half teaspoon salt Salad greens Mayonnaise

Whew! Summer heat is here for sure. Are you all getting your jars and freezers full of vegetables and fruits for the next year?

HERE IS THE RECIPE THAT IS IN OUR EXTENSION BULLETIN FOR BEET PICKLES:

- 1 gallon beets 2 cups sugar 1 long stick cinnamon 3 and one-half cups of vinegar 1 tablespoon allspice (optional) 1 and a half cups water

ningham from Ireland brought me some cucumbers that were so very nice. I put them all up in Bread and Butter form. I use this recipe every year:

- 25 large cucumbers 12 onions, white, medium half cup salt 1 pint vinegar 2 cups sugar 2 tablespoons mustard seed, white 2 tablespoons ginger 2 tablespoons turmeric powder

CENTENNIAL DRESSES

There has been quite a parade of Centennial dresses up these courthouse stairs today—Monday. We had our Hamilton County Home Demonstration Council meeting today and most of the ladies wore Centennial dresses.

Mrs. W. A. Moss of the South Hico H. D. Club was a visitor and she wore her mother-in-law's old bonnet.

It was decided that of the costumes here today that Mrs. Price Gardner of the Blue Ridge Club had on the "cutest," and Mrs. French had on the most "old fashioned."

It was a lot of fun for everyone. Although we wondered how our grandparents could stand the summer heat in those long sleeves and long skirts.

Turner Family Reunion Held June 15th At Community Center

The Clairette school building was the scene of the Turner family reunion Sunday. All the sisters and the one brother were present

for the occasion.

These are Mrs. Willie Baldwin of Hico, Mrs. Zollie Hardin of Oklahoma City, Mrs. Sallie Craig of Denison, Mrs. Allie Little of Oklahoma City, and Henry Turner of Stephenville. Also present were the four sons of Mrs. Maude Stipe, deceased sister of the Turner chil-

dren. It was also Henry's 70th birthday, and he received several gifts and cards, and most prized of all was the card and letter he received from an old friend and neighbor, Mrs. Nora Reagor Read of Waco.

After lunch was served, the group of sisters and brother-in-laws, nieces and nephews, children and grandchildren, enjoyed visiting and taking pictures and singing.

Forty-nine were present for lunch. Friends of the family called and visited with the family a while during the day.

The group decided to make this

gathering an annual affair and organized and elected Harvey Little of Oklahoma City president. Mrs. Willie Baldwin of Hico was elected secretary of the group.

The report came from all present that they enjoyed the day, and expressed their desire to continue having the gathering. Many of the descendants of the family were unable to attend this year.

Each returned home looking forward to the gathering next year. (This writer and husband have a special invitation to attend next year. Mr. Harvey Little of Oklahoma City and this writer were classmates and graduated together from Clairette High School in 1918.)

Larry Erick Accidentally Shot Late Saturday Afternoon

Larry Erick, grandson of Mr. and Mrs. Herman Roberson, was accidentally shot Saturday afternoon in his right arm, when a gun which Johnny Haley had in his possession accidentally discharged.

The boys quit work about 6:30 Saturday afternoon and went to Greens Creek for a swim. The accident occurred there.

The bullet went through his arm and it is believed that the bone is shattered.

He was rushed to the Hico Hospital where he will stay a few days. His parents, Mr. and Mrs. Sherman Reed and baby of Fort Worth, also Mr. and Mrs. Franklin Roberson and baby and Mr.

and Mrs. Buster Roberson and son of Granbury, and Mr. and Mrs. Wayne Garner and girls of Selden visited with Larry and their parents, Mr. and Mrs. Herman Roberson, Sunday.

WHEN YOU ORDER Out of Town Printing

CONSIDER THESE FACTS—

The salesman most likely won't tell you, but the customer is required to pay postal, express or freight charges for delivery—an item you MUST figure in the cost of this printed matter. When you buy from your local printer he delivers your printing to your door without additional charge.

You should consider, too, the reciprocal angle—and this should be one of the more important considerations. Does the out-of-town printer buy from you, making it possible for you to make a profit on his purchases? Does he pay local taxes to help support your local government; to provide schools, police and fire protection, operation of your Civic Club, your churches, and the other numerous local organizations?

Is the out-of-town printer in position to help you promote the many local civic projects so necessary to a growing community? Your home town printer is ALWAYS willing to join with you in promoting a better community—through newspaper publicity and actual promotional work; and digs down in his pocket to help you furnish cash when needed for community projects.

After considering all angles, DO YOU REALLY GET A BARGAIN in out-of-town printing?

Chances are, too, your local printer can do the job just as cheap, possibly cheaper, than out-of-town concerns. He has a large investment in equipment, and is always willing to turn out that RUSH JOB on printed matter. He has connections too, whereby he can supply the mass production jobs, register forms, salesbooks, etc., just as cheaply as you can buy anywhere.

The same holds true in office equipment—desks, filing cabinets, storage cabinets and the like. If he does not have it in stock he can get it to you just as quickly as the mail order house. Here, too, he makes a profit which is re-invested with community businesses.

MONEY SPENT AT HOME STAYS AT HOME—AND ISN'T IT A PLEASURE TO DO BUSINESS WITH YOUR NEIGHBORS!

D-DAY FOR GRASSHOPPERS AND FIRE ANTS

The Texas Department of Agriculture has declared open war on two major farm pests—grasshoppers and the imported fire ant—and is engaged in active battle on two vital fronts in East and West Texas.

The two enemies are being engaged in separate campaigns benefiting their individual tactics. The grasshopper, an ancient foe, has been met in a pitched battle in several Panhandle counties with a mechanized force of eight federal-state spray units. These units are working along major roadways to prevent organized movement and regrouping of hopper offshoots in highly strategic points such as field crops and rangelands.

On the eastern front, federal-state "demolition" troops are waging more subtle warfare on the imported fire ant through means of a federal-state quarantine recently imposed in six East Texas counties. A new adversary, the native South American fire ant first began its march on Texas last year after having been introduced into Alabama several years ago.

Natural movement of the ant is rather slow; however, "subversive" movement by means of mechanical transportation of soil from one area to another provides a quick free ride into unconquered territory. Therefore, the new anti-campaign will involve a complete check on movement of all products capable of carrying the fire ant from the quarantine counties into uninfested areas.

Although grasshoppers far outnumber the fire ants and are capable of doing more actual crop damage, the hoppers are not ordinarily so bothersome. The fire ant is notorious for both its pain-

ful bite and sting and does most of its harm through discomfort caused to humans and animals. In heavily-infested areas, field work by farm laborers is extremely difficult and sometimes impossible.

In addition to the initial spray entrenchment against the grasshoppers along Panhandle highway right-of-ways, an air attack involving spraying of at least 500,000 acres of privately-owned rangeland has been approved. Counties involved in the grasshopper campaign include Dallam, Sherman, Hansford, Ochiltree, Hartley, Moore and Hutchinson.

Fire ant quarantine counties include Jasper, Newton, Tyler, Hardin, Jefferson, and Orange.

Don't forget that Friday, June 20th is the day to vote on the wheat referendum. Ballots will be cast at the ACS office.

Monday, July 7, at the J. W. Adams ranch south of Shive, there will be a meeting for the goat raisers of the county. The meeting will start at 1:30.

Demonstrations will be given in selection of goats for the breeding flock; grading mohair; and drenching for the control of internal parasites. Control of external parasites will also be discussed.

Mr. Jim Gray, Extension Animal Husbandman of the A & M College will assist in the demonstration. Mr. Hubert Viertel of Cranfills Gap is furnishing goat fleeces to be used in some of the work.

One fleece has been oiled, one has not, and then there is another yearling fleece which will be used. These fleeces are now at the Wool and Mohair Laboratory at A & M being scoured for the meeting.

We have heard lots about the effects oil added to goats has on the sheared fleece. Well this will be shown at the meeting.

The Adams ranch is on the north side of Vista Mountain. Road signs are up and his place is not hard to find. Just follow the signs, Monday, July 7, at 1:30 p.m.

IT'S THE LAW in Texas A public service feature of the State Bar of Texas

UNSOLVED PROBLEMS

For centuries men wanted perfect laws. For them, change was sacrilege.

For example, the Romans enjoyed the fiction that their law merely interpreted their first, changeless, Ten Tables.

Today we know that on lawgivers can force how their laws may fail, and so we provide for basic changes in our Constitution, and by two methods:

1. By a two-thirds vote of each House, Congress may send a proposed amendment to the state legislatures for ratification.

2. As yet unused, the second method would allow Congress "on the application of the legislatures of two-thirds of the several states" to call a convention for proposing amendments.

Trying to follow the second method, the lawmakers of 32

ton, planted about 20 acres of button clover last fall that he has grazed with his milk cows through the winter. He is allowing the clover to seed and will combine it as soon as it is ready, which will not be too long from now.

Wesley Garrett, another dairyman on Route 3, also has a field of button clover which he is harvesting for seed in a day or so.

Grasshoppers are bothering some places and can cause considerable damage if not controlled. Here are some insecticides that will control them:

Dieldrin—two-thirds to one and a third pint per acre; Aldrin—1 to 2 pints per acre; Toxaphene—1 to 2 quarts per acre; Heptachlor—1 to 2 pints per acre.

Livestock should not be permitted to graze where these materials have been used.

For some of you with apricot trees it might not be too late to cull some of the fruit off them so they will mature a better crop. I have never seen trees put on so much fruit as the apricots have this season. Most have more fruit than they can carry to mature fine fruits.

Trips have been giving cotton a fit and I believe they are worse this year than they have been in many years. Flea hoppers will be coming into the fields in a few days so might be on guard for them.

It is important to know how many gallons of liquid your sprayer will put out per acre to do a successful job of controlling insects with sprays.

Aphids and red spiders are also in some cotton fields, but not in damaging numbers yet.

states—or two-thirds of them—have approved resolutions for a constitutional amendment to limit income taxes. You might think that Congress would have to call the convention to amend the Constitution.

But meantime, eleven states have turned around and rescinded their approval; and governors of two other states have vetoed the legislative acts.

Query: Have two-thirds of the legislatures applied to "call a convention"? Are all the state resolutions now in force? And if so, how does one make Congress call the convention? No Founding Father, it seems, had foreseen such a problem.

Even the U. S. Supreme Court in 1939 found such questions "political" and not "subject to judicial guidance."

Maybe each age should have such problems to think through. They might teach that even our best laws stand study and improvement.

A NEWSPAPER WAS A RARITY IN MANY AMERICAN COMMUNITIES!

Then—a newspaper was a thing to be marveled at—for memories of the Press' fight for freedom were fresh in mind. Although newspapers are common in our country today, their existence should not be taken for granted. It is a wonderful fact that almost all of our modern communities have their own hometown newspapers, freely edited by members of their own communities—spreading the news, stimulating the business of the community, and keeping their readers informed of important events elsewhere. It is well to keep in mind that a free press and a free people are an unbeatable team.

The sow being used belongs to M. I. Knudson, and on June 9th she farrowed 16 pigs, thirteen of which are still living. Another sow owned by Knudson which is being raised in the conventional manner, farrowed sixteen pigs ten days earlier, and only six are left. The sow and pigs will remain on display at Lackey Bros. until they are five weeks old.

that will be needed to care for the cemetery, no assessments have been made.

The committee believes there are enough people that want to see this cemetery cared for that contributions will take care of the need. However if they do not, assessments will have to be made.

Two successful workings were held May 2 and May 9. Many have contributed work at other times. And are still doing so as they have spare time. There is much work that needs to be done re-

pairing graves, picking up rocks, filling holes, and leveling.

The committee has purchased a heavy duty power mower to care for the cemetery, and it has been mowed for the second time.

If sufficient funds are kept to hire a man to operate the mower, the Duffau Cemetery will be kept during the growing season with the mower.

Friday, June 27, is the date set for the next working. Bring wheel barrows, shovels, rakes and pick-ups to finish clearing rubbish, and hauling dirt to fill holes.

If you have loved ones buried in this cemetery we hope you will cooperate in every way possible. Your help is needed.

The committee would like to take this opportunity to thank each one that has contributed in any way. The secretary has tried to acknowledge each contribution but some have been missed for lack of address.

Highlights of Centennial Pageant Listed by Director

Entertainment for the young and old will be depicted in the Hamilton County Historical Pageant to be presented on the nights of July 4th and 5th with the same show to be exhibited the two nights.

The Pageant will be composed of 15 episodes that will hit the high points of history in Hamilton County in its progress through the years. Each episode will be sponsored by a town or community in Hamilton County and will be filled with historical facts.

The Queen and the Princess and their court will enter the scene with as much pomp and grandeur imaginable, amid tempoed music. They will take their seats of honor to reign over the pageant.

There will be a Teepee Indian Village with a camp fire where colorful costumed Indians will take viewers back 100 years ago to show their primitive customs and fascinating dances. This episode will be by the Hamilton Boy Scout Explorers who have put on outstanding shows throughout this area.

A team of oxen hitched to a covered wagon brought the first settlers into Hamilton County. The men assisted each other to build the first homes of hand-hewn logs, while the ladies spun the cloth on a spinning wheel and made all the family clothing.

The ladies washed their clothes in lakes and streams by beating them on the rocks and laying them out on the grass or nearest thicket to let them dry.

The women used a paddle churn to provide butter for the family and the men gave each other haircuts with shears that were used mostly to groom the mane and tail of their horses.

The entertainment of the settlers was square dancing and playing dominoes and poker. There was no regular mail service but letters were delivered throughout the community by anyone who took a trip.

One of the most dramatic epi-

sodes of the pageant will be the famous massacre of the school teacher, Miss Ann Whitney.

A band of Indians will surround the school as children crawl through windows and escape into the woods. Ann Whitney bars the door and flings herself against it to hold the bolt fast. Student Lewis Manning reaches down and pulls up a loose board, crawls underneath, then pulls his sister, Mary Jane, after him who is followed by friend, John Coal.

Little John Kuykendall hovers at the feet of his teacher while his sister, Sarah Jane Kuykendall lies ill under a crude writing desk.

The Indians shoot arrows into the door which pass through the wood into the body of Ann Whitney and through all the open windows. Ann Whitney staggers to the center of the room where she is fatally wounded in the face by piercing arrows.

Sick Sarah Jane makes a break for the front door which has been broken down but is shot in the back and wrist and falls out on the play ground.

Little John Kuykendall is taken captive by the Indians who ram-sack the school and make their get-away.

The men of the settlement arrive and begin to track down the Indians with dogs but the try was in vain.

There will be the historical immigration into the German Settlement and establishing of the first county church by the Presbyterians under a brush arbor, followed by the circuit riders of the Methodist Church and an old-time Baptist Meeting.

One of the most enjoyable events of the year was the County Wool Growers Annual Picnic which started off with a big parade and was climaxed by the famous May-pole dance.

These are only a few of the interesting episodes to be enacted by towns and communities of the county in the pageant.
