Telephone D-Day Scheduled Next Thursday Morning

Next Thursday, November 20, is D-Day in Hico.

This is the day when the long-awaited dial telephone system will be cut over, according to officials of Gulf States Telephone Company, who were in Hico last week making last-minute arrangements.

The system, which was authorized in February 1957 by Hico City Council, has been in the construction stage for several months. The local system is being installed by the company at a cost of more than \$150,000.00, and is one of the most modern systems in the state.

Along with the cut-over, residents will begin paying new rates for the service, which was also authorized by the council. New rates are:

One Party Business, \$8.75
Two Party Business, \$12.50
Business Extension, \$1.75
One Party Residence, \$5.40

Two Party Residence, \$4.50
Four Party Residence, \$4.00
Residence Extension, \$1.00
Multi-Party Rural Business, \$7
Multi-Party Rural School, \$4.00
Sub-Owned line residence, \$4.00
Sub-Owned line & telephone, \$4.00

Delivery of new telephone directories, which will carry all new numbers, are expected within the next few days.

Art Anderson, district manager for the telephone company, stated this week that all rural telephones would be installed on Thursday, Nov. 20, starting immediately after the cut-over that morning at 6 a.m. Mr. Anderson urged people residing on one of the rural lines to be home on that day so that the new phones may be installed.

"Adam's Evening" is a three-act farce for six men and five women and includes all members of the junior class. The setting is a summer evening, the present, in the living room of the Adam's home.

Tigers Try Evant In Season Finale

Thursday Rites Held for Silas B. Rainwater, 66, Retired Hico Farmer

Rev. Dwight Lusk officiated at final rites conducted at Barrow-Rutledge Funeral Chapel last Thursday afternoon at 2 o'clock for Silas B. Rainwater, 66, who was found dead at his residence here last Wednesday. Doctors said death from natural causes had occurred about 24 hours before. Burial was made in Hico Cemetery.

Mr. Rainwater, who was a retired farmer, had been a longtime resident of Hamilton County, and moved to Hico five years ago. He was born in Bell County June 27, 1892, the son of Mr. and Mrs. B. F. Rainwater.

Survivors include a son, Bobby Jack Rainwater of Huntsville; four sisters, Mrs. Lena Littleton of Harlingen, Mrs. Olga Higgins of botham of Abertown, Mrs. Nora Simpson of Hico, and Mrs. Dixie Gregory of Midland; two brothers, Lee and John Rainwater both of Hico.

Palbearers were Edd Crist, Glen Higginbotham, Hershel Sherrard, Jack Malone, Jim Jameson and Richard Tooley.

Mr. and Mrs. Conda Salmon visited Monday night and Tuesday of this week in San Angelo with their daughter and family, Mr. and Mrs. Glen Ross and sons.

Hico Invited to Have 'Day' at Fort Worth Fat Stock Show

Hico has been invited to have a "day" at the 1959 Southwestern Exposition and Fat Stock Show, which will be held January 30 through February 8 in Fort Worth.

In a letter, W. R. Watt, president-manager of the show, suggested that Hico select a cowgirl sweetheart who can be introduced at the Stock Show rodeo. Watt also invited the city to send its high school band so that the students may give a concert on the exposition grounds. Band members will be guests of the Stock Show at the rodeo performance.

Watt expressed the hope that a delegation of citizens, wearing hat bands or badges proclaiming their home town, would attend the exposition. A special section of seats at the rodeo also will be set aside if Hico residents would like to sit together.

Dale Robertson, star of the TV Western series, "Tales of Wells Fargo," will be featured in all rodeo performances. He will star in a musical act designed especially for the Fort Worth show.

"The 'days' when various towns are honored add color and contribute much to the success of the Stock Show," Watt said in his letter.

"The Stock Show is looking forward to your acceptance and will give your plans as widespread publicity as possible," Watt said. "All of us will do everything in our power to make your visit enjoyable."

RETURNS FROM COLO. DEER HUNT

Mr. and Mrs. Ervin Moore of Iredell returned last week from their annual hunting trip to Meeker, Colorado. Mr. and Mrs. Moore hunted with a party which included David Puett of Cleburne and Mr. Mishner of Fort Worth. Mr. Moore bagged one buck deer and a bull elk which weighed 500 pounds. The other two men in the party bagged two deer each.

HICO SAILOR SERVING IN FAR EAST

Far East (FHTNC)—William L. Eubanks, fireman, USN, son of Mr. and Mrs. Dewell O. Chew of Rt. 6, Hico, is serving aboard the destroyer USS Shields, operating with the U. S. Seventh Fleet in the Far East.

Mr. and Mrs. Bill Howard spent the week end in Waco and attended the Baylor-Texas football game Saturday.

Tonight, Friday, in Hico Stadium, the Tigers will close out the 1958 football season with an encounter with the Evant Elks. Game time is 7:30 in the season finale.

Evant, sporting only one win for the season, a 30-0 victory over Cranfills Gap, will field a team about even with the Tigers, but with injuries still riding heavily on the Tigers, the locals will have to play one of their best games of the year to post a victory.

The locals are 4-5 for the season, and have posted one district win against two losses. Evant's only win of the year was a district encounter. The Tigers can nail down third place in the district chase and post a 5-5 season record with a win tonight.

Gary Duncern is definitely out of action for the game, and Buddy Ables could possibly see limited duty. Robert Chandler will also probably see only limited action. Duncan was injured before the Gap game, and Ables went out in that encounter with a bruised knee, which doctors have advised against playing on. Chandler received a sprained ankle in the Gap game.

The Elks played one of their better games of the season two weeks ago before Meridian came from behind in the fourth quarter to post a 16-14 win. Last week the Elks dropped a 38-0 decision to district favorite Valley Mills.

Valley Mills and Meridian will clash Friday night at Valley Mills for undisputed claim to the district crown. Meridian is defending champion, but the Eagles will be favorites to capture their first championship in five years and represent 23-B in post season play-offs.

Funeral Services Held Last Week for Former Hico Resident

Funeral services were held last week in Fort Worth for Jim McKinney, 82, former pioneer resident of Hico.

Mr. McKinney passed away last Monday in a Fort Worth hospital. He was a native of Hico, and had moved to Fort Worth in 1957.

Mr. McKinney was a flour miller, working in Hico for the late V. F. Wieser.

Survivors include a daughter, Mrs. Louise Baxter of Fort Worth; a sister, Mrs. Lorena Green of Rotan; and a grandson.

Mr. and Mrs. Glen Higginbotham and Kathy spent the Armistice holiday in College Station with their daughter and family, Mr. and Mrs. Don Ross and Micki.

Basketball Takes Local Spotlight

The 1958-59 basketball season gets underway next Tuesday night, November 18, at the local gym when Gorman's fine girls teams come to Hico for a pair of games.

The B game will begin at 7:00 p.m., with the A game to follow.

The Gorman girls were regional champions last year and participated in the State meet last March. Gorman, as regional champions, represented sixteen districts and were defeated by the defending state champions by a single point. They are expected to field a strong team again this year and the local team will likely be hard-pressed to make the score close.

The scheduling of games with Gorman and other potent aggregations is in line with Coach Chandler's policy of playing the strongest opposition available in order to bring out the best in his own team.

The local girls played at Tolar on Nov. 4 and lost to that strong team in two hard-fought encounters. Tolar pulled away in the final

30 seconds to take the B game, and won the A game 50-39 in a contest that was close until the final two minutes.

In the B game Will Ann Lawrence, Linda Holt and Margaret Warren turned in outstanding performances.

Each member of the A group played well with Anna Lee Luckie leading the scoring for Hico with 19 points.

The Hico girls' teams posted a pair of victories Tuesday night at Cranfills Gap. The A team won 24-22, with Anna Lee Luckie meshing 18 points for the locals. In the B game the Hico girls took a 14-12 decision from Gap in an overtime period.

The squad of fourteen were issued equipment last week and will make an all-out effort to bring a district championship to Hico this year.

Kay Jameson and Anna Lee Luckie are the only seniors on the squad and were chosen team captains last week. Each girl has lettered three years.

Juniors Judy Beth Moore, Judy Griffiths and Juan Williams will be on the squad, as will Sophomores Kay Yocham, Sheila Partain, Linda Holt, Marie Bullard, Will Ann Lawrence, and Diane Howerton. Freshmen to make the squad were Fay McPadden, Janet Hooper and Kathy Higginbotham. Moore and Williams have lettered two years, while Griffiths, Partain and Yocham have earned one letter.

Kendall Hamrick is the team manager. A. A. Chandler will begin his seventh full season as girls coach, after taking over that duty at mid-term in 1961-62. During that span of years, the Hico girls have won 104 games and lost 62, for a very good percentage of .627.

This year's team will be a little stronger than in the past two or three years and should rank with Kopperl and Iredell as favorites for the district crown.

The Hico boys have not started basketball, but will begin work on November 17 for their first test against Fairy at Hico on Nov. 21.

The boys will be coached by Jack Barnett. Full information about the boys team will be furnished as soon as it is available.

and won't suit out. Ables and Chandler are also on the ailing list, but will see limited duty.

FAIRY

By MRS. EUNICE DANIEL

We had beautiful weather during the week end. Sunday was almost like a summer day. However the nights are cool.

We are sorry to report Mrs. Minnie (Penny) McCarty very low Sunday night. Doctors reported her to have suffered another stroke on Monday. She resided at Fairy for many years and for a time operated the Fairy telephone switchboard. She is a patient at the Willeford home in Hamilton.

We also found another of our Fairy friends, Mrs. Britt Little, also a patient at the home, ill and will return today, Monday, to take her to the Hico Clinic for a check-up.

Mrs. Frank Hanes and Mike were in Temple Saturday for a visit with her parents, Mr. and Mrs. Pedro Jones. Mr. Jones is undergoing treatment at Scott & White Clinic. She stated the treatments had made him pretty ill, but otherwise was doing fairly well. Her mother was also not doing too well, due to the nervous strain of caring for her husband.

Mrs. Hanes reported the critical illness of her uncle, Mack Broyles of Evans, who is in the Hamilton hospital due to a severe heart attack.

Mrs. Gladys Cox returned home last Thursday from Austin where she had visited since Friday in the home of her daughter, Mr. and Mrs. Charles Price, Cheryl and Ronald. She took care of her grandchildren while her daughter and husband attended a business meeting for the company for which he is employed in El Paso, from Saturday until Tuesday. Mrs. Cox was ill while there. The attending physician diagnosed her illness as being due to a virus infection.

Mr. and Mrs. Lloyd Bolstad and little daughter, Betty DeAnn, spent from Thursday until Sunday in the home of her parents, Mr. and Mrs. E. M. Hoover. Guests in the Hoover home Saturday to be with the Bolstads were their grandmother, Mrs. A. R. Hoover of Hamilton and Mrs. A. L. Newman of near Duffau; a cousin, Mrs. Carl Ray Sellers and Janice, and the writer, aunt of Mrs. Bolstad.

Miss Martha Hanes of Dallas spent the week end with her parents, Mr. and Mrs. Frank Hanes and Mike. She and her father visited Friday night at the Hamilton hospital with Mack Broyles.

Mr. and Mrs. George Stringer and children of Goldsmith visited during the week end with her parents, Mr. and Mrs. Ed Allison.

The writer and granddaughter, Carolyn Sellers were in Dublin Saturday where we visited in the home of our daughter and aunt, Mr. and Mrs. D. E. Allison. While in Dublin the writer visited with Mont Young at the Dublin rest home.

A concrete curb was being run Saturday at the J. W. Burden plot at the Fairy Cemetery.

The writer, accompanied by Mr. and Mrs. A. H. Sumerford from Hamilton, attended singing Sunday afternoon at the Congregational Methodist Church in Dublin. On our return home we stopped for a short visit with J. B. Jaggars and sang a couple of songs for him. Mrs. Jaggars and daughter were expected in Sunday night from Idalou where she had been to attend the funeral of her father, Gene McCollough, who had passed away from a heart attack. The McCollough family formerly resided on the Livingston place at

Lanham. He was 69 years of age. We regret to hear of his passing and extend sympathy to the Jaggars and other relatives in their bereavement.

Two large rattlesnakes have been killed recently near Ireland, over near the south line of the county. The largest measured 63 inches long and had thirteen rattles and a button. The other one had nine rattles. Everyone should be on the lookout for them. We also noticed in our county paper where a large one had been killed at the back steps of the Riley funeral home in Hamilton.

Rats and mice are still plentiful most every where despite much trapping and poisoning being done. Walter Porterfield, who lives in Fairy, told us last week he had caught more than 50 mice in his home with traps and others have done likewise. Another of those pesky rats made his way into our home, waking us about 4 a.m. today, Monday, in our bed room. We got up and got the rat, but he got us also. He had taken refuge in a large upholstered chair. When we turned the chair over he dashed out and down the neck of our dress and had headed out at the short sleeve armhole when we grabbed him through the dress material. Then he grabbed us and held on until we mashed and smothered him to death. Their bite is quite painful. Had we thought in time we would have sent the head to Austin, but feel sure he wouldn't have bit had we not caught him. Our hubby tells us we're too old to be catching rats by hand.

In a phone message this morning, Monday, with Mrs. Willeford at Hamilton she said Mrs. McCarty was about the same.

Birthdays for November which we have in mind are: Mrs. Edwin Seilheimer, Fort Worth, Nov. 2; Audie Parks, Nov. 6; Cheryl Price, Austin, Nov. 7; Mrs. Britt Little, Nov. 16; our deceased son, James Richardson, Nov. 18; Frank Hanes, Nov. 21; Cabert (Boone) Daniel, Nov. 23; Cal Lowery Jr., Fort Worth, November 24.

BUDDY ABLES

I have played football seven out of the twelve years I have been going to school.

Positions played have been quarterback, halfback, and end, and have lettered the four years I've been in high school.

Two of those years I was captain. Also I received the all-district award for two years, and one year was voted the most valuable player award.

ROSY VINSON

I have played football three of my four high school years, and have lettered all three years. I have lettered every position in the line except center.

My primary position has been at left tackle, however I have also played linebacker on defense.

During my junior year I was given honorable mention for all-district at the tackle position.

SENIOR MEETING

Members of the Senior class, room mothers, and sponsor Harold Walker met in their first regular session Thursday night, Nov. 6.

Of interest to all present was a strip film presented on the highlights of last year's Senior trip; the particular antics of one now-departed senior boy provided a amusement.

In consequence, members present discussed the coming Senior trip which comes annually near the termination of school, and then a secret ballot vote was taken. The counting of votes indicated a desire by the majority present to go to Mo Ranch, a huge Presbyterian encampment located in the scenic hill country of Texas on the Guadalupe River.

Next, ways and means of reimbursing the treasury were discussed and committees were set up for two of the projects decided upon.

Several projects which the seniors chose is sponsoring a turkey shoot November 22; selling sandwiches, cold drinks and coffee; a hayride; a sock hop, and a special feature movie.

Money derived from the projects will go to finance the Senior trip. After the business session the meeting was adjourned and refreshments served by the room mothers.

Those I found in our fair city were: Charles T. and Joy L.; Max B. and Bonnie B.; Jimmy H. and Diane H.; John M. and Kay J.; Gail C. and Kendall H.; Ronnie H. and Faye M.; Wayland W. and Carolyn P.; Elam B. and Anna Lee L.; Rosy V. and Linda D.; Steve O. and Judy G.; and Billy B. and Kay Y.

Everyone seemed to be enjoying themselves, but I hope no one happened to get lost on one of the side streets in our large city. It is a very easy thing to do. For this reason I always carry a city map with me as my spotlight and I travel over the city. However, if you do ever get lost and have no map, just ask the nearest policeman, and I'm sure he will help you find your way again.

As Sunday was a very pretty day, I can't imagine where everyone could have been. Surely you didn't get lost in the broad daylight. But then again, maybe I'm the one who got lost. Anyway, as I was saying, I didn't find many couples out Sunday afternoon. Those I managed to find in and around Hico were Max B. and Bonnie B.; Charles T. and Joy L.; John M. and Kay J.; Donald D. and Helen T.; and Jimmy H. and Diane H.

more home room a couple of days ago I was startled by the sounds coming from within. I stuck my head in the door to view the commotion, and was immediately struck between the eyes by a flying spitball, while a sailing eraser missed my ear by inches. I immediately took cover to watch the battle. It was everyone for himself. As the battle progressed my attention was taken to a certain boy who was "murder" with an eraser. He caught one boy above the left eye and another under the nose. I decided then that anyone with such accuracy should have mention in my Who's Who Column.

This sophomore boy is about 5 feet 10 inches tall and weighs about 165 pounds. He has black hair and dark eyes, and is very popular with everyone.

Among his likes are dancing, girls, popular records, and sports. He is very good in football playing the right halfback position. He lettered his freshman year and is one of the most promising athletes for Hico. He plays forward on the basketball team and is also on the volleyball and track teams.

That's right—the Sophomore is NEIL ELLIS.

H H S

THE SPOTLIGHT

As there was no ball game Friday night, not too many couples were out. Those I did spot were Charles T. and Joy L.; Lee F. and Linda H.; Max B. and Bonnie B.; Jimmy H. and Diane H.; Wayne W. and Sheila P.; Wayland W. and Carolyn P.; and Joe W. and Jean B.

There was a good group of young people at the Youth Revival both Friday and Saturday night. Everyone seemed to enjoy the services and also the fellowship afterwards. The main thing everyone enjoyed though, was the meal before church.

I guess everyone had recovered from the spooks by Saturday night, as my spotlight and I caught several couples out touring town.

As I was traveling around Belton Lake, I spotted Rosy V. and Linda D. I can't imagine what they were doing so far away from home, but then again, I guess they could ask me the same question. My spotlight and I were pretty shaken up after traveling around the lake, dodging chugholes, etc. They do have awful roads around that place, but after all, who notices the roads?

The club was called to order by the president, Mrs. Marvin Rush. A song was led by Mrs. Sterling, and the prayer was given by Mrs. Willis. Roll call was answered with "My Biggest Accomplishment this Year," which proved to be very interesting and brought remembrances of the work put into homemaking and the converting of a much rundown school building into a lovely Community Center.

Plans were completed for the Thanksgiving supper to be held near Thanksgiving.

The Clairette ladies will furnish refreshments for the County Council November 19.

For recreation Mrs. Golightly conducted a written contest, which was won by Mrs. Edwards.

Mrs. Rush was winner in another contest, and both ladies were given nice gifts.

IT HAPPENED HERE OR NEAR

Paluxy, Texas Is Interesting Pioneer Settlement Near Here

By E. E. DAWSON

Do you want to see an interesting spot, and not too far to visit at almost any time? Well, here is a brief story of such a spot within a half-hour's drive—unless you drive at a Model-T rate of speed.

Leave Hico on Highway 220, headed toward Glen Rose. When you get into Highway 67 just west of Chalk Mountain village, pursue that long inter-state highway three miles until you come to a Farm Road, No. 204, which turns left at the foot of the big hill. On that road travel toward the town of Tolar eight miles. Just as the bridge across the Paluxy comes into view, turn right at a sign beside the road that reads "Paluxy." Within a few yards you will see a very old house to your right that is in a state of decay, and then a church on your left and a tabernacle on your right, with some other buildings in the range of vision. You will be at the village of Paluxy.

I tried to find an old-timer who could tell me all about the history of that pioneer village, but it is not an easy matter these days. Seeing a flag flying above a residence, I went there and met the owner, Mr. Hadley. Mrs. Hadley

is the postmaster and also has been in charge of the switchboard until it was recently purchased by a newly-organized company that expects to make it a part of rather wide-spread dial system of telephones, one of which will be Irredell.

From Mr. and Mrs. Hadley I learned something of the village, but not much as to its age. They directed me to Mr. A. F. Larned who is now a justice of the peace in Granbury. Mrs. Hadley was a Holmes before she took over management of Mr. Hadley, and she was reared at Hill City, which has the hill all right, but never grew to the stature of a city. It is but a landmark now, on the north side of the Paluxy river some miles from Paluxy, situated on the road that runs from Tolar to Glen Rose. The Hadleys told me that once there was a water mill just above the present location of the bridge across the river. For many a year the few settlers of that area got their corn ground at that mill. Later a gin was added. Then it all became a steam mill and gin.

At Granbury I ran into Mr. J. R. Wilson, now about 80 years old, who was reared at Paluxy and whose father ran the gin and

mill for many years. Mr. Wilson told me that the original mill and gin plant as built by Hale and Hammond, pioneer settlers from Tennessee.

I went to Granbury to the office of Peace Justice Larned, but he was ill at home. He could have supplied me with an interesting story of the beginnings of Paluxy village, but unfortunately I did not get to see him. From what was told me I feel sure that the place was first settled in the fifties of the other century, or in the sixties. It was perhaps the first settlement in Somervell County. At one time there were several business houses there; now only a store and filling station remain. I gather from what Mr. Hadley told me that the post office will probably be done away with at an early date.

Now there is a Baptist church there, though the school has been abandoned for some years. Numerous houses are still to be found there, some quite modern, some in ruins, others in between. Once Dr. Curry practiced medicine there, and then moved to Hico and practiced here for some years, I was told.

It is an interesting matter to me to have a look at the place of the early settlers of this region. With a bit of imagination one can hear the old-time talk and see the hardy pioneers going about their affairs in the face of dangers that were very real, due to the presence of marauding Indians.

You know Somervell County has the reputation of marketing its corn crop by the quart. Whether the reputation is deserved I do not know; I never tried to purchase any corn in that state there, or anywhere else. Just to make a joke I asked Mr. Hadley if the citizenry of Paluxy had marketed their corn in a liquid state. He said, "No. This community was always quite free from that. Mostly church folks with a high standard of conduct."

As a rule, communities that support churches do not help to support wild-catters.

COUNTY PROGRAM BUILDING COMMITTEES

During the past few weeks we have been busy with the annual meetings of our Program Building Committee. This committee is composed of a representative from each subject matter interest that is handled through our Extension offices. I would like to use this space to express my thanks to the women who have worked so diligently on these committees. The purpose of the committees is to further agriculture and home economics in a way that will be beneficial to all in the county. You will be hearing more of the work of these committees as it progresses.

CANNED MEATS FOR QUICK MEALS

Most homemakers these days are interested in any type of food preparation that is first of all quick. Canned meats will offer this advantage. There are many kinds of canned meats on your grocer's shelves. These canned meats are entirely cooked, boned, and seasoned. There is no waste, no trimming, no shrinkage. Specially developed linings protect and preserve the color, full flavor and firm texture of

these meats in the can for storage on your pantry shelf. Canned hams and some other meats of three pounds and over have been processed long enough to be adequately cooked and ready to eat but not long enough to be kept without refrigeration. Look for label directions.

Chill canned meats before slicing for appearance and better yield. Count on four servings to the pound of canned ham when served cold, or three to the pound if heated. To remove solid meat from the can, open both ends completely and push out meat. Treat opened canned meats like other cooked meats; use in two or three days. Unused portions may be left in the can, covered and refrigerated.

Create interesting flavors with herbs, seasoned salt, sour cream, chopped chives, celery or onions, relishes and sauces.

Try this for a quick main dish.

LUNCHEON MEAT AND BEAN CASSEROLE

2 cans (about 1 pound each) pork and beans or baked beans
Fourth cup catsup or chili sauce
1 tablespoon prepared mustard
Third teaspoon Worcestershire sauce
1 can (12 ounces) luncheon meat or chopped beef.

Combine all ingredients, except meat; turn into one and a half quart baking dish. Slice meat in fourths lengthwise; cut each fourth in slices, cutting almost through; arrange on top of beans. Bake at 375 degrees for 25 minutes or until beans are bubbling hot and meat is browned. Serves 4.

H. E. BRIEF

Leftover cooked vegetables can be put to good use by adding them to salads. Green beans, beets, cauliflower, broccoli, English peas and other cooked vegetables taste better in salads than they do warmed over. For extra flavor marinate cooked vegetables in French dressing.

November is the smell of wood smoke drifting south on a north wind.

November is color. The first frost puts a silver cover on the landscape. Elms turn deep yellow, oaks and myrtles begin to crimson.

Country kitchens fairly reek with the smell of vinegar and sweet relish. Irish stew becomes standard fair.

Yes, November is the depth of autumn.

COUNTY AGENT REPORTS

By E. R. LAWRENCE

Arnold Schumann, living between Shive and Pottsville, has a silo 80 feet long, 12 feet wide and five feet deep that he filled this fall with good feed. Arnold built two silos, the other one is not as large as the first, being only 60 feet long.

He said he knew he would not have enough feed to fill both of them but he would next year, so while the machinery was on his place he just went ahead and had two built. This is one way to save a little money and it is also another way to get two silos filled next year. Silage is good feed but it should always be considered roughage.

A new type light bulb is now available for lighting poultry houses. It has an aluminized reflector surface inside the glass which directs the light downward in a broad cone. Since as much as 30 per cent of the light from an ordinary bulb without a reflector is absorbed by walls, roof or ceiling, this 30-watt bulb represents a practical substitution at less operating cost. It'll fit any regular lamp socket.

Any woman knows that a house

is never comfortable if the floors are cold. Neither is a chicken house. Keep adding litter so it will be a good 6 to 8 inches deep by the time winter really sets in.

It's not the cold that bothers chickens. It's the damp and the drafts. And with all the moisture chickens put into it, their house is going to be damp unless you keep air moving through it, to carry out the moisture. Don't shut the chicken house windows tight, no matter how cold it gets. The birds aren't going to freeze. And with a heating cable you can keep their water from freezing. That's important, because if they can't get water, they can't lay eggs.

Saturday you missed a real treat.

About 80 head of registered horses, 40 head of non-registered horses, and 75 head of registered beef cattle were shown. This was one of the finest shows of registered and non-registered horses and registered beef cattle that has been put on here in many years.

Resting a pasture is about the best way known to get it back into a good grass producing one. Some places are not easily deferred due to the way they are fenced.

The ASC office has a program where they will help pay for the construction of a fence across a pasture. They also have a plan where they will pay part of the costs of constructing concrete water storage tanks.

A good opportunity is available to many who need these two things on their places. See Jim at the TSC office and see if you can't get a fence if you need it and one of the water tanks. If this is done through the winter or early spring, then you'll be able to defer the pasture several months, and if you'll defer it according to the ASC specifications, they'll pay you for resting it.

November Foods Plentiful

Turkeys and apples are headliners among foods in abundance during this month of November.

The 1958 turkey placements were not quite so large in Texas as last year but the mortality rate has been unusually low and there will be plenty of the traditional "holiday" birds available at a right price. The bulk of the crop will be going to market in November and December, making more supplies actually available than during last year when sales were spread from the last of September through the Christmas season.

As for apples, they're making history this year. This is the second largest crop in two decades and the largest since 1949. The country's commercial apple trees are expected to yield nearly 127 million bushels.

Along with turkeys, broiler-fryer chickens will be plentiful. Generous supplies of pork are also available.

Because so many young hens make up this fall's laying flocks, medium and small size eggs are expected to be most plentiful and are probably the thrifty buys.

The fall potato crop also is large. These are the storage potatoes that keep better than the more perishable "new potatoes" and are suited to many different cooking methods.

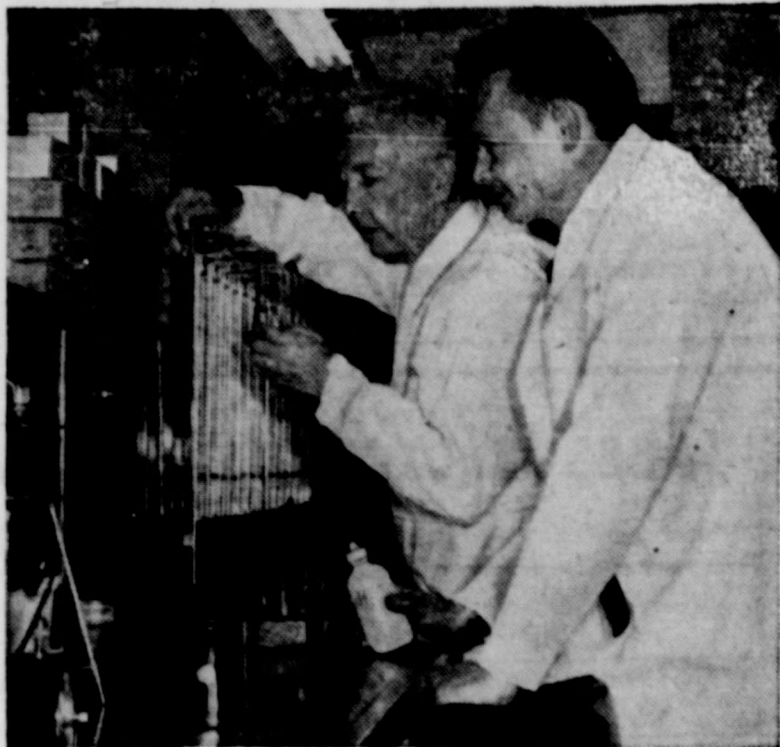

Another vegetable appearing in quantity on markets is cabbage. Record high yields have lifted crop prospects to 12 per cent above a year ago. Because of heavy yields, much cabbage grown for kraut will be sold fresh. Cabbage deserves more attention from shoppers who appreciate high vitamin C value and appetizing flavor, especially for salad use, at an inexpensive price.

The big cranberry crop this fall—the largest since 1953—will bring plenty of these holiday berries. November and December markets. Other plentiful are canned ripe olives and walnuts—the largest production since 1949. Lots of dates and honey are expected which are excellent for holiday cookies, cakes, confections and everyday spreads.

Peanut butter will be in great plenty as will vegetable fats and salad oils.

If you're serving a crowd, you'll want to consider the large size cans of many different frozen berries. Canned berries are in good supply in both extra large and family-size containers.

Science Against TB

With the help of Christmas Seal contributions, scientists are working to unlock the secrets of tuberculosis. In this Northwestern University laboratory, Dr. Guy P. Youmans and his associates developed a blood test which may prove valuable for the detection of TB.

ITS THE LAW—

"RIGHT OF WAY" RULES EXPLAINED

Possibly the most mystifying of all traffic rules to the average driver are those relating to "Right of Way" at an intersection. In reality, however, these rules are quite simple.

In trying to understand the laws regulating intersecting traffic, it is best to start off with the premise that all streets are of equal dignity, legally speaking. Traffic signs and signals may vary this rule somewhat, but when in doubt it is safest to assume that all drivers crossing your path have a claim to the right of way equal to your own.

Obviously, however, in many cases one driver or the other will be legally entitled to the right of way. When it becomes necessary to determine right of way in a par-

ticular situation, the driver who reaches the intersection first, or who is going to get there first, is ordinarily favored.

But when two automobiles are an equal distance from the intersection, that one approaching from the other's right normally has the right of way.

Some intersections are known as "courtesy corners," having a stop sign or a flashing red signal facing each direction of approach. The first driver reaching the corner and coming to a complete stop will normally have the right of way over other vehicles not already in the intersection. However, don't depend too much on the other fellow's courtesy, and be sure to keep a "proper look-out" and your car under "proper control," as explained in an earlier column.

At intersections involving one through street and another street having a stop sign, a driver approaching the stop sign and coming to a full stop is ordinarily said to have the right of way over vehicles approaching on the through street but not already in the intersection.

However, this last rule must be qualified by saying that you should not proceed, cross or turn onto the through street until you can do so without interfering with oncoming traffic. In other words, if an approaching car will arrive within the intersection before you are completely clear, wait just a little longer. The same rules apply to entering a highway from a side road containing a stop sign.

Many drivers violate the rules of right of way covering left-hand turns at intersections. When turning left, you should always be on the inside (or center) lane, displaying the proper hand signal. You must allow all cars coming from the opposite direction, already in the intersection, to pass through before completing your turn. Even when the intersection is cleared, do not proceed unless other oncoming traffic is far enough away to see your signal and slow down to allow you to turn with safety to all concerned.

Many detailed rules and suggestions for safe driving are included in the official "Texas Driving Handbook" which is available to any person requesting same from the Texas Department of Public Safety, Drivers License Division, Austin, Texas.
