NUMBER 41.

HERE IN HICO

By E. V. M.

PUBLIC RELATIONS . . . is the most important phases of business or concern, no how large or small.

Business people sometimes have a tendency to forget this important phase of their operations, and when they do trouble too far behind.

One of the best jobs of public relations which we can think of is done by Community Public Service Company. Many times we called on them for special advertising, or maybe to pick engraving such as we did on the week, and for any number of other things.

and the personnel in the Hico and Fort Worth office almost through with whatever quest may be for.

never there is any public project in motion, you always count on this fine company for a substantial boost, less of what the project may be, and they show this in their attitude is always one of progress, and they show this in their attitude is always one of progress, and they show this in their attitude is always one of progress.

don't know what led to the county's 1959 of Dimes drive. Thus far we've been able to find out that a county chairman was appointed. It seems a shame to have the annual drive here, but in this area have always led to the utmost in this worthy cause.

HEH! We've been called of things, but this tops them. We received an issue of "Schoolment" last week, and it addressed to, of all people, "Mr. Meador!"

THAT . . . and the other, were a little mixed up last when we stated that Howard purchased the last poll tax in the county. It was Howard, right, but we forgot to say it was June—not Bill! You forgot to pay hers too, being gentlemanly, "Bill" gave the privilege of having this honor!

odd, but our threatening have picked up considerably last week!

HEARD . . . at a basketball game at the local gym. Mike Lackey had just about eight straight points, someone remarked to Papa that the boy was really "hot" tonight. Old Red, being in his jolly mood, popped up and without a shadow of doubt and I've got another one like him at home, too!" See, Mike is the identical twin in the Lackey household.

Person Purchases Registered Brown Bulls Recently

Key Patterson of Hico has purchased two registered Swiss Bulls. One is a N. Herman Romeo, 130819, purchased from E. Loyd Whit. of Normangee, Texas, and spread's Martin, 133473, was spread from Wingspread Farm, Wisconsin, according to a from Fred S. Idtse, secretary of the Brown Swiss Cattle Association, Beloit, Wisconsin.

Funeral Services Held Wednesday Afternoon

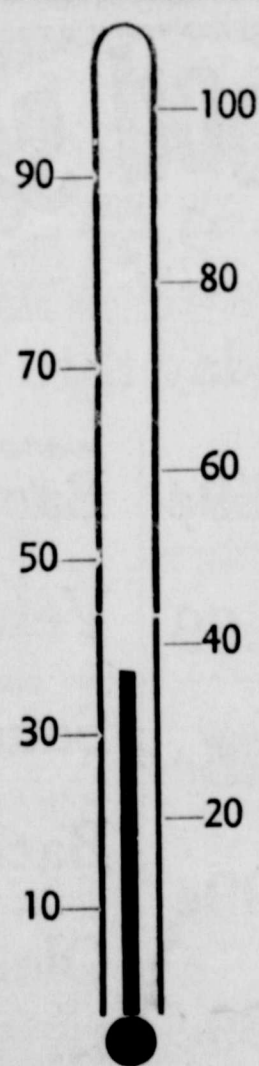

Funeral services for Mrs. Leland Johnson, Johnson and Mrs. Tom Johnson, were held Wednesday afternoon at the funeral home of Mrs. Whitten. She was the wife of Mrs. Johnson and was a sister-in-law of Mrs. Tom Johnson and an aunt of Leland Johnson.

FIRST PRIZE WINNER—Little Ronnie East, 2½-year-old son of Mr. and Mrs. W. E. East of Hico, was winner of first prize in the Editor's Contest of Community Public Service Company magazine, "The Communicator." His mother is cashier in the Hico CPS office. Ronnie, who is keen about bands, was thrilled over his first musical instrument, the drum

which Santa Claus brought him for Christmas. CPS small fry had a big Christmas, judging from the snapshots entered in the contest for employee's children under five years of age. Composition, clarity, and suitability for reproduction was the main determining factors in selecting the prize winners. (Engraving courtesy CPS "Communicator.")

HICO CIVIC CLUB MEMBERSHIP

Businessmen and individuals who have paid their 1959 membership dues for Hico Civic Club are listed below.

Every business in Hico is invited to pay their dues now, which are only \$10.00 per year. Members of the membership committee are D. E. Bulloch, A. H. Burden and Ellis Randals, and persons may pay dues to any of the above men, or to secretary, treasurer Conda Salmon.

To date 37 members have paid dues. They are: Art Anderson, H. R. Baker, Jack Barnett, D. E. Bulloch, A. H. Burden, Louis Chaney, Ray Cheek, O. C. Cook, O. L. Davis, Billy D. Doty, Hico Theatre, Glen Higginbotham, Grady Hooper, R. B. Jackson, Fred J. Jaggars, Pete Keller.

School Trustee Election Set For April 4

No names had been filed through Wednesday for election to the local School Board. Terms of M. I. Knudson, Conda Salmon, and Milton Dunlop expire. Dunlop is filling the unexpired term of the late Mr. W. M. Horsley.

To file for a place on the ballot, residents in this district must be a qualified voter, and file with the county superintendent not later than 30 days prior to the election date, which is March 4 this year. The election will be held at Hico City Hall on Saturday, April 4.

The elective term to the school board is for three years.

Sherrard, Jess W. Smith, Conda W. Salmon, H. N. Wolfe, Harold D. Walker, J. B. Woodard, G. M. Bullard, Cecil Segrest.

Athletic Banquet Postponed Until Future Date

Members of Hico Civic Club have postponed the Annual Athletic Banquet until sometime in March due to conflicts. The date had originally been set for next Monday night February 16. Chairman Harold Walker of the entertainment committee stated that the affair would be held just as soon as a free date could be secured. The chairman also stated that Dale Walker, star TCU football player last fall, had accepted an invitation to speak at the banquet. Further announcement will be made later.

Twenty-one members and three guests were present for the weekly meeting held Wednesday.

Members present also heard other committee reports. Speaker for the Wednesday meeting was Byron Woolsey, District Boy Scout representative from Waco, who showed films, and had Civic Club members participating in a quiz on teenagers.

The group also accepted the date of Thursday, March 12, to go to Fair for a meeting with the people of that community. Members of the club and their wives will be guests of the Fair Homemaker class for an evening meal. All members of the local club are urged to keep the date in mind and make plans to meet at Fair March 12.

Former Duffau Resident, Arthur Lee Phillips, 70, Buried Here Friday

Funeral services for Arthur Lee Phillips, 70, were held Friday, February 6, at 2 p.m. in Hico Church of Christ, with Bro. Beck officiating. He was assisted by Bro. E. A. Willingham. Burial was in Hico Cemetery, under the direction of Barrow-Rutledge Funeral Home.

Mr. Phillips, a carpenter, died Wednesday at his home in Fort Worth, where he had lived for the past 20 years. He was a former resident of Hico and Duffau.

Survivors are two daughters, Mrs. Aretta Young and Mrs. Laverne Martin of Fort Worth; two sons, James D. Phillips of Hobbs, N. Mex. and Donald Phillips of Lubbock; one sister, Mrs. Pearl Phillips of Birmingham, Ala.; one brother, C. G. Phillips of Lubbock; and thirteen grandchildren.

Palbearers were Tom Woods, Tom Munnerlyn, Stanley Roach, Alvin Hicks and Dugg Garrett.

Hico Cagers Shoot for Dist. Championship Tonight

Hico goes to Kopperl tonight, Friday, for the last regular season game. The girls' game will start at 7 p.m., and will be followed by the boys' game.

The Hico boys, sporting a 7-0 record in district play, could win all the marbles tonight with a win over Kopperl. The girls, who have lost but one game, could clinch a tie for the second half championship with a win tonight. The local girls were defeated last Friday night at Iredell for the only blotch on their record. However, Kopperl upset Iredell Tuesday night of this week to throw the race in a whirl.

Should Hico's boys lose tonight, they would be tied with Morgan for the second half lead, and a one-game playoff would decide the second half winner. Even should they lose the playoff game, Hico would still have an opportunity to claim the full season crown, as

the winner of the first and second half will engage in a three-game series to determine the champion. The same applies in the girls race.

The locals girls have an outside chance of winning everything tonight. Should they beat Kopperl, and Iredell loses to Morgan, then Hico could claim outright ownership of the crown.

Last Friday night the Hico girls lost a close 27-24 decision at Iredell for their first district setback. The local lasses were extremely cold from the field, hitting only 26 per cent of their shots, and were even colder from the foul line. They managed to hit only two charity tosses, and that alone is enough to beat most teams. McAdem of Iredell meshed 23 of their total 27 points for scoring honors. For Hico Anna Lee Luckie hit for nine, one of her season lows. Judy Moore got 8, and Kay Yocham scored 7 points.

In the boys game with Iredell Robert Chandler led the locals

with 16 points in the onslaught which Hico won 57-22, a 35-point margin.

DEFEAT WALNUT SPRINGS

Tuesday night at the local gym Hico turned two close games at the three-quarters mark, into a rout in the final period, with the girls winning over Walnut Springs 47-30. The boys won handily 57-38 in the nightcap.

At the start of the game the girls dropped behind three points and then swept on to their sixth victory in seven starts. The game was still close going into the final period, with Hico leading 25-23.

Luckie led the scoring, meshing 24 points for the winners. Judy Moore dropped in 14 more, and Kay Yocham contributed 9 points. An excellent job by the Hico guards, Judy Griffiths, Sheila Partain, Kay Jameson and Juan Williams, limited Walnut's high-scoring forward to 12 points, compared to the 29 she hit in the last meeting of the teams.

Three boys hit in the double figures in the finale as the locals continued undefeated. Robert Chandler scored 20 points for honors. Jay McCarty of Walnut hit for 19 points. Other Hico scorers were Mike Lackey with 10, Doyle Crews with 12, Rosy Vinson with 9, and Neil Ellis with 6.

Like in the girls game, Walnut was still very much in contention until midway of the third period when a flurry of baskets by the locals sent them to a 40-30 lead at the resting period. The locals continued their sharp shooting in the finale to win going away 57-38.

Play-off games will be decided Friday night.

Second Name In Pot For City Election

Alvin Casey, who has served the past 8 months as alderman for the City of Hico, announced his candidacy last Thursday for his first full term of office. He is currently filling the unexpired term of D. E. Bulloch.

Wayne Rutledge announced his candidacy early last week for the office which he has held for the past two years. These were the only two terms of office expiring in city politics.

No other candidates had announced for the offices now held by Rutledge and Casey through Wednesday. Prospective candidates have until March 7 to file for a place on the official ballot.

Miss Kay Noble Promoted at Houston Department Store

Miss Kay Noble, daughter of Mr. and Mrs. C. H. Noble of Boerne, former Hico residents, has recently been promoted to Assistant Department Manager at Foley's Department Store in Houston.

Miss Noble, a 1954 graduate of Hamilton High School, received her degree in marketing from North Texas State College in Denton.

Annual Cub Scout Blue & Gold Banquet Stated February 19

The annual Blue and Gold Cub Scout Banquet will be held next Thursday, February 19 at 7:30 p.m. at First Methodist Church. All Cub Scouts and their parents are urged to attend.

Den 3, Pack 92, met last Friday. The group discussed plans for the banquet.

Refreshments of fig bars and cakes were served, and games were played.

Edmund Horton, Scribe.

Swine Producers Meeting Set Tuesday Night at Local Gym

Ralph Baumhardt, district salesman for Nutrena Mills, will conduct a swine meeting in the FFA room at the High School Gymnasium next Tuesday, February 17, at 7:30 p.m.

Latest information on hog production and an interesting swine film will be shown. Free refreshments will also be served.

All persons interested in the swine business in any way are invited to attend.

Walter Ramey of Lufkin, was a visitor in Hico Friday with friends. He was en route to a sales meeting of Western Hatcheries at Dallas.

Dr. Hayden Edwards Will Speak and Show Film at Fairy Church

Dr. Hayden Edwards, District Superintendent of Fort Worth District of the Methodist Church, will be at the Fairy Methodist Church Sunday night, February 15th, to show his films on Korea and the Arctic Regions of the Far North.

Everyone has been issued a cordial invitation to attend these services. Rev. J. M. Hayes of Turnersville is pastor of the church.

MISS FANNIE WOOD

Funeral Services Held Wednesday Afternoon For Miss Fannie Wood

Funeral services were held at Barrow-Rutledge Funeral Chapel Wednesday afternoon at 2:30 for Miss Fannie Wood, long-time beloved citizen of Hico. Miss Wood passed away at Hico Hospital at 5:40 p.m. Tuesday after a lingering illness.

She was the daughter of the late Mr. and Mrs. T. J. Wood, pioneer residents of this area. Miss Wood was born here, and resided here most of her life.

Rev. D. L. Barnes, local pastor of First Methodist Church, officiated. Burial was in Hico Cemetery.

Miss Wood was associated with Gulf States Telephone Company for 38 years prior to her retirement on July 1, 1952. She first began her duties with the company at Hico in 1917, later being transferred to the Tyler office.

In August, 1918, Miss Wood returned to Hico as manager of the local office, and held that position until her retirement in 1952.

Miss Wood is survived by two sisters, Mrs. Ralph H. Farmer of Fort Worth, and Miss Tot Wood of Dallas; and one brother, Fred Wood of Los Angeles, Calif. All were present for funeral services.

Palbearers were Orville Ogle, Buddy Randals, J. P. Rodgers Jr., Sim Everett, Marvin Marshall, and Art Anderson of Stephenville.

FAIRY

By MRS. EUNICE DANIEL

We were sorry to learn of the passing of Mrs. Ellis Hackett, who passed away very suddenly while watching television at the home of her daughter in Houston last Saturday night about 8:30. Ellis was a daughter of the late Mr. and Mrs. R. O. Oscar Lackey of Fairy. She attended the Fairy school. The writer had known her for some fifty or more years and attended school at Fairy at the time she did. She was married to Charlie (Skeet) Hackett, also of near Fairy about 1910. To this union three sons and one daughter were born, namely Robert, Ercy and Eugene, and Dorothy. Robert was thrown from a horse and killed while visiting at the home of an aunt in Stephenville in December, 1927. The surviving sons reside in California and the daughter at Houston. The Hackett family resided here for a number of years. Mr. Hackett operating a confectionery store at the old Woodman building which has been razed some years back. The children attended Fairy school. Robert was buried at the Fairy Cemetery. Funeral services for Mrs. Hackett were held Monday, February 2 in Houston, with burial

there. Mrs. Hackett had many friends and relatives here, and also at Hico where she resided for a number of years, whose hearts were saddened in her passing. She was about 69 years of age. Our deepest sympathy is extended to the bereaved children and families and other relatives in her passing.

We were also sorry to learn of the death of Mrs. Alice McGarvey of Hamilton who passed away Sunday morning in a Marlin hospital following surgery there last week. Miss Alice, as she was affectionately known, was the widow of the late W. F. McGarvey, former sheriff of Hamilton County. She was the first woman to hold office in Hamilton. She operated a gift shop there for many years prior to her failing health. Funeral services were held on Monday afternoon at the Presbyterian Church, with burial at Hamilton. Our sympathy is extended to those bereaved.

We learned with deep regret Sunday of the misfortune of Mrs. Lydia Risinger, who received a broken hip early Sunday morning about five o'clock at the Hamilton nursing home. She was the mother of Mrs. Willeford, who operates the home, and also Mrs. R. B. Jackson of Hico. She also has several other daughters and a son. She is 92 or 93 years old, but was very spry for her age, and always pleasant and enjoyed visits from her relatives and friends. She underwent surgery Sunday at the Hamilton Hospital. She is greatly missed at the home and we hope she will soon be able to return.

Mr. and Mrs. R. M. Springer of Miles spent the week end here in the home of their son, Mr. and Mrs. Leon Springer and family. Other visitors during the week end and Monday were Mr. Springer's sister and family, Mr. and Mrs. James Scott and family of Ozona.

Mr. and Mrs. Coy Parks spent Saturday in Fort Worth visiting

in the home of their son, Mr. and Mrs. Alton Parks and little son.

Mr. and Mrs. Dorman Vance and children of Grand Prairie visited during the week end in the home of their parents, Mr. and Mrs. Vance of near Carlton and Mr. and Mrs. J. T. Jackson.

Mr. and Mrs. Louis Abel of Fort Worth visited here during the week end with her parents, Mr. and Mrs. J. T. Jackson and his father, John Abel and sister and husband, Mr. and Mrs. Ovie Clark. We learn John has been hospitalized again at the Hico Hospital. We hope he is much better by this writing.

The writer attended singing at Lund Vaalley Baptist Church near Hamilton Sunday and after singing hours visited at the Hamilton nursing home. Glad to report Mrs. Brittle Little able to be up and about.

Our sincere thanks to Mrs. Fannie (Anderson) Michael of Hayward, Calif. for a nice donation of \$6.00 for the Fairy Cemetery, along with a short letter which we appreciated very much. She takes the Hico paper and stated how she enjoyed our newsletter and hearing from folks around Fairy and Agee. Well we just wish we could get a report from those Anderson relatives of hers occasionally but since all are a few miles out and have no telephone it's not possible for us to check on them and since the telephone system has gone dial, we are without a phone a lot of the time, as for service. We were out of service again Monday and drove to Fairy and made a few calls. Our trouble this time we think was a grounded line due to slack lines. We hope the employees will get it fixed soon. Mrs. Michael informed us of the death of her sister-in-law, Mrs. Sterling Anderson, who passed away recently.

We have reports that it is thought the wintry blast of Monday and Tuesday of last week brought us one half inch of moisture. Grain is looking much better. This scribe was without electricity from 11:30 Sunday night until about 2:30 p.m. Wednesday. Talk about the good old days—well we prefer the modern way of life. Fortunately we had a good supply of water on hand and a gas

CARLTON

By MRS. FRED GEYE

CARLTON INDEPENDENT BASKETBALL TOURNAMENT
The community of Carlton is sponsoring another men's independent basketball tournament, to be held in the Carlton High School gym on Friday and Saturday, Feb. 27 and 28th.

After a highly successful tournament last year marked by many exciting games it was decided to make the tournament an annual affair. Any one who is interested in getting a team together may enter, and is urged to do so as soon as possible so that brackets may be drawn up and sent out.

Deadline for entering the tournament is February 21 and the entry must be postmarked on or before that date. Information, rules and an entry blank may be secured by writing or phoning the basketball coach, George Latham, at the Carlton High School.

Watt Sharp Jr., who has owned and operated the Carlton Drug Store for 13 years, has sold out to Mrs. Sid Fine and her daughter-in-law, Mrs. Sidney Lee Fine. They took possession last Monday.

M-Sgt. and Mrs. Robert Bowden Jr. and son, Tommy, are visiting his parents, Mr. and Mrs. Robert Bowden Sr. They have been in the north for several months and he is being sent to Denver, Colo. the first of March to attend a missile school for six months.

H. C. Moreland and family of Kingsland and Mr. and Mrs. Thomas Williams, Mary Beth and Ky-lan of San Angelo, spent the week end with their parents, Mr. and Mrs. J. C. Moreland.

Mr. and Mrs. Milton Whitehead visited Sunday in Stephenville with her parents, Mr. and Mrs. Will Wright.

Mr. and Mrs. Neil Clark, accompanied by his niece, Mrs. Luther Burden of Hico visited Friday in Cleburne with Mrs. Clark's sister,

cook stove. The Oran Willifords, who have an electric stove, had to take food up to his garage to heat. Most all in this section were only out about 24 hours. Seems they passed us up on Tuesday when repairmen were out here, and didn't return until Wednesday afternoon. Our telephone was also out on Tuesday and Wednesday. So we feel like we had a real reminder and experience of those good old days. We did have a battery radio and could get the news reports which helped a lot.

HAMILTON COUNTY'S BETTER CROPS— HOGS & POULTRY

They Can Make Money For You, Too

Hogs and chickens raised in large volume, are a steady income to many farmers in this area—many of whom were started on this profit making program by PARKER FEED MILL and Kimbell Milling Co. You, too, can increase your profits, but not by waiting. Inquire this week about this program.

WHY PUT OFF this step any longer? Likely you have been considering it for some time; act today; stop at PARKER FEED MILL and let us tell you about Kimbell's Fine Feeds and Kimbell's Finance Plan.

KIMBELL is helping dealers, like us, give more farmers a helping hand in getting into volume production of Hogs and Layers—one of the ways to profitable farming.

FARMING, to be profitable, like so many modern businesses, depends a great deal on volume of production. One of the surest ways to up your volume quickly on the farm is through volume production of hogs and hens. We would like to discuss the possibilities with you.

He lighted the way to better living... ELECTRICALLY

Thomas A. Edison is best remembered for having perfected the first practical incandescent lamp. But his creative genius did not stop there. He also built the first central station electric system and patented more than 300 inventions in the fields of electrical generation and distribution. Today, in observance of Electrical Week, we join in a tribute to Edison.

His genius paved the way for the modern electric service we enjoy today...

Dear Mr. Meador:

Thank you for your letter of January 31 regarding news of the session acts of the House of Representatives.

In as much as there doesn't seem to be much interest elicited by the newspapers in my district at this time, I believe it would be more advisable to wait until such time as the work of the Legislature progresses to the extent of arousing more interest and at that time, send out a column.

Again, I appreciate your comments and the interest you displayed.

Sincerely yours,

H. A. LEAVERTON,
Representative, District 62.

The local teams traveled to Iredell last Friday night to play two crucial district games.

In the first game Hico's girls came out on the short end of a 24-27 score in a hard-fought game. Anna Lee Luckie led Hico with 9 points.

In the second game Hico beat Iredell 37-22. Hico led throughout the game and had little trouble in winning. Chandler led Hico with 16 points.

JUNIOR HIGH NEWS

Thursday night we defeated Carlton. They said "It couldn't be done," but we did it. The score was 34-28. Jane Akin made a whopping 24 points as high scorer. The girls were really worried because Carlton had previously defeated them by 13 points.

The boys beat Carlton 32-23. It was an exciting game, especially when no one knew which goal was which. As it turned out both teams had been shooting at the wrong goal. There was utter confusion for a minute when no one, including the referee, knew which goal was Hico's. In the end Carlton got two points from a goal made about 10 minutes before by a

very confused Hico player. Larry Erick was high scorer among the boys with 20 points.

We are having a tournament with Iredell February 16-20.

THE SPOTLIGHT

As I made my weary way homeward from Iredell Friday night, I spotted several couples coming back also. Everyone seemed to enjoy two good games, even though our girls were beaten by a close three-point margin. I personally thought everyone played a very good game even though they did get beat. The boys didn't have much trouble overcoming the Iredell boys by a 35-point margin. Couples I saw at the game and at home afterwards were Joe W. and Jean B.; Charles T. and Joy L.; John M. and Kay J.; and Wayland W. and Carolyn P.

Saturday night was a warm and pretty night, but I still didn't find too many couples out viewing the city. I can't imagine where everyone could have been, but I guess they had something else in mind. I hope a few more couples will try to come out this week end, and make my snooping job a little more interesting.

As usual, I decided to try my luck in Stephenville, and after dodging cars for thirty minutes, I finally managed to get over to that fair city. I saw lots of couples, but only a few that I recognized. With my spotlight growing dim, I decided I had better head back home before it went out. I cranked up my trusty tricycle and headed back at a fast clip. After being stopped by radar twice, I finally reached my destination safely. The people I met on the way were friendly, and didn't fine me over \$150, so I felt pretty lucky in that respect. After I returned I got out my pocket flashlight and tried to see if anyone was still around. Sure enough, I saw a few couples still around, and I hastily scribbled down their names. Those I saw were Billy B. and Kay Y.; John M. and Kay J.; Joe W. and Jean B.; Charles T. and Joy L.; Tommy J. and Anita M.; Buddy A. and Judy M.; Rosy V. and Linda D.; and Wayland W. and Carolyn P.

Sunday was one of the prettiest days we have had in several weeks. As a result of this, I found a larger group of couples out than usual. Those I did see were Charles T. and Joy L.; Jimmy H. and Diane H.; Max B. and Bonnie B.; Joe W. and Jean B.; ???? and Nona Jane C.; Rosy V. and Linda D.; Buddy A. and Judy M.; and John M. and Kay J.

WHO'S WHO

Pending careful survey of the talented students of which I could write, I have decided on a Freshman boy this week, one quite popular and well-liked by faculty and students.

This Freshman is one of the outstanding athletes of his grade and is very promising in every sports event. He plays quite a lot on the basketball team this year and will be very helpful in future years.

This student is very famous for his "wise-crack" jokes and equally as famous for his magic tricks. He is always grinning and always has something to say.

He is about 5 feet 6 inches tall and weighs about 130 pounds. He is very dark and has dark hair and eyes.

I am sure that you recognize HAROLD HATHCOCK.

INSURANCE AGAINST OLD AGE

There are more people over 65 years of age in the United States than there ever have been before. Statisticians tell us that we can expect this number to increase considerably in the coming years.

Though most of us want to live longer, we do not want to be "old." It is, therefore, becoming more important for us to plan to live fully as we grow older, so we can enjoy those added years.

The only insurance against growing old seems to be to live fully and intensely day by day, to have useful interests, activities and hobbies, and continue learning something.

What you learn doesn't matter a great deal, so long as it is interesting and worthwhile to you. Some things can be learned best alone; other things are more interesting learned in groups.

Start now to develop more varied and widening interests to provide insurance against old age!

DOES IT PAY MAMA TO WORK AWAY FROM HOME?

Changes in modern living have caused an increase in the number of women and mothers who work outside the home.

The question of whether to work away from home or stay at home and devote full time to homemaking is one that many women face today. Home management specialists say these are some points to consider:

What will increased income be after extra expenses are deducted? Is it worth it? Extra expenses might include increased transportation costs, need for extra and better clothing, extra beauty care, lunches, baby sitters and perhaps hired help to do some house work.

When the mother works, chances are more money will be spent for food for the family. Amounts of partially prepared or ready-to-serve foods served usually increase

due to lack of time for food preparation. More money usually goes for clothing as there often isn't time for repair and home sewing. Laundry and cleaning costs may go up because of shortage of housekeeping hours.

A final consideration: If mother works will she have enough energy to be able to work eight hours away from home then come home and do routine homemaking jobs and still be a happy pleasant mother and companion?

LOOK FOR WHOLE GRAIN CORN MEAL

Take time to look for whole grain corn meal when you shop. You'll get extra food benefits and flavor. That's because this type of corn meal contains all the food nutrients that nature provides in corn.

Check the label when buying corn meal. For added nutrition check to see if the corn meal is enriched as well as made from whole grain. Corn is naturally low in the B vitamins, thiamine and niacin which are important to the health of the nerves. The nutritive value of whole grain corn meal is improved by the addition of an enrichment mixture which includes these vitamins.

COFFEE FLUFF

Having difficulty finding a new dessert that is simple and liked by all the family? Try this one.

2 egg whites
One-eighth teaspoon salt
One-fourth cup sugar
1 teaspoon instant coffee
One-fourth teaspoon vanilla
One-fourth cup whipping cream, whipped.

Beat egg whites until frothy, add salt. Beat in sugar and instant coffee a little at a time. Beat until stiff peaks form. Add vanilla. Fold in cream.

Make Marble Cake from a mix. Cut in squares. Serve squares topped with coffee fluff. Spoon on chocolate sauce.

AS IT LOOKS FROM HERE—

Problem of Sonic Booms is Increasing Day by Day

Washington, D. C.—If you have not heard a sonic boom, it likely will not be long before you do. It may awaken you in the night. It may set the dishes jumping in the cupboard at any hour of the day or night, no matter where you live.

Instead of finding an answer to a problem, the problem is increasing day by day. Within eight to ten years from now, commercial planes will be breaking the sound barrier. Contrary to popular understanding, when a plane breaks the sound barrier by flying at a speed of 730 miles per hour at sea level, the barrier stays broken as long as the plane flies at that speed or greater. In other words, it is not one boom, but a continuous boom affecting everything in the path of the shock wave which it creates.

About a year and a half ago the experts were more or less saying that the shock waves from the breaking of the sound barrier could not really harm property on the ground. Since plate glass windows and damage to plastered ceilings and walls occurred in Hamilton, Comanche, Erath and Eastland Counties all located in an area designated for the testing of supersonic planes, both the Air Force and Civil Aeronautics have recognized that damage can be done. However, the psychological effect on people is probably worse than the physical damage. A shock wave coming out of a clear blue sky from a plane which is not seen and many times not even heard, is a disturbing experience, to say the least.

A plane flying at 59,000 feet over the City of Milwaukee upset the entire populace and created a near panic. Telephone circuits were jammed with inquiries as to what was happening.

Atmospheric conditions make a tremendous difference according to the experts. Ordinarily a plane breaking the sound barrier at or above 35,000 feet is not severe; but a plane at 10,000 feet, flying at supersonic speed, concentrates the shock in a more narrow cone resulting in greater severity. So, the answer lies not entirely in keeping a plane at or above 30,000 or 35,000 feet, although the shock is less concentrated.

North American and Convair, aircraft manufacturers in the Fort Worth area, and the Air Force are both conducting tests at various levels in a corridor running North and South from an area East of Abilene to the Mexican Border. In consultation and contacts with representatives of North American, Convair, the Air Force and Civil

Aeronautics, I have insisted that they shift the area to sparsely settled areas of Southwest Texas or over the Gulf of Mexico. This may be the answer for the immediate, but in a few years the giant B-58 Bomber will be stationed at Dyess Air Force Base in Abilene. With these planes capable of breaking the sound barrier, it means that the problem will be more severe. Even sooner, a jet fighter plane taking off from a field will be capable of breaking the sound barrier in its immediate climb. A commercial plane from New York to Los Angeles, flying at supersonic speed, will be creating a shock wave on the ground parallel to its flight across the entire continent. There appears to be no answer to the problem at this time.

In the meantime, should damage occur to your property from a sonic boom shock, promptly make a note of the hour and even the minute it occurred, and report it to me immediately. I shall do my best to see it is placed in the hands of the Air Force or the plane manufacturing companies, or you may report it directly to them.

Earlier, when the experts presented some argument that damage could not occur from the shock waves created by a plane flying at supersonic speed, it reminded us that the scientists in aerodynamics concluded that the bumblebee could not fly. But the bumblebee was not aware of his plight, and does.

Mrs. Loden Hostess to
Clairette H. D. Club
Members February 6

Mrs. George Loden was hostess to the members of the Clairette Home Demonstration Club Friday February 6, at the Recreation Center. Club President Mrs. Marvin Rush presided.

Mrs. Rush welcomed the new County Agent, Mrs. Valentine. Mrs. Huckabee led the group in songs, and prayer was offered by Mrs. Willis.

Roll Call was answered with "Did You Pay Your Poll Tax." Mrs. Rush and Mrs. Huckabee were nominated as candidates to District THDA Convention in April.

The following were elected to the various demonstration offices: Mrs. Huckabee, clothing demonstrator; Mrs. Rush, furniture leader; and Mrs. Johnson, demonstrator.

For recreation Mrs. Loden gave a very interesting game contest on presidents. Mrs. Johnson, having the most correct answers, was given a lovely candy dish. In another contest, Mrs. Huckabee was given a nice egg-timer.

Mrs. Valentine gave a very instructive and interesting demonstration on buying slips. The fabric, style, fit, workmanship, etc., discussed and also the care of the garment to prolong the wear.

While Mrs. Loden was preparing refreshments a decorated birthday cake and gifts for her were placed on a table in the living room. As she returned all sang "Happy Birthday Dear Myrtle."

Cafe, coffee and hot chocolate were served to Mrs. Marvin Rush, Mrs. H. G. Edwards, Mrs. Frank Johnson, Mrs. H. K. Self, Mrs. O. H. Huckabee, Mrs. H. G. Wolfe, Mrs. Chance Sterling, Mrs. S. O. Durham, Mrs. John Willis and Mrs. Valentine.

The next meeting will be February 20, with Mrs. N. E. McGuire as hostess.

A turkey dinner was enjoyed by the club members and their families January 27 at the Recreation Center, the occasion being to honor members having birthdays in January. Those with birthdays in January are Mrs. N. E. McGuire, Mrs. Wolfe, Mrs. Self, Mrs. King, and Mrs. Willis.

Five cakes were baked and decorated by Mrs. Rush. Many lovely gifts were opened and admired.

Iredell & Fairy FFA Chapters Have Entries in Houston Show

The Iredell FFA Chapter has entered four Berkshire, two Duroc, and four Yorkshire barrows in the junior division of the 1959 Houston Fat Stock Show to be held February 25 through March 8.

The Fairy FFA Chapter has entered a Shorthorn steer and six Southdown fat lambs in the junior division of the Houston Fat Stock Show.

The show, which is called "Texas' Greatest Livestock Show," is offering approximately \$216,500 in cash premiums and special awards to exhibitors and contestants.

Housing accommodations in the air-conditioned cattle barns will be improved this year due to a change of the site of the horse

show. Quarter and Cutting horses will be stabled and shown at Oak Stables, allowing more space for swine, sheep, poultry, rabbits and the eleven breeds of cattle that have been entered.

Official activities will begin with the three day Salt Grass Trail Ride which starts from Breckenridge on February 22. Nearly 2,000 riders and 100 chuck wagons will make the ride. Everyone in the Houston trade area is urged to "Go Texan" in western dress during the stock show days.

James Arness, who plays "Gunsmoke," will headline the nineteen performances of the Champion of Champions Rodeo.

If you can read numbers, you can play any kind of music from classical to jazz—tonight, in your own home.

You simply match the numbers in the Song Books with the numbered keys of the Magnus Electric Chord Organ keyboard. You needn't know one note from another, though they're there for those who do. You play full, resonant chord accompaniment, too.

You, yes you press a key—and out comes MUSIC! Real music, full timbered, rich, mellow, and wide of range... vibrant with the authentic "breathing" of organ tones and overtones, because Magnus uses the same principle of passing air over reeds as you find in the mightiest church organs.

Truly, Magnus is unmatched at its price for workmanship, cabinetry, and tonal quality.

Hundreds and hundreds of songs to play... Classical • Folk and Hymns • Popular Hits • Even Jazz

Remember it's a lot more fun to make music than just listen to it.

COME IN! SEE IT! PROVE TO YOURSELF YOU CAN PLAY IT IN MINUTES!

Mrs. Vivian Blair Hostess To Regular Meeting of Hico Review Club

On Thursday, February 5, Mrs. Vivian Blair was hostess to the Review Club. Delicious cake and coffee was served to the members. After a brief business meeting conducted by the president, Mrs. Ellis Randalls, the program on Australia was presented.

"Australia—The Land Down Under" was given by Mrs. O. C. Cook, who used slide films to emphasize and compliment her subject. Australia, the country with a future, produces large supplies of wool, beef, minerals, milk and farm crops. Although the country is a great exporter of these primary products, over recent years it has become increasingly industrialized, and now has a greater proportion of its population engaged in industrial production than the U.S.

Canberra, the national capital, is considered one of the most beautiful cities in the world. Walter Burley Griffin, a Chicago architect, designed the city.

In Mrs. M. I. Knudsen's review of "Australian Literature," she cited the rising trend of literary productivity in Australia. Among the writers listed were Patterson, who wrote epics of the deeds of ancestors, Frank Morton, the editor and critic, Author H. Adams, the novelist, and Ray Bridges, a journalist.

The club will meet February 19, with Mrs. Ellis Randalls.

Mr. and Mrs. Curtis Keeney and Butch of Waco visited Sunday in the home of her parents, Mr. and Mrs. Roy French.

Hastings, Johnson Vows Read at Cranfills Gap

At 7:00 o'clock on Saturday night, January 31, at the St. Olaf Lutheran Church in Cranfills Gap, Miss Shirley Ann Hastings, daughter of Mr. and Mrs. Albert Hastings of Route 2, Meridian, was married to Mr. Floy Hubert Johnson of Breckenridge, son of Mr. and Mrs. J. H. Johnson of Hico.

Performing the impressive double ceremony at the altar, which was decorated with two large floor baskets of white gladioli and two Areca palms, was Reverend Iver Haugen, pastor of the church.

Miss Alice Marie Nelson of Fort Worth, aunt of the bride, presented traditional wedding music at the organ during and following the ceremony and also accompanied Mrs. Melvin Saunders of Meridian, when she sang "O Happy Home" and "Crown With Thy Benediction."

Given in marriage by her father, the bride was attired in a full-length wedding gown of white taffeta, which was fashioned in the princess style. Fullness at the back of the dress formed the bridal train. Her jacket was of white lace with pointed sleeves, and her short veil with orange blossoms was worn by her grandmother, Mrs. A. G. Nelson of Clifton, in her wedding 51 years ago and by her mother when she was married 20 years ago. She carried a bridal bouquet of white carnations.

Maid of honor to the bride was her twin sister, Miss Nellie Ann Hastings of Dallas, and bridesmaids were another sister, Miss

Mary Ellen Hastings of the home, and a cousin, Mrs. Barry K. Wyld of Irving. Their dresses were fashioned of red taffeta with V-necks, full street-length skirts, and silk organza bows in the back. They wore red flowers over net in their hair and white shoes and gloves and carried colonial bouquets of white carnations.

Mr. Weldon Barnes of Bryan was best man to the groom. Broomsmen were Messrs. Jerry Johnson, a brother of the groom and Geoffrey Holladay, both of Hico, and ushers were Messrs. Alton Joe Dahl of Clifton, a cousin of the bride, and Wayland Woolton of Hico.

Mrs. Hastings, the bride's mother, was attired in a two-piece aqua suit with a white hat and gloves. The groom's mother, Mrs. Johnson, wore a navy blue dress with hat and matching accessories. Each had a corsage of white carnations.

Reception in Church Parlor

Following the wedding the bride's parents entertained with a reception for the bridal couple and the members of their wedding party in the church parlor.

Adding to the beauty of the bridal refreshment table were the three-tiered wedding cake and four large candles.

Members of the house party included Miss Rebecca Blue, Miss LeVada Bryn, Mrs. Tilden Hastings, Mrs. Belford Grimland, Mrs. Orvil Olsen, Mrs. Norman Sinderud, and Mrs. Ovie Huse, of Cranfills

Gap; Mrs. Carl Carlson of Iredell; Miss Emilie Hickox and Mrs. Frankie Lund of Fort Worth; Mrs. Bill Dowdy of Dallas; Miss Sherry Campbell and Mrs. G. O. Hastings of Denison; and Miss Kathy Hansmire of Seguin.

Leave for Wedding Trip

After the reception Mr. and Mrs. Johnson left for a short wedding trip, after which they will make their home near Breckenridge. He will operate the farm of his parents near that city and also will be employed in Breckenridge.

For going-away, Mrs. Johnson wore a light blue linen suit, matching light blue accessories, and a white hat.

A 1958 graduate of Cranfills Gap High School, Mrs. Johnson attended Draughon's Business College in Dallas prior to her marriage. Mr. Johnson is a 1953 graduate of Hico High School and a 1958 graduate of Tarleton State College in Stephenville. He also attended Sam Houston State College in Huntsville.

Square Dance Club Entertained with Dinner

Members and guests of the Bluebonnet Square Dance Club enjoyed a barbecue dinner last Saturday night at Bluebonnet Country Club. A Stephenville catering service served the delicious meal.

Approximately 50 members and guests attended.

Mrs. Conda Salmon and Mrs. John Pitts were in charge of arrangements.

Mr. and Mrs. Sam Battershell and family of Fort Worth spent the week end with his mother, Mrs. S. F. Battershell.

State-Wide Farm Bureau Membership Drive Underway

Dallas, Feb. 12—The Texas Farm Bureau's annual state-wide membership drive is being kicked off here Thursday with a big rally of county and community membership chairmen.

Governor Price Daniel has proclaimed the week of Feb. 15-22 as "Farm Bureau Week" in Texas. During that week, thousands of volunteer membership workers in almost 200 counties will be asking

their rural neighbors to join Farm Bureau. The Governor, who is a member of the Liberty County Farm Bureau, congratulated the state organization for having the largest membership gain in the nation last year—3,351 member families.

Afternoon speakers at the rally included TFB President J. H. West of Bishop, and Millard Shivers, Waco, organization director. Harry Bryson of Chicago, director of the program development, American Farm Bureau Federation, was the banquet speaker Thursday evening.

The Texas Farm Bureau ended its 1952 membership year with 76,032 farm and ranch families, which was enough to make the state organization fifth largest in the nation. The TFB plans to enroll enough new members this year to move into fourth place—just behind Illinois, Indiana and Iowa.

The Farm Bureau is a free, independent, non-partisan general farm organization owned and controlled by its members. Three out of every four organized farmers and ranchers in the nation belong to the Farm Bureau.

FARM BUREAU WEEK—Gov. Price Daniel is shown signing a proclamation designating the week of Feb. 15-22 as "Farm Bureau Week" in Texas. Looking on are J. H. West of Bishop, president of the Texas Farm Bureau, and Millard Shivers of Waco, organization director. A big rally of Farm Bureau county and community membership chairmen in Dallas Thursday kicked off the annual state-wide drive.

By MRS. LUCILE MAYFIELD

Mrs. Florine Wheeler and Richard Lee of Killeen visited her uncle, John Alexander Saturday.

Mrs. Wilma Fay Greater and children of Waco visited Friday with Mr. and Mrs. Fieldon Haley and family.

Mr. and Mrs. Arthur Lambert of Dallas visited recently with Mr. and Mrs. Jim Edwards.

T. L. Thompson of Fort Worth visited Sunday with Mr. and Mrs. A. L. Thompson.

Mr. and Mrs. Johnny Haley and baby of Fort Worth visited Sunday with the Fieldon Haleys.

Connie Mack, Freddie and Jack Henry Self of Carlton spent Sunday with Mrs. Ethel Self.

Mrs. Ethel Self had a letter last week from her son, H. L. Self of Madison, Wisconsin, stating they had 17 inches of snow and the temperature was 35 degrees below zero.

Mr. John Noland took Mrs. Noland to a doctor in Kennedale on

day last week for treatment, as she fell and hurt her back. She has had much trouble for some time. Funeral services for Mrs. Nellie

Johnson of Stephenville were held here at 1:30 p.m. Monday, and burial was made in the Clairette Cemetery.

Boswell's COTTAGE CHEESE

*"And children's faces looking up
Holding wonder like a cup."**

Sara Teasdale's poem kept running through my mind during the services this morning... there could be no truer description of the shining glory in my children's eyes. Wonder, yes—and discovery and complete trust.

Suddenly I realized where I had seen that look before. I was about the age of my own youngsters, sitting beside my mother... just as they were sitting with me now. I remember so well—looking up and seeing that same expression of worship and faith and wonder on my mother's face. And such a deep happiness that I felt I had to reach out to touch her to share in this warmth.

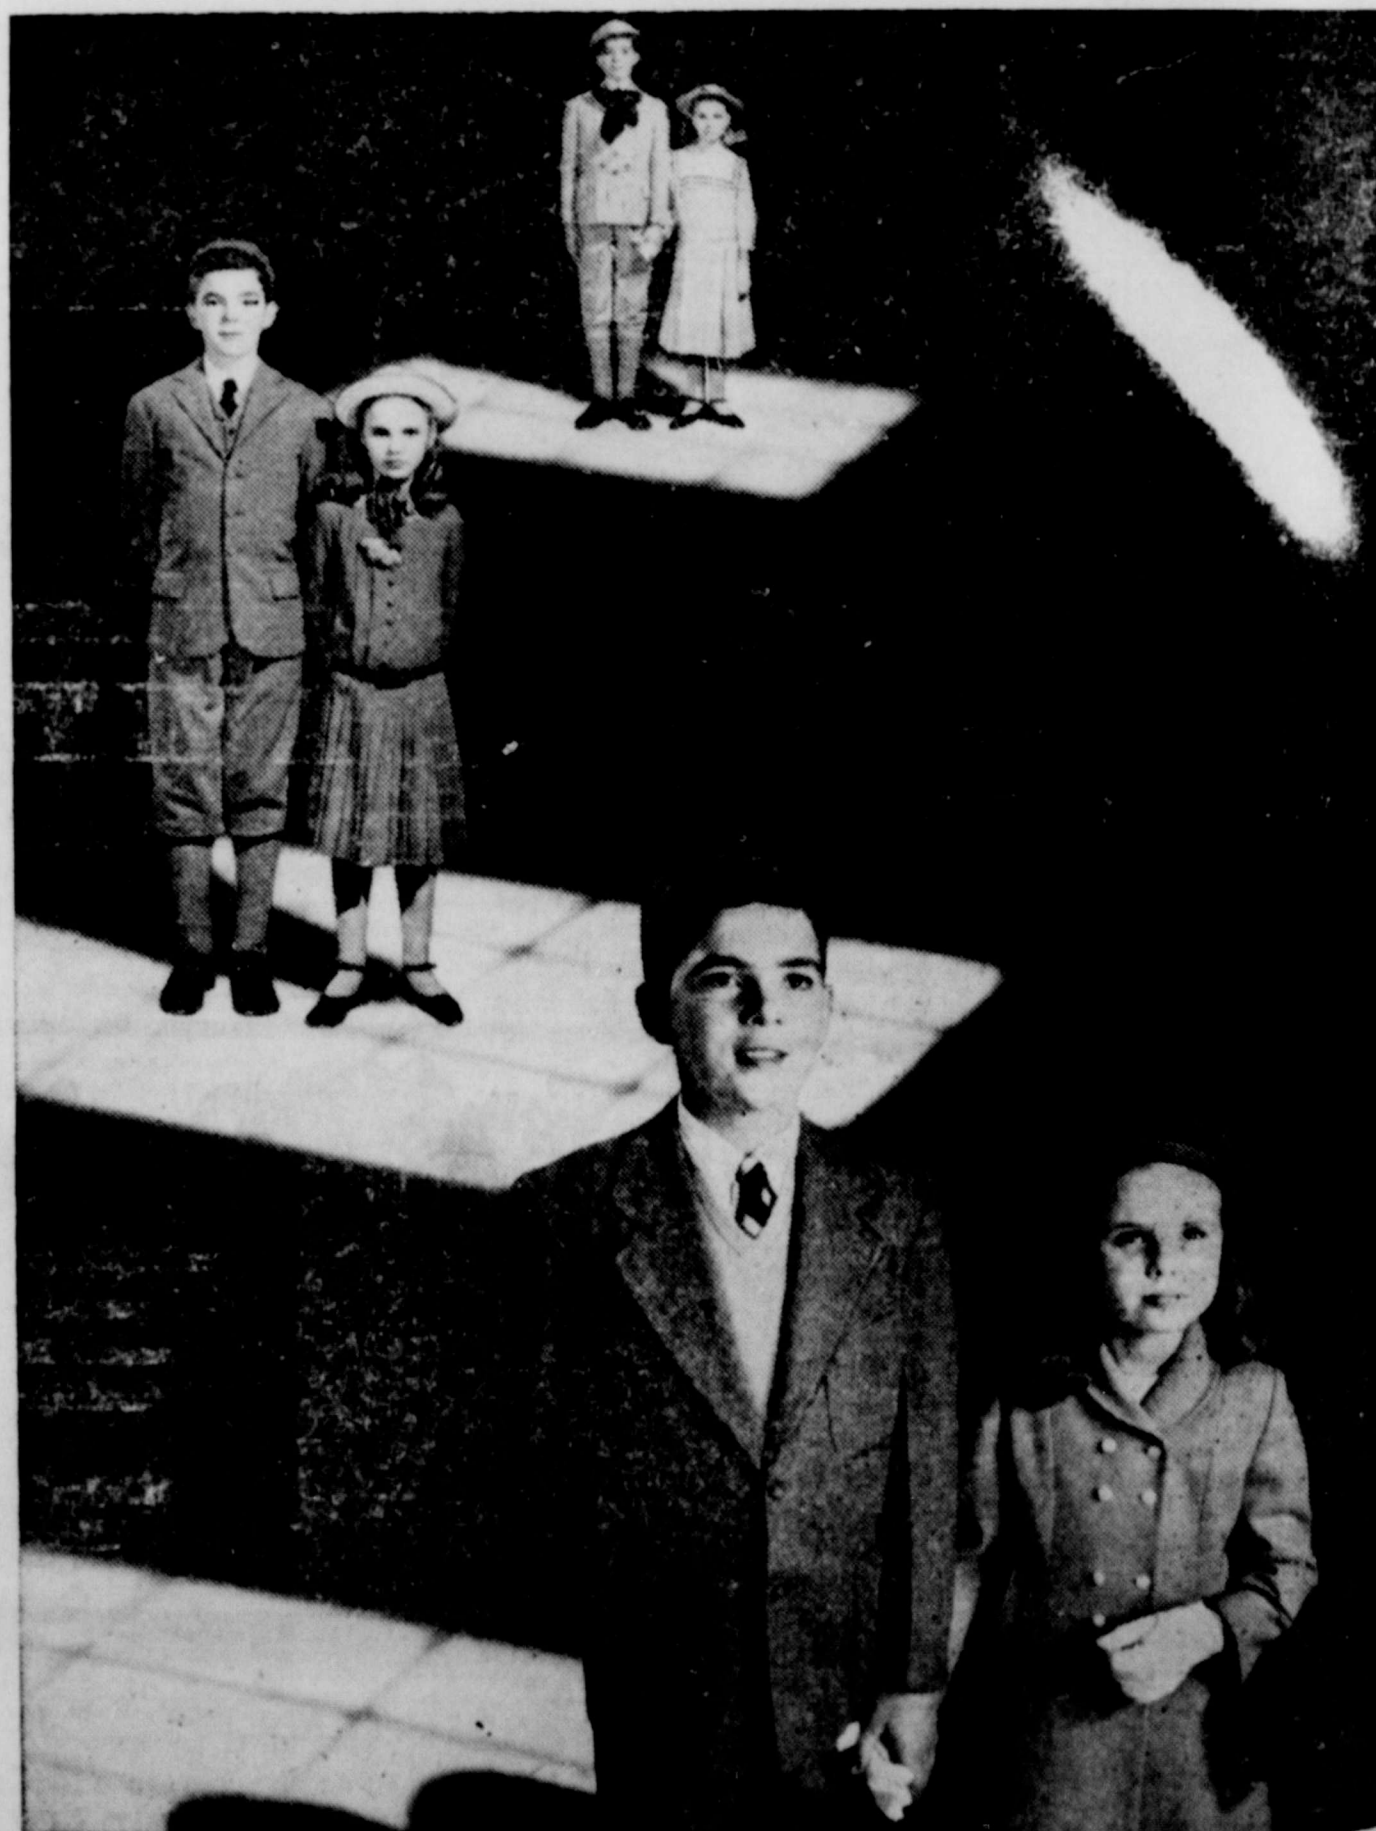

I don't remember that we ever talked together much about religion, my mother and I. I needed only to look at her face to know that I might find her peace and security at the same source that sustained her over the years. The whole family worshipping together every week, with others who believed as we did, was always a very special time. It gave us a closeness we felt very strongly, a strength that helped carry us through the week with hope and courage.

And so at service this morning, I sent up a prayer that my children would see my mother's look on my face... and have it to remember all their years.

Give them a Faith to live by...

Worship with them this week

...from generation to generation, faith to meet life's challenge

SWEETHEART SUPPER VALENTINE DAY

The couples of the church will be entertained at the Sweetheart Supper on Valentine Day at 7 p.m. Intermediates and young people with their dates are invited, as well as all the adult couples of the church.

The recreation committee, headed by Mrs. Jerry Mathews, will serve supper at 7. Those who wish may remain for "42" and other games. All the evening's activities will take place in the new Fellowship Hall.

Every couple in the community is also extended a cordial invitation to attend the Sweetheart Supper.

CARD OF THANKS

I want to take this method of expressing my sincere gratitude and appreciation to our many friends and neighbors for your thoughtfulness during my stay in the Hico Hospital, and for the many cards and beautiful flowers. Also I want to thank the doctors and nurses for their many kindnesses. May God bless each one of you.

IT HAPPENED HERE OR NEAR—

Recent Cold Spell Brings Memories of Days Gone By

By E. E. DAWSON

Probably people remember the freaks of weather more vividly than anything else. Back there in the past a bad spell of winter weather was had that is forever recurring to mind and being compared with the current bad spell. Or maybe it was a flood, or a drought, or a hot spell.

Which reminds me of Sam Wimberly. Old Sam had driven cattle on the trail back in the sixties and seventies, and any irregularity of weather would start him reminiscing. "This spell reminds me of the spell we had in seventy-one. It started January the thirtieth and danged it if it didn't keep hitting us with snow and ice and zero until almost March." So he would hit off a vivid story of a long-ago wintry weather. Or if it were mid-summer he would dilate on how hot it got about the time they crossed Red River on the way to Abilene, Kansas. And he always gave a specific dating to every such reminiscence. Listeners would wonder how a man could remember dates so wonderfully. Some would speculate that Old Sam did a bit of reminiscing in order to make his tale dramatic.

I have heard quite a few in recent weeks comparing this winter's frigid weather with other severe weather, and I recall that on several occasions I reminded

my hearers of the bad spells that stood out so clearly in my memory. For example that awful spell we had in 1888. We went to Grandpa Underwood's home one balmy January afternoon to stay overnight for Aunt Trudie's wedding. After the wedding that night the storm came, icy winds, heavy snow, sleet, some hail. Our return home the next day was impossible. There

we were stuck for a week, twice as many people in Grandpa's house as could keep comfortable. And if there had not been some trees in the pasture we would have frozen, for the woodpile melted away to nothing in the middle of the spell and the men folks had to wade the knee-deep snow and cut down hackberry trees and cut the wood into usable lengths and tote it in their arms to the house a third-of-a-mile away.

At long last, the sun shone and Dad said we must try to get home. Everybody argued against it, but it seemed imperative that we go. All the folks prophesied that we would never make it due to the ice and snow and mud and the fact that we had to ford a creek that had the heaviest ice on it that anybody had ever seen. But start we did. When we came to the frozen creek, Dad broke the inch-thick ice with an axe and had Mother and us kids cross on the ice, while he drove the wagon to the other side. But mid-stream the team stalled and Dad had to pull the double-tree pin and the team waded to the south bank. Mother took us kids, walking, to a house on a hill a mile away. Dad got the wagon out just before sundown, with the help of men, and just as the sun sank in the west we went on toward home, cold, damp, sneezing, wondering if we would ever make it. Of course we did.

We have had an unusual amount of wintry weather this time, but really it is nothing to compare with that spell. In many books and tales of old-timers I have read of the severity of that awful spell. It was state-wide and lapped over into all our neighboring states.

Then in 1899 came that rare winter spell that started about February 7, and on Sunday the 12th, Texas recorded its coldest weather. In all this area the mercury went down as much as thirteen degrees below zero. I remember that awful Sunday the 12th of February mighty well, for nearly all the birds froze the night before. I shiver every time I recall that cold night and the following day.
