HICO, TEXAS JULY 17, 1959.

NUMBER 11.

New Mail Service Will Start Monday

Beginning July 19 service will be discontinued on the Waco and Dublin Highway Post Office, according to Postmaster Robert Jackson. This service will be replaced by a Star Route, as was recently initiated on service from De Leon to Fort Worth.

The new service will be another phase of improving mail facilities in this area. The new schedule will bring incoming mail to Hico from Waco at 7:20 a. m. each morning. Dispatch mail will be picked up here at 7:30 p. m. daily, except Saturday, Sunday and holidays, and at 5:45 p. m. on Saturday, Sunday and holidays.

Mr. Jackson emphasized that all mail going out of town on Saturday, Sunday or holidays, will have to be mailed in the large red mail box in front of the post office in order to be picked up by the star route service, as local postal employees will not work outgoing mail on these days.

A total of forty-one beauties will parade before first night crowds at the 73rd Annual Old Settlers Reunion, Wednesday, July 29. The group will be seeking the title of Miss Reunion of 1959, a beauty pageant which was originated last year.

Miss Judy Beth Moore, the 1958 Miss Reunion, will be seeking the crown for the second time in the competition, as will Miss Judy Griffiths, one of the runners-up last year. The other runner-up, Miss Julia Hedges, will not compete for honors this year.

Others among the long list of contestants includes Miss Janet Hooper and Miss Brenda Claunch of Iredell, both of who were in the final six in last year's judging. Entry deadline was last Monday. Included in the entry list this year are representatives from Hico, Fairy, Iredell, Carlton and Glen Rose, with the latter three towns each having one entry, and Fairy with three. The remainder of the young ladies are from Hico.

The entries this year exceeded all expectations, and has been proclaimed the largest number for any contest in this area for the year. Last year the contest had 27 entries.

Mrs. E. V. Mador is chairman of the contest again this year. All contestant's pictures will be published in next week's issue of the News Review, which will go to press Friday of this week. Other details and information pertaining to the beauty pageant will be included in next week's paper.

Parade Prizes Listed.
 Reunion Manager Harold Walker listed parade prizes this week as follows:

- Best decorated bicycle, \$5.00
- Best horse and rider, \$10.00
- Best comic, \$10.00
- Best decorated auto, \$15.00
- Best decorated float, \$60.00
- Second place float, \$30.00
- Best organized riding club, trophy.

Plans for the parade, which will be held opening day at 6:30 p. m., are progressing rapidly, with many people already planning and decorating floats.

A complete outline of the week's activities will be published in the Reunion Edition of the NR next week.

There are approximately 34 lovely young ladies, all entries in the Miss Reunion contest, who do not have transportation to ride in the opening day parade. Anyone desiring to plan a float using girls in formals, please notify Mrs. Mador or Harold Walker.

Stearman Ranch Shows Champion Pen of Heifers At Feeder Calf Sale

At the Fort Worth Stock Yards Hereford Feeder Calf Sale held July 9, the Stearman Ranch showed a pen of heifers and a pen of steers.

The heifers won their class and went on to be judged the Grand Champion pen of heifers for the sale, while the steers won second in their class. The heifers averaged 447 pounds and brought \$33.10 per hundred. The steers averaged 470 pounds and sold for \$35.00 per hundred.

The cattle were judged by Walter Barrett of Comanche, D. W. Lewter of Lubbock, and Frank E. Jordan of Mason.

Gospel Meeting Will Begin Monday at Iredell Church

Evangelist Douglas Rohre of San Angelo will be guest speaker at a series of gospel sermons at Iredell Church of Christ scheduled July 20 through July 26.

Services are scheduled each morning at 9 o'clock and evening services will be held daily at 8 o'clock.

TO TRANSFER—Mrs. Vivian Blair, who has served as Hamilton County Home Demonstration Agent for the past three years, will be transferred to Georgetown, Williamson County. The transfer is effective August 31. Miss Annie Lucy Lane, district agent, made the announcement.

SIM-BONE DOES IT AGAIN! How one person can manage to always catch the smallest fish is beginning to be puzzling. Sim Everett has long been known as the fisherman who fished the most and caught the least (in number and size), but this takes the cake. Young Marc Armstrong, visiting in Texas from his home at Fort Meyers, Virginia, really out-fished old Sim last week

when he caught the huge catfish above, while Sim could only manage the "monster" which he is holding. From the expression on Sim's face, he is beginning to wonder if he is "snake bit." Marc caught the fish one day last week while he was visiting with the Everetts. When last seen Sim was mumbling something about "cheap fishing equipment for sale!"

TO CAMP—Five members of Hico Boy Scout Troop 99 left last Sunday afternoon for Camp Belton, near Belton, for a week of Scouting. They were accompanied by local Scoutmaster Clarence Watson. In the group shown are Lynn Wade Malone, who is holding the United States flag, Watson, Jerry Casey and Edmund Horton. Kneeling are Lloyd Hyles and Butch Knudson. The Scouts will return home Saturday. This is the first representative group from Troop 99 to attend the camp in several years.

Erath Farm Bureau Queen Contest Slated August 4

Erath County Farm Bureau is sponsoring a Queen Contest August 4, at 8 o'clock in the City Recreation Building, Stephenville. After the contest ice cold watermelons will be served.

Purpose of this contest is to give recognition to the farm and ranch girls of Erath County. The basic principles of the contest are as follows:

The girls are to be judged on grace, poise, charm, vivaciousness, and all other qualities that go to make up winsome Texas future homemakers. There are three main points on which they will be judged, namely appearance, poise and personality.

There is nothing personal in the project. It is anticipated that through this contest more young people may become better acquainted with the principles of the Farm Bureau organization.

To be eligible for this contest the contestant must be a daughter or sister of a Farm Bureau member actively engaged in agricultural production. She must be single and between the ages of 16-22.

There will be an award for each entrant in the contest. The winner will receive an expense paid trip for her and her mother to the district contest. All district winners will receive an expense paid trip to the state convention. The state winner will receive \$500 expenses to American Farm Bureau Convention, Chicago, Ill., in December, 1959. All district queens will receive a beautiful watch.

O. V. King of Rt. 7, Dublin, is president of the Erath Farm Bureau, and Mrs. John Golightly of Route 7, Hico, is secretary. Entries in the contest should be sent to either of the above named officers, and they will furnish additional information.

SAMPLE PAPERS BEING MAILED THIS WEEK

Several hundred sample copies of this week's News Review are being sent to people in this area, courtesy of Salmon's Dept. Store. The local store is celebrating its 10th anniversary in Hico.

MR. & MRS. WILLIS ACCEPT HAMILTON POSITIONS

Mr. and Mrs. Porter Willis, former Hico teachers, have accepted teaching positions in the Hamilton school system.

Mr. Willis was high school principal at Glen Rose for the past three years, since leaving Hico. Mrs. Willis taught in the elementary grades at the Glen Rose schools.

S-Sgt. Clifford R. Johnson and Mrs. Johnson and two sons of McChord AFB, Washington, visited Monday afternoon with Mr. and Mrs. J. A. Hendricks.

SPECIAL REUNION EDITION NEXT WEEK

Practically every business in Hico has been contacted for space on the Reunion booster pages which will be published next week.

If you have been inadvertently missed and would like to be represented in this section, please call the News Review before Friday noon, July 17, and a representative will call on you for copy.

In years past every business in Hico has been represented in this section of the paper and are supporters of this big yearly event, the largest of its type in the state.

"Mirror on the Wall, the Fairest of them All." Probably what judges in the Miss Reunion Contest will say when they catch a glimpse of the contestants this year.

When the beauty pageant "unrolled" to such an extent when the deadline came that forty-one entrants had registered.

The group are contestants from Hico, Fairy, Iredell, Glen Rose, of course, Hico, with the remainder of the bulk of the entries from the other towns are divided with one each.

You see the judges peering through their glasses and scratching their heads for the nut-hatch—just to figure out who the 1959 Reunion is!

The contestant's pictures published in next week's Reunion edition of the NR.

When you see a lot of amusing things in daily life, but we think it is about the funniest we have witnessed in our time.

Being treated to lunch this week by a traveling salesman, we glanced around the table and much to our surprise that two young men brought their own lunch to eat. They ordered and proceeded to unpack and enjoy the meal!

This week's "Letters to the Editor" column, Rep. H. A. Leaver expressed his position on matters facing the State. It is recommended for everyone interested in the welfare of the state.

Summer Revival Scheduled at Fairy Baptist Church

L. R. Whetstone of Fort Worth will be evangelist at the Fairy Baptist Church during a summer revival scheduled to begin July 17 and continue through July 26. Billy H. Harlan, pastor of the Olin Baptist Church, will be visiting singer.

A. R. McGee Jr., pastor of the Fairy Church, has announced that services will be held each evening at 8 o'clock, and morning services will be held Monday through Friday at 10:30 a. m.

Rev. McGee issued a cordial invitation to everyone to attend.

with collection of taxes for the district this year. No increase will appear on this year's statement.

If you have a comment or opinion on the proposal, how about letting your ideas be known to one of the board members?

FAIRY

By MRS. EUNICE DANIEL

We have been having some real summer weather the past two weeks. However, nights are pretty cool most of the time.

Farmers are quiet busy, breaking stubble, plowing cotton and hauling hay. The maize is turning fast and the harvest is really just around the corner.

Housewives are quite busy also this time of year, when garden vegetables, fruit and corn are ready for canning, preserving and freezing. Also weeds, grass and sunflowers keep a lot of us busy with hoes and mowers. About the only consolation we get is to think of those good old days this winter

when we'll get a few months rest from this hoeing and mowing.

Descendants of the late Mr. and Mrs. W. D. Chumney of Hamilton held their annual family gathering at Horton Park in Hamilton last Sunday week. Those from here who attended were Mr. and Mrs. Coy Parks and their son and family, Mr. and Mrs. Alton Parks and Rickey of Arlington, Mr. and Mrs. Jessie Rainwater and their daughter, Mrs. Donald Mayfield and baby of Hico.

The annual family reunion of the late Mr. and Mrs. T. L. Burris will be held at Brady, Sunday, July 19. All friends and relatives

have an invitation to attend. The Burris family formerly resided near Fairy.

Haskell Payne was returned home last week from the Scott and White Hospital in Temple where he underwent surgery last Wednesday week.

Mr. and Mrs. E. L. Parks and daughters of Fort Worth visited during the week end with his mother and brother, Mrs. M. E. Parks and Audie.

A revival meeting is in progress this week at the Agee Baptist Church, with Rev. Charles Beeton pastor of the Carlton Baptist Church doing the preaching. Mr. and Mrs. Zack Panell have charge of the music. Mrs. Panell is the former Nancy Roberts of Lanham.

Mr. and Mrs. Willie Turner and children, Bernice and Ray visited at Flat during the week end with relatives.

Mr. and Mrs. G. R. Rivers and little son of Salisbury, North Carolina, have been spending a part of their vacation period with her parents, Mr. and Mrs. Walter Abel and other relatives here.

Claud Lunsford had the misfortune of breaking three bones in his right foot during the week end when he slipped and fell on a river bank where he and friends were fishing.

Harold Taegel received a broken shoulder in a fall last week. We hope both will soon be fully recovered.

The writer attended singing at Lund Valley Baptist Church Sunday. Sorry to report Mr. Jim Pipes still suffering from two injured arms received when he slipped and fell on his concrete drive at his store and service station in west Ham-

ilton. He received some broken bones in the left arm near the wrist and a badly sprained right arm. He was washing the drive with soap and water when he slipped and fell, falling on his left arm.

Mr. and Mrs. Truitt Turner and sons of Fort Worth spent the week end with her parents, Mr. and Mrs. T. R. Parks.

Mr. and Mrs. Carl Ray Sellers, Carolyn and Janice visited a while Saturday afternoon and night in the home of her sister, Mr. and Mrs. D. E. Allison and Mr. and Mrs. Wayne Pittman and Karen of Dublin. They went up for their son, Jimmy Don, who had visited the past week in the Allison and Pittman homes.

Mrs. Charles Price and Cheryl of Austin visited from Thursday until Sunday in the home of her parents, Mr. and Mrs. P. L. Cox.

Miss Lera Jane Blakley of Baylor University, Waco, spent the week end with her parents, Mr. and Mrs. Scott Blakley.

Mr. and Mrs. Edd Allison visited Wednesday of last week in the homes of their sons, Mr. and Mrs. D. E. Allison at Dublin and Mr. and Mrs. Texie Allison and Dana of De Leon.

Frank Hanes received several broken ribs recently when a board on which he was standing broke while working on an air conditioner. Their son, Mike, was just recovering from a broken arm which he received in a fall. So seems folks of this community have had their share of broken bones for the time being at least. Hope all will soon be fully recovered.

Birthdays for July which we have been intending to include in our news for the past two weeks are: the late Minnie McCarty, July 1; Mrs. Carl Ray Sellers, July 9; Mrs. Mattie Kavanaugh, Hamilton, July 18; our deceased father, W. T. Newman, July 23; Mrs. C. L. McClintock, Hamilton, July 24, which was also the birthdate of her late husband. Also Jimmie Don Sellers, July 31. For many years the McClintock family have held a family reunion at their home in Hamilton on the Sunday nearest July 24. The reunion will be held Sunday week, July 26. All friends and relatives have a cordial invitation to attend. The family resided for a number of years in the Agee community south of Fairy. Mr. McClintock, who was 92 years old, passed away soon after their last celebration after a short illness. He was able to be up and about until his last illness.

Mrs. J. T. Jackson spent several days at the Hico Hospital the first of last week. Glad to report her able to be at home and about again.

Mrs. Eugene Seago and Mrs. T. L. Betts of Hico visited Monday afternoon with Mrs. M. E. Parks. Junior Jones of DeSota has been visiting at Lanham at the home of his aunt, Mrs. Pedro Jones and other relatives. Ada Beth Thornton of New Mexico has also been visiting Mrs. Jones. She is a graduate of Fairy High School.

We received a nice letter from Mrs. Charlie Stephens of San Antonio, formerly of Carlton, last week, who gave us some pointers on killing Johnson grass, when the sign is in the heart and dark nights, which we are surely going to try out on some lots at the cemetery. We thank her very much for the information and her interest in writing us.

While in Hico last Wednesday, Mrs. Jessie Edwards handed us \$1.00 for the cemetery fund. She stated it wasn't much but to us,

we felt it was for several times she has given as much as \$5.00 and she has only one grave here, that of her brother, and we feel she has been very generous and thoughtful. If all would be just as thoughtful we would not have to ask for financial help as much as we do. We are going to have to raise money to work the cemetery next time and would appreciate any donation, large or small. Another of our faithful donors, Mrs. Evie Green of Hico left \$2.00 at the Daniel Produce in Hico for the cemetery. For many years Mrs. Green and her late husband, Will Green, were regular donors.

We also received a donation of \$2.00 from Carl Ray Sellers. Please accept our thanks and appreciation for your thoughtfulness. And thanks to all who have made donations in the past. Without your financial help we could not have our cemetery looking, as one fel-

low said, "The best condition he ever saw it." Of course we can't keep it looking its best at all times as we don't have funds, and try to get on the job when the ground needs mowing and lots need hoeing. But the committee, John Abel, Coy Parks, Frank Bonner and this scribe are doing our best to carry on the work as best we can. Again may we say thanks for the cooperation of so many.

Mr. and Mrs. Benton Staley of Dallas visited Sunday with her sister, Mrs. Emma Ogle. Mrs. Staley remained for a longer visit.

We were sorry to learn of the death of John L. Sills, 86, who passed away Sunday morning in the Gustine Rest Home. Mr. Sills was an uncle of Herman Sills of Fairy.

Jerry Richardson spent a week recently visiting in the home of his cousin, Mr. and Mrs. Garland Latham and family of Austin.

Darlene Clark visited recently in the home of her sister, Mr. and

Mrs. James Abel and baby of

dy. We regret that Mr. and Streen Latham of the Latham community are making preparations to move. Mr. Latham is suffering from asthma and heart ailment, has been advised by his physician to move near the coast. They had purchased a home recently near Farm 1602 at the site of the old Latham school ground. He has reserved place for the coming year and hope the change will bring relief.

HEART TROUBLE NATION'S MOST DANGEROUS ENEMY

Heart and circulatory disorders are on the increase. It leads all others as the cause of death. Excitement, not enough rest, worry, dissipation, and emotional stress are factors that are disturbing but do not seem to be the real cause of our heart ailments.

According to the president of a large insurance company, his records show that spinal correction does most good for heart condition because it corrects the nervous system which is usually at fault. A spinal analysis might reveal tendencies toward heart trouble long before symptoms are manifest. The following case is a good example: This thirty year old man had suffered for several years from stomach trouble, headaches, constipation, nervousness and blood pressure which was a little too high. Growing just a little worse, instead of better, all the time finally prompted him to seek our help. Our routine spinal nerve analysis and spinal xrays uncovered spinal cord compression which had evidently occurred following a fall from a horse several years ago. Corrective spinal adjustments were started and all of his symptoms began to gradually disappear.

HICO, TEXAS

To the Editor

Dear Mr. Meador: In your paper dated 7-10-59, the report of the funeral of Rance McElroy brought a flood of memories of events in the Hico area of more than 60 years ago.

Rance then lived some 4 miles east of Hico, in what was then known as the Prairie Springs area, and as baseball was the principal entertainment of that time, the Springs had a team, and we frequently went out there from Hico to play a practice game, or they would come to town for a game with us in Hico.

Rance played centerfield for the Springs team and I never saw but one other man who I thought could throw as far as Rance could, and that was Bob Conley, who played left field for the Iredell team. Anyway, such a thing as tagging up at third base and scoring after Rance caught a fly ball in centerfield just did not happen.

Rance threw left-handed, had long arms, and he would throw out any one attempting a sacrifice fly stunt.

I was not sure that Watt Petty was then old enough to remember much about Rance, but Watt surely loved his baseball and I am doubtful if there now lives in Hico, unless it is Herbert Sellers, who played baseball there more than 60 years ago. Tate Keffer, now living in Pottsboro, Texas, played first base for the Hico team and he surely did a creditable job at first base. Tate and I are the only living members, so far as I know, of the Hico team of that time. Ask Watt.

Best wishes for you and your paper.

Yours very truly,
ALSEY ALFORD,
Loving, New Mex.

To the People of Hamilton Co.:

The Free Conference Bill was rejected by the House and I voted with the majority. To me it is an unfair bill to my people as well as to the State of Texas.

For instance, this bill puts about 75 per cent of the tax on the home budget and 25 per cent on industry, but a more important objection to the bill is its unfair application. Why should be tax a vast majority of the common people some 75 million dollars, out of a total of 177 million dollars, by placing a tax on tobacco when the gas industry is taxed only 12 million dollars? The final tax on cigarettes would be 16c, about 50 per cent, and on gas only 8 per cent.

We know that we will probably have to take a tax that contains some items which we would prefer omitted. The Texas gas producers and royalty owners are taxed heavily, but this bill adds to their tax, and nothing to the big interstate pipe line companies which have no tax. I think the increased tax on motor vehicles sales is bad, as motor vehicles are a necessity.

Certainly I don't relish repeated special sessions, but if my constituents think I should take whatever is handed out by the gas lobby, then I'm not the man to represent the district.

AS IT LOOKS FROM HERE--

Congress Reports

By OMAR BURLESON, M.C.
17th District, Texas

Washington, D. C.—In May 1958, this column discussed the virtual impossibility of deporting foreign hoodlums, Communists and other undesirables as long as money was provided to hire lawyers. At that time there were pending in the courts between 7,000 and 8,000 orders for deportation, but not a one of them had been deported.

The House of Representatives has now passed a measure to prevent these long delays. The bill provides that the Appellate Federal Courts shall have exclusive review of administrative decisions in deportation cases.

This means that an alien can not continue to file frivolous and repeated petitions in crowded courts for the purpose of delaying and remaining in this Country indefinitely.

In some cases, as many as 10 separate suits in 10 separate courts have been filed by one individual. Certain aliens are in the United States today, against whom proceedings for deportation were started more than 10 years ago. Murderers, narcotic peddlers, extortioners and those in organized crime across the country are able to secure unlimited funds with which to stay in court. The legislation just passed by the House of Representatives will end this sort of fiasco.

This column in 1958 described the so-called William Heikkila case which was then current in the news. A more recent one is a character by the name of Marcello, ordered deported five years, 9 months and 24 days ago, but who is still in the country. He appeared before the McClellan Rackets Committee and admitted that in all the years he has been in the United States he has not been naturalized. He is involved in a whole series of crimes. He also admitted before the Committee he is wanted in Italy on criminal charges. He took the Fifth Amendment before the McClellan Committee investigating racketeering.

He and many others have remained in the country by repeated court action. As soon as one case was decided against him, he simply moved into another court and went through the same procedure. At present, there is no limit under existing law and not even a requirement that a judge to whom an alien makes application for relief from a deportation order, shall be informed that there was a previous determination of his case. The bill passed by the House this week will prevent this sort of action.

Under a Supreme Court ruling in 1956, should an alien be denied represent the district. Each special session costs about \$250,000. At least half of this is paid by the big industries.

A one cent reduction in the cigarette tax would save the common people who smoke (and a majority of our people smoke, though I don't) twenty million dollars. If this were raised by a severance beneficiary tax, my district would not suffer from 80 special sessions. Certainly some fairer tax can be found. I will not abandon my people by surrendering to the corporate lobby.

Respectfully,
H. A. LEAVERTON,
Representative, District 62.

entry into the United States, he could file a lawsuit, claiming the privilege. No such thing was ever heard of in law until the Supreme Court made this decision. This is cured by the bill.

A second provision requires an alien to start any court action within 6 months from the time it has been administratively determined that he is to be deported. Under the present system, the alien can wait around for years while the Government is trying to obtain a passport for his departure.

A third provision is that court action must be started in the Appellate Courts and not in Trial Courts where dockets are exceedingly crowded. The alien must bring his suit in the vicinity where he lives and where deportation proceedings were conducted, and not select a court all the way across the country in order to delay.

Repetitious court actions are prevented. We can hope the United States Senate will also pass this measure and that the President will sign it in order to meet an extremely serious situation.

CARLTON

By MRS. FRED GEYE

The Church of Christ revival closed Sunday night with four additions by baptism. Minister Wilborn Hayhurst of Abilene brought the messages each evening.

C. F. Smith, who had made his home with his daughter and husband, Mr. and Mrs. Mack Taylor left Wednesday to make his home in Dallas with his son, Norman Smith and family.

Coach and Mrs. George Latham and children, who had made their home in Carlton the past two years and were teachers in the school, moved Saturday to Longview where they plan to teach the coming year.

Mrs. L. H. Lunsford and children spent the week end in Andrews with her daughter and husband, Mr. and Mrs. Gene Sharp and baby.

Mr. and Mrs. Ross Whitehead and children of San Antonio spent the week end with his parents, Mr. and Mrs. Milton Whitehead. Mrs. Bettie Fisher is visiting in Austin with her sister, Mrs. Lela Clark.

Mr. and Mrs. Carl Stephens and son from Oklahoma City were Carlton visitors Sunday. Mrs. Stephens is the former Miss Grace McCarty of Carlton.

Mr. and Mrs. Lanon White of Dallas were week-end visitors with his aunts, Mrs. Lorena Stidham and Miss Pattie Lynch.

Fred Geye visited the past week at Dublin with his daughter, Mrs. Paul Warren and family.

W. F. Mewbourn and family have moved to Stephenville where he has employment.

At the present, it looks as though we are going to make another good cotton crop. Not as good as that made in 1953, but an awfully good one.

Insects are now bothering too much at this time. Boll worm eggs are showing up more each week and in more fields. A few boll weevil signs are seen but not many.

A few farms are being bothered by the cabbage looper worm which looks something like the leaf worm. It works on cotton like the leaf worm and is harder to kill. The leaf worm has four black dots on each body segment, while the cabbage looper does not, and this is the easiest way to tell them apart.

The College recommends an application of one and a fourth quart of Endrin (1.6 lbs. Endrin per gallon) per acre as a spray for the looper control.

Danger Spots on the Farm!

A. ACCIDENTS FROM ORDINARY FARM WORK claim as many as 3,600 lives in U.S. annually. Find six possible accidents above.

C. MOTHER'S IN DANGER too. Each year about 3,100 fatal accidents happen in farm homes. Six serious accidents could be avoided in photo above.

By John C. White, Commissioner

FARM SAFETY WEEK

Farm work accidents claim about 3,500 lives each year, which is more than any other major industry. About 12,000 farm residents lose their lives each year in all types of accidents.

And a million or more farm people suffer accidental injuries and the accompanying disabilities, miseries and financial troubles each year.

Pretty grim statistics, aren't they? To make the picture more grim, the National Safety Council says many of the deaths are somebody's fault—and could be prevented.

This is the reason the President has proclaimed the week beginning July 19, as National Farm Safety Week, and requests all persons and organizations interested in the welfare of farm people to support and participate in its observance.

The National Safety Council says human failure—ignorance and carelessness—are the main causes of farm accidents each year.

As individuals, rural residents can help in the battle against farm accidents by making regular inspections of their homes, buildings, fields, machinery and equipment. A little repair and extra care is about all it takes to bring safety home to the farm.

As groups, farmers can work for safety, too. Rural organizations should make accident prevention a part of their activity, a feature on their programs, a subject of their discussions.

Farm Safety Week is a good opportunity for rural residents to take a few lessons in safety, and then practice them all year long.

Many farm groups are planning special programs during Farm Safety Week and a number of rural ministers will mention the special week at church July 19.

The theme of this year's Farm Safety Week is "Safety Makes Sense."

Safety does make sense. It could save your life.

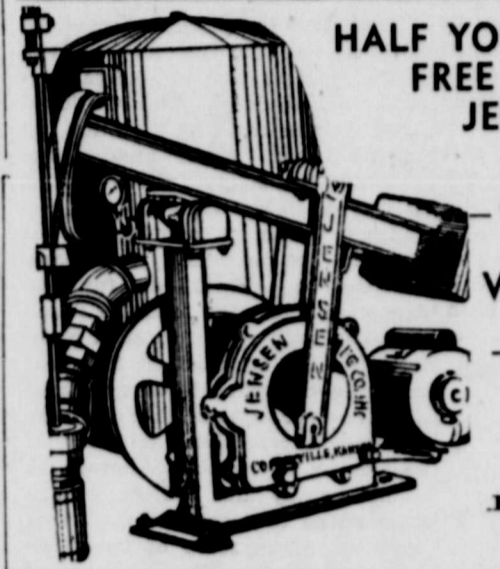

Accident Summary Given for Area by Belton Sub-Station

Sergeant L. M. Hancock of the Belton Sub-Station, of the Texas Highway Patrol, released Falls, Bell, Coryell and Hamilton Counties' Rural Traffic Accident Summary for the first 6 months of 1959.

The Highway Patrol in this area investigated a total of 271 accidents with the following breakdown: Property Damage 173; Personal Injury 87; and Fatal Accidents 11.

Sgt. Hancock reported a total Property Damage of \$139,054.00, with 150 persons injured and 17 killed. This is a decrease of 38 accidents with an increase of 6 deaths compared to the first 6 months of 1958.

During June the Patrol in these counties made 392 arrests for the following violations: DWI, 8; Speeding 157; Improper Passing 40; Wrong side of road 26; Defective Equipment 32; All other violations 129.

Livery Stables Offered Many Valuable Services

By E. E. DAWSON

Upton Barnard was born in Central Texas and grew up in the general vicinity of Marlin. He has recently written a book with the title "Livery Stable Days," an autobiography copy of which came into my hands. I read it with a good deal of pleasure, for I am like most oldsters: I like to read about yesterday and its doings and institutions.

Now the Livery Stable was an institution in all the days until the late teens of this century when cars ended the career of the livery stable forever.

A lot of folks today never saw a Livery Stable, and perhaps many of them have never even heard of such a thing. In the olden days every town had its livery stable and it rendered an invaluable service to the country. It was a big barn

usually on a side street in which horses and vehicles were kept for hire. It would have anywhere from a dozen to two or three dozen horses and quite an assortment of buggies, single and two-horse, phaetons, hacks and spring wagons. It had a lot of space naturally for its feed supplies. Its loft was spacious and great quantities of loose or baled hay was stored there.

The Livery Stable performed several essential services to the citizenry. One was two-horse buggies for drummers who would alight from a train at a station, go to the Livery Stable and engage a two-horse buggy, often with a driver, to take them to the off-railroad towns or to towns on the railroad but to which train service was not sufficient for the drummer who might make a dozen towns in a day, then catch a night train back to his base. Or he might take the buggy and team without a driver for a round of a week in order to reach his territory. If he were a dry goods drummer he would usually hire a hack with a team so as to carry his trunks of samples to the store of the prospective buyer, or display them in a sample room at the local hotel if he had more than one customer in a town.

Another service the Livery Stable performed was to have a bus to meet all trains that came in so as to get people to the business centers of a town, or to a hotel, or to homes. The bus also went out to homes and picked up people and hauled them to the station

when they wanted to catch a train, an essential service.

Another considerable business of the Livery Stable was to keep one-horse buggies with sleek horses for young fellows who had the habit of taking their girls for a Sunday afternoon ride, that often ran over into the night. A young fellow was making progress, it was thought, when he was able to pay two dollars for a rig on Sunday afternoon to see his girl and gad about with her as his guest. Many a couple started their life-travel together in that Sunday afternoon buggy ride.

There used to not be any such thing in this country as a hearse. It was needful that a vehicle, other than a farm wagon, should be available for funerals. The Livery Stable kept a hack for hauling corpses from homes to churches and to cemeteries for funerals, and the Livery Stable man became the funeral director in a very real way.

The livery barn was also a place for drunks to climb up to the hay loft to sleep off a spree. It was alleged to be a common place, also for bootleg liquor and for poker and dice games. The livery stable man was not often a very religious character.

Now this man Upton Barnard tells of his days in the business at Mart and Hamlin, and also for a time at Stephenville. Numerous other places he also carried on the business for a season. I was especially interested in his adventures at Mart and at Hamlin, for I was not far from Mart when it was started around the turn of the century when the International and Great Northern Railroad built its line from Houston to Fort Worth, and came through the community where I lived on the farm. It started the town of Mart, as it did numerous other towns between Waco and Fort Worth. And in early 1907 I was at Hamlin quite a lot soon after the old Kansas City, Mexico and Orient railroad laid out the town on the prairie in western Jones county.

You'll like the book if you are interested in the things of yesterday.
