HICO, TEXAS, AUGUST 21, 1959.

NUMBER 10.

High School Students To Register Next Week

By O. C. COOK

Erath County Will Purchase Right of Way For Hico Intersection

The Erath County government is in the process of buying right-of-way for the construction of a traffic interchange at the intersection of Highway 281 and Highway 6 in Erath County near Hico.

The place where the Texas Highway Department will construct the interchange is 16 miles south of Stephenville and 5 miles north of Hico.

Highway 6 runs from Dublin through Alexander and Clairette before intersecting with Highway 281. It has an average daily traffic count of 450 vehicles just before it hits Highway 281. Highway 281 has an average daily traffic count of 1,470 vehicles just south of the intersection.

Vacation time is drawing to a close for Hico students and teachers. School will open Monday, August 31 at 9 a. m., with a general assembly in the High School Auditorium.

Both High School students and teachers will get an early start, as they meet prior to that date.

Registration of high school students will begin Thursday morning at 8:00 o'clock, August 27, and will continue through Friday and Saturday mornings. Students who intend to register on Friday are ask-

ed to be at the school not earlier than 9:30 a. m.

Saturday registration will revert back to the 8 a. m. time. All students are urged to register on one of these days if at all possible.

Elementary students will enroll on Monday, August 31, and all students will begin regular classwork on that date. Books will be issued and lessons will be assigned. Buses will make their regular runs, with school being dismissed the first day at 2:45 p. m.

Faculty Meeting

A meeting of all teachers has been called Thursday morning, August 20, at 8 o'clock in the 7th grade room to complete work on a new course of study for science in grades one through twelve. This is a continuation of plans made last spring to coordinate and improve the present course of study.

A general faculty meeting will be held Friday morning, August 27 at 8 o'clock in the 7th grade room.

Lunch Room

The lunchroom will be open Monday, August 31. Attractive hot lunches will be served each noon. Prices for lunches will be the same as last year: 20c for students in grades one and two; 25c for students in grades three, four and five; and 30c for grades six through twelve, and adults.

Lunches consist of meat or a meat substitute, two vegetables, salad, dessert, and milk.

The lunchroom staff is composed of Mrs. Elton Slaughter, supervisor, Mrs. Clarence Jackson, Mrs. Paschal Brown, and Mrs. Cecil Luckie.

Birth Certificates

State auditors demand verification of the age of all six-year-old children enrolling in school for the first time. It is necessary for parents to present a birth certificate to the first grade teacher when enrolling students. The certificate will be returned to the parents after they have been recorded.

It is a policy of the school board not to enroll students who have not reached their 6th birthday on or before the first day of September.

Pep Squad Meeting

A meeting has been called for all regular, and prospective, pep squad members Monday evening at 7:00 o'clock at the football stadium. Plans for the organization and uniforms will be discussed. Miss Helen Thomas will be sponsor for the group this year.

Hico Teacher Completes Special Training Program

Nacogdoches, Aug. 19. — Ross Hall, Hico High School science teacher, recently completed a training program that S. F. Austin State College sponsored under a grant from the federal government.

Mr. Hall was one of 55 public school mathematics and science teachers who received free training, board, room, and transportation under the program designed to help solve the national shortage of trained scientists.

The teachers taking the training concentrated in one of the four fields of biology, chemistry, mathematics, or physics. Mr. Hall enrolled in the biology section.

The training program was the third in as many years at SFA, which had received \$50,000 from the National Science Institute with which to conduct the project.

Pioneer Resident's Daughter Passes Away in Dallas

Mrs. Ida Tunnell accompanied Mr. and Mrs. Ted Tunnell of Stephenville to Dallas last Thursday where they attended funeral services for her sister, Mother Mary Vincent, who had been a member of the Ursuline Order for many years.

She will be remembered by many here as the daughter of the late V. F. and Mary Gates Wieser.

Her survivors are a brother, F. A. Wieser of Fort Worth; and three sisters, Miss Nettie Wieser of Hico, Mrs. Ida Tunnell of Fort Worth and Mrs. W. W. Siddons of Hillsboro.

Local Man, Travis King Teaching in Guatemala

Guatemala City, Guatemala. — Travis A. King, formerly of Hico, has recently returned to the United States from Guatemala where he has been serving for the past two years as agriculture extension advisor for the International Co-operation Administration. After home leave, Mr. King will return to the highland region of Guatemala to continue his assignment with the U. S. Mutual Security Program.

Most of the population of the highland region of Guatemala is composed of Indian farmers, each having from one to five acres of land. Corn is the main crop in this region and makes up the greater portion of the diet of these farm people.

The United States assistance program is helping Guatemala to improve agriculture methods and practices and to create better agricultural credit facilities so small farmers can buy farms and own their own homes. This program, which includes assistance in improving public health and roads, is helping Guatemalans to strengthen their economy so they can contribute more significantly to the defense of the free world and its institutions.

Mr. King's work was chiefly devoted to the training and teaching of county agriculture agents who in turn advise and help farmers improve their corn crops, pasture land and vegetable gardens and to promote sheep and rabbit production. The farmers were also taught to use fertilizers, insecticides and better seeds and as a result were able to triple corn and potato production.

Through Mr. King's efforts, the rural youth program, the National 4-H Club was expanded. Mr. King also was instrumental, with the help of Heifer Project Inc. to improve the strain of Guatemalan sheep by breeding them with imported Cheviots and Corriedales, donated by the people of South Texas.

Having received a B.S. degree in 1951 from Texas Technological College, Mr. King served as a Texas county agricultural agent and also with the Texas Department of Agriculture before joining ICA in 1957.

Before returning to Guatemala with his wife, the former Lidy Rossi of Corpus Christi, and children, James 11, Damon 6, and Cherie 1, Mr. King will attend a short course in extension work at Cornell University.

He is the son of Mr. and Mrs. Cyrus King of Hico.

Clarence Watson, Hico Elementary School principal, is shown here with the science table which he recently completed to be used in the elementary school. Built at a cost of \$36, the table is a copy of one costing \$279.00.

(Staff Photo)

Hico Principal Builds Science Table for Elementary School

By Mrs. H. V. Hedges

When school begins August 31, Hico Elementary School pupils interested in science will have a new portable science table ready for their use.

Except for the cooperation and cabinet-making skill of their principal, Clarence Watson, no table would have been available, because it was not included in the school budget.

Watson, who is adept with any kind of wood, turned out the 54-inch by 32-inch plywood table, a copy of one costing \$279. in the shop he has set up in his garage. The total expenditure was about \$36. Grade school teachers pooled some of their funds from last year's Halloween Carnival to pay for it.

It took the principal about 16 hours, working at odd times, to finish it. Before starting it, he visited several other schools to find a good model. This one has three large drawers, adequate storage space for all equipment, and rolls easily from room to room.

The table is not his first project for the school. Last year, he built a four-sided magazine rack, curtain rollers, and a number of items

Grover C. Rusk Dies in Marlin; Rites Wednesday

Grover Cleveland Rusk, brother of John Rusk of Hico, passed away last Monday night in Marlin Veterans Hospital after a long illness. Funeral services were held in the Calvary Baptist Church at Stephenville last Wednesday morning, with Rev. Doyle Winters, pastor, officiating. Interment was in the Allard Cemetery.

Grover Cleveland Rusk was born in Duffau in Erath County, Sept. 20, 1892. He was married in Glen Rose to Miss Betty Mae Neal on August 1, 1931. Mr. and Mrs. Rusk had made their home in Erath County most of their married life and moved to Stephenville some two years ago. He had been a member of the Duffau Baptist Church since he was 16, and was a veteran of World War 1.

His widow survives. Other survivors are four sons, Rudolph and Bobby Rusk, both of the United States Navy, Loyd and Don Rusk, both of Stephenville; one step-daughter; four brothers, John of Hico, Fred and Paul of Amarillo and Roby Rusk of El Paso; two sisters, Mrs. Quata Powell of Fort Hancock, and Mrs. Helen Luper of Bay City. Pallbearers were A. E. Dillon, Buford Elliott, Emmett Smart, George Childress, Troy Vaughan and Dale Cook.

from Cortez, Colo., with the following caption: "It's not much, but . . . neither are you!" Neal signed the message with "your poor broke friend." Ha! If he would dig up some of that money he's got buried in the alley he wouldn't be so broke.

Schedule Set for Miniature Train Operation

S. E. "Jake" Blair this week set the operating schedule for the miniature steam engine train which he recently installed at City Park.

The schedule calls for operating the train each Sunday afternoon from 3 until 7 o'clock.

Mr. Blair also announced that the train would be in operation this Saturday, only, beginning at 5 p. m.

The little train, which can carry approximately 25 passengers, has caused much comment from people throughout this area, and Mr. Blair has issued an invitation to each and everyone to ride the locomotive.

Forty-Five Attend Civic Club Dinner

Approximately 45 persons were present Tuesday night at Bluebonnet Country Club for a dinner and game night sponsored by Hico Civic Club.

The group enjoyed a barbecue dinner served by a Stephenville catering service, and later played games of "42" and bridge.

The ladies night was held in place of the regular club meeting.

MOVE TO ARIZONA

Mr. and Mrs. Ralph Loden and family, who have been living in Blue Diamond, Nevada, the past several years have recently moved to Glendale, Arizona. Mrs. Loden is the daughter of Charley Doddy of Clairette, and is the former Miss Janelle Dowdy.

Jimmy Andrews of Clifton, former Community Public Service Co. employe, was a Hico visitor Wednesday.

Twenty-One Grid Hopefuls Greet Coaches Monday

Twenty-one grid hopefuls greeted Coaches Jack Barnett and Ross Hall Monday morning as initial workouts began for the 1959 football campaign, which will be launched Friday night, Sept. 4 at Aledo. Four additional boys are expected to join the team when school starts.

Eleven lettermen dot the list, headed by three-year numeral winner Royce Samford. Samford is also the only all-district performer returning this year.

Missing from the squad thus far are Wayland Wootton and Ronnie Koonsman, top defensive boys in the Tiger line-up last year, who have declined to play this year. Both will be seniors this year, and Wootton was described in some quarters last season as the best center in the district. Koonsman played guard and tackle, and turned in several outstanding performances throughout the season. The two had been counted on heavily by local coaches to fill gaps in the line.

Six of the boys reporting Monday are two-letter winners, and the remaining four have received one letter each.

Six freshman candidates also dot the roster. Daily drills, which are being held at 8 a. m. and 5 p. m., have been devoted mostly to conditioning this week. However, Coach Barnett stated that pads would be donned for the first time Friday, and a generous portion of contact work would be on the agenda. Drills will continue at a two-day pace until school starts Monday, August 31.

Son of Hico Man Commands Navy Destroyer, USS Wood

Lieutenant Commander J. W. Perkins, commanding officer of the USS William M. Woods (DDR 715), who is a foster son of E. G. Adcock of Hico, is currently on a tour of duty in the Mediterranean.

The Lieutenant Comander has visited here in the Adcock home on numerous occasions, and is a veteran of 24 years in the Navy, enlisting in 1935. He resided with Mr. Adcock in West Texas when he was growing up.

In the last few months, Commander Perkins' ship has seen many foreign ports and steamed many thousands of miles. Leaving France, the Wood's first stop was Sicily, with the next port of call being Athens, Greece.

Other ports of call were Cartagena and Palma, Spain, where the ship is presently stationed, but will sail for Leghorn, Italy in August, and then return to the states.

FAIRY

By MRS. EUNICE DANIEL

We have mostly fair weather the past week and farmers are quiet busy combining maize. The yield on heavy land is a ton and better to the acre.

Mr. and Mrs. Walter Prinz and daughters, Karen and Karol of Fort Worth and Mr. and Mrs. Glenn Arrant and Brent and Shyrla of Fort Worth visited in the homes of their parents, Mr. and Mrs. W. E. Cunningham and Mr. and Mrs. Ted Arrant. Movies of the group's recent trip were shown.

Miss Lera Jane Bakley of Baylor University is expected in Thursday for a three-week visit with her parents, Mr. and Mrs.

Scott Blakley, before entering TCU for the Fall term which opens September 14.

Mr. and Mrs. Edd Allison spent from Sunday until Monday afternoon in the home of their daughter, Mr. and Mrs. Dellis Seago of Waco. They were joined there by two other daughters and their families, Mr. and Mrs. Edwin Seilheimer and family of Fort Worth and Mr. and Mrs. Pat Patterson and family of Dallas. Leonard Patterson remained in Waco to take a two-week course in professional baseball at Baylor University.

We were sorry to learn that A.

J. McVickers suffered a sun stroke last week while helping with some farm work. We hope he will soon be fully recovered.

H. R. Brummett was still a patient at the Hico Hospital at last reports, but was showing improvement in some ways.

Mr. and Mrs. Hersal Richardson and Jerry visited last Sunday in Waxahachie with her aunt, Mrs. Lerona Rudolph. Mrs. Rudolph, formerly of Hico, is very poorly. Her husband passed away some time back and she lives alone.

The Knights have returned to their home near Fairy, the former Mont Young place. Mr. Knight was in a Lubbock hospital for a time.

The writer spent last Wednesday in Dublin visiting in the home of our daughter, Mr. and Mrs. D. E. Allison. While there we visited a short while at the Dublin rest home with Mont Young and

Cunninghams Return From Vacation Trip

Mr. and Mrs. W. E. Cunningham and Mr. and Mrs. Ted Arrant of Fairy went to Fort Worth, Friday, July 31, where they joined their son and daughter, Mr. and Mrs. Glenn Arrant and children, Brent and Shyrla, on an extended 10-day tour of New Mexico, Colorado, Oklahoma and North Texas, where they stopped in Amarillo on their return to visit a short while in the home of Mr. and Mrs. Dean Barnett.

Among places visited were Tucumcari, and Santa Fe in New Mexico, and the following Colorado points of interest: Walsenburg, Pueblo, Cannon City, Royal Gorge, Salida, Leadville, across the Continental Divide, over Lone-land Pass into Rocky Mountain Park over Trail Ridge Pass to Estes Park, to Boulder and Denver where they visited the capitol building, and saw the United States Mint Building.

Also in Denver they enjoyed the lovely parks and a side trip thru Golden to Central City, Idaho. This road took them through several tunnels, then to Colorado Springs where they spent two nights viewing such points of interest as Pikes Peak, Garden of the Gods, one of the Winds, Sinen Falls, Will Rogers Shrine, and the zoo. Some 2000 miles were covered on the trip.

J. E. Jaggars.

Mr. and Mrs. Joe Knapp of Hamilton are the proud parents of a little daughter, born last week. Paternal grandparents are Mr. and Mrs. Vernon Knapp of near Olin, formerly of near Fairy.

Mr. and Mrs. Bobby Lee Yates of Hamilton are parents of a little son, William Dale. Paternal grandparents are Mr. and Mrs. John Yates of Fairy. Maternal grandparents are Mr. J. T. Appleby of Fort Worth and Mrs. Lela Pearl Appleby of Hamilton.

The writer attended singing Sunday afternoon at Warrens Creek Baptist Church and visited at the Willeford home after singing hours.

Mr. and Mrs. Carl Ray Sellers, Jimmie Don and Janice visited Saturday night in the home of his sister, Mr. and Mrs. Norman Thompson and family of Littleville. Mrs. Thompson underwent surgery last Tuesday week at the Hamilton Hospital.

Mrs. Bill Lackey and son Harold of San Antonio spent the week end here visiting at their farm home, and in the home of her brother, Mr. and Mrs. Herman Sills.

Mrs. Charles Price of Austin visited from Friday until Tuesday in the home of her parents, Mr. and Mrs. P. L. Cox.

W. P. Ware is having a new residence built at his farm. His residence was destroyed by fire some time back.

Mr. and Mrs. Arnold Gleason

are making preparations to build a new residence. They are razing their present home, preparatory to building the new dwelling.

Mr. and Mrs. Ralph Spencer, Don and Dickie of Lubbock spent Sunday night with her parents, Mr. and Mrs. E. M. Hoover. They had spent Saturday night with his mother, Mrs. Frank Spencer in Breckenridge, en route here. They left Monday for Whitney Lake to spend a few days.

Mr. and Mrs. Clyde Hoover of Dallas visited during the week end in the home of his brother, Mr. and Mrs. E. M. Hoover, while down to visit his mother, Mrs. A. R. Hoover of Hamilton.

Children of the late Mr. and Mrs. W. P. Hutton of Fairy and their families met recently at Whitney Lake for their family reunion. While together they made up a donation of \$20.00 for the Fairy Cemetery Association. We thank them so much for their thoughtfulness and know of no better way to show respect to the memory of loved ones than to contribute to a fund to help keep their last resting place.

Mrs. Carl Ray Sellers, Jimmie Don and Janice spent last Friday visiting in the home of her sister, Mr. and Mrs. D. E. Allison of Dublin, and niece, Mr. and Mrs. Wayne Pittman and Karen.

Tuesday of last week two elderly men stopped at our home to inquire of the route to Temple. We gave them directions through Gatesville and told them Highway 36 led into Temple. Then one said they really wanted to turn before they got to Temple and go to Belton. We told them of the underpass on the Belton-Moody highway and they would have to turn right before going onto the overpass and that they would see signs at the edge of the overpass. Then one of them said neither of them could read and that was why they had to stop and ask for information. They appeared to be 70 or more years old and stated they were really on their way to Taylor to pull cotton. We told them they were rather elderly to be pulling cotton, and one of them grinned and said "We have to work to live."

HICO CONGREGATIONAL METHODIST CHURCH

Schedule

Sunday School, 10:00 a.m.
Morning Worship, 11:00 a.m.

Wednesday Night Prayer Meeting, 7:30 p.m.

Recently Married Couple Honorees at Shower

A miscellaneous wedding shower honoring Mr. and Mrs. Robert Rachiug was held Saturday night at the school gym. A large crowd attended.

The following ladies served as joint hostesses for the occasion: Mrs. Audie Clark, Mrs. L. R. Miller, Mrs. Oran Willeford, Mrs. Cecil Parker, Mrs. Edgar Bradley, Mrs. O. J. Clark, Mrs. Lester Timmerman and Mrs. Winfred Gardner.

Refreshments of fruit punch and cookies was served to the guests. A vocal number, "Let the Rest of the World Go By," was rendered by daughters of Mrs. Willeford, Mrs. Clark and Mrs. Gardner.

The couple received a nice assortment of gifts. They will reside on the Duncan Ranch at present.

heat pump (hët pūmp), n. A fully automatic central cooling and heating unit that pumps heat out of a home in summer and into it in winter, using only electricity and air in its operation.

That's the way Webster might describe it. Owners simply say the All-Electric Heat Pump is tops in carefree comfort. It automatically adjusts to weather changes, providing heating when it's needed and cooling when it's needed, without attention. During changeable weather, the Heat Pump switches automatically from cooling to heating or back again, as required for your comfort, even during the same day or same hour. You just set the thermostatic controls once and enjoy perfect indoor climate the year around. For additional information, phone, write or visit our office.

CARLTON

By MRS. FRED GEYE

Rev. Eddy McMillan of Fort Worth preached Sunday at the Baptist Church in the absence of Rev. Becton, who was in a revival at Warrens Creek.

M-Sgt. and Mrs. Garland Rudd and sons, Kenneth and Michael of San Angelo, Mrs. David Rhoton and Rhonda Jean of Big Spring, and Rev. Billy D. Rudd of Casper, Wyoming visited last week with their parents and grandparents, Mr. and Mrs. W. S. Rudd.

Mrs. C. C. Clark of De Leon was a visitor the past week with her daughter and husband, Mr. and Mrs. Virgil Battershell.

Mr. and Mrs. Jim Pierce and brother, Willard Young, attended the Young family reunion held Saturday at Brownwood.

Mrs. Coda Baggett of Lamkin visited Tuesday morning with Mr. and Mrs. Fred Geye.

Mr. and Mrs. George Williamson of Hamilton were visitors Sunday afternoon with Mr. and Mrs. W. S. Rudd.

Miss Bettie Ann Chambers of De Leon is visiting her aunt, Mrs. Virgil Battershell and husband.

Mr. and Mrs. Raymond Geye and Judy of Lufkin visited Sunday afternoon with his parents, Mr. and Mrs. Fred Geye and his sister, Mrs. Dow Self and boys.

Mr. and Mrs. Hob Thompson spent Sunday in Abilene with his parents and sister, Mr. and Mrs. O. C. Thompson and Ollie Mae.

The Methodist revival has been postponed until September.

T. H. Stroud of Cottonwood visited the past week with his daughter and husband, Mr. and Mrs. Leo Chambers.

Mr. and Mrs. Daymond Weaver and Garry have returned to their home in Snyder after spending their vacation with their parents.

Mr. and Mrs. E. L. Fine, and with Mr. and Mrs. R. L. Weaver at Hico. Barry remained with his grandparents for a longer visit.

Bobbie and Sherril Sowell of Cleburne are visiting their grandmother and aunt, Mrs. Hattie Sowell and Mrs. Jess Reeves and husband.

Joe Bacon left Friday to return to New Delhi, India, after a visit here with relatives. His wife and son, a student at Tarleton, remained here with her mother, Mrs. Bertha Baird.

Mr. and Mrs. Charley Proffitt visited Sunday afternoon at the Willeford rest home in Hamilton with her sister, Mrs. C. N. Wade, who is very ill.

Mr. and Mrs. Bobby Moring and children of Cotton Center are visiting her parents, Mr. and Mrs. E. L. Fine.

Mr. and Mrs. Jesse Longino and sons of Lake Jackson were visitors the past week with her parents, Mr. and Mrs. Charley Proffitt.

the Hico Hospital where she had been a patient suffering from a heart condition. Her daughter from Louisiana is here caring for her mother, who is allowed no visitors at this time.

Mrs. James Fine and daughter of Roscoe visited Thursday with Mrs. Lilla Byrd.

Mr. and Mrs. Ernest Dove and son, Freddie of Dublin were visitors Sunday with her father, Rance Sowell, and attended services Sunday night at the Baptist Church and saw the Billy Graham film, "Souls In Conflict."

Mr. and Mrs. Fulton Curbo of Dallas, his sister and husband, Mr. and Mrs. Baxter Walton of Glen Rose, were afternoon visitors Sunday with an old schoolmate, Mrs. Fred Geye and husband.

Mrs. W. S. Rudd, who has been in Marthaville, La., since the close of the Carlton school caring for the children of Mr. and Mrs. Geo. Latham while they were in college, returned home Saturday night for a three-week stay, and will go back to Louisiana when the Latham's school begins.

Mr. and Mrs. Ross Whitehead and children of San Antonio spent the week end with her parents, Mr. and Mrs. Milton Whitehead.

Mrs. George Thetford and Mrs. Fay Thetford received a message Saturday afternoon that their brother had been killed at Euleas, near Arlington. No particulars of his death are available at this time. They, with their husbands, attended the funeral Monday afternoon.

Mr. and Mrs. Daymond Weaver and sons of Snyder are visiting her parents, Mr. and Mrs. E. L. Fine.

Mrs. Dow Self, a nurse in the Hico Hospital, is on a two-week vacation.

Mrs. Robert Bowden was conveyed by ambulance to Hico Hospital Monday after suffering a severe heart attack Saturday night.

Mr. and Mrs. Roedolph Short and children of Abilene are visiting their parents and sister, Mrs. J. W. Short, a patient in a Hamilton rest home, Mr. and Mrs. Ed Lefevre, and Mrs. Watt Sharp Jr. and family.

Mr. and Mrs. Laverne Roberts and children of Abilene were weekend visitors with his parents, Mr. and Mrs. C. E. Roberts.

ATROPHIC ARTHRITIS WITH NECK AND BACK PAINS VANISH

Having been diagnosed and treated for Atrophic Arthritis for three years before coming to our office, this young mother was discouraged and in considerable pain. Her feet, knees and lower back were distressingly painful. She complained of being weak, dizzy and nervous, with shaking sensations inside her body, and headaches.

Our spinal nerve analysis and spinal xrays located misaligned spinal vertebra causing interference to the central nervous system. This lady followed our recommended services and corrective adjustments were started at once.

She was discharged when her report and comparative examination showed all distressing symptoms had disappeared. She returns for a check-up every month because she believes prevention and better health beats any cure.

STATE SPENDING BREAKDOWN—

How The 'Melon' Was Sliced

By VERN SANFORD
Texas Press Association

Austin, Aug. 12.—Quiet has settled over Texas' Capitol Hill after 202 days of hubbub.

As legislators packed to go home, directors and employes of state agencies were filling scratch pads with figures. For most state-supported activities, the new budget which goes into effect Sept. 1 will mean more funds. Altogether, \$300,000,000 more.

There were some disappointments, of course, in the appropriations bill. Many programs got less than had been asked for, some salaries were cut, and there were riders and restrictions in other activities.

But, overall, there was more relief and rejoicing than tears and complaining. Most seemed to regard the new budget as the best that could be hoped for in such a "hard year."

For their parts, lawmakers were eager to get home and "mingle with the folks." Ahead lie probable showdowns on new spending for welfare and public schools, and, always, the inching up every two years in general spending.

University of Texas officials saw one of their fondest dreams come true in that the "available

after 95 days of haggling in conference committee.

But once out, it zipped through both houses, with only 8 dissenting votes in the Senate and a 108-to-30 vote in the House.

Spending from the general revenue fund, the state's multi-purpose housekeeping kitty, totals \$322,800,000. This is up \$42,000,000 from the present biennium.

To show how hard up the state was, more than 56 per cent of total general revenue spending—or \$185,000,000—will have to come from the new tax bill passed this session.

Here's how the pie was finally sliced on major items:

PUBLIC SCHOOLS—Received an appropriation of \$774,904,500, an increase of about \$85,000,000, mostly because school spending has an "escalator clause" which ties it to enrollment.

HIGHER EDUCATION—Got the biggest increase from the general revenue fund of any program. It was boosted by more than \$12,000,000 to a total of \$130,933,424 for the state's 18 tax-supported colleges and universities. Increase was only about half what was asked by the Commission on Higher Education.

UNIVERSITY OF TEXAS—Officials saw one of their fondest dreams come true in that the "available

fund" (income from the University's permanent fund) was left free for buildings and "excellence" programs.

HOSPITALS, Special Schools, Youth Council—Allotted a total of \$90,456,554, an increase of \$6,348,252.

This is to be used to improve medical care in state hospitals and to build a new mental hospital at Denton, a new dormitory for delinquent boys at the Gatesville school, and a new building at the Gainesville School for Girls. It will also cover some salary increases and cost of some repair and remodeling in the vast hospital and school systems. It does not allow for setting up the juvenile parole system ardently desired by the Youth Council and recommended by Gov. Price Daniel.

STATE EMPLOYEES—Lower-bracketed employes, from \$2,400 to \$6,000 annually, will get a \$180 a year raise. It's not a lot—\$15 a month more in the employes' pay envelopes—but it will cost the state about \$14,000,000 for the two years.

JUDICIARY—Will receive \$9,336,769 from general revenue, a \$312,779 increase. Most of this goes for new district courts plus briefing attorneys and secretaries for the Supreme Court.

PRISON SYSTEM—Operating

budget increased by \$2,800,000 plus \$7,720,000 to provide additional buildings for a prison population soaring toward 11,000.

LIVESTOCK DISEASE—A new program to control brucellosis was tabbed for \$239,960, considerably under the \$2,170,000 requested.

STATE ADVERTISING—State Highway Department was authorized to use \$100,000 to lure tourists and the Texas Industrial Commission \$20,000 to seek new industries.

CONSTITUTION—Texas Legislative Council was given \$50,000 for a study of the State Constitution with a view to revising it.

INSURANCE Department—All the furor over top officials' salaries brought little change. Commissioner of Insurance William Harrison was cut from \$20,000 to \$15,000 a year; the three board members from \$15,000 to \$14,000.

BUILDING PROGRAM—To further the Capitol expansion program, \$2,753,000 was appropriated for buying land, \$2,924,000 for a second state office building.

WATER PLANNING—Board of Water Engineers was allotted \$2,037,000, an increase of \$200,000 but nearly \$800,000 less than requested. It will allow for some salary increases for board members and engineers and mapping to locate future damsites.

Game Warden Reports

By SWEDE JOHNSON
State Game Warden
Hamilton & Bosque Counties

water for a couple of weeks, and without the help of those good Kopperl sportsmen I am afraid it would have been too large a job for any one man to handle.

Before closing I want to also mention the regulatory meeting at the court house in Hamilton

August 20 at 8 p.m. This is your change to hear your regulations for your own game and fish and I would be present for the meeting. So until next time, good and good fishing, and let's good turn out at the meeting.
Yours truly,
SWEDE JOHNSON

Fishing is getting to be a word one begins to use in a whisper instead of saying, "hey, look at the one I caught," and about the only thing one can lay this 'ordition to is the hot weather which is both bad for the fisherman and the fish.

But writing this column with this fresh cool breeze blowing it makes one start to think about hunting season and what the prospects might be. And the way it looks up to now the prospects are very bright. The dove have already begun to flock and I never have seen the quail doing as well as they are, and I have been receiving good reports on the deer population also.

Not only do we have lots of quail in the area, but I have already received two thousand quail and am expecting 2,000 more to turn loose over in the government land from Jimmie Bridge to Steele Creek area, which ought to make hunting unusually good this year. And while I am mentioning this I would like to thank Charlie Riddle, Burrell Johnson and Rufus Johnson, and Warden Clymer and his group for helping to make this possible. After the birds are released they have to feed and

Your Hometown Newspaper

brings shared family enjoyment..

In our modern world, activities that appeal to the whole family are too few and far between. But reading your hometown newspaper is one enjoyable pastime your whole family can share. For it has features for every member of the family—comics and cartoons for the children; sports news and features for growing boys; fashions and human interest stories for teenage girls; international and local news, society, sports, ads, and schedules of events for mother and dad. Emphasizing the family-wide scope of interest of the local newspaper is the liberal space set aside for church and school news of every community.

ALEXANDER

By MRS. ALICE WILSON

The Alexander Baptist revival began last Friday, and will continue through Saturday. Evangelist Ray Dan Williams is in charge of the services.

Joyce Holcomb became ill last Friday morning, and was taken to the Dublin Hospital. She was dismissed Sunday.

The community was saddened Thursday morning when news came that Grover C. Rusk had passed away at Marlin. Mr. Rusk and family resided here for 10 years. He was a veteran of World War I. Funeral services were held Wednesday morning, August 12 in the Calvary Baptist Church at Stephenville.

(Delayed)

Mr. and Mrs. Bobby Rusk and

daughter from California are visiting her parents, Mr. and Mrs. Fred Cooper.

Visitors in the home of Mr. and Mrs. E. M. Wilson Sunday were Mrs. Irma Sones and girls of Dublin, Martha Holcomb of Stephenville and Joyce Holcomb of Dublin.

The bridge is completed over Greens Creek, and traffic is now using the new road.

Mr. and Mrs. Mont Thomas have moved to Alexander to the Hill farm 2 miles south of here. Mr. Thomas was reared in this community and has lived in other towns for several years.

Visitors with Mrs. Alice Wilson Monday were Charlie Holcomb Jr. and Mr. and Mrs. Herman Sowell and girls of Hico.

We would like to thank everyone who have worked grave at the cemetery. There are still several graves which need work since the rains.

ADVERTISING IN THE NEWS REVIEW IS AN INVESTMENT—NOT AN EXPENSE

By John C. White, Commission

TEXAS FIGHTS THE KHAPRA BEETLE

The Khapra Beetle, native of India, Ceylon and Malaya, and new to the United States, has at last invaded Texas.

In March the Texas Department of Agriculture discovered 19 infested grain elevators and feed mills in El Paso County...

For complete eradication, all infested properties have to be covered completely with plastic covers and filled or injected with methyl bromide gas.

The female adult of the Khapra Beetle is a nondescript light-dark-brown beetle measuring about one-eighth of an inch long...

The real problem came in checking out each of the mill's 300 customers. And some of these customers had customers of their own which had to be checked.

By keeping a strict control on the Khapra Beetle, State and Federal officials prevented the situation from pyramiding.

COUNTY AGENT REPORTS

By E. R. LAWRENCE

Two new oat varieties may be offered for sale this fall, though it is doubtful that we will be able to secure any here in the county.

MONUMENTS In Granite and Marble at Reasonable Prices. FRANK MINGUS Hico, Texas 377fc

The new varieties were developed by a seed company in South Carolina, the same company that developed Victorgrain and Fulgrain.

Both varieties produced outstanding yields at some of the Texas stations last year, and it appears they will be among the better varieties this year.

Should any of you oat growers have an opportunity to secure some of the seed of either of these two varieties, I'd like to know so we can watch them this winter and coming spring.

I'd like to remind you again that you have until September 30 to make your claim for the refund of the Federal tax on gasoline.

Grain sorghum, corn and cotton harvest are at hand and each year we end up the harvest season with serious farm machinery accidents.

An application of nitrogen to grain sorghum stubble prior to plowing it under will prevent a nitrogen shortage for the crop which follows.

ton of residue that is broken under.

Where nitrogen is not applied, and stubble left in the field until late in the year, the decomposition process will tie up the available nitrogen in the soil and often cause a nitrogen shortage for the following crop.

Gosh! Here we go again—and will it add more watermelons and make a farm surplus? Looks as though the production

per acre of watermelons is about to be doubled in the near future by the development of new melon plants.

Might look for some of these to be on the market in the near future and some of you who like melons might try them.

Pentacostal Church Schedule: Sunday School, 10 a.m. Morning Worship, 11 a.m. Evening Worship, 8 p.m. Wednesday Prayer Meeting, 8.

Postage Stamp Commemorates Soil Conservation Service

Shown here is a black and white reproduction of the 4-cent soil conservation stamp that goes on sale August 27 here at the local post office. The stamp, printed in three colors, goes on sale August 26 in Rapid City, S.D., at the annual

Carlton Revival Slated August 23-30 At Baptist Church

Revival services at Carlton Baptist Church have been scheduled August 23 through August 30, according to announcement by the pastor, Rev. Charles Becton.

Bill Brown, pastor at Flour Bluff, Texas, will be the visiting preacher. Singing will be led by Rev. Becton.

Nightly services will begin at 8 o'clock, with morning services being held Monday through Friday at 10 a.m.

The public has been issued a cordial invitation to attend these services.

SUNDAY SINGING WILL BE HELD AT OLIN AUGUST 23

Announcement has been made of a Fourth Sunday Singing at Olin Baptist Church, Sunday, August 23, from 2 until 4 p.m.

A cordial invitation has been extended to everyone to attend.

CARD OF THANKS

I wish to thank Dr. Hafer and the nurses that waited on me while in the hospital. Thanks, too for the lovely flowers sent me. I also wish to thank Mrs. Latham and Mrs. Vinson for staying with me at night after I returned home. May God bless them all.

Mrs. R. C. Hampton.

meeting of the Soil Conservation Society of America.

The stamp portrays a modern conservation farm. Grasses in the rolling pasture, foreground, prevent soil erosion and conserve moisture. Grazing is regulated to favor growth of the best forage grasses.

A farm pond, lower right, provides water for domestic and livestock use, for fire protection, for wildlife, and for recreation such as fishing, swimming and boating.

Contour stripcropping and rotation systems, left and right center, include grasses and cultivated crops in alternating bands. The grassed strips catch and hold soil that may move out of cultivated strips during rainstorms, and they increase moisture insoak.

Trees and shrubs control erosion, provide a home for wildlife, and protect the farmstead from the hot winds of summer and the cold winds of winter.

Conservation farming, as depicted in the stamp, gives assurance of a plentiful supply of food and other products of the land for the seven-eighths of the people who live in town, symbolized in upper right of the illustration.

Gary Stephens of Arlington visited last week in the home of his grandparents, Mr. and Mrs. Frank Mingus. Mr. and Mrs. Harold Stephens visited in the Mingus home Sunday and were accompanied home by Gary.

LATE FAIRY NEWS

Mr. and Mrs. E. M. Hoover were supper guests Monday night of Mr. and Mrs. Ralph Spencer and sons at Lake Whitney. The Spencers, whose home is in Lubbock, are spending the week there.

GRANDSON FOR HOOVERS

Mr. and Mrs. E. M. Hoover received a telephone message Wednesday morning, August 19, from their son-in-law, Lloyd Bolstad of Laurel, Miss., stating that they were grandparents of a new grandson, Glen Edwin, who arrived at 10:15 a.m. Wednesday morning. The Bolstads have a little daughter, Betty DeAnn.

REMEMBER THE A LA MODE—Pretty Carol Ralphs, 19-year-old American Dairy Princess from Utah, gives Texas lawmakers a Texas-size bite of Cherry Pie a la mode. Holding the pie is Rep. Alonso Jamison of Denton, accepting the big spoonful is Rep. Wade Spillman of McAllen, and at right is Rep. B. H. Dewey of Bryan. Miss Ralphs toured Texas to encourage the greater use of milk, ice cream and other dairy foods.

CLAIRETTE

By MRS. LUCILE MAYFIELD

Rev. Howard Johnson Resigns Clairette Circuit Pastorate

Rev. Howard Johnson of Stephenville, who has been pastor of the Clairette and Pleasant Hill Methodist Churches, resigned last week to go into the Brownwood District.

Rev. Al Cronk of Fort Worth has accepted the Clairette Circuit post to fill the vacancy.

The members and their families met at the church and parsonage Friday night for a sandwich supper to welcome Rev. Cronk and his family.

The new pastor has four children, Carol 14, Linda 11, Sue 2, and Al Jr., a few weeks old. The family invites everyone to visit them while here each week end from Fort Worth.

Busy Bee Members And Families Feted By Mrs. Mayfield

The Busy Bee Club members and their families were entertained last Thursday night by Mrs. Lucile Mayfield at her home. All the members were present, and three visitors, John Alexander and Mr. and Mrs. Hughie Carr were also present.

Games of "42" and "84" were played. Ice cold watermelon was served to the group.

Several Clairette boys went to football practice Monday morning.

It is reported that there will be six boys from Clairette this year on the team.

Mr. and Mrs. W. H. Harris of Stephenville and Mrs. Herman Harris and children of Lubbock are visiting Mr. and Mrs. Neal Williams.

Mrs. Jewel Harvey is visiting in Hot Springs, Arkansas, this week. Mr. and Mrs. Neal Williams and Mr. and Mrs. Roy Harvey attended the Harris reunion at the park in Stephenville Sunday.

Mr. and Mrs. Frank House of Fort Worth visited Mr. and Mrs. Gene Leppard recently.

Fieldon Haley spent last week end at Belton with the Harry Hoskins family.

Randy and Terry Roe of Mineral Wells visited the past week with Mr. and Mrs. Roy Harvey.

Miss Ila Boyett of Lubbock and Miss Harriet Boyett of Stephenville visited recently with Eunice and Noia Lee.

Mr. and Mrs. Bob Bratton and family of Crane spent the week end with Mr. and Mrs. O. H. Huckabee and sons. Their little granddaughter of Weatherford spent last week with them.

Mr. and Mrs. Artie Thompson visited Friday night with Mrs. Arrie Miller in Hico.

Mr. and Mrs. R. G. Hollingsworth of Coleman visited during the week end with Mrs. S. O. Durham and Ivey.

Shirley Duncan of Fort Worth spent from Friday until Sunday with her grandparents, Mr. and Mrs. Henry Mayfield.

Mr. and Mrs. Duane McCarty and family and Mr. Wiley McCarty and Billy of Midland visited Mr. and Mrs. Hughie Carr, and Bill and Phillip Carr the past week end.

IT HAPPENED HERE OR NEAR—

Activity Is Essential Part of Life

By E. E. DAWSON

She has beautiful legs. They are shapely and strong and slim and straight. They are really beautiful. Whose? Oh! Why, Miss Deborah Kay Williams is the "she" I am speaking about. Naturally I am easily impressed by anything concerning the young lady, who is now about midway in her third year of mundane existence.

But there is a problem I have tried to figure out about those legs and have not yet found the answer. How in the world can they stand so much activity as they are subjected to! Using them she runs and jumps and skips and squats and climbs and kicks; she streaks across the yard at passenger-train speed, jumps off the front porch onto the lawn and utters a yell of delight when she hits the earth. Well, not quite every time. For example, the other day she decided to jump and light on her bottom. It jarred her so she wept great alligator tears and sought what comfort I could give her. But she got a lesson from it. There has been no repetition of that particular stunt.

Such vitality as she manifests! To a great granddad it seems impossible that so much energy can be contained in so small a body. But there is continual evidence that is indisputable. Kids of her age just have to be busy. Nothing irks them as inactivity. So a dotting grandpappy has to help her be busy. And her activity is edu-

cative. She is learning to use all parts of her body and to do many things with precision and speed.

Fact is activity is an essential part of life and there can be no contentment in idleness. It is the active human beings that enjoy life and make progress and have contentment.

I heard a minister preach on Peace recently. He made a negative statement to begin with. It was that idleness does not bring peace to a human soul. What he said in that respect was evident to every thoughtful hearer. In the development of his discourse he said that he and his wife had been caring for some of their younger grandchildren of late, and he had learned again that children just have to be busy to dwell in peace. In elaboration of that statement he said that he and the wife had employed all their ingenuity in their efforts to provide activities for those grandies. The sustained effort left them breathless, and they were relieved when the grandies recently went back to their parents.

The minister told an anecdote as a climax of his point: said an old grandmother came to church on a Sunday morning and put two one dollar bills in the offering. The pastor observed and knowing that the old lady was quite poor he remarked after the service that she must have had a special blessing moved her to give so liberally. The old grandmother replied she did have a very special blessing: her children and grandchildren had just arrived for a visit and she was so happy she must express her gratitude by gift. Then on the next day the grandmother returned and the offering plate came by and she gave a five dollar bill on it. Again the pastor observed the gift and after the service asked if she had another greater blessing which she made such a liberal offering. The aged lady said, "I do have reason to be very grateful and to make a large offering. The children and grandchildren have gone home."

Safety Check Could Prevent Accident During Labor Day

Austin, Aug. 20.—"Going on a trip during the Labor Day weekend? Has your car been safety-checked?"

These questions were asked of Texas motorists, today, by J. O. Musick, general manager of the Texas Safety Association, who added:

"Remember this: Drivers who check first . . . last! Even the best drivers can have an accident with a car that is in poor mechanical condition."

Musick said that people seem to get carried away in a "welter of carelessness" during holiday periods, thus making these the most dangerous driving times of the year.

"With Labor Day just around the corner," he said, "it means that many Texans will be making short, vacation-end trips before school bells start ringing."

Musick pointed out that 42 persons died in Texas traffic accidents from Friday through Monday during the 1958 Labor Day week-

end. This doesn't include deaths from other causes, such as drownings, airplane crashes, etc., which will come close to matching fatalities in total number.

For an all-around safe Labor Day, the safety expert suggests the following precautions:

1. First of all, a good basic helping of common sense and constant awareness that the danger in nearly everything are likely to be doing.
2. If you will be on the road, limit the miles you plan to cover in one day's driving and prepared for heavy holiday traffic.
3. Get an early start and for rest occasionally.
4. Keep your speed down. Don't be a slow poke and don't drink and drive.
5. Be courteous on the road. Courtesy is a sign of intelligence.
6. Follow the safety rules: swimming, picnicking and play. Don't overdo.

SAVE AS YOU SPEND WITH S. & H. GREEN STAMPS

SALMON'S Department Store

Mrs. Zena Havens returned home a few days ago from Brook Army Hospital, Fort Sam Houston. She is reported to be improving in some ways. Her grandson, Richard Lee Wheeler of Killen is staying with her at this time.

Mr. and Mrs. John Gollightly have returned home from a trip to Oklahoma, Kansas and Colorado. While in Colorado they spent from Saturday until Monday morning with Mr. and Mrs. Reno Dunbar and Mrs. Mary Earl at Center. En route home they spent a night with her brother at Petersburg. The Dunbars and Mrs. Earl are former residents of Clairette.

One inch of rain fell here at the writer's home in just a few minutes last Friday, while other sections received no moisture.

Mr. and Mrs. W. C. Harris and family of Sherman spent the week end with Mr. and Mrs. Will Cranfill.

Mr. and Mrs. Charles Gollightly and Mr. and Mrs. Wendell Burden are on a vacation at Wagon Wheel Dude Ranch at Bandera.

Mr. and Mrs. Clayton Hulsey and two grandchildren spent the week end with Mr. and Mrs. Deward Head.

Mr. and Mrs. Deward Head visited Mr. and Mrs. Bill Head and family at Weatherford and attended the musical entertainment at Spring Creek Baptist Tabernacle Friday night.

Mr. and Mrs. Burette Stamford of Dallas visited Sunday in the homes of Mr. and Mrs. Artie Thompson and Mr. and Mrs. Jim Edwards.

TEXAS BOYS who designed and built these sleek model cars for the 1959 Fisher Body Craftsmen's Gold competition have won first state awards of \$150. The upper car was entered by James Bright of Austin. The lower car is the work of Heriberto Cordova of Del Rio.
