### NAGGING HEADACHES ARE CURABLE

A young mother came to our clinic because she had failed to find relief for frequent headaches and an aching in the back of her neck. Nothing she did would give her any more than temporary relief.

One of her friends persuaded her to come to our Stephenville Clinic and give Chiropractic a try. Although very skeptical, she decided she didn't have anything to lose, so why not give it a try.

Our spinal nerve analysis disclosed compression of spinal nerve roots and spinal x-rays were recommended and we began immediate adjustments.

It wasn't long before her headaches began to disappear, along with other symptoms which she had been bothered with for long.

This all took place four years ago and she stays well by returning for occasional check-ups.

# FAIRY

By MRS. EUNICE DANIEL

**POWER HONORS**  
**MARTHA HANES**  
The shower honoring Miss Hanes of Dallas, bride-elect of Bob Drew, also of Dallas, was held last Saturday afternoon at the home of Mrs. Lester Timmerman, with Mrs. Oran Williams, Mrs. Raymond Jones, Mrs. Cunningham, Mrs. Fred Cunningham and Mrs. Walter Abel as hostesses.  
Bride-elect's chosen colors of white and gold were carried out by the bridesmaids. The bride's table bore a gold motif decoration.

Gold-colored fruit punch and white cake squares were served to the guests attending.  
Gold and white floral arrangements were carried out in the gift and guest rooms. The honoree received many nice and useful gifts.  
We have had a few more days fair weather with quite cold nights. There was plenty of ice in evidence last week, when the mercury dropped to 27. We also have had heavy frosts several nights.  
Despite the cool temperatures, cotton pulling has been in full swing again and a few farmers

are about to complete their cotton pulling, while there are still a few who have quite a lot to pull yet.  
We were sorry to learn last Friday that Mrs. Mamie Bonner had suffered a stroke on her right side. Mrs. Bonner, who makes her home part time at her farm house here and at her Dallas home, was here at the time. Her next eldest grandson, little Jon Bonner, five year old son of Mr. and Mrs. Frank Bonner, was spending last Thursday night with her when the mercury had dropped to 27. About 12:30 a.m. Mrs. Bonner suffered the stroke while up about her room. She eased herself to the floor without injuries and had her little grandson take a flashlight and go to the home of his parents some one-fourth mile or more away and inform them. She was unable to get up and lay on the floor until her son arrived and rushed her to the Hico Hospital. We are glad to report her improving and now able to sit up some. We hope she continues to improve and able to return home. Little Jon proved quiet a little hero and his grandmother was very fortunate in having him with her at the time.  
Mrs. Charles Price of Austin was called to the bedside of her mother, Mrs. Gladys Cox, Monday, who is quiet ill in Hico Hospital.  
There is still some illness here due to colds. This scribe is battling with one of the most severe cases we've had in over a year. We got through last winter with only a slight cold but feel we've already had enough thus far to even things up.  
Mr. and Mrs. Marvin Porterfield and little son, Billy Marvin, have moved to Bangor, Maine where he will serve as minister for the Church of Christ. They left last Tuesday and he filled his first appointment last Sunday morning. His father, Walter Porterfield, received a phone call from him Monday night stating they arrived alright. He stated they traveled through much rainy weather after reaching Arkansas, and had had some snow since arriving in Bangor.  
Mrs. Bertha Slater spent from Wednesday until Sunday at McCloskey Hospital with her husband.

## Greatest convenience of a Wife's time...

A KITCHEN TELEPHONE

A kitchen telephone is the most time and labor saving convenience you can give your wife. There isn't a wife today who couldn't use the time and energy that's saved each day by a kitchen telephone. No more running to answer a ringing phone in another part of the house, and no missed calls either. Inexpensive too, only pennies a day.

## Now Is the Time to Check Home for Winter Needs

College Station, Nov. 12—With winter weather turning the corner, now is the time to check your home and other buildings to see if any part of the structures need replacement or repair, is the advice of W. S. Allen, extension agricultural engineer.  
Inspect the roof to see if the

summer sun has curled or caused shingles to split. Check metal flashings in roof valleys, around chimneys and other critical points. If they are in poor condition, replace or repair.  
Clean all gutters and downspouts.

Check to see if they are firmly fastened and look for rusty spots. A wire screen over the downspout will help prevent leaves and trash from entering and choking off the drain. When gutters overflow, you risk expensive damage to the cornice or walls of the house.  
Be sure water from the downspout drains away from the foundation, warns Allen. Check all drainage around the foundation and fill in any low spots to assure proper

and adequate drainage away from it. This will help prevent "heaving" and other potential damage problems.  
Caulking at windows, masonry joints and other possible points of moisture entry should be checked and replaced if loose or chipped. Proper and timely maintenance will prevent costly repairs at a later date, Allen added. So save money later by making a check of these points now.

Byrd Slater, who has been a patient there for some time. She stated that he was doing fairly well despite the fact that he is still bedridden, due to a broken leg he received back in the summer.

Mr. and Mrs. Carl Ray Sellers, Carolyn, Jimmie Don and Janice, and the writer spent Sunday visiting in the home of a sister and daughter, Mr. and Mrs. D. E. Allison of Dublin. Other guests in the Allison home were Mr. and Mrs. Wayne Pittman and Karen.

Mr. and Mrs. Texie Allison and Dana of De Leon visited here during the week end with their parents, Mr. and Mrs. Ed Allison and Mr. and Mrs. Garlon Streater and sons.

Mrs. Emma Ogle was carried to the Sunset Rest Home in Clifton last Tuesday where she will spend a few months.

Jerry Todd, who has been suffering with a slipped vertebra in his back for the past week is some better at this writing. We hope he will soon be fully recovered.

E. M. Hoover was notified by phone Sunday morning that his mother, Mrs. A. R. Hoover, had received a fall while out for a walk Saturday. He went to Hamilton to visit her after receiving the message. She was bruised some from the fall but fortunately, no bones were broken, and she was able to go to the dining hall for her lunch Sunday.

Mrs. Shirley Able and two little sons and her sister, Miss Darlene Clark of Fort Worth spent the week end with their parents, Mr. and Mrs. Audie Clark and Mary Jo.

Mr. and Mrs. E. M. Hoover were business visitors in Fort Worth Monday.

While at the Hico Hospital Monday we met Mr. and Mrs. Nathan Akin of Stephenville who were on their way to the Fairy Cemetery. Mr. Akin handed us \$5.00 for the cemetery. He is a regular donor and still helps quiet a bit themselves with the care of their lot. Due to the illness of our sister, Mrs. Gladys Cox, we have been unable the past several weeks to check the cemetery, but it was in good shape a few weeks ago and with the heavy frost and freeze we hope to have a rest from keeping down growing weeds and grass. Mr. and Mrs. Akin were accompanied to the cemetery by Mrs. Fannie Adams of Hico.

Grain that is up is looking pretty. Farmers are quiet busy trying to prepare cotton land and sow grain.

We have a slight mist falling at this time Tuesday noon, with indications of more bad weather in store for us.

PUBLISHED WEEKLY BY THE STUDENTS OF  
HICO HIGH SCHOOL

EDITOR JUDY GRIFFITHS  
ASSISTANT EDITOR CAROLYN PATTERSON

## WHO'S WHO

This week's Who's Who is a pert little Sophomore with brown eyes and brown hair. Her main interests are boys (especially one), music, sports and dancing. She is on the Teen Den Council, was a candidate in the Halloween King and Queen contest, and is the vice-president of the Sophomore class. She is also a very promising forward on the basketball team.

Surely you have guessed by now that this is none other than MARGARET WARREN.

## COUPLE OF THE WEEK

?? and ??—Linda Patterson and Harlon Koonsman are our couple for this week.

Linda is a Sophomore student in HHS who everyone likes. She takes part in almost all of the activities that are held at school. She is a member of the Annual Staff, girls' basketball team manager, member of the Choral Club and is also taking part in the oncoming Junior Play.

Harlon graduated from HHS two years ago. He wears a big black hat and drives a green and white Chevrolet. He formerly worked with Hill Bros., but is now driving a milk truck. In plainer words, Harlon calls it a "clabber wagon."

Everyone knows this couple and like them very much. Each of them have a good personality and sense of humor.

To Linda and Harlon, we wish you luck.

## SPOTLIGHT

My spotlight was "shot" Friday night or the cold weather had gotten the best of the kids because

there wasn't many out at church or at the Youth Center. Those I saw were Judy M. and Buddy A.; Fay M. and Neil E.; Joy L. and Charles T.; Anita M. and Monty O.; Nita D. and Jerry J.; Betty H. and Rony G.; Betty H. and Billy C.

I repaired my spotlight and I was back on the job Saturday night. My spotlight and I detected quite a few couples. These were Judy G. and Steve O.; Harlon K. and Linda P.; Fay M. and Ronnie K.; Margaret W. and Bob B.; Kathy H. and Buzzy H.; Kathy L. and Royce S.; Judy O. and Delton B.; Kay Y. and Billy B.; Yvonne ? and Gary D.; Ann S. and Wayne D.; Carol A. and ?;

Judy M. and Buddy A.; Joy L. and Charles T.; Jimmy H. and Elaine B.; Shirley G. and Otice B.; Barbara P. and Floyd D.

Sunday afternoon I polished up my spotlight and we were ready to go. I spotted a lot of kids riding around but not too many couples. Those couples I saw were Judy M. and Buddy A.; Kay Y. and Billy B.; Linda P. and Harlon K.; Joy L. and Charles T.; Kathy H. and Buzzy H.

My spotlight and I had trouble finding anyone Sunday night. We decided everyone was trying to get prepared for the basketball game Tuesday night. Those we saw were Judy G. and Steve O.; Judy M. and Buddy A.; Joy L. and Charles T.; Sheila P. and Wayne W.; and Joyce M. and Don L.

## BASKETBALL REVIEW

Last Thursday, Mr. Chandler, coach of the girls' basketball team, issued fourteen suits to the following girls:

Freshmen: Jane Akin, Martha Paddock, Sylvia Sherrard, Christine Bullard and Barbara Randals.  
Sophomores: Janet Hooper, Margaret Warren and Kathy Higginbotham.

Juniors: Kay Yocham, Sheila Partain and Diane Howerton.

Seniors: Juan Williams, Judy Griffiths, and Judy Moore.

At the same time we elected two team captains. Elected to these honor positions were two senior girls, Juan Williams and Judy Griffiths.

All the girls are looking forward to their Tuesday night game with a great deal of enthusiasm and spirit. There will be two games, the A game and the B game.

Mr. Chandler emphasizes the fact that we have no A team, but are all members of the main team. We never know who is going to start the game until about two minutes before hand. (Suspense). We have a small team, but one which will give their opponents something to remember.

Come to these games and support your team by your attendance.

## JUNIOR HIGH NEWS

There hasn't been much doing around lately. Since the new library books arrived everyone has their nose in a book. (The ones who don't are fighting for one).

The second grade has a real neat display of medals, pictures and books for Veterans Day, Nov. 11. Some of the children brought pictures of their fathers, uncles, and friends. They have books on the war, etc.

The Legislature this year passed what is called the Texas Bruce-llis Law, and according to Dr. C. M. Patterson, Extension Veterinarian of A & M, the law provides the following:

1. 75 per cent of the cattle owners, owning 51 per cent of the cattle as shown by tax rolls must petition to designate a county as a control area.
2. A control area may contain additional or less area, in reasonable amount, than that encompassed by county boundary.
3. When commission receives a petition it will issue a proclamation describing areas and stating type of area, plus date regulation becomes effective. This date cannot be less than 90 days from issuing proclamation.
4. A hearing will be held on each applying area at least 30 days after

## BALANCED DIETS HELP GUARD AGAINST COLDS

Changing temperature, fatigue, too much food or not the right kind, tension, and excitement, all are factors in lowering body resistance to the common cold.

Food makes a difference. It is important to start family members with a good, wholesome breakfast every day. Then follow through with wholesome, balanced meals at noon and at night. Plan to eat at regular times as much as possible and reserve the sweet or rich foods for mealtime dessert. Keep in-between refreshment snacks light and nutritious. Fruits, fruit juices, crisp, colorful vegetables served with special dips can be just as tasty and appealing as rich, heavy foods.

## ER L

An area will be certified when not more than one per cent of the cattle in five per cent of the herds are found to be infected.

Accidents must be fire brand.

Admission shall not be paid.

There will be more about the Bruce-llis program in the near future.

## Local Man Taking Part in Naval Operation

Pacific Fleet—Billie M. Roberson, aviation storekeeper second class, USN, son of Mr. and Mrs. Sherman L. Roberson of Hico is serving on the staff of Commander Carlier Division 3, and taking part in a large fleet training exercise off the coast of Southern California, involving units of the U. S. Pacific Fleet.

The exercise, under the direction of the Commander of the First Fleet, is pitting "Blue" attack carrier striking forces against opposing "Orange" defensive forces. The Blue forces are launching carrier aircraft attacks and simulated guided missile attacks on a large land mass. The Orange defenders are attempting to stop them with Navy carrier and land-based aircraft and surface craft.

## COLOR CAN GIVE ILLUSION OF SPACE TO LIVING AREA

Color can change the apparent size or shape of a room. It can also suggest a sense of direction as well as space. Then too, it can create a mood or affect your emotions.

To make a room look larger use one color predominately or a few colors in variations of light and dark, bright and dull tones.

For interesting contrasts and a feeling of unity without monotony, use different textures with one color—textures such as those found in wood, marble, brick and fabric weaves.

A muted or lightly grayed color on walls lends distance and is appropriate background for both people and furnishings.

A room will seem larger if you use the same solid color for walls, woodwork, and wall to wall carpeting.

You can raise the apparent height of a ceiling by making it lighter than the all color. A dark floor will also help give the appearance of greater up and down spaciousness.

## TIME TO PLANT ROSES

Anyone can grow roses, according to A. F. DeWorth, Head, Department of Floriculture, Texas A & M College. They may be planted in the fall or spring, but in Texas, fall planting is generally preferred.

Aim for quality and you may also get quantity. Many gardeners try to grow too many varieties of roses. Mr. DeWorth says that 10 well chosen varieties will produce as many flowers and give far more pleasure than 50 poorly-tended plants.

Details on selection, soil preparation, pruning and care of roses are given in TAP-1, Roses for Texas, written by Mr. DeWorth. Get a copy from this office or the county extension agent's office.

## Program on 'Care of Clothing' Given at South Hico Club

The South Hico Home Demonstration Club met Nov. 5 in the home of Mrs. R. L. Weaver, with eleven members and one guest, Mrs. R. L. Staggs of the Littleville Club, present.

The meeting was called to order by the president, Mrs. Church-ill. Roll call was answered with "A Clever Gift Wrapping Idea."

The program, "Care of Clothing," was given by Mrs. Cyrus King, the clothing demonstrator.

## Book Review Scheduled

An invitation has been extended to everyone to attend the book review to be presented by the South Hico Club. The review will be given in the home of Mrs. Cyrus King at the next regular meeting Thursday, Nov. 19, at 2 p.m.

Mrs. Buelh Kaye Hicks will review the book, "Organ Notes of Dawn." This is a book of simple beauty. Quoting a part of the forward, "My house sits on a hill, a draft of petrified wood covered in sand and small rocks, overlooking the valley through which the Paluxy River winds between taller mountains, two miles away. The wind sweeping through the valley makes the tones of a great organ sounding out in hymn of worship," hence the title of the book, "Organ Notes of Dawn."

The club feels fortunate in securing such a talented person for their speaker as Mrs. Hicks. She has won many awards, honors, and tributes in her writings and is also an outstanding newspaper woman.

The Blue Ridge Club members will be guests of the South Hico Club for the meeting.

## DAUGHTER FOR FILLINGIM

Mr. and Mrs. Leland Fillingim have announced the arrival of a daughter, born Nov. 3 at Hico Hospital. The little lady has been named Michelle. Grandparents are Mr. and Mrs. Richard Tooley of Hico and Mr. and Mrs. R. L. Fillingim of Leduc.

## To The Busy Housewife . . .

## YOUR HOMETOWN NEWSPAPER IS A REAL CONVENIENCE!

A wonderful way for a busy young mother to save countless hours is by shopping the ads in her hometown newspaper. By knowing, before she goes to town, which products she wants and where to buy them, she can do an efficient job of marketing. While the housewife spends her time becoming an expert nurse, laundress, cook, playmate, and bookkeeper, the local newspaper is bringing her the shopping news. It tells her about the latest products and services that will help her accomplish her work most efficiently. It tells her where to find the best prices offered on items she needs. It saves her many long hours of "shopping around."

By HELEN OGLE

Man Winter was certainly a hurry to make his ap-  
pearance last Wednesday night.  
I gave me time to adjust to his  
weather for turkey and  
a trip to town to  
shop, or even better,  
chat with friends over a  
cup of coffee.

Speaking of winter weather  
last week, the Meador's house  
was a sight to see. On Thursday morning  
their daughter, Denna,  
was up with pillow, blanket and  
on the floor beside their  
bed.

George Harris, pastor of  
Baptist Church, and Rev.  
Johnson, who was in charge  
of the revival held here last week,  
were visited by Mr. Club,  
Green, Mr. Par, Mr. Bogie,  
and Mrs. Birdie. Sounds more like  
game to me.

Lackey was in the office  
and of course we had  
a bit. It seems that  
Mike and Pat, keep her  
day. Nothing to return home  
a window pane out—they  
replaced eight so far—or find  
the topy-turvy, including the  
all in the floor. Boys, we know  
all in the floor, but you better  
watch—Mom might use that  
yarn yet.

With Mary Jo Patterson  
Mamie Casey at coffee time  
last week I thought I had  
heard of everything for a Christ-  
mas, but Mamie's daughter,  
wants a large skeleton!  
Must have dreams of becoming  
a doctor or nurse.

"Fur Em or Agin' Em"  
TV Quiz Scandal, I mean.  
Several comments—pro and  
con the subject, but in gen-  
eral I think everyone will be glad  
it cleared up and a good  
episode ahead.

the way Bro. Barnes, the  
man that I can find on the  
radio "Dear" bun. I don't know  
about guns, but I know  
missed killing dove with  
a presume it would do to  
her with.

to hear a good fish story—  
mine. I'm sorry—I didn't  
say luck last week)—But I

have a good clue to one I heard  
this week. As I understand J. C.  
Prater is a fisherman too, and he  
was proudly showing a black bass  
to a friend, when the friend pro-  
duced a much larger fish. I'm not  
divulging any information now,  
but I think I know something you  
might like to know.

And while we're fishin'—Remem-  
ber the picture of Sim Everett in  
the paper last summer, when his  
nephew caught the bigger fish—  
Well, I think Sim is due some cred-  
it (and neighbor I'm sorry we  
didn't take a picture) as he was  
in the office with some big fish.  
We still don't know how you  
caught them, but guess that's the  
fun of being a fisherman.

Had a toothache lately? — I  
think Mr. Davis, pharmacist at  
Howard Drug has—As best I can  
figure, he and the dentist have  
met fate, and Mr. Davis says peo-  
ple have never tasted so good.  
So that's what the food chopper  
is for!

A holiday and a day off—A good  
day for cleaning house, or yard  
work, or maybe a last look at the  
deer lease, or even playing a game  
of golf or bridge. Take your choice  
for the day, but we're going to  
stay with it and try to get the  
press ready to roll.

Last, but not least—Let's not for-  
get what today, November 11,  
means.

## Salmon Home is Scene of Party

The home of Mr. and Mrs. Con-  
da Salmon was the scene of a "42"  
party Monday evening, November  
9.

Guests for the evening were Mr.  
and Mrs. J. E. Lincoln, Mr. and  
Mrs. O. C. Cook, Mr. and Mrs. Ber-  
nell Jernigan, Mr. and Mrs. Paul  
Neel and Mr. and Mrs. Wayne Rut-  
ledge.

Winning six out of seven games  
gave Mr. Salmon and Mrs. Jerni-  
gan top honors for the evening.

The hostess served pecan pie  
and coffee to the group.

S. E. Blair and Miss Louise  
Blair were in San Angelo last  
week to attend funeral services for  
Mrs. H. H. Seale. Miss Blair re-  
turned home Tuesday and was ac-  
companied to Hico by Miss Betty  
Stephen who plans to visit in the  
Blair home for two weeks.

## 'MASTERS OF DECEIT' PRESENTED AT REVIEW CLUB LAST THURSDAY

The Review Club met in the  
Home Economics Cottage at Hico  
Public Schools last Thursday after-  
noon, Nov. 5. The Home Econo-  
mics Class served refreshments in  
absence of the hostess, Mrs. L. J.  
Wood, who was ill.

Mrs. Petsick introduced Miss An-  
nelle Gleason, a talented student of  
Fair High School, who reviewed the  
book, "Masters of Deceit,"  
by J. Edgar Hoover. Miss Gleason  
opened her review with remarks  
from "The Naked Communist," a  
book by W. Cleon Skousen. This  
book gives a clear picture of the  
unstable character of a commu-  
nist.

Mr. Hoover's book describes the  
actions of the Communist Party in  
the United States in no uncertain  
terms. He urges Americans to  
wake up to the danger of taking  
our way of life for granted. Our  
forefathers fought for a democra-  
tic form of government. The Com-  
munist is dedicated to its over-  
throw. We must always be alert  
to the menace of Communism ac-  
tivity.

Members present were Mrs.  
Louise Angell, Mrs. Lusk Randals,  
Mrs. O. C. Cook, Mrs. Marvin

Marshall, Mrs. Hord Randals, Mrs.  
J. T. Appleby, Mrs. Ellis Randals,  
Mrs. L. N. Lane, Mrs. Bernell Jer-  
nigan, Mrs. Edgar Bradley, Mrs.  
R. B. Jackson, Mrs. Odie Petsick,  
Miss Mettie Rodgers, Mrs. W. C.  
Stearman and Mrs. Morse Ross.

Guests for the meeting were  
Mrs. Arnold Gleason, Mrs. Will  
Hill and Mrs. H. V. Hedges.

The club will meet November 19  
in the home of Mrs. W. C. Stear-  
man.

in last week's paper.

## HOMEMAKERS SHOULD CONSIDER SEVERAL THINGS WHEN BUYING TURKEYS

College Station, Nov. 12.—Home-  
makers and others who buy tur-  
keys through retail stores should  
consider a number of things before  
buying. Since the holiday seasons  
of Thanksgiving and Christmas  
are only a few weeks away, your  
interest in buying turkeys is proba-  
bly greater at this time of the  
year than any other, says F. Z.  
Beanblossom, extension poultry  
marketing specialist.

How big a turkey should you  
buy? This will largely depend up-  
on the number you expect to serve  
and reaction of family members  
to eating leftovers. You should  
keep in mind that for each person  
you will need about three-fourth  
pound of oven-ready turkey for a  
generous allowance.

Now that you have decided upon  
the size turkey to buy, you should  
consider the quality you want. Best  
quality turkeys, which are designat-  
ed as grade A, will have an even  
covering of fat over the entire  
bird. They will be broad breasted  
with bulging thighs and large  
drumsticks. Turkeys with these  
qualities have a maximum per cent  
of meat to bone and thus give  
more edible eat for your dollar  
spent. In addition to the previous-  
ly mentioned qualities that deter-  
mine grade, you should select a  
turkey without blemishes, such as  
torn skin and bruises, advises the  
specialist.

Look for the inspection and

grade tag on the turkey you buy.  
Turkeys that have been inspected  
for wholesomeness under USDA  
supervision will have a tag, either  
metal or paper, attached to them  
which states that the turkey has  
been inspected for wholesomeness  
and it will have the prefix U.S. on  
the shield. The tag is usually at-  
tached to the wing.

If the turkey has been graded,  
which indicates quality, under  
USDA supervision, it will likewise  
have a tag attached, explains  
Beanblossom. This quality will be  
indicated by the letters A, B, or C;  
A indicating top quality. If the  
turkey is both graded and in-  
spected under USDA supervision  
there may be only one tag on the  
turkey but it will show the grade  
and inspection for wholesomeness.  
There may be, however, two tags  
—one indicating wholesomeness and  
the other grade. You should re-  
member that an inspection tag  
for wholesomeness does not indi-  
cate the grade of turkey you buy.

In addition to suggestions on  
buying tips, here is a helpful sug-  
gestion on cooking. Kathryn Belle  
Nyles, Home Economist for the  
Poultry and Egg National Board,  
suggests that you allow 15-20 min-  
utes per pound of oven-ready  
turkey weight. She also recom-  
mends an oven temperature of  
about 325 degrees F. The larger  
the turkey—less time per pound  
will be needed for cooking.

## IT HAPPENED . . .

HERE OR NEAR

By E. E. DAWSON

You may see much on the streets and highways other than pavement and vehicles. You may see things that amuse you, others that disgust you, and you might also get angry at some of the sights that come to your eyes. Whatever you see, try to keep yourself under control and don't blow your top because something is not just what you would be most pleased with.

A common sight, especially on Saturdays, is to see a group of folks standing on the sidewalk and obstructing pedestrian traffic. You pause and maybe push someone out of the way so as to pass. It is usually a case of acquaintances meeting that have not seen each other for a week and they have to "Howdy" and then palaver and all the time they are unconscious of anybody else and of the rights of others to use the sidewalks.

You may see on the highway ahead of you two vehicles headed in opposite directions now halted and occupying both lanes of the road. No, they are not broken down. They are just gabbing and have forgotten that anybody else ever uses the road. You sound your horn and they suddenly see you trying to get by and sometimes they look as if you have done them a deadly injury by coming along just at the time they meet and want to talk. They are unconscious of anybody but themselves.

You see some person, frequently an older one and maybe walking with difficulty, heading at a long angle across a busy highway or street, going so slow that you have to stop to keep from hitting him. You begin to wonder if he is attempting suicide. Or it may be a case of an older one walking in the street rather than on the sidewalk because it may be a bit difficult for him to get up the steps to the sidewalk level. Again you wonder if that one is making an attempt to commit suicide.

One of the worst is the fellow, often a woman, who stops his or her car in the traffic lane in front of the post office and goes in for the mail while others have to wait

until the presumptuous one comes out and gets the car out of the way. One is often made to wonder if such folks are unconscious of the fact that anybody but themselves have to use the streets. They appear of think only of themselves.

Then there is a woman you may see on the street whose face is set as if she had just had a deadly spat with somebody and had tried by the severe appearance of her features to frighten the opposing one into submission. I see much feminine faces almost daily on the street and wonder how they might have some beauty if they would wipe that mad look off their faces.

You see some men whose faces are so set in a bitter look that you wonder if they ever have a pleasant thought, or if they have a single friend in all the world.

Then there's the couple who come to the store to get a supply of groceries and they walk down the store aisle side by side pushing one of those baby buggies the store provides. They stop to examine a can of coffee or dog food and discuss the merits or demerits of the item and when you try to get by and fail, you have to turn back and walk a few dozen yards and try another aisle.

But you see some sights that tickle you and make you happy and glad you are alive. There is a little girl holding the hand of her mamma and she is smartly dressed and a pony tail waggles on the back of her well-formed head. Or it may be a small tad of boy wearing a red coat and a cap holding on to the hand of his daddy and trying to take three steps to his daddy's one. It may be a new bride who is shopping for groceries for her new home and it is all so exciting to her because she had never shopped for her family before marriage to that big boy she calls "Hubby."

Yep, you see a lot of things on the streets and highways and in stores and the postoffice. You see a smiling clerk or a cheerful attendant at the filling station, and they may even try a jest on you, or take it graciously if you pull a gag on them. It is not a perfect

## Caution Should be Used When Buying Christmas Lights

Austin, Nov. 12—With some retail stores now carrying stocks of low wage cost imported Christmas tree strings and sets from Japan and other countries, the Texas Safety Association reports that consumers would do well to use care when buying such imported electrically lighted Christmas decorations.

Although on the surface some imported sets and strings may appear to be almost identical to similar products made in the U.S.A., this is not always the case. Hence, a careless purchase of im-

ported Christmas decorations may result in serious damage or loss of life.

To be sure that a Christmas tree string or set is safe, the purchaser should check to see that the label of the Underwriters' Laboratories is affixed to the wire of the equipment. This label indicates that all wiring, sockets, etc. in the set meet the UL test requirements, and therefore are regarded as safe for decorative use.
