## HERE IN HICO

By E. V. M.

Another step in the right direction was taken last week when the North Bosque Water Improvement and Flood Control District received notification from the Erath County Commissioner's Court had approved a request for financial aid in maintaining water structures and securing easements, if and when such a program is approved.

The step was completely necessary in the fact that the Soil Conservation Service will not even consider such a project until some guarantee or county agrees to maintain the structures.

Even the same proposition will be presented to Hamilton County Commissioners. However, the commissioners here will not have at the time what the Erath County officials themselves for.

The main difference between two counties is the fact that by three, possibly four, of the water structures will be located in the county.

The next thing which must be done before an approval for the project can be obtained is to get a percentage of cooperators with \$300 up to the required percentage. In Hamilton County, the number of farmer-rancher cooperators is close to ninety per cent, more than is required. However, one of the major objections to the project was submitted a year ago was the fact that the Erath County district had signed for practices at a rate of somewhere in the 50 per cent bracket.

The program may be dormant. It certainly is not dead, and these days the district will be developed fully. It should be of utmost concern to all landowners in the district who stand to benefit more than anyone else in such a water conservation project.

A message elsewhere in this issue of the News Review from the School District is not a rest, but merely an informative reminder.

Meeting recently, members of the Hico School Board decided that the public should be informed as to the amount of penalty which must be paid on delinquent school taxes. Heretofore we can't remember when at any time tax notices have informed the public as to what the penalty is on taxes which are not paid by the deadline.

When you read the advertisement, don't feel that it is something new which the present board adopted. It isn't. Penalties are ALWAYS been charged on delinquent taxes, and probably always will be.

When you get up on the wrong side of the bed, as so many of us do sometimes, think of the following:

**KEEP SMILING**  
Smiling costs nothing, but gives life. It enriches those who receive it without making poorer those who give. It takes but a moment, the memory of it sometimes lingers. None is so rich or poor that he can get along without it, and none is so poor but that he can be made rich by it. Smiling creates happiness in the hearts of those who will in business, in the counter-sign of friendship, brings rest to the weary, to the discouraged, sunshine to the sad, and it is the best antidote for trouble. It cannot be bought, beggared, stolen, or stolen, for it is something that is of no value to any one if it is given away. Some people are too tired to give a smile. Give them one of yours, for they need a smile so much as you have no more to give. **KEEP SMILING!**

Kay Fulcher, Jerry Johnson, and Charles Golightly, State Winners

## Local 4-H Youth Named State Winner in Farm Bureau Con.

Top winners in the "Youth Power Food Comes First" essay contest were announced at a breakfast honoring the finalists from all over Texas Saturday morning, January 9 in Austin.

The breakfast, sponsored by the Texas Food Comes First Committee and Farm Bureau was held in the Stephen F. Austin Hotel. Jerry Johnson, son of Mr. and Mrs. J. H. Johnson, Route 5, Hico, and Kay Fulcher, daughter of Mr. and Mrs. Martin Fulcher of Route 1, Stephenville, were second place winners, chosen from the 24 finalists from over the State. Both Jerry and Kay are members of the Stephenville Community 4-H Club.

Johnson has also been a member of the Hico FFA Chapter during his high school days. Accompanying the two winners to Austin were Charles Golightly, Erath County Farm Bureau President, Mrs. John Golightly, active Home Demonstration Club member, and Mrs. Deane Valentine, Erath County Home Demonstration Agent.

The contests were directed by Mrs. Valentine and Erath County Agent Richard Gary.

## District Cage Race Nearing End of First Round Play

Hico's boys basketball team stayed in contention for the first half of the district race last week by winning two games, and the local girls were all but eliminated in the first half play by losing their second game in the district chase.

Both teams will host Iredell tonight, Friday at the local gym, beginning at 7 o'clock.

Last Friday night the two teams played at Morgan, winning both games. The boys hit a season high point output, meshing 80 points in defeating the Morgan boys 80-65. In the girls game Hico squeaked by Morgan 35-34. Doyle Crews and Mark McElroy led Hico scorers with 25 and 21 points, respectively. In the girls game Martha Paddock meshed 17 points for honors.

Tuesday night of this week the locals entertained Kopperl in Hico gym, and split with the visitors. The boys won 54-27, while the girls were losing 30-17. Crews was high point man, dumping in 18 points for the boys. Don Jernigan scored 12 points for Hico.

Scoring was evenly divided among Hico's girls, with Paddock and Kay Yocham each meshing 5, and Judy Moore hitting four. Hall of Kopperl was high point scorer for the game with 20.

## Fairy FFA Chapter Has Six Entries in Houston Stock Show

The Fairy Chapter of the Future Farmers of America, has made the following entries in Junior Divisions of the 1960 Houston Fat Stock Show and Rodeo:

Entered from the Fairy Chapter are: one fat lamb; two Shorthorn steers; one Angus steer; one Hereford steer; one milking Shorthorn; and three breeding sheep.

The 28th exposition will be held February 24th through March 6. Names of entries from Fairy were not available.

## SINGING SUNDAY AT STEPHENVILLE

The Erath County third Sunday singing convention will be held January 17 at 2 p.m. in the Primitive Baptist Church in Stephenville.

A cordial invitation has been extended to everyone in this area to attend.

## Truman E. Roberts Seeks Second Term As District Attorney

Truman E. Roberts of Hamilton this week announced his candidacy for re-election to the District Attorney's post of Hamilton, Coryell, Comanche and Bosque Counties.

Roberts, a former Hico resident, is seeking his second term of office. Prior to being elected District Attorney in 1956, he served as Hamilton County Attorney.

Mr. Roberts stated that he would make a formal announcement at a later date.

## LOCAL MAN TO RECEIVE DEGREE FROM U. OF T.

Austin, Jan. 14.—The University of Texas College of Engineering has 181 seniors who are candidates for Bachelor of Science degrees Jan. 30 at the close of the current semester. No public exercise will be held.

Included in the graduating seniors is Fenton James Sandlin, who will receive a Bachelor of Science in Petroleum Engineering Degree. Sandlin is a graduate of Hico High School.

Mrs. Audrey Elkins of Stephenville was a business visitor in Hico Wednesday of this week.

## HICO BIRTHS STAY AHEAD

Ninety-five babies were born in Hico last year, and 51 persons died, according to the vital statistic records of L. L. Hudson.

Fewer births and more deaths occurred in 1959 than the previous year, when 126 births and 49 deaths were recorded. Figures are for Precinct 3, which includes Fairy, Carlton, and Olin.

## Ten Entries Listed From Hico FFA Chapter in Houston Show

Hico FFA Chapter members have ten entries listed for showing the 28th Houston Fat Stock Show and Rodeo, dates for which are February 24 through March 6.

The following chapter members have entries in the 1960 show: Edwin Shannon will show two Holstein heifers in the Junior Dairy Show.

Rondy Giesecke will show his Hereford heifer in the Scramble Division of the show.

Mark McElroy has entered an Angus heifer in the Scramble Division. Pat and Mike Lackey have entered four swines in the Junior

## Hico Leads Stephenville In Water District Director Election

The Hico box led Stephenville in balloting Tuesday in the North Bosque Water Control and Improvement District director election.

A total of 31 votes were cast locally, as compared to 19 cast in the Stephenville box.

All three men seeking the director's posts were elected unanimously. They were Fred McCleskey, L. B. Howard and John Sharp, all of Stephenville. McCleskey and Howard were re-elected to posts which they have held since organization, and Sharp gained the place formerly held by the late Henry Clark.

A. A. Brown was election judge here, and he was assisted by Mrs. T. A. Randalls and Mrs. Marvin Marshall, clerks.

## Funeral Services Held Last Friday For Mrs. Lula Ella Fellers

Funeral services were held at 2 p.m. last Friday, January 8, at the First Baptist Church for Mrs. Lula Ella Fellers. Rev. Geo. Harris conducted the rites, and burial was made in Hico Cemetery, under the direction of Barrow-Rutledge Funeral Home.

Mrs. Fellers passed away in a Hamilton rest home after an illness of six months. She was 88.

Mrs. Fellers had lived in Hico since 1947, and was the widow of A. J. Fellers, who preceded her in death.

Surviving are one daughter, Mrs. Alma Newton of Dallas; three sons, D. A. Fellers, E. B. Fellers and R. A. Fellers, all of Hico; one sister, Mrs. Pearl McElroy of Iredell; one brother, Andy Warren of Crystal City; eight grandchildren and eight great-grandchildren.

Palbearers were Roy Adkinson, Glenn Higginbotham, N. N. Akin, Grady Blue, Hamp Rucker, and Richmond Herrington.

## Fred J. Jaggars Elected to Head Volunteer Firemen

Fred J. Jaggars, a 10-year veteran of Hico Volunteer Fire Department, was elected to serve as Fire Chief for the year 1960. Election of officers was held Monday night at the regular meeting of the group.

Jaggars, Hico car dealer and real estate man, succeeds Glenn Higginbotham, who has served for the past year as chief. Jaggars was elevated to the chief's position from first assistant.

## CARLTON STUDENT IS MEMBER OF SOCIAL CLUB

Brownwood.—Virginia Thompson of Carlton is an organizing member of Diana, one of three women's social clubs being organized on the Howard Payne College campus under the direction of Mrs. E. N. Eisey, dean of women.

A junior student, Miss Thompson is the daughter of Mr. and Mrs. G. L. Thompson of Route 2, Hico, and is a graduate of Carlton High School.

## Annual School Census Being Conducted Here This Month

Hamilton County schools are taking census this month in the annual scholastic enumeration. The purpose of the census is to enumerate all children of school age residing in various school districts.

Results of this census will determine the number of per capita payments each school will receive from the State for 1960-61. School leaders are striving to make sure that all children falling in the prescribed age bracket will not be overlooked.

Supt. O. C. Cook was recently appointed census officer for the local schools.

The enumeration started in the Hico district last week, and will continue through the month of January. Parents of eligible school children, not already enumerated, are asked to call the school.

Truman E. Roberts of Hamilton was a business visitor in Hico Tuesday morning.

Supt. Cook said that census blanks were sent out last week, and if anyone was overlooked and have not received a blank, they are asked to call or contact school officials.

"Children who are now five but who will be six on or before Sept. 1, 1960 are to be listed on the census as they will be eligible to attend school next term, as well as any who are now six whose birthdays were later than Sept. 1, 1959," Mr. Cook said.

"Those who will be eighteen before September 1, 1960 must be left off the blank, but married teenagers are still eligible and should be counted if they live in the Hico district and will NOT have reached their eighteenth birthday," the superintendent continued.

Any parent who may have questions concerning the census are urged to contact the census officer at once. February 1 is the deadline for student enumeration.

## TIME SHORT FOR 1960 POLL TAX PAYMENT

Most important date for local residents this month is January 31.

After that date it will be too late to buy a poll tax receipt which will enable them to participate in this year's "merry-go-round" of political events.

And if you think it won't be a merry-go-round, just listen to this: People here will have a voice in electing city officials in April; electing two school board members, also in April; voting in the first primary, which will be held in May this year instead of the regular July date; the second primary the fourth day of June.

And to top it all off, voters will

have an opportunity to voice an opinion in the general election to be held November 8th.

In the general election voters will cast their ballots for top government officials and also probably will vote on several Constitutional Amendments.

Somewhere down the line voters might even get a chance to do away with the required poll tax receipt, as rumors have it that an effort will be put forth to outlaw the receipt as a qualification for voting.

The only contested race in Hamilton County at this time is for Sheriff, where Woody Young, incumbent, is opposed by Houston White, former Hamilton County Sheriff. One district contest faces voters at this time, where Howell E. Cobb of Comanche and H. W. (Bill) Allen of Hamilton will compete for the district judge post, being vacated by the veteran R. B. Cross of Gatesville who is retiring after 26 years on the bench.

Chances are that there will be other contested races in the county and district before the February 1 filing deadline.

Voters will have several opportunities to trek to the polls in 1960—that is, those do who qualify themselves by paying their poll tax, which may be paid right here in Hico at the City Hall.

Better hurry, though. Time is running short.

MASONS HONORED—W. E. Goyno, left, and S. R. Stanford, were presented Life Certificates by Sherman Roberson, Master of the Clairette Masonic Lodge, in ceremonies held at Fairy Lodge No. 751 last Thursday night. Both of the honored men are past Masters of the Fairy Lodge. (Mickey's Photo)

## 2-Year-Old Is 'Dimes' Poster Girl

**PREVENT CRIPPLING DISEASES**

**JOIN THE MARCH OF DIMES**

Mary Beth Pyron, 2, daughter of Mr. and Mrs. James T. Pyron of Florence, Ala., has just been chosen national poster girl for the New March of Dimes 1960 campaign in January. Her picture will appear on millions of posters (above), canisters and coin collectors in every town and village of the country, symbolizing the New March of Dimes attack on crippling birth defects, arthritis and polio, diseases that affect one in every four U. S. families. Mary Beth was born with an open spine and water on the brain. Medical science knows no way of helping her. Hope lies in scientific research supported by the New March of Dimes. Mary Beth is a sunny, affectionate child and loves to ride her uncle's walking horse (left). Her brother, Tommy, 4, is a normal child.

PHONE SY 6-4322 WE DELIVER HICO, TEX.

# FAIRY

By MRS. EUNICE DANIEL

We were very sorry to learn of the untimely death of Mr. Sam [unclear] of near Hico, who passed away Saturday morning. Our deep sympathy is extended to his bereaved wife, sons and daughters and their families.

All enjoyed the beautiful spring-weather Sunday. However by Monday we were again having showers which at this writing, Tuesday, are still falling. The ground is so wet it will be quite some time before any farm work can be done.

The tabernacle at the Lanham Methodist Church site was razed last week, nails removed and the

lumber stacked and made ready for use on the new church building when weather and time permits the razing of the old church building. The new church will be patterned similar to the Cottonwood Baptist Church near Dublin. We commend the Lanham church congregation who have been so faithful to maintain the church there, which we understand was first established by the late Mr. and Mrs. Wes Jones. The church has been a place of worship for their sons and grandsons and families, a number of which still reside in the community and treasure the sacred place of worship of

their father and grandfather. Mr. and Mrs. H. R. Brummett, who have been patients at the Hico Hospital, were moved to the Hico Nursing Home last week.

Mr. and Mrs. Haskell Payne and family, who have been residing on the former Cornelious place, now owned by Miss Eliza Geise, have moved to the Willie Oglesby place. The Bob White family of near Jonesboro moved to the Geise place.

A house warming honoring Mr. and Mrs. Frank Courtney of the Pleasant Valley community was held last Sunday afternoon at their new home, which is reported to be one of the most modern country homes in the county. Mr. Courtney is a brother of Mrs. Lester Timmerman of near Fairy. A large number attended and they received many nice and useful gifts.

We received a letter last week from Mrs. Lola Taylor of Corpus Christi informing us of the death of her mother, Mrs. Leta Jackson, who had passed away in February of last year. We had formed an acquaintance with Mrs. Jackson in May of 1938 when we stayed at an apartment at her home in Houston when we were there to be near our daughter, Mrs. D. E. Allison now of Dublin, who had undergone surgery. Since that time we had corresponded off and on and the latter few years, seemed we only got around to sending cards, accompanied by a few lines at Christmas and other special occasions. We sent our Christmas card and letter as usual the past Christmas, only to get the sad letter in return. Another dear pen pal is gone.

Our hearts were saddened too, in the passing of a dear friend and former girl friend, Mrs. Jim Moss of Grandfalls. Mrs. Moss, the former Miss Electra Elder, resided in the Fairy community a number of years before her marriage. Our hearts go out in deepest sympathy to those bereaved in her passing.

The writer was a dinner guest of Mr. and Mrs. A. H. Sumerford of the Ohio community south of Hamilton, and their housekeeper, Mrs. Saxy of Hamilton who has been with them since Mrs. Sumerford suffered a heart attack on October 25. Glad to report her

## "MR. COWBOY"

Rex Allen, "Mr. Cowboy" of radio, movies, TV and recordings, and his horse KOKO will star in all 20 of the exciting rodeo performances at the Southwestern Exposition and Fat Stock Show in Fort Worth, January 29 thru February 7. 300 of America's top cowboys will compete in the rodeo events.

cold, which has left him with a severe cough.

Mr. and Mrs. George Stringer and children of Crane visited last Sunday week in the home of her parents, Mr. and Mrs. Ed Allison.

### IN MEMORY OF MRS. GLADYS COX

Gladys, God has taken you dear And left us all in tears This we can't understand Til we meet in that far away land

God tells us he went to prepare A place for us not made with hands

We'll take you by the hand again dear

Some day in that far away land Sister dear we miss you here It all seems like a dream

But darling I'll hold you in my heart And meet you in that far away land

When this life I depart.

Gladys dear you fought a hard fight

To live in this world of trouble and strife

But God seen fit to take you To that land far away, where

There will be no sickness and no loss of life.

Let God's will be done,

For when life is over here

He will take us, one by one.

To a place he has prepared

To that land not made with hands

Oh how my poor heart aches,

When I look around and see,

The art of your precious hands

In the things you've given to me

Yes sister dear we'll miss you

When we return for visits down there

But we expect to meet you

In that land so bright and fair.

-Sent in by Mrs. Myrtle Enger, Brady, Texas. (Pd.)

*On the Home Range*

By Helen Ruth Flowers

As this new year gets into full swing, we notice everywhere that someone is predicting what the future holds. We notice quite a few new trends as this year begins. Some predict that food prices will be lower, and some predict that consumer credit will be more expensive. In keeping with this let us look at the clothing industry.

**MODERATE INCREASES IN CLOTHING COSTS PREDICTED**

Average prices for textiles climbed four per cent during the first nine months of 1959. The rising cost of raw materials, labor, and other production expenses have been reflected in higher retail prices of clothing.

Wholesale prices for all shoes, and men's coats and suits are substantially higher than ten years ago. Nylon hosiery and slips, and other clothing articles made from man-made fibers have declined steadily since 1951.

Cotton continues to be the biggest seller in wearing apparel, currently about 60 per cent. Purchases of wool clothing have declined about one-half in the past ten years. One of the reasons for this is the trend toward lighter weight clothing. Manufacturers are continuing to use Dacron, Dynel, and other man-made fibers blended with or as a substitute for wool.

Another item we can look forward to this year is the new labeling act which will come into effect in March of this year. This

labeling act requires that the manufacturer put on the label the content of the item. That is if the item is a mixture of fibers, the manufacturer must state every fiber of 5 per cent or more. This should be quite a help to the homemaker in caring for the fabric.

We find wives who work away from home spend more for clothing, and for clothing upkeep. Careful planning and selection can help keep costs down. Knowing what to expect from new fabrics, how to choose becoming, comfortable, easy-to-care for garments and accessories, are important aids to the clothing shopper.

Women who like to sew, and can find time to do so, may help keep clothing costs down by making some of their wardrobe.

Timely information on selection, care and construction of clothing is available from your county home demonstration agent's office.

Stop by and see the selection of clothing leaflets and bulletins, or call and ask for a listing of bulletins available.

**SERVICEMAN TRANSFERRED**

Mr. M. W. Sims, who has been employed as serviceman for the past 18 months at Community Public Service Company, has been transferred to the company office at Fort Stockton, where he will be employed in a similar capacity.

**IT'S THE LAW —**

**TRUST ARRANGEMENTS EXPLAINED**

When property is placed in trust it is turned over to a trustee who will see to it that it is properly managed for the benefit of a person or persons you name as beneficiaries. It is a method of disposing of your property and may be used in conjunction with a will.

Trusts have many advantages. A trust may be used to provide income for persons unable to support themselves, to provide funds for a child's education, as a means of establishing an annuity, or to provide a gift for a charitable institution.

In these days of high taxes, a trust may be utilized to minimize the tax burden. If carefully planned, a trust may decrease income and inheritance taxes.

A trust arrangement works roughly in this manner. A person who desires to create a trust is called a grantor. The grantor chooses a trustee. The trustee may be a bank, an individual, or a trust company. The grantor through a trust instrument tells the trustee how to distribute the trust proceeds or property in whatever manner the grantor desires.

A very common arrangement is to place the property in trust with directions to pay the income from the property to a wife for her life, and on her death the trust is to end and the property is to be distributed to the grantor's children.

An interesting type of trust is that which is sometimes called a spendthrift trust. This is an arrangement whereby one sets up a certain sum of money to be given over to another at a definite rate per month or per year, or under

A Maine citizen sent a list of ten questions that he thinks should be asked a prospective pastor of a church and his answers recorded before he is chosen to assume leadership of the church.

Brother Maine-Citizen did not send the list to me, but to a religious journal that comes to me. I have a strong feeling that it would not be amiss to submit the questions to men being considered by a church as

**definite restrictions.**

This type of trust is generally used in wills where a person desires to leave money to an individual, but feels that the individual is not capable of properly caring for the money and that if left to them in full that the party receiving the money will spend and waste the money and not receive the maximum benefit from it.

Trust property quite often consists of securities. The law regulates the type of property in which trust funds may be invested. The law regulates the type of property in which trust funds may be invested. However, the grantor may designate the type of investments he trustee may make.

The effectiveness of a trust is dependent largely on its proper creation. To avoid the pitfalls and dangers of lawsuits and ineffective trust operations, a trust instrument should be properly prepared.

A possible pastor. Here follows the list:

1. Will you preach to us the Word of God as a dying man to dying man?
2. Will you preach on social issues, exposing the corruption, not of Sodom, Paris or New York, but of Potato Center, Maine?
3. Will you speak to us in our language, not in the jargon of hermeneutical and exegetical magic?
4. Will you talk to us about Jesus, Peter, Paul, and Luke and not of Freud, Adler, Barth and Tillich?
5. Will you talk about next week's election, next month's income tax returns, next year's appearance—for some of us—before God's judgment seat, rather than about the Creation, the Flood, and the building of Solomon's Temple?
6. Will you console us in our present grief and sorrow with something that will ease the ache or will you serve us spiritual nostrums about positive thinking?
7. Are you certain that you will never vigorously assert something in a sermon of which you yourself are not sure?
8. When you reach the end of your sermon will you stop talking?
9. Will you be just as dramatic, alert, and gripping when you are alone as you are when you see a reporter in the pew?
10. If you preach in accordance with the above nine points, what assurance have we that you will not leave us for a better paying church?

The questions are certainly thought-provoking, and may we add, timely and properly religious. Yet we would add a few more that we believe are also vital: Here they are:

- A. Will you visit the homes of your parishioners and the unchurched and so come to know them and thus be able to minister to them effectually?
- B. Will you remember that your Lord and Saviour came not to be ministered unto but to minister, and make serious effort to follow His example?
- C. Will you get it into your head that old folks are not merely old fossils to be avoided but still are human beings and deserving of

**CORN BORER QUARANTINE**

For the first time on record in Texas the dreaded European corn borer showed up in a Bowie County field and prompted immediate action by the Texas Department of Agriculture to prevent its further spread in the state.

An emergency quarantine against the movement of unscreened or unfumigated corn and related grains from Bowie County or into Texas from all states having infested areas was ordered into immediate effect. The discovery of the pest in a single Bowie County field was confirmed by the U. S. Department of Agriculture, marking the first time on record that the European corn borer, prevalent in many of the leading corn producing states, had penetrated into Texas.

The quarantine order required that corn and all related grains be screened through a one-half inch mesh screen before being moved out of Bowie County or brought into Texas from any other state having infested areas. The screening is required to remove debris such as parts of stalks, stems and cobs which carry the insect pest. The quarantine does not apply to

movement of corn or related grains from any part of Texas except Bowie County, the related grains including such products as broomcorn, milo, sorghums, Sudan grass and the like.

The quarantine order was regarded as essential not only to protect the Texas grain industry but to safeguard the regular channels of trade of the industry into and out of Texas. Some 35,000 railroad freight cars and motor trucks move out of Texas each year carrying grain to western states.

The seriousness of the corn borer penetration into even a single Texas county was pointed up by reports from infested states in the corn belt and elsewhere in the nation. In 1957, the European pest destroyed almost 181 million bushels of corn valued at \$158,841,000, according to USDA estimates. Corn in Iowa, Nebraska, Missouri, South Dakota and Illinois suffered most from borer damage.

In addition to the quarantine, the Texas Department of Agriculture has initiated other effective steps to bring the corn borer infestation under immediate firm control in Bowie County.

do you like this weather? has been the greeting of most of us this past week, and I'll bet you all certainly welcome a little more moisture. In general, I think the country is all water-logged, but don't think me to complain as it hasn't long since we experienced a drought. Remember???

I received a note from Verma thanking us for continuing paper. She said they enjoyed paper so much, that things stopped around the house until she finished reading it.

Mrs. Gambie in the beauty and she is up and about after illness that kept her from enjoying the best part of the holiday season.

John Prater was by the house to renew her paper and that she just couldn't do without, as it was like a visit with friends and neighbors.

How would you like to be woken at 2:30 in the morning the phone with this cheery ring, "Hello, is this Dr. Bum?" supposed to a local man, and I still trying to figure out who she was.

rumors Roberts of Hamilton by the office on business that out to be a pleasure for as the business had already been in care of. It would be to accept bills twice, but just don't work out that way.

did hello to Mrs. Dunnigan who was looking forward to ending the Queen for a Day in Dallas this week, and was wishing just what she would for she should be chosen a contestant.

most followed my neighbor, ma Everett, home for dessert as she left the cafe with box of appetizing pie. enjoyed sipping a coke with Margaret Herrin and catching up on the bowling news. I hope we make a date to try this sport sometime soon, as it sounds like fun.

by the way, if you haven't seen those important poll taxes member January 31 is the deadline. Just stop by the City Hall your order will be filled.

Vith inventory and January as behind them, I think most the merchants have been busy ring and cleaning house in preparation to stocking spring merchandise. It may seem a bit early to mention spring, but it's only 55 days until it makes its official debut.

and did you know that George Washington had a set of wooden teeth? I understand that's why he didn't give speeches. This has been a rather quiet week and I haven't seen many people. Guess they are working on the income tax forms. And wouldn't it be nice if this chore could be simplified?

agree with this quote? "Living a budget is the same as living beyond your means, except that a budget has a record of it."

And listen to this:

in reply to your request to check, I wish to inform you that the present condition of bank account makes it almost impossible. My present shattered financial condition is due to Federal Laws, City Laws, State Laws, County Laws, Liquor Laws, Corporation Laws and many other laws. Through these laws I am compelled to pay business tax, assessment tax, head tax, gas tax, ad excise tax. I am required to have a business license, truck license, operator's license, not to mention a marriage license and a dog license. For my own safety I am required to carry health insurance, life insurance, property insurance, liability insurance, burglary insurance, accident insurance, business insurance, earthquake insurance, unemployment insurance, and old age insurance.

My business is so governed that I sometimes wonder who owns it. I'm inspected, suspected, disrespected, rejected, examined, informed, required, commanded, and compelled until I provide an inexhaustible supply of money for every known need, desire, or hope of the human race.

## HUCKABEES HONORED WITH GOING-AWAY PARTY

A large crowd attended the going-away party honoring Mr. and Mrs. W. A. Huckabee held Saturday night at the Community Center.

Before refreshments, consisting of coffee, hot chocolate, iced drinks, sandwiches, potato chips and cookies, were served the group gathered in the lunch room where Rev. N. E. McGuire offered thanks.

When the group were through eating they gathered in the living room where a table was mounted high with beautifully wrapped gifts which were presented to Mr. and Mrs. Huckabee, which they opened and admired. Mrs. Huckabee made short speech thanking everyone for the gifts, and invited everyone to come see them at their new home in Weatherford.

The Huckabees have lived here for the past seven years, moving here from Floydada. They plan to move within the next few days.

Mrs. Huckabee has taught the young people's class at the Methodist Sunday school for the past five or six years.

The church members and all of their friends regret to see them leave our community, but we wish them good luck.

They have purchased a grocery store in Weatherford.

After the gifts were tucked away the group enjoyed singing, which was led by Rev. Al Cronk, pastor of the Methodist Church.

Mrs. Flora Haley and Mrs. Lucile Mayfield planned the party, as their youngsters were in Mrs. Huckabee's Sunday School class. They received many nice and useful gifts. Approximately 50 people were present.

Mr. and Mrs. Bud Roberson are adding two rooms and repairing their home. We are glad to report Mrs. Roberson's health improved.

Mrs. Herman Moody of Colorado City has moved to Clairrette to be with her husband, who has been here for some time looking after their stock. Mrs. Moody is the youngest daughter of Mrs. Lillie Bishop. The Moodys purchased the Bishop place, since the death of Mr. Bishop the first of last year. Mrs. Bishop is having a 4-room house built near the Moody home, and hopes to return here in the near future from the hospital at Sanatorium. She spent Christmas here with Mr. and Mrs. Moody. The Moodys also had her sister, Mrs. Gladys Richardson of Odessa and other relatives as

guests during the holidays. We welcome the Moodys to our community.

Mr. and Mrs. Chester Martin of Plainview have moved a truck load of household goods and other things to the place known as the John Mayfield place, which they purchased recently. We understand Mrs. Martin and is a teacher at Plainview, and she and their four children plan to move here in the near future. We have heard nice things about the Martin family and we are glad to welcome them to our community.

Mr. and Mrs. Art Lambert and daughter of Dallas visited Mr. and Mrs. Jim Edwards Saturday night. A good crowd attended the 12:15 service at the Methodist Church Sunday. Rev. Al Cronk, pastor, delivered a wonderful sermon. Several visitors were present and we wish to welcome them back any time they can attend.

Mrs. John Golightly and son, Charles, took Jerry Johnson of Hico and Kay Fulcher of Stephenville to Austin last Friday for the youngsters to compete in a state 4-H contest. The youngsters placed second in the contest, which is a great honor.

Mr. and Mrs. Fieldon Haley attended the funeral service of Mr. Haley's aunt, Mrs. Callie Harwood at Winters Saturday.

Mrs. Artie Thompson and Mrs. Jennie Huffpaur attended funeral services for their cousin, Mrs. Roy Haddox, at Stephenville last Thursday.

One and eight-tenths inches of rain fell here last week, leaving roads in poor condition.

Major Jake Havens and family of Long Island, New York, and Tull Havens of California left last week after spending several days with their mother, Mrs. Zena Havens. Jake and family will go to Madrid, Spain for a 3-year tour of duty.

## Notice to Parents of School Age Children . . .

January is annual census month for Hico Public Schools, and all eligible students must be enumerated by February 1.

Children who are now five but will be six on or before Sept. 1, 1960, will be listed on the Census Blank as they will be eligible to go to school next term, as are any who are now six whose birthdays were later than Sept. 1, 1959.

### WHO MUST REGISTER:

Those who will be 18 before Sept. 1, 1960, must be left off the blank, but married teenagers are still eligible and should be counted if they live in the Hico District and will not have reached their eighteenth birthday.

Questions concerning the Census, or if you are not contacted or sent a blank, please call SY 6-4448 or contact someone at the school. Each scholastic means about \$80.00 to the school, and it is important that every eligible child is counted. We will appreciate your telling us if some family is being overlooked. Thanks very much for your cooperation.

O. C. COOK, Superintendent.

**COUNTY AGENT REPORTS**  
 By E. R. LAWRENCE

Cotton root rot takes a big bite out of many cotton farmer's profits, says Harlan E. Smith, extension plant pathologist. He also states that the average loss has been estimated for all growers of the Central Blackland area at 25 per cent.

Although root rot cannot be eliminated, it can be reduced. This past cotton season, root rot caused much trouble over the county, and generally, damage can be looked for when there are summer showers. According to Smith, now is a good time for cotton growers to make plans against this disease.

Smith gives these pointers toward reducing root rot: Deep plow badly infested areas; Grow resistant crops in rotation; Turn under large tonnages of organic matter; Produce early cotton; Avoid excessive planting rates.

The pathologist also states that a combination of these practices carried on for a number of years is necessary for best results. Too, where recommended practices have been carried out over a period of years, root rot damage has been reduced from 75 to 5 per cent or less.

— E R L —

The winter grain mite is showing up in some fields of small grains. Generally, this insect does not show up in fields that are in a crop rotation. They are chiefly found where grain is sowed following grain. Their presence is first indicated by a silvery appearance of the leaves. Later the tips of the leaves turn brown. The insect is not too easy to find on the small grain plants as it drops to the ground quickly when the plants are lightly disturbed.

When checking for the mite get down on hands and knees, close to the grain, gently lay the small plants over with the hand and look for the mite near the base of the plants, on the stems and on the ground.

These insects can be controlled by spraying with Malathion or Parathion. Both these insecticides should be used according to the directions on the containers. Malathion emulsifiable concentrate (5 pounds per gallon) at the rate of one and a fourth pints per acre. Parathion emulsifiable concentrate (2 pounds per gallon) at the rate of one pint per acre. Do not graze for 15 days after spraying.

When the temperature drops below 40 degrees, the mite stops feeding and goes into the ground. Too, when the temperature is 75 or above they stop feeding and go down off the plants to the ground. This means that sprays should be applied when the temperature is between 40 and 75 degrees for best results.

From one to two pints of Parathion spray per acre is also a good control for the green bug.

Parathion is highly toxic to man and animal and should be handled with extreme caution.

If you don't have a fertilizer attachment so you can put down fertilizer at planting time, putting out fertilizer now, down in the middles, and bedding back on it is good. In soils of the county, fertilizer won't wash out and it will be down deep so the roots can get it when they need it.

I would suggest heavy applications, something like 200 to 400 pounds of 16-20-0 or 100 to 200 lbs. of 32-0-0 per acre.

The following case is taken from our office files and concerns Mr. Marvin Flannery of Iredell, Texas. Mr. Flannery voluntarily brought us the following letter in appreciation of what Chiropractic has done for him:

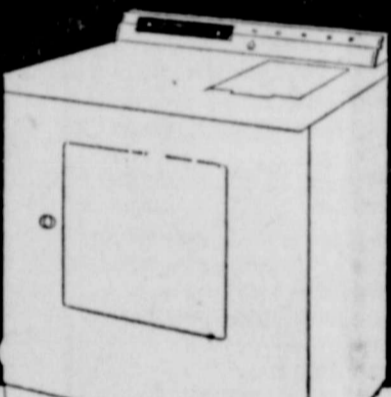

**To Whom It May Concern:**

Here is my story of how Chiropractic has helped me: It started about ten years ago by having pains in the lower region of my spine. I had two attacks over a period of about eight years, but they had bothered me for about two or three weeks each time and then the trouble would clear up seemingly. My third attack started in March, 1955. My back started hurting me and in about three weeks my left leg had started to hurt. The pain just kept getting worse in my leg and it got so bad that I couldn't drive a tractor and my wife and neighbors had to plant my crop. The pain continued to get worse and the only way that I could get relief was to lie flat on my back. I live seven miles from Iredell and it got so I couldn't even stand to ride in the car that far. I went to a clinic and the doctor said that I might get the pain stopped by having the leg put in traction and they also gave me some medicine which they said might stop the pain. The medicine didn't seem to help so I went to a specialist at Hips Orthopedic Clinic in Waco. This was May 17, 1955. The specialist said that the only way that I could get relief was to be put in traction, and if that didn't work he would have to operate on my back. He said that I had a slipped disc in my spine that was pinching the nerve that ran down my leg. I entered the hospital and they put me in traction. I stayed there for four days and then I went home and stayed in bed three more days with the weight on my leg. By this time I had been in pain for about four months, and hadn't been able to do any work as my leg was still hurting me. The traction treatment just didn't do any good. By this time I had just about decided I was going to have to have the operation. I decided to try Chiropractic as a last resort. I didn't know anything about Chiropractic and although I was skeptical, I was willing to try anything. I had heard of the Stephenville Chiropractic Center and went to Stephenville to see Dr. Walker. He examined my spine and took some x-rays and told me to come back the next day. When I went back the next day he said he believed he could help me and that he would take my case with the understanding that it might take from six months to a year to make the spinal correction. After one month of treatment there was a definite improvement and after the second month my leg was getting back to normal and I was doing my own work. I was able to run my corn picker last Fall and after I gathered my crop, I worked on three pipe line jobs so needless to say my back and leg are back in fine shape. I still go to Dr. Walker for check-ups to see that everything is still alright. My many thanks to Dr. Walker and may he continue to help others as he has helped me.

Signed: MARVIN L. FLANNERY.

**HICO NEWS REVIEW**

AS IT LOOKS FROM HERE—

### Congress Reports

By OMAR BURLESON, M.C.  
17th District, Texas

Washington, D. C.—Each week hereafter during the new session of Congress just starting, this column will be sent to all newspapers in the 17th Congressional District.

Every effort will be made to discuss issues of national importance, in the hope that all of us may have a better understanding of what the issues are and their effects.

In resolving any issue and in solving any problem, the problem itself must be recognized. On the other hand, it is one thing to recognize a problem, but another as to how it should be met.

In these times actions of the Congress so often vitally affect every man, woman and child of the United States. Therefore, it is highly important that every citizen take an intense interest in the actions in Washington.

National Defense is, without a doubt, the most important of all legislation. Unless the safety of our country is assured to the fullest degree, then all other matters fade into insignificance. The defense needs of this country make up in excess of two-thirds of the entire expenditures of the Federal Government.

It naturally follows that the issue of peace or war will dominate in the Congress and, incidentally, will be a principal issue in the coming Presidential campaign.

On the domestic side many of the issues in this Second Session of the 66th Congress will be related to politics. In many instances it is unfortunate, but on the other hand, it is our system. This has been the case since the beginning of our Government.

The domestic issues include the fiscal management of our Gov-

ernment and, in fact, most all other issues will revolve around the matter of Federal spending and high taxes.

Included in Legislation on which tough fights will be waged are Federal aid to education, changes in Social Security, health and welfare benefits, public housing, aid to depressed areas, veterans' benefits, so-called civil rights, and minimum wage increase.

In addition, there will be action to find an answer to the dilemma in our Highway Program. Early in the Session the Congress will deal with the President's request to raise interest rates on Government bonds issued for longer than a five-year period.

All these and many other matters too numerous to mention will be before the Congress just as soon as the various Committees are able to hold hearings and draft bills. As these questions develop, your views on any of them will be appreciated and respected. It is not only your right and privilege, but actually your duty to express yourself. You can make Washington and your Congressman as near to you as a four-cent stamp and the post office.

**CARD OF THANKS**

For the many acts of kindness shown us during our recent bereavement, for every kind consideration, and for the food and flowers, we are most grateful.

The Family of Mrs. Lula Fellers.

**CARD OF THANKS**

I wish to thank each one for the get-well cards and prayers while I was a patient in the Stephenville Hospital. Especially do I thank my Sunday School Class for the lovely flowers.

Mrs. A. W. Railsback.

### Hunting Seasons Have Been Good—Everything Considered

By SWEDE JOHNSON  
State Game Warden  
Hamilton & Bosque Counties

Well it has been a "long, long time" according to that old song, since I have had enough time to sit down to this old typewriter and let you good folks know what has been happening with our hunting and fishing.

First of all we have had a pretty good hunting season, taking everything in consideration. Dove season could have been better. We had quite a few birds but they were spotty. But toward the end of the season there were enough to go around for everyone.

Goose and duck season, I guess, was our poorest season with very few being taken, and about the only thing you could lay this to was the lack of food around our largest body of water which of course is Lake Whitney. Without food the ducks and geese just won't stay around. I think it is about time for some of us to band together and start planting some wild rice or wild rye around the shoreline of the lake to encourage the ducks and geese to stay a little longer.

Quail season was one of the best that we have had in years and most of the old quail hunters will agree. The banded birds did pretty good although I don't think all the hunters have turned in the bands they have taken. Up to this week I have picked up about 182 bands out of the 4,000 banded birds we released. And just for a reminder the quail season will close January 16th, one-half hour after sunset.

Deer season was one of the best that we have ever had in Bosque County, and not only in the num-

ber of deer that were taken, which was about 253 antlerless deer and about 376 bucks, but to the amount of revenue which was brought in to the county for hunting leases (which we had 93 of them), but also to other businesses such as cafes and service stations and sporting goods stores and grocery stores. I think, all in all, you can consider the Whitetail deer as a money crop.

I have no actual figures to back this statement up with but I think a conservative estimate of the amount of revenue taken in during this last deer season could be between \$25,000 to \$30,000, or even a little more, and for a 45-day season that is not a bad return.

I also want to remind all the landowners who had antlerless permits, and also those who had shooting preserve licenses to get their books and permits back to me as soon as possible. The law requires these books to be returned not later than February 10, so let's please be on time. I would also like to state that as far as violations go we only had three during the entire season, compared to 13 last year, so again I say I think this hunting season was highly successful.

Now for you fishermen who have sat so patiently while reading about all the good luck the hunters have had and are wondering if I am going to get around to anything that would interest you, I am afraid that I can say very little at the present to encourage you but that I do know it won't be too long before the white bass start their annual run up to the headwaters of Lake Whitney, and if fish run in cycles maybe we will have a better season than most of us did in 1933. At least I hope so.

I know that I am late but it is nothing unusual, and I do want to take this time to wish you all a happy New Year and a good hunting and fishing season to all of you.

SWEDE.

### Cecil Warren, 52, Dies in Kentucky, Buried Here Wed.

Cecil Odell Warren, 52, former Hico resident, was buried in Hico Cemetery following funeral services at 2 p.m. Wednesday, January 13, at Barrow-Rutledge Funeral Chapel. Rev. D. L. Barnes and Rev. George Harris officiated.

Mr. Warren passed away Sunday in Louisville, Kentucky, where he had lived for the last five years, and was a cattle buyer. He was born in Bosque County January 3, 1908.

Surviving are his wife, Mrs. Ruth Warren; one daughter, Mrs. Dariece Tinterrow of Houston; two sons, Gene Earl Warren and Bill Warren, both of Louisville, Ky.; his mother, Mrs. Eula Warren of Hico; three sisters, Mrs. Iona Willis of Waco, Mrs. Glenn Higginbotham and Mrs. N. N. Akin of Hico; three brothers, Vernon Warren of San Antonio, Grafton Warren of Stephenville, and H. A. Warren Jr. of Hico; and two grandchildren.

Serving as pallbearers were Raymond Koonsman, Cecil Hancock, Hershahl Williamson, S. E. Patterson, Hershahl Patterson and Les McClammy.

Rev. Holloway Is Accident Victim

Rev. Taft Holloway, prominent Baptist minister and former Hico resident, was killed last Tuesday morning when his car was struck by a passenger train on the western edge of Amarillo during a blinding snowstorm. Rev. Holloway died before an ambulance could reach the accident scene.

He was pastor of the Tascosa Baptist Church in Amarillo. Funeral services were held at that Church last Thursday afternoon. Burial was in an Amarillo cemetery.

The 50-year-old minister was born near Gatesville and lived in Coryell and Hamilton counties during his youth.

**LATE FAIRY NEWS**

Wendell Wolfe and son of Grand Prairie visited in the home of his parents, Mr. and Mrs. H. H. Wolfe, and attended church here Sunday.

Birthdates for January are: Mike Hanes and the late Mrs. Pearl Wade, January 11; the late Marion Anderson, Jan. 20; Mrs. Emma Ganske, Hamilton, Jan. 16; Mrs. Myrtle Enger, Brady, Jan. 23.

### Final Rites Held for Longtime Resident, Samuel C. Price

Funeral services were held at 2 p.m. Monday in the First Baptist Church of Lingleville for Samuel C. Price, 72, an Erath County native who had lived in Bosque County since 1938. Mr. Price died at his home Saturday after suffering an apparent heart attack.

Rev. J. B. Fowler of Ballinger and Rev. J. T. Draper of Iredell officiated, and burial was made in the Lingleville Cemetery, under the direction of Barrow-Rutledge Funeral Home of Hico.

Survivors include his wife; two daughters, Mrs. Wilma Riley of Dumas and Mrs. Wynola Robbins of Odessa; two sons, Dr. A. A. Price of College Station and Ewell M. Price of Odessa; two sisters, Mrs. Carrie Clendenin of Lowell community and Mrs. Della Wilks of Rotan; and one brother, H. E. Price of Tishomingo, Okla.; also eight grandchildren.

Pallbearers were Hamp Rucker, Harry Yoeham, Ed Crist, W. O. Clayton, Hershahl Sherrard, and Walter Pruitt.

### POLITICAL ANNOUNCEMENTS

The News Review will accept announcements for district and county offices in the order they are received, each to be carried through the first and second primaries unless otherwise eliminated.

All political advertising is payable cash in advance. A free news notice, of reasonable length, goes with each announcement placed, to be written and signed by the candidate.

Rates for the various offices are listed below:

|                  |         |
|------------------|---------|
| District Offices | \$22.50 |
| County Offices   | \$22.50 |
| Commissioners    | \$17.50 |
| Justice Offices  | \$10.00 |

The News Review is authorized to publish the following political announcements subject to the action of the Democratic Primaries:
