HICO, TEXAS JANUARY 29, 1960.

NUMBER 29.

## Monday is Deadline For Enumerating School Children

Monday, February 1, is the deadline for enumerating all children of school age.

Results of the census will determine the number of per capita payments each school will receive from the state for 1960-1961.

All children who are now five, but who will be six on or before Sept. 1, 1960, should be listed on the census blank, as well as those who have become six since last September 1. Also children who won't be 18 before the same date should be listed. Married teenagers are eligible and should be listed.

Supt. O. C. Cook is census officer in Hico, and he has urged that anyone knowing of eligible children who have not been enumerated, to please call him at the school.

## Don Seal Promoted To Specialist Four at Fort Sam Houston

Fort Sam Houston.—Roy D. Seal, 23, son of Mr. and Mrs. Roy Seal of Hico, recently was promoted to specialist four at Fort Sam Houston, where he is a member of Brooke Army Medical Center.

Specialist Seal, assigned to the center's Headquarters Company, entered the Army in October 1958, and received basic training at Fort Carson, Colo.

He is a 1954 graduate of Iredell High School and attended Tarleton State College. Seal was employed by the Southwestern Investment Company, Odessa, before entering the Army.

**STANDING PLAYER AWARD**—Rufus F. Higgs, publisher of the Stephenville Daily Empire, presents the John Fielding Higgs Memorial Award to Bob Barnett, son of Mr. and Mrs. R. V. Barnett of Hico, at the Tarleton State College football banquet last week. The award, an engraved watch, is presented annually by Mr. and Mrs. Higgs to the outstanding player on the team in honor of their son, John Fielding Higgs, who died in action during World War II. Barnett, one of the best players ever to represent Tarleton, was named All-Pioneer Conference end, and was named to the official Junior College All-American team. Mr. Higgs is a former publisher of the Hico News Review. (Engraving Courtesy of Daily Empire.)

## Hico Boys Shoot Down Blum As District Play Resumes

Hico's male basketball team, who lost the first half of the district round-robin cage race to Blum, stormed back Tuesday night, defeating the same Blum team by the one-sided score of 60-30.

The game, played at the local gym, was the finale of a double-header which saw Blum lasses defeat Hico 43-31 in the opener.

The Blum girls got into a 3-point lead, and the Hico sextet were never able to overcome the lead. The visitors led 9-7 at the end of the first period, 22-15 at the half, and increased their lead to 32-23 at the end of the third period. They out-scored Hico 11-8 in the final stanza to post the win and stamp themselves as odds-on favorites to cop the second half of play and the district championship in their first year in the league. They had previously won the first half of play.

Leading scorer for Hico in the game was Judy Moore with 13 points, followed closely by Kay Yocham with 12. Margaret Warren meshed four points, and Martha Paddock and Anita Mayfield each made one.

The small point out-put by Paddock, who was guarded closely all night, could be attributed partly to the defeat. However, Blum kept perhaps the best guard in the district on the freshman forward, allowing her only a few shots at the basket.

In the boys' game, Hico jumped to a quick three-point lead, and were never in danger throughout the remainder of the game. The locals led 19-4 at the end of the first quarter, and 31-11 at the half. They increased their lead to 47-17 at the three-quarter mark, and coasted in with the 30-point victory 60-30.

A superb first half defense thrown up by the locals, plus the excellent rebounding of Don Jernigan, Neil Ellis and Mark McElroy, was the difference in the game. A high percentage of shots made from the floor didn't hurt the locals either.

Jernigan, stellar freshman, poured 21 points through the hoops for scoring honors in the game. He also played a fine defensive game, cleaning the boards on both ends of the court consistently. Jernigan was followed by Doyle Crews in the scoring column with 16 points. Neil Ellis got 13, Mark McElroy scored six, and Mitchell Mayfield and Harry Brown each scored two.

Friday night (tonight) the lo-

cal will entertain Morgan here in a pair of games which will start at 7 p.m. Hico boys will be gunning to keep their winning streak going, while the girls must win to entertain any hopes of winning the second half crown, which is still possible.

The remainder of the schedule is as follows:  
Tuesday, Feb. 2, Kopperl there  
Friday, Feb. 5, Iredell there  
Tuesday, Feb. 9, Walnut here

## Important Meeting Slated by Erath FB For Cattle Owners

The Erath County Farm Bureau will meet Thursday night, February 4, at 7:30 p.m. in the recreation hall at City Park in Stephenville, according to Bureau president Charles Golightly.

Dr. James E. Henderson, Field Veterinarian for the Texas Animal Health Service, will be guest speaker. Dr. Henderson will explain the two plans under which a county can become a certified modified brucellosis free area.

Mr. Golightly stated that this meeting is open to anyone interested in having the law explained and should be attended by everyone in Erath County who owns cattle, although they may already be participating in one of the two plans.

## Committees Named by Civic Club President This Week

Civic Club President M. I. Knudson presided at the regular meeting of that group Wednesday noon of this week, with 19 members and one guest, H. W. (Bill) Allen of Hamilton in attendance.

Main items of business was the appointment of committees to serve during 1960. The committees as appointed by the president, are as follows, with the first named being chairman:

Commercial, Industrial and Finance: Odie Petsick, E. H. Randalls and J. B. Woodard.

Membership: D. E. Bulloch, Mickey Maguire and Billy Doty.

Program: Robert Jackson, O. C. Cook and Ray Cheek.

Publicity: E. V. Meador, Ray Cheek and Milton Dunlop.

Welfare: Paul Neel, Bill Howard and O. C. Cook.

## Politics Warming Up—

Politics warmed up this past week, with three additional candidates announcing for places on the May Democratic Primary ballot.

Additional candidates are Roy Chumney of Hamilton, who will make the race with Woody Young and Houston White for Sheriff; Asa Bullard of Hico, who will oppose Fred Rainwater in the Precinct 3 Commissioner's race; and Roy Skaggs of Abilene, who has announced his candidacy for Congress, 17th District.

And in addition to these, plus those persons who had previously announced for various offices, chances are that several other aspirants will throw their hats in the pot before the Monday filing deadline.

Poll Tax payments in the county have lagged thus far, and the January 31 deadline could find the county with possibly the smallest voting strength in several years.

Payment of poll tax has been made convenient this year for local residents, with two deputies being appointed. Payment can be made through Saturday at the City Hall or the News Review office, and those forgetful persons can probably still pay for their voting privilege Sunday.

The right to vote in Texas is based on whether or not a person qualifies himself by paying the mandatory fee. There are only two exceptions to the rule—one being persons above 60 years of age, and those who have just become of age (21). All others who want to exercise their rights must have the poll receipt.

If you haven't already done so, make a point to call on one of the local deputies and pay the \$1.75 between now and January 31st.

## Asa Bullard Announces Candidacy This Week For Commissioner

To The People of Precinct No. 3:

I would like to take this method of announcing my candidacy for Commissioner of Precinct 3, Hamilton County, and asking for your vote and consideration in the forthcoming election.

I have been a resident of this precinct for 50 years.

During past years I was an employee of Precinct 3 for 14 years, and feel that my more than 35 years of road-building experience, and work with heavy equipment qualifies me for this important job.

I will try to see all of the voters between now and the May election, and sincerely solicit your vote and support.

Sincerely,  
ASA BULLARD.

## ATTEND FUNERAL SERVICES AT KIRKLAND SATURDAY

Funeral services were held last Saturday, Jan. 23, in Kirkland for Mrs. Lena Litch Hughes, with burial in the Kirkland Cemetery.

Mrs. Hughes was a former resident of Iredell and passed away last Thursday following a heart attack.

Relatives attending from Hico were Mr. and Mrs. Bill Blue, Mr. and Mrs. Jim Litch, Mr. and Mrs. Harlon Litch, Mr. and Mrs. Clarence Litch, and Mr. and Mrs. Maron Litch.

## State Teacher Representative To Speak at P-TA Meet Feb. 1

MR. SAM B. CULPEPPER

MISS ANNELLE GLEASON

## Annelle Gleason is Homemaker of Tomorrow At Fairy High School

The 1960 Betty Crocker Homemaker of Tomorrow at Fairy High School is senior Annelle Gleason, daughter of Mr. and Mrs. B. A. Gleason of Route 3 Hico.

Miss Gleason received the highest score in a 50-minute written examination on homemaking knowledge and attitudes taken by graduating senior girls. She will receive an award pin, manufactured by Jostens and representing the slogan, "Home is where the heart is." Her examination paper will be submitted for competition with other high school winners to name the state contest winner.

A record number of girls took the test this year.

Scholarships are awarded to top state and national winners.

Calling at your door this evening, Friday, in the annual Mother's March of Dimes, will be mothers and ladies who have found homes here so receptive in previous years. One long, loud blast of the fire alarm will be Hico resident's signal to again join in this worthy hour long fund raising campaign.

Captains and workers have been named as follows by Mothers:

## Saturday is Final Day For Paying City, County And School Taxes

Saturday is the last day to pay city, county and school taxes, unless you want to pay the penalty after that date.

Sunday is January 31, the legal deadline, but Saturday will be the last day in which you can pay taxes without the penalty.

Penalty on city and school taxes is 8 per cent, plus one-half of one per cent per month for each month thereafter that the taxes are not paid. In other words, taxes which are delinquent for one year (12 months) are subject to a total of 14 per cent in penalty and interest.

If at all possible, it would be to the property owner's advantage to pay taxes before Saturday.

March Chairman Mrs. D. E. Bulloch:

Mrs. Barto Gamble, captain; Mrs. Orville Ogle, Mrs. H. L. McKenzie, Mrs. N. N. Akin, Mrs. Grady Barrow and Rena Horton, Mrs. Morse Ross, captain; Mrs. Alvin Casey and Mrs. Sandy Ogle, Mrs. Glenn Higginbotham, captain; Mrs. J. B. Woodard, Mrs. Andy Hutton and Mrs. Watt Ross, Mrs. Marvin Marshall, captain; Mrs. E. H. Randalls, Mrs. Wayne Rutledge, Mrs. W. R. Hampton, and Mrs. Willard Leach.

Mrs. Louis Chaney, captain; Mrs. George Griffiths, and Judy Griffiths.

Mrs. Odie Petsick, captain; Miss Thoma Rodgers, Mrs. Jerry Malone and Mrs. Harry Hudson.

Mrs. Milton Dunlop, captain, and Mrs. H. W. Sherrard.

Captains in outlying districts are Mrs. Doc Lackey and Mrs. Norman Johnson.

The march will be conducted in the same manner as in the past with workers calling on every home within the designated hours of 6 to 7 p.m. If anyone is inadvertently missed, they are urged to call City Hall, and a worker will pick up their contribution.

In 1959 the National Foundation, parent organization of the March of Dimes, awarded research grants totaling over \$5 million to hospitals, schools of medicine and other medical centers. Recipients were carefully selected by the Foundation's scientific advisors, experienced men themselves in research field. Immediate objectives are causes, preventives and cures for birth defects, arthritis and polio, with the final goal being the highest health standard obtainable for the nation.

On July 22, 1959 the National Foundation announced an expanded health program, deepening its concept, broadening its scope and widening its targets. It is now shouldering the biggest and most ambitious health program ever undertaken by any voluntary health organization; it is leading the fight to prevent crippling diseases; it affects the lives of one out of every four U. S. families. More than ever before, the new March of Dimes is guarding the nation's health. The new job to be done is combatting the No. 1 U. S.crippler, arthritis; and the biggest childhood medical problem in this country today, birth defects; and the old job to be finished is the dreaded crippling disease, polio.

Your dimes can mean so much to combat these dreadful maladies. So won't you please answer the call and give—give generously—when you are called on tonight? Your contribution can mean so much no matter how large or small.

## Search Still on For Man Who Curbed and Beat Local Lady

A search, which began last Friday night, was still in progress at mid-week for a motorist who curbed and beat a Hico woman, Miss Loraine Segrest.

Up until noon Wednesday, no trace had been found of the thug. Miss Segrest was en route to Hico from her Dallas home to spend the week end when the yegg forced her car off Highway 220 about three miles north of Hico last Friday night.

After pushing her car into a ditch, the culprit pulled his victim from her car, beating and bruising her until she finally managed to escape.

After she escaped Miss Segrest walked approximately three miles through fields to the home of Hico Constable Clarence Jackson. From there, she, Mr. Jackson and Mrs. Jackson then drove back to the scene and on out highway 220 attempting to locate the man or his car.

The thug, described by Miss Segrest as being between 18-21 years

of age, was driving a 1953 or 1954 blue or green Chevrolet.

Jackson called in Erath County Sheriff Dae Thomas, Texas Ranger George Roach, and District Attorney Sam Cleveland of Stephenville to help on the case.

The group of officers located Miss Segrest's car about 2:30 a.m. in a lane leading to the old Albert Grimes farm, a short distance from the scene of the curbing.

Jack Mayfield, who resides north of the scene, reported to officers that he pulled a stalled car for a young man about 9:30 p.m. the night of the crime.

A waitress at Sears Cafe also reported seeing a man of the general description as the one being sought.

The Segrest car was unharmed, and officers found Miss Segrest's purse and money intact when the car was located.

Miss Segrest remained in the local hospital until Sunday afternoon when she was able to return to her home in Dallas.

### Marching Mothers to Collect Facts, Funds

"If you can answer no to the questions inside, be thankful! If you must answer yes, take hope!"

American mothers will carry this message to over 30 million homes this month. The mothers, volunteers in the annual Mothers' March for the New March of Dimes, will be seeking information and support for The National Foundation's fight against birth defects, arthritis and polio. These cripples, initial targets in The National Foundation's campaign to prevent crippling disease, affect the lives of one of every four American families.

#### Two Million in March

An estimated two million women will join the nationwide mothers' appeal for facts and funds. In most communities the mothers will march Thursday evening, Jan. 28, bringing to a climax the New March of Dimes January campaign.

The mothers will present each household with a copy of "Door Count," a concise fact-finding folder in which a family may indicate if any of its members has a birth defect, arthritis or polio and how many have had three or more Salk vaccine shots. Each family record will be confidential.

#### Salk Shot Reminder

The Mothers' March door count will focus family and community attention on the majority of Americans still without Salk shot protection against paralytic polio. It will remind the unvaccinated to start shots in time for summer polio protection and it will help communities plan local programs to further encourage

This questionnaire will go to more than 30 million homes in every part of the country to provide information about three crippling diseases that affect one of every four American families.

the widespread use of Salk vaccine.

Although the house-to-house poll is in no way planned as a statistically valid survey, the sum of information taken in the door count will provide a working estimate of the number of persons suffering from arthritis; the number born with birth defects and the number who have been victims of paralytic polio. This tabulation will help guide National Foundation county chapters in formulating local programs to aid the disabled.

Mothers making the house-to-house door count will also seek contributions to the New March of Dimes for its attack on birth defects, arthritis and polio. The New March of Dimes is combating these disabling disorders with the same effective weapons used to conquer paralytic polio: medical scientific research to find causes, cures, preventives; patient aid for medical care; and training for medical workers needed to treat the sick and disabled.

Two million mothers like this one will conduct a house-to-house door count this month seeking information and support for the New March of Dimes campaign against birth defects, arthritis and polio.

## OUTDOORS IN TEXAS—

# Puzzle to Wardens — What Makes Game-Law Violators?

By VERNE SANFORD

What makes a game-law violator?

That is one of the big questions puzzling some 200 Texas game wardens. Capt. E. M. Sprott, director of law enforcement of the Game and Fish Commission, thinks that it is greed.

Some of it is just lack of consideration of other people. Other times it is some sort of perversion.

For instance, only recently a hunter in the cedar brakes near Austin saw a movement in the brush. He leveled his .30 caliber rifle and shot a friend through the neck. The man had on a white shirt and the shooter thought it was a deer waving its white tail as it moved through the brush.

Both men were illegally hunting out of season and trespassing. The landowner said that these men and others had practically cleaned out his pasture of deer and turkey on illegal forays.

A few months ago a game warden was sitting on a hill overlooking one of the Highland Lakes. He was glassing the area for illegal deer hunters.

He saw three men in a car trailing a boat down a little used road to the lake. Occasionally he turned his glasses to watch them put their boat into the water.

Then to his astonishment, instead of taking fishing tackle from their car, they brought out "telephone" equipment. He watched them go out in their boat, drop the copper wires overboard and then gather up fish that had been shocked when they turned the magneto handle.

The warden used his radio to call another warden nearby and when the fake fishermen docked, the wardens were on hand to greet them. Two of the men said they hadn't believed the "telephone" system would work and had gone along just for the ride. Anyway, they paid \$42 each in fines, and now they know how the device works. Also they know that it's illegal.

Several years ago a fisherman walked into a stream with a charge of dynamite. He had stripped off his clothes and had planned to plant the charge in a deep hole under a big rock, where he knew some fish made their homes.

Something slipped. The charge went off. He was blown to bits by the explosion.

Only recently a warden, working at night, caught a man and his wife and two boys. The man was jacklighting deer. When arrested he pleaded with the warden that he had a responsible position; he was a leader in one of the boys' groups in his church. He tried to talk the warden out of giving him a ticket.

But the warden also was a leader in a boy's group and active in his church, and he too had a good job.

This violator paid his fine. What the boys of his group think of him now is another question.

Another man, his wife and a friend, were patrolling a dark country lane at 2 o'clock in the morning. They had shot two fawns that weighed 14 pounds each.

When the warden arrived they tried to speed away. But they failed to make a sharp turn.

By the time the warden reached them their car was on fire, and all four wheels were spinning in the air. One man had been thrown out of the car. The man and his wife were pinned beneath the burning wreckage. Luckily the warden had a fire extinguisher and a radio.

One of the men went to jail when he couldn't pay his fine. The other man and the woman spent several days in the hospital. The two fawns were even too small to provide meat for a charitable institution and had to be destroyed.

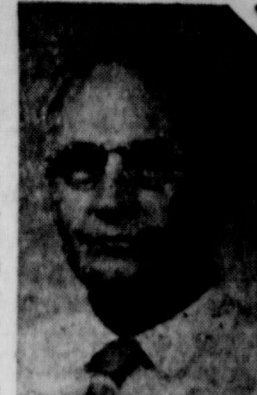

Violators will attempt to hide over-limits of birds in their hub-caps. They'll lock their illegal kill in the trunks of their cars and then hide the keys.

Some of these violators are persons of high standing in their own communities. They would sit on a jury and give a bank robber a life sentence. But they would rob nature's bank of its most priceless possessions and then defy the law they otherwise uphold.

Again the question, what makes a game-law violator?

One thing that doesn't make a game-law violator is for the young to be taught by their own parents to respect all laws.

They are taught not to shoot air rifles in towns where they are not supposed to.

Dr. Robt. H. Walker

Since health is the ability of the living body to adapt itself to external invasive forces, Chiropractic looks upon disease as a result of deranged structures and abnormal functions which will not allow the body to adapt itself to these external invasive forces. What we mean, simply stated is this: We are walking along the street, minding our business when suddenly a beautiful young lady walks by. Not sure sure that we've ever seen her before, or out of sheer admiration, we turn our head to look back at this vision and walk squarely into a light pole. Our head is stopped suddenly, but the cervical spine will continue to travel forward stretching capsular ligaments and cartilage, resulting in a slight displacement of one or more of the cervical vertebra. The beautiful young thing that just walked by doesn't realize that if she had only stayed home this morning she wouldn't have been responsible for a case of acute torticollis, plus facial lacerations. Not only this, but it is very possible that this slight displacement of cervical vertebra may result in compression of the spinal cord and cervical nerve roots. This spinal cord is made up of nerves that go to every part of the body, supplying the heart, liver, stomach, kidneys, in fact this spinal cord is the life-line of communication between the brain and the body and is directly responsible for the state of our health. I sincerely hope you are beginning to get the picture of how small, freakish accidents can lead to disease and malfunction in the body by disrupting the supply of nerve energy to some particular organ in the body.

Now we doubt very much if this word picture will have any influence on the number of pretty girls who will pass along our streets, but please, young man, come to a complete stop, turn around and have a look, don't just keep walking forward while you're looking back.

If, in spite of this admonition, you meet with some freakish accident, see your Chiropractor and have your spine checked. Chiropractic adds years to life and life to years.

CHATTER

By HELEN OGLE

Here we're in the final week of January and it seems like months instead of weeks since we were in that mad rush of the holidays.

In this past month we have gotten back to the regular routine of things and tried to pay all those bills we assumed last month, and then tried to put that income tax form in the mail.

During January, two of the biggest game seasons closed for the sportsmen and from all reports the hunters of our area enjoyed their share of deer and quail. Guess the guns will have to be hung on the rack and the golf clubs and fishing poles brought out.

And one thing for sure, the weather has been unpredictable this month. Not too bad to get

out, but it was more pleasant to stay in.

Have you noticed the touch of spring in our local stores, with the windows decked out with spring materials, fashions, etc.?

Mr. and Mrs. Frank Mingus were in Dallas Monday of this week attending spring market, as were Mr. and Mrs. Conda Salmon and Mr. and Mrs. Arthur Burden. Former residents of Hico, Mr. and Mrs. G. C. Rhoades, now of Fort Worth, were visitors in the office this past week, and renewed their subscription.

We also enjoyed visiting and having coffee with Mr. and Mrs. Ras Proffitt of Tahoka, who are former Hico residents.

Now that Mr. and Mrs. Marvin Marshall are a two-car family,

they have recently expanded their garage.

A carport and store room is the recent addition to the home of Mr. and Mrs. Marion Barnett, where Mr. and Mrs. James Cryer and family reside.

Buck Price might agree with this quote, "If you can be calm in all this confusion, you just don't understand the situation." You see Buck stopped by the office Tuesday afternoon to get his usual copy of the NR, and realized that he was some three days early.

Nice to say hello to Mrs. Hoover and Mrs. Golightly of Hamilton, as they were lunching with Mrs. Harry Hudson and Mrs. H. E. McCullough Tuesday.

And three things you can remember to do in this final week of January are—remember, the March of Dimes; be sure and get those poll taxes; and if you are considering an election race, you better hurry and get your name on the list.

We received a check for a renewal from R. Lee Roberson of Kermit with an added postscript that reads, "Get Swede Johnson, the district game warden, to write more for the paper, as I enjoy his column so much."

You listening, Swede?

ARE YOU A GOOD EATER?

Food is the fuel your body depends on. The right food daily can give you better health and more pep and vitality. It can improve your attitude, appearance, and even help you to stay young longer.

Poor eating habits can result in many bodily disorders. Nervousness, depression, tendency to tire easily, improper weight, skin disorders and lowered resistance to disease are some of the common results. Improper growth, tooth decay, poor bone formation, night blindness, sore gums, and other disorders may occur.

Check now to see how you and other family members rate. A leaflet, written by foods and nutrition specialists, provides an easy check list for rating your daily diet and eating habits. Entitled "Are You a Good Eater?", the leaflet lists the more important food elements needed by the body and then gives good sources for each.

Encourage all family members

to rate their eating habits. Get copies of the leaflet from your county home demonstration agent's office.

NEED MORE STORAGE SPACE IN YOUR KITCHEN?

Need extra storage space in your kitchen? If so, you will like the ideas presented in a bulletin we have. The bulletin entitled "Kitchen Storage Devices You Can Make," illustrates ideas in clean-cut sketches so even an inexperienced home carpenter can follow instructions. Only simple tools are needed, and many of the cupboard accessories can be made from wooden boxes, scrap pieces of lumber, or inexpensive softwood.

Ideas for narrow shelves that fit between the counter top and upper cupboards are illustrated. Removable step-shelves, and hanging shelves are also shown. Different types of cutlery racks, files for pans, sliding trays, towel racks, and drawer dividers also are pictured. Get a copy of this new bulletin from your county home demonstration agent office and make plans for improving your kitchen storage.

Local Group Attends American Heritage Meeting at Lampasas

Monday, Jan. 25, a meeting of the Cen-Tex Study of American Heritage for 1959-60 was held at Lampasas. Mr. Leon Skousen of Salt Lake City, Utah, was the speaker. Mr. Skousen is the author of the book, "The Naked Communists," a copy of which is in the school library.

Under the direction and control of its participating public school superintendents from the beginning of its organization, the Cen-Tex Study of American Heritage entered its eight continuous year in 1960 under management of the superintendents of Burnet, Gatesville, Hamilton and Lampasas Independent School Districts; with the same sponsor and cooperating institutions; and with a generous grant of funds from the Texas Educational Association of Fort Worth.

The purposes of the Cen-Tex Study is to develop among our youth a greater appreciation of the American Heritage, including the Constitution which is both a part of it and its greater formal safeguard; to stimulate our teachers to recognize and meet their responsibility toward our youth and youth's understanding of the great principles that undergird America; to develop an American Heritage project in our schools so dynamic that it will cause the general public to intensify its action in perpetuating America's foundation of freedom.

Those from Hico at the meeting were Mr. and Mrs. Robert Jackson, Mr. and Mrs. O. H. Brummett, Mr. and Mrs. Bernell Jernigan, Mr. and Mrs. O. C. Cook, Miss Helen Thomas, Mrs. Avo Rutledge and Mr. and Mrs. J. E. Lincoln. Contributed.

FFA MEETING

A meeting of the local chapter of Future Farmers of America was held Monday night, Jan. 18.

Many things were brought up, including the selecting of the date for the annual livestock show and the choosing of judges. Among other things, a barbecue was discussed but nothing definite was decided. The meeting was adjourned and everybody stumbled into the gym to watch a little boxing. There were four matches, with the main event being between Ronnie Koonsman and Royce Samford. This was quite a slugfest and was ruled a draw by the judges.

After the boxing a volleyball meet was held. In the finals the two teams split a couple of games, each by a 16-14 score, and decided to call it quits. Before leaving everybody had a cold drink or two and some cookies, of course at the expense of the chapter.

BASKETBALL HIGHLIGHTS

In the double round-robin of

basketball play, first half were taken by both the Bluffs and girls.

Friday night Hico plays again at Hico.

Each of the Hico teams feel their time to win and will be fighting for every win possible. A decided improvement has been seen in the girls team; their is high. The boys also show and enthusiasm, so watch Morgan!

Mary Beth Pyron, daughter of Mr. and Mrs. James T. Pyron of Florence, Ala., is Poster Girl for the New March of Dimes, symbolizing The National Foundation's attack on crippling birth defects, arthritis and polio. A birth defects victim, Mary was born with an open spine and water on the brain. While she cannot walk, she gets around by crawling. Despite the love and care she receives, there is considerable uncertainty about Mary's future. As things stand now, medical science knows no sure way of helping her. New March of Dimes research hopes to change this.

Mary plays hard despite her handicaps. She rides her horse, splashes in her wading pool, often goes fishing with her brother, Tommy, 4.

Sometimes it's not easy to understand why your legs won't work and then your mother tries to explain. Although Mary will be 3 in February, she is paralyzed from the waist down and can neither walk nor stand.

## MISS JEAN BROWN AND MR. WUEMLING MARRIED IN SATURDAY AFTERNOON RITES

The First Baptist Church of Hico was the setting for the marriage of Miss Jean Brown, daughter of Mrs. Ed Blum, and Joe Wuemling, son of Mr. and Mrs. H. D. Wuemling of Hico, Saturday afternoon, January 23. Rev. George Harris, pastor, officiated at the double ring ceremony.

The bride chose for her wedding attire, a street length dress of sapphire blue moire, fashioned with fitted bodice, bouffant skirt, and fitted jacket with a portrait-type collar and bracelet length sleeves. Her accessories were black and white and her corsage was of white carnations.

The bride also wore the traditional something old, new, borrowed, blue, and a sixpence in her shoe. For something old the bride wore a diamond lavalere, which had belonged to her grandmother, and had been worn by her mother at her wedding.

Miss Joy Little was maid of honor, and wore a pastel blue ensemble complimented with black accessories. Her corsage was of white carnations.

Henry Wuemling, brother of the bridegroom, served as best man. Immediately following the cere-

mony, a reception was held in the home of the bride's parents.

A white lace cloth covered the bride's table which was centered with a four tiered wedding cake, decorated with a miniature bride and groom and encircled with red carnations and fern. White burning tapers in crystal holders flanked with fern and red ribbon completed the table arrangement.

Fruit punch and cake were served to the wedding party and the immediate families of the bride and groom.

The bride attended Hico High School, and the bridegroom is a graduate of Fairy High School.

The couple will make their home in Grand Prairie, where Mr. Wuemling is employed.

## Baptist Sunday School Class Entertained Last Week By Mrs. Russell

Mrs. C. A. Russell entertained members of the Love Class of First Baptist Church in her home last Friday.

Following an interesting Bible quiz and discussion, refreshments of cake and hot punch were served by the hostess.

Those attending were Mrs. S. E. Goodloe, Mrs. J. T. Connally, Mrs. Ida McFadden, Miss Pearl Whiteside, Mrs. L. C. Cook, Mrs. Floy McLendon, Mrs. Willie Bullard, Mrs. J. J. Cason, Mrs. J. T. Appleby, and two guests, Mrs. J. W. Leeth and Rev. George Harris, who visited a short time during the meeting. Class Reporter.

## Reading Conference Slated This Week

The Texas Association for the Improvement of Reading will hold its annual meeting at the University of Texas this week end, Jan. 29 and 30. Several of these meetings are held during the year at various locations.

A very informative program has been arranged for the Austin meeting. Some of the outstanding specialists in the reading field are on the program. Among them are Dr. Walter Lahon, University of California, and Miss Doris Gates, Carmel, Calif.

In addition to outstanding speakers, clinic meetings will be held in which all age group teachers will be given an opportunity to discuss the "grass-roots" problem in reading.

Superintendent and Mrs. O. C. Cook plan to attend the meeting on Saturday.

## Miss Beverly Brock And Kenneth Haggard Married at Iredell

Miss Beverly Brock, daughter of Mr. and Mrs. Elmer Brock of Walnut Springs, and Kenneth Haggard, son of Mr. and Mrs. Loyd Bullard of Iredell, were united in marriage Saturday night, Jan. 16 at the Iredell Church of Christ. The beautiful candlelight, double ring ceremony was performed by Bro. J. E. L. Harrison, minister of the Iredell Church of Christ.

The bride wore a waist length dress of white brocade taffeta and carried a corsage of white carnations. The maid of honor wore blue lace over taffeta.

Jimmie Burch of near Meridian was best man. Miss Sharon Strange of Walnut Springs was maid of honor.

A reception was held at the home of the groom's mother and step-father. A three tiered wedding cake baked by Mrs. Howard Mimms, and punch were served to approximately forty guests.

After a short honeymoon the couple will be at home with her parents for a while.

## Jon Scott Observes Fifth Birthday

Jon Scott, son of Mr. and Mrs. Von Scott, observed his fifth birthday with a party in the Scott home last Friday afternoon, Jan. 22, from 3 to 4 p.m.

# FAIRY

By MRS. EUNICE DANIEL

We have really been having some winter weather the past week or more, cloudy skies making weather conditions even more disagreeable.

At this writing, Tuesday, we have higher temperatures with fog and showers predicted.

The Leon Springer family are quite happy over the arrival of a new baby daughter and sister, who was born at 12:20 noon Sunday at the Hico Hospital. She tipped the scales at 7 pounds and 5 ounces and has been christened Shelia Katherine. She has one little sister, Galia, and three little brothers, Randy, Van and Kyle.

Mr. and Mrs. Odie Claxton and Lynn of Bradshaw were here Sunday to get acquainted with their new granddaughter, Little Shelia Katherine Springer. Mrs. Claxton remained for a week's visit in the Springer home. Mrs. Springer and baby daughter were returned home from the hospital Monday.

The Lanham Methodist Church was razed last week and the ground cleared for the new church building now under construction. Work began Monday morning on the foundation.

Members of the Lanham Methodist Church are meeting at the Fairy School Home Economics

building until the new church is ready for services.

Mr. and Mrs. E. M. Hoover were business visitors in Fort Worth Monday.

Mr. and Mrs. D. E. Allison of Dublin and his brother and family, Mr. and Mrs. Textie Allison and Dana of De Leon visited Sunday in the home of their parents, Mr. and Mrs. Edd Allison. Mrs. Textie Allison and baby also visited in the home of her parents. Mr. and Mrs. Garlon Streater and sons, Mrs. D. E. Allison visited a while in the home of her sister, Mr. and Mrs. Carl Ray Sellers and family.

Archie Duncan is a happy young man enjoying being at home again after four years of service in the Navy. All are very glad of his return.

Several of our faculty members, their wives and husbands, and others attended an American Heritage program and dinner held at the Lampasas school auditorium last Monday night. Those attending were Mr. and Mrs. Frank Hanes, Mr. and Mrs. L. F. Bonner, Mr. and Mrs. W. B. Hill of Hico, Mr. and Mrs. Oran Willeford, Mr. and Mrs. Carl King, Mr. and Mrs. Edgar Bradley, Mrs. Arnold Glendon and Annelie and Patsy Whit-

aker. Five counties are included in the program.

Mr. and Mrs. E. L. Parks and daughters of Fort Worth visited during the week end with his mother, Mrs. M. E. Parks and Audie.

Mr. and Mrs. Bob Drew of Dallas spent the week end with her parents, Mr. and Mrs. Frank Hanes and Mike. We learned recently that Mr. Drew underwent an emergency appendectomy on January 2, but recovered rapidly and was only off duty from his position one week.

Mrs. T. L. Betts of Hico attended church here last Sunday.

Birthdates for January which we have listed are Mike Hanes, Jan. 11; James Lee Proffitt, Tahoka, Jan. 7; Mrs. Jerry Todd, Jan. 8; Jack Blakley (deceased) Jan. 12; Mrs. Winfred Driver, Stephenville, Jan. 25; Mrs. Ira Johnson, Waco, Jan. 27; Marion Anderson (deceased) Jan. 20; Mrs. Myrtle Enger, Brady, Jan. 23.

In the annual cemetery report last week the donation by Mrs. Mamie (Clark) Medlin should have read \$5.00 instead of \$6.00.

We were very sorry the name of Mrs. Willie Pittman of Stephenville, who sent in a donation of \$2.00 in November was overlooked and not included due only to a portion of her name being put on the bank deposit slip. We also checked our Fairy news letter of the past year and found that we had given her credit through our

### FAIRY 4-H CLUB HAS RECENT MEETING

The Fairy 4-H Club met Jan. 7, at 2 p.m.

After roll call, reading of the minutes, and business, Mrs. Jones began the program with a chicken salad demonstration.

Sandra Gardner concluded the program with a short question and answer period about dieting.

The Fairy 4-H Club met Jan. 21 at 1:30 p.m. in the homemaking building.

Miss Helen Flowers, county HD agent, discussed the correct color, shade, and type of clothing for each individual.

Members present were Phyllis Cooper, Jenny McAdams, Rita Moore, Peggy Bullard, Cloe Reta Holley, Linda Stone, Bernice Turner, Dorothy Gray, Doran Gwen Willeford, Kay Jones, Linda Canada, Reba Oxley, Sandra Gardener, and Joyce Jones.

letter of Nov. 20. We had received her letter along with the donation on Friday, Nov. 13. We placed the letter up and almost two weeks later came across the letter and the money. It was turned in at the bank on Dec. 2. There was also doubt as to a second donation of \$5 by another party which was deposited within a week. We feel like there was a mistake, somehow, since we have never received as much as two \$5 donations from the same party within a week's time. Since the party pays by check we tried to check on this before sending in the report, but learned they were away on an extended visit. After we had mailed our news letter in on Tuesday, on Wednesday morning we came across Mrs. Pittman's letter again and at once wondered if we had given her name so checked the cemetery ledger and found we had not. We called the News Review office at once and gave them her name and donation and asked them to be sure to mention it elsewhere in the paper since they had already printed the Fairy news. But for some reason it did not appear, for which we are very sorry. Being out ten miles from the bank and maybe not able to make deposits when we are in town due to early closing hours, makes it a problem indeed to keep records. Sometimes we send in donations by others and names of the donors are not put on duplicate, but by giving the donors credit in our news letter we can usually check in this manner and correct duplicate.

While checking at the cemetery Monday we found one grave that needed repair. We contacted Mr. Brunson, who was employed by T. L. Betts and got him to repair the grave Monday afternoon. Thanks to Mr. Betts for letting him quit in time Monday to do the work.

Also thanks to Fred Rainwater and his employees for another load of sand brought out recently.

We have two graves in the cemetery which have a concrete slab over the grave. These are sinking and need repair. The work could probably be done by hand now, but if neglected too long, will require a hoist to raise them. One of these has the monument cemented to the slab and is of course going down with the slab. If your folk's graves have these concrete them, since it is impossible for the caretaker to take care of these conditions.

Mrs. Eunice Daniel attended the singing at Olin last Sunday and returned home by way of Hico and visited the Leon Springer family at the Hico Hospital.

Mr. and Mrs. James L. Arrant and son, Doug, spent Saturday night in the home of his parents, Mr. and Mrs. Leslie Arrant. Visiting Sunday afternoon in the Arrant home were Mr. and Mrs. Loyd Needham and Sherry Kay and Mrs. Nora Needham of Kopperi.

### CARD OF THANKS

We wish to take this method of thanking our neighbors and friends for their many deeds of kindness shown during my recent illness and hospitalization. Especially do we thank the doctors and nurses and entire hospital staff at the Hico Hospital for their wonderful care. Your many acts of kindness shall always be remembered by us.

J. P. Murray & Family.

**REGIONAL MEETING  
FOR TEXAS**

The 1960 annual meeting of the  
14-state Southern Commissioners  
of Agriculture will be held June  
17-20 in San Antonio, and the Tex-  
as Department of Agriculture will  
be hosts for this important ses-  
sion.

The San Antonio gathering will  
mark the first time the Southern  
commissioners ever have met in  
Texas as a group.

The 1960 meeting of the com-  
missioners will be especially sig-  
nificant because it will be held just  
in advance of the Democratic na-  
tional convention and will, in ef-  
fect, amount to a Democratic Party  
agricultural caucus. A list of  
nationally prominent speakers is  
slated to address the meeting,  
probably including a number of  
active or hopeful candidates for  
the Democratic presidential nomi-  
nation.

Agriculture Commissioner S. E.  
(Si) Corley of Mississippi is pres-  
ident of the Southern commis-  
sioners and the Texas Agriculture  
Commissioner is vice president.  
Membership of the Southern Com-  
missioners of Agriculture include  
the states of Alabama, Arkansas,  
Florida, Georgia, Kentucky, Loui-  
siana, Mississippi, North Carolina,  
Oklahoma, South Carolina, Tennes-  
see, Texas, Virginia and West Vir-  
ginia.

Coming as it does in the midst  
of a presidential election year and  
at a time when campaigning for  
the Democratic nomination prob-  
ably will be at its peak, the South-  
ern group is expected to speak out  
in no uncertain terms on what  
they feel is most needed by agri-  
culture in their region.

Decisions reached at the San  
Antonio session may, in effect,  
become the basis of what will  
emerge as the plank in the agri-  
cultural platform of the Democra-  
tic party nationally for the 1960  
election.

Each of the commissioners is re-  
garded as a party leader in his  
own state, and their influence  
working with the collective voting  
strength of their 14 states can-  
not but make itself felt in the  
attitude of the Democratic party

nationally toward the urgent prob-  
lems which now beset U. S. agri-  
culture.

Sunday Services Held Here For Mrs. Pruitt, Former Resident

Funeral services were held at 4 o'clock Sunday afternoon, Jan. 24, at Barrow-Rutledge Funeral Chapel for Mrs. Flora Elizabeth Ogdan Pruitt, 73, who passed away suddenly January 14 at Kerrville.

Mrs. Pruitt was born Feb. 16, 1886 in Erath County, Texas. She was married to E. N. Pruitt May 20, 1902, and to this union three children were born. One son died in infancy.

Survivors include her husband; two daughters, Mrs. J. D. Spinks and Mrs. J. R. Bobo, both of Hico; three sisters; three grandchildren, and seven great-grandchildren.

Pallbearers were Bill Cornelius, Walter Pruitt, Alvin Hicks, Mitchell Bales, Leon Ladyman and James Bobo.

1960 Census District Office Opened at Abilene Last Week

Establishment of a district office for the 1960 Census of Population and Housing at 174 Cypress Street, Abilene, was announced today by Director James W. Stroud of the Census Bureau's regional office at Dallas.

Mr. Max V. Mossholder will be supervisor of the district office. He will direct a force of 19 crew leaders and 284 census takers in the following counties: Callahan, Comanche, Eastland, Erath, Fisher, Hamilton, Jones, Nolan, Palo Pinto, Parker, Scurry, Shackelford, Stephens and Taylor.

Taking the 1960 Census nationally will require the services of 160,000 enumerators, 10,000 crew leaders, and 400 district supervisors, all temporary workers. The district supervisors, working under the general direction of the permanent regional field directors, are responsible for all phases of the census in their districts. Duties of the district supervisor include the recruiting of the crew leaders, obtaining space for crew leader training, recruiting and training a small office staff, reviewing the completed questionnaires, and direct supervision of the field canvass which begins on April 1.

IT HAPPENED . . .

HERE OR NEAR

By E. E. DAWSON

Election year, and politics are in the air! The parade of candidate possibilities has already begun and will continue until the November general election settles the matter of men and millions. As a citizen of course I plan to cast my vote for Constable to President. If one means to be a real American he will plan to vote—and that means a poll tax receipt issued previously or this week.

Naturally the presidency is the main target in this election and almost every radio and TV broadcast of news and events as well as daily papers says something of the various candidates. My mind is not yet made up as to whom I will cast a ballot for, but already I am sure of some of the gentlemen I will not vote for. I list a few—not that it will defeat any of the aspirants, but I do have to express my convictions.

On my Non-Support List are Adlai Stevenson, Lyndon Johnson and Senator Kennedy. Numerous others who have been mentioned as possibilities I do not know enough about yet to have an opinion. But of the above three my opinion is quite definite.

Adlai Stevenson tried it twice (without my support each time) and showed that he is not a winner. But the reason I cannot cotton to him is that he separated from his wife back yonder before he ran the first time. A man who can't get along with his wife is a poor prospect for getting along in so important a post as the presidency.

Nor can I feel any enthusiasm for Lyndon Johnson, our fellow Texan. At one time I had much enthusiasm for Mr. Johnson. But

Prior to the start of the census, all households will receive in the mail an Advance Census Report Form, a new census-taking device which is designed to speed up the field canvass and provide more accurate statistics. Distribution of this form, which contains the basic population and housing questions, gives the family a chance to assemble information about each member in advance of the census taker's visit.

when he was elected to the post he now holds he got it with the support of Archie Parr, one of the most unprincipled politicians Texas ever had. The first reports of the election were that former Governor Stevenson had won the place. But Archie Parr's realm was yet to hear from. When the report finally got in it was to the effect that Johnson had won by a slim majority. If you ever lived in Parr's domain you would know that Parr held the Mexican vote in his hand of all that area of Texas in which the Mexican population was in the majority at that time. It has been well authenticated that Archie Parr sent out his orders for the Spanish Americans to vote a certain way at each election, and that they obeyed. In the election of Lyndon Johnson, Parr held of reporting his domain until he could be sure how many votes would be needed to insure Johnson's election. When matters were settled so that he could be assured he certified the number sufficient to elect Johnson. Later Archie Parr went to the penitentiary for his crooked ways and his son, George Parr, took over and walked in his dad's footsteps and he in turn got a term and has been in hot water for years. Johnson never did clear up matters of that election that sent him to Washington.

Finally I certainly cannot support Senator Kennedy. And it is not that he is a Catholic, but the sort of Catholic that he is. In Daniel Poling's recently published autobiography, Mr. Poling makes two lengthy statements concerning Mr. Kennedy's conduct on two occasions that makes certain the fact that if the Pope of Rome, or any of the High Prelates of the Roman Catholic Church, were to order him to take a certain course he would obey the mandate.

Daniel Poling is one of America's outstanding religious leaders. For long he was the head of the Christian Endeavor movement of the world. As such he moved among the men of consequence and leadership the world over. For many years he was pastor of Marble Collegiate Church of New York City, one of the most influential Protestant Churches of America. From that high post he went to Temple Baptist Church of Philadelphia. And for almost a quarter of a century has been editor-in-chief of the Christian Herald. He is a man of calibre that one can certainly trust.

Mr. Poling tells of twice when he was at Temple Church in Philadelphia in connection with programs that required speakers of Catholic, Jewish and Protestant faiths. Mr. Kennedy agreed to be the Catholic representative. Each of the programs was of a religious-patriotic character. At the last moment in each case Mr. Kennedy withdrew from the program because Cardinal Dougherty passed the word to him that he could not speak on a program with Protestant and Jewish leaders. Mr. Kennedy obeyed officials of his faith.

If Mr. Kennedy on those two occasions refused to keep a promise to do a thing, does it not stand to reason that were he to be president and were the Pope or any official of his church to command him, he would obey? I, for one, am not willing to run a risk like that.

Soil Conservation Activity Slowed by Weather Condition

By L. A. MILES

Due to adverse weather conditions soil conservation activities for the past month were slowed down considerably. However, the ample moisture and hard freezes have done much to condition the soil for seeding cover crops and range grasses.

It is essential to protect all farm land with desirable cover crops such as hubam clover, cow peas, guar, etc. It is a little early to plant these right now but now is a good time to formulate a program to include these in your 1960 farming operations. The ASC office in Gatesville recently approved cost sharing for the application of fertilizer which makes the planting of legume cover crops more beneficial to the land.

The time from now on through March is just right for planting native range grasses. The supply of native grass seed of a high quality is more plentiful this year

than at any time in the past. Moisture conditions are excellent. With high quality seed available, good moisture conditions, excellent District equipment for planting grass seed and Soil Conservation Service personnel with the technical knowledge on planting procedures, ranchers have an excellent opportunity to get good stands of native grasses re-established on their ranges.

It is not advisable to let this opportunity pass. It may be a long time before we have such a favorable set of circumstances. If in doubt about just what to do consult the Soil Conservation Service personnel at either Hamilton or Gatesville.

Abilene Man Will Seek 17th Congressional Post

Roy Skaggs, Abilene businessman, announced today as a candidate for Congress from the 17th Congressional District.

Skaggs is district manager for a mutual fund investment company. He served as district clerk of Taylor County from 1938 to 1946, and for seven years was a member of the Abilene school board.

Skaggs was born and reared on a farm near Gorman in Eastland County. He graduated from Hardin-Simmons University in 1928.

He made the following statement in announcing his candidacy: I am asking the people of the 17th Congressional District for the privilege of representing them in Washington for the following reasons:

1. It is my sincere belief that the 17th Congressional District (all of it) is entitled to positive representation.
2. It is my further belief that any man of integrity with ordinary intelligence seasoned strongly with good common horse sense, who has initiative and fortitude, can provide positive representation for this district.
3. It is my conviction that nothing (absolutely nothing) is so big and so bad that nothing can be done about it.
4. It is an obvious fact that there are faults within our government that need correcting.
5. It seems inevitable that tremendous loss will accrue to all of us unless something is done to correct these faults and is done

right away. Some of the problems which for immediate action are:  
1. Foreign Aid should be evaluated on a realistic basis. More should be spent "for sense" and less "for tribute."  
2. Wanton wastefulness through cancerous, bureaucratic agencies should be brought to a gradual stop by consolidations and eliminations.  
3. The Supreme Court should be put back into the business of interpreting law under the Constitution rather than making law by decree. To accomplish this, justices should be selected on basis of judicial qualifications rather than on the basis of political expediency.  
4. Unnecessary government interference should be stopped. The greatest possible degree with the greatest possible speed if free enterprise is to survive if we are to survive as a capitalist nation rather than determine into a socialistic, wage state—just a half step short of communism.  
5. At all costs (there is no choice nor alternative here) through the finest team work, arms situation must be brought to balance with emphasis on clear warfare methods strictly implemented by conventional means. Economics must be adjusted in methods—not in magnitude. I am realistic. I know the cannot go to Washington, D. C. reverse the processes which have been wreaking havoc on us so long. But, believing that I have a reasonable degree of intelligence and the courage of my convictions together with a willingness to ten with an open mind to opinions of others, and being intent on work to determine the and the needs of all the people, this 17th Congressional District sincerely believe I can be an effective representative.

I need a lot of help—the enthusiastic help of friends by word-of-mouth, by correspondence, by distribution of campaign material. This kind of help, together with a great deal of hard work on my part, plus a little financial help from each of a lot of people will enable me to conduct a winning campaign.

Your vote and your assistance will be gratefully acknowledged my constant effort to serve you to my utmost capacity.

ROY SKAGGS
