

FAIRY

By MRS. EUNICE DANIEL

Our hearts were saddened last Friday when word was received of the tragic death of Mrs. J. D. Cunningham of near Mansfield, who was killed about 7:15 a.m. last Friday morning as she was returning home from Cedars Hospital in Mansfield where she had been on duty as a nurse. She was killed when she failed to see an oncoming train and skidded her car into the engine of the locomotive, according to newspaper reports. She was thrown against the engine of the locomotive and tossed some 50 feet from the wreckage of her car, a 1956 Dodge sedan. She was only two miles from her home when the tragedy occurred. She was the daughter-in-law of Mr. and Mrs. Lawton Cunningham of near Fairy, who left at once for Mansfield after learning of the tragedy. Few here had met Mrs. Cunningham, but her husband was reared here and when tragedy strikes in

a family, where one or both were reared here, it seems to be getting close to home.

She is survived by her husband and a 10-month-old son, and other relatives. Our deepest sympathy is extended to the bereaved husband, his parents and other relatives at this time of deep sorrow. May God bless them.

Those from here who spent the week end at Mansfield to be with the bereaved family and other relatives and to attend the funeral services held Sunday afternoon at the Mansfield Methodist Church at 2 o'clock were Mr. and Mrs. Lawton Cunningham, Mr. and Mrs. W. E. Cunningham, and Mr. and Mrs. Wilford Pitts of Hamilton.

Mr. and Mrs. W. E. Cunningham of Fairy, and daughter, Mrs. Nelda Frederick of Venus, and Rev. Wesley Jones of Lanham were in Clyde last Friday where they attended funeral services at 3:30 p.

m. for Rev. G. C. Williams, former pastor of the Fairy and Lanham Methodist Churches. Our sympathy is extended to his bereaved wife and other relatives.

The writer and husband were in Hutchins last Sunday to attend funeral services for Mr. Daniel's uncle, Mr. Sam Daniel, who had been a resident of Hutchins most of his life. He owned and operated a service station in Hutchins and died suddenly at his place of business last Saturday afternoon about 5 p.m. Funeral services were held at the Methodist Church at 4 p.m. with burial in the Hutchins Cemetery. He was born Sept. 15, 1874, being 85 years of age. He was a charter member of the Hutchins Methodist Church and had been a Mason for 25 years. He is survived by his wife; one daughter, Mrs. Livvy Atwell and one grandson, Sam Atwell; three great-grandchildren, all of Hutchins. Mr. Daniel's deceased wife was the former Edna Crosby, sister of Mrs. Leota Jones and Clint Crosby of Lanham, and Mrs. Fay Oglesby and Mrs. Fannie Hopkins of Hamilton. Mr. Daniels had lived in Dallas since his last marriage, a little more than a year ago, but had continued to drive back and forth and operate his service station and was making plans to move back to his home in Hutchins. Others from this area attending the services were Mr. and Mrs. Leota Jones, Mr. Clint Crosby and son, Clint Jr., all of Lanham, and Mrs. Fay Oglesby of Hamilton and granddaughter, Helen Marie Jones of Lanham. Our sympathy is extended to those bereaved in his passing.

Hub Wolfe attended funeral services at Jacksboro last Saturday for his brother-in-law, Tom Cunningham, 85, who passed away Jan. 25 in a Jacksboro hospital where he had been a patient a year last Dec. 2. He was reared near Fairy, being the son of the late Mr. and Mrs. Joe and Sallie Cunningham. His wife was the former Effie Wilson, sister of Mrs. H. H. Wolfe. Mr. Cunningham was the last of the seven children. He attended school at Willow Grove formerly located between Agee and Lanham. Our sympathy is extended to those bereaved in his passing.

While passing through DeSota last Sunday, we thought of our good friends, the W. E. Goyne and Irvin Jones families and wished we had a moment to stop and say hello. Well, it was our first time through the town, but notice they have some very nice school buildings and can't blame our folks for wanting to live in that nice little town and assist as faculty members of the school. Garland Proffitt, 28-year-old son of Mr. and Mrs. D. H. Proffitt was recently promoted to the position of principal of Zavala Elementary School. Proffitt graduated from Hobbs, New Mexico, High School, and received his bachelors degree from Hardin-Simmons University in the summer of 1953. Mr. and Mrs. Ed McGuire and daughter, Edna Earl of Rockdale, Mr. and Mrs. Buster Moore of Hico, Mr. and Mrs. J. E. Blakley and son, and Mr. and Mrs. Red Blakley and children visited Sunday in the home of Mr. and Mrs. Jerry Todd.

Mrs. Charles Price of Austin spent from Thursday until Sunday visiting in the home of her father, P. L. Cox.

Mrs. A. R. Hoover, who has been residing at the Hamilton nursing home, was carried to the Hamilton hospital on Thursday of last week. Her condition was improved at last report. We hope she will soon be fully recovered.

Mrs. Ruby Manning and son, Paul Agee of Hamilton have been patients at the Hamilton hospital due to an attack of flu.

Mr. and Mrs. Ed Rhody and their nephew, Rober Grisham of Fort Worth visited Sunday in the home of Mrs. Rhody's uncle, Mr. and Mrs. Ed Allison. She is the former Annie Allison of Fairy.

Mr. and Mrs. E. M. Hoover and the writer visited Wednesday afternoon of last week at the Hamilton nursing home with Mrs. A. R. Hoover, Mrs. Brittie Little and others.

Carl Ray Sellers and sisters, Mrs. Raymond Jones and Mrs. Wesley Jones, and their brother, Frank Sellers of Hamilton went to LaPorte last Saturday to attend funeral services for Mrs. Wilson, mother of their brother-in-law, Charles Wilson of Houston, whose wife is the former Joy Marie Sellers of near Fairy. Services were held at 2 p.m. Saturday in LaPorte. The Sellers and sisters spent Saturday night at Edna at the home of one of Frank's army buddies.

Today, Tuesday, is ground hog day and for a time it appeared likely that the ground hog would not see his shadow, but at this moment the sun is shining, so maybe we will have that spring.

Garland Proffitt, 28-year-old son of Mr. and Mrs. D. H. Proffitt was recently promoted to the position of principal of Zavala Elementary School. Proffitt graduated from Hobbs, New Mexico, High School, and received his bachelors degree from Hardin-Simmons University in the summer of 1953.

Mr. and Mrs. Ed McGuire and daughter, Edna Earl of Rockdale, Mr. and Mrs. Buster Moore of Hico, Mr. and Mrs. J. E. Blakley and son, and Mr. and Mrs. Red Blakley and children visited Sunday in the home of Mr. and Mrs. Jerry Todd.

Miss Lera Blakley of TCU, Fort Worth, spent last week visiting her parents, Mr. and Mrs. Scott Blakley.

Thanks for all the drop box news items and those turned in otherwise.

James T. Draper, Jr., Pastor
Building Indebtedness Paid.

Sunday, January 31, was a great day for Iredell Baptist Church. Going into Sunday we still owed something like \$220 on our building debt. We received around \$350 on that debt Sunday, so the building is now completely paid for. We rejoice in this victory of paying off this indebtedness. Doubtless many were hesitant to begin building again, but God always blesses His people when they move out on faith under His leadership. This has proven itself to us once again.

Sermons for February 7.

Sunday, February 7, the pastor will bring the following messages: Sunday morning he will speak concerning "Bandstand Religion." Sunday evening he will speak concerning "Does a Good God Send Men to Hell?"

Pray for these services and come as you can.

HICO, TEXAS

FROM AUSTIN—

Highlights and Sidelights

By VERNE SANFORD
Texas Press Association

Austin, Texas—Completion of the Interstate Highway System, including 3,033 miles of top-standard expressways, may save as many as 300 Texans a year from traffic deaths.

State Highway Engineer DeWitt C. Greer says that accident records show that controlled access expressways are three times safer.

Also, he said, they move three to four times as much traffic. Greer estimates that the Interstate Highway System, when complete, will save one life a year for each 10 miles of road.

Target year for getting Texas highways to desired standards is 1975.

By that time, said the state highway engineer, the state probably will have 70,000 miles in the state highway system compared to the present 60,000. There will be 5,500 miles of multi-lane highways compared to 2,168 today.

More Speed?

Whether speeds in excess of 60 miles per hour should be legalized for some of the state's top-notch highways will be subject of study between now and the next Legislature.

Committees of the Texas Good Roads Association are to consider this and whether gasoline taxes should be upped to gain school funds.

Governor Daniel has suggested the possibility of raising money for school improvement and teacher salaries through a higher gasoline tax. TGRA, made up of people interested in road building, has, in the past, opposed draining taxes paid by road users for non-highway purposes.

Higher speed limits have been proposed before for four-lane highways, but have failed to pass the Legislature.

Deficit Grows.

Deficit in the state's general revenue fund has reached \$78,647,201, an all-time high, says State Treasurer Jesse James.

Things should look better after May 1, when corporation franchise taxes will be paid, he adds.

Appointees.

Appointed by Governor Daniel to the Texas Commission on Educational Standards are Mrs. W. D. DeGrassi of Amarillo, Horace K. Jackson of Gatesville, Reynaldo Garza of Brownsville, Cullum Greene of Fort Worth, and Mrs. E. P. Lambeth of Dallas.

To the Educational Commission, Lt. Gov. Ben Ramsey names Everett Collier of Houston, Joe Anderson of Lufkin, Sens. William Fly of Victoria, Floyd Bradshaw of Weatherford and Ray Roberts of McKinney.

House Speaker Waggoner Carr designated Mrs. Harry Patterson of Houston, John McKee of Dallas, Reps. C. T. Matthew of Yoakum, Leon Thurman of Anson and Maurice Pipkin of Brownsville, as his appointees to the Educational Commission.

New Game Heads

Frank M. Wood of Wichita Falls has been elected chairman of the Game and Fish Commission to succeed Herb Frenaley of Houston.

New members of the Commission are Carl L. Dupuy of Lufkin, H. A. Walsh of El Paso, J. F. Corley of Houston and W. O. Reed of Dallas.

Bug Delays Decision

"Flu bug," besides felling Texans by the thousands, contributed to a delay in deciding one of the state's most talked about issues, the new Safe Driving Insurance Plan.

With the other two State Insurance Board members ill, Chairman Penn Jackson said it would be at least several days before the board would announce changes, if any, in the plan.

Board member Robert W. Strain was in bed with the flu, and Rep. Joe P. Biggs, other member, was convalescing from a heart attack.

Under the merit plan, the Board set auto insurance premiums lower for drivers with no record of accidents or traffic violations and proportionately higher for those who have accident and violation records.

Gov. Daniel has said that he hoped the Board would make "some changes" in the plan, but declined to elaborate.

Some legislators declare that,

unless non-accident causing violations and the three-year retroactive features are taken from the plan it will be so unpopular the Legislature will have to change it if the Board doesn't.

But most Texas insurance men declare that, given a fair chance, the plan will grow in favor with the public. They believe there will be an over-all drop in insurance costs as the driving public learns the relationship between bad driving habits and high insurance premiums.

Anti-Narcotics Aid Promised

Governor Daniel has promised El Paso every possible help in combatting its problem of being "a major distribution point of an international narcotics ring."

In response to a telegram in which El Paso Judge Woodrow Bean cited the city's "major" problem, the governor conferred with state and federal authorities.

Daniel said he was assured after hearing from Col. Homer Garrison Jr., director of the Department of Public Safety, that DPS men were and would continue to work with local law enforcement officials in El Paso in fighting narcotics traffic.

Also, said the governor, he has been told by the Federal Narcotics Commission that eight federal customs agents in El Paso also do anti-narcotic work.

Federal Commissioner H. J. Anslinger promised the governor to survey and consider the request for a special federal narcotics agent in El Paso.

License Plates Now on Sale at Court House

Austin, Jan. 30.—New license plates for 1960 went on sale at all county courthouses Monday, February 1, State Highway Engineer D. C. Greer announced. The plates have white letters and numerals on a black background.

Greer stated that 4.7 million motor vehicle registrations were bought by Texans in 1959, and predicted that 1960 registrations would approach the five million mark. Greer urged Texas vehicle owners to register early.

The registration deadline is midnight, April 1.

Greer stressed the importance of registering all automobiles and trucks in the home county of the vehicle owner.

"Take your certificate of title and your last year's registration receipt to the tax collector in your home county. Penalty for improper registration of a vehicle can be as much as \$200. Don't risk an illegal registration. Remember, too that a portion of all registration fees stays in your home county to benefit your local community," Greer said.

STRENGTHEN AMERICA'S PEACE POWER

Photograph by Harold Halm

Our youngsters are learning the ABC's of peace for the future: How to get along with each other. How to give and take. How to respect each other's rights as individuals.

But right now it's our job to keep the peace in a troubled world. And peace costs money. Money for strength to keep the peace. Money for science and education to help make peace lasting. Money saved by individuals.

Your Savings Bonds, as a direct investment in your country, make you a Partner in strengthening America's Peace Power.

The chart at right shows how the Bonds you buy will earn money for you. But the most important thing they earn is peace.

Think it over. Are you buying as many Bonds as you might?
